

# ANTIFA Are Communists Who Claim to Oppose Fascism

Americans who are paying no attention to the violence that's been targeting certain cities across America have ZERO understanding of the criminal domestic operation identified as ANTIFA who are nothing but thugs allowed to run wild in big cities like Portland, Oregon. Comrades and Nazis together pumping violence like a fire hydrant. Our republic is their desired prize. Freedom will blow like dust in the wind.

If you've watched enough coverage over the past six years, so many of the useful cannon fodder participating (most wearing masks) have no clue or understanding of what Fascism is, how it started, who started it and that **they are just gullible brainwashed fools in the game being played out across this country.** Oh, they think they're protecting "democracy" but are in fact working to destroy our country – a *constitutional republic and the greatest free nation on this planet – ever.*

They all love to scream and yell President Trump is a Nazi, a Fascist and more (part of the script) while burning local communities, attacking law enforcement and killing people. THAT is the history of this so-called "anti-Fascism" movement here. Violence is their weapon while too many governors and mayors protect this human trash (many being paid to travel from one city to another) who hate America and are willing to go jail for doing as much damage and destruction as they can.

Look at the injuries to her face: [Portland Police Bureau Blames Conservative Journalist for Being Attacked by Antifa, Claims She 'Instigated' by Simply Being There](#), Oct. 5, 2025  
**(SHAME on the Portland Police Bureau.** Appears that "police" bureau doesn't want journalists there who might capture film that would bring repercussions. Why do the people of Portland put up this with this lawlessness?)

Hate the local police who put their lives on the line every day to protect communities around the country and here we are with this "sanctuary city"[1] BS that is more *manufactured propaganda* that those cities have the right to stop federal agents (ICE, DOJ) from carrying out their lawful missions.

So what if they get arrested. They know this country is over run with bought and paid for DA's with George Soros non-profits money and they'll be out of jail before you know it. Likely it's not just Soros' money.

The real push for this started with illegitimate "president", Comrade Hussein Obama, who usurped the office of president. A flaming Marxist Muslim and continued once career criminal, liar and cheat (like Obama) who stole the 2020 election, old money bags himself, Joe Biden.

Let's not forget about the voters in states like California, NY, Illinois and Oregon who allegedly (election fraud is still rampant) [2][3]) elect political scum for governors like Pritzker, Newscum, Hochul (actually she slid into the governor's mansion after Cuomo resigned) and of course Oregon. Guv Tina Kotek is a proud queer (it's okay to "identify" as queer now). Everyone one of them not only approve but promote violence and resistance to federal agents lawfully rounding up illegal aliens – criminals who rape, murder, kill families while driving drunk and rob the citizens in their states. They don't give a sh\*t as long as those illegals vote Democrat.

Is it any wonder decent Americans who live in Oregon are still trying to become part of neighboring Idaho? [Movement to break off part of Oregon to join with Idaho has legs again](#), Feb. 18, 2025. I get a lot of email from people in that movement who either can't afford to move out of Oregon or their families have farmed and ranched for more than 100 years and they don't want to be pushed off their land by state protected, violent criminals like ANTIFA supported by bought and paid for DA's.

**ANTIFA is as phony as Black Lives Matter (all lives matter)** which ended up fleecing corporations while those at the top and their comrades in various states raked in millions for themselves among other crimes. Fortunately, DOJ has gone after some of them and will continue to do so.

## **ANTIFA movement is sedition**

[Antifa's origin story traced to Communist Stalinist group that aided Nazi rise to power](#) – “The U.S.-based Antifa movement has embraced the label and symbols of Germany’s Antifaschistische Aktion” – a Communist group whose actions enabled the Nazis to take power: “Antifaschistische Aktion was founded in 1932 by the Communist Party of Germany (KPD), which viciously opposed the more moderate leftist Social Democratic Party of Germany (SPD), dividing the opposition and directly contributing to the successful rise of the National Socialist German Workers’ Party (NSDAP) – the Nazi Party – and the eventual establishment of Hitler’s dictatorship.

“The first Trump Administration repeatedly sought to go after the far-left American movement known as Antifa, and now, in the wake of violent anti-ICE protests and the assassination of Charlie Kirk, President Donald Trump has [designated](#) Antifa as a “domestic terrorism organization.” Rest at Link.

These united States of America is a constitutional republic. Calling President Trump, VP Vance and people like me Fascists and Nazi’s is a ploy as *our internal enemies are itching for a civil war sane people don't want.*[4] For the bottom of the bucket low IQ useful fools participating (except the ones getting paid as they know their marching orders and also desire to destroy our republic), do you even know what [Fascism is](#)? Dictionary:

“A governmental system led by a dictator having complete power, forcibly suppressing opposition and criticism, regimenting all industry, commerce, etc., and emphasizing an aggressive nationalism and often racism. a political movement that employs the principles and methods of fascism, especially the one established by Mussolini in Italy 1922–43.”

We have a Constitution which explains in detail how various

public servants are elected, appointed, impeached, etc. and the limits placed on them so as to have a government of, by and for the people. To protect OUR soil and a judicial branch that is now as rancid as meat in the Texas sun in August. We have a Bill of Rights reinforcing our rights **given to us by the Creator of the Universe** and our government has no right to take them away.

That hardly describes America as a Fascist nation or Trump who has been endlessly persecuted by rotten, corrupt DA's given their marching orders by the shadow government. Twice they've tried to kill him for trying to protect the rights of *all* Americans.

Important read: [The Real History of Antifa – The dark history of the radical Left's enforcement arm](#), June 3, 2020. "With riots and civil unrest metastasizing across the United States, the president declared he intends to designate Antifa as a terrorist group. Predictably, the talking heads rushed out to declare that Antifa doesn't really exist, and even if it did the president couldn't possibly target it using that legal designation. They argue Antifa is an amorphous blob of discontents, not a functioning organization, and certainly not one which could be designated and targeted for concentrated counterterrorism enforcement.

"As usual, the Twitterati don't know what they are talking about. Reality is both simpler and more complex."

**I hope the FBI and DOJ are chasing down where is the money coming from** because what we've been seeing for years is no spur of the moment organic protest. Americans were warning Americans back in the 1920's forward about the plans by the Soviet Union to convert the US to full

communism. The majority simply weren't listening; the moonshine was too tasty. Then came the stock market crash of 1929 and Americans could only worry about how to find enough food for one meal a day; it was really bad. My grandparents and mother (who passed away in 2022 at age 93 told me so much history of that time. And grandma who passed away in the 70's and also lived through history, i.e., WWII; the undeclared Korean War and the missiles just keep on coming.

In the case of Black Lies Matter and ANTIFA, they (if arrested after throwing Molotov cocktails at police cars, burning buildings and beating up innocent bystanders, severely injuring police) are simply let go after a quick trip to the police station; their bail paid for by anti-American organizations.

**One of the most important books one should read** (fully footnoted with exhibits) how this poison ("Americans" who support socialism (liberals) and communism (progressives) was planted and grown is:

**The Venona Secrets: Exposing Soviet Espionage and America's Traitors** by Herbert Romerstein and Eric Breindel. Page 177 alone will make you sick and if you think too many state legislators aren't closet Comrades, you're fooling yourself. That book should be mandatory reading and testing in all senior high school civics classes.

The bottom line is now (finally) ANTIFA has been officially designated as a domestic terrorist organization, it's time to put them out of business before it's YOUR city/town that will look like a war zone. For those arrested and charged (including those convicted by a jury), that's a matter of public record so be sure to put that down on your next job application. Hate America so much? Then hie on over to North Korea, China or other communist or socialist countries and start shouting about fascism, burning police buildings, vehicles and destroying the lives of innocent people. Uh, that won't turn out so good in those countries.

**Don't thrown away your future over lies and well-crafted propaganda fed to you by ridiculously high paid college professors, nitwits on shows like The View, AOC, Comrade Mad Max Waters and the rest of the trash that have infested our state capitols, governor's and CON-gress.** There are good men and women in CON-gress but they need your help in exposing the true game plan for global domination; [see my column here for the truth.](#)
