

A House Divided: We Will Not Play Your Game

America is in shreds. Anyone can see the moral rot and decay. Anyone can see the absolute corruption at the highest to lowest levels of government. Too many choose to remain in denial. Too many expect everyone else to save our republic while they're out having fun.

America is in shreds because it was planned that way. Multiculturalism has been shoved down our throats for decades.[1] The deliberate balkanization (Division of a place or country into several small political units, often unfriendly to one another.) to create hatred of OUR America, hatred of each other, OUR culture and OUR way of life in a country birthed in Christianity by the first pilgrims who landed here.

"It cannot be emphasized too strongly or too often that this great nation was founded, not by religionists, but by Christians; not on religions, but on the gospel of Jesus Christ. For this very reason peoples of other faiths have been afforded asylum, prosperity, and freedom of worship here." – Patrick Henry

"Why is it that, next to the birthday of the Savior of the World, your most joyous and most venerated festival returns this day [July 4]...Is it not that, in the chain of human events, the birthday of the nation is indissolubly linked with

the birthday of the Savior? ... Is it not that the Declaration of Independence first organized the social compact on the foundation of the Redeemer's mission upon earth? That it laid the corner stone of human government upon the first precepts of Christianity...?" – John Quincy Adams

"Providence has given to our people the choice of their rulers, and it is the duty, as well as the privilege and interest, of our Christian nation to select and prefer Christians for their rulers." – John Jay, First Chief Justice of the U.S. Supreme Court, 1816

"I verily believe Christianity necessary to the support of civil society. One of the beautiful boasts of our municipal jurisprudence is that Christianity is a part of the Common Law ... There never has been a period in which the Common Law did not recognize Christianity as lying its foundations." – Supreme Court Justice Joseph Story, Harvard Speech, 1829

Those are but a tiny sample. It doesn't mean anyone here in America must believe the same or join a Christian church of any denomination nor can Congress "make any law respecting an establishment of religion". Christianity in America has been under constant attack now for decades. Communism cannot grow in a country that believes in the one true God. You are to be groomed to believe the state owning your soul is a good thing.

Legal immigrants over the past couple of decades have declared the opposite of what is true – especially those who belong to the political party, Islam.[2] The Democrat/Communist Party USA is right along-side them. Legal immigrants from other countries (not all, of course) demand WE bow to THEIR demands. No saying the Pledge of Allegiance because it's too offensive. In God We Trust in court rooms is offensive. If you're Caucasian, you're oppressing me and the list goes on.

Our nation has become horribly divided from mass immigration by those who care nothing for OUR history, traditions and culture. We see large portions of our population where no English is spoken and where **there is no respect for our laws**. Come squat in America but never become a real American – and don't forget my welfare check. My grandparents came from Sicily and Germany. English first. America first. It's okay to love your family's history from another country, **but hyphenated-American divides instead of unites**.

Millions of legal immigrants who've come to this country from many parts of the world over the past hundred years fiercely love America and all she stands for. Patriotic to the hilt and I am proud to call some of them my friends. They are just as distressed as the rest of us who see our republic being stomped into the ground by ravenous mobs shouting Democracy! Democracy is two wolves and a lamb deciding what's for dinner.

Flag Day was last Wed. In an absolutely SICKENING display of disrespect for our American flag, the illegitimate career criminal in the WH

authorized putting a flag in the center with OUR American flag on each side to celebrate sexual deviants and the “trans” cult. A desecration of OUR White House.

Tom Fitton, president of Judicial Watch [had this to say](#): “Fitton went on to cite U.S. Flag Code §7. (e), which reads, “The flag of the United States of America should be at the center and at the highest point of the group when a number of flags of States or localities or pennants of societies are grouped and displayed from staffs.”

But of course, the America hating cabal of misfits in the WH could care less. But America is outraged and making their voices heard. We will not play your game nor be bullied into submission.

I would like to take you back in time (and a shout-out to Mike McDermott, KFY0 radio) when the largest majority of Americans respected our flag. I hope you will take a few minutes to watch. **Be inspired and never give up.**

God, bless America again. Our enemies are formidable, but we will NOT fail. We will NOT dishonor all those who gave their

lives from the birthing of this nation until now. This is OUR America, not the WEF's, Congress', or any other private organization or legal immigrants who come here, not to become Americans, but to set up their little fiefdoms.

[2] – From one of my older columns: "This little booklet is in almost all mosques in the U.S.: [Jihad in Islam. Do check page 5 of the 37 page booklet](#): "But the truth is that Islam is not the name of a 'Religion', nor is 'Muslim' the title of a 'Nation'. In reality Islam is a revolutionary ideology and programme which seeks to alter the social order of the whole world and rebuild it in conformity with its own tenets and ideals. 'Muslim' is the title of that International Revolutionary Party organized by Islam to carry into effect its revolutionary programme. And 'Jihad' refers to that revolutionary struggle and utmost exertion which the Islamic Party brings into play to achieve this objective."

If you read the whole thing, you'll get a clear understanding of the goals of Islam. It is a political party hell bent on forcing every human on this earth to "worship" their putrid ideology.

Go right ahead with your tolerance but hold on to your head. This is from [a column of mine](#) in 2010. Americans had better learn the history of Islam. "One of the best short works on the history of Islam is by Dr. Peter Hammond. I had the pleasure of having dinner with Dr. Hammond in Washington, DC., several years ago along with my dear friend, Brig. Gen. (Retired) Gen. Ben Partin. Dr. Hammond knows this issue like few others and his book, [Slavery, Terrorism and Islam](#), is a must read. Dr. Hammond points out and history clearly backs up his statement:

"What few Westerners understand is that Muslim leaders who call for the overthrow of governments and the establishment of an Islamic superstate controlling all aspects of life, for every person on earth, are not necessarily extremists on the fringe of Islam. Jihad, the subjugation and forcible conversion of all people to Islam and world domination are, in fact, central tenants of Islam. Jihad is the sixth pillar of Islam." Dr. Hammond's book isn't long but it is powerful."
