

# Remember the Alamo

Do kids have heroes today? If so, are they real people or are they animated fictitious action figures of some sort? Who were your heroes growing up? As a youngster growing up in the late fifties and early sixties in Detroit I vividly remember cowboy singer Marty Robbins singing "Ballad of the Alamo" in 1960.

---

# Remember the Alamo

March 6th 2023 marks the 187th anniversary of the Siege of the Alamo. These courageous men who died that day were my childhood heroes. They were told by Santa Anna he would give no quarter, meaning no prisoners taken. Knowing this, every man there was given an opportunity to leave. Not a single man took that option.

---

# First They Stole the Word, then They Stole the Rainbow

Now the last time I checked, the homosexual community represented about 1.2% of the population. This figure I still question, but let's say there are about 4 million homosexuals in this country and you want to increase your power base for social and political influence. Notice in the above explanation for LBGTQIA+ is the "and allies".

---

# **The Mind Control is Complete and Permanent**

Have you ever seen such hysteria over a flu season? I thought 2020 was bad but here we are 11 months later and deep into the 2021 season and the media is still pushing this Covid thing for all it's worth! There is no such thing as the flu. It's only Covid for everything.

---

# **We Have All Tested Positive For Cov-Idiocy**

As I said before, the data is clear that wearing a mask depletes the oxygen to the brain and these young children are being forced to where these hideous masks by their parents and public school systems. I think it is child abuse, don't you? In the video you will see what your Government has in store for our children and grandchildren.

---

# **They Just Want Us to Comply**

I for one will resist this to the best of my ability. I will not comply with a lie. It is not going to end until

courageous, enlightened people take a stand and say, enough is enough. And when asked, "Where is your face mask?" We must look them in the eye and say, "haven't you heard?...the face mask has been proven to be completely ineffective and is actually dangerous to you."

---

## **Coronavirus: It's Not About Staying Safe, It's About Control and Seizing Power**

To make matters worse the Democrats recently introduced House Bill 6666, which if implemented would allow healthcare officials to forcibly take you or a loved one from their home under the guise of safety and protection of the household. The term is being called CONTACT TRACING...

---

## **Will It Ever Be The Same Again**

Could it be that gone are the days of handshakes and hugs, that social distancing is the order of the day, that no more gatherings of people are allowed, that we should be fearful of those near us? We are now hearing the phrase that this is the New Normal. I say it is NOT. We must RESIST THIS! It is a LIE!

---

## **The Numbers Don't Add Up**

I guess what I'm saying is that there is a high probability we may not be getting the truth about what is actually taking place. The numbers don't add up people. The news reports are often not true. Can I be the only one who does not believe the official story? I pray that I am not.

---

## **Church Silent When POW/MIA Flag At County Vietnam Veterans Memorial Was Replaced With LGBTQ Flag**

What prompted me to the computer this morning to put this piece together was the taking down of the POW/MIA flag at the Montgomery County Vietnam Veterans Memorial in Rockville, Maryland and replacing it with the LGBTQ homosexual flag. Apparently the month of June is considered pride month.

---

## **Watchman On The Wall**

Tragically this list can go on and on and like the boiling frog in the kettle they've been slowly increasing the heat

over decades and we are just about cooked. One thing about this boiling frog scenario, wouldn't you think that somewhere in this cooking process the poor thing would realize it's in serious trouble, right around the time the bubbling begins? I don't know about you but I'm feeling bubbles. Are you?

---

## **A Case for Adultery**

So the Democrat controlled House passes their so called Equality Act last week. As usual the name of the piece of legislation rarely if ever has anything to do with what it's actually forcing on the citizenry or taking away from us. They always have to hide what they're trying to accomplish. You could also call it the Anti-Religious Freedom Act couldn't you? But that would be too obvious.

---

## **Stop The Dangerous Fake 'Equality Act'**

I pray that this dangerous piece of legislation called the Equality Act will fail in dramatic fashion because the populace woke up and said HELL NO! My purpose here is to bring it to your attention and in doing so perhaps you will talk it up and spread it around.

---

# **We Are Now Living In The “Bizzaro World”**

Keep in mind it was us Deplorables who showed up in the millions, overturning the rigged system that was in place and preventing the criminal Clinton cabal from driving a final stake through the heart of our wounded nation and we'll show up again in 2020. So take courage.
