

9/11: never forget the lies fed to the American people

Today is 15 years since that horrible day. Fifteen years of heartache and sorrow for those who died, their families and friends. Not just Americans, but many who died that day were here from other countries either for business or tourists.

Today also marks 15 years of lies fed to we the people as well as the world.

Fifteen years of calling anyone who questions the official 'story' – including family members of dead loved ones – conspiracy nuts. Millions here and abroad who have legitimate questions about what happened that day all written off as 'right wingers' who hate Bush, Jr and so forth.

Socialist FDR called December 7, 1941 a 'day of infamy' claiming the attack on Pearl Harbor was a surprise. We know that was a bald-faced lie: "It (official document) directs the Hawaiian U.S. Army commander, Lt. Gen. Walter Short, to follow an official U.S. government desire: 'The United States desires that Japan commit the first overt act.'" They did and FDR allowed it to happen. The American people were lied to while it took nearly 50 years for the truth to come out and other than 'alternative' media very little coverage was from the disgraced 'mainstream' media. America was dragged into WWII.

The Deputy Attorney General of the U.S. lied about the assassination of JFK in a memo fed to a grieving nation. Having read a number of books on the murder of JFK, watched the movie and read the writings of COL. L. Fletcher Prouty, Mary's Mosaic: The CIA Conspiracy to Murder John F. Kennedy, Mary Pinchot Meyer and Their Vision for World Peace by Peter Janney is a real eye opener. Highly recommend it.

LBJ lied about the Gulf of Tonkin event: "Questions about the

Gulf of Tonkin incidents have persisted for more than 40 years. But once-classified documents and tapes released in the past several years, combined with previously uncovered facts, make clear that high government officials distorted facts and deceived the American public about events that led to full U.S. involvement in the Vietnam War." America was dragged into an undeclared war.

Billy Clinton, Janet Butch Reno and dozens of federal agents lied about the OKC bombing. There's no question the Murrah Building was blown from the inside out. The guilty still walk free.

Very important reads on OKC for this winter when stuck in the house:

Clinton, James Kallstrom (FBI) and dozens of other federal agents all lied through their teeth about TWA Flight 800. (Read) Kallstrom is a hypocrite. He's been on Megyn Kelly's show distressed about Clinton's email disaster and cover up while he was up to his neck in the cover up of TWA Flight 800 which happend while that pig Hillary's married to was president.

reveals facts about plane's demise pointing to gov't cover-up

General Partin explained to me many years ago it was his firm belief a missile was fired by the Navy in an exercise gone wrong. Having spent 33 years in the Air Force designing such weapons, I have no doubt he was right. A missile that strikes, opens up tearing an aircraft in two which is exactly what was found in the debris field. A missile, allegedly, that was in violation of a US/Russia treaty. Thus the cover up immediately went into play.

The government from Bush to Cheney on down has been lying to the American people for 15 years about what really happened on September 11, 2001. Anyone who believes otherwise is simply too afraid to even look at hard evidence (nanothermite found) or is in complete denial. The sites below are not run by conspiracy nuts. They are all professionals in their respective fields who represent hundreds and hundreds of years of experience:

Architects and Engineers for 9/11 Truth (thousands are members) has worked tirelessly over the past years to get the truth to the American people. Without question Building 7 was a perfectly executed controlled demolition. The twin World Trade Center Towers were brought down by explosives. There's no question in my mind. Period.

How would mankind have ever advanced if no one asked questions? How can you get to the truth if no one asks questions? But, because we're talking about 9/11, well, it's sacrilege. It's okay to believe we the people were lied to

about Pearl Harbor and the Bay of Tonkin and JFK's assassination, but forget 9/11. It had to have happened just the way the government has said. The lies about 9/11 have taken us into two undeclared 'wars', Iraq and Afghanistan for more than a decade.

A father's search for truth reveals clues to a controlled demolition, September 9, 2016

"Bob McIlvaine and his family are not alone in having suffered a devastating personal loss on September 11, 2001. The loved ones of the nearly 3,000 victims of the destruction at the World Trade Center know what he has endured for the past 15 years.

"But McIlvaine is different from most of these families in important ways. In addition to his unwavering and often lonely fight to expose what he calls the complicity of the U.S. government in this false flag attack, he has strong forensic evidence proving that his 26-year-old son, Bobby, was killed by a powerful explosion as he was about to enter the lobby of the North Tower. That evidence is corroborated by the accounts of many FDNY members, police officers, and workers who reported that explosions went off in the lower parts of the towers before the buildings were leveled – some of them even before the first airplane struck.

"In a recent interview, McIlvaine said that his son's body was one of the first to be recovered and taken to the New York City morgue on that day. He explained that he has been able to reach more definitive conclusions about the details of his son's death only since conferring, in either 2006 or 2007, with the doctor who had examined Bobby's body at the morgue. That meeting provided McIlvaine with evidence confirming that a huge explosion – and not the North Tower's eventual demise – was responsible for killing his son."

"The most important thing is for us to find Osama bin Laden. It is our number one priority and we will not rest until we find him." George W. Bush, September 13, 2001. "I don't know where bin Laden is. I have no idea and really don't care. It's not that important. It's not our priority." George W. Bush, March 13, 2002

We must never stop demanding a real investigation and televised hearings with civilians who have unearthed a mountain of evidence on 9/11. The guilty are still walking free. A & E for 9/11 Truth has a petition you might consider signing. I did. If ten million Americans signed it and shoved it down the throats of the Homeland Security committee in Congress hopefully under a new Trump administration, we the people might actually force a new investigation.

Please don't send me email it will never happen. You don't

know until you try as with all endeavors. It's also very important to keep getting the truth out to the Americans people so the numbers become so huge we cannot be ignored. The most horrendous act of terrorism on American soil was a crime that screams and begs to be solved.

"We are apt to shut our eyes against a painful truth, and listen to the song of that siren till she transforms us into beasts...For my part, whatever anguish of spirit it may cost, I am willing to know the whole truth, to know the worst, and to provide for it." -Patrick Henry

Have we less courage and determination than Patrick Henry, George Washington or the thousands who risked everything to give us this republic? Will we ignore truth in favor of comfort while our country continues to be boxed in under a police state – the construction which began after 9/11 based on endless lies? 9/11 and what really happened that day cannot be ignored and simply remembered year after year after year like Pearl Harbor until one American fought in court to get official documents released damning FDR forever. Let us not just 'remember' 9/11, let's do what it takes to bring the masterminds and players to justice. For those murdered. For their families from all countries. For our republic and all we have stood for over the centuries.
