

Iran's Blood-Soaked Mullahs are Unworthy of the Iranian Name

They claim to be Iranians, but their loyalty lies not with the nation, not with its people, but with a warped ideology that glorifies submission over sovereignty. Their supreme leader, Ali Khamenei, and his clerics wield power not as stewards of Iran's glory but as enforcers of a foreign creed.

The Mullahs Ruling Iran Are Not Iranians

I have repeatedly said that the mullahs ruling Iran are not Iranians. They truly despise Iran and its glorious past. Genetically, they are mostly Arabs. They even hate its name. There were never any questions about the Islamists denigrating Iran and exalting Muhammad.

Israel's Fight is Iranian People's Fight

Israel's fight is Iran's fight. Netanyahu's vision is not just the destruction of a nuclear threat but the liberation of a people. The ayatollahs have brought Iran to its knees, but

Israel has given it a sword. “Your light will defeat the darkness,” Netanyahu told Iranians, and they are answering. The regime’s days are numbered, its lies unraveling, its terror crumbling.

The Only Path to Crush Iran’s Brutal Regime

This campaign will not be bloodless. The Iranian people, already burdened by the regime’s corruption and incompetence, will bear the brunt of these measures. Food shortages, skyrocketing prices, and crumbling infrastructure will hit hard, especially outside the elite circles of Tehran’s loyalists.

Rogue Judges Will Not Stop Trump’s America First Agenda

Congress is rising to the fight. Jordan’s oversight, Mast’s legislation, and the GOP’s relentless push to curb judicial overreach are the opening salvos in a war to restore constitutional order. These rogue judges may think they’re untouchable, but they are not. The American people will strip them of their ill-gotten power through their elected representatives. Trump will not bend. His America First agenda will not break.

Ken Paxton's Thunderous Charge to Oust John Cornyn

Texas stands at a crossroads, and the 2026 U.S. Senate race is shaping up to be a seismic clash that will shake the Lone Star State to its core. On one side we have Ken Paxton, Texas Attorney General, a relentless champion of conservative values and a loyal ally of President Donald Trump. On the other, John Cornyn, a fossilized relic of the Republican establishment, squatting in the Senate since 2002, delivering nothing but empty promises and betrayals to the people of Texas.

Kash Patel the Relentless Force Is a Man on a Mission

So let the satirists spin their tales. They're merely echoing what patriots already feel: the system is broken, and Kash Patel is the man to fix it. The Dunning-Kruger Times may have fired a fictional shot, but Patel's real battle is a revolution of truth. He's not hunting Pelosi's aides with a dragnet; he's hunting the lies that have poisoned this nation. The swamp is trembling, and they should be.

The Creeping Shadow of Islamization is Spreading Across Texas

Texas must hold the line. The investigations must crush EPIC's ambitions. Residents must keep the pressure on, flooding public hearings and demanding accountability from leaders like Muns. Use the Second Amendment, and the spirit of the Alamo still burns bright in Texas. If EPIC City rises, it's a death knell for American sovereignty in Collin County.

A Creeping Insidious Force is Threatening the Lone Star State

Texas, the unbreakable heart of American freedom, is under attack. A creeping, insidious force is burrowing into the Lone Star State, and it's not coming with guns or bombs; it's arriving with land deals, mosques, and a calculated plan to transform Texas into an Islamic stronghold. The evidence is undeniable

governance are lost to history.

Texas Under Siege: The Stealth Islamic Takeover We Can't Ignore

We can't allow Texas to become a testing ground for Sharia. Our leaders – Abbott, Paxton, and every red-blooded lawmaker – must combat this stealth invasion with every tool available to them. We've seen this alongside Senator Ted Cruz and President Trump, both battered by the Deep State for daring to defy the swamp.

This isn't about silencing Big Tech; it's about leveling the playing field. They've had their turn rigging the system; now it's time to take it back. The stakes couldn't be higher. Every election they manipulate is a step toward a future where our votes don't count, and our voices are mere echoes in their machine. We've seen the agenda, felt the betrayal, and understand what's at risk.

America Hating Rogue Black Robed Activist Judges Think They Outrank the President

Activist judges aren't the guardians of justice; they are usurpers in robes, intoxicated by their authority. They have transformed courts into super-legislatures, bypassing both presidents and voters. The Right cannot remain passive while these petty tyrants dismantle our republic.

Keith Self is the Texas Titan Who Smacked Down the Woke Mob

Self's stance isn't about hate; it's about standing firm. In a Congress where too many yield to political correctness demands, he's a rare figure who chooses to face criticism rather than pretend to be polite. The woke mob can shout as much as they want—Self's not budging, and neither are the millions who see through the emperor's new clothes. He's a Texas titan

The Story of the Liberty Gene

The Muslims' surrender of liberty is not merely a personal choice. The Muslims, having abandoned their most precious rights, are out to make all non-Muslims do so by hook or crook. It is said that misery loves company. And the type of

misery that Islam has visited on the Muslims and the Islamic lands is a rapidly spreading plague that must be resisted by all who cherish their God-given Liberty.

Texas Attorney General Paxton's Sham Impeachment

In the impeachment trial of Ken Paxton, upholding the principles of fairness, justice, and due process is of utmost importance. Senators can ensure a fair and just outcome by approaching the proceedings with an open mind, thoroughly evaluating the allegations, and adhering to procedural processes.

Will America Survive the Threat of Islam?

When our leaders, for instance, call Islam a great religion, they are appeasing, if not lying outright. We the people, elect our leaders and we hold them accountable to be honorable. When they are using their voice to call Islam a great religion, the most deadly threat to everything we cherish, not only do they legitimize Islamofascism, but also they infuse the rest of us with a false belief.

Defending AG Ken Paxton: Unveiling the Biased Impeachment Efforts

The impeachment proceedings against Ken Paxton have been fraught with questionable testimonies, a politically motivated investigation, ignored exonerating evidence, and a potential agenda of political retribution. It is crucial to consider these factors before passing judgment.

The Coming of the Mahdi

The world is a laboratory where the experiment with Islam shows irrefutable results. To the extent that Islam rules any society, that society is stagnant, backward thinking, repressive and violent. The Islamic Republic of Iran represents the cutting edge for the newly petrodollar-invigorated Islam.

The 2020 Presidential

Election

The story of Trump's stolen election serves as a stark reminder that our democratic processes are not impervious to manipulation and subversion. The actions of the Deep State have shaken the very foundations of our democracy, casting doubt on the fairness of our electoral process.

Israel Has a Right to Defend Itself

Self-defense is the right of every individual, group, or nation. The inveterate belligerent Hamas cannot expect Israel to refrain from retaliation when it lobs barrage after barrage of rockets at Israeli populations. Hamas and Islamic Jihad thrive on violence.

Is Islam Misunderstood

Acts of horrors committed in Islamic lands aside, it is disturbing to see Muslims dissimulate, sweet-talk, and use any and all means in free non-Islamic societies to convert people to their cult. Yet, if a Muslim, on his own free will decides to leave Islam he is condemned as apostate and automatically sentenced to death.

They Hanged Her for Teaching Love

One day the Mullahs' agents came to her house while the young school-girl was studying for her next day's English exam. The savage Islamists had another much tougher exam in mind for her to be administered in the horrific prison of the Mullahs. They were certain that...

The Threat of a Super-EMP

A Super-EMP attack or a cyber-attack that removes the grid is extremely serious. It's made all the more so because the North Koreans are about to test-launch another missile. They could very easily be launching a new satellite, this one carrying a Super-EMP device, in which case, if it is detonated over the center of the country, it could leave us in the dark...

My Forty-Fifth Anniversary

Although the Islamic Revolution forced the removal of the Shah of Iran and the war with Iraq was imposed on our motherland, I was still determined to go back home. What deterred me from returning was my family.

Political Correctness is the Incubator of Islamofascism

We, in the United States, further need to embark on a comprehensive legal, educational, and social campaign to eradicate the deadly plague of Islam. By effective action, we even save those peaceful Muslims from their own affliction. I am not hatemongering. I would love to see all Muslims become ex-Muslims and full-fledged members of a diverse tolerant democratic society.

Why Islamists Persecute the Baha'is

It is imperative for the free people of the world to defend freedom of conscience, including freedom of religion, irrespective of one's own personal belief. It is for this reason that as a person who is not a Baha'i, I find it my solemn duty to speak up on behalf of a peaceful people, severely-persecuted by the savage Islamists.

The Anachronism of Apostasy

Whereas the practice of slavery enslaves the body, the dogma of apostasy ensnares the mind. Whereas slavery is a shameful practice of the past, some shameless religionists still use the doctrine of apostasy to intimidate and severely punish people who elect to choose their own beliefs.

Iranian Diaspora

Protests are not a new event in Iran. They've erupted over the years – over election fraud, economic malaise, and civil liberties. But this time is different – an unprecedented revolution led by women and the support from men. What's fascinating about this revolution is the first time in history that women have been both the spark and engine of the revolution.

My Take on Islam

With each passing day, the death of Western Civilization – specifically, the death of Europe, will not have been a suicide, but a cold-blooded, premeditated murder, carried out by the western ruling oligarchy. This tragedy is happening in the United States. Muslim organizations have been busy working “stealthily” changing America in what is called “Soft Jihad,” or “Cultural Jihad,” or Stealth Jihad” in the United States.

Domestic Genocide in Iran

In short, we have an excellent opportunity to topple these parasitic terrorists once and for all. History will judge us all. At Munich, Chamberlain got an international agreement that Hitler should have the Sudetenland in exchange for Germany making no further demands for land in Europe. Chamberlain said it was 'Peace for our time'.

The Making of and Dealing With Jihadists

Bewildered by what fanatic Muslims do, some conclude that Muslims are brainwashed. Otherwise, how can their totally illogical belief system and barbaric behavior be explained? But the notion of "brainwashing" that is bandied about is the stuff of science fiction and Hollywood movies such as the Manchurian Candidate.
