“The Constitution contains no right to abortion.” –U.S. Supreme Court Justice

Since when has it become the people’s representatives to make it their top priority to murder their own children (Proverbs 6:17)?

What’s worse is that the American people believe that they have the authority to do so.

Your representatives derive their powers *“from the consent of the governed.”*

Now these murderers, and murders they are, are making the murder of children in the womb their campaign slogans to get reelected, and they’re doing it with a smile on their faces. They then use the mainstream media, overlooking massive voter fraud (John 8:44), in hopes of convincing the people that they voted them back into office only to murder some more (Exodus 20:13).

No, that which is taking place through the murdering of the innocent under the guise of law (Psalm 94:20) is the same global initiative under the use of “vaccines” to depopulate the planet.

Of course, this is coming from the same devil and his minions (John 10:10). Do you remember this?

"The world today has 6.8 billion people. That's heading up to about nine billion. Now if we do a really great job on new vaccines, health care & reproductive health services, we could LOWER that by perhaps 10 or 15 percent." -Bill Gates (*Health care reproductive is the murdering of children)

Now, when landing on Friday night after coming home from California events, I was met with an [article](#) highlighting the crimes of those in the state of Minnesota (Romans 3:20).

The Minnesota House narrowly approved the Protect Reproductive Options (PRO) Act, a sweeping bill that would enshrine unlimited abortion, at any stage of pregnancy, in Minnesota law. The legislation, H.F. 1 (S.F. 1), passed on a 69-65 vote and will next go to the Senate floor.

"Let's be clear: The PRO Act would mean it's legal for any baby to be aborted, for any reason and at any time up to birth," said MCCL Co-Executive Director Cathy Blaeser. "The absolutist extremism of this bill would put Minnesota in the company of just a handful of countries worldwide, among them China and North Korea. Mothers and babies deserve a far more humane and compassionate approach."

H.F. 1, authored by Rep. Carlie Kotyza-Witthuhn (DFL-Eden Prairie), would create a "fundamental right" to abortion without limits. It would require that abortion be allowed on-demand even late in pregnancy, when unborn children are

developed enough to feel excruciating pain and when the risks of abortion to women increase. The bill would also deny parents the right to know when their minor daughter is subjected to abortion.

The House voted down or thwarted several amendments that would have lessened the bill's extremism. One would prohibit the barbaric late abortion procedure known as partial-birth abortion. Another would protect unborn children in the third trimester (with exceptions), when they are well-developed and capable of living outside the womb (the amendment was defeated on a 67-67 vote). Another would help protect women's health by requiring that Minnesota license abortion facilities, which are currently unlicensed and uninspected by the state.

"The DFL majority today voted for abortion-on-demand in the third trimester of pregnancy, and even voted against licensing the facilities that could perform these riskier procedures," said Blaeser. "To say this is out of step with public opinion—in Minnesota, nationwide, and globally—is an understatement. The Senate can and must reject the PRO Act for the sake of babies, women, girls, parents, and all of us."

In conclusion: Americans, as accomplices to the crimes, have allowed their said representatives to murder 63 to 70 million babies to date under the guise of a right that does not exist.

I can say for absolute certainty that this DOES NOT REPRESENT MINNESOTANS in any sense at all; nor does it represent the American people in any state of our union!

I would remind the reader that the Lord hates the shedding of innocent blood (Proverbs 6:17).

Also, the Lord will not pardon the shedding of innocent blood (2 King 24:4), and that the appeasement to His wrath is that the responsible parties' blood must be shed (Numbers 35:33).
