

America, If We Can Keep It

By Karen Schoen, Ricki Desantis

November 15, 2024

I just love to look at that picture. Thank you to all the American voters who know America is worth saving. Donald Trump got the message out and it resonated with the American people. "Are you better off today than you were 4 years ago?" President Trump spoke directly to the American people. He did not divide. He didn't care who they were, what jobs they had, what color, what ethnicity, what gender. To him they are Americans who have come together to Make America Great Again. Surprisingly the people feel the same. You want to join the movement, just be an American, pledge to G-d and ask G-d to bless America and your family. We joined and we voted. Now we are together as one nation.

What does that actually mean? It means our work is not over. Our work in reality has just begun. No longer can we just sit and expect the people we elect to do the job we sent them to do. We can not expect them to know everything. We can not be naive enough to think they will follow through on every campaign promise they made, unless...Unless we watch them and conduct oversight. We must get to know them on a first name basis. know their staff members. Don't flood them with tasks they can't perform. Instead make a report card of promises made and check off when they are kept. Then publish the list on their social media page.

Treat them with the same respect you want to be treated. When they do good , tell them. When they do bad, tell them. When

you want some action write it out and be specific. You are the expert so do your research. Always remember, you get more flies with honey than vinegar. If we do not help clean up America, this may be the last President we choose.

Always tell the truth. Back it up with facts. When you see lies correct them in the comment section of their social media page. The Regime lies. We know that now. We must be smarter by not believing the government. Remember Reagan's 9 most scariest words, " I'm from the government and here to help." Harris lost because she lied. MSM will fail because they lied.

We read your lies and that was the problem, they were lies.

We voted and gave President Trump a mandate to clean up America and make America Great. How can we help? We can now focus on some of the challenges we face as a nation.

"Here is the big one: This is why they – the treasonous traitors – Biden – Harris – Mayorkas and company say these are "MIGRANTS" and not "ILLEGAL ALIENS"

Revised National Statement of the United States of America on the Adoption of the Global Compact for Safe, Orderly and Regular Migration – December 17, 2021

Introduction The Biden-Harris Administration is committed to safe, orderly and humane migration around the world, including the United States. In the very first days of the Administration, through a series of migration and protection[1]focused executive orders, President Biden established the framework for the United States to recommit to work collaboratively with governments, civil society, international organizations, and other partners to support humane migration, address the root causes of irregular migration, collaboratively manage migration in the region, rebuild the U.S. Refugee Admissions Program and other legal pathways for protection and migration, restore faith in the U.S. immigration system, include and integrate new U.S.

citizens into civic life, protect child migrants, and support family unity.

The purpose is basically to put Americans in debt while redistributing our money to their donors, NGO's and the United Nations to flood America with illegals and overload our programs. First order of business for the new congress, Stop the money flow.

The Illegal International Migration Act. This is what every American is living right now. Please read carefully, open your mind, utilize all cognitive & critical thinking skills without any bias. Please share this and wake up everyone you know. You will now understand why the border is wide open and nothing is being done to stop it. We must come together to stop it, or we will not have a country very soon. See URLs below and click on them after reading this. See it for yourself. “

The traitors in our government have stolen our wealth, technology and military to facilitate this plan on behalf of these globalists. We are on our backs currently and if we don't wake up and fight with Russia against this Tyranny in our government with President Trump now, and stop the wars in Ukraine, Russia, Palestine, Africa, and elsewhere, we will be slaves first, then placed in camps like prior history, and then be eliminated. This International Migration Act currently in full execution has us on the edge. We must stop it NOW!

The Ukraine War is to divide Americans, distract them from the real agenda and burden Russia economically and militarily along with sanctions, terrorism, and attacks to keep Russia and the European Countries from coming together and eliminating the International Global NOW Plan to eliminate all Sovereign countries and overwhelm them with illegals from the 3rd world and increase their debt massively into bankruptcy, destroying their currencies. All of the so-called leaders of the countries in Europe were groomed and inserted as puppets to enable the takeover, by the NWO, and eliminate their

sovereignty. Whether you like it or not, Russia has allowed us to stay alive and given us a chance to fight back now. Russia refused to give up their sovereignty just like Iran, Syria, Iraq, Libya. Did the light bulb go off yet? This is why Trump said he respected Putin.

The Ukraine War is being used to divide and distract Americans and propagandize Americans against Russia, the American Peoples' ally, once again (1776, 1812, 1862, 1917, 1941, now) in fighting the Globalist inbred Monarch Families, global central bankers (Rothschild), puppet leaders in the EU, the UN, etc., since they began the Global NWO Operation in 1991. Simply look up for yourself, the list of countries today refusing to and not part of the Rothschild slavery central bank system. You will find all the countries they lied about while creating a color revolution to institute regime change. Then the globalists attacked and destroyed, while they flooded the country with their created terrorist organizations to terrorize the citizens and control the country. You will see that Iraq, Iran, Syria, Libya, are some of these countries.

They Began the NWO Execution Plan (Bush Sr.-1991 UN Speech) to Remove All Countries Sovereignty by installing the EU & their Puppet Leaders to allow their countries to be invaded by 3rd World Illegals under this plan to massively increase their debt levels to bankrupt them & destroy their country, borders, infrastructures, freedoms, culture, norms laws, ability to defend themselves (like the Invasion of Russia beginning 1905, calling it the "Russian Revolution (1917-1922)", which resulted into the Communist Despot Lenin Revolution & Genocide of 20 million Christians.. The same opium wars that destroyed China is now being used on the western countries especially America.

They began with Rhodesia, then South Africa, South America, Central America, the Middle East, Europe & now, the last bastion of Freedom, Sovereignty & Military to defend it, the USA. This Illegal Act Biden Illegally signed required 3/4 US

Senate to approve it & is being used under a Cloward & Piven/ Marxist Strategy to Execute. See the Communist Manifesto. Trump must reverse this illegal Executive Order immediately, arrest all involved, charge them as Enemy Combatants &/or Treason if Citizens. He must order the US Treasury to Seize all their assets. I believe Bitcoin is being used to hide their assets, too. Contact your Congressman and send them his. Tell them to stop the flow of money and deport all illegals.

International Migration Act signed By Biden
