

America's wish list for 2016

As 2016 roars into life, you probably wrote a list of things you hope to accomplish in your personal life in the coming year. If you didn't write it down, you probably made a few promises to yourself. The key: you must take action to make your life productive, purposeful and successful.

The same goes for our country. We need a vision, a plan and a course of action. I hope most Americans feel the need for positive change. Examine these wishes for the New Year.

For 2016, after the seven-year train-wreck Barack Obama engineered against our country, I hope Barack Hussein Obama quickly fades into our rear view mirrors. He proved himself contemptuous of the American people of all colors. Obama usurped our U.S. Constitution by illegally breaking its mandates. He took the law into his own hands with his executive amnesty of millions of illegal aliens who violated our laws and continue to violate our laws.

He jumped our food stamp dependents from 36 million to 48 million because his mantra for "hope and change" didn't include creating jobs for whites, blacks or Hispanics. During his White House years, he did nothing to change the job pictures for most African-Americans who suffered unemployment. He led no one out of poverty, but he plunged millions of Americans into the poor house.

When you realize that he oversaw 73 percent of African-American children arrived out of wedlock and into welfare poverty—but he did nothing—you wonder how did he fool so many for so long with his lack of leadership.

Obama jumped the federal deficit from \$13 trillion to \$19 trillion. It shows you how incompetent his reign of governing, especially since he played so much golf, instead of steering our country toward prosperity.

As to violence, he never once changed the 6,000 annual black on black killings in America. But he did create the greatest racial unrest we've seen since the 60s. As to violence, he oversaw incredible Muslim violence against Americans here in America by importing millions of Muslims that equated to the Boston Marathon Bombings, Chattanooga, Tennessee killings and on to the San Bernardino massacre.

Along the way, set in motion the importation of 200,000 Muslim Syrian refugees against the will of the majority of the American people, who eventually, if not stopped, those Muslims expect to rain down more terror upon our country. This Muslim president expects to carry out as much violence as possible by seeding our country with his fellow Muslims.

"Islam isn't in America to be equal to any faith, but to become dominant. The Qur'an should be the highest authority in America, and Islam the only accepted religion on Earth." Omar Ahmed, director of Council on American Islamic Relations.

Which leads me to my highest wish for 2016. If you look at presidential candidates on both sides of the aisle, you see the same old tired faces of career corrupt politicians. They lie so much they think it's normal. Hillary Clinton and Marco Rubio—if either of them carried the White House, you would see zero change of improvement in America. You would see the same old open borders and immigrants flooding into our country by the millions annually. You would see the same old "free trade" killing our middle class Americans by stealing jobs.

You would see endless and cyclical welfare keeping blacks, poor whites and Hispanics subsisting on food stamps rather than the dignity of working a job. You would see Obamacare crashing onto the rocks of bankruptcy.

That's why my wish lists includes a man who will fundamentally take America back to her successful roots: our U.S. Constitution and the rule of law.

Whether you like him or not, Donald Trump speaks to the America's future. Not platitudes and bromides! Yes, he's brash and yes, he gets the job done. He doesn't blow smoke up your pants like Obama's "hope and change" idiocy seven years ago that amounted to total incompetence.

"Let's make America great again" beats anything Obama ever said or did. Let Trump's ego work for you. He's a proven leader. He knows how to succeed. When he talks, he follows up with action and results. He's All-American. I want an American president born in this country by American parents and who grew up in this country—and love America. I want a president who cares about our citizens' welfare rather than those arriving illegally. I want a president without 13 Muslim aides in the White House working for the overthrow of America.

Obama's top aide Valerie Jarrett said this in 1977 in the yearbook at Stanford University: "I'm an Iranian by birth and my Islamic faith. I am also an American citizen and I seek to help change America to be a more Islamic country. My faith guides me and I feel like it is going well in the transition of using freedom of religion in America against itself."

For certain, I want our laws enforced such as arresting, prosecuting and jailing employers of illegal aliens. Take away jobs from illegal aliens and offer them at a living wage to Americans. The illegals will pack up and go home on their own dime without jobs to sustain them illegally in our country. I want new "fair trade" laws that bring manufacturing back to America. I want our kids given quality educations with English as the standard of excellence in the classroom. I want all legal and illegal immigration stopped. I especially want all Muslim immigration stopped so my kids and our neighbors don't become collateral damage like San Bernardino or Paris, France.

That's my 2016 wish list. What would you add to it? What do you want for your country? What do you want for your kids?

If you vote the same old career, corrupt politicians into office, you're going to see the same old results from both sides of the political aisle. Happy New Year 2016.

If you don't want a Paris, France or San Bernardino event in your community, it's time to call for a total "Immigration Shutdown Now."

Call your senators and House rep: 1 202 224 3121. Demand a stop to all immigration and stop to any Syrian immigration.

Definition of slogan: "Immigration Shutdown Now means the American people want a total shutdown on all legal and illegal immigration. That means we want all illegal immigration stopped by arresting, prosecuting and jailing employers of illegal aliens. We deport all illegal aliens by taking their jobs away and as we catch them. We want English mandated as our national language. We demand a cessation of Muslim immigration in order to protect our culture, language and way of life. We can't save the world but we can destroy our civilization. We demand a stable population that allows everyone to live, work and thrive into the 21st century. Especially our children." FHW

That's why you need to take action. Send this series to everyone in your network. Educate them. Urge them to take action by joining these websites to become faxers of prewritten letters and phone callers. We must force Congress into an "Immigration Shutdown Now!"
