

America's Eventual Suicide: Joe Biden's Legacy to Future Generations

"Immigrants devoted to their own cultures and religions are not influenced by the secular politically correct façade that dominates academia, news-media, entertainment, education, religious and political thinking today," said James Walsh, former Associate General Counsel of the United States Immigration and Naturalization Service. "They claim the right not to assimilate, and the day is coming when the question will be how can the United States regulate the defiantly unassimilated cultures, religions and mores of foreign lands? Such immigrants say their traditions trump the U.S. legal system. Balkanization of the United States has begun." (Speech in 1991)

Letter from reader in Australia who read my column, **"What's Happening to America is NOT Fun to Watch."** (NWV, October 2, 2023)

No... it's not fun to watch Frosty. And it's happening quicker than the plot changes in "The Days Of Our Lives." I know over on the other side of our planet; we only get the very good or the very bad of what is going on... but to me these days the **U.S. resembles a dysfunctional Central American republic along with its commensurate corruption.** I will get to see its complete collapse in my lifetime... and I'm already 72.

Once the U.S. loses its management rights to the worlds reserve currency...which as you would know is slowly taking place... it will be all over but the shouting. I'm a little surprised that more Americans aren't moving to New Zealand. I guess it's just blind faith in the past that makes you all hang on and hope that things will turn around. Regards, Gary Shaw, Australia.

The U.S. Border Patrol announced that 8,000,000 (million) illegal aliens have been processed at our southern border at the behest of Joe Biden in the past 33 months of his administration. Biden expects another 4,000,000 by the end of his first term. If he is re-elected for a second term, he would invite another 12,000,000 (million) illegal aliens to cross our border. That would equate to 24,000,000 foreigners of every human shape, size, culture, language, brain and world view.

As it stands, America houses 50,000,000 legal immigrants as of 2023. We house at least 20 million illegal aliens at this moment. That's 70,000,000 foreign born. If you add Biden's second term totals at 12,000,000 illegal aliens--that adds up to 82,000,000 legal and illegal aliens housed in our country.

In other words, the American people are being replaced by an invasion of third world people, from a line that explodes by the day, with no regard for our lives, our culture, our language, our environment and our way of life. That doesn't include our "quality of life" that's being destroyed. That doesn't include the fact that the more people we add, the more they burn fuel...and that adds up to accelerated "climate change" which disrupts our ability to grow crops, live within normal temperatures and enjoy our usual rainfall.

Right now, in New York City, 170,000 homeless people overwhelm that "sanctuary city's" ability to function. Same with 100,000 homeless in San Francisco and Los Angeles. That's added to 10,000 in Denver and another 10,000 in Seattle. This

journalist witnessed them this past summer. It's a friggin' nightmare for residents of those cities. Another 20 cities are experiencing tens of thousands of homeless.

If you travel in the Southwest--Mexican, Hispanic and Latino radio and TV stations dominate the airways. Spanish is taking over the four border states. In other words, English no longer dominates the American landscape. As reported before, 800 different languages are spoken in NYC daily...other than English. That means 800 different world views. That means a HUGE percentage of 8.3 million people living in "The Big Apple" do not share American values, culture, language or appreciation for our history or the U.S. Constitution.

How much longer and how many more immigrants can our culture sustain before we see outright violence against ourselves? Did you see what happened to Israel over the weekend? Over 700 civilian lives slaughtered. Another 1,000 wounded. Reality check: Jews and Muslims cannot co-exist. Of course, Muslims cannot co-exist with any Western Country.

What would it be like in the USA if we imported 10,000 Sunni Muslims, 10,000 Shi'ite Muslims and 10,000 Kurdish Muslims into the same area of Michigan? Answer: **all-out war!** Those people hate each other with a vengeance and kill one another with total ferocity.

Did you see the news where American police are guarding Synagogues and Mosques in our big cities? If you watch Europe, the Jews are terrified by the Muslims who have taken over Belgium, France, UK, Germany and many other countries. Muslims HATE Jews and want to eradicate them off the face of the earth. It's their duty as commanded by the Quran.

So, if we keep up this massive immigration invasion, how do you think we're going to turn out? What do you think will be Biden's legacy for your kids?

"Diversity within a nation destroys unity and leads to civil

wars,” said social scientist Garret Hardin. “Immigration, a benefit during the youth of a nation, can act as a disease in its mature state. Too much internal diversity in large nations has led to violence and disintegration. We are now in the process of destabilizing America. The magic words of destabilizers are ‘diversity’ and ‘multiculturalism’.”

Stefan Molyneux axiom: “Diversity plus proximity equals conflict.”

America cannot become the “charity ward” for the world’s desperately people. We cannot degrade our citizens for Mexico, Africa, Asia or Central America’s poor. We cannot save Africa’s refugees when we suffer 13 million American children living in poverty and 1.5 million homeless. We cannot pay for immigrants’ food, housing and education when we’re \$33 trillion in national debt. We cannot save the rest of the world’s people, but by importing them—we will destroy our own society and civilization. Exponential growth cannot be sustained. The third world’s poor prove that as they explode across the globe and race toward first world countries. Look at Europe! It’s headed for the toilet of Islamic and African misery. We must think about and care about our citizens first, middle and always. It’s time to change the ‘good ole boy’ network of corruption in DC. If we continue on this current path, by adding another 100 million legal immigrants, and millions more refugees, we face collapse into a multicultural-diversity nightmare of overpopulation and sociological chaos.

Finally, if Israel cannot escape Islamic terror, how do you think we’re going to contend with this terrorizing statement by someone who is a legal American Muslim immigrant?

“Islam isn’t in America to be equal to any faith, but to become dominant. The Qur’an should be the highest authority in America, and Islam the only accepted religion on Earth.” Omar Ahmed, director of Council on American Islamic Relations.

Muslim Takeover

"Make no mistake...the Muslims have a long range plan to be the dominate religion in the world. There is not one case in Europe or the US where their society has assimilated. This is their religious mission. Europe has all but lost to the invasion of Muslims....they now represent 5-10% of the population in every country in Europe....with no assimilation.

"Between 2000 and 2010 the number of Mosques in the US doubled to 2,400. All of the money to build these Mosques has come from Saudi Arabia. Most of these Mosques are being located in areas where there are no Muslims....in strong hold heart of America land. These are seeded areas for Muslim groups to cluster....and spread from there. Mohammed Muslim-seed will spread across our great land."
