What's more, he says, "The Democrats placed rather unusual looking 'police officers' to bar the door. I say unusual because their uniforms were not consistent. Some did not have badges and some were not well groomed."

## Stop CIA Interference in Our Elections

Remember that former CIA officials Michael Morell, Michael Hayden and Philip Mudd all denounced Trump before he took office. Former CIA operations officer Evan McMullin even ran against him as an independent presidential candidate. Why are we the American people tolerating open CIA interference in our national elections?

---

## The Fake Conservatives aka RINOs Are Selling Out Trump

I saw an anchor on Newsmax declare on Friday morning that Biden will be an illegitimate president if he wins. But he can't win legitimately and should not be treated as president under any circumstances. Such a fate means America will have

descended into the pit of being a banana republic. We will never recover.

---

## **The Big Steal Is Underway but Trump Won't Surrender**

Hemmer and most of the rest of the Fox News crew are wedded to the liberal media narrative that is designed to guarantee a Joe Biden “victory” through phony projections and vote counts. But President Trump has already declared victory based on the reality of what he knows to be happening.

## **Glenn Greenwald's Half-Truths About the Intelligence Agencies**

Glenn Greenwald is making headlines on Fox News about the CIA dominating the American media. The other more significant part of the story is that the CIA is doing Russia's bidding. That's why the CIA's role in facilitating the Russia-supplied dossier on President Trump is being covered-up by CIA Director Gina Haspel.

---

# **The Perverts and Those Who Protect Them**

There is the Deep State, the Swamp, and what Biorseth calls the homosexual cabal now running the Catholic hierarchy. On November 3, they area all backing Biden for president. President Trump stands in the way of their grab for total power.

---

# **The Murder Plot Against the President**

Investigator Chris Farrell asks why Barr fights Judicial Watch in virtually every Freedom of Information Act lawsuit seeking records over the Obamagate coup plot. Farrell, who was banned by Fox for criticizing George Soros on the Lou Dobbs show, has also drawn attention to CIA director Gina Haspel's role in Obamagate.

---

# **Pope Francis Covers for "Catholic" Joe Biden**

Whether proven true or not, it is not debatable that Joe Biden has taken leave of his senses, especially by abandoning his Catholic roots. He has serious family problems that need his

immediate attention. He must answer to the reports of Hunter Biden using access to his father to make business deals with China and Ukraine.

---

## **Save Us from the Perverts, Liars, and Globalists**

As a result, Biden was the strongest supporter of the United Nations in the entire Congress. He openly supports a New World Order, as articulated by George Soros, with NATO serving as front-line troops until the U.N. is strong enough to play the role of “global peacekeeper.”

---

## **Are there Enough Courageous Christians to Save America?**

Deaths from the China virus number more than 1 million worldwide. Deaths from abortion worldwide number 1 billion. Interestingly, the China virus problem has been used in many states to shut down churches and keep abortion clinics open as “essential businesses.” In effect, the China virus serves as a cover for mass murder and Christian persecution.

---

# How Trump Can Outwit the Deep State and Remain in Power

If President Trump wins the November election, it will be a miracle. But miracles happen. Former Trump Campaign Deputy Chairman Rick Gates says the “Trump Factor” could be even bigger this year and that the projected “Blue Wave” could end up in ruins.

---

## DNA Denial and the Rights of the Unborn

As California Attorney General, Senator Kamala Harris actually authorized a raid on a pro-life journalist who exposed how abortion has led to the trafficking for profit of aborted baby parts. She has no children of her own but doesn't want women or men to understand how the abortion industry is an evil institution that specializes in the destruction and sale of human life and human body parts.

---

## A Judge Filled with Love for Humanity

A Christian wife and mother with pro-family views, federal Judge Amy Coney Barrett is an example of how light can survive

the darkness of America's decent into demonic corruption so deep that it includes the dismemberment of live babies to harvest their body parts.

## **Trump Is Back in the Fight After Conquering the China Virus**

The media wanted him dead. But for many Trump supporters, the circumstances surrounding the nature and timing of his infection remain a mystery. They are, however, grateful that Trump is back in the White House, ready to fight for his presidency.

---

## **Who Wants President Trump Dead?**

The president's life is still in danger and we know that many people, here and abroad, want him dead. Before it's too late, we need to uncover what may turn out to be the most diabolical plot in American history. All of those involved in preparing the debate and the debate stage have to be identified and interrogated.

---

# **Trump's Life Still in Major Jeopardy**

The physician treating President Trump and first lady Melania Trump, Conley has made some contradictory statements about when the president acquired the disease and was evasive about when Trump started receiving oxygen to help him breathe and avoid some of the lung damage from the China virus.

---

# **"Crazy Nancy" Promotes Dope as Treatment for China Virus**

The China plague has infected the president of the United States and his wife, the First Lady, and our media focus on masks. Even worse, House Speaker Nancy Pelosi is claiming that smoking marijuana is a "therapy" for coronavirus.

---

# **Trump Erupts Over Biden's Phony Catholicism**

In the Tuesday night presidential debate, Biden talked about the importance of the Supreme Court, saying, "The point is that the President also is opposed to Roe v. Wade. That's on

the ballot as well and the court...and so that's also at stake right now." It was clear from the context that Biden was making a pitch for the votes of those who support abortion on demand

## **CNBC Hires Former Fox Anchor to Bash Trump**

One of the major homosexual power players in the media, Smith was a closeted gay early in his career but then began to talk openly about his lifestyle choices and attended a National Lesbian and Gay Journalists Association event in 2014 with other Fox News employees. It later became the Association of LGBTQ Journalists.

---

## **The "Trump Effect" Is the Republicans' Only Hope**

If Gardner and the RINOS win, it's because Trump will pull them across the finish line after they decided to vote for Trump nominee Amy Coney Barrett to the Supreme Court. The "Trump Effect" is their only hope.

---

# Judge Barrett Is the Answer to Ginsburg's Legacy of Death

Perhaps in the afterlife, Ginsburg will be held accountable for the pain and suffering she inflicted on the innocent unborn. In the meantime, the Court needs a Christian judge willing to be guided by moral values. The choice is clear.

---

## Should the Nation Mourn Ginsburg?

The New York Times headline, "As Nation Mourns Ginsburg, Trump Vows Nomination," has two distortions. First, while many people are sorry to see her passing, the expression of deep sorrow is not something pro-life people would feel about someone whose rulings denied the humanity of the unborn.

---

## Make Unborn Babies Great Again

People are motivated. For Christians, the yard signs and banners, "Jesus is Pro-Life," and "Unborn Lives Matter," are increasingly popular. Another popular slogan, borrowed from one of the president's signature lines, is, "Make Unborn Babies Great Again."

---

# **Trump's Promise to "Fill That Seat" Excites Conservatives**

McCarthy wagered "that a determined Republican effort to replace Ginsburg in the coming weeks would increase the chance that Biden defeats Trump, and that Democrats take the Senate while holding the House. If that happens, Democrats will repeal the filibuster, add four to six seats to the Supreme Court, and pack it with liberal ideologues. Whatever benefit will have been achieved by confirming a Trump nominee will be overwhelmed."

---

# **Obama is the Power Behind the Biden Teleprompter**

President Trump was accused of going too slow on a coronavirus response. Now he's accused of going too fast. "Danger of rushing vaccine" screams the headline over the political gossip publication Axios, designed for elites in the Big Tech industry who don't read too much but want to know what to say and who to censor. Meanwhile, the liberals in the media are in ecstasy over Barack Hussein' Obama's new book

---

# **When We Had a CIA That Worked for America**

Obama's director of the CIA was John Brennan, who voted for the Communist Party (CPUSA) ticket when he was in college but was hired by the CIA anyway and quickly rose through the ranks. He is implicated in the Deep State effort to destroy the Trump presidency.

---

# **Why You Should Cast a Vote Against the Media**

They are worried that Trump voters are standing with the president and swing voters perceive that the mentally frail Joe Biden is not up to the job and that he will be a puppet of radical socialists who will undermine the economic recovery.

---

# **Restoring American Greatness Means Abolishing the CIA and FBI**

Ignoring the nearly 200,000 deaths from the China virus, Conrad Black wrote, "Trump Has Had a Historically Great First Term," for a website called "American Greatness." This treatment of President Trump's first term comes from someone

pardoned by Trump for financial fraud.

---

## **President Trump's Self-Inflicted Wound Could be Fatal**

The death toll from the virus, after all, is approaching 200,000 in the U.S. alone, and Trump understands better than most that China bears criminal responsibility for releasing the disease on America and the world. This attack, which is continuing, is worse than 9/11.

---

## **The “Diabolical” China Virus Is Worse than 9/11**

The facts show that China has been directly involved in controversial coronavirus research funded by the National Institutes of Health (NIH). In the middle of this scandal is NIH director Dr. Francis Collins, an Obama holdover who publicly affirms his Christian faith...

---

# **The “October Surprise” Confrontation with Russia**

The “October Surprise” is here. Now, less than 60 days before the presidential election, Trump finds himself in the middle of a confrontation involving Germany with Vladimir Putin and Russia. He can stand up to Putin and Merkel at the same time, while exposing the communists on the streets of America

---

# **The Curious Connection Between America’s Foreign Wars and the Enemies Within**

If the media will peddle a phony dossier based on Russian sources about Trump, there is nothing they won’t say or do. They don’t care about our troops, or the fact that they have been sacrificed by the Bush-Clinton-Obama-Biden Administrations in wars in Iraq, Serbia, Syria, and Libya. What the media care about is destroying Trump.

---

# **War is the Big Issue of the Campaign**

As Senator Paul said, “President Trump is the first president in a generation to seek to end war rather than start one. He

intends to end the war in Afghanistan. He is bringing our men and women home. Madison once wrote, 'No nation can preserve its freedom in the midst of continuous warfare.' I'm proud to finally see a president who agrees with that."

---

## **Conservatives Learn to Fight Back**

In his great book, *Unmasking Obama*, Jack Cashill tells the story of those in the alternative media who uncovered a series of scandals involving Barack Hussein Obama, his campaign, and presidency. However, it didn't help that the Republicans nominated two weak candidates, John McCain in 2008 and Mitt Romney...

---

## **Biden's Backers Planning Another Middle East War**

Some say Trump's RNC speech was too long. In fact, we need a speech from the president just as long or longer on the subject of the enemies within. It should be televised, in the same way President Eisenhower gave the nation that dramatic warning about the military-industrial complex.

---

# **The Mask is Falling Off Joe Biden**

Appearing desperate, House Speaker Nancy Pelosi said on Thursday that she doesn't want Biden to debate President Trump. She knows something many people suspect.

---

# **Purging the Evil Legacy of Karl Marx**

The shocking new Paul Kengor book, *The Devil and Karl Marx*, doesn't carry the same nerve-wracking impact as the much-shorter book with the provocative title, *Was Karl Marx a Satanist?*, but the message is still the same. The "progressive" ideas let loose on the world by the father of communism are based in the other worldly powers of darkness that Karl Marx personally embraced.

---

# **Cashill's Unmasking Obama Book is a Warning**

While much of the book is a straight forward historical account of the effort to tell the truth about Obama, Cashill emphasizes the ongoing nature of the American samizdat, the forces which fought bravely to expose the Marxist

revolutionary forces behind Obama's "fundamental transformation" of America.

---

## **Kamala Harris Covered-Up Sex Crimes by Pedophile Priests**

Harris for years claimed to be a fighter for "justice for survivors of sexual assault, sex abuse, and rape." But as district attorney in San Francisco and California Attorney General, Harris never prosecuted any pedophile priest, despite hundreds of potential cases and demands for justice from victims.

---

## **Congressional Candidate Takes on Soros**

President Trump understands what's going on, even if McCarthy doesn't. With his presidency on the line, he has to know he can't back down now. His opponent isn't Joe Biden or Kamala Harris. It's Soros.

---

# Trump Thwarts Pelosi's Pot Pushers

Using emergency authority granted to him by Congress, President Trump on Saturday issued four China virus relief executive orders to benefit taxpayers, students, renters and homeowners. House Speaker Nancy Pelosi got in the way of this assistance because her "Heroes" bill that she insisted on passing through the Senate would have made heroes out of dope dealers and stoners and other clients of the marijuana industry.

---

# The Otherworldly Powers of Darkness, Cults, and Sexual Deviancy in Politics

Citizens for Free Speech is drawing attention to Big Tech censorship of a group of medical experts called America's Frontline Doctors. But it's really not the advocacy of hydroxychloroquine by Dr. Stella Immanuel that is the big controversy. She is under attack by the Washington Post and other papers for stating her belief that there are demonic anti-Christian forces in the world today.

---

# **Obama, China and The Great Reset**

The China virus now provides the springboard for what Obama and now Joe Biden are calling the “transformation” of the United States. Fear of the virus is driving many to accept this version of socialism in America. Trump has not been able to dispel the fear and has 90 days to turn around the perception that he has lost control of events.

---

# **The Tainted Red Legacy of John Lewis**

A politician who had a flirtation with a top Nazi or a figure sympathetic to Nazi Germany would never be accorded such an honor. Yet Lewis heaped much praise on Robeson, (1898-1976), who lied about his membership in the Moscow-funded Communist Party USA (CPUSA), in order to deceive fellow blacks about his real intentions.

---

# **John Lewis and the “Spiritual Children” of Communism**

Until Trump and his aides are ready to tell the complete truth about those posing as crusaders for “social justice,” we will

not fully understand how black Americans are being deceived and manipulated into being shock troops for the communist revolution now underway in America.

---

## **A Conservative Senator with Guts**

This is a story of two women. One, Senator Kelly Loeffler of Georgia, denounced Black Lives Matter (BLM) as the Marxist organization it is. The other woman, Louise Radnofsky, a sports reporter for the Wall Street Journal, deceived her readers about the Marxist political agenda of Black Lives Matter, calling the group “decentralized.”

---

## **Get Ready for the “Rainbow Nation” of America**

The key to the Soros/Gaspard strategy is to shame enough whites into joining the communist coalition. These are the “progressive whites” caught up in the George Floyd protests. Through one of the most skillful propaganda campaigns ever launched, the cops in the Floyd case were portrayed as cold-blooded killers

---

# **The Lies Behind the George Floyd Case**

In summary, the new evidence shows that George Floyd was being arrested for a legitimate reason, passing counterfeit money, but behaving erratically and was perceived to be high on drugs. His blood tests found evidence of marijuana, fentanyl, and methamphetamine.

---

# **The Redskins Controversy is All About Demonizing the White Man**

The name Washington Redskins is a tribute to the ferocity of the Indian tribes. "Hail to the Redskins" is a song to honor the football team and their fighting spirit. But they remind people that the American Indians lost the Indian wars. And they lost these wars to the white man. That makes the white man the devil. And that means the name has to be changed.

---

# **Tucker Carlson Is the New Trump**

A story ran under a headline on Canada Free Press claiming that Tucker Carlson, the independent conservative who just

recorded the highest ratings in cable television history, had said President Trump would drop out of the presidential race. That was false.

---

## **Barack Hussein Obama Is Running for a Third Term**

Looking at their political operations, Trump said, "One of their political weapons is cancel culture, driving people from their jobs, shaming dissenters, and demanding total submission from anyone who disagrees. This is the very definition of totalitarianism, and it is completely alien to our culture and to our values and it has absolutely no place in the United States of America."

---

## **Celebrating American Independence, President Andrew Jackson, and Mt. Rushmore**

Jackson and his supporters founded the modern Democratic Party and his policies on the Indians were considered benevolent at the time. For many years, before it became politically incorrect, there were Jefferson-Jackson Day fundraising dinners, named for Thomas Jefferson and Andrew Jackson, which

were sponsored by the Democratic Party.

---

## **Obama's Transformation of America is Happening Under Trump**

Barack Hussein Obama's "fundamental transformation" of America is happening now. We have communist insurrection in the streets that includes the burning of churches, tearing down of historical monuments, and attacks on businesses, homeowners and police by the revolutionary mob.

---

## **Trump Needs a Woman's Touch to Win**

Some are saying there are only two scenarios under which President Trump is reelected this fall: Joe Biden's complete collapse, mentally and physically, which is possible, or Trump replaces his Vice President Mike Pence with an exciting female conservative candidate, in order to attract the women turned off by Trump's abrasive and sometimes obnoxious manner.

---

# **Jeffrey Epstein Celebrates Gay Pride from the Grave**

Jeffrey Epstein's deep and dark secret is out. He was a gay deceiver. Let's remember this fact on Stonewall Day, June 26, as Barack Hussein Obama emerges from the shadows to celebrate the anti-police riots at the Mafia-run Stonewall Inn back in 1969.

---

## **Is The Trump Campaign Burning Down Faster Than America's Cities?**

Faced with this hope, perhaps a false hope, one person told me that she is "exhausted from fighting," noting that the Marxists "have total control of media, Hollywood, the Judiciary, and the educational system...They have more people, organizations, and resources than our side."

---

## **The Traitors, Dopes, Dupes, and Globalists Around Trump**

These judges wearing black robes are a major part of the cultural revolution still in progress and threatening our way of life. Indeed, to demonstrate the serious nature of this

crisis, the reaction of Trump and conservatives in Congress should be to file articles of impeachment against Roberts and Gorsuch, to serve as a lesson to other judges considering betraying America from the bench.

---

## **Democrats Prepare for One-Party State**

Karl Rove, the de facto head of the Trump 2020 Campaign, has apparently arranged for his old boss, George W. Bush, to campaign for four Republican Senators in danger of losing their seats this November. All four are either out-of-touch with conservatives or outright liberals. They are Senators Susan Collins (Maine), Cory Gardner (Colo.), Martha McSally (Ariz.) and Thom Tillis (N.C.).

---

## **Trump Campaign Hires Karl Rove aka “Bush’s Brain” to Lose to Biden**

A former George W. Bush strategist, Rove should have retired into oblivion after the Bush presidency exploded into America’s financial meltdown in 2008, ushering in the presidency of Barack Hussein Obama. But after the disaster of the Bush presidency, the famous GOP strategist lost \$300 million betting on a Mitt Romney victory in 2012.

---

# **Is The Law and Order President Failing America?**

I saw one story about whether Trump would benefit from the riots. Is this the political calculation in the White House? I'm told he thinks his political rallies will turn things around. It's true that a backlash is underway. But waiting for a backlash doesn't justify inaction by federal authorities as lives are lost and property is destroyed.

---

# **Black Lives Matter Means More Moolah and More Race Hatred**

Black billionaire and New Age thinker Oprah Winfrey is hosting a show on her own network on Tuesday and Wednesday to demand more money for blacks. "What do we want?" the promotional ad says. "What are our demands?" Tune in to find out.

# **The Deep Dark Secrets of the Rich, Famous, and Powerful**

Trump was never a member of this club, the CFR, but he may have incriminating information about various members, stemming

from the time when he knew Epstein and had commented publicly about Epstein's attraction to young girls. He has a megaphone, Twitter, now reaching over 81.9 million people.

---

## **Mao's Red Guard Conservatives Jump on the Revolutionary Bandwagon**

Indeed, the China Daily article noted how black leaders in the 1960s and '70s were inspired by Mao and created "many Maoist organizations" on American soil. They still exist and are heavily represented in the protests. The brilliant analyst Trevor Loudon has written extensively about them.

---

## **Clean Up the Drug Crazy Communist Street Rabble**

Such notables as Drew Brees and General Mad Dog Mattis sold out to the mob this week. Meanwhile, a 16-year-old girl, Ala'junaye Davis, was killed in Baltimore, shot in the throat in a Democrat-run city whose previous mayor pleaded guilty to federal conspiracy and tax evasion charges in the "Healthy Holly" book fraud scandal.

---

# Why No Protests or Riots Over the Death of Jeffrey Epstein?

None of this seems to matter much anymore, as the Party of Socialism and Liberation is predicting a long hot summer of racial unrest. This communist group is playing into Biden's hands by changing the subject away from Biden's sexual behavior and that of Epstein's close friend Bill Clinton.

---

# The Bible Won't Save Us, Only Brute Force Will

President Trump emerged from his White House bunker on Monday night to give a short speech and then travel to a burned-out church just a block away. He made sure that the police and the military cleared a path for him. Then he held up a Bible. He should have held up a copy of the Constitution, with the Second Amendment highlighted in red.

# **“Conservative” GOP Senator Labeled as “Pot Whore” by Critics**

The Soros-funded American Bridge organization notes that Democrats only need to win four seats to take back the majority in the Senate and claims that, right now, Democrats

## **Americans Must Demand Justice in Obamagate**

It is not a "drummed-up criminal investigation" when the evidence shows that the Obama-Biden administration used American intelligence and law enforcement agencies to sabotage the incoming Trump Administration and destroy the career and life of Trump National Security Adviser Michael T. Flynn.

# **China, Not Fauci, Is the Enemy**

As Americans, we should be united in our hatred and disgust for the Communist Chinese rulers. We should want to make them pay. How? The answer is simple – by seizing their property in the United States. Much of that is in California.

# **Blood Brothers: Barack Obama, Lindsey Graham, and John McCain**

But here's the kicker: Graham and the late Senator John McCain were blood brothers with Obama in promoting the "Arab spring" uprisings in the Middle East that left 560,000 dead in Syria alone when a civil war ensued. To make matters worse, the Russians won anyway.

# **Making Heroes Out of Dope Dealers and Stoners**

The new “Heroes” bill offered by House Speaker Nancy Pelosi is the latest version of the Green New Deal. It makes “heroes” out of dope dealers, with the “green” being marijuana and money. The \$3 trillion bill, considered DOA (Dead on Arrival) in the Senate, is an example of the power of Big Marijuana, which owes its very existence to billionaire George Soros...

---

# **The Dirty Wars Behind Obamagate**

What happened to Flynn was truly an amazing diversion since Obama’s CIA director Brennan should never have received a security clearance. As CIA director, Brennan told a congressional forum that even voting communist, as he once did, was not a bar to employment at the agency. Brennan had voted for a Moscow-line Communist Party.

# **NIH Director in the Middle of China Virus Scandal**

Most of the media were too busy covering the phony Russia-gate story to notice how China has been directly involved in controversial coronavirus research funded by the National Institutes of Health (NIH). President Trump is not a doctor and has never claimed to be one. He defers to the doctors and scientists. But has that been a mistake? # **Saving the Planet as People Perish**

This time they mean it – the New World Order can finally be implemented. Or so they think. They can use two global crises at one – the virus and so-called climate change. “Earth Day,” on Wednesday April 22, is a great opportunity for them. As congressional investigations into China’s role get underway, let’s hope that Obama’s “efforts” are scrutinized, along with the activities of U.S. agencies such as the National Institutes of Health, still listed as a partner with the WIV. At the same time, Dr. Anthony Fauci’s “memorandum of understanding” with the WHO must be disclosed and examined as well. We also need all the details surrounding the Chinese nationals who were caught by the FBI smuggling biological materials into China.

At one time, I thought the media would eventually correct their mistakes, in order to avoid embarrassment. ## **Coronavirus, China's Lies, and Bioweapons Research**

Americans are trying to stay safe, as government attempts to contain the spread of the coronavirus. As this unfolds, let's hope that our "intelligence agencies" are taking an objective and honest look at where this virus came from – and whether other diseases are being planned for America and the world.

# **American Guinea Pigs in a Chinese Lab**

The European Socialists, who have implemented open borders and hate the concept of national sovereignty, were caught off-guard. They are irate that Trump is closing America to their infected people and travelers. The Chinese, meanwhile, are angry that they are being blamed for a virus that emerged from their country – and perhaps from their lab.

# **Trump Has Been Sabotaged by the Medical Deep State**

It seems strange that the Chinese have developed a vaccine so quickly, after our own “public health professionals” have been telling President Trump that it will take many months, even a year, to get a reliable vaccine approved. China has also patented an anti-viral drug created by an American firm that is being used experimentally to treat the disease.

# **Chinese Reds Set a Trap for**

# Trump

President Trump is in a difficult situation. If he were to disclose circumstantial evidence that the coronavirus virus is a Chinese bioweapon, there would be calls for retaliation against the Communist regime. Such a declaration could lead to more fear, the threat of war, and perhaps a global economic collapse. As it is, the virus is causing a market meltdown. He does not want to contribute to a panic and further collapse.

## **Fight the Coronavirus by Defunding the United Nations**

The WHO failed to respond quickly and properly to the epidemic. Perhaps, as a matter of social justice, the WHO headquarters ought to be relocated to the coronavirus epicenter of Wuhan City, China. Let's see if that gets them moving more quickly to save their jobs.

## **Wall Street and the Bolshevik Bernie Revolution**

Antony Sutton wrote about this kind of relationship in his classic 1974 book, *Wall Street and the Bolshevik Revolution*, documenting a link between certain financial and banking interests and the Bolshevik cause. This year, the target is

America, and Bloomberg is apparently counting on backing from China

## **Is Mayor Pete a Dangerous Security Risk?**

Limbaugh has a knack for saying things that tens of millions of Americans think. This has nothing to do with one's "sexual orientation." Most people are tired of the homosexual agenda being forced on America.

---

## **The Revolution Will Be Subsidized by Bloomberg**

His campaign is a prime example of how Cultural Marxism distorts our understanding of what's happening politically. We are constantly told he is a "centrist" or "moderate." These are lies. Loudon documents how all of the Democratic presidential candidates are security risks based on various degrees of Marxist associations and loony left skeletons in their closets.

# **Globalists Panic as Trump Survives and Virus Spreads**

In the span of just one week, at the Davos World Economic Forum, two globalists sounded the alarm about President Trump's America, declaring we are living in "revolutionary" times. This means another panic has set in, as Bolshevik Bernie is positioned to capture the Democratic presidential nomination and go down to another defeat

## **The Impeachment Trial: Getting Trump (and the Clintons) Off the Hook**

It's mighty suspicious that Trump has been maneuvered into hiring people who either voted for Hillary or failed to hold her and her husband responsible for serious misdeeds. It not only looks bad but suggests that defending Trump may be useful to some in preventing the president from getting to the bottom of the Clinton scandals.

## **A Narco-Nation of Potheads,**

# Courtesy of George Soros

In the United States, he is best known for almost single-handedly creating a narco-nation through legalization of marijuana, causing human suffering and environmental devastation on a scale most people do not yet comprehend.

## Can Hedge Funds Topple Trump?

With the “progressives” taking advantage of every opportunity to broaden their anti-Trump coalition, including through an orchestrated impeachment campaign, the Trump Administration has some golden opportunities to reassemble powerful elements of the old Reagan Coalition.

## Another CIA Face for Anti-Trump Resistance

Now that Trump has acted, authorizing the killing of this terror master, the Pelosi argument is that Trump must be stopped and Iran's other top terrorist leaders must be saved, so they can scheme against America in comfort and security.

# **Israel Should Get Ready to Obliterate Tehran**

Whatever the future holds, a dangerous terrorist kingpin has been eliminated from the face of the earth, and justice has been served. The world is a better place. It will be even better when Suleimani is joined in hell by his revolutionary comrades.

# **Let's Win the War at Home in 2020**

The year 2020 opens with a booming economy and a culture still in rapid decline. One of the leading associates of dead pedophile Jeffrey Epstein says she is being protected from arrest and prosecution because she has dirt on powerful people.

---

# **The Return of the Homosexual Imperialists**

Damage to America's standing in the world – as a country that respects the sovereignty of nations – has already been done. But if Trump is pressured to embrace a global “right” to homosexuality, it could not only further undermine his support

among conservative Christians but turn out to be a moral catastrophe for America and the world.

## **Fake Christians Open Fire on Pro-Christian Trump**

The Christianity Today editorial was obviously timed to hurt Trump's credibility with Christian voters at a time when his presidency is reeling from impeachment. But as Dr. James Dobson noted, "While Christianity Today is making its case for impeachment, I hope the editors will now tell us who they support for president among the Democrat field."

## **A Socialist Victory Using Biden's Face and Bloomberg's Money**

Even if Biden gets the nomination, the left-wingers say they will work for "maximum unity" behind him, in order to defeat Trump in the general election. The socialists in the U.S. don't want to follow the lead of the Labor Party in Britain and its loony left nominee, Jeremy Corbyn, who went down to a big defeat.

# **How Clinton and Obama Disarmed and Abandoned Ukraine**

If Ukraine had kept and modernized the nuclear weapons it had inherited from the old Soviet Union, it is entirely possible that Russia would never have invaded in 2014. Those weapons could have been transformed into a deterrent to Russian aggression. But President Bill Clinton signed an agreement to send the weapons to Russia.

# **Mayor Pete and Jeffrey Epstein: Spawn of the Sexual Revolution**

The Culture Wars are mostly over, and the sexual revolutionaries have won. But they are not proclaiming total victory. They want a gay president in the White House, in order to complete Barack Hussein Obama's "fundamental transformation" of America.

# The Fishy Death of Jeffrey Epstein

The late billionaire Jeffrey Epstein's pedophilia is what has interested the media. But his own blog, which is still active even after his death, suggests what he and his fellow elites were really interested in. He called it "cutting edge science." It is how the global elites intend to manage our lives. They already claim credit for "rewriting our global culture."

# Coup Plotters Risk War With Russia

For their part, the coup plotters know that a war with Russia will cost many lives and damage the U.S. and world economies. It is a cynical and dangerous ploy that is unfolding before our eyes. But they are prepared to risk war with Russia for the chance to deny Trump a second term.

# Trump Vs. Schiff, Soros and Socialism

In leading the effort to impeach and remove Trump from office, Schiff is focusing on Trump's alleged improper call to

Ukraine's president about investigating corruption charges against potential rival Joe Biden's son. Trump had also wanted to know if Ukraine had a role in devising the phony "Trump Dossier" used to justify surveillance of the president and his aides.
