

Alleged GOP Losers: Immediately File to Stop Certification of Vote

“Democrat Congressman Jamie Raskin telling us that [they will disqualify Trump on January 6, 2025](#) & body guards will be needed for everyone in Civil War conditions because they will do what the SCOTUS failed to do in keeping Trump from being President.” –Rep. Jamie Raskin, Marxist [D-Md]

Anyone who has seen the results of credible investigations and film from January 6, 2021, [knows it's was a set-up](#). Certification of President-Elect Donald Trump could not, would not be allowed to happen. Some of those imprisoned for years are now “free” but their lives ruined – all in an effort to keep Trump from a second term.

We the People have seen some of the film clips; defendant's attorney's and juries have seen the actual truth on film, their clients then released.

[Actor Nick Searcy on Jan. 6: 'I saw police removing barricades and waving people in'](#), Jan. 6, 2022

“I saw with my own eyes, I saw police removing barricades and waving people in. And there's people in the film that testified that they went up to—On one side of the building, there was a huge battle going on. On the other side, people

were just going up and seeing open doors,” Searcy says. “And these two little old ladies that are in my film, when they walked up and asked the police if they could come in and the police said, ‘Yes.’”

“You may also know him from his roles in recent films like “The Shape of Water,” “Three Billboards Outside Ebbing, Missouri,” and “Cast Away.” Searcy’s documentary, Capitol Punishment should be watched by 100 million Americans.” Also see: [CAPITOL PUNISHMENT Producer and Conservative Actor Nick Searcy Reveals Stunning Inside Story About What REALLY Happened On Jan 6th](#): “It was amazing how much of it was an operation” [VIDEO], Nov. 18, 2021

Donald Trump had NOTHING TO DO WITH WHAT HAPPENED AT THE CAPITOL. He wasn't there nor did he use reckless language or encourage anyone to go to the capitol and “over throw the government” or “overturn the vote”. *Manufactured lies to “get Trump”*. On film for anyone to see is Trump telling people to PEACEFULLY go to the capitol, not attempt an insurrection.

Yet, still today, Trump hating voters simply repeat like the mindless zombies they are that Trump incited an insurrection because some high-paid junkyard dog representing the

prostitute media, print and boob tube (regular or cable) told them so.

“Nature gave man two ends – one to sit on and one to think with. Ever since then, man’s success or failure has been dependent on the one he used most.” George R. Kirkpatrick (1867-1937) Lecturer

Tomorrow is the beginning of what? The most important election in our history. Will there be a winner announced, I asked in my Oct. 28, 2024 column? Who knows? According to the cockroaches in the prostitute (Mockingbird, Legacy) media and paid political whores from Congress, Trump is going to fight back against the already in-your-face cheating. Trump uses the law, not guns.

One mustn’t question the outcome of a national election or you’re a conspiracy theorist or election denier – unless you’re a member of the Democrat Communist Party USA. [Hillary Clinton: Trump is an ‘illegitimate president’](#), Sept. 26, 2019, *Washington Post*”. Why how could that happen when those ever-so clever pollsters said she had a commanding lead? Because the American people didn’t like her stink or constant lying. The silent majority voted.

And the dishonest political puppet, Jamie Raskin, isn’t done yet: [Raskin’s Shocking Comments to Bill Maher About 2024 Election Results Are Raising Eyebrows](#), Nov. 2, 2024, goes to X video: “Jamie Raskin says Democrats will only uphold the peaceful transfer of power if they view the election as fair: Jamie Raskin: “When I say we will support a free and fair election, no we we’re not going to allow them to steal it in the states, steal it with the Department of Justice or steal it with any other election official in the country. If it’s a free and fair election, we will do what we’ve always done: Honor it.”

“Bill Maher: “That is the Democrats’ history: They honor it.

That's the big difference between the parties." Democrats have challenged every election they've lost in the 21st century. When Trump said this same statement 'If it's fair' the media went apeshit. Now it's the Democrat position according to Raskin."

Continuing from article above: "Of course, that's nonsense. Democrats have challenged the presidential election every time they lost over the past 24 years. When Trump won last, they objected to the electoral count, with Raskin himself registering an objection. Then, there were the schemes people tried to come up with to deny Trump the win by trying to flip electors. Some of the electors were even threatened. Then of course, there were inaugural riots, and the more than 70 Democrats who boycotted the inaugural.

"But let's also look at what Raskin just said. He said, "If it's a free and fair election, we will honor it." Haven't we been told by the Democrats for years now just saying that is a form of election denialism? Then too, Raskin is talking about elections being stolen, saying we're not going to let them "steal it in the states, or steal it in the Department of Justice or steal it with any other election official in the country." I thought elections couldn't be stolen, and our elections are secure. So, you mean they're not-elections can be stolen? Then too, is he setting up a case to contest the election, suggesting somehow the GOP might steal it?

"Raskin's terminology is interesting. How can Trump/GOP steal an election with the DOJ, if he doesn't control the DOJ? What is he trying to say?" Rest at link. *Only candidates for the Democrat Communist Party USA are allowed to challenge the outcome of an election. And SHAME on phony "Americans" who support that party of hate whose agenda is the total destruction of our REPUBLIC. They are useful, brainwashed fools.*

Never watched a minute of Bill Maher. God only gives us so

much time to live. I do not waste mine listening/watching vomit flow freely from dishonest party pimps. Raskin must have missed the memo but we haven't had an honorable Dept. of Justice since *constitutionally ineligible* lying Marxist, Hussein Obama, stole his first fake election via fraud in 2008. **Trump's ONLY choice for a U.S. AG is my state AG, TX, (although I would hate to see him go) is Ken Paxton. Period. The same as I hounded Trump in [his email him directly](#): J.D. Vance is your only choice for VP, Mr. President. I emailed just about everyday until Vance was announced as Trump's choice.**

At the risk of sounding like a broken record, I've been on provable vote fraud by machines and scanners as well as the vote counters for decades. I've written more columns on this issue than I can remember, done at least 500 or more radio appearances just on election fraud [and given speeches like this one; video I think back in 2007](#), than I can count since 1993.

Right now, most important is for Trump to win those Electoral College votes as well as the GOP taking a majority in the U.S. House and Senate. (I must say: Vote Sheehy in Montana and boot Sen. Tester.)

Based on the massive and I mean *tens of thousands* for every Trump rally vs 'Legs in the Air' Harris having to bus in paid bodies from hundreds of miles away to watch her cackle, God willing, Trump will crush (metaphorically) that habitual liar once and for all with the popular vote. Her VP running mate, Tampon Tim Walz, *another Stolen Valor fake*, also lies every time he opens the pie hole in his face. Personally, he's so gone upstairs; Walz should be fitted for a strait jacket.

BUT the lying and cheating is far, far worse than I've ever seen in any presidential race and since I'm 75, I've watched and reported on so many of them. Let me give you one example from the party of death who promote killing a beating heart, a

living human being right up until birth. The discussion was about saving a mother's life:

[Harris Co-Chair Slips Up While Defending Abortion](#), Nov. 2, 2024, "Crockett claimed that pro-life advocates "are anything but pro-life," adding that if elected, Trump would sign similar laws that would result in pregnant women dying." Trump could not sign any such law because *Roe v Wade* was finally overturned and the issue of terminating a pregnancy *was constitutionally put back where it belongs: The sovereign states of the Union:*

Tenth Amendment to the U.S. Constitution: **"The powers not delegated to the United States by the Constitution, nor prohibited by it to the states, are reserved to the states respectively, or to the people."** No where in Art. II, Sec. 2 dealing with the enumerated powers of a U.S. president or Art. I, Section 8 of the U.S. Constitution and the specific areas Congress can legislate does it give those two separate branches of government authority over the issue of aborting a beating heart. Murdering a living, human being waiting to grow and be born.

You don't have to read my entire columns, but each of these are drowning with the fraud and cheating *already underway* by the Democrats and how to catch it in real time and during counting. **In the one below, there is so much of it, I had to make it two parts.**

[Not Voting? I Say This to You –](#) (Mine, also), Oct. 14, 2024 – Filled with the attempts at cheating and fraud *but also how to stop it*:

[MUST READ: One Citizen Platform Has Found a Way to Catch the Fraudulent Ballots and Illegal Voters Before November 1st – Here’s How](#), Sept. 23, **2024 (Mail-in ballots)**: “In 2022, that strategy impacted enough bogus ballots – saving the U.S. Senate seat for Senator Ron Johnson.” *Every county GOP president and members should know this and meet with their county commissioner and county judge, if possible, to let them know. Stop the steal or we’re done.*

“And let me tell you about the U.S. Post Office because either incompetence or by plan *played a role in the big steal in 2020*. Same is true again – think stateside and overseas military ballots.”

[Retired Postal Worker Describes How the Post Office Helped Steal the 2020 Election](#): “Out of all the volumes of evidence that we’ve been looking at on the 2020 election, one area that hasn’t received as much attention as it deserves is the US Postal Service. It makes sense that it was involved. The union for postal workers endorsed Joe Biden in the run-up to the 2020 election—and then those same union members were handling all of the mail-in ballots.

“But how were they involved? What exactly did they do to help the Democrat Party steal the election? A retired postal worker

may have just given us the answer.” Rest at link. (My note: Not all, but most postal workers are union and the greatest majority of them vote for Marxists and open communists who call themselves Democrats.)

OUTRAGEOUS & DISGUSTING: [The Pentagon Fails to Send Absentee Ballots to Active Military Service Members](#), Nov. 2, 2024: GOP Reps. Brian Mast (R-FL), Bill Huizenga (R-MI), and Mike Waltz (R-FL) sent a letter to Secretary of Defense Lloyd Austin citing their “grave concern over deficiencies in the Defense Department’s protocols” for the U.S. military because they said the absentee ballot stockpile has been “depleted and had not been replenished.”... However, with only three days until Election Day, lawmakers fear the government has not yet taken action.” // [Republican Lawmakers Sound Alarm as U.S. Military Bases Report Depleted Stock of Write-In Absentee Ballots – Troops Overseas Left Without Voting Options Due to Delayed Mail-In Ballots](#), Nov. 3, 2024

Whether he/she votes Republican or Democrat, they have the right to vote. Lloyd Austin long ago disgraced his uniform. This should end up a lawsuit right away by soldiers, Marines, sailors denied a ballot regardless of party affiliation or listed as no party.

That entity is linked to several very well-funded leftist dark money groups. The scale of what has been uncovered is breathtaking. No one knows how many other counties and jurisdictions may have been targeted.

“Apparently, no one intends to find out either. One would expect that a massive election fraud case uncovered only days before the election in a critical background state would draw a vigorous response from law enforcement beyond the county level. One would be wrong. Neither Harrisburg nor Washington seem concerned. The implications are stunning.”

[Attorney General Ken Paxton Sues Biden-Harris Administration for Refusing to Verify the Citizenship Status of Potentially Ineligible Voters on Texas Voter Rolls](#), Oct. 22, 2024 – “On October 7, Attorney General Paxton [sent](#) a letter demanding that the federal government fulfill its legal obligations by

verifying the citizenship status of people who may be illegally registered to vote in Texas by October 19. Attached was a list of approximately 450,000 voters whose citizenship status has never been checked because they registered without a State of Texas-issued driver's license or identification card.

“Federal law requires the federal government to provide that information and Attorney General Paxton's letter formally triggered those obligations. While the majority of the voters on the list are likely citizens who are eligible to vote, Texans have no way of knowing whether or not any of the voters on the list are noncitizens who are ineligible to vote without additional information.

The dirty bastards. The law means NOTHING to the Democrat Communist Party USA and their working ants.

There's so many more but please: **VOTE today or tomorrow if you haven't already. Drown the liars and cheats with so many votes, they won't get away with it the second time. YES, YOUR VOTE COUNTS.** Okay, skip Trump if you want America to continue down the road to third world rot, but **those U.S. House and Senate seats are absolutely critical.** Ballots also are for governors, sheriffs and other offices *that directly affect you, your job/career, family, your children's future.* If you don't vote, don't complain.

At least there's some good news: [BREAKING: Supreme Court Allows Virginia to Remove 1,600 Alleged Noncitizens from Voter Rolls – Three Liberal Justices Dissent](#), Oct. 30, 2024 (Why the Senate is so important) // ["PENNSYLVANIA LAWSUIT VICTORY We just won the Trump Campaign/RNC lawsuit against Bucks County, PA](#), Oct. 30, 2024

I said it about career criminal, Joe Biden, and I'll say it again about Ho Harris: Few are voting for them as individuals but rather the draconian, unconstitutional rules and regulations we've had to endure for almost 4 years as our freedom is crushed a little more each day. I say NO MORE.

We were told by the vermin in DOJ and the phony voter integrity agency 2020 was a pure, clean fair election. GAG ME. And be careful and vigilant out there as I have no doubt and neither do mayors and sheriffs in the bigger urban areas there's going to be extreme violence if Trump is declared the winner.

Businesses are boarding up in big cities like Portland. Black Lies Matter is just about bankrupt; those who thought they were doing good by being part of that rip-off operation are left behind as little better than useful stooges. The Fascist organization, ANTIFA, will no doubt be part of any violence.

Don't let the paid maggots (funded by dark money PAC's) try to get you to commit some sort of felony crime like assault. You do have the right to defend yourself but probably best to stay away from the paid rioters because there's no doubt in my mind big trouble is coming. I hope I'm wrong, but history tells us a lot.

Unlike Ho Harris who did not vote for the first time until age 29 (FACT), please get out and VOTE. If someone has mobility problems, give them a ride. In many states like mine (TX), if an individual can't walk to the facility, there are good people, volunteers, who bring the ballot to the vehicle so that person can vote in private. All very orderly and polite. We want every eligible, **legal** American to vote.

Candidates: If you allegedly lost your race, **don't just walk away. Immediately file to stop certification of the vote which varies from 20-30 days depending on the state.** Demand a FORENSIC ANALYSIS. I guarantee you the numbers won't match and I say that after pursuing this cheating of We the People for the past 31 years when few would listen or even look at the evidence. In a past column a few months ago I reported on two elections declared VOID here in Texas from 2022 because of the mess counting votes; the judges couldn't even figure out who won.

Please share this everywhere so hopefully it will get to precinct captains, workers, division heads and candidates and your county GOP leadership.
