

Trump's Inauguration 2.0: Returning America to Sanity

For millions of Americans, he's our kind of conqueror, our "man in the arena" who fights for We the People against They the Globalists. The boldest, bravest, most remarkably heroic President of our lifetime: Donald J. Trump, our fearless Commander in Chief! We can breathe a collective sigh of relief: sanity is about to return to America.

Who Will Vet the Vettors?

Without doubt, globalist-aligned dissemblers will seek to burrow into his Cabinet and beyond, pretending to be MAGA supporters. And since we can't see into the human heart, rigorous vetting is the best tool we have to keep such quislings from gaining a foothold in Trump's administration. Remember, this may be our last chance. We can ill afford mistakes.

Kamala Sinking Like a Lead Balloon; Trump Taking Off Like Elon's Rocket

In fact, just last week, both Wayne Allyn Root and Paul

Manafort compared this election to that of 1980 when Ronald Reagan trounced Jimmy Carter with a landslide victory. They predict Trump is about to have a similar landslide. American voters didn't like inflation under President Carter, and like it no better under Biden and Harris, among other things.

News Flash: Trump is Uncle Sam!

A vote for Donald Trump is far more than a vote for a man. In the face of the myriad assaults against our people, our liberty and our sovereignty—seemingly courtesy of the Leftist globalist elites' final push for their totalitarian "One World Government"—it is a vote for America!

Then & Now: Hidden Saboteurs Surrounding Trump?

Now it's up to We the People to make sure the man who stands for "Nationalism, not globalism," Donald J. Trump, wins the 2024 election so he can begin reversing the damage O'Biden and Kommie Kamala have wrought, and go about the business of cleaning up the Dems' mess and making America great again!

Kopy Kat Kamala

Remarkably, she's been able to grin, cackle and cheat her way up to the top, laughing at We the Suckers who could possibly be stuck with her wanton destruction of what's left of our country during the next four years if the Dems' world-renowned cheating machine can steal enough votes from Trump's landslide. But that's a tall order, and I believe the odds are still with us.

The Left's Apparent Coup D'état Against Trump, Version 2.0

Kimberly did finally resign—only when pushed hard— after what The Hill called her “disastrous appearance before Congress,” only to leave us with another stonewaller, Acting Director Ronald Rowe. At least we did get the satisfaction of watching several Senators rake him over the coals.

Two Shooters, One Location

Like many others, I've considered a number of possibilities of a second shooter, primarily because Crooks seems the unlikeliest of assassins, and because the Dems and Deep State allies long to be rid of Trump.

Shot Heard 'Round the World: Donald Trump miraculously survives assassination attempt

Yet Trump's rousing "Fight! Fight! Fight" message to the crowd was not only an inspiring battle cry—coming at such a moment, it was also a poignant one. This was a beloved President and Commander-in-Chief, essentially saying to the MAGA millions: "Even if they take me down, keep fighting! Fight for your country! Fight for liberty! Fight for your families! Fight so good triumphs against evil! Fight!"

Surprise, Surprise: Michelle's Running

Miraculously, the Dems have also already determined not only that the reluctant Michelle will run, but that she'll beat Trump—though she hasn't campaigned, raised money, held any rallies, delivered any speeches, or debated the hugely popular Trump. And they assure us she'll not just squeak by, but beat him in a landslide!

RFK Jr.: The Silver-Tongued Spoiler

Washington Times columnist Don Feder opines: “God knows Donald J. Trump isn’t perfect. But he’s all that stands between us and a totalitarian nightmare from which we may never wake up.”

April 13th, 2024: Iran’s Shocking Dress Rehearsal

Israel is now between the proverbial rock and hard place. If she doesn’t retaliate, the surrounding Arab Muslim states that are hostile to the Jewish state will view that as weakness, which encourages aggression on their part.

Tucker & Vladimir: The Interview of the Decade, if Not the Century!

Though summarily booted off Fox News only ten months ago, Tucker Carlson has singlehandedly pulled off the journalistic coup of the century. He’s now the envy of the myriad sycophants in mainstream media newsrooms, who do nothing more than read the scripts given them by their handlers, all of whom are in the pay of their globalist masters. Predictably,

they're attacking Carlson on cue, meaning he's over the target.

An Orwellian Switcheroo: Charging Israel with Genocide

That diabolical orgy of sex-and-bloodlust cannot be forgotten when one considers the current Israel-Hamas war. As the world now knows, Hamas poses an existential threat to Israel. Therefore those who support Hamas are supporting the eradication of Israel, i.e. genocide against the Jews. And in its genocidal resolve, Hamas is joined by likeminded Arab Islamists who continually plot, plan and attack Israel, directly or through proxies, e.g. Iran.

Blaming the Jews: An International Pastime

So before you "blame the Jews" for ancient and modern tropes that demonize the Lord's chosen people, remember you're simultaneously scourging them for their divinely appointed role of introducing God and the Bible to the world, fulfilling prophecy, and, as Christians and Messianic Jews believe, providing the world with the Messiah, whose birth we once again celebrated a mere three weeks ago.

Israel in the Crosshairs: Part 2, More Forgotten History

There was a watershed moment in 2005 when Israel under Prime Minister Sharon unilaterally gave the Gaza strip to the Palestinians, even forcibly removing Jewish settlers who'd lived there for decades and didn't want to relocate. The Israelis left them a thriving export business deriving from state-of-the-art greenhouses that supplied fruit and flowers to Europe.

Israel In The Crosshairs: Part 1 – A Soviet Psy-Op Second to None

There are three groups currently vying for world control. They are: the Chinese Communists, Muslim fundamentalists, and the Luciferian globalist elites with their plan for a New World Order/One World Government/Great Reset.

Is Dr. Robert Malone Friend or Foe of the Health Freedom Movement?

I'd go so far as to say that if Malone were to win his \$25 million defamation suit against the Breggins—heaven forbid—that would signal the end the freedom movement. None of its leaders would likely feel safe from such ruinous lawsuits. The Deep State and globalist cabal would have triumphed, and one must then assume that was the plan all along.

The Firebombing of Maui: Part 2

Thus in a corner of Maui, repository of much Hawaiian history and sacred cultural artifacts, where indigenous Hawaiians have lived for generations, they simply razed it with fire, incinerating properties along with many of their owners. Now they're having the ashes swept up and thrown in the trash out of sight of the people.

The Firebombing of Maui: Part

1

History may not exactly repeat, but it often rhymes. The above description sounds eerily similar to the effects of the inferno in Lahaina. Of course, Dresden was a major European cultural center in the midst of a world war, while Lahaina is a small town in Hawaii, so there the comparison ends.

The Brunson Brothers' Longshot

We the People have been wronged and there must be some redress of our grievances, which is what the Brunson brothers—and I suspect the majority of sane Americans—long for, and what patriots must stand for. And no matter when and how it comes about, I for one will hail it as Divine Intervention!

America in Name Only

America has all along been the jewel in the crown—the sought-after prize of the psychopathic elites. She's now imprisoned along with the January 6th patriots rotting in that filthy D.C. jail. It isn't hard to read the writing on the wall to figure out what happens if we do nothing. The wild card is what happens as we endeavor to take our country back, bit by bit.

The Knights of Senator Johnson's Round Table

The one and only good I see coming out of the Covid Plandemic and catastrophic, quasi-mandatory vaccine policies, is that we're seeing some Americans emerging as heroes during this dark time.

Make America Florida: The Case for DeSantis

Facing off against the radical, America-hating Left, DeSantis fought and won two major battles recently: protecting students in third grade and younger from the Dems' cherished "choose your gender" narrative, and poking woke Disney in its progressive eye. I'll wager Walt would approve.

Pandemic Monkeyshines

It seems the WHO is planning for ten solid years of pandemics, from 2020 to 2030. How does WHO know what, why and when? Unless, of course, Gates' minions—the WHO included—are feverishly planning and executing these pandemics. What better

way to accurately predict the future than by controlling it?

Dr. Scott W. Atlas: An American Hero

They say crises bring out the best and the worst in people. They also often inspire a few gallant men and women to rise to the occasion at great cost to themselves—whether that involves risking their livelihoods, reputations, or even their lives—to fight for the rest of us.

Vladimir Putin: Russia's Trump?

The two leaders, Trump and Putin, could not be more different in myriad ways. But they are alike in one important regard: both are nationalists at a time when the international globalist cabal is busily endeavoring to checkmate nation states to bring about its vaunted One World Dystopia—I mean One World Government.

QANON Dies Hard

Actually, Dave misrepresented both Trump's apparently sincere belief the vaccines would protect people and end the pandemic, as well as his decision to concede the election to Biden, which he did by leaving the White House. But Dave is consistent in one regard: the pretentious X22 Report continues to mislead and manipulate well-meaning, sincere patriots.

Trump Trumped

President Trump signed dozens of EOs during his term in office, and there may have been elements in some of them he'd have objected to if he'd been aware of them. The devil is in the details. This is how the Swamp operates—through obfuscation and deceit.

The Unmasking of Dr. Mengele S. Fauci

Speaking of the suffering inflicted by Fauci and his demonic globalist masters: Have you seen videos of erstwhile healthy young women with suddenly shaking limbs or whole-body incessant seizures as a result of being vaxxed? How do we know those videos are authentic? Simple: The fact-checkers have...

America's Hitlerian Henchmen

Ironically, American doctors are not only prevented from using life-saving therapeutics, they can't even talk about them without risking their licenses! So the powers-that-be have co-opted both free speech and the American medical profession in one fell swoop.

Preaching Beyond the Choir

Those of us who write for NewsWithViews and assorted Conservative and Libertarian journals are essentially preaching to the choir, which, by the way, I believe is absolutely necessary, as the choir doesn't leave the church during the sermon, but is inspired by it. Yet sometimes we need to reach out to the heathen as well.

The Covid McGuffin

In a very real sense, they were the scriptwriters as well as the filmmakers of the Plandemic, bringing to mind the movie Wag the Dog about a deliberately faked "war" presented to the public as real—which, in retrospect, now seems like mere child's play.

A Requiem for QAnon

A sign that we're still in the proverbial fog of war is that theories of all manner of plots and plans abound, giving people hope that even though things look bleak, we're headed toward that happy ending. And much of the encouraging news online comes from the mysterious, still anonymous "Q" and his cadre of analysts who unpack his cryptic messages for the trusting Q followers.

Dr. Anthony S Fauci: America's Angel of Death

Hollywood celebrities recently honored Dr. Fauci with an award for "courage" during a virtual gala for the AIDS Foundation. The glitterati heaped praises on the doctor, best summed up by actor Morgan Freeman who thanked him "for all of his efforts to keep as many of us alive as possible."

Never in America—right?

In a recent broadcast, Tucker Carlson featured a story destined to send shockwaves throughout America. In discussing Canada's new policy of mandatory detention of people who test

positive for Covid in “government facilities,” Tucker referred to these “facilities” as “internment camps.”

2020 Election Post-Mortem

Now that the putative Biden-Harris administration is going full tilt, as we catch our breath and reflect on what has transpired in our country, we would do well to consider the wider implications of the theft of this election. So let's return to the scene of the crime—actually, to the scenes of the multiple crimes inflicted on our nation.

The New World Order's Pied Pipers

Now it is up to us, We the People, to stand for our Lord, our Republic, our liberty, and our posterity. But to do so, we need to first acknowledge the truth of what has befallen us, painful though that may be. Then, like our forebears who founded this great nation, we oppose tyranny and do all we can to restore our Republic, our Constitution, and our sovereignty, so that government of the people, by the people and for the people shall not perish from the Earth.

How Many Covid-19 Vaccine Deaths Are Acceptable?

There are a number of doctors and scientists outside of the Big Pharma tent, with no vested monetary interest in this issue, who predict millions of deaths from these mRNA vaccines—magnitudes higher than anything ever seen from the Covid virus. We may call this speculation, but why use our entire population as guinea pigs in the first place?
