

ABC posted election results 11.2.1998 12 hours in advance – Were they right?

On November 3, 2016, the Internet was a blaze with these headlines:

[The Fix Is In: NBC Affiliate Accidentally Posts Election Results A Week Early: Hillary Wins Presidency 42% to Trump's 40%](#)

“The page, a screen shot of which has been sourced from internet archive site The Wayback Machine, is posted below and shows totals for the upcoming Presidential race. It announces Hillary Clinton as the winner. As Jim Stone notes, the page was pulled directly from the WorldNow.com content management platform utilized by major networks like NBC, CBS, ABC and Fox and appears to be a non-public staging area for news and election results.”

Of course, the networks will deny it's nothing more than getting ready for when polls close tomorrow night. Just as ABC News did back in 1998 claiming it was all just a mistake. From my Blind Loyalty booklet devoted to nothing but vote fraud:

Some U.S. Elections Remain A Real Stool, May 29, 1996, *The Detroit News* by Richard Willing, <http://detnews.com/news/stories/48981.htm>

In mid-1996, the so-called conservative controlled Republican congress refused to vote for a law that would require concrete proof of citizenship before people could vote in this country. Swell. "We'll remember in November" is just another empty, meaningless phrase if the ballot box has been compromised. There is only one reason for electronic manipulation of the vote: POWER, plain and simple. Lust and greed for power by the one-party system doing a two-party tapdance. Anyone not in a state of denial must see that we've just about achieved the status of "banana republic" and your children will be the ones to reap this insanity.

ABC NEWS' GAFF OF THE CENTURY (for vindication for the Collier brothers)

November 2, 1996, the night before the general election, ABCNEWS.COM posted the following: "Earlier tonight, during testing of the ABCNEWS.COM site, we inadvertently posted results and erroneous predictions on the outcomes of races. There was no bias intended by what we posted and the predictions do not reflect the reporting or news judgment of ABC News." Notice the word "results" in this denial. How it is that they could post results of the elections a good 12 hours before any polls opened in America? How stupid do they think we are? You can find some of the people some of the time but millions of us have now caught on to this most heinous stealing of our elections. I know, it's just more conspiracy theories by the right-wing wackos!

I downloaded their "results" and predictions before they pulled them off their web site and issued their weak disclaimer. I have election "results" for the last four elections nationwide and everything from California. The obvious and not-so creative fraud is sickening once you see it all laid out in one place instead of just one race here and there strewn out across this huge land mass of America. Unfortunately, most people just go to the polls, go home, turn on all the news that's fit to fake, listen to the results and either take an aspirin or break open the champagne - and that's exactly what the shadow government behind the scenes is counting on: No one questioning the election results, just be asleep, sit down and shut up.

Was ABC News right, wrong or accurate in the posting of "results" and predictions in the nationwide elections? A complete analysis of all the results posted and the "final" totals reflect that ABC News was off .0174% - what would you say the odds of that happening are? Good predictions? What a host! Read this from the *Sacramento Bee*, the morning after the election in the Boxer Boats For Senate story, front page: "The major television networks and the AP declared Boxer the winner shortly after the polls closed, based on exit polling by Voter News Service." Remember them? Here in Sacramento, Boxer was declared the winner 6 minutes after the polls closed, even though Fogel at times, the networks stuck to their guns. Wally Harger, for the 12th straight time, "won" within minutes of the polls closing and you got it! Harger ended up with his usual 67% in the general election race. Absolutely amazing!

There has been lots of blarney spewed about the election results since November 3, 1996 - who won, who lost, who didn't get their message out and on and on and on. As far as I'm concerned, it's all nothing more than political gas to fill the airwaves. Who really knows who is getting elected anymore? Can you honestly

From the page above in case you have trouble reading it, I wrote: "A complete analysis of all the results posted and the 'final' totals reflect that ABC News was off .0174% - what would you say the odds of that happening are? "

And, so here we are again despite the efforts of so many of us over the decades facing the real possibility, once again, a presidential election will be stolen in favor of another dirty globalist, Hillary Clinton, who will not only continue the agenda of the criminal fraud in the White House, she will destroy this republic once and for all.

There's no doubt illegal aliens have been voting in our elections while the state capitols do NOTHING except wring their hands every two years. Corrupt, agenda driven federal judges are kept on the bench instead of impeaching them for stopping voter ID laws which we must have to try and control illegals and non-eligible individuals from voting. Then we have the Marxist Manchurian Candidate, Barry Soetoro alias Barack Obama, encouraging violating our election laws:

SHOCK: Obama Encourages Illegals to Vote – Promises No

Repercussions. Why wouldn't he? Barry Soetoro (Obama's last known legal name) usurped the office of president twice while the gutless cowards in Congress, both parties, did NOTHING. **If Clinton is allegedly elected her dream of open borders WILL become a reality and America as we know it will no longer exist.**

Tim Kaine Cheers End of White Majority in Spanish Address – A babbling idiot; another useful fool of the globalists:

“Yet during his remarks, Kaine laid out how a Clinton administration plans to hasten the demographic transformation through expansive immigration policies that would essentially bring about the dissolution of national borders... Additionally, Kaine promised to continue birthright citizenship – meaning a pregnant foreign national in the country illegally can give birth to a child, who will be awarded U.S. citizen, and is, therefore, entitled to collect federal welfare, vote in U.S. elections, and eventually obtain green cards for his or her parents, despite their prior illegal entry into the United States.

“Polling data from Pew suggests that 83 percent of the American electorate is opposed to Clinton's vision of expanding immigration. Yet during a private speech to Goldman Sachs executives, Clinton declared that Americans who want to limit immigration are “fundamentally un-American”— an astonishing statement given that polling shows an overwhelming majority of the American public wants to see immigration levels frozen or reduced.”

The BS known as anchor babies is a myth passed off as come constitutional right of an illegal mother

Art Torres, California Democratic Party chairman, at the

Latino Summit Response to Prop 187 at U.C. Riverside (Jan. 14, 1995): "Power is not given to you, you have to take it! People say to me when I was on the Senate floor, when I was in the Senate, why do you fight so hard for affirmative action programs. And I tell my white colleagues: because you're gonna need them. Remember, 187 is the last gasp of white America."

"... Brown Berets, we're here today to show L.A., show the minority people here, the Anglo-Saxons, that we are here, the majority, we're here to stay. We do the work in this city, we take care of the spoiled brat children ... We're here in Westwood ... to show white Anglo-Saxon Protestant L.A., the few of you who remain, that we are the majority, and we claim this land as ours, it's always been ours, and we're still here, and none of the talk about deporting.

"If anyone's going to be deported, it's going to be you! ... Get out! We are the future. You're old and tired. Go on. We have beaten you – leave like beaten rats. You old white people, it is your duty to die. Right now, we're already controlling those elections, whether it's by violence or nonviolence. Through love of having children we're going to take over." Augustin Cebada, information minister of Brown Berets, militant para-military soldiers of Aztlan shouting at U.S. citizens at an Independence Day rally in Los Angeles.

Who are the racists?

Our beloved country is

being invaded in massive numbers by uneducated non English speaking Muslims and third world uneducated non English speaking hordes coming from Mexico and South America because our southern border is like a spaghetti sieve. [An average of 35,000 illegals are crossing into Texas every month!](#) They're bringing diseases long ago eradicated in this country. Not to mention terrorists and liquid gold called cocaine and heroin. IMAGE

[EXCLUSIVE – Immigration Officer: Border Deluge of Illegal Aliens 'Is The Worst We've Ever Seen'](#) – October 30, 2016.

They're trying to get here hoping Clinton will get elected and they will automatically get amnesty despite any criminal history. Illegals want what's left of **your** take home pay: [Hillary amnesty tax...\\$15,000 per household](#)

[Amnesty Would Cost Taxpayers an Estimated \\$3,600,000,000,000 Over 75 Years](#). Remember: **OUR treasury is empty**. Overdrawn almost \$20 TRILLION dollars. Every penny being spent by the government is BORROWED DEBT with the interest slapped on our backs, our children and grand children.

The amount of information coming out the past two weeks is so voluminous, much of it shocking to many, but not for seasoned Americans involved in trying to save this country. Die hard vagina voters don't give a damn about Clinton's direct role in the slaughter at Benghazi. They care nothing about national security ([Clinton directed her maid to print out classified materials](#)). Her daughter has no security clearance: [Hillary Deleted Email Showing She Forwarded Classified Information To Her Daughter](#) – I wonder how all those retired military officers who endorsed her feel about that?) or even security for themselves or their children. Just vote in a pair of

mammary glands. I see them at her mini-rallies with blank looks on their faces, clapping and cheering at the right moments while Hillary chokes on. Zombies.

How about the tens of millions of Democrats (and Republicans and independents) forced into Obamacare? Premiums have risen every year and in 2017 in states like Arizona they will increase in some cases by 114% early next year! [Obamacare Victims Revolt: 'We Don't Have that Kind of Money'](#) – Will all those victims – except those receiving an unconstitutional 'subsidies' from your paycheck while **you** struggle to make those massive deductibles and premiums – still vote for the wicked witch from Hell?

It is absolutely sickening to watch Clinton mouthpieces on shows like O'Reilly, Megyn Kelly. And Sean Hannity refuses to respond yes or no regarding a question concerning the email disaster and the criminal activities of the Clinton Foundation. They are robotic and also don't care the same as the vagina voters.

Get that CROOK into the White House and America and the American people be damned. They don't care the only reason Hillary crook Clinton set up a private server endangering national security and breaking at least 24 federal laws was to protect her, Bill, and Chelsea's illegal money enrichment scam called the Clinton Foundation. [Clinton aide says Foundation paid for Chelsea's wedding, WikiLeaks emails show](#). **A true RICO case if ever there was one.**

Oh, but wait!

Comey betrays we the people again. Is Comey trying to throw the election to that criminal? Comey is telling us they went through 650,000 emails in nine days? **What kind of game is he**

playing?

[FBI Director Comey says agency won't recommend charges over Clinton email](#), November 6, 2016: "FBI Director James B. Comey notified key members of Congress Sunday afternoon that after reviewing all of the newly discovered Hillary Clinton emails the agency stands by its original findings against recommending charges."

'We've got our hands on all of them!' Congressman Steve King says Republican lawmakers have their own set of Anthony Weiner's 650,000 emails: 'The good thing is, Congress has preserved them for our access,' Iowa Rep. Steve King said before a Donald Trump rally in Sioux City. 'So the Weiner leaks, the WikiLeaks, you name your leaks, we've got our hands on all of them – 650,000 emails.'

Trump must NOT concede tomorrow night if the networks call the election for crook Hillary. The one thing Hildebeast fears the most is Donald Trump getting into the White House. Good-bye Loretta Lynch and hopefully James Comey. Hello RICO and prison. Otherwise, if Clinton somehow 'wins' it will be years of nothing but investigations and a president under federal investigation, possible indictment and impeachment. [The IRS has been investigating the Clinton Foundation](#) for the past four months if not longer.

Please get to the polls tomorrow if you haven't already voted. It will take a massive turn out to beat vote fraud and illegals voting. I spoke with my mother last week. She had not received her ballot in the mail. I ask my brother to run her over to the county clerk's office to vote which he did. [Absentee ballots stolen, forged in 1 Florida county Victims say they won't vote by mail again](#). Our elderly parents might need help so check in with them.

[Individuals within the NYPD, the CIA, FBI and others who are leaking documents and information are taking a huge risk.](#) They are fed up with the corruption and are jeopardizing not only their jobs but possibly worse. **The Clinton's play a deadly game.** We should all be thankful for the sacrifices they are making while Comey kicked them in the teeth yesterday afternoon. (['Clinton death list': 33 spine-tingling cases](#) – Bill and Hillary's 'friends' fall off buildings, crash planes, die in freak accidents)

There's a lot of disinformation being thrown out there right now so be very careful in what you forward around, please. This one is not true yet it's plastered on dozens of web sites: [FBI Agent Suspected in Hillary Email Leaks Found Dead in Apparent Murder-Suicide](#). There is no newspaper in Denver with that name.
