

“Anchor babies” and Ignorant Judges, Part 3

Authored by Devvy Kidd not AI

January 27, 2025

“Timid men prefer the calm of despotism to the tempestuous sea of liberty.” –Thomas Jefferson

In part 1 (Jan. 12, 2025) and part 2 (Jan. 13, 2025) I covered the issue of infants born on U.S. soil automatically becoming U.S. citizens. Nothing could be further from the truth. Last week as soon as Donald J. Trump was sworn in, the usual maggots and cockroaches filed lawsuits. Hell, the ink wasn't even dry on Trump's official documents. 22 States, two cities and a slew of pro-lawlessness all filed.

It wasn't just the ACLU, political whores, “non-profit” agenda driven organizations and “churches”. The biggest profiteers have been NGO's (Non-Governmental Organizations). Like the rest of the above, they're part of the mob who deliberately ignore federal LAW to aid, abet and harbor ILLEGAL aliens for big money. NONE OF THEM GIVE A DAMN ABOUT THE LAW. It's all about agendas and moola – out of YOUR paycheck while you work your arse off to keep food on the table for your family.

All the “experts immediately jumped on the 14th Amendment as proof babies born on U.S. soil automatically become U.S. citizens. All these “experts” who couldn't find their southern sphincter with a schematic of the human body.

January 23, 2025, another ignorant judge barfed up his

opinion. John C. Coughenour is the senior judge for the U.S. District Court for the Western District of Washington State. (It's called forum shopping.) **Judge Coughenour is 83 years old.** Appointed by Ronnie Reagan.

[Federal Judge Blocks Trump Bid to Restrict Birthright Citizenship](#) – “A federal judge on Thursday put a temporary block on US President Donald Trump’s attempt to restrict birthright citizenship.

“The ruling imposes a 14-day halt on the enforcement of one of the most controversial executive orders Trump signed in the hours after he was sworn into office for a second term. “This is a blatantly unconstitutional order,” US District Judge John Coughenour was reported as saying during the hearing in Washington state.”

Coughenour appears to have spent part of his 40 years on the bench in the basement. The author of that article on Breitbart presented this: “Birthright citizenship is fundamental to America’s national identity, with the 14th Amendment to the US Constitution decreeing that anyone born on US soil is a citizen.

“It says, in part: “All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside.” Oh, brother.

In both parts 1 & 2 I hammered on the history of the 14th Amendment and the key wording which Judge Coughenour apparently has either no understanding of the wording or he simply chooses to ignore it. In fact, back in 1993, one of the biggest liars and crooks ever to serve in CON-gress, the now deceased Sen. Harry Reid (member of the Democrat/Communist Party USA) submitted the strongest anti-illegals bill ever written and let me quote from my column, August 24, **2014**: (Emphasis mine)

A BILL: STOP ALL PUBLIC WELFARE IN ANY FORM FOR ILLEGAL ALIENS

– “His statements were to announce a bill he introduced back then titled the [Immigration Stabilization Act \[S.1351\]](#). I’m betting it was not written by Dirty Harry, *but by lawyers who know what they’re doing and the sure to come legal challenges*. It covers the whole gambit of turning off the trillions spent over the past 28 years since Reagan sold us out. One section I want to highlight: TITLE X–CITIZENSHIP

SEC. 1001. BASIS OF CITIZENSHIP CLARIFIED.

“In the exercise of its powers under section 5 of the Fourteenth Article of Amendment to the Constitution of the United States, the Congress has determined and hereby declares that any person born after the date of enactment of this title to a mother who is neither a citizen of the United States nor admitted to the United States as a lawful permanent resident, and which person is a national or citizen of another country of which either of his or her natural parents is a national or citizen, or is entitled upon application to become a national or citizen of such country, shall be considered as born **subject to the jurisdiction of that foreign country and not subject to the jurisdiction of the United States within the meaning of section 1 of such Article and shall therefore not be a citizen of the United States or of any State solely by reason of physical presence within the United States at the moment of birth.**”

I added an [Appendix](#) to that column: “Demand they (CON-gress) vote to pass Dirty Harry’s bill eliminating his Sec. 503 and replace with Sections 5, 6 and 7 of the bill I wrote denying illegals access to our schools and medical. See [Appendix for my bill.](#)”

“Dirty Harry was speaking about the legal fiction called ‘anchor babies’ something I have been very vocal about: [States Must Fight Legal Fiction Called Anchor Babies](#), Dec. 9, 2011. “It is astounding how many elected public officials support

illegal aliens who sneak into our house like criminals in the night, stealing jobs that belong to Americans and bankrupting cities and hospitals for “freebies” they have no right to receive, backed up by federal judges who should have been removed from the federal bench decades ago. In April 2008, the very popular, New Jersey Gov. Chris Christie, prostituted himself during a speech for votes at an event sponsored by the Latino Leadership Alliance of New Jersey by assuring his audience illegal aliens were not really here illegally, but were simply “undocumented.”

“The ‘unofficial’ number of unemployed Americans is close to 25 MILLION. Those “undocumented” criminals Gov. Christie refers to are illegally holding 11.5 MILLION jobs that belong to Americans and naturalized citizens. Shame on you, Gov. Christie for thumbing your nose at our federal immigration laws and encouraging even more criminals to break into our country. Roll out the welcome mat. Unemployment in New Jersey is holding at a steady 9.3%. Gov. Christie apparently doesn’t care if jobs go to illegal aliens instead of legal citizens in his state. After all, they’re simply “undocumented”. Well, what can one expect from someone who believes the hoax called ‘global warming’? Yes, Christie is on the record saying ‘climate change’ (the repackaged global warming baloney) is caused by human activity.

“Gov. Rick Perry here in Texas is also pro illegals despite his carefully crafted stump speeches. Almost six years ago, Perry signed a bill into law to steal from the taxpayers of Texas to give tuition breaks to illegal aliens attending state universities. **“Students” who have no right to even be on U.S. soil, much less take classroom seats in universities.** Voters beware: Rick Perry is not who you think he is; Perry’s actions speak louder than his campaign rhetoric.”

(Dirty Harry then changed his mind and became an open border pimp to stay in the good graces of the Democrat/Communist Party USA.)

This is also important in my column above: “This illustrates that Congress recently discussed the issue, and they can’t claim they were unaware. But we don’t have to take Dr. Fonte’s word for it. The following discussion by the various 14th Amendment Framers took place on the Senate floor.

“I took it from P.A. Madison’s research at <http://www.14thamendment.us> (use his link for footnotes):

“It is clear the framers of the Fourteenth Amendment had no intention of freely giving away American citizenship to just anyone simply because they may have been born on American soil. Again, we are fortunate enough to have on the record the highest authority tell us, Sen. Lyman Trumbull, Chairman of the Judiciary Committee... and the one who inserted the phrase: **“[T]he provision is, that ‘all persons born in the United States, and subject to the jurisdiction thereof, are citizens.’ That means ‘subject to the complete jurisdiction thereof.’ What do we mean by ‘complete jurisdiction thereof?’ Not owing allegiance to anybody else. That is what it means.**

“Then Madison quotes Sen. Howard, another Framer, concurring with Trumbull: “Sen. Howard concurs with Trumbull’s construction:

“Mr. HOWARD: I concur entirely with the honorable Senator from Illinois [Trumbull], in holding that the word “jurisdiction,” as here employed, ought to be construed so as to imply a full and complete jurisdiction on the part of the United States, whether exercised by Congress, by the executive, or by the judicial department; that is to say, the same jurisdiction in extent and quality as applies to every citizen of the United States now.[3]

“Mr. Madison continues with even more proof of what the 14th Amendment Framers meant: “Sen. Johnson, speaking on the Senate floor, offers his comments and understanding of the proposed new amendment to the constitution:

"[Now], all this amendment [citizenship clause] provides is, that all persons born in the United States and not subject to some foreign Power—for that, no doubt, is the meaning of the committee who have brought the matter before us—shall be considered as citizens of the United States. That would seem to be not only a wise but a necessary provision. If there are to be citizens of the United States there should be some certain definition of what citizenship is, what has created the character of citizen as between himself and the United States, and the amendment says that citizenship may depend upon birth, and I know of no better way to give rise to citizenship than the fact of birth within the territory of the United States, born to parents who at the time were subject to the authority of the United States.[4] And: "No doubt in the Senate as to what the citizenship clause means as further evidenced by Sen. W. Williams:

"In one sense, all persons born within the geographical limits of the United States are subject to the jurisdiction of the United States...All persons living within a judicial district may be said, in one sense, to be subject to the jurisdiction of the court in that district, but they are not in every sense subject to the jurisdiction of the court until they are brought, by proper process, within the reach of the power of the court. I understand the words here, 'subject to the jurisdiction of the United States,' to mean fully and completely subject to the jurisdiction of the United States.[5]

"Madison saves for last the greatest authority on the issue: "Rep. John Bingham of Ohio, considered the father of the Fourteenth Amendment, confirms the understanding and construction the framers used in regards to birthright and jurisdiction while speaking on civil rights of citizens in the House on March 9, 1866:

"[I] find no fault with the introductory clause [S 61 Bill], which is simply declaratory of what is written in the

Constitution, that every human being born within the jurisdiction of the United States of parents not owing allegiance to any foreign sovereignty is, in the language of your Constitution itself, a natural born citizen...[6]

“It’s important to note this statement was issued by Bingham only months before the 14th Amendment was proposed.” End of excerpt.

Now, I’ve spent quite a few hours reading more current articles than mine from 2014 (and years earlier) and January 2025. Some of the opinions are so cockamamy I have to wonder which AI program they used to come to such nonsense. I am fully aware time is a precious commodity for Americans but this is going to be a dirty, nasty “racist” fight to the end and for the sake of these united States of America we had better win or become another sh*thole like Somalia, Pakistan or what [Germany](#) is turning into.

We the People must sacrifice our time to learn from the history and intent of those men who birthed the Constitution and subsequent amendments. I know millions have, God bless you. I was just as ignorant about so much until 31 years ago when I began researching, giving up my career and paycheck (GS-11 DoD). I knew back then our sovereign country was target one to dissolve to become part of a world government. We can forget the Unreachables; die hard DemonRats who voted for Obama, Biden and Harris. I have one in my family so we stick to the weather, furr babies and the cost of groceries.

I do HIGHLY encourage you to read these. There might be some redundancy but each is worth the time:

[Federal Judge Blocks Trump Bid to Restrict Birthright Citizenship to Illegals](#), Jan. 24, 2025: “We knew there would be pushback but we are in for the long haul. Just to be clear, Trump was asserting the true meaning of the 14th amendment. Illegal parents are not part of the US jurisdiction; therefore, the child is not a citizen. Illegals do not have

any US Constitutional Rights.”

This will go to the U.S. Supreme Court with such smart justices as Ketanji Brown Jackson. ***She is a nitwit to put it kindly.*** Couldn't even answer “what is a woman?” during the sham confirmation hearings. SHAME on any U.S. Senator who voted to put her on the bench; all cowards because of her skin color not brain power. The equivalent of putting AOC on the Supreme Court. And don't count on Amy Coney Barrett. The carnage from those experimental injections is beyond words.

[14th Amendment – Birthright Citizenship – President Trump and the Constitution Versus the Supreme Court](#) - “What is at risk is whether the Supreme Court will socially engineer the law, following Justice Hugh's hubris of, “the Constitution is what the judges say it means . . .” Or, will the court rely on the original intent of the 14th Amendment and its legislative history, and explanation of the amendment's actual authors during ratification hearings.

“Today, the determination of national status in most parts of the world, as for the Virginia colonists in 1606, is a matter of positive law-either statutory or constitutional. But Calvin's Case began a three-century period in which the rule determining citizenship in the English-speaking world, a rule based on place of birth, was self-consciously the product of judicial decisions.” ‘Natural Law and Birthright Citizenship

There are many more but let me explain this regarding research. My dear friend (since 1998), Larry Becraft, a constitutional attorney for over 35 years has spent HUNDREDS OF HOURS collecting historical data and recognized law regarding "subject to the jurisdiction thereof..." He sent this in an email: 18th Amendment:

"Section 1. After one year from the ratification of this article the manufacture, sale, or transportation of intoxicating liquors within, the importation thereof into, or the exportation thereof from the United States and all territory subject to the jurisdiction thereof for beverage purposes is hereby prohibited.

14th Amendment:

"All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the State wherein they reside.

"What does "subject to the jurisdiction" mean? Does it include "within the jurisdiction" of the US? See attached."

The attachment was 93 pages: State Laws: "Subject to the jurisdiction of the United States" – all 50 states. He has a ton of historical research. Both Larry and Dr. Edwin Vieira (if he chooses) *should be two expert witnesses in any cases in the lower courts*. Larry because he has all the legal ammunition needed and Dr. Edwin Vieira who has been in front of past Supreme Courts and argued or briefed successfully; a brilliant legal mind.

The U.S. Solicitor General argues cases in front of the Supreme Court; [see here](#). The Acting Solicitor General since

Jan. 20, 2025 (a great day for America and now pedo Joe can get the medical treatment and supervision he needs for Stage 1 Alzheimer's) is Sarah Harris.

As we all know, the courts move slower than snails but we shall see. [Statement by President-elect Donald J. Trump Announcing the Nomination of Dean John Sauer as Solicitor General of the United States](#) – “I am pleased to announce that Dean John Sauer will serve as Solicitor General of the United States in my Administration. John is a deeply accomplished, masterful appellate attorney, who clerked for Justice Antonin Scalia in the United States Supreme Court, served as Solicitor General of Missouri for six years, and has extensive experience practicing before the U.S. Supreme Court and other Appellate Courts. Most recently, John was the lead counsel representing me in the Supreme Court in *Trump v. United States*, winning a Historic Victory on Presidential Immunity.”

If Sauer does become Solicitor General, he truly MUST meet with Larry and Dr. Vieira; back the U.S. Supreme Court into a corner they can't get out of.

In the meantime, please share this everywhere so we can help inform and educate our fellow Americans. Send the link to this column to X and Trump's Truth Social. The Democrat/Communist Party USA – *and make no mistake about it* – are going to fight dirty. There's already posts plans are being considered to impeach Trump as soon as possible. A joke because the U.S. House majority is held by Republicans, but makes for good headlines and fund raising. It also wouldn't surprise me if they try for blanket immunity for the close to 15 MILLION illegals who got into OUR country while Obama and Valeria Jarrett were running the WH because it surely was NOT career criminal, Joe Biden.

Tom Homan, all those in the Border Patrol, National Guard and other law enforcement now rounding up and deporting illegal criminals, rapists, thieves and freeloaders, thank you. Be

Safe doing a dangerous job for We the People.

Related: We must reinforce these are NOT “undocumented migrants”. They are illegal aliens *regardless of country of origin*. They have no documents because they sneaked into OUR country. Or, under old Uncle Joe, walked across the border and given paperwork so you can support them. There is virtually no way to prove who these law breakers are coming from almost 100 different countries or who they really are unless there’s a red flag from Interpol International.

That’s all it will take: Arrest a few mayors, governors and members of state legislatures who’ve given illegal aliens driver’s licenses:
