# **It is Impossible for Trump to Drain the Swamp Unless He Obeys the Constitution!**

Let me also state that it will be impossible for Trump to drain the swamp or avoid devaluation and a great depression unless he follows the Constitution in all respects. I will support President Trump as long as he takes this unique and rare opportunity (first time in history) to return to a Constitutional government and economic stability.

# **You Must Know Your Enemy – Most Don't**

Your enemy is the Parasitic Super-Rich Ruling Class (PSRRC), consisting of wealthy families and individuals. They rule the world through their control of corporations, media, Congress and bureaucrats in the administrative state. The PSRRC is also supported by the judiciary who think they are the law, and do not honor their Oath to the Constitution.

# **Should Traitors in Congress Be Charged With Treason and All Manner of Crimes?**

A majority of Congress is charged with Treason for giving aid and comfort to enemy invaders by allowing open borders, failing to deport them, and paying to support invaders at the expense of Americans. All of which is unconstitutional. Article III, Section 3, Clause 1: Treason against the United States, shall consist only in levying War against them, or in adhering to their Enemies, giving them Aid and Comfort.

# **Can We Return to “The American Dream” and a Constitutional Republic Without a Revolution?**

Our only impediments to unlimited prosperity and justice in America are the ignorant, apathetic and indolent who believe in a free lunch without work, and a government usurped by the corrupt, murderous and incompetent for money and power. Costs of corruption, mass murder and Marxist indolence are exorbitant. Returning to the Constitutional Republic will restore our rights and more than double our prosperity.

# **Corruption Of Congress: UAW Forces Us Into Stack and Pack Housing Without Autos**

Congress, UAW Leadership and Auto Companies have proven by their actions to be Enemies of the people and a Criminal Enterprise. They are demanding that Americans buy expensive electric vehicles (EV) that most can't afford (even with the government subsidies). If the people could afford them we lack the capacity to produce and deliver the electricity required.

## **Demand Change Now Before Government Collapses and You Starve in a Civil War**

I pray for the people who live in Democrat/Communist cities. These people are underfed, under-employed, under-educated, dependent, victims and perpetrators of crime, brainwashed, and self-inflicted casualties of a corrupt and incompetent Marxist government that is unconstitutionally financed by taxes from the Red (free) states. They are Lenin's "Useful Idiots"

# **We are Turkeys Waiting for Thanksgiving!**

These are vicious blood-thirsty people who are responsible for killing millions and destroying entire countries for profits and power. They will kill you if required to remain in power unless you find your balls and get off your ass.

## **To Hell On a Mortar Board**

Over a quarter-century ago when I was an assistant professor, I wrote a paper for Florida Trend titled "To Hell On A Mortar Board." I pointed out many of the shortcomings in higher education, to which my faculty associates took serious exception. This sequel will point out much more serious problems with higher education, of a different nature.
