

# Arine murdered in South L.A. —where is Obama, Hillary, and the media?

“US MARINE SHOT IN SOUTH LA WHILE ON MILITARY LEAVE DIES:

“The 19-year-old U.S. Marine who was shot in the head while on military leave in South L.A. last week has died, officials said.”

So reads the headline and lead sentence of the ABC news report of September 20, 2016, on the death of Carlos Segovia, U.S. Marine Corps, only 19 years old. (ABC News report)

Marine Segovia, was not shot down in Iraq, Afghanistan, or other foreign terrorist war zone in the heat of battle with foreign enemies of America. He was murdered in cold blood on the streets of So. Central Los Angeles, apparently by urban thugs or gangsters, domestic enemies of America, terrorizing communities and turning urban areas like So. Central LA into domestic war zones with mounting death tolls.

According to police, Marine Segovia, while home on leave from Camp Pendleton, was shot in the head, twice, on Sept. 16, 2016, at approximately 11:30 p.m., as he sat behind the wheel of his car waiting for a traffic light to change at 31st and Washington streets in So. Central L.A. . The shots came from the car next to him, which apparently drove off when the light changed. Four days later, Marine Segovia was declared dead on Sept. 20, 2016. As of this writing, the murderers remain at large to continue on their murderous way, once again killing with impunity.

This is apparently the new norm of “America transformed” under Barack Hussein Obama. Life is now that cheap and dangerous, and death so random, in L.A. and other American cities, even the life of a Marine who is living his life in service to

America.

It is so much the new norm that, outside of local media reporting, the death, the wanton murder, of U.S. Marine Carlos Segovia in So. Central L.A. has not been deemed "news worthy" enough by the media to be the subject of national news media reportage, nor media demands for action to stop such murders. The "talking heads" of television political punditry are not talking about the outrage of a Marine being cold bloodily murdered in So. Central L.A. There is no media outrage.

But, the most important question is not about just the failure of outrage or even concern over the murder of Marine Carlos Segovia by the political whores of the liberal national media who are so willingly pimped by progressive liberals in political power from the White House on down. The most important question to be asked is:

Where is Obama, Hillary Clinton, Attorney General Lynch, the Democrats most beloved Vietnam draft dodger, sexual predator, disbarred lawyer (for perjury) and Impeached President Bill ("BJ") Clinton, California Governor Jerry Brown, LA Mayor Garcetti, progressive liberal Democrats all, to denounce as an outrage the murder on South L.A. streets of a Marine home on leave, to pledge and take action to search out the murderers, and to vigorously prosecute the killers of this Marine?

After eight years of ruling-by-race of the Obama regime, eight years of unequal enforcement or non-enforcement of the law based on race, eight years of refusal to act against urban gangsterism and thuggism and instead to appease, coddle, and make excuses for preening urban terrorist thugs who have no fear of prosecution and burn, loot, rob, rape and murder with apparent impunity, American urban streets are no longer safe, even for Marines.

Even the murder of a U.S. Marine home on leave draws no immediate expression of outrage from the progressive liberal

Obama regime in Washington or the progressive liberal regime of Jerry Brown in Sacramento. There are no "executive" or other orders to finally take effective action against self-proclaimed urban terrorist gangster thugs from the government whose primary job is to keep Americans safe, at which Obama has been and is an abject failed President and Commander-In-Chief.

Obama, the Narcissist-In-Chief, the Peacock President, preened before his election in 2008 that "we are the ones we have been waiting for," and that he and they would "fundamentally transform" America.

Indeed, he and they are the "ones [they] have been waiting for" and he and they have "fundamentally transform[ed] America: The streets of major American cities are now of "third world" danger under a corrupt government, where even a Marine home on leave can be murdered without a peep of protest from the same President Obama and Would-be President Hillary Clinton who are so quick to condemn our police, or our military if they should commit an act of political incorrectness even in war, and to condemn "white" American patriots generally as "racists," "bigots," or "deplorables."

The names of thugs whose own misconduct has resulted in them being shot by police are now household names. They are made famous, rather than infamous. They are made "victims" of "police racism" rather than racist urban thugs terrorizing their communities, perpetrators not victims of crimes, whose deaths are decried as "racism" by police and whites generally.

The President of the United States aids-and-abets them, excuses their misconduct, refuses to hold them equally responsible under the law for their acts. Obama even speculated in one famous case that "if I had a son he would look like" the black alleged victim of a racist, unlawful homicide. Thus, before any evidence was in making an alleged victim of racist violence one who, when the evidence was in,

was shown to be the perpetrator of violence who died due to his own violent acts.

More generally, Obama, the purported “post racial” president further infamously observed that non-Harvardonian, Yalean, or other Ivy League-educated white people are just backward, racist, bigots “clinging to their guns and religion.” Not to be outdone, she who would be President, Hillary Clinton, the Hillarybeast of Benghazi, recently informed all of America and the world that those Americans opposing her election are just a “basket of deplorables,” who are “irredeemable.”

Why shouldn't urban terrorist thugs and gangsters believe they can get away with rioting, burning, looting, beating, knifing, shooting and killing, and murder of a U.S. Marine on American city streets when government in the Age of Obama reassures them constantly they are but victims of racism and not responsible for their own choices and acts, and the media make them famous as “heroes” to other thugs and gangsters by wall-to-wall coverage of their anarchic riots, interviewing them on national television in all their posturing self-glory as they riot, burn, and loot in alleged protest against “racism”?

Why shouldn't such despicable cretins believe they can with impunity stop at a traffic light, and open fire on the driver of the car next to them, murdering the driver, in this case a U.S. Marine, in an America “fundamentally transform[ed]” after eight years of Obama, and the prospect of more of the same by Hillary Clinton? They are but “victims,” after all, not to be equally held to the same standards of conduct as others.

Here is a name that Obama, Hillary, all of those who are “the ones we [progressive liberals] have been waiting for,” those “fundamentally transform[ing] America, and the media which is pimped by them should make a “household name” known to all Americans, of all races:

CARLOS SEGOVIA, United States Marine, wantonly murdered on the

streets of Los Angeles while home on leave from his chosen duty as a U.S. Marine to keep Americans, all Americans, safe from harm from all enemies, foreign and domestic. Dead at 19.

May the God U.S. Marine Carlos Segovia served bless and keep him; may America and the Americans he served as a Marine remember and cherish him. May he not have lived, served, or died in vain.

FOR GOD AND COUNTRY FOREVER; SURRENDER TO TYRANNY—INCLUDING THUG TYRANNY — NEVER!
