

# American Democide 2024

By Lex Greene

December 19, 2023

Why was J6 declared an “insurrection” when even the [FBI investigation](#) concluded that there was no evidence of any such thing? Why have the Nazi global elites labeled every red-blooded American a “threat to democracy” and every Christian a “right-wing extremist?”

Why has the O’Biden Administration illegally flooded our country with more than 8-million military age males from more than a hundred foreign toilets, including the terrorist hotbed in the Middle East, while causing international conflict with Russia, China, North Korea, and the Middle East?

Why are millions of American kids swarming the streets of our cities in support of known terror groups Hamas, Hezbollah, and Islamic Jihad? When did every Poison Ivy League college in the USA become run by far-left extremist female lesbians, now staffed by more than 96% of whom are proud far-left extremists? These people are true parasites...

Why has the Democrat Party spent millions of taxpayer dollars and eight years in an unprecedented “get Trump” witch hunt intended to take out a political opponent using outright lies and bogus charges in an endless and baseless attack on the most popular political figure since Reagan?

Why are the Obama’s producing scare-films, or are they “predictive programming films,” like “[LEAVE THE WORLD BEHIND](#)” and the Spring 24 blockbuster “[CIVIL WAR?](#)”

Like the Obama's said in their C quality movie, "it's easiest to take over a country from within, [in three simple stages](#)" ...

1. Isolate the people (CV19)
2. Synchronized Chaos (health, economic, ideological, religious, class warfare, lawfare)
3. coup d'état – Civil War – collapse (the end)

The simple truth is a quiet coup d'état of the United States Federal Government took place on January 20, 2009. Since that day, the USA was put through a systematic "fundamental change" by way of numerous unconstitutional policies, most of them Executive Orders. [Kenyan Barack Hussein Obama](#) did exactly what he said he was going to do... "fundamentally transform America."

He also built his "citizen army" in [BLM](#) and [ANTIFA](#), both of them funded and commanded by DNC international money laundering outfit, [ACT BLUE](#), created by Obama & Co. in 2004, having raised over [\\$12-billion](#) in international laundered funds aimed at destroying the USA since.

For four brief years, Trump threw a monkey wrench in their maniacal plan to destroy America. But failing to "drain the swamp" on arrival, Trump was soon eliminated from the equation by way of the [most unlawful election cycle](#) in human history. [Trump was flushed out of the White House](#) by the [global elites in charge of both Obama and Biden](#).

Massive [evidence of the 2020 theft](#) was everywhere, despite all who falsely claim no evidence exists. Over 70 attempts to present that evidence in a court were turned away at the door due to an alleged "[lack of legal standing](#)" to enter the court. State Elections Laws were violated in all 50 states in 2020 and 2022!

The answer to all of this and much more, is a preparation of the United States for final collapse in what can only be called Democide.

*“Democide is the murder of any person or people by their government, including genocide, politicide, and mass murder. Democide is not necessarily the elimination of entire cultural groups but rather groups within the country that the government feels need to be eradicated for political reasons and due to claimed future threats.”*

The Clinton, Obama, and Biden regimes are by far the three most criminally traitorous and dangerous families to ever enter the halls of government in the USA. But a significant portion of US society is no longer able to even tell what gender they are, much less properly identify good from evil. So, they will continue to vote themselves and everyone else into chains, with the help of millions of illegal voters.

Our government and the global elites who control them have set a timer on the end of the USA, and they have caused every ill facing our nation today, with grave intent. That timer is set for 2024...

**All of this hell on earth could have been avoided in 2008 if Americans had enforced just one simple clause in Article II of the US Constitution, the natural-born Citizen clause...**

- *“As the society cannot exist and perpetuate itself otherwise than by the children of the citizens, those children naturally follow the condition of their fathers, and succeed to all their rights.”*
- *“The country of the fathers is therefore that of the children; and these become true citizens merely by their tacit consent.”*
- *“in order to be of the country, it is necessary that a person be born of a father who is a citizen; for, if he is born there of a foreigner, it will be only the place of his birth, and not his country.”*

**ALL others are blatantly constitutionally ineligible to occupy the Oval Office, PERIOD! Obama, Harris, Haley, Cruz, Rubio,**

## **Ramaswamy, and other frauds.**

But it's not just the USA. They have done the same to countries all over the world in a maniacal plot to eliminate a vast majority of human beings and meld every once sovereign nation into a global commune under their total fascist control.

For eight years, Obama tested his plot across the Middle East toppling six of seven governments in his so-called "Arab Spring" operations, wherein he used "free Obama phones" to ignite "organic uprisings" backed and commanded by his administration. The same system is used to direct and mobilize BLM, ANTIFA, and now millions of illegals pouring into the USA at all borders.

How did you think millions of pro-Palestinian flags, t-shirts, and posters were ready to hit the streets on college campuses all around the world in under 24-hours from the October 7<sup>th</sup> attack on Israel? Only possible under the guidance of the great community organizer... Barack Hussein Obama.

The young people today do not know that all forms of totalitarianism – Marxism, Maoism, Leninism, Stalinism, Communism, Socialism, et al; are forms of fascism. They have been Pavlov trained that freedom is fascism. They believe that government is the solution to their every problem, when in reality, government is the source of every problem.

They claim to oppose racism while acting out in the most racist fashion possible on a daily basis. Young Americans can't possibly be any more backwards than they are, and even worse, they are trained to not listen to people with a lot more experience and wisdom than them.

All the way back in 2008, when Hillary Clinton was a "sure thing" DNC nominee for President, the globalist plan was eight years of Hillary, followed by eight years of Obama...sixteen

years to finish off the USA, ending in 2024.

But global powers advanced the nobody from nowhere to become the DNC nominee for President instead, a foreign agent and US imposter they held total control over, Barack Hussein Obama. In his eight years, he successfully fundamentally transformed America. Millions of Americans knew it and had had enough of the DC cabal, enough to elect a non-politician to turn the tide in 2016.

But the swamp was simply too deep and wide. They tried to remove Trump on arrival via the 25<sup>th</sup> Amendment and failed. They tried to eliminate him with two baseless impeachments and failed. So, they removed him by way of the [most fraudulent and illegal election cycle in all of human history](#) and the entire world knows it.

They have since chased Trump and his family in every failed legal process available in an effort to prevent the most popular political figure on earth from seeking office again, and they are still failing, because there is no basis for their witch hunt.

As for the so-called GOP challengers, DeSantis, Haley and Ramaswamy, along with the other losers, they all know 2020 was stolen from Trump, the GOP, and the American people. So, why are they running against Trump, instead of working to make sure he is re-elected?

If any of them were what they want voters to think they are, they would have worked to expose 2020, and would be supporting Trump and his 100-million voters today. But they aren't, they are just more WEF members of the global cabal in current control of our country.

What we face now is democide 2024... the extreme global left will not back up or back down without being forced to back down.

Are there still enough real Americans for the task ahead?
