

# “Anchor babies” are NOT Automatically U.S. Citizens – Part 2

*“If anyone’s going to be deported, it’s going to be you! ... Get out! We are the future. You’re old and tired. Go on. We have beaten you – leave like beaten rats. You old white people, it is your duty to die. Right now, we’re already controlling those elections, whether it’s by violence or nonviolence. Through love of having children we’re going to take over.”*  
–Augustin Cebada, information minister of Brown Berets, militant para-military soldiers of Aztlan shouting at U.S. citizens at an Independence Day rally in Los Angeles. March 2006.

500,000 (I’m sure most were illegals) demanding they have the right to be here. They don’t give a rat’s arse about our laws; just how many jobs they can steal that belong to Americans while YOU and I pay their way.

[Backlash to stiffer laws](#) – “The demonstrators oppose legislation passed by the U.S. House that would make it a

felony to be in the U.S. illegally. It also would impose new penalties on employers who hire illegal immigrants, require churches to check the legal status of parishioners before helping them and erect fences along one-third of the U.S.-Mexican border. Photo credit to: Lucas Jackson / Reuters

If you didn't [read part 1](#), please do because it (and this part) contains the truth about the 'anchor baby' myth and what the authors of the Fourteenth Amendment clearly stated regarding babies born on U.S. soil by illegal aliens are NOT automatically U.S. citizens.

So called 'anchor babies' has been a tool of illegal alien females for decades to get their child U.S. citizenship when in fact, a child born of someone who smuggles themselves into OUR country, someone who was not invited into OUR country, **has no right to U.S. citizenship.**

Consider these words from Edward J. Erler, Professor of Political Science, California State University, San Bernardino, well over a decade ago:

Birthright Citizenship and Dual Citizenship: Harbingers of Administrative Tyranny Prof. Erler hit it out of the ball park: Children born on US soil of an illegal alien parent (or two parents) **regardless of country of origin** have no “right” to U.S. citizenship.

[2008 published in the excellent Impriris](#) courtesy of [Hillsdale College](#): “In sum, this legacy of feudalism—which we today call birthright citizenship—was decisively rejected as the ground of American citizenship by the Fourteenth Amendment and the Expatriation Act of 1868. It is absurd, then, to believe that the Fourteenth Amendment confers the boon of American citizenship on the children of illegal aliens.

**“Nor does the denial of birthright citizenship visit the sins of the parents on the children, as is often claimed, since the children of illegal aliens born in the U.S. are not being denied anything to which they have a right.** Their allegiance should follow that of their parents during their minority. Furthermore, it is difficult to fathom how those who defy American law can derive benefits for their children by their defiance—or that any sovereign nation would allow such a thing.

“There is no Supreme Court decision squarely holding that children of illegal aliens are automatically citizens of the U.S. An 1898 decision, *U.S. v. Wong Kim Ark*, held by a vote of 5-4 that a child of legal resident aliens is entitled to birthright citizenship. The *Wong Kim Ark* decision, however, was based on the mistaken premise that the Fourteenth Amendment adopted the common law system of birthright citizenship. The majority opinion did not explain how *subjects* were miraculously transformed into *citizens* within the common law.

“Justice Gray, writing the majority decision, merely stipulated that “citizen” and “subject” were convertible terms—as if there were no difference between feudal monarchy and republicanism. Indeed, Chief Justice Fuller wrote a

powerful dissent in the case arguing that the idea of birthright subjectship had been repealed by the American Revolution and the principles of the Declaration.

“The constitutional grounds for the majority opinion in *Wong Kim Ark* are tendentious and it could easily be overturned. This would, of course, require a proper understanding of the foundations of American citizenship, and whether the current Supreme Court is capable of such is open to conjecture. But in any case, to say that children of *legal* aliens are entitled to citizenship is one thing; after all, their parents are in the country with the permission of the U.S. It is entirely different with *illegal* aliens, who are here without permission. Thus repeal of the current policy of birthright citizenship for the children of illegal aliens would not require a constitutional amendment.”

CON-gress has refused to stop the massive invasion as a result of President Ronald Reagan opening up the flood gates for illegals. Republicans over the decades have done virtually nothing but point the finger at the Democrat/Communist Party USA when they held the majority and WH. And, oh – don't forget to vote for me in the next election! **In other words, CON-gress has done nothing to cure the cancer.** For decades millions of us been fighting the 'anchor baby' myth only be ignored by a Republican controlled U.S. House, Senate and White House under Bush, Jr., *who did nothing to stop the human tidal wave.* An invasion without an army.

History:

[Mexican and Central American Illegal Immigrants Sue Texas for Birth Certificates](#), July 24, 2015

"Citizens of Mexico and several Central American nations have filed suit, claiming entitlement to birth certificates for their children born in the United States. They allege that the Texas denies them the certificates because they do not possess the required identification.

"The parent plaintiffs of the 23 children claim that the State of Texas violates their children's rights because the Fourteenth Amendment to the United States Constitution provides that any child born on U.S. soil warrants American citizen. It also provides that they are citizens of the state where they reside. The plaintiffs and their children reside in Texas."

1. Texas is not violating their children's rights because

illegal aliens are not U.S. citizens and have no constitutional rights.

2. "...the Fourteenth Amendment to the United States Constitution provides that any child born on U.S. soil warrants American citizen." is simply repeating a fiction.

3. They and their children do not reside in Texas. They squatted here in Texas after sneaking across our border.

The article continues:

"They allege in their petition filed in U.S. District Court in Austin that the birth certificates are being denied because of their immigration status. They argue that, "Such refusal is de facto based upon the immigrant status of the Plaintiff parents." In the lawsuit, the parents do not refer to themselves as "immigrants," or "illegal immigrants." They refer to themselves in their legal capacity "as next friend."

"In the petition filed in federal court in the Western District, the parents cite the Equal Protection Clause and the Supremacy Clause, and allege that their rights are being violated under these sections. At issue is the form of identification that is now being required of parents by the Bureau of Vital Statistics in border communities. They claim that officials in Hidalgo, Cameron, and Starr counties deny them birth certificates lawfully theirs and their childrens'."

Again, it all comes down to the law: "...deny them birth certificates lawfully theirs and their childrens'." Since they broke the law by sneaking across the border, they are not here lawfully so stop trying to twist words to justify a lie they are somehow "lawfully" entitled to birth certificates.

[Mexican Government Files Brief in Case Demanding Birth Certificates for Anchor Babies, August 28, 2015](#) – READ. "We noted earlier the plaintiffs' complaint that "scores of women from Mexico and Central America have been denied birth

certificates for their Texas born children. Consequently, “This leaves the child with no birth certificate, and mother and child with no official proof of the parent-child relationship.”

[Texas can refuse to issue birth certificates to illegals' parents](#): court, Oct. 16, 2015

Too bad. They should have followed the procedures for *lawful entry* into the U.S. just like both sets of my grandparents (Palermo, Sicily [Italy] and Munich, Germany). And there was no unconstitutional federal welfare back then.

[Memo From Middle America: Trump Says “Eliminate Anchor Baby Loophole”](#) –Texas May Have Begun!, August 25, 2015

“According to the complaint by the plaintiffs, Texas officials refuse to provide birth certificates because they won’t accept the infamous *matricula consular*, a form of ID issued to illegals by Mexican consulates in the U.S, Now, illegals have to show a driver’s license or border identification or a visa with their passport.

“In Texas, an applicant for a driver’s license must produce documentation proving “Identity”, “Social Security number”, “U.S. citizenship or lawful presence status” and “Texas residency”. The “border identification card” is for foreigners who may live right across the border and are authorized to cross back and forth. It is a legal form of identification. But they didn’t have that either.

“The “visas with passport” part means Texas doesn’t accept a foreign passport unless it has a current U.S. visa attached [Texas fights suit after denying birth certificates to children of illegal immigrants, by Eyder Peralta, NPR, July 23, 2015]. Obviously, the plaintiffs can’t provide these documents.

“In effect, these illegals are demanding that the U.S. accept

an identification document issued by the Mexican government with the express purpose of facilitating the illegals' presence in the U.S. The Mexican government's subversive scheme only works because too many American jurisdictions do accept it. (And seeing how well it worked for illegal Mexicans, Central American countries began issuing equivalent documents to their illegals in the U.S.)"

The same thing happened during President Trump's first term in office with a GOP controlled Congress. They did NOTHING but our State Attorney General Ken Paxton did:

[Texas: No Birth Certificates for Illegal Aliens](#), 8-31-15

Number one on President Trump's desk after he's sworn in on January 20, 2025, is mass deportation starting with the worst of the worst. And maybe, just maybe, we will finally end this scam called "anchor babies":

[Homan and Trump Aim to End 'Anchor Baby' Citizenship](#), Dec. 19, 2024 Interview) – "Donald Trump and his border czar aim to end birthright citizenship as applied to illegal aliens who come to America, have kids, and use those kids as shields against deportation.

"Democrats exploit and abuse birthright citizenship by bringing in illegal aliens (sometimes by literally just moving pregnant women across the border) who subsequently have children while in America. Democrats then screech and wail and hurl accusations of cruelty when Republicans want to deport the illegal aliens in spite of the "anchor babies" who are citizens. And despite Democrats misinterpreting the [Fourteenth Amendment](#) to support this ploy, **the reality is that illegal aliens by law should not be here at all, and have no rights under the Constitution.**

"Unlike the legal immigrants and former slaves to whom the amendment originally applied, illegal aliens with the help of Democrats are illicitly exploiting birthright citizenship.

That is something NBC's "Meet the Press" doesn't want you to know, which is why Kristen Welker constantly interrupted Trump's comments this month on that show with her hysteria. "We'll maybe have to go back to the people, but we have to end it. We're the only country that has it, you know," he calmly told Welker.

"Trump explained the Democrat trick: "If somebody sets foot, just a foot, one foot, you don't need two, on our land – 'congratulations. you are now a citizen of the United States of America.' Yes, we're going to end that, because it's ridiculous... if we can, through executive action." That always was his plan before COVID-19 temporarily derailed and deranged the country, Trump emphasized. "We have to end it." We do, indeed."

In 2024, a whopping 400,000 illegal alien babies were born on U.S. soil now declared U.S. citizens *which they are not*. Back in 2015 when I wrote columns on this issue, it was costing every AMERICAN household \$700,000. Just imagine the cost **from the sweat of YOUR labor** today since the estimated number of illegal 'anchor babies' is 1.7 MILLION. Have the baby at some house doesn't get counted.

Deporting illegals also stops YOU from having to pay for their "free" health care (dental & vision, housing, food, clothing while you struggle to pay your health care premiums and prescriptions). **This IS a violation of the Thirteenth Amendment.** We the people have become **indentured servitude slaves** when it comes to illegals and all the phony asylum claims (93% rejected):

#### **Amendment XIII – Section 1.**

"Neither slavery nor **involuntary servitude**, except as a punishment for crime whereof the party shall have been duly convicted, **shall exist within the United States, or any place subject to their jurisdiction.**"

It's not just Americans and naturalized Americans being forced to work (indentured servitude) for freeloaders, those who steal jobs that belong to Americans and illegals who commit heinous crimes. These illegal aliens are bringing in diseases long ago wiped out in this country. Free surgeries which are collapsing hospitals around the country. Just try getting an appt with a specialist. Good luck. They're so overloaded it can take 2-3 months to get an appt with a doctor, not a PA (and many are very well trained). I know from my own experience last year. **Quit calling them migrants or undocumented immigrants. They are criminals who have violated OUR immigration laws. They are illegal aliens, period.**

[Denver hospital raises alarm about \\$136 million deficit it's scrambling to pay as migrant crisis worsens](#) (Emphasis mine)

"Denver Health, Colorado's biggest safety net provider, is on the brink of a major crisis due to unpaid medical care costs as the state grapples with a historic influx of undocumented immigrants.

"Dr. Steven Federico, chief government and community affairs officer for Denver Health, points to the thousands of migrants using the new health system – some of whom can't cover costs *or don't have medical insurance*, according to the *Denver Gazette*.

"Between 2022 and 2023, Denver Health saw an additional \$10 million in **uncompensated** care. Dr. Donna Lynne, CEO of Denver Health, told local outlets the hospital had \$60 million in **uncompensated care** in 2020, but by 2022, that number increased to \$125 million, hitting about \$136 million last year.

"Venezuelan migrants are living in Denver hotels, on sidewalks, and in cars, with shelters overrun, and Federico said it's common for patients to come in with a number of medical problems after making the long trek to the U.S."

[Illegal Immigrants Leave US Hospitals With Billions in Unpaid](#)

[Bills](#) –“Tens of thousands of illegal immigrants are flooding into U.S. hospitals for treatment and **leaving billions in uncompensated health care costs in their wake.**”

All those hospitals are left to pay their doctors, nurses, technicians, etc. to work so illegals can get a free ride – driving up the cost of your health insurance to make up losses if they can. You see (I have here at hospitals) signs at ER’s and doctor’s offices that say regardless of your citizenship they must provide you medical treatment. **Indentured servitude, a violation of the Thirteenth Amendment.**

[The 20 diseases ‘refugees’ bring into the West](#) – 2017 while Trump was trying to get the wall built to keep the diseased out who pass them along to you and your children as well as terrorists and the criminal cabal and gangs. The Democrat/Communist Party USA in Congress and other open border advocates fought him tooth and nail.

[Infectious Diseases Making the Border Crisis Worse – CIS \(READ\)](#) – “These are important points and, as an immigration judge, I regularly had to continue cases involving respondents who were in so-called “negative airflow” detention (that is, quarantine) because they had one communicable ailment or another or had been potentially exposed to someone who did. As the name “negative airflow” suggests, disease is not contracted in a vacuum. It has to come from someplace.

“I briefly alluded to the dangers of foreign nationals crossing the border with one of these illnesses in a February 2019 post about the increasing costs to the Border Patrol of providing humanitarian aid:

“In FY 2018, the [Yuma] sector [of the Border Patrol] incurred more than \$700,000 in medical care costs to cover 1,700 aliens who were apprehended and who had to be transported to the hospital. ... Other aliens show up sick, particularly children, some of whom are suffering from illnesses not generally seen

in modern American society, including mumps, measles, and tuberculosis, as well as others with influenza, scabies, and other skin diseases. Plainly, the Border Patrol is not able to turn these individuals away without treatment.”

[Every 2-3 months, DHS sends \\$600M in U.S. taxpayer cash to NGO funding illegal migrant invasion of America](#), Nov. 27, 2024 – The sweat of YOUR labor to aid and abet illegal aliens which is against federal law. **The new incoming DOJ needs to indict those involved in these schemes to steal from you and me.**

Illegals all say they want a better life for them and their children. **What about the quality of life for Americans and naturalized Americans?** Illegals are destroying this country. How many more funerals, young girls raped, you or a family member beaten and robbed? I’ve been asking those questions for decades while the liars and thieves in Congress hold committee hearings and trade political sound bites.”

Guess who pays the bill while YOU try to put food on the table keep your home or apt heated in winter and gas in the tank? In part 3, I will cover the propaganda regarding the economy: All the wailing and hand wringing there aren’t enough Americans to do work cheap illegals will do and a fair, humane and equitable ‘seasonable worker” program for our ag industry. **There’s always a solution once you take politics out of the problem.**

I hope you will post the link to this column on X, all social media and your email lists. **NO MORE** lying and excuses. **Let the mass deportation plan begin on day one after Trump takes the oath.**
