

Allowing Foolishness & Senility to Rule Our Country

Our successful civilization, as we know it or used to know it, stands at the crossroads of insanity, senility, gender craziness and political chaos. We also stand at a critical intersection where our own citizens are being supplanted by illegal and legal invader-migrant(s) replacements. That's right! You and I are being replaced. It's only a matter of two decades before "born and raised" Americans become the new minority in this country. (Source: www.PewCenterResearch.org)

Last week, New York Sanctuary City Mayor Eric Adams spoke to the entire United States, "We cannot handle these 110,000 illegal migrants or educate their 21,000 children in our already overcrowded schools. We can't keep spending \$30 million a month on housing, feeding, giving them medical care, let alone teach their children with 50 different languages." New Yorkers have paid \$12 billion in taxes thus far to babysit 110,000 illegal alien migrants in the past 30 months of Biden's open borders policy."

Yet, Mayor Adams blames Texas Governor Abbot for sending them to NYC. When in fact, Abbot only sent 13,000. Joe Biden flew the other 95,000 into NYC in planes paid for by you, the American taxpayer. Now, Mayor Adams wants Governor Abbot to keep all the migrants in Texas...to protect the rest of the sanctuary cities from being overrun. Guess what? What can anyone do with 8,000,000 new people who lack education,

skills, English speaking ability and first world living?
Answer: they tap into our welfare systems until our systems collapse.

Fact: New York City features 50,000 homeless Americans living in city shelters. Yet, New York City asked for the illegal migrants...and now, New York City hates them, despises them, and cannot sustain them. But NYC is a microcosm of over 8,000,000 illegal migrants camping out all over America. You now have black minorities in Chicago screaming at Biden for his open borders policy. Few Americans understand that we're growing an enormous army of homeless, uneducated, intractable poverty-stricken welfare misfits with no end to their numbers.

With such insanity, you must ask yourself, "Who is really running the show in Washington DC and why are they out to destabilize American society?" Answer: a pretty good guess would be Barack Obama and his henchmen who work in Biden's cabinet.

Just look at all your Sanctuary Cities! Total lawlessness, total chaos, total "smash & grabs", total lack of the rule of law. What countries remind you of this lawlessness across the globe? Answer: Congo, Somalia, Sudan, Venezuela, Columbia, et al. Do you see where we're headed?

This is a fact: immigration is driving our population from 340 million Americans plus 25 million illegal migrants to 400 million within 27 years by 2050. That's a demographic reality that should frighten the hell out of you for your children. But you won't see any of the 545 Congressional Critters standing up to stop it. Since they haven't and they won't, that's what's coming after your children. Is it pure insanity or what?

Transgender Insanities, Stupidities, Idiocias

If you look around you, do you not see grown men in high positions supporting other men pretending to be women...and

forcing themselves into women's sports, women's college sororities, women's swim teams, women's wrestling, women's track, et al.? What about these pretenders stepping into women's bathrooms and showers with your daughters? It's a new 21st century perversion and it's really sickening!

With the little mind that Biden still has operating, he supports transgender boys beating the hell out of female athletes. Why? Because he has lost his mind with no ability to think rationally or reasonably or with an understanding of biology. And his handlers support his stupidities of his own dementia. Biden is brainless and his handlers right along with him.

For the love of common sense and rational thinking, who are those people who support the mental disease and emotional sickness of XY chromosome men pretending to be women and being allowed to compete against biological women? It's an illusion on a moronic level beyond rational comprehension. Who in their right mind would allow their children to cut out their breasts, cut off their testicles, inject hormones and disfigure their bodies?

Why not wait until they are 21 to cut off body parts? At least they might have grown a brain to make a more reasonable choice. Why not create an entire NCTAA or National Collegiate Transgender Association of Athletes? Why hasn't someone thought of such a reasonable solution to the insanity that's now pervaded women's sports?

Our Senile President Continuing His Façade and Farce

Joe Biden accomplished very little if anything in his 50 years in Congress...other shaking hands, sniffing little girls' hair, putting his hands on women inappropriately, and making endless forgettable speeches. He's lied about his academic achievements; he's plagiarized other peoples' papers and speeches. He's been overtly racist with his speech about not

wanting his kids educated in "urban jungles" dominated by black Americans.

Additionally, he raised one of the most pathetic sons ever recorded in American history, Hunter, a drug addict, liar, cheat, thief, scammer, whoring around male slut, fathering an illegitimate child and abandoning that child, accomplishing nothing worth anything in his life of non-substance...and only God knows what else he's done on the dark side of life.

But now, Joe Biden suffers from Alzheimer's Disease. He shakes hands with the air. He must be led off stages. He misspeaks, tells tall tales (lies) about his past triumphs, and generally does not know where he is or what day it is. The man is a walking cadaver and a shell of the man that he wasn't in the first place.

At the same time, he's giving hundreds of millions if not billions of dollars to Ukraine while we've got millions in poverty, failing schools, degraded highways, infrastructure decay and a \$33 trillion debt.

It's interesting that half the country voted him into office much like they re-elected 90-year-old U.S. Senator Diane Feinstein (D-CA) who can't think, can't speak, can't walk and has no business being a U.S. Senator after 40 years in the Senate. Or, Nancy Pelosi who is running again at age 83 with accelerating dementia. Why do people in California vote for the old hen who has laid too many eggs and done too little for our country? She supports mass illegal immigration. She does nothing to stop the destruction of her district, San Francisco, with 35,000 homeless drug addicts, drunks and mentally ill Americans. Or what were the people in Pennsylvania thinking when they voted a dead-beat, highly mentally unstable and stroke/heart attack victim like John Fetterman into the U.S. Senate when they enjoyed the incredible mind and dynamics of Dr. Oz? How does even the dumbest voter place a vote for an imbecile like House member

Maxine Waters (D-CA), who is as useless as a dozen rotten eggs and a lifetime of accomplishing nothing?

“The U.S. will set a record in the rate of rise—and fall of an empire. Between wide open borders and fall of the dollar and growing population against a declining resource base, the US will be defeated from within. Mobs will rule the streets in the nation that is now the third largest in the world and unable to support its population except by taking resources from other countries until their resources are exhausted.”
Arnold Toynbee, historian

The American people need to wake up and vote to stop this “replacement invasion” of their/our homeland. Because if we remain on this path, we face a drastically miserable future. Would you not agree?
