

Are the “Parasitic Super-Rich Ruling Class” the Terminal Enemies of the People?

By Andrew Wallace

March 11, 2023

Somehow you must understand that The Parasitic Super-Rich Ruling Class(PSRRC) are the ULTIMATE architects and engineers of the “Final Solution” for your demise by degradation and starvation...or you will perish!

This has been true for centuries.

The Parasitic Super-Rich Ruling Class (PSRRC) consists of wealthy families and billionaires who are above the law. They create and manipulate the law, control the police powers and the judiciary, and always have.

They use their money to control the outcome of elections and bribe elected officials. They are and have been the ultimate and perennial Enemy of the People for centuries!

The Communist minions in ‘woke’ corporations, government, military, academia, and media, et al., are despicable foot soldiers of the PSRRC who sold you out for 30 pieces of silver.

Lenin’s “Useful Idiots” and other supporters of Communism and their own destruction are stupid and greedy people, who in their ignorance accept handouts and fairy tales.

How do I demonstrate to you that this is for all the marbles, without reruns? Either you resist and survive, or you lose forever. Forever is a long time.

I have prayed for years for the Lord to give me the words that would inform and resonate with you; only you can tell me if he answered my prayers. Your actions will be your response.

Anyone who supports war in Ukraine believes the propaganda (LIES), or is the recipient of bribes.

The basis for the war were false-flag attacks on their own people by Ukrainians, blamed on the Russians. The PSRRC (United States), not Russia, promoted the war for their own profit. Sanctions against Russia actually raised their economy, and reduced ours and Europe's!

All media and government reports on Ukraine are lies.

Our incompetent Military Flag Officers have waged "No-Win Wars For Profit" for more than 75 years, and lost every one of them... but generated huge wealth for the PSRRC.

Not one single conflict was to protect the vital security interests of the United States! American people paid for the wars, buried their dead, elected officials were bribed, and the PSRRC profited. Does this sink in yet?

The PSRRC and their Communist minions of the period have been attempting to destroy our Republic since its founding.

The turning point in PSRRC's favor came in 1913 when they replaced constitutional tariffs with the Income Tax, Federal Reserve Bank, and Tax-Free Foundations. This must be reversed.

It is little understood, but the use of tariffs would facilitate the return of manufacturing, and allow middle-class American workers to earn living wages, instead of competing with slave wages anywhere in the world.

Tariffs are to the Parasitic Super-Rich Ruling Class the same as a Cross is to the Devil. Tariffs bring back a prosperous and independent middle-class with the power to negotiate.

Tariffs terminate income taxes and force manufacturing to return to America.

Without income taxes and a Federal Reserve Bank, it is impossible to finance no-win wars for profit with bribed officials.

The Federal Government is on the verge of either outright default or inflating away the debt which has the same result: loss of all government benefits, Social Security, Medicare, Retirement, savings, et al. To put off the inevitable and to ENSLAVE everyone, government will attempt the use of another unconstitutional "money" known as digital currency.

A number of states not wishing to be destroyed to protect those in free-spending Communist cities and states have promoted the use of constitutionally-mandated gold coins in payment of debts.

They may be able to set up a parallel system of finance to protect their citizens. None of this should be necessary if the Federal government is divested of its privately-owned Federal Reserve Bank and the unconstitutional usurped functions that are the cause of this mess (federal government is ignoring Enumerated Powers limitations on its delegated powers under Article 1, Section 8).

The next best thing to taking away the funding of the PSRRC and their corporate minions would be to restrict them from controlling elections with their money.

You must refuse to vote for any politician who accepts funding from the Parasitic Super-Rich Ruling Class, for they have sold you out...or soon will! You should also refuse to support any state governor who doesn't have the guts and patriotism to

kick the following UNCONSTITUTIONAL USURPED federal departments out of his or her state.

These Departments have no legal standing whatsoever; they are fakes and frauds with no support in the Enumerated Powers, and are designed to transfer the people's money to the PSRRC:

Department of Labor,
Department of Agriculture,
Department of Health and Human Services,
Department of Education,
Department of Energy,
Department of Transportation,
Department of Housing and Urban Development.
God Bless Our Constitutional Republic
