

America Growing at Odds with Itself—Corrupt or Incompetent Politicians

By Frosty Wooldridge

September 4, 2025

Part 2: Rotten, crooked, wretched, incompetent politicians

Over the Labor Day weekend, in Chicago, 58 people shot 58 other people. Eight died. In that same city over July 4th, “The exact number of people shot and killed in Chicago over the 2025 Fourth of July weekend was 55 with six dead. Reports for the 2024 holiday weekend state that at least 12 people were killed and 55 were wounded in Chicago. In 2023, 62 people were wounded and 11 were killed.” (Source: Chicago Sun Times)

More people have suffered violent death in Chicago and other big cities than in the Iraq/Afghanistan War of 20 years. In other words, Chicago is a “Killing Zone”, and unfortunately, the majority of shootings and killings are black on black on the southwest side of the “Windy City.”

But it doesn't stop in Chicago. Detroit is a killing zone. New York City kills thousands of its residents by thousands of its residents. Same with New Orleans, St. Louis, Los Angeles, Atlanta and Miami.

Almost moronically, former Chicago Mayor Lori Lightfoot interviewed on CNN on Wednesday to tell America that, “Chicago isn't in crisis. There are more killings in New Orleans, St.

Louis and New York City.” As if THAT comment makes any sense! Current Mayor Brandon Johnson doesn’t want the National Guard to patrol the streets. Same with Illinois Governor J.B. Pritzker. We’re talking really corrupt or stupid politicians.

“Caveat Emptor” for people living in big cities where corrupt or incompetent politicians own all the power. If you buy into those cronies, you suffer all the defects of their incompetence.

If you live in those cities, you’ve got mayors and governors who create “Sanctuary” for millions of illegals for billions of your tax dollars. In other words, American citizens of Chicago mean less to the mayor than we, the citizens of our own country.

We know that Mayor Lori Lightfoot set the benchmark for incompetence. Killings proliferated under her watch with catch and release. Shoplifting reached a whole new level. Car jackings exploded. When another incompetent named Brandon Johnson took over for her, he’s proved even worse. Yet, he too, defends his corruption and incompetence. You must wonder how many stupid people voted those two stupid politicians into office? Obviously, the majority of voters want their schools to render illiterate students, and their streets to be killing zones.

Then, you look at Maryland U.S. Senator Van Hollen going down to El Salvador to retrieve an illegal alien, Kilmar Obrego Garcia, who was a wife beater, trafficker of illegals, drug pusher, porn man, and MS-13 gang member. He broke into our country in violation of every law on our books. Yet, Van Hollen spent our tax dollars to bring him back. Now, he’s still going to be deported, but it costs us millions of dollars. Is Van Hollen corrupt, stupid, incompetent—or all three?

Look at every Sanctuary City. It’s run by goofballs such as

Boston's Michelle Wu. She spends millions of taxpayer dollars to house drug pushers, rapists, robbers, shoplifters, drug users and totally illiterate illegal aliens that she feeds, houses and protects. Worse, she brags about it. Is she THAT stupid, corrupt or incompetent--or all three? What would be your assessment?

This situation plays out in California that stands eyeball deep in billions of dollars of debt, but its moronic Governor Newsom maintains a Sanctuary State, and Mayor Karen Bass of LA maintains sanctuary for tens of thousands of illegals. All of her actions stand in violation of our Constitution, and her oath of office. She's not serving Americans, but she loves anyone who is illegal. She loves her 175,000 homeless, but refuses to solve their housing nightmare. Karen Bass stands as the epitome of incompetence while being intellectually on par with a slow moving sloth. As to what Governor Gavin Newsom's intellectual abilities, he thinks a biological male should compete against biological females. How stupid, how dumb, how idiotic, how moronic can one man's mind be...and he's still breathing?

How do governors like New York's Kathy Hochul or Colorado's Jared Polis, also known as "Pothole Polis" because the millions of potholes waiting to bend drivers' rims while they drive around our state--how do they justify serving illegal foreigners rather than taxpayers? We've got over 200,000 illegals in Denver at last count. We've got 10,000 American homeless in Denver. We've got tents lining California Ave and other streets. Nothing is ever solved...but we taxpayers are feeding and housing illegal aliens. Go figure!

What in the heck is wrong with our politicians? Why are they SO incompetent or so corrupt or so intellectually deficient? Why are they mostly democrats?

WWII General George Patton said, "Politicians are the lowest form of life on Earth. Democrats are the lowest form of

politician.”

Then comes Communist-Muslim Zohran Mamdani to become the next mayor of New York City. This guys arrived from Uganda, and now he intends to turn NYC into another Uganda--and the voters in NYC are going to put him in the mayor's office. We're talking dumb, stupid, asinine, putrid, mindless, half-witted, and doltish. All Muslims lie as supported by the Quran to further that religion's take-over of other countries. You're seeing it first hand in Europe. Be forewarned--Islam takes aim on America with every added Muslim to America.

Look at Somalian Ilhan Omar, a refugee from the miserable country of Somalia, now a member of the U.S. House of Representatives. She despises America. She's here to represent and aid Somalia. With a 68 IQ, (that's documented), she now features a \$30 million bank account in the last four years. She's done NOTHING to earn THAT much money. She's corrupt beyond understanding...and she needs to be deported for immigration fraud.

Talking about stupid, what about California's House Member Maxine Waters. We're talking an IQ somewhere between a tube of toothpaste and a toothbrush. She and Ilhan Omar should be made to take IQ tests, and then, tossed out of Congress...because they are too stupid to serve dinner at a soup kitchen.

Fellow American, whether it was the fraudulent citizenship of Kenyan born Barack...Barry Soetoro...Obama with his falsified birth certificate and Social Security number, or the likes of Ugandan Communist-Muslim Zohran Mamdani--we're in trouble.

When you add such intellectual giants like MSMBC's Joy Reid (dumber than a box of rocks, but can talk up a storm of B.S. filth against our nation), who hates America with every cell in her body, well, “Houston, we've got a problem.”

We need to start voting in American citizens who can actually solve our problems such as mass killings, horrible educational

systems in big cities, drug pushers killing our kids, car jackings, shoplifting, home invasions, violent riots against Jewish people, and other acts of violence.

We need hard, long and decisive prison terms for those who break our laws. If we need to terrify criminals into being good citizens by long prison terms, then let's do it.

We should support our troops, police and firefighters by putting those would harm them in lengthy prison terms. You kill a cop; you go to prison for the rest of your life.

We've really got to stand up for our country. We need to stand up for law and order. Let's start by deporting 20 million illegal aliens, and let's shut down legal immigration. We simply cannot sustain our overburdened civilization with more refugees. It's simply societal suicide.

[Part 1](#), Part 2,

Coming in Part 3: You ain't going to like part three of this series. Making our civilization unsustainable.
