

# Are Democrats Pushing Sharia Law

A fan thought I exaggerated when I wrote Sharia Law will spread like wildfire across America if Democrats win the White House. She feared my over-the-top statement about the spread of Islam will damage my credibility.

My statement is not an exaggeration. For crying out loud, the federal government illegally funded a national curriculum titled, "Access Islam". This indoctrination program outrageously teaches students how to become a Muslim – how to pray as a Muslim – how to perform Islamic "[daily worship](#)" and how to perform the "core duties" of being a Muslim.

A California school banned all Christian-based books from its library, including books by Christian authors. Superintendent Dr Kathleen Hermsmeyer says they do not allow "[sectarian materials](#)" on their state-authorized lending shelves. Public schools are [celebrating Islam while banning Christmas](#).

Public education is the battlefield of the culture war. Democrats use public schools to normalize the LGBTQ agenda in the hearts and minds of our kids. Upon infiltrating public schools, LGBTQ activists began molding and [shaping students into their image](#) beginning in pre-k. Democrats continue to up the ante, expanding deviancy. Students are being indoctrinated to embrace numerous dangerous sexual perversions under the umbrella of "healthy sex education"; BDSM, rimming, [anal sex](#), [asphyxiation](#), [gender-bending](#) and more.

Beginning with portraying pedophiles as victims of our closed-minded society, [Democrats are pushing to legalize pedophilia](#) along with 11 other perversions. Civil unions granted homosexuals the same benefits as marriage. And yet, Democrats chose to use activist judges to destroy God's sacred union of

marriage. This is a long way down the road from LGBTQ activists claiming they simply wanted tolerance. Today, many Americans quake in fear opposing any demand of LGBTQ activists. Democrats want government to mandate that Christians throw away their Bibles to fully embrace Democrats' anything-goes-sexually society.

Now Democrats are using government mandates to instill Islam in public schools while rooting-out Christianity. Remember Democrat AG Loretta Lynch threat to [jail anyone caught speaking badly of Islam](#)? Lynch's boss, [Obama, was the most pro-Islam and anti-Christian president](#) in US history.

Democrats use blacks, women, homosexuals and Muslims as useful idiots to further their extreme radical leftist agenda. For example. Democrats and fake news said that opposing Obama's punish-America policies was racist. Had Hillary won, opposing her leftist agenda would be branded sexist. If homosexual Democrat presidential candidate Mayor Pete wins the WH, opposing his extreme radical leftist ideas will be branded homophobia. If one of the antisemitic Democrats win the presidency, opposing their hate-Israel rants will be branded Islamophobic. This tactic is called "Shaming". Democrats and fake news routinely use shaming to silence all opposition, while forcing their anti-American and anti-Christian agendas down our throats.

Judge Jeanine Pirro's TV show was taken off the air for two weeks for daring to tell [the truth about Muslim Democrat Congresswoman Ilhan Omar's rabid bold antisemitism](#). Rather than strongly rebuking Omar's hatred for our ally, Israel, every Democrat presidential candidate decided to give Israel their middle finger by [refusing to attend AIPAC](#).

Can you believe there are "Muslim Community Patrol" cars in Brooklyn New York which look exactly like police cars? Disturbed residents are questioning why this is necessary because the NYPD is extremely diverse. These Muslim patrols

are allowed to stealthily enforce Sharia Law in their neighborhoods; [no homosexuals, no women wearing short skirts](#) and so on.

Respecting Islam, a California public school caved to [Sharia Law by forbidding students to draw images of Mohammed](#). And yet, Democrats defended the NEA funding "Piss Christ" which featured a crucifix submerged in urine.

My late dad was a Methodist pastor. Dad said every year for decades LGBTQ activists brought ordaining homosexuals to the table at their annual conference. Due to the Bible's clear rebuke, ordaining homosexuals was voted down. Then one year, it passed. We are seeing this same persistence tactic used to further Sharia Law.

Thank God Texas turned back the establishment of the [first official Sharia court in America](#). Do not become complacent folks. These people will never give up and will keep coming back at us.

Traditions, principles and values everyday Americans and Christians hold dear are under relentless attack by Democrat enemies-within. As a Christian, I view Democrats' aggression as the Spirit of Anti-Christ. Jesus proclaiming himself our savior and Lord is as repulsive to leftists as is showing Dracula the cross. This is why even though Islam clearly hates homosexuals and suppresses women, Democrats overwhelmingly prefer Islam over Christianity. Democrats are banning Christianity in public school while quietly replacing it with Islam.

No, I do not believe Sharia Law will overtake America. But if Democrats take the White House, Sharia Law will swiftly gain government-protected dramatic strongholds across America.
