

"86 47" – A James Comey Post

By Kat Stansell

May 16, 2025

According to the Gateway pundit late this afternoon, May 15, 2025,

"James Comey posted a cryptic message to his Instagram account on Thursday spelled out in seashells: "86 47".

Don't be silly. Right? Rumors are the stuff of politics. However, the White House has responded, calling it "what can clearly be interpreted as 'a hit' on the sitting President of the United States."

The White House says it will be taken seriously. Proper punishment for this kind of overt threat on someone's life is atop my daily prayer list. I pray that this IS taken seriously. I have to wonder how involved is this Trump-hater extraordinaire in the other attempts on our President's life.

or rumor, to an active and intentional thought.

I wonder every day, who will be next, and when another attempt on Donald Trump's life will be made. I fear it's not "if", but "when".

I cannot imagine what the Trump family must feel every day.

Sane people do not threaten the life of another. You can disagree all you want, even say nasty stuff, but – in my book anyhow – you MAY NOT threaten the lives of others.

Did I despise Joe Biden? Absolutely. He is a career criminal who has stolen billions from the American people, and I wanted him gone. Out of any office where he could harm others ever again. I'd love to see him in jail, not only for breaking many laws, but for the crimes against humanity with which he assisted. I still feel that way, 100%/.

Even more, I despise Barack Obama and the lies he lived. He, too, was the enemy of freedom, and prevaricated, 24/7. Obama had a hauteur about him that turned my stomach. He clearly thought himself the superior to everyone. I almost felt sorry for "Michelle", but not really. He knew exactly what he was getting into from their days in Chicago..

Even the scum listed above, however, did not overtly talk happily about someone being "no longer available" I agree with the White House assessment. Comey was enjoying the thought of a hit on Donald Trump.

The term, "86" came from the restaurant industry in the 1930's, and meant that something was no longer available. Off the menu, so to speak. Colloquially, it has come to mean something that is "gone".

I believe that James Comey needs to be placed in a nice quiet cell, for some time to come, where he will have plenty of time to wallow in his dark ways, without smearing them all over the internet for people to see.

Innocent Christians have been attacked, injured, jailed, even murdered, for praying outside an abortion facility, by Comey's gang. It is our turn, to jail a criminal for enjoying the thought of "hit" on our President.

Sorry, God. I know we are not to think evil of others. After what this nation has been through, though, I can't help pray for what my Grandma called, someone getting their "just deserts." We need a break here.
