In general, it is the offense of attempting to overthrow the government of the state to which the offender owes allegiance, or of betraying the state into the hands of a foreign power.

Today, Americans are being driven to their television sets by spin doctors to watch the illegals that have invaded their land. What is being highlighted by the networks are the crimes being committed: murdering American police officers, rape, drug and child trafficking, carjackings, targeting malls in cities throughout the country, and the list of crimes goes on (Deuteronomy 4:6).

Then, only adding insult to the crimes they are responsible for committing, they cry out in front of the cameras, begging not to be sent back to the country from which they came. This, of course, they do with their country's flag in their hands waving above their heads back and forth.

So, in other words, they came here illegally to conquer this country (Deuteronomy 28:43).

Yet, with all of this, the networks are distracting and not highlighting the fact that it has been the American politicians, in both federal and state positions, who have treasonously enticed these illegals into America (Luke 22:48).

They have enticed them with \$5 to \$10,000 credit cards, cell phones, homes, cars, planes, and bus tickets to their desired destinations. This is all factual information, friends. They are even letting them vote.

These said representatives have clearly committed the act of treason against the very people they are to serve, namely, you and me!

When we look at Article III, Section 3 of the US Constitution, we read:

Treason against the United States shall consist only in levying War against them, or in adhering to their Enemies, giving them Aid and Comfort. No Person shall be convicted of Treason unless on the Testimony of two Witnesses to the same overt Act, or on Confession in open Court.

These treasonous criminals have become so emboldened that many of them have now stated that they will stand in the way of deporting the illegals that they have allured into America.

According to [8 US Code 1324](#) Bringing in and harboring certain aliens.

When a crime has been committed by an illegal, the said representative who allured them in is to be personally held accountable for the crime committed by the illegals.

Unless the American people learn the lesson, and quickly, that our representatives are NOT above the Law and that they are to be held accountable for the smallest of crimes by “We the People” through the impeachment process, and prosecuted when impeached, in teaching them the consequences (Proverbs 16:6; 21:7), all will be lost!
