

All the World's A Stage

By Rob Pue

November 19, 2023

Shakespeare once wrote the: *“All the world’s a stage, and all the men and women merely players.”* Indeed, today, all the world *is* a stage. We find ourselves in a gruesome theater production put on by the demonic controllers of this world – the Globalists, the Communists, the New World Order tyrants, and the “woke” useful idiots they’ve managed to brainwash into compliance and servitude.

Over the past three or four years, the “acts” in this macabre theater production have sped up exponentially, to where we now find ourselves moving from one horrendous, tragic event to another on a daily basis. It’s a race toward Agenda 2030 – now, I’m told, moved up to Agenda 2025 – with a goal of absolute, total control over all humanity by tyrants we can’t see; are never allowed to see.

Of course, there are the “front men,” like Klaus Schwab and his WEF minions around the world, and of course, the lying mainstream media who only allow the world to see what their handlers want us to see. But behind them, there’s an even darker force of evil...even more depraved and demented men and women pulling the strings and manipulating world events to achieve their ultimate goal.

Today the 24/7 news cycle revolves around events in Israel and Ukraine. Regarding Israel, all down through the many ages of history, there has rarely ever been peace in that region. This tiny piece of land, which most people couldn’t even pick out

on a map if they had to, has been in almost constant turmoil, under constant attack and controversy. This, by itself, should lend great credence to the validity of God's Word, the Bible, even for God-haters who deny the divinity of His Book – still the number one best seller in world history, and still the least-read and most-banned Book in the world.

Today, the world powers are focusing on Israel, now surrounded by enemies on all sides. But that's nothing new. What *is* new are the many implications this has for the world, no matter how things eventually play out. One thing is certain: if war is what the Globalists want, war is what they will have.

Make no mistake, the Israel of today is not the Israel of the Bible. In Genesis 15:18, God made a covenant with Abram, saying, *"Unto thy seed have I given this land, from the river of Egypt unto the great river, the river Euphrates."* And in Genesis 17:8, He said, *"And I will give unto thee, and to thy seed after thee, the land wherein thou art a stranger, all the land of Canaan, for an everlasting possession, and I will be their God."*

This land God gave to Abram and his seed, extends from Egypt all the way to the Persian Gulf in Kuwait. It includes half of modern-day Iraq, much of Syria, all of Lebanon and all of Jordan. But modern-day Israel is now just a sliver of land, 263 miles long and just 70 miles wide, along the Mediterranean Sea. And because this part of the world was chosen by God for His people, it's been the center of contention and wars forever.

But the nation of Israel has rarely held up their end of the bargain in the covenant God made with them either. Instead of worshiping the one true God of Creation, the people there have chosen to follow other gods, false gods, and even no God at all. Moses warned the nation, before his death, what would happen if Israel ever failed to honor Almighty God. Deuteronomy 8: 19 & 20, *"if you by any means forget the Lord*

your God, and follow other gods, and serve them and worship them, I testify against you this day that you shall surely perish. As the nations which the Lord destroys before you, so you shall perish, because you would not be obedient to the voice of the Lord your God."

So, what we're seeing happening in that land today is merely an ongoing fulfillment of biblical warnings and admonitions. There are some, in Israel, who follow Christ as their Messiah. Most, however, follow Jewish religious traditions and reject the Lord Jesus completely. And for the most part, Israel has become largely a secular nation; the United States has become just as Godless.

We have other things in common with Israel as well. Israel is surrounded by demonic, Muslim enemies. But America has taken it a step further, inviting, and welcoming enemies who hate us to come in and live here. More than that, we not only welcome our enemies' demonic activities, we also support them, with "free" food, shelter, clothing, and cash, all paid for by you and me. If that's not enough, we've placed our enemies in power over us, as Senators, Congressmen, mayors, county board members, city council members, and school board members.

And as we continue with our open border policies, more and more enemies are moving into our states, cities, and neighborhoods all across this land. The United States is not just surrounded by enemies, we are *filled* with enemies who hate America and all it used to stand for. Thus, we now have the re-writing of history, the tearing down of historic symbols of our American heritage, the communist indoctrination of our children in public schools and ungodly, demonic brainwashing of our college students.

Regarding the removal and revision of our American history and heritage, are you aware that the city of Charlottesville, Virginia not only removed the massive statue of Robert E. Lee which graced one of their city parks for nearly 100 years –

but now they've also melted it down, and intend to create some new "art" – something more "inclusive" and acceptable to the "woke" community? I can only imagine what that will be.

The Globalists need America to fall. America must be destroyed in order for the New World Order to be fully implemented. America is key to their plans. So, while all eyes may now be on Israel, you should understand that the real target is US.

While we were once the defender of freedom for the poor and the tyrannically oppressed people of the world, we've since become the aggressors. Our current "leadership," following the orders of the WEF and their Globalist handlers, is intent on World War 3. Our so-called "leaders" think they're so "smart" that they're able to get away with it and get rich in the process. So far, they're making out like bandits, having sent trillions of dollars to Ukraine – most of which is "laundered" there and then returned to the pockets of those who sent it. Ukraine is a money-laundering operation for the US, and nothing else. They may be getting away with their scheme for now, but retribution will come.

And now, we're also funding both sides in the Israel/Hamas war and stirring up the war drums with other Islamic nations as well, because our "leaders" *need* to destroy America. Yes, I said it. *The government now claiming to represent the United States is in place specifically to destroy the United States.* Every action they take, in every situation, foreign and domestic, underscores that fact.

The Regime cannot afford for there to be a 2024 election here. They know it will be the most closely scrutinized election in history, and they know they cannot win on a level playing field – especially if they're opposed by an America-first, patriotic candidate – whoever that may be – who's willing to oppose the Globalist agenda.

Our enemies – foreign and domestic – also know they will have a tough time crushing the American spirit of freedom as long as our people are armed. Thus, we have mass shootings and an ever-growing call for more and more gun control and confiscation. The fact that mass shootings and violence are most prevalent in gun-free zones and gun-free cities is of no consequence. The mass shootings will continue until we are all forced to disarm.

Meanwhile, we're also on a collision course with destiny as America is not only broke, but we've gone more than bankrupt long ago. This, too, has been by design. America must suffer a financial collapse, in order to bring about the "Great Reset" with a new global, digital "currency." World War 3 would be the ideal scapegoat to get that done... with no blame laid at the feet of our "leaders" who made it all happen. On the contrary, most Americans will be eager to accept the new, "reset" economy, as the government, once again, comes to our "rescue," to solve the problems they purposely caused.

So, I want to warn you again today, that things in the news and things happening in the world are not as they may seem. Remember, the so-called "news" only lets us see what they want us to see. It's a programming device, programming our minds to blindly accept lies as truth. Terrible things are coming to our country in the coming months. The new year will be unlike anything we can even imagine right now, so I urge you to prepare.

As is always the case when communist regimes begin to take power, one of the things they must gain total control over is information. We've had extreme censorship of the truth on the internet and social media since they dropped the COVID bomb. This will intensify. Those who speak the truth are de-platformed, persecuted and prosecuted. Truth vanishes down the "memory hole," never to be heard of again, while the "official narrative" is parroted by every media outlet, pushed by every internet search engine, and assaulting our eyes and

offending our intellects with every “public service announcement,” every billboard along the highway, every television, radio and magazine ad.

You see, those on the Left cannot play fair. Their philosophy, whatever it may be – from “climate change” to “transgenderism” to “safe and effective” death shots – doesn’t have a leg to stand on, scientifically or intellectually. So, they must silence all dissent, under the threat of imprisonment or death. And yes, that’s really happening.

Understand that the “news” is meant to manipulate people and control their thinking. The big stories of the day keep shifting quickly, keeping everyone in fear and off-balance, not knowing which way to turn and only those with the determination to get the truth will work hard enough to dig it out from among the lies and deception. No sooner is one crisis reported than it cycles out of the headlines and something else takes its place.

Meanwhile, real atrocities are taking place in our world and very few know about them...if they did, heaven forbid, people might actually be moved to action and demand justice. If our so-called “leaders” want a REAL “insurrection,” just let people know the truth about things and they’ll see what a real insurrection looks like soon enough.

I go back to August 8, when the Globalists burned down the town of Lahaina on the island of Maui, Hawaii. This was an obvious land grab, to make way for a 15-minute-SMART-city run by AI. I’ve written on this in detail after a great deal of study and research, and speaking with those who live there. While the Regime continues to send billions to be laundered in Ukraine, the people of Lahaina were promised a mere \$700 per family in federal aid, despite Biden stating the people would get all the federal help they needed. From my sources on the ground there, almost no one has even received that \$700. There’s always a reason why they don’t “qualify.”

First of all, \$700 per family, for American families who lost everything is an enormous insult. But then to deny them even that, is absolutely reprehensible. And the destruction of Lahaina was a mere blip on the radar screen of mainstream media. It was quickly gone, replaced by more news of Ukraine, the United Auto Workers strike, Kevin McCarthy being booted from the House Speakership and the ensuing drama from that, another “looming” government shutdown, more “climate change” nonsense and now we have the attack on Israel by Hamas and the pending buildup of military forces from around the world and all eyes on Israel. Meanwhile, Americans in Lahaina are still left with nothing, and FEMA seems to be there with only one purpose: to hinder efforts of citizens helping their neighbors, while enjoying a free Maui resort vacation in thousand-dollar-a-night hotel rooms.

This is just one example of real Americans suffering while the distractors continue to direct our attention elsewhere. (Pay no attention to that man behind the curtain). Remember East Palestine, Ohio? Remember the Utah man gunned down by the FBI because he was critical of Biden on social media? Remember the ongoing invasion of our country by foreign military soldiers disguised as “immigrants?” The theater continues and all the world’s a stage.

I’ll close with Ecclesiastes 12:13 & 14, *“Let us hear the conclusion of the whole matter: Fear God and keep His commandments, for this is the whole duty of man. For God will bring every work into judgment, including every secret thing, whether good or evil.”* This is both our duty and our hope as Christ-followers. Let us stand strong, as a restraining influence against evil, persevering ‘til the end, as salt and light in a world of lies, deception and demonic destruction.
