

Welcome to a Communist America

The centralization of the means of communications in the hands of the state, a key plank of the Communist Manifesto, is already being implemented in the United States under the one-party state now in power. Many conservatives are being censored under this regime, but I thought you might want to know how it works in practice...

Communist Disinformation About the China Virus

One of the most successful Chinese Communist disinformation successes of the last year has been to convince many people that the China virus is either a hoax or just another flu-like illness. Actually, the Chinese have never made that claim. They know the virus is real and that it kills in new and unique ways.

The Serial Killer Known as the China Virus

Good riddance to those shallow and gutless “conservatives” who fail to grasp and describe the enormity of the threat. Shame

on those who fail to hold China responsible and accountable for a virus that has become so deadly it has taken the form of being a state-sponsored serial killer of our fellow Americans.

With Republican Help, Steady Marxist “Progress” Under Biden

The Senate Republicans got a scalp. The mean Tweets of Neera Tanden got her nomination as Office of Management and Budget (OMB) director pulled by the Biden Administration. Wow. Has the GOP demonstrated it's a serious opposition party? But some Republicans seem eager to confirm Communist Party-backed candidate Rep. Deb Haaland in a far more important position – that of Secretary of the Interior...

Why the Communists Are Winning

As I note in *The Sword of Revolution* and *The Communist Apocalypse*, the Marxists see the U.S. as a society based on slavery which has since become the leading capitalist nation and must therefore be “transformed” into socialism on the road to communism.

We Need a Dose of McCarthyism

Rather than less McCarthyism, we need more. The Communists are taking over and most Republicans are pretending it's not happening. Let's hope that former President Trump, speaking at the Conservative Political Action Conference (CPAC) this weekend, outlines how he will take back the presidency from the Deep State.

What's Wrong with Republicans?

The truth is that a series of Republican governors put too much confidence in so-called "clean" and renewable sources such as wind turbines. They wanted to appear fashionable and trendy. Other sources of power also failed. But as energy analyst John Droz notes, even with a safety reserve of power, "...when wind goes to near zero in Texas, the Grid will have blackouts

Trump and Limbaugh Fortunes

Can Rebuild Conservatism

Donald J. Trump was evicted from the presidency by the Deep State, cancer has taken Rush Limbaugh, and now the Republicans running Texas have so mismanaged the power grid that they are asking for investigations that will inevitably lead to their ouster and a Democratic Party takeover of the state.

General George Washington Wouldn't Join Today's Army

Sadly, even while they claim to be defending the Constitution against all enemies foreign and domestic, the members of the Joint Chiefs are going along with the destruction of the military and their nation.

Glenn Beck Needs a Fact-Checker on McCarthyism

Whining about "McCarthyism," TV Personality Glenn Beck told his followers about one of his upcoming TV programs, saying, "Our new Red Scare is here, America. Are you on the list?" This was presented in the context of introducing Donald Trump Jr....

Catholic Bureaucracy Bows to Biden

With “Catholic” Joe Biden declaring war on the unborn, heterosexuality, and traditional marriage, the Catholic Church bureaucracy in Washington, D.C. has surrendered to the forces of Cultural Marxism. Defying logic, common sense, and Catholic teachings, the Archbishop of Washington, Wilton Gregory, has decided that Biden is a Catholic in good standing and deserves Holy Communion

Rep. Greene is a Victim of Kevin “McCarthyism”

King was eventually forced out of Congress by current House Republican Leader Rep. Kevin McCarthy because King was outspoken in support of saving Western civilization and opposing open borders and multiculturalism. McCarthy is now trying to accede to Democratic Party demands to censor and even expel Rep. Marjorie Taylor Greene, a Trump supporter.

The Republican Party at the Crossroads

In terms of the upcoming farcical impeachment trial of the former president, Republican Leader Mitch McConnell betrayed the president by echoing Democratic Party charges that he somehow incited the events of January 6 but then voted, in effect, to declare the impeachment trial unconstitutional.

Senate Republicans Endorse Biden's Deep State Picks

In his column, "Clinton's Brilliant Strategy," Dennis Cuddy suggests that the fate of Donald J. Trump, going out of office under questionable circumstances, is a function of Hillary and Bill Clinton's revenge. He writes, "Bill Clinton and the Democrats correctly believed that with Trump's political inexperience, he could as president easily be 'set up.'"

Trump Will Dance on the Grave of the GOP

After nominating a man who dresses like a woman for a top health post in his administration, Joseph R. Biden declared in his inauguration speech: "...we must reject a culture in which

facts themselves are manipulated and even manufactured.” That he/she is Dr. “Rachel” Levine, a man who wears lipstick and a dress and has been Pennsylvania Secretary of Health.

Rest in Peace GOP

That was demonstrated in the Georgia special Senate elections. John Gizzi, a veteran political reporter now with Newsmax, cites two reasons for the GOP defeats. First, Georgia’s Republican establishment, led by Gov. Brian Kemp, didn’t fight for President Donald Trump in his recount efforts.

The Consolidation of the One-Party Dictatorship

But the pro-China slant is not just evident in what former CIA people say and do. Trump’s Director of National Intelligence John Ratcliffe has now confirmed that intelligence about China’s 2020 election interference was suppressed by current top CIA officials.

Who Knew About and Planned the “Insurrection?”

Investigative journalist John Solomon also offers evidence of a planned attack. Hence, it was not a spontaneous riot emanating from Trump’s speech. Such a charge, still popular in the dishonest mainstream media, was bogus in the first place, since Trump had called on his supporters to march to the Capitol peacefully and patriotically.

America Is No Longer the Land of the Free

Authorities had already closed down churches, in the name of virus protection, before Big Government’s Big Tech allies began a crackdown on free speech. This will only have further disastrous consequences. President Trump won’t be able to stop the unrest.

Fact Checkers Should Investigate the Murder of Ashli Babbitt

I sent these “fact checkers” my own video interview of a person who was at the rally and saw Antifa-like people with

skeleton masks and smelled the dope they were smoking. Antonio Chaves told me what he saw and encountered at the rally. These people didn't seem to be Trump supporters. He saw a member of Antifa trying to break a window and Trump supporters trying to stop him.

U.S. Capitol Police Murder Trump Supporter

Tucker Carlson asked people to consider why Ashli Babbitt went to the rally in the first place. He noted, "She bore no resemblance to the angry children we have seen wrecking our cities in recent months – pasty, entitled nihilists dressed in black, setting fires and spray-painting slogans on statues. She looked pretty much like everyone else. So why was she there?"

Defeating the New World Order

This is the danger we face today, as many American struggle to understand how the communists waged war so easily within our borders, taking over major institutions, even the churches, as Americans intelligence agencies staged a coup against Trump.

The Death Toll from Drugs in America

Attorney General Bill Barr, who didn't detect voting fraud during the election and suppressed news of investigations of Hunter Biden during the campaign, has failed to enforce federal marijuana laws. He was a disgrace and bears some of the blame for allowing this poison to spread across America.

Globalists Unveil Their Latest Scheme

With their own peculiar brand of a New Year's resolution, the globalists are out with their latest plan – a Global Alliance to Defend Democracies. The feel-good ploy has two purposes –to divert attention from our own failing “democracy,” and to assemble a group of nations supposedly to contain Red China. It could attract the support of people who think there may be something salvageable in a potential Biden presidency.

Will Trump Start a Third Party to Take Back America?

Even worse, at a conference of the American Freedom Alliance, Higgins narrated a slide show that depicted Republican Senate

Leader Mitch McConnell and House Republican Leader Kevin McCarthy as being “a lot more dangerous” than the Marxist left because they offer a “cheap version” of what the Democrats are offering.

A Battle Against Lies

The problem we face today is corruption in government, the media, and the church that runs so deep that it is uncomfortable for some to even talk about it publicly.

Bill Barr Still Covers for the CIA

As Bill Barr is walking out the door of the Department of Justice to open presents on Christmas day, Kimberley A. Strassel of the Wall Street Journal tells us that he is an honest and upstanding Attorney General who believes there was no CIA role in the effort to bring down President Trump.

It's Time to Expose and

Punish Traitors

The dramatic hacking of federal government and private networks demonstrates the threat. What many won't concede is that these hackers, apparently originating in Russia and/or China, also have the demonstrated ability to hack into our electronic voting systems, and undoubtedly did so.

Is Trump Headed for Mar-a-Lago?

I still hold out the hope that Trump will somehow use executive power or the Insurrection Act to expose and arrest the saboteurs behind the election theft. But the Trump decision to allow Attorney General Bill Barr to resign, rather than be tossed out on his big rear...

The Fate of America is in Trump's Hands

But it's Jill Biden who wants Joe in the White House, as she desires the power to promote the Cultural Marxist agenda, as she did when Joe was vice-president under Barack Hussein Obama. One of her pet projects was transgenderism for kids, a cause embraced by Joe himself during a presidential townhall when he talked about 8-year-olds being given the right to

change genders.

How Trump Can Remain in Office No Matter What

People are not contributing tens of millions of dollars to Trump's Election Defense Fund just to see him walk away from the oval office if the "High Court" rules against him on spurious grounds. That's when Trump must exercise his constitutional authority to stay in office until a fair and honest election is held. Anything less would be a dereliction of duty.

Trump Must Release the Kraken

Klayman offered to do the job for Trump. All Trump has to do is appoint Klayman as an interim special counsel (who doesn't need Senate confirmation) and he can investigate and uncover wrongdoing. He's probably the most aggressive lawyer ever seen on the conservative side.

America's Turkey is the CIA

Disgusted with cable news, including Fox, I turned on "Pawn Stars," where people sell items, sometimes real and sometimes fake. The owners make sure the item is real before they bid on it. They would never buy into the "results" of the 2020 presidential election.

Why Joe Biden Cannot be President

Jobs are now being lost and reports indicate that 23 million Americans didn't have enough to eat last week. Trump has to use every executive measure he has to defeat the lockdowns being imposed by governors like Gretchen Whitmer of Michigan and keep the country open.

Joe Biden is a Sore Loser

In Venezuela, of course, the Marxists ran the regime. Here, the Marxists are trying to steal the government away from the legitimate president and election-winner Donald J. Trump.

Remember Churchill's Words to "Never Surrender"

Trump is Churchill in the current struggle. God is on our side. But beyond faith, we have to fight for national and personal survival. Our lives are in danger. It's that serious.

America Is Worse Than Communist Venezuela

It turns out that Christie is the Trump "adviser" who recommended Christopher Wray as Trump's FBI director. It was Wray who failed to lift a finger to stop the anticipated vote fraud.

America's Venezuela-style Election Farce

Regarding the election, we already have enough evidence demonstrating that massive fraud took place. People saw it for themselves. The mysterious votes out of nowhere which arrived the early morning after the election and turned several states against Trump constitute the proof we need. This is the kind of thing that happens in Venezuela.

Lies, Fraud, and Computer Glitches

What's more, he says, "The Democrats placed rather unusual looking 'police officers' to bar the door. I say unusual because their uniforms were not consistent. Some did not have badges and some were not well groomed."

Stop CIA Interference in Our Elections

Remember that former CIA officials Michael Morell, Michael Hayden and Philip Mudd all denounced Trump before he took office. Former CIA operations officer Evan McMullin even ran against him as an independent presidential candidate. Why are we the American people tolerating open CIA interference in our national elections?

The Fake Conservatives aka RINOs Are Selling Out Trump

I saw an anchor on Newsmax declare on Friday morning that Biden will be an illegitimate president if he wins. But he

can't win legitimately and should not be treated as president under any circumstances. Such a fate means America will have descended into the pit of being a banana republic. We will never recover.

The Big Steal Is Underway but Trump Won't Surrender

Hemmer and most of the rest of the Fox News crew are wedded to the liberal media narrative that is designed to guarantee a Joe Biden "victory" through phony projections and vote counts. But President Trump has already declared victory based on the reality of what he knows to be happening.

Glenn Greenwald's Half-Truths About the Intelligence Agencies

Glenn Greenwald is making headlines on Fox News about the CIA dominating the American media. The other more significant part of the story is that the CIA is doing Russia's bidding. That's why the CIA's role in facilitating the Russia-supplied dossier on President Trump is being covered-up by CIA Director Gina Haspel.

The Perverts and Those Who Protect Them

There is the Deep State, the Swamp, and what Biorseth calls the homosexual cabal now running the Catholic hierarchy. On November 3, they area all backing Biden for president. President Trump stands in the way of their grab for total power.

The Murder Plot Against the President

Investigator Chris Farrell asks why Barr fights Judicial Watch in virtually every Freedom of Information Act lawsuit seeking records over the Obamagate coup plot. Farrell, who was banned by Fox for criticizing George Soros on the Lou Dobbs show, has also drawn attention to CIA director Gina Haspel's role in Obamagate.

Pope Francis Covers for

“Catholic” Joe Biden

Whether proven true or not, it is not debatable that Joe Biden has taken leave of his senses, especially by abandoning his Catholic roots. He has serious family problems that need his immediate attention. He must answer to the reports of Hunter Biden using access to his father to make business deals with China and Ukraine.

Save Us from the Perverts, Liars, and Globalists

As a result, Biden was the strongest supporter of the United Nations in the entire Congress. He openly supports a New World Order, as articulated by George Soros, with NATO serving as front-line troops until the U.N. is strong enough to play the role of “global peacekeeper.”

Are there Enough Courageous Christians to Save America?

Deaths from the China virus number more than 1 million worldwide. Deaths from abortion worldwide number 1 billion. Interestingly, the China virus problem has been used in many states to shut down churches and keep abortion clinics open as “essential businesses.” In effect, the China virus serves as a

cover for mass murder and Christian persecution.

How Trump Can Outwit the Deep State and Remain in Power

If President Trump wins the November election, it will be a miracle. But miracles happen. Former Trump Campaign Deputy Chairman Rick Gates says the “Trump Factor” could be even bigger this year and that the projected “Blue Wave” could end up in ruins.

DNA Denial and the Rights of the Unborn

As California Attorney General, Senator Kamala Harris actually authorized a raid on a pro-life journalist who exposed how abortion has led to the trafficking for profit of aborted baby parts. She has no children of her own but doesn't want women or men to understand how the abortion industry is an evil institution that specializes in the destruction and sale of human life and human body parts.

A Judge Filled with Love for Humanity

A Christian wife and mother with pro-family views, federal Judge Amy Coney Barrett is an example of how light can survive the darkness of America's descent into demonic corruption so deep that it includes the dismemberment of live babies to harvest their body parts.

Trump Is Back in the Fight After Conquering the China Virus

The media wanted him dead. But for many Trump supporters, the circumstances surrounding the nature and timing of his infection remain a mystery. They are, however, grateful that Trump is back in the White House, ready to fight for his presidency.

Who Wants President Trump Dead?

The president's life is still in danger and we know that many people, here and abroad, want him dead. Before it's too late, we need to uncover what may turn out to be the most diabolical

plot in American history. All of those involved in preparing the debate and the debate stage have to be identified and interrogated.

Trump's Life Still in Major Jeopardy

The physician treating President Trump and first lady Melania Trump, Conley has made some contradictory statements about when the president acquired the disease and was evasive about when Trump started receiving oxygen to help him breathe and avoid some of the lung damage from the China virus.

“Crazy Nancy” Promotes Dope as Treatment for China Virus

The China plague has infected the president of the United States and his wife, the First Lady, and our media focus on masks. Even worse, House Speaker Nancy Pelosi is claiming that smoking marijuana is a “therapy” for coronavirus.

Trump Erupts Over Biden's Phony Catholicism

In the Tuesday night presidential debate, Biden talked about the importance of the Supreme Court, saying, "The point is that the President also is opposed to Roe v. Wade. That's on the ballot as well and the court...and so that's also at stake right now." It was clear from the context that Biden was making a pitch for the votes of those who support abortion on demand

CNBC Hires Former Fox Anchor to Bash Trump

One of the major homosexual power players in the media, Smith was a closeted gay early in his career but then began to talk openly about his lifestyle choices and attended a National Lesbian and Gay Journalists Association event in 2014 with other Fox News employees. It later became the Association of LGBTQ Journalists.

The "Trump Effect" Is the Republicans' Only Hope

If Gardner and the RINOS win, it's because Trump will pull

them across the finish line after they decided to vote for Trump nominee Amy Coney Barrett to the Supreme Court. The “Trump Effect” is their only hope.

Judge Barrett Is the Answer to Ginsburg’s Legacy of Death

Perhaps in the afterlife, Ginsburg will be held accountable for the pain and suffering she inflicted on the innocent unborn. In the meantime, the Court needs a Christian judge willing to be guided by moral values. The choice is clear.

Should the Nation Mourn Ginsburg?

The New York Times headline, “As Nation Mourns Ginsburg, Trump Vows Nomination,” has two distortions. First, while many people are sorry to see her passing, the expression of deep sorrow is not something pro-life people would feel about someone whose rulings denied the humanity of the unborn.

Make Unborn Babies Great Again

People are motivated. For Christians, the yard signs and banners, “Jesus is Pro-Life,” and “Unborn Lives Matter,” are increasingly popular. Another popular slogan, borrowed from one of the president’s signature lines, is, “Make Unborn Babies Great Again.”

Trump’s Promise to “Fill That Seat” Excites Conservatives

McCarthy wagered “that a determined Republican effort to replace Ginsburg in the coming weeks would increase the chance that Biden defeats Trump, and that Democrats take the Senate while holding the House. If that happens, Democrats will repeal the filibuster, add four to six seats to the Supreme Court, and pack it with liberal ideologues. Whatever benefit will have been achieved by confirming a Trump nominee will be overwhelmed.”

Obama is the Power Behind the Biden Teleprompter

President Trump was accused of going too slow on a coronavirus

response. Now he's accused of going too fast. "Danger of rushing vaccine" screams the headline over the political gossip publication Axios, designed for elites in the Big Tech industry who don't read too much but want to know what to say and who to censor. Meanwhile, the liberals in the media are in ecstasy over Barack Hussein' Obama's new book

When We Had a CIA That Worked for America

Obama's director of the CIA was John Brennan, who voted for the Communist Party (CPUSA) ticket when he was in college but was hired by the CIA anyway and quickly rose through the ranks. He is implicated in the Deep State effort to destroy the Trump presidency.

Why You Should Cast a Vote Against the Media

They are worried that Trump voters are standing with the president and swing voters perceive that the mentally frail Joe Biden is not up to the job and that he will be a puppet of radical socialists who will undermine the economic recovery.

Restoring American Greatness Means Abolishing the CIA and FBI

Ignoring the nearly 200,000 deaths from the China virus, Conrad Black wrote, "Trump Has Had a Historically Great First Term," for a website called "American Greatness." This treatment of President Trump's first term comes from someone pardoned by Trump for financial fraud.

President Trump's Self-Inflicted Wound Could be Fatal

The death toll from the virus, after all, is approaching 200,000 in the U.S. alone, and Trump understands better than most that China bears criminal responsibility for releasing the disease on America and the world. This attack, which is continuing, is worse than 9/11.

The "Diabolical" China

VirusIs Worse than 9/11

The facts show that China has been directly involved in controversial coronavirus research funded by the National Institutes of Health (NIH). In the middle of this scandal is NIH director Dr. Francis Collins, an Obama holdover who publicly affirms his Christian faith...

The “October Surprise” Confrontation with Russia

The “October Surprise” is here. Now, less than 60 days before the presidential election, Trump finds himself in the middle of a confrontation involving Germany with Vladimir Putin and Russia. He can stand up to Putin and Merkel at the same time, while exposing the communists on the streets of America

The Curious Connection Between America’s Foreign Wars and the Enemies Within

If the media will peddle a phony dossier based on Russian sources about Trump, there is nothing they won’t say or do. They don’t care about our troops, or the fact that they have been sacrificed by the Bush-Clinton-Obama-Biden

Administrations in wars in Iraq, Serbia, Syria, and Libya. What the media care about is destroying Trump.

War is the Big Issue of the Campaign

As Senator Paul said, "President Trump is the first president in a generation to seek to end war rather than start one. He intends to end the war in Afghanistan. He is bringing our men and women home. Madison once wrote, 'No nation can preserve its freedom in the midst of continuous warfare.' I'm proud to finally see a president who agrees with that."

Conservatives Learn to Fight Back

In his great book, *Unmasking Obama*, Jack Cashill tells the story of those in the alternative media who uncovered a series of scandals involving Barack Hussein Obama, his campaign, and presidency. However, it didn't help that the Republicans nominated two weak candidates, John McCain in 2008 and Mitt Romney...

Biden's Backers Planning Another Middle East War

Some say Trump's RNC speech was too long. In fact, we need a speech from the president just as long or longer on the subject of the enemies within. It should be televised, in the same way President Eisenhower gave the nation that dramatic warning about the military-industrial complex.

The Mask is Falling Off Joe Biden

Appearing desperate, House Speaker Nancy Pelosi said on Thursday that she doesn't want Biden to debate President Trump. She knows something many people suspect.

Purging the Evil Legacy of Karl Marx

The shocking new Paul Kengor book, *The Devil and Karl Marx*, doesn't carry the same nerve-wracking impact as the much-shorter book with the provocative title, *Was Karl Marx a Satanist?*, but the message is still the same. The "progressive" ideas let loose on the world by the father of communism are based in the other worldly powers of darkness

that Karl Marx personally embraced.

Cashill's Unmasking Obama Book is a Warning

While much of the book is a straight forward historical account of the effort to tell the truth about Obama, Cashill emphasizes the ongoing nature of the American samizdat, the forces which fought bravely to expose the Marxist revolutionary forces behind Obama's "fundamental transformation" of America.

Kamala Harris Covered-Up Sex Crimes by Pedophile Priests

Harris for years claimed to be a fighter for "justice for survivors of sexual assault, sex abuse, and rape." But as district attorney in San Francisco and California Attorney General, Harris never prosecuted any pedophile priest, despite hundreds of potential cases and demands for justice from victims.

Congressional Candidate Takes on Soros

President Trump understands what's going on, even if McCarthy doesn't. With his presidency on the line, he has to know he can't back down now. His opponent isn't Joe Biden or Kamala Harris. It's Soros.

Trump Thwarts Pelosi's Pot Pushers

Using emergency authority granted to him by Congress, President Trump on Saturday issued four China virus relief executive orders to benefit taxpayers, students, renters and homeowners. House Speaker Nancy Pelosi got in the way of this assistance because her "Heroes" bill that she insisted on passing through the Senate would have made heroes out of dope dealers and stoners and other clients of the marijuana industry.

The Otherworldly Powers of Darkness, Cults, and Sexual

Deviancy in Politics

Citizens for Free Speech is drawing attention to Big Tech censorship of a group of medical experts called America's Frontline Doctors. But it's really not the advocacy of hydroxychloroquine by Dr. Stella Immanuel that is the big controversy. She is under attack by the Washington Post and other papers for stating her belief that there are demonic anti-Christian forces in the world today.

Obama, China and The Great Reset

The China virus now provides the springboard for what Obama and now Joe Biden are calling the "transformation" of the United States. Fear of the virus is driving many to accept this version of socialism in America. Trump has not been able to dispel the fear and has 90 days to turn around the perception that he has lost control of events.

The Tainted Red Legacy of John Lewis

A politician who had a flirtation with a top Nazi or a figure sympathetic to Nazi Germany would never be accorded such an honor. Yet Lewis heaped much praise on Robeson, (1898-1976),

who lied about his membership in the Moscow-funded Communist Party USA (CPUSA), in order to deceive fellow blacks about his real intentions.

John Lewis and the “Spiritual Children” of Communism

Until Trump and his aides are ready to tell the complete truth about those posing as crusaders for “social justice,” we will not fully understand how black Americans are being deceived and manipulated into being shock troops for the communist revolution now underway in America.

A Conservative Senator with Guts

This is a story of two women. One, Senator Kelly Loeffler of Georgia, denounced Black Lives Matter (BLM) as the Marxist organization it is. The other woman, Louise Radnofsky, a sports reporter for the Wall Street Journal, deceived her readers about the Marxist political agenda of Black Lives Matter, calling the group “decentralized.”

Get Ready for the “Rainbow Nation” of America

The key to the Soros/Gaspard strategy is to shame enough whites into joining the communist coalition. These are the “progressive whites” caught up in the George Floyd protests. Through one of the most skillful propaganda campaigns ever launched, the cops in the Floyd case were portrayed as cold-blooded killers

The Lies Behind the George Floyd Case

In summary, the new evidence shows that George Floyd was being arrested for a legitimate reason, passing counterfeit money, but behaving erratically and was perceived to be high on drugs. His blood tests found evidence of marijuana, fentanyl, and methamphetamine.

The Redskins Controversy is All About Demonizing the White Man

The name Washington Redskins is a tribute to the ferocity of the Indian tribes. “Hail to the Redskins” is a song to honor

the football team and their fighting spirit. But they remind people that the American Indians lost the Indian wars. And they lost these wars to the white man. That makes the white man the devil. And that means the name has to be changed.

Tucker Carlson Is the New Trump

A story ran under a headline on Canada Free Press claiming that Tucker Carlson, the independent conservative who just recorded the highest ratings in cable television history, had said President Trump would drop out of the presidential race. That was false.

Barack Hussein Obama Is Running for a Third Term

Looking at their political operations, Trump said, "One of their political weapons is cancel culture, driving people from their jobs, shaming dissenters, and demanding total submission from anyone who disagrees. This is the very definition of totalitarianism, and it is completely alien to our culture and to our values and it has absolutely no place in the United States of America."

Celebrating American Independence, President Andrew Jackson, and Mt. Rushmore

Jackson and his supporters founded the modern Democratic Party and his policies on the Indians were considered benevolent at the time. For many years, before it became politically incorrect, there were Jefferson-Jackson Day fundraising dinners, named for Thomas Jefferson and Andrew Jackson, which were sponsored by the Democratic Party.

Obama's Transformation of America is Happening Under Trump

Barack Hussein Obama's "fundamental transformation" of America is happening now. We have communist insurrection in the streets that includes the burning of churches, tearing down of historical monuments, and attacks on businesses, homeowners and police by the revolutionary mob.

Trump Needs a Woman's Touch to Win

Some are saying there are only two scenarios under which President Trump is reelected this fall: Joe Biden's complete collapse, mentally and physically, which is possible, or Trump replaces his Vice President Mike Pence with an exciting female conservative candidate, in order to attract the women turned off by Trump's abrasive and sometimes obnoxious manner.

Jeffrey Epstein Celebrates Gay Pride from the Grave

Jeffrey Epstein's deep and dark secret is out. He was a gay deceiver. Let's remember this fact on Stonewall Day, June 26, as Barack Hussein Obama emerges from the shadows to celebrate the anti-police riots at the Mafia-run Stonewall Inn back in 1969.

Is The Trump Campaign Burning Down Faster Than America's Cities?

Faced with this hope, perhaps a false hope, one person told me that she is "exhausted from fighting," noting that the

Marxists “have total control of media, Hollywood, the Judiciary, and the educational system...They have more people, organizations, and resources than our side.”

The Traitors, Dopes, Dupes, and Globalists Around Trump

These judges wearing black robes are a major part of the cultural revolution still in progress and threatening our way of life. Indeed, to demonstrate the serious nature of this crisis, the reaction of Trump and conservatives in Congress should be to file articles of impeachment against Roberts and Gorsuch, to serve as a lesson to other judges considering betraying America from the bench.

Democrats Prepare for One-Party State

Karl Rove, the de facto head of the Trump 2020 Campaign, has apparently arranged for his old boss, George W. Bush, to campaign for four Republican Senators in danger of losing their seats this November. All four are either out-of-touch with conservatives or outright liberals. They are Senators Susan Collins (Maine), Cory Gardner (Colo.), Martha McSally (Ariz.) and Thom Tillis (N.C.).

Trump Campaign Hires Karl Rove aka “Bush’s Brain” to Lose to Biden

A former George W. Bush strategist, Rove should have retired into oblivion after the Bush presidency exploded into America’s financial meltdown in 2008, ushering in the presidency of Barack Hussein Obama. But after the disaster of the Bush presidency, the famous GOP strategist lost \$300 million betting on a Mitt Romney victory in 2012.

Is The Law and Order President Failing America?

I saw one story about whether Trump would benefit from the riots. Is this the political calculation in the White House? I’m told he thinks his political rallies will turn things around. It’s true that a backlash is underway. But waiting for a backlash doesn’t justify inaction by federal authorities as lives are lost and property is destroyed.

Black Lives Matter Means More Moolah and More Race Hatred

Black billionaire and New Age thinker Oprah Winfrey is hosting a show on her own network on Tuesday and Wednesday to demand more money for blacks. "What do we want?" the promotional ad says. "What are our demands?" Tune in to find out.

The Deep Dark Secrets of the Rich, Famous, and Powerful

Trump was never a member of this club, the CFR, but he may have incriminating information about various members, stemming from the time when he knew Epstein and had commented publicly about Epstein's attraction to young girls. He has a megaphone, Twitter, now reaching over 81.9 million people.

Mao's Red Guard Conservatives Jump on the Revolutionary Bandwagon

Indeed, the China Daily article noted how black leaders in the 1960s and '70s were inspired by Mao and created "many Maoist organizations" on American soil. They still exist and are heavily represented in the protests. The brilliant analyst

Trevor Loudon has written extensively about them.

Clean Up the Drug Crazy Communist Street Rabble

Such notables as Drew Brees and General Mad Dog Mattis sold out to the mob this week. Meanwhile, a 16-year-old girl, Ala'junaye Davis, was killed in Baltimore, shot in the throat in a Democrat-run city whose previous mayor pleaded guilty to federal conspiracy and tax evasion charges in the "Healthy Holly" book fraud scandal.

Why No Protests or Riots Over the Death of Jeffrey Epstein?

None of this seems to matter much anymore, as the Party of Socialism and Liberation is predicting a long hot summer of racial unrest. This communist group is playing into Biden's hands by changing the subject away from Biden's sexual behavior and that of Epstein's close friend Bill Clinton.

The Bible Won't Save Us, Only Brute Force Will

President Trump emerged from his White House bunker on Monday night to give a short speech and then travel to a burned-out church just a block away. He made sure that the police and the military cleared a path for him. Then he held up a Bible. He should have held up a copy of the Constitution, with the Second Amendment highlighted in red.

Maoist Thugs Target Christians, With Support from Justice Roberts

That's right: the secular authorities have determined that marijuana businesses selling dope have more rights than churches. It appears that the stoners are more inclined to vote the way the liberals want them to vote.

Maoist "Rebellions" in America Inspired by China?

Attorney General William P. Barr warned on Saturday that groups of "outside radicals and agitators" are exploiting the George Floyd situation "to pursue their own separate and

violent agenda.” Barr added, “In many places, it appears the violence is planned, organized, and driven by anarchistic and far left extremists, using Antifa-like tactics

“Conservative” GOP Senator Labeled as “Pot Whore” by Critics

The Soros-funded American Bridge organization notes that Democrats only need to win four seats to take back the majority in the Senate and claims that, right now, Democrats are tied or leading in eight. It says, “Mitch McConnell is in danger of losing his seat, and Democrats are surging in Arizona, Colorado, Iowa, Maine, Montana, North Carolina, and South Carolina.”

Kissinger’s “Red China Gambit” Is Killing America

Gary Allen described the Red Chinese as “unquestionably the bloodiest mass murderers in human history,” adding, “Red China practiced a smiling and beguiling diplomacy toward the West, while serving as the world’s major pusher of drugs.”

Americans Must Demand Justice in Obamagate

It is not a “drummed-up criminal investigation” when the evidence shows that the Obama-Biden administration used American intelligence and law enforcement agencies to sabotage the incoming Trump Administration and destroy the career and life of Trump National Security Adviser Michael T. Flynn.

China, Not Fauci, Is the Enemy

As Americans, we should be united in our hatred and disgust for the Communist Chinese rulers. We should want to make them pay. How? The answer is simple – by seizing their property in the United States. Much of that is in California.

Republicans Don't Dare Call It Treason

Here we are three years later and Graham, Nunes, and now Barr have not done anything to hold Obama personally responsible. They have failed to provide Trump with the legal basis on

which to accuse Obama and others with treasonous conduct.

Blood Brothers: Barack Obama, Lindsey Graham, and John McCain

But here's the kicker: Graham and the late Senator John McCain were blood brothers with Obama in promoting the "Arab spring" uprisings in the Middle East that left 560,000 dead in Syria alone when a civil war ensued. To make matters worse, the Russians won anyway.

Making Heroes Out of Dope Dealers and Stoners

The new "Heroes" bill offered by House Speaker Nancy Pelosi is the latest version of the Green New Deal. It makes "heroes" out of dope dealers, with the "green" being marijuana and money. The \$3 trillion bill, considered DOA (Dead on Arrival) in the Senate, is an example of the power of Big Marijuana, which owes its very existence to billionaire George Soros...

The Dirty Wars Behind Obamagate

What happened to Flynn was truly an amazing diversion since Obama's CIA director Brennan should never have received a security clearance. Advice for the Church: Better Call Saul

With scales on their eyes, today’s Christians for the most part seem afraid to challenge secular authorities and various “executive orders” about how they should worship. They have resorted to drive-in or drive-by “worship services,” so they don’t get out of their cars.

NIH Director in the Middle of China Virus Scandal

Most of the media were too busy covering the phony Russia-gate story to notice how China has been directly involved in controversial coronavirus research funded by the National Institutes of Health (NIH). Since the media ignored the threat, they are now charging President Trump with ignoring the threat and peddling “conspiracy theories” about it.

Obama/Biden Financed China's Virus Experiments

President Trump is not a doctor and has never claimed to be one. He defers to the doctors and scientists. But has that been a mistake? It turns out that one of the country's most prominent medical and scientific organizations, the federally-funded National Institutes of Health (NIH), has been funding investigations in China's most controversial and insecure lab of dangerous viruses in China.
