

# Are We In Third Part Of George Washington's Vision?

George Washington, known as the 'Father' of this country was no fanciful silly man. He was highly intelligent and wise beyond his years from an early age. He, like the colonials of his time who fought for our independence, I like to say were our first veterans and since today is Memorial Day, I thought this subject should get more exposure.

A long, long time ago someone sent me a short pamphlet written by Dr. John Grady about George Washington having a vision so profound, the sender urged me to read it. I did. There are and have been doubters as to the authenticity of that event over the centuries but I believe it to be true. [Read it and](#) then read why I believe we're in the third part of his vision:

"This afternoon, as I was sitting at this table engaged in preparing a dispatch, something seemed to disturb me. Looking up, I beheld standing opposite me a singularly beautiful female. So astonished was I, for I had given strict orders not to be disturbed, that it was some moments before I found language to inquire the cause of her presence. A second, a third and even a fourth time did I repeat my question, but received no answer from my mysterious visitor except a slight raising of her eyes.

"By this time I felt strange sensations spreading through me. I would have risen but the riveted gaze of the being before me rendered volition impossible. I assayed once more to address her, but my tongue had become useless, as though it had become paralyzed.

"A new influence, mysterious, potent, irresistible, took possession of me. All I could do was to gaze steadily, vacantly at my unknown visitor. Gradually the surrounding

atmosphere seemed as if it had become filled with sensations, and luminous. Everything about me seemed to rarefy, the mysterious visitor herself becoming more airy and yet more distinct to my sight than before. I now began to feel as one dying, or rather to experience the sensations which I have sometimes imagined accompany dissolution. I did not think, I did not reason, I did not move; all were alike impossible. I was only conscious of gazing fixedly, vacantly at my companion.

“Presently I heard a voice saying, *‘Son of the Republic, look and learn,’* while at the same time my visitor extended her arm eastwardly, I now beheld a heavy white vapor at some distance rising fold upon fold. This gradually dissipated, and I looked upon a stranger scene. Before me lay spread out in one vast plain all the countries of the world – **Europe, Asia, Africa** and **America**. I saw rolling and tossing between **Europe** and **America** the billows of the Atlantic, and between **Asia** and **America** lay the Pacific.

“*‘Son of the Republic,’* said the same mysterious voice as before, *‘look and learn.’* At that moment I beheld a dark, shadowy being, like an angel, standing or rather floating in mid-air, between **Europe** and **America**. Dipping water out of the ocean in the hollow of each hand, he sprinkled some upon **America** with his right hand, while with his left hand he cast some on **Europe**. Immediately a cloud raised from these countries, and joined in mid-ocean. For a while it remained stationary, and then moved slowly westward, until it enveloped **America** in its murky folds. Sharp flashes of lightning gleamed through it at intervals, and I heard the smothered groans and cries of the American people.

**COMMENT:** *This part of the vision is probably describing the war of Independence.*

“A second time the angel dipped water from the ocean, and

sprinkled it out as before. The dark cloud was then drawn back to the ocean, in whose heaving billows it sank from view. A third time I heard the mysterious voice saying, *'Son of the Republic, look and learn,'* I cast my eyes upon **America** and beheld villages and towns and cities springing up one after another until the whole land from the Atlantic to the Pacific was dotted with them.

"Again, I heard the mysterious voice say, *'Son of the Republic, the end of the century cometh, look and learn.'* At this the dark shadowy angel turned his face southward, and from **Africa** I saw an ill omened specter approach our land. It flitted slowly over every town and city of the latter. The inhabitants presently set themselves in battle array against each other. As I continued looking I saw a bright angel, on whose brow rested a crown of light, on which was traced the word *'Union,'* bearing the American flag which he placed between the divided nation, and said, *'Remember ye are brethren.'* Instantly, the inhabitants, casting from them their weapons became friends once more, and united around the **National Standard.**

**COMMENT:** *This part of the vision is most likely describing the Civil War over which involved the slave trade that was brought to America from Africa.*

"And again I heard the mysterious voice saying *'Son of the Republic, look and learn.'* At this the dark, shadowy angel placed a trumpet to his mouth, and blew three distinct blasts; and taking water from the ocean, he sprinkled it upon **Europe, Asia** and **Africa.** Then my eyes beheld a fearful scene: From each of these countries arose thick, black clouds that were soon joined into one. Throughout this mass there gleamed a dark red light by which I saw hordes of armed men, who, moving with the cloud, marched by land and sailed by sea to **America.** Our country was enveloped in this volume of cloud, and I saw these vast armies devastate the whole country and burn the

villages, towns and cities that I beheld springing up. As my ears listened to the thundering of the cannon, clashing of sword, and the shouts and cries of millions in mortal combat, I heard again the mysterious voice saying, *'Son of the Republic, look and learn.'* When the voice had ceased, the dark shadowy angel placed his trumpet once more to his mouth, and blew a long and fearful blast.

"Instantly a light as of a thousand suns shone down from above me, and pierced and broke into fragments the dark cloud which enveloped America. At the same moment the angel upon whose head still shone the word **Union**, and who bore our national flag in one hand and a sword in the other, descended from the heavens attended by legions of white spirits. These immediately joined the inhabitants of **America**, who I perceived were will nigh overcome, but who immediately taking courage again, closed up their broken ranks and renewed the battle.

"Again, amid the fearful noise of the conflict, I heard the mysterious voice saying, *'Son of the Republic, look and learn.'* As the voice ceased, the shadowy angel for the last time dipped water from the ocean and sprinkled it upon **America**. Instantly the dark cloud rolled back, together with the armies it had brought, leaving the inhabitants of the land victorious!

"Then once more I beheld the villages, towns and cities springing up where I had seen them before, while the bright angel, planting the azure standard he had brought in the midst of them, cried with a loud voice: *'While the stars remain, and the heavens send down dew upon the earth, so long shall the Union last.'* And taking from his brow the crown on which blazoned the word *'Union,'* he placed it upon the **Standard** while the people, kneeling down, said, *'Amen.'*

"The scene instantly began to fade and dissolve, and I at last saw nothing but the rising, curling vapor I at first beheld. This also disappearing, I found myself once more gazing upon

the mysterious visitor, who, in the same voice I had heard before, said, *'Son of the Republic, what you have seen is thus interpreted: Three great perils will come upon the Republic. The most fearful is the third, but in this greatest conflict the whole world united shall not prevail against her. Let every child of the Republic learn to live for his God, his land and the Union'*. With these words the vision vanished, and I started from my seat and felt that I had seen a vision wherein had been shown to me the birth, progress, and destiny of the **United States**.

"This ended **General George Washington's vision and prophecy** for the **United States of America** as told in his words." You can believe or not believe the first hand account of someone who was actually there; up to you.

Last week another gutless coward murdered 22 innocent people, many of them children and injured another 150 over in Manchester, England. All in the name of some alleged god named allah and under the banner of the fake religion called Islam. ISIS, the worst savages to inhabit the earth in decades celebrated. Much has been written about this latest slaughter fest, but I hope you can take the time to read these because they most certainly are spot on:

Going back to Washington's vision, the black clouds I believe are the hordes of Muslims covering and destroying Europe now. If you'll notice 90% of all photos you see of Al Qaeda and ISIS: Dressed in black. Their 'official' flag is black with white lettering. They (Muslims) force their women to wear yards of material, wrapped like mummies with only their eyes and hands visible. All black in color. The color of death.

Our STUPID 'leadership' in DC and the treasonous illegitimate 'president' who left the WH this past January have and are doing everything in their power to continue flooding America with our enemy. Those who call Islam a religion but which is nothing more than a totalitarian ideology of hate and death.

– Think their names are Smith or Jones? "WCCO-TV in Minneapolis reported Thursday there is "growing concern" that the two brothers, 27-year-old Abdullah Alrifaha and 26-year-old Majid Alrifaha, may have been planning an attack."

Muslims are using OUR Constitution – particularly the First Amendment – to infiltrate and destroy our Christian nation. Make No Mistake About That. Who's Up for a Crusade? above should tell Americans to wake the hell up and understand Muslims are here to conquer US no matter how long it takes and with violence if necessary. We are now overdue for another

attack, mark my words. Terrorist cells are in this country training, planning and waiting.

We MUST continue hammering on our U.S. Congress critters: NO more refugees and no more Muslims. Period. Our country is in such deep doo-doo right now between massive unemployment, corruption everywhere, the illegals invasion – we don't need anymore refugees there's no money to support and ANYONE who is a follower of Islam and believes the hate filled garbage in the Quran should NOT be allowed into this country.

Stay in the face of your city fathers: NO mosques in your city or town. They are breeding and training places for 'kill all the infidels' jihadists passed off as houses of religious worship. Only a fool believes that.

In closing, thank you to all our veterans. Those who paid the ultimate price and those still among us.
