

A View From The Street: What Are We Willing To Allow And For How Long?

Alice M. Byrd

Writing to William Stephens Smith, from Paris in Nov. 1787, Thomas Jefferson opined,

“The people can not be all, & always, well informed. The part which is wrong will be discontented in proportion to the importance of the facts they misconceive. If they remain quiet under such misconceptions it is a lethargy, the forerunner of death to the public liberty...what country can preserve it’s liberties if their rulers are not warned from time to time that their people preserve the spirit of resistance? Let them take arms. The remedy is to set them right as to facts, pardon & pacify them. What signify a few lives lost in a century or two? The tree of liberty must be refreshed from time to time with the blood of patriots & tyrants. It is it’s natural manure.”

Then, in the opening salvo of accusations, the writers of the Declaration of Independence, of which Jefferson was one, wrote:

When in the Course of human events it becomes necessary for

one people to dissolve the political bands which have connected them with another and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness. – That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed, – That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness.

Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.–

I now posit: If we have not arrived, in a regressive fashion I might add, at the exact same place as our Founding Fathers found themselves in their break from the oppressive manipulations of the Monarchy of England and King George, then have we sunk even further, possibly irretrievably, into intellectual oblivion to declare the obvious? If so, then to what do we owe the debt of blame? I would say, COMPLACENCY. The old axiom, 'the only thing needed for evil to prosper is

for good people to do nothing', applies full score. *Let us acknowledge the root of our discomfort.*

If politicians, on either side, actually DID something about the massive proliferation of CORRUPTION, they wouldn't have anything to campaign on, now would they?? They certainly wouldn't need to bleed us of our earned incomes! They NEED the conflict **they have created** to retain their positions of power: constantly promising and never delivering. They are perpetually drunk on the aphrodisiac of confiscated wealth from We The People, as well as the power that obsession engenders.

That is why the Career Politicians have thus devised this vulgar dog and pony game show of "Upside Down and Backwards". Logical human beings have a natural revulsion to illogical endeavors. GOOD people won't run for seats in Congress...why? They don't want to get down into the slime and sludge to toil in the pit of vipers, because they desire to remain honorable, ethical HUMANS. They are acutely aware they would get eaten alive in the greater Washington, DC region. Additionally, they have no "name recognition" and can't raise FUNDING, which is the bottom line of every sick, depraved game ever played by politicians who have to PRODUCE mega bucks to gain power and control, not to mention their acquisition of those highly coveted seats on powerful committees, *especially as chairmen...*

So, are we answering our own questions? what is the purpose of this monumental oppositional alacrity? PROFIT!! MONEY! POWER! CONTROL! But, most ardently, the drive for power above all else.

How does one achieve power? They BUY it. The game is about their lusting for MONEY, MONEY, MONEY... which, as we know, is the root of all evil; Power corrupts and absolute power corrupts absolutely. Absolutely!

We witness daily how the elitist condescension has reached

stratospheric intensity. The handmaiden's of political power, the vile, villainous media, have willingly reduced their honor of possessing unchallenged free speech, are now nothing more than purveyors of intellectual pornography, declaring the most hideous outrage while they actively gaslight the entire nation...some of us can see right through their duplicity...we've lived long enough to learn about and readily identify their cosmic corruption.

"This know also, that in the last days perilous times shall come. For men shall be lovers of their own selves, covetous, boasters, proud, blasphemers, disobedient to parents, unthankful, unholy, without natural affection, trucebreakers, false accusers, incontinent, fierce, despisers of those that are good, Traitors, heady, highminded, lovers of pleasures more than lovers of God; Having a form of godliness, but denying the power thereof: from such turn away (2Timothy 3:1-5)

Witness the zeal of the Progressive Liberal women on that nauseating quasi-talk show (The View) who are all so drunk on the poisonous mind numbing cocktails their Puppet Masters brew up for them, I cannot fathom why anyone still watches them...except for the glassy eyed, micro-chipped zombies (ages 13 to 44) who can't get through their morning routine without a jump start from their KCup narcotics and/or cannabis tainted, cherry flavored vapes...

In a recent undercover video, we find that CNN employees and Jeff Zucker in particular have unwittingly shown us their hold card. The whole purpose of their artifice is to MANUFACTURE PROFITS! God forbid someone tell the Truth in Media...that is now the unpardonable SIN!

The goal of their deceitful perfidy is clear: a world under

unified, but singular, ruler-ship of Elitist Globalism. Their vehicle of choice? Socialism, which always ends in full blown Communism.

Lenin, exposed this goal when he remarked,

“The goal of Socialism is Communism”. Is that clear enough now??

The Progressive Party (consisting of both wings, R and D, on the same bird of prey, as my cousin would say) is singularly focused on obtaining this objective. They also have the method with which to accomplish their objective: TAXATION = REDISTRIBUTION OF WEALTH...from YOUR hands to THEIRS.

Make no mistake. They have absolutely NO INTENTION of solving the problems of homelessness, illegal immigration, failing schools, drug addiction, poor water quality, ‘global climate change’, “clean” energy and/or corruption in politics...indeed it’s what they live for! It’s the “hook” of psychological manipulation and behavior modification they have been incrementally infecting our culture with for GENERATIONS. Who said the interwoven, incestuous international intelligence systems aren’t (and haven’t for long decades) being used for nefarious reasons against the public at large??? You better believe they are!

Don’t forget: These mental mutants are manically driven by their self-worship and self promotion...not to mention their unlimited appetite for obscene wealth. When is enough enough? There is no concept of that in the rarefied airs of upper crust hypocrisy. We see it in the exposure of the globally knitted blanket of corporations, their lobbyists, their bought-and-paid-for politicians, and heads of state (oh, and let’s not forget their black bag emissaries and “ambassadors”).

Take Joe and Hunter Biden... old ‘QuidPro’ Joe...another devious financial plot that went south just when the Globalists

thought they had the bag cinched up tight. I actually feel sorry for Mr. Biden...his late onset dementia has progressed to the point that he can't remember what he said 5 minutes ago, stumbling continually through speeches, he is becoming an embarrassment to their party. Not that it matters to me one whit, but even the Millennial Fraud hasn't shown him the courtesy of endorsing him; instead, Barry Soetoro (aka Barack Obama) endorsed a pig in Canada, who just won re-election; I am befuddled as to why...obviously, a preponderance of Canadians have been vaccinated with stupidity.

The current TDS (Trump derangement syndrome) uproar and illegitimate "impeachment" (which is nothing of the sort) was once again pretzel twisted into another tentacle of the ongoing coup d'etat salaciously, relentlessly targeting the President and conservatism, anew. It seems the branding iron got a little too hot and a lot too close; to protect their life giving queen bee of the hive-mind sycophants (Slithery Clinton) the Deep State had to make it out to be a phony tit for tat quid pro quo.

Case in point: the exposure of the Biden's activity in Ukraine and China, was actually intended by the President to find out more about what Mrs. Clinton, the DNC and her voluminous, extended sordid affiliations (think: the Podesta Brothers among others) did in the 2016 election...namely, how was CrowdStrike used?? It has indelible links to Slithery Clinton. The Deep State MUST build softly padded walls around her incompetence, so she doesn't hurt herself...the intersection of interests and names involved are a virtual tapestry of treachery... [\[Link\]](#)

Or this little tidbit: 96 percent of the media is controlled by 5 corporations. The same corporations that own all the establishment globalist politicians like Biden...and Romulus Romney. [\[Link\]](#)

Maybe we should be asking our prior felonious administration

and the Podesta Brothers, where 3.6B of our Tax dollars went (down the black hole of Ukraine/US corruption?)...and while we're at it, where, in God's name, is the \$2 Trillion that Mr Donald Rumsfeld reported that they had "lost" at the Pentagon, on Sept 10, 2001??? That subject was never to be heard about again after the next days events: 9/11/01. Maybe ask the Globalist banksters where 5 trillion dollars of wealth went when they crashed the market in 2008??

How about the UN?? It's a deep black hole of money laundering. Just for starters, "There are over a dozen U.N. agencies and operations that American dollars support. The single largest is 'peacekeeping' with a price tag of about \$7.8 billion this year alone. The U.S. share of that cost is over 28 percent, or \$2.2 billion. The next three U.N. agencies, all roughly in the \$100 million per year range, are the World Health Organization, the Food and Agriculture Organization and the International Atomic Energy Agency. All told, the United States provides about \$3.3 billion a year to finance U.N. activities." Yet, the Globalists tell us they are determined to 'end poverty and starvation around the globe'...whose globe? THEIR globe!!

But I digress.

Amazingly, America is yet surviving the onslaught of deranged propagandists at least for the time being. Something keeps stopping the Progressive's sadistic totalitarian agenda from being fully implemented...what is it? Could it be that this nation, founded on the principles of the Ten Commandments and dedicated to God in it's birthing moments, is being protected by a force stronger than human will??? I'll let that sit for the time being.

Perhaps we would be better served to return for a few more moments to a basic consideration: where, how, did this unrest really begin? I would posit that it began before our Constitution was written...back in the very earliest days of our

colonists landing on the shores of this continent and ultimate separation from England, their monarchy and their control.

Here is a fascinating statement: "The bank hath benefit of interest on all moneys which it creates out of nothing." William Paterson, founder of the Bank of England in 1694.

"After the revolution, the new United States adopted a radically different economic system in which the government issued its own value-based money, so that private banks like the Bank of England were not siphoning off the wealth of the people through interest-bearing bank notes. The refusal of King George III to allow the colonies to operate an honest money system, which freed the ordinary man from the clutches of the money manipulators, was probably the prime cause of the revolution." Benjamin Franklin, Founding Father.

No kidding? Push another crate of tea over the side of the ship, boys.

"Following the revolution, the US Government actually took steps to keep the bankers out of the new government! Any person holding any office or any stock in any institution in the nature of a bank for issuing or discounting bills or notes payable to bearer or order, cannot be a member of the House whilst he holds such office or stock." Third Congress of the United States Senate, 23rd of December, 1793, signed by the President, George Washington.

But bankers are nothing if not dedicated to their schemes to acquire your wealth, and know full well how easy it is to corrupt a nation's leaders." [[Link](#)]

From the same article: "The few who understand the system will either be so interested in its profits or be so dependent upon its favors that there will be no opposition from that class, while on the other hand, the great body of people, mentally incapable of comprehending the tremendous advantage that capital derives from the system, will bear its burdens without

complaint, and perhaps without even suspecting that the system is inimical to their interests.” The Rothschild brothers of London writing to associates in New York, 1863 (in reference to the Civil War)

“I am afraid the ordinary citizen will not like to be told that the banks can and do create money. And they who control the credit of the nation direct the policy of Governments and hold in the hollow of their hand the destiny of the people.” Reginald McKenna, as Chairman of the Midland Bank, addressing stockholders in 1924.” (end of excerpt)

How can any moral human fathom the unmitigated hubris of the dripping condescension in those remarks??

A **very** smart lady I know, awakened me to this TRUTH way back in 1997...she produced an incredibly astute video tape, that has worn out due to YEARS of repeated viewings, citing the insidious evil within our midst, devouring our national treasure: our Citizens' hard earned incomes, their blood, sweat and human toil. Amazing woman! It set my feet on a journey of discovery and knowledge to which I am now an insatiable captive.

“I think if you were to go back and try to find and review the ratification of the 16th amendment, which was the internal revenue, the income tax, I think if you went back and examined that carefully, you would find that a sufficient number of states never ratified that amendment.” – [U.S. District Court Judge James C. Fox, Sullivan Vs. United States, 2003.](#)

The “income tax is nothing more than redistribution of wealth, ala Karl Marxist theology...to siphon off excess wealth from We the People back to the Central Bank and the European model of producer enslavement...” The odious bloodsucking parasites of the international hegemony of moneychangers literally feed, thus live, off the productive efforts of Our People.

Let us consider this: [E0 13603 produced for and signed by Obama](#) giving him the **power over all commodities** and products capable of being ingested by human beings and animals; all forms of energy; all forms of civil transportation; all usable water from all sources; health resources; forces labor such as military conscription; and federal officials can issue regulations to prioritize and allocate resources.”

Resources, such as fiat currency?? It certainly can be considered a “resource” of the population. This E0 has not been rescinded. Does Trump even know about it?

That being said, The Federal Reserve can, and most likely would, recall all paper currency/bills in the event of “a severe national emergency” in order to render the population completely powerless to sustain their lives. Remember, the Progressive Globalists care not for human life. They have shown that in their zeal for the protection of “during and/or after birth abortion rights for women”. People, we live in a very, VERY sick environment.

Now, in support of the foregoing and to illuminate the plan of how do they get us there: let me share the following article. The entire article is copyrighted, so I must legally observe it’s ownership...published by Neon Nettle, written by Jay Greenberg, Dec 23, 2018:

[“The entire “Transforming Our World” document is cast in a stream of consciousness of pious platitudes for a utopian future.”](#)

This one sentence is the key to understanding WHY there is so much venomous antipathy focused on President Trump and the American People who voted for him: a highly coalesced conclave of resistance that continues to grow, much to the abject horror of the Global Controllers. We conservatives and independent minded citizens have effectively stood in the way of the “forward leaning”, ever advancing movement of the

unified global cartel of hegemonic aristocrats, who, through incestuous corruption in and between themselves, have placed our planet into the maelstrom of venal hatred and struggle, intentionally pitting one class, race and religion against another. There is a reason we have had intentional segregation, even though there is the infusing of different cultures and languages into our own. It feels like the resurgence of the Tower of Babel. When humans act like an ant colony, it spells disaster...the reason God destroyed the 'tower' was to prevent humans from considering what the devil inspired...that we could be "as gods"...pride, arrogance, and challenge to God ultimately is not a healthy endeavor for humans.

The continual, horrific psychological manipulation is staggering, in that more people don't understand it's genesis; the gov't has been honing it's mind control tools for 4 generations...probably longer. Is the current stable of puppet plow horses inhabiting the Supreme Society (House) of Progressives (Democrats and Republicans) engaged in mutinous behavior, covered by Section 3 of the 14th amendment?? I might have to place myself in a concurring position on that front. It's their use of herd mentality, sensationalized hype, perpetually encouraged through various multi-layered social triggers and finally, the media's reprehensible institutionalized insanity that fuels their power. Nothing succeeds like class warfare. **NOTHING!**

Indeed, I feel an ever increasing sense of invincible repugnance toward the establishment as a whole. The Imperial "They" are *incandescent* ignoramuses who exhibit behaviors approaching a nearly clinical fugue state, one bordering on the existence of multiple personality psychosis...even their "other selves" are mentally ill!!!!!! Their UTTER lack of intact ability to make any sense at all is alarmingly stunning!! On full exhibition, it is a total absence of human logic and reason!!! Are they really just trying to "dig up

dirt", trying to get to the bottom of corruption?? BS! It's unadulterated Projection!! That is what they enemy does: accuse the opponent of the filth THEY are engaging in! To them, trying to penetrate corruption at the highest levels is "digging up dirt" on one's opponents.

I am not a big fan of Glenn Beck, but in this 52min video, I MUST admit his team of investigators have tied all the loose ends up in a very tight little knot. It exposes, what I believe, is the nexus of the coordinated attacks against President Trump for his "interference" into Ukraine. If indeed, AG Barr and Atty Gen Durham are going to look seriously at the multidimensional, multi-layered, malfeasance that went on during the years between 2010 and early 2019, then there are a lot of people who should be more than a little concerned. As I hear it, a lot of these serial liars are retaining some very talented legal representatives. I will leave the pernicious duplicity of the Bush dynasty for another day...

"Do the persons who rave at this rate imagine that their art or their eloquence can impose any conceits or absurdities upon the people of America for infallible truths?" (Alexander Hamilton, Federalist 29)

Nay. They believe themselves to be giants of artful verbal conveyance, while being in truth, purveyors of misery to which there is no limitation...and certainly, no limit of conscience.

At the center of this epic criminal treachery is one woman...Hillary Clinton, who is up to her crows feet in a cesspool of moral hypocrisy so foul, it makes the submerged dinosaur detritus in the LaBrea Tar pits sound like a day at the spa. The Progressive Leftist heathens would have nothing to wring Their hands over and whine to Their gods about, if They didn't FIRST create victims to USE for the benefit of Their stump speeches. The NWO trolls NEED victims to feed

Their ambitions. Their souls have been so devalued, so depraved and perverted, so immersed in fealty to the ultimate Liar Extraordinaire, that They've become spiritually drunk with the odious deception of moral superiority...and They will believe the strangest of concepts, all in an effort to fulfill their deepest ancient desire..."to be as gods".

These six things the Lord doth hate; yea, seven are an abomination unto him: A proud look, a lying tongue, and hands that shed innocent blood, an heart that deviseth wicked imaginations, feet that be swift in running to mischief, a false witness that speaketh lies, and he that soweth discord among brethren. Proverbs 6:16-19

Have another bite from the apple, you foolish sock-suckers.
