

A Formal Invitation To Steal Our Country

by Kat Stansell

April 26, 2024

I published my first Substack on this, 4/18/24, six days ago. [Tucker Carlson brought it up last night, in his interview with Michael Yon](#). I'll admit, THAT was fun to say, regardless of the treasonous depravity of the topic.

The OBiden regime is desperate. We all know that. They trail in every poll save for a few wishful ones from the MSM . At this point, it seems as they are realizing that they must rely on ineligible illegal voters for the necessary votes to steal 2024.

As much as I have concentrated on the massive AI data base of phantom voters, churned up by the ERIC system (Electronic Registration Information Center), I really thought the Junta had enough illegal votes from the ghost voters to tip the honest vote totals with mail-in's, early voting and ballot harvesting. Guess I was wrong on that one, although, I know ERIC's phantom's will play a part.

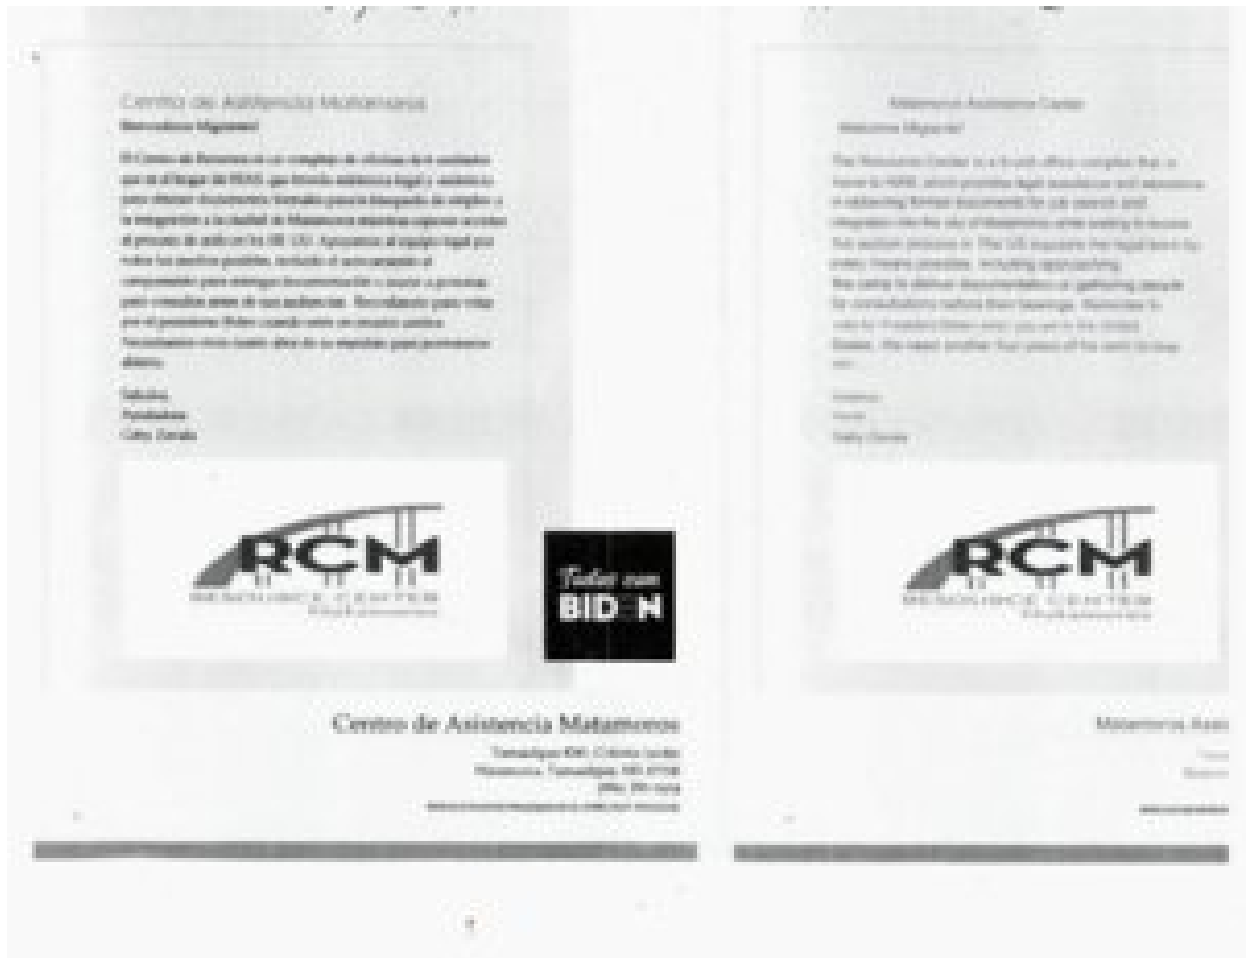

Then, a friend in Florida called me to say that his Venezuelan wife had received a copy of a letter, in Spanish, from the Resource Center Matamoras, which boldly urged the invaders to:

"Remember to vote for President Biden when you are in the United States. We need another four years of his term to stay."

Open invitation to vote illegally.

Below is an image of the letter, in both Spanish and English

ras, Mexico, 330 miles south of Eagle Pass, TX, which provides legal aid and social services to thousands of border invaders. The letter/invitation appeared there in poster form, on every every available surface.

RCM is associated with the Hebrew Immigrant Aid Society, or HIAS, where Mayorkas was a member of the Board of Directors. That is worth repeating.

[Alexandro Mayorkas was a board member of HIAS, and stepped down only as he assumed his cabinet position.](#) The group congratulated him warmly on his new job.

We know, of course, that many religious groups, including Catholic Charities and Jewish Family Services and the 120+

year-old Hebrew Immigrant Aid Society are involved in giving aid to the illegals. Other groups, including a “women of color” group ASAP (Asylum Seekers Advocacy Project) formed in 2016; Texas-Rio Grande Legal Aid; and the Immigration Defenders Law Center (ImmDef) help the “immigrants”.

Some of these groups were unfamiliar to me, so I checked them out – you know, funding sources, boards of directors, et. al. What fascinating findings. . . !

The flow of people and funds tells quite a story. Inquiring minds and all that...

But, it gets even more interesting. The ASAP group, formed in 2016, and now over 630,000 members strong worldwide is funded, in part, by [a family charity, the Walder Family Foundation, in Skokie IL](#) . Please open this link and read carefully about the family and their businesses. Mr. Walder, now deceased, had founded a company, Integrated DNA Technologies, in 1987, which perfected the craft of artificial RNA and DNA. This company was sold in 2018, and was source of their funds for the Foundation. Mrs. Walder, an attorney, headed an immigration law group in Chicago, and did quite well, financially, most likely. She now runs the family foundation.

The day before I wrote on this the first time, 4/17, [Revolver News asked if the letter was real](#). It is no longer a question of “if”. It’s proven. So too, the fact that many of the RSM communiques are being sent to Florida.

Florida is important for three reasons.

First, its FL Dir. of Elections, Maria Matthews, has been mandating that voter registrations be given to ALL comers to the state’s motor vehicle/drivers’ license centers since DeSantis took office in 2019. The state has quite a collection of non-citizen voters on their rolls, thanks to this act of treason.

Second, the only real portion of Florida's "election integrity" bill, HB7050, which dealt with integrity, and MADE VOTING BY NON-CITIZENS A CRIME – [was struck down, in March, 2024, by an Obama-appointed judge in the US Circuit Court North District](#). This same bill made any audit by citizens groups illegal, but, voting by non-citizens? Of course! You go, Cord Byrd and Ron DeSantis. Gettin' ready for 2024.

I gave you a lefty reference here, for a touch of sick humor...they call forbidding non-citizens the vote, "voter suppression".

Third, FLORIDA HAS 30 ELECTORAL COLLEGE VOTES, WHICH IS 11% OF THE 270 NEEDED TO ELECT A POTUS.

TX, with 40 electors, is guaranteed to be on the illegal registrants list. Their SOS, Nelson, had better come out of the election management shadows and do her job on this one.

What I am talking about here, is perfidy. Pure deceitful, untrustworthy acts by officials of our illegitimate government and their cronies.

I dare call it treason.

It applies to every person in Congress who voted to let Mayorkas off the hook for his richly deserved impeachment; to fund foreign wars; to allow warrantless searches and seizures of innocent Americans; to approve NON-GOVERNMENTAL organizations to make policy and call the shots on the GreenSlime movement. Most in DC are simply encouraging the dissolution of our society with direct frontal attack.

[Here is the official list of Congressional treasonists, on the final vote of the Ukraine funding bill](#). **FL, MO, TN, and WY are the ONLY states that had BOTH US Senators vote against the funding give-away. Don't forget to THANK them.**

The DC swamp rats think they have filled that

swamp/sewer/filthy litter box with enough illegal acts that we will be intimidated from cleaning it out. Well, put on your waders and hold your nose. We have a country to save.

Remember, too, that there is no representative of any state, “good red” or otherwise, that is beyond a firm reminder of this treason afoot. Calling/writing them is your very first move.

Our next and most urgent job is to make sure that ONLY LEGALLY REGISTERED AMERICAN CAN VOTE. This one is on all of us, in every state. Don’t waste time...get in touch with your state’s top election officials and let them know what we expect. HAND-COUNTING is at the top of the list, and, yes, still doable. More on the one person who can help your state with this, soon.

I put this out again, now that Tucker Carlson has picked up on it, because it is more possible that we move on it. Tucker has the followers few others in the country have. Between now and the November general election what WE do – what WE THE LITTLE PEOPLE do – may well be the difference between hanging onto freedom, or falling into the death pits of totalitarian rule. Tucker knows this, too.

Remember, Joey the Dim, is thinking about planning a fake “GREEN EMERGENCY” with unconstitutional covid-like powers. No time to waste.

Yes, this applies to ALL voters. It’s not about party affiliation. Take off those blue-blocker blinders, and please understand. We have one last chance to save our country, and a vote for the DC maffia isn’t it.
