

America's Severe Storms of May 2024 are Following the Same Path as the April 8 Solar Eclipse

June 1, 2024

THE SEVERE WEATHER PLAGUES UPON AMERICA THROUGHOUT MAY OF 2024: FLOODS, HAIL, STORMS, AND TORNADOES ARE FOLLOWING THE PATH OF THE APRIL 8, 2024 SOLAR ECLIPSE

No major earthquake or catastrophe occurred in the United States on May 18, 2024, forty days after the April 8, 2024 solar eclipse, a prediction some made based on conjecture according to the warning Jonah issued to the people of Ninevah (Jonah 3:1-4). This does not preclude the possibility of a major earthquake occurring in the United States as the climax of a pre-judgment of America. America is currently under judgment from God by way of cicadas (Exodus 10:1-20), floods, golf ball to softball size hail (Exodus 9:13-35), storms, and tornadoes.

America's severe weather plagues are thus far following a pattern: they are following the same path as the April 8, 2024 solar eclipse across America.

THE UNITED STATES IS A NATION THAT HAS REJECTED AND FORGOTTEN GOD. THEREFORE AMERICA DOES NOT RECOGNIZE GOD'S PLAGUES, DESIRES TO REPENT OF ITS NATIONAL SINS

America is a nation that once honored and revered God, but is now a nation that has kicked God and Bibles out of the public school systems and the public square, relegating discussions and expressions of faith to 501(c)(3) government-controlled churches and private venues. Having kicked God out of the classrooms, the American education system has replaced Judeo-Christian values by teaching every form of sexually immoral conduct to children. America, on the national level, is a nation that now embraces sin under the guise of freedom, liberty, and human rights.

As the severe storms tear through the path of the April 8, 2024 solar eclipse, many mainstream media news outlets are attributing the cause of America's severe weather to global warming, as they fail to recognize that the severe storms of May 2024 in America have followed the same path as the April 8, 2024 solar eclipse indicating something different. Some of the severe weather is now turning to America's east coast.

America's severe weather in May 2024 was not due to global warming, which is what the adversary, Satan, wants people to believe. The severe storms of May 2024, traveling along the same path as the April 8, 2024 solar eclipse, indicate a signature from Almighty God that He is judging America, according to His sovereign will.
