Part 9: Mixing cultures and races yields conflict. No way to get around what's happening in Europe, Canada and America

Did you see the news reports about Ireland's immigration riots in the past several days? A Somali immigrant raped a 10-year-old Irish girl. That created a conflagration in the streets of Dublin. Big marches began filling the streets with Irish folks yelling, "Send them back...deport all of them...no more immigrants."

Only 20 years ago, Irish citizens made up 99 percent of Ireland's population. Today, after their leaders allowed hundreds of thousands of Africans and Middle Eastern immigrants to flood the country, one in four people are foreigners on that tiny island. However, those immigrants cost Irish taxpayers E400,000.00 to maintain them. Four hundred Euros equates to \$420,000.00. Why? Because those immigrants are illiterate, culturally incompatible, and carry entirely different world views than the Irish. Additionally, rapes, murders and violence abound throughout Ireland where immigrants gather. Why? Because rape is the norm in their own countries.

Two weeks ago, over 1,000,000 Britains marched in London demanding that immigration be stopped. Why? Because 54 percent of London is now Middle Eastern. London elected a Muslim

mayor. Half of London is a “no go” zone where the British avoid at all costs. London features over 80 Sharia Law courts. People get beheaded walking down the streets. Schools have been ruined with languages and foreigners who simply cannot and do not want to become British. For the record, Great Britain is no longer British. It’s no longer itself. It’s becoming several different countries with incompatible cultures and languages. Great Britain is now a multicultural hellhole of competing parallel societies that lack any commonality.

How about Sweden? Once the most peaceful, most beautiful, most advanced society in Europe...it has devolved into an Islamic hellhole because of unrelenting immigration out of the Middle East. Sweden’s women cannot walk down their streets safely, even in the daytime. Car bombings are weekly common events. Schools no longer function. A Muslim Imam proudly declared that, “Sweden will become Europe’s first Islamic caliphate.”

With over 10,000 mosques in Europe, and over 50 million Muslims, Europe is being devolved into the 6th century Dark Ages. Citizens of all the European countries are trying to fight back. A half-dozen countries have banned anyone wearing the Burka or Hijab in public. They are fighting to ban Sharia Law.

Those immigrants practice honor killings, female genital mutilation of every girl under nine years of age, arranged marriages, multiple wives, and maintain that their women are half the value of a man. If you choose to leave Islam, they order a “Fatwa” to kill you.

“Individual Muslims may show splendid qualities, but the influence of the religion paralyzes the social development of an individual who follows Islam’s dictates. No stronger retrograde force exists in the world. Far from being moribund, Islam is a militant and proselytizing faith.” Winston Churchill.

Unfortunately, Europeans are too late. Only Poland and Hungary stood against the EU's mandate to flood Europe with millions of third world refugees. Austria has stood against immigration, and perhaps Italy might recover itself with harsh immigration and deportation laws.

Have you traveled to Vancouver, British Columbia, Canada lately? It's now a majority of Chinese immigrants. They literally have taken over everything from the Canadians. The Chinese will most likely separate from Canada, and create their own Chinese country, which will allow endless immigration from the massively overpopulated Mother Country of 1.4 billion in Asia. Thus, in the coming decades North America will see New China, Canada, America and Mexico.

If you traveled through Europe this past summer, you did not recognize the French as French. The Germans as Germans. The Norwegians as Norwegians. The Dutch as Dutch. The Brits as Brits. The Spanish as Spanish. Virtually every country has been overrun by immigration out of the third world. Many observers see civil war coming to Europe.

What's the burning question in your mind? Why doesn't multiculturalism work? Why do we continue to celebrate it when we know it doesn't work? Why don't we understand that all human ethnic groups banded together for their own protection and developed their own languages and cultures? Those ethnic groups have warred against one another since the dawn of civilizations.

Even in the Middle East, where Sunni Muslims battle to the death with Shiite Muslims, and then, against Kurdish Muslims—they kill each other over their different interpretations of Allah.

But the question is: "Why did European leaders flood their countries with illiterate, incompatible, non-assimilating cultures, languages, and mores of failed countries? Who is

driving it? Why are they driving it? Do they want to see Western Culture destroyed? Why? What do 'they' hope to accomplish by allowing failed cultures to displace successful cultures?"

So that brings us to America. Virtually every day of the week on the news, you read about racism, discrimination, the president is a Nazi, our VP is a fascist, the N-word, racial slurs against NFL players, he's a xenophobe, he's a racist, so and so hates trans people, LGTQ+ people suffer discrimination, all White people are racists, the U.S. Constitution was drawn up against Black people-- and just about every pejorative word in Webster's Dictionary describes all the failures of our "multicultural society."

Do you see what I see happening in the next two decades? If we allow another 30 to 50 million immigrant refugees into America from all over the world, especially Muslims from the Middle East--what do you think will happen to us?

Right now, Muslims feature 2,900 mosques in America. What happens when they hit 10,000 mosques? What happens when they jump from 4.0 million to 20 or 50 million like in Europe? Are we prepared to incorporate Sharia Law and all their barbaric rituals into American society? Why isn't anyone talking about it? Why aren't we stopping it?

Since we haven't dealt with or solved our Black/White racial divide in America...how will we solve our Black/White/Muslim divide as it grows in America? How will we deal with antagonistic Muslim cities like Detroit, Michigan or NYC or Minneapolis where Sharia Law has been practiced for several decades by the majority Muslim populations?

What happens when the majority of Americans get replaced by a new majority of foreigners? As a matter of fact from the Pew Foundation, Whites will become the new minority by 2042. (Source: [www.PewResearch.org](http://www.PewResearch.org))

Europeans ignored what was happening to them. Now, they cannot change it or solve it. If Americans simply ignore what happened to Europe, they most likely will keep ignoring what's happening right here, right now, i.e. Communist-Muslim Zohran Mamdani. Or America-hating Somalian Ilhan Omar.

The fact that New Yorkers are about to vote that Ugandan refugee Mamdani into the mayorship of New York City should frighten the heck out of all of us. It means a lot of dumb people get to vote. Worse, Mamdani lacks even a single qualification to run America's largest city. But he is a Muslim, which shows you that their religion continues to invade the West, and destroy Western countries and their cultures.
