

America becoming less America with every passing year

According to census reports, out of 8.4 million people living in New York City, nearly 40 percent of them arrived from foreign countries. The city features 800 different spoken languages other than English.

Educational standards degrade into chaos with endless language conflicts. Ethnic groups situate themselves in various enclaves like Flushing, Sunset Park, Bronx, Corona and Manhattan. These new citizens maintain their home language, customs and cultures. Among them: Dominican Republic, China, Jamaica, Guyana, Mexico, Ecuador, Haiti, Trinidad, Tobago, Columbia, Russia, Honduras and El Salvador. Not far behind, India, Brazil, Argentina, Pakistan, Kurdistan and Puerto Rico add their citizens to the Big Apple.

In other words, New York City no longer enjoys being called an "All-American City", but in fact morphed into an "international city" with little resemblance to America as to culture or language.

At current immigration rates, America morphs into being less American every year with 1.2 to 1.5 million refugee immigrants allowed into our country annually.

On Facebook, you may read: "Paying for other cultures to mass immigrate into your country to outbreed and replace you doesn't make you a more tolerant or better person. It makes you a fool."

At this point, latest records show that 91 percent of legal immigrants become cyclical welfare recipients because they lack language, educational and needed skills. They escaped their poverty in their own countries to re-manifest their poverty in America.

Yet, no one on the national scene mentions a single sentence about the demographic fact that we remain on course to add 100,000,000 (million) third world immigrants within 30 years. For the life of me, I cannot understand why all American citizens aren't screaming at the top of their lungs to enforce a total shutdown of all immigration. It can't end well for anyone. It won't end well for all Americans.

If you look at California, it grows by 1,655 people, net gain, every single day of the year. CapsWeb.org reported that 98 percent of California's growth stems from legal and illegal immigration. (Source: www.CapsWeb.org) But as California becomes unsustainable as to water, food and arable land—those immigrants expect to stampede across the USA. Note: California expects to add 20 million people within 30 years. Talk about a demographic train speeding over a cliff!

One look at American-Californians shows you that Americans cannot keep up with the birth rate of immigrants. The U.S. Census Bureau projects that Hispanic-Latino-Mexicans will become the new majority in America by 2042 or sooner. At some point, there will be no one left to repair or replace basic services of overwhelmed cities. Yet, you won't hear a word about it from any leaders.

Our civilization screams into the future without a plan, without a clue and without any understanding of what it's doing to itself. But be assured that what's coming, if Americans don't call for a total shutdown on all immigration, WILL manifest in this country, i.e., massive poverty, joblessness, illiteracy, disease, ethnic conflict and religious conflict like never before, and a total breakdown as to water, energy and resources. It's called "exponential growth" and it cannot be sustained.

"Unlimited population growth cannot be sustained; you cannot sustain growth in the rates of consumption of resources. No species can overrun the carrying capacity of a finite land

mass. This Law cannot be repealed and is not negotiable.” Dr. Albert Bartlett, www.albartlett.org , University of Colorado, USA.

Ask yourself what you want for your children. A viable future or miserable future? Enjoying a cohesive society or a fractured and fragmented country? One with a single language or one with 800 languages?

At this point, the majority of we Americans choose another 100,000,000 (million) more legal immigrants by 2040-45. And, we’re going to get that number, too. Or, at least our kids will discover our folly. And, no matter what, the third world keeps adding 80,000,000 (million) people, net gain, annually, so they don’t care. And, what we’re doing to ourselves defies comprehension.

“Most Western elites continue urging the wealthy West not to stem the migrant tide [that adds 80 million net gain annually to the planet], but to absorb our global brothers and sisters until their horrid ordeal has been endured and shared by all—ten billion humans packed onto an ecologically devastated planet.” Dr. Otis Graham, *Unguarded Gates*

That’s what’s coming dear reader. It’s coming at 1.2 to 1.5 million added immigrants annually or, excess of 100,000 every 30 days—enough to fill the Rose Bowl every month and dump them into your lap. Note: that’s just the legal ones!

Thus, America will no longer be American much longer.

If you don’t want a Paris, France or San Bernardino event in your community, it’s time to call for a total “Immigration Shutdown Now.”

We either sit back and allow more Muslim immigration that will destroy our civilization, or we stop Congress from continuing mass immigration. It’s up to you, an American citizen.

Call your senators and House rep: 1 202 224 3121. Demand a stop to all immigration and stop to any Syrian immigration.

Definition of slogan: "Immigration Shutdown Now means the American people want a total shutdown on all legal and illegal immigration. That means we want all illegal immigration stopped by arresting, prosecuting and jailing employers of illegal aliens. We deport all illegal aliens by taking their jobs away and as we catch them. We want English mandated as our national language. We demand a cessation of Muslim immigration in order to protect our culture, language and way of life. We can't save the world but we can destroy our civilization. We demand a stable population that allows everyone to live, work and thrive into the 21st century. Especially our children." FHW

That's why you need to take action. Send this series to everyone in your network. Educate them. Urge them to take action by joining these websites to become faxers of prewritten letters and phone callers. We must force Congress into an "Immigration Shutdown Now!
