

# A Sexual Deviant As America's Next President?

**WARNING: Raw language in this column.**

The Democratic/Communist Party USAs latest poster boy for sexual deviancy and filth is presidential candidate, Pete Buttigieg. A man who has sex in another man's sh\*t.

Oh, dear. Is that offensive to you? I'll re-word it: Pete Buttigieg has sex in another man's feces.

Oh, is that still offensive to you? Just what do people think sexual deviants like Buttigieg do? Well, they're gay! Okay, what is gay? That word replaced 'sexual **preference**' back in the early 1990s to brainwash Americans about homosexuals and lesbians being just like your dear auntie or favorite cousin. Give them a 'carefree' moniker so people forget what they do.

And what do these 'gay' people do? They have filthy, deviant sex which they attempt to pass off as love.

Americans seem to forget who passed AIDS to their multiple partners back in the early 1980s which turned into a horrible, raging epidemic that killed tens of thousands of men. Most of them probably nice, decent human beings sold the big lie they are 'born that way'. There's nothing 'gay' about contracting HIV and dying from AIDS. A true, tragic loss of precious lives that was/is preventable.

Of course, non-homosexuals then began dying because of dirty needles passed from addict queers infected with HIV/AIDS and tainted blood given to hemophiliacs – many of them children.

There's nothing 'gay' about spreading the dozens and dozens of 'lavender diseases' which plague homosexuals. Then we have bi-sexuals and the diseases just continue spreading. The lining

of the anus is very thin and not meant for foreign objects to be inserted – including one male’s penis into another male’s rectum.

That part of our body is meant to eliminate waste from the body, not be a playground for filthy sex. Having sex in another man’s sh\*t is neither normal nor healthy. Yes, I know. Heterosexuals engage in bowel-movement sex but that doesn’t make it healthy. After ‘making love’ in someone’s sh\*t, cleaning up afterwards can’t be much fun. The smell must be positively romantic!

[CDC admits HIV is exploding among transgender women...](#) total silence from left-wing media, just like with the spread of anal cancer among homosexuals

“We are a Christian school and hold to the biblical teaching from Genesis 1:27 and other related passages which states, ‘So God created man in His own image; in the image of God He created them, male and female He created them,’” Hornickel [wrote](#) in a email to the *Post*. “This is how it has been throughout the history of the world, and we believe there are only two sexes: male and female.”

“Hornickel continued, saying that the practice of allowing biological males to compete against biological females, is a “form of cheating.” Hornickel feels it “gives them an

advantage over girls teams who only play female athletes.”

There’s nothing ‘gay’ about sodomites having to wear diapers by their early thirties because they can no longer hold their bowels in check from engaging in bowel-movement sex for decades. Of course, one must not speak of such things because you will be accused of ‘hate speech’ or the tried and true, ‘homophobic’.

Let’s all pretend it’s all about tolerance, love and born that way. God loves queers, don’t you know? Old Pete Buttigieg is big on his relationship with his creator. He claims to be married to another male but he’s not. **There is no such thing as same-sex marriage no matter how badly sexual deviants want to sell us their poison backed up by some robes on the U.S. Supreme Court who spit in God’s face.**

Oh, but that big lie is all over the place. The boob-tube is the biggest facilitator of the same-sex marriage myth. Law & Order SUV for one has episodes (which I don’t watch as I don’t own a TV) which feature two males who refer to each other as husband and husband. Make me gag.

The morally bankrupt Hollywood world is big on promoting the sin God called an abomination. For Democrat politicians it’s their bread and butter. It’s no longer being qualified for the job. It’s either the color of your skin or being a sexual deviant (or both) that makes you qualified.

They all ignore what is so clear in the Holy Bible (the real one, KJV) claiming Christians only use certain scriptures taken out of context; anything to justify their sin. Well, must be God who is confused!

“Thou shalt not lie with mankind, as with womankind: it is abomination.” Leviticus 18:22

“If a man lies with a male as those who lie with a woman, both of them have committed an abomination and they shall surely be

put to death.” – Leviticus 20:13 – God’s judgment and only he will deal with that individual. We do not condone violence.

**“Who changed the truth of God into a lie, and worshipped and served the creature more than the Creator, who is blessed forever. Amen.**

“For this cause God gave them up unto vile affections: for even their **women did change the natural use into that which is against nature:**

“And likewise also the **men, leaving the natural use of the woman, burned in their lust one toward another;** men with men working that which is unseemly, and receiving in themselves that recompence of their error which was meet.” Romans 1:25-27

What? God is talking about a couple of good friends taking a nap?

I’ve seen many photos on the Internet of Petey Buttigieg on stage with all these folks behind him cheering him on as if he’s the Second Coming. If any of them believe the Holy Bible is the WORD of God and his commands, **they would NOT be standing there cheering on a sexual deviant who spits in God’s face on a daily basis.** A presidential candidate who defies God’s laws on the campaign trail parading his fake ‘husband’ on stage like he’s some sort of trophy.

Gag factor of 10: [Pete Buttigieg to Mike Pence: My Marriage Has ‘Moved Me Closer to God’](#)

“He added, “Speaking only for myself, I can tell you that if me being gay was a choice, **it was a choice that was made far, far above my pay grade.** That’s the thing I wish the Mike Pences of the world would understand, that if you have a problem with who I am, your problem is not with me. Your quarrel, sir, is with my creator.” Rest at link.

This issue isn’t about tolerance or discrimination. It’s about

science. There isn't a scintilla of scientific evidence to prove any human is born homosexual or lesbian. It's all been debunked. Science is the one thing advocates and participants of deviant sexual behavior refuse to discuss – they always bring it back to religion, which is much easier to attack.

Advocates of sodomy and lesbian sex have tried to use the civil rights movement to give credibility to their argument. Pushing deviant sexual behavior as somehow part of a “civil rights movement” is just more clever marketing using powerful images. If you're born white, you can't change your skin color to black at will and visa versa. The same as if you're born Asian, you can't suddenly decide you might be Caucasian. We are all what race God has chosen for us. A must see DVD is [“The Kinsey Syndrome.”](#)

Many lesbians have left their preferred life styles. Actress Anne Heche used to have sex with Ellen DeGeneres. Ms. Heche then went on to marry a man, have a child. Unfortunately, she divorced. Not to return to having sex with a female, but a with a man. So, which way was Ms. Heche born? Angelina Jolie used to have [sex with a dyke](#). So, which way was Ms. Jolie born? Funny thing. Both Heche and Jolie left women to be with a man and become a mother. But, wait! [This web site](#) gives us all the politically correct answers:

“It's clear that a change in sexual orientation is imaginable to more people than ever before, and there's more opportunity – and acceptance – to cross over the line,” says Klein, noting that a half-dozen of her married female patients in the past few years have fallen in love with women. “Most are afraid that *if they don't go for it*, they'll end up with regrets.”

Another clear example I can give you that it's a choice and not an “accident of birth” is the candor of WNBA star Sheryl Swoopes. In an interview following her “coming out.” This was the exchange:

Interviewer: "You have said that you don't believe you were born gay, which, as you said, may confuse many people. How do you believe you came to be gay?"

SW: "I think there are a lot of people – gays and lesbians – who believe you are born that way. I think there also a lot of people who believe it's a choice. And, for me, I believe it was a choice. I was at a point in my life where I had gone through a divorce and was not in a relationship, and the choice I made happened to be that I fell in love with another woman. It might confuse some people, and some people may not understand that, but I think in life, no matter what it is that you're doing, you always have a choice and you make that choice and you have to live with that choice. And it just happened that, you know, my partner and I were really, really good friends, and the more we hung out, the more we did stuff together, my feelings grew stronger and stronger for her, and it got to a point to where I said, "I can't fight this anymore."

How do you believe you came to be gay? I thought you were born that way. Swoopes made the choice of embracing sin because she wants to, not because she was born that way. Is she really a lesbian or a product of years of propaganda shoved down her throat in massive doses by the media and special interest groups? How about men and women in prisons who have turned queer? Years ago, before I got rid of my TV, I watched a cable program on this and female prisoners said they turned to other female prisoners for sex because of loneliness. The male prisoners did it with each other just for the sex, not because they were born that way.

["This is the Way God Made Me"](#) A Scientific Examination of Homosexuality and the "Gay Gene" by Brad Harrub, Ph.D. and Bert Thompson, Ph.D. and Dave Miller, Ph.D. – This says it all:

**"Conclusion** – "Consider the obvious problem of survival for

individuals who allegedly possess a gay gene: **individuals who have partners of the same sex are biologically unable to reproduce** (without resorting to artificial means). Therefore, if an alleged “gay gene” did exist, the homosexual population eventually would disappear altogether.”

That’s right and that’s why child abuse aka same sex couple adopting innocent children has been pushed so hard. Recruiting using the finest in brain washing techniques begins in grade school in this country and has escalated in places like California where parents cannot remove their child from a class forcing them to believe sexual deviants are born that way.

Teaching 5 & 6 year-old little boys it’s normal to stick their little Johnson in another male’s rectum. Teaching little girls it’s normal to slobber in another woman’s vagina, use dildos and so forth. Of course, they dress it all up in cuteness like two mommies or daddy’s in a wonderful make-believe world.

There’s one other scripture all you Petey supporters should consider very carefully because one day you will be judged by our Creator: “Who knowing the judgment of God, that they which commit such things are worthy of death, not only do the same, but have pleasure in them that do them.” Romans 1:27

“The media’s bias has never been subtle, but its disinterest in a presidential candidate’s track record has never been this blatant. Mayor Buttigieg’s candidacy is being covered as if he weren’t the mayor of an actual city with actual problems. Instead, his prospects have been covered purely in terms of his identity, a gay millennial, his past career before taking office, and his current witticisms and applause lines.

“At no point in time does the media stop to tell the viewers and readers it is regaling with stories of Mayor Buttigieg’s charm that he runs the most dangerous city in Indiana, recently rated as one of the [“worst cities to live”](#), where nearly half the residents live at the poverty level, and even the water is bad.

“These are significant data points in the track record of a politician aspiring to run the entire country.

“The media keeps asking Mayor Buttigieg which of its wishlist of radical socialist policies he’s willing to sign on to, the Green New Deal, eliminating private health insurance, and

freeing more convicts, rather than asking him which policies he used to try and solve problems in South Bend. And how they worked...

“Mayor Buttigieg excels at buzzwords and gimmicks. He’s just terrible at actually running a city. That’s why [property crime](#) in South Bend is rising. It’s why the city is overrun with gangs. It’s why South Bend is poor, blighted and miserable. Violence is just one of the many symptoms of Buttigieg’s failures.”

Rest at link you should read about candidate Petey. Chicago just elected a female queer ([We’re queer, we’re here](#)) who claims to be married to another female: [Lori Lightfoot elected Chicago mayor, will be 1st black woman and 1st openly gay person to hold post](#)

Nothing will change, mark my words. I read her qualifications. Lawyer, professional politician. Lists her religion as Christian. That would be hypocrisy. Lightfoot served on the board of NARAL which means she supports murdering unborn babies. Of course, abortion is a staple of the Democrat/Communist Party USA.

“But whoso shall offend one of these little ones which believe in me, it were better for him that a millstone were hanged about his neck, and *that* he were drowned in the depth of the sea.” Matthew 18:6, KJV – Think murdering a baby in the womb isn’t offensive to the little one who had their brain sucked out of his or her skull and then thrown into a waste disposal unit or their body parts sold for profit by Planned Parenthood?

Buttigieg claims moral superiority, but his behavior today – in addition to his failed mayoral record – suggests the opposite. Not to mention that he is the son of a radical, Marxist professor, which might explain the policy positions that are far from being mild, centrist or Christian.”

The commission is delighted that the Church has, as Scott Rennie requested, taken an honest look at itself over the issue of sexuality and decided that the values of fairness, equality, dignity and respect are of more worth than those of ignorance and intolerance."

"The Church has been split by the appointment of 36-year-old Rennie, who was married but is now in a relationship with another man. He was appointed minister of Brechin Cathedral, in Angus, ten years ago, before "coming out" as homosexual and planning the move to his new position. He won the overwhelming support of the Queen's Cross congregation and the local Aberdeen presbytery for his appointment."

What's 'dignified' about a minister having sex in another man's sh\*t? Cheer on a 'modern' Scotland!

That whole herd of Democrat candidates is truly enough to make you want to vomit. It's all about their perversions, free everything, so-called social justice and not a damn thing to do with the duties and responsibilities of a president of these united States of America under our Constitution.

I really wonder what rank and file, ordinary folks in America who belong to the Democrat Party really think about all this madness in their party? Not the permanent welfare class perfectly happy to live off your paycheck, illegal aliens and those who vote strictly by race or for murdering babies (abortion) or which sex they choose for the week. I mean just average folks like where I live who go to work and Church on Sundays.

Well, there you have it for this week. Be prepared as we see this obscene war for the Democrat choice at their convention next year go on day in and day out just as we'll see the relentless attacks on Trump continue by the scum in Congress

over the dead Russia collusion hoax and non-existent obstruction.

“There is no “gay gene” – so homosexuality is not biologically based. The only human genders are male (if you inherited a “Y” chromosome from your father) and female (if you did not inherit a “Y” chromosome from him) – so homosexuality is not a new “gender.” Not being born “gay” means this is not a “civil rights” issue. People inherit unchangeable characteristics like their race and ethnicity, but homosexuality is not inherited. Science and biology confirm this, and thousands of former “gays and lesbians” who have changed their behavior also prove this fact. Therefore, homosexuality is not a civil right for marriage or anything else.”
