

# **COVID Experimental Injections: Prosecute Now**

Yes, there's been hearings here in Texas with health and safety committee members headed up by Sen. Bob Hall but those injections are still being given in the state. Sen. Ron Johnson [R-WI] brought together those injured and maimed in front of the public and media to tell their gut-wrenching, heart-breaking stories...

# **Republicans Must Denounce Climate Change Scam**

We'll all be forced to drive those disasters called electric vehicles. Yes, auto makers are pledging to do away with all gas powered cars, SUV's and trucks. I have a ton of disasters regarding EV's and buyer's remorse. Mark my words: Republicans WILL get massive support not only from Republican voters but independents who know the truth.

# **How Congress Destroyed Health Care**

While the Democrat/Communist Party USA members of Congress spend all their time screaming on the House and Senate floor

about racism and other BS, Americans are going to suffer greatly because of this mess created by Congress that should never have happened. Real solutions are being ignored for politics and votes.

## **Rebuttal: Nullification Is A Fake Solution**

As someone who believes in free speech – even if I find something offensive – a free people have the right to their opinion or position on an issue. It is our God given right we must always fight to keep. We can civilly agree to disagree – unless you're one of the deranged maniacs out there who are adamant you must believe what they believe.

## **Two New State Nullification Bills – Will They Pass?**

Time is short for our legislative session. We must get these bills passed: Texas Sovereignty Act, HB 384 & SB 313. I voted for our new state senator, Kevin Sparks, and have already written him on a half dozen issues. I had the opportunity to meet and speak with him on the phone a couple of times before the primary and Nov. election.

---

# **GOP Bill Abolish IRS /End Income Tax – Another Trap**

They all lied about the safety of those experimental injections and among the biggest liars are Twitter, Google and Fakebook, er, Facebook by censoring the truth and unleashing their phony “fact checkers.” The deaths and life-long injuries will continue at a rapid pace. Those who choose to call it conspiracy are the ones who’ve taken the injections and are scared to death about what’s really going on inside their body.

## **Kevin McCarthy: New Benedict Arnold Speaker of U.S. House**

The McCarthy Speaker of the House show down is over and once again we have a lying globalist puppet who will continue betraying America. The voters in his district are either willfully blind or stupid to reelect McCarthy but they did this past November after winning his primary last June.

# **2023: Abolish the Standing “Requirement” in Federal Courts**

Americans, well those of us paying attention to the rot and tyranny in Washington, DC and our federal judicial system, hear a case is thrown out because some federal judge decides the plaintiff(s) do not have “standing” to bring the case. I see it as an escape for gutless judges who are either too afraid of a particular case or are in the closet partisan puppets.

## **COVID-19 “Vaccine” Conspiracy: A Volcano Waiting to Erupt Underway**

Since the middle of February 2020, the world has been plagued by SARS-CoV-2 dubbed COVID-19. Researchers around the globe desperately trying to discover its origins and how to stop the spread. Here in the U.S. the prostitute media whipped the American people into a massive frenzy of fear using optics and outright lies.

# Hypocrites of Christmas

Power concedes nothing without a demand. It never did and it never will. Find out just what any people will quietly submit to and you have found out the exact measure of injustice and wrong which will be imposed upon them, and these will continue till they are resisted with either words or blows, or with both.

---

## Florida Surgeon General: COVID Injections Profoundly Unsafe

“Vaccines normally take 10-15 years before getting approval for mass distribution. The first injections were rolled out in hospitals on Dec. 14, 2020. That SEC filing was last day of 2019 before production began. Clinical trials are scheduled through 2023, so yes, humans on this planet are being used as test subjects.”

---

## Re-Examine COVID-19, Disease or Virus?

It's past time cities put a stop to any hospital, clinic or pharmacy from giving those injections and they can do it just

like our city council has the authority to do. Stop giving those injections or we will suspend your business license. I have provided my city councilman and our city attorney a package of information but haven't heard back yet.

## **Died Suddenly Documentary – An Honest Review**

Before I cover that documentary, denial regarding those COVID experimental injections and safety is being driven by fear. Over the decades Americans have been conditioned to trust their doctors, mother government out in DC and the rotten, corrupted MSM. When COVID hit, scumbag former VP president, Mike Pence,[1] brought us Dr. Death Fauci and liar Deborah Birx.

## **“Biden Inflation” Misses the Real Target**

Putting all the blame for the nightmare inflation we are experiencing on the walking corpse in the WH was a very effective political tool during this mid-term selection/election. In no way am I defending the life-long crook and usurper president, Joe Biden.

---

# **Post-Midterm Elections: When the Real Work Begins**

Anticipation for the midterm elections tomorrow is running at fever pitch. Socialists (liberals) and progressives (communists) are in absolute meltdown to the point of madness. Republicans are likely to regain control of the House and hopefully, the Senate.

# **Federal Elections End at Midnight ON Election Day**

President Elect Donald Trump won the 2020 election. I watched every hearing and watched every credible video following the steal. Massive ballot dumps in the middle of the night – hundreds of thousands between Georgia and Pennsylvania alone.

# **Communist China Needs Your Money to Destroy US**

Please let me remind Americans what communism is: replacing private ownership and capitalism with a classless economic system. The State is their master and you will obey or you

will be put in re-education camps or simply killed. The CCP (Communist Chinese Party) runs the show and they are brutal murderers and liars. Communists always lie with a smile. Socialism is simply the big stepping stone to communism.

## **Proof      Mail-In      Ballots Facilitates Voter Fraud**

## **Bombshell Covid-19 Lawsuit – Finally**

It's said the wheels of justice turn slowly. I say when corruption is involved with big names and lots of filthy money, yes, defendants and judges would sell their own mother to keep from going to trial. Such is the lawsuit which I covered June 16, 2021, by my dear friend, Larry Becraft...

# **Responsible by Name and How it Was Done**

There will be another development very soon so stay tuned. The day of reckoning is here for the guilty and that includes unnamed individuals in the alphabet soup agencies. ## **FACTS: Experimental COVID Injections and SADS**

The mass sucking sound started with NAFTA then GATT/WTO and all these other “free” trade treaties. “Free” trade killed our manufacturing, industrial and agriculture sectors which made America the wealthiest industrial nation in the world. Once robots replace humans, where will they go for work?

## **NIST Continues to Protect 9/11 Lies**

America was attacked twenty-one years ago today, thousands of innocent human beings died and the cover-up began immediately. Those who still believe the “official” narrative

of what happened are those who not only have done no research, but are too afraid of the truth to acknowledge what their own eyes saw.

## **Climate Change Scam Will Bring Death & Misery This Winter**

Politicians across this country for votes began hyping how wonderful renewable energy is when in FACT renewable energy is the LEAST reliable energy source on the planet. Only in the past year or so have Americans awakened to the FACT that those expensive electric cars depend on fossil fuels to recharge...

## **Protectionism vs Isolationism**

Selling NAFTA by Congress and the biggest mouth being Newt Gingrich was America wants cheaper goods! Yep. NAFTA and the GATT/WT0 gutted cities and towns across the country and there has been nothing cheap about it. Nothing new for those not familiar with the IRS and their special agents armed to the teeth. ## **Global Depression is Already Underway**

Joe Manchin was the news last week when he reached a deal to further RAPE the American people with more debt in cahoots with career crook, Chuckie Schumer [D-NY] regarding the globalist robber baron’s bill. Biden is in the first stages

of Alzheimer's disease so you can forget anything coming out of his mouth as coming from any original thought.

## **Honest Opinion of Recent GOP Primaries**

I want to add a couple of things since I wrote the column below. The Democrat/Communist Party USA will stop at nothing to cheat in these on-going primaries and in November. While Republicans are winning their primaries, so many are RINOs and will do the same as they've been doing to cure the cancers: NOTHING.

## **Prosecute COVID Injections Conspirators Now – Number of Dead Staggering**

As far back as December 2019, some of the finest scientific minds on this planet warned people NOT to take those mRNA experimental injections. Anywhere from four to eighteen months (could be as long as 3-5 years) those experimental injections will have been working on destroying your natural immune system.

## “Preferred Pronouns” Madness MUST Stop

## What We All Must Do to Save our Republic

In May 2008, I visited the homestead of Nathan Hale in CT. Nathan Hale was hanged by the British at the age of 21. Before he was hanged, young master Hale said, “I only regret that I have but one life to lose for my country.” Just a kid he gave his life for future Americans to be free.

# Honest Opinion of Recent GOP Primaries

I've analyzed more elections than I can count as well as hammering on vote fraud since 1993. Like so many millions of Americans I've read countless books, watched videos and have been active at both the state and federal level. Worked to get candidates elected, voted for Trump twice.

## Mexican Pirates vs. Constitutional Militia

The bottom line is the U.S. Constitution guarantees under Art. IV, Section 4: "The United States shall guarantee to every

state in this union a republican form of government, and shall protect each of them against invasion; and on application of the legislature, or of the executive (when the legislature cannot be convened) against domestic violence.”

---

## **Term Limit Bill in Congress**

Many states have term limits for offices such as governor. I live in Texas where a governor if elected other than by vote fraud can serve 50 years if that's what voters want. Lucky for Arizona their wimpy governor is being term limited out (2 terms) and hopefully, Kari Lake will become their next governor. Unless, just as Trump was cheated even though he hands down won in Arizona, Lake is defeated by election fraud.

## **Biden to Open Border to All – Constitutional Militia to Be Called Up**

Gov. Abbott is using Band Aids to treat a patient on the operating table with a gut shot. There is so much deliberate lying out there about what's going on right now but thanks to so many intrepid writers who actually do in-depth research, the truth about Russia & Ukraine both past and present, is getting to the people of the world. # Incumbent or Challenger?

Allow me to insert this here as it IS the raw truth. Many have already seen it but we continue to get new readers every day. There are a lot of truly constitutional based candidates running against incumbents. Rotten incumbents in both the house and senate who absolutely must be primaried out, but it's up to US – YOU AND ME. First, though, we have to accept the bitter truth and fight back smart.

## Death to Democracy in America Top Goal

I bring the issue of democracy up at this time because that's all the chanting going on right now: Saving democracy in Ukraine and around the world! What rubbish. Our Founding Fathers hated democracy as a form of government. They knew it amounted to little more than two wolves eyeing one lamb for lunch. Democracy is simply a form of government which destroys every country infected by it.

The new June 11, 2021, data dump on VAERS is stale, by design, I believe. Personally, I've believed for months the CDC has been deliberately dragging their feet getting the data posted to VAERS for political reasons. Weeks behind but there's more to what's been going on than we knew.

Dear Sir,

This is a request made pursuant to the Freedom of Information Act, 5 U.S.C. § 552, and the regulations of your agency implementing such. See 45 C.F.R. § 3.1, et seq. The request is:

Please provide the following items related to the COVID 19 disease and related pandemic:

1. All tangible evidence, documents (whether printed or electronic), notes, computer data or any other form of memorialization, showing how a scientifically correct isolation and purification of the suspected coronavirus was conducted by CDC scientists (or parties acting on your agency's behalf).

2. All tangible evidence, documents (whether printed or electronic), notes, computer data or any other form of memorialization, confirming CDC scientists (or parties acting on your agency's behalf) used Koch's Postulates in detecting this new coronavirus.

I further seek a limitation or waiver of processing (search and review) fees, pursuant to 5 U.S.C. § 552(a)(4)(A)(ii)(II): ("fees shall be limited to reasonable standard charges for document duplication when records are not sought for commercial use and the request is made by ... a representative of the news media ..."). 5 U.S.C. § 552(a)(4)(A)(ii) ("Documents shall be furnished without any charge or at a charge reduced below the fees established under clause (ii) if disclosure of the information is in the public interest because it is likely to contribute significantly to public understanding of the operations or activities of the government and is not primarily in the commercial interest of the requester."). See also 45 C.F.R. § 3.54(a).

The records requested will contribute significantly to public understanding of the government's operations or activities. Under 45 C.F.R. § 3.54(b)(1)-(2), the following factors are to be considered in determining whether a disclosure is in the public interest: (1) whether disclosure of records concerns "identifiable operations or activities of the Federal Government" and (2) whether disclosure of records would "likely to contribute significantly to public understanding of [government] operations or activities." THIS evaluates two factors

to determine whether the latter requirement is met: (i) disclosure "must be meaningfully informative about government operations or activities," and (ii) "disclosure must contribute to the understanding of a reasonably broad audience of persons interested in the subject." 45 C.F.R. §§ 5.54(b)(2)(i)-(ii). I am seeking the requested documents on behalf of a media organization that wishes to learn more about this matter in its efforts to educate the American public about the activities of your agency and its response to the current pandemic.

In the alternative if fees are not waived, this is my firm promise to pay fees and costs for locating and duplicating the records requested, but please inform me if costs for this request exceed \$100.

Sincerely,

Lowell H. Decraft, Jr.

Look them up, or rather your staff can and wake up.

**READ: Can experimental mRNA vaccines act as bio-weapons and transmit coronavirus spike proteins to the unvaccinated?** By Lance D. Johnson, May 6, 2021

"After Pfizer skipped animal trials for their new mRNA coronavirus vaccine, they began using various doses of foreign mRNA to experiment on human test subjects. This foreign vaccine mRNA stops the innate transcription process in human cells, providing new instructions for protein synthesis which basically overwrites the innate genetic expression from the body's own DNA.

"The foreign vaccine mRNA halts the natural protein synthesis

in human cells, blocking cells from producing the amino acid sequences that they typically build for the proteins that are needed in the body. The foreign vaccine mRNA circumvents the innate intelligence of the human body, instructing the ribosomes of the cells to instead churn out spike proteins (properties from the coronavirus bio-weapon).

“In the [study design documents furnished by Pfizer](#), scientists warn of “occupational exposure” to the vaccinated in a 24-hour monitoring period. What might be transmitted by the vaccinated, if occupational exposure is of concern? Why did Pfizer keep this limited occupational exposure data separate from the clinical study?

### **Pfizer documents warn of potential adverse events from occupational exposure to the vaccinated**

“According to [Pfizer’s own study design documents](#), scientists were concerned about “occupational exposure” to the recently vaccinated test subjects. Under section “8.3.5.3. Occupational Exposure” Pfizer warns that caretakers and close contacts of the recently vaccinated could be exposed to the spike proteins that are translated and synthesized in the cells of the vaccinated. During the clinical trials, Pfizer instructed researchers to monitor for severe adverse events in the vaccinated and in the unvaccinated people who were exposed to the vaccinated. What does “occupational exposure” entail? The mRNA vaccines do not shed live viruses, so what exactly is being transmitted from the vaccinated to the unvaccinated?”

State of Texas. Tailor to your state committees both house and senate.

Rep. Stephanie Klick, House Committee on Public Health Senate Committee on Health & Human Services P.O. Box 2910, Austin, Texas 78768

Sen. Lois W. Kolkhorst, P.O. Box 2910 P.O. Box 12068, Capitol Statio Austin, TX 78711

Cf: Rep. Jacey Jetton, Sen. Charles Perry, Rep. Tom Oliverson and Sen. Dawn Buckingham

Dear Chairwoman Klick and Chairwoman Kolkhorst:

Since my last letter to your committees, April 6, 2021, number of deaths following a COVID-19 *experimental* gene editing technology shot has increased as predicted. "To get a perspective on the magnitude of deaths following COVID shots that are being reported to the CDC, there were only 3,445 deaths reported to the CDC following all vaccines from 1/1/2005 through 11/30/2020, the **15-year period** prior to the FDA issuing emergency use authorizations for experimental COVID injections in December of 2020." [Brian Shilhavy](#)  
[Editor, Health Impact News](#)

April 3, 2021: 2,249 deaths. An increase of 199 in seven days. The number of adverse "events" 50,861. During the same time serious injuries reached 7,726, an increase of 631. 28% of deaths within 48 hours of getting the shot, 19% within 24 hours. 43% of deaths were victims who got sick within 48 hours of the jab.

VAERS is lagging **weeks** on posting. **Here are the April 16<sup>th</sup> numbers:**

3,486 deaths. 86,080 injuries, 1,217 permanent disabilities, 12,374 emergency room/doctor visits, 6,282 hospitalized, and 1,906 life threatening injuries.

April 3: 2,249 deaths. April 16: 3,486 deaths. Increase of 1,249 dead Americans.

April 3: 50,861 adverse" events. April 16: 86,080 injured. A whopping increase of 35, 219 injured.

March 11: 734 permanent disabilities. The victim can no longer function normally or work.

April 16: 1,217, an increase of 734.

March 15: 6,716 visits to ER. April 16: 12,374. An increase of 5,658.

March 15: 3,976 hospitalizations. April 16: 6,282. An increase of 2,306.

**Reporting to VAERS is only about 1-10% at the most.** Now, 71 million Americans have tragically received one or more of those experimental gene editing technology shots, roughly 123 million doses. Pharma houses want to make it yearly. Changing.

Many vocally condemned the 'pause' because of blood clots from Johnson & Johnson's experimental shot. "Only" 6 out of six million who got the shot, one dead, one fighting for her life

in the hospital. As of this date, it's now 15 with what the CDC described as "massive clots close to the brain". 3 dead, 7 still hospitalized, all women.

The three dead victims have names. They were wives, mothers, grandma, favorite auntie, sister, human. Those who condemned the 'pause' remind me of the bumper sticker: **Those who support abortion have already been born.** So what if it was your mom or wife or your teen age daughter? It's all for the "greater good". Their lives, their pain mean nothing. In the eyes of COVID-19 shots advocates, their lives don't matter.

It is shocking the CDC decided last week everything is just fine. Johnson & Johnson can go ahead and keep giving those shots. The dead mean nothing to them; just the usual acceptable collateral damage. It's for the "greater good".

A new book has been released by Dr. Karina Reiss and Dr. Sucharit Bhadki titled Corona Unmasked: New Facts and Figures. I have enclosed the [cover page and pg 20](#) from one of the chapters which closes with: "Until reliable and convincing data are available, **this high-risk human experiment must not be allowed to continue.**" If you think these are 'anti-vaxxers' or arm-chair conspiracy theorists, their bio's are also enclosed. Both doctors are no light-weights just like the hundreds globally who have been trying to warn the world since last Dec: Don't take those shots.

I've also enclosed a copy of this: Microbiology & Infectious Diseases. [COVID-19 RNA Based Vaccines and the Risk of Prion Disease](#) by J. Bart Classen, MD, an immunologist with decades of experience and under attack as are experts around the world trying to stop this horrific nightmare. Classen says risk, he does not say everyone will develop Prion Disease.

(CDC: Prion diseases or transmissible spongiform encephalopathies (TSEs) are a family of rare progressive neurodegenerative disorders that affect both humans and

animals. They are distinguished by long incubation periods, characteristic spongiform changes associated with neuronal loss, and a failure to induce inflammatory response.

The causative agents of TSEs are believed to be prions. The term “prions” refers to abnormal, pathogenic agents that are transmissible and are able to induce abnormal folding of specific normal cellular proteins called prion proteins that are found most abundantly in the brain. The functions of these normal prion proteins are still not completely understood. The abnormal folding of the prion proteins leads to brain damage and the characteristic signs and symptoms of the disease. Prion diseases are usually rapidly progressive and always fatal.)

I urged you in a previous letter to bring in to testify in front of your committees, microbiologists and scientists who are the real experts and ask them the hard questions. I would include Drs. Reiss, Bhadki and Classen.

The more people given those experimental shots the more deaths we'll see. More suffering, more permanent disabilities. All of those experts, hundreds of them (globally and here in the U.S.) unlike career criminal Anthony Fauci who should have gone to a federal prison decades ago, know what they're talking about. Again, I ask you: **Are they ALL “anti-vaxxers” and conspiracy theorists?**

Over two months ago, our Howard County GOP Club sent all of you a letter supported by signatures from our members requesting an investigation into the existence of this purported SARS-CoV-2 so I won't repeat myself. I provided all of the research proving neither the CDC nor health agencies in 40 countries have a purified isolated particles specimen.

Everywhere you read this alleged virus came from Wuhan, China. But recall what I included in my letter to you dated March 3<sup>rd</sup>: “Ten days ago I watched a video that absolutely

caused my jaw to drop. This interview on Jan. 23, 2021, was between an NBC reporter in Wuhan, China and Dr. Wu Zunyou, Chinese Center for Disease Control. In response to the reporter's question about why they haven't shared data, Zunyou said, "They didn't isolate the virus." **And, there you have it.**

Computer models are not specimens.  
[https://brandnewtube.com/watch/return-to-wuhan-dr-wu-zunyou-virus-has-not-been-isolated-but-nwo-control-has\\_tjV4YdbUlVFPhnn.html?lang=arabic](https://brandnewtube.com/watch/return-to-wuhan-dr-wu-zunyou-virus-has-not-been-isolated-but-nwo-control-has_tjV4YdbUlVFPhnn.html?lang=arabic)

Two most common questions asked: If people aren't dying from this alleged virus, what are they dying from? Everyone says the virus came from Wuhan labs, I mean, didn't it?

For the past year microbiologists, epidemiologists, virologists and doctors have stated, based on their individual DECADES of experience, this is a nasty influenza flu and should be treated as is done with other respiratory illnesses. For only the second time since the CDC was birthed, they abruptly stated they would not be reporting cases of influenza flu for 2020/21. Why not? Because the big money is in vaccines and "cases" reported.

**There It Is: CDC Equates Coronavirus Hospitalizations to Seasonal Flu and Finally Admits It's MUCH LESS Dangerous for Children, May 2, 2020:** "In May the CDC equated the Wuhan coronavirus to the seasonal flu. The COVID-19 hospitalization rates are "similar to" those in the 65 and older category during "recent high severity influenza seasons."

But we saw all the clips on the nightly snooze (news) showing hospitals over flowing, desperation, dire circumstances. Reported number of deaths as of today: 571,922. By the CDC's own admission, only 6% are caused by this alleged virus bringing the true number to around 34,315. Influenza viruses float around all year. That is a fact.

Highest number of deaths from influenza flu was 2018: 80,000

with 900,000 hospitalized. Why weren't hospitals over run then? To date, hospitalized for COVID from [Mar. 15, 2020 – Mar. 4, 2021](#): 120,000. For that this country was brought to her knees. 2019-2020 influenza flu season: 38 million caught it. 18 million saw a health care provider. 400,000 hospitalized and 22,000 deaths. We did not lockdown this country. Peak season is December – March but can go to May. Viruses hate heat which is why forcing people to wear masks outdoors last summer and this one is rank stupidity.

We don't shut down this country over the yearly flu. **People sadly died from the flu because too many are unhealthy.** With a 42% obesity rate in this country, you're looking at tens and tens of MILLIONS of Americans with serious health problems like heart disease, strokes, kidney disease, eye problems, nerve damage and more.

Then, when a severe strain of influenza comes along, boom! **Down they go because their immune systems are severely compromised.** Despite all the warnings, Americans don't seem to care because obesity rates just continue to climb. The elderly with one or more serious health conditions make up a large number of deaths. The population in this country is severely lacking vitamin D which is critical.

The upside is vaccination sites around the country are closing down because people are doing their research and getting fully informed. They do not want some experimental shot. 40% of our military have also said no to those experimental shots.

As I informed you before, all my letters to your committees are published in my weekly column. Notification is sent to over 70,000 subscribers who then send the link to their email lists, onto social media platforms of every stripe. We are getting the truth out. *Then voters by the hundreds of thousands who get this data and verified facts are going to wonder why lawmakers and governors did nothing to stop the carnage.*

Recall I mentioned life insurance corporations and no payout if the person dies from taking a COVID-19 experimental shot? Enclosed is a copy of a letter to an individual belonging to, if I read it correctly, HUPA, which appears to be subsidized health care under Harvard plans. Name and membership ID protected. It says side effects from the COVID-19 vaccine are not covered. So far, 86,080 adverse reactions, 12,374 emergency room/doctor visits, 6,282 hospitalized, and 1,906 life threatening injuries. Will all those victim's medical insurance plans cover them? Americans should check.

The requests to your committees are not unreasonable. Tedros Adhanom Ghebreyesus is Director General of the thoroughly CORRUPT WHO. Tedros started the hysteria by declaring a pandemic. Ghebreyesus isn't even a doctor. He is however a member of the Leftist Tigrayan People's Liberation Front (TPLF) which is a Marxist/Leninist group. TPLF is listed in the Global Terrorism Database. The Communist Chinese contribute ten times more \$\$ to the WHO than the U.S. Trump put a stop to it, the imposter "president", dementia addled Cheater China Joe Biden, restored funding.

Fauci, Tedros, Bill Gates, George Soros – all part of a grand incestuous cabal. And speaking of Fauci, who knew he was a prophet? Jan. 11, 2017, at a forum on pandemic preparedness at Georgetown University: ["There is no question](#) that there will be a challenge to the coming administration in the arena of infectious diseases," Fauci said during his "Pandemic Preparedness in the Next Administration" speech, which came shortly before Trump's inauguration on Jan. 20. He added, "the thing we're **extraordinarily confident** about is that **we're going to see this in the next few years.**" *USA Today*

Just because the thoroughly corrupt WHO declares a pandemic doesn't mean the cause they promote exists. It seems to me this should be relatively easy. Haul in the new CDC Director, Rochelle P. Walensky before your committee and ask her the key question: Does the CDC have a *purified* isolated particles

specimen? Not a computer model but the real deal.

We also requested a forensic analysis of death certificates. This country was brought to its knees over astronomical numbers of “cases”. Cases based on using a PCR test that DOES NOT test for viruses. It recognizes RNA and DNA. It is a manufacturing technique, not a diagnostic tool. Yet, media and politicians continue blasting over 25 million “cases”. Deaths from that alleged virus reaches landmark of over half a million! We know that to be a manufactured lie as only (God rest their souls) about 6% of those who passed away was a direct result of that alleged virus.

**CDC Reveals Hospitals Counted Heart Attacks as COVID-19 Deaths – 130,000 of them.** And pneumonia, influenza.  
[https://www.youtube.com/watch?v=7x-biB\\_JrcU](https://www.youtube.com/watch?v=7x-biB_JrcU)

And, now this:

**Biden Administration Allowing Death Certificates to Be “Modified”:** “On April 12, radical congresswoman Alexandria Ocasio-Cortez (D-NY) and Senate Majority Leader Chuck Schumer (D-NY) held a press conference. They let New Yorkers know that if a relative died in the early stages of the pandemic and their death certificate doesn’t mention COVID-19 as a cause, they can now have the certificate edited – and claim up to \$35,500.” **Including illegal aliens.**

“If you tell a lie big enough and keep repeating it, people will eventually come to believe it. The lie can be maintained only for such time as the State can shield the people from the political, economic and/or military consequences of the lie. It thus becomes vitally important for the State to use all of its powers to repress dissent, for the truth is the mortal enemy of the lie, and thus by extension, the truth is the greatest enemy of the State.”

(“This is an excellent definition of the “Big lie,” however, there seems to be no evidence that it was used by Nazi

propaganda chief Joseph Goebbels, though it is often attributed to him. The original description of the big lie appeared in *Mein Kampf*. Adolf Hitler applied it to the behavior of Jews rather than as a tactic he advocated." Jewish Virtual Library)

Giving those experimental shots to children makes me sick to my soul. Well-meaning parents or school districts demanding kids get shot up like guinea pigs, they're now getting them as I write this. Moderna has never produced a vaccine before and they haven't now. It's mRNA technology and it's deadly. People have no idea how many billions have been paid out by Moderna & Pfizer in lawsuits. Trust them? When pigs fly. Just plug this into a search engine and be prepared, it will shock you: [moderna pfizer history of lawsuits](#)

Safe? Look it up. **Children Next to be Sacrificed to COVID-19 mRNA Injections as 12-Year-Old Girl is Paralyzed During Trials**

This is totally reprehensible as masks DO NOT protect you or anyone else from viruses. Facial masks for doctors and nurses started a long time ago. They began wearing them to keep body fluids, brain and other body tissue and blood from getting on them.

**This is particularly horrifying.** LAPD going to the mentally disabled who are **homebound** and forcing the needle into their arms against their will for COVID shot. For God's sake, this is America, not Communist China. Video which is heart breaking:

That's what has been going on in this country for the past 13 months. I know this is political Kryptonite, but to ignore the truth is heinous. **Americans MUST be told the truth about those experimental shots.** As I explained in my last letter, it's also criminal to give the shot without informed consent. People have to be told under federal law they are getting an experimental drug.

I hope lawsuits against PCR manufacturers for fraud succeed because it is fraud. They knowingly sell test kits that don't test for any virus. I hope class action lawsuits are filed against pharmacies, hospitals and others for giving those experimental drugs in violation of federal law which I explained in one of my recent letters to you.

#### [Dr Reiner Fuellmich PCR Lawsuit Update – March 2021](#)

"In Germany, two cases have been filed, each contain the PCR tests. Dr Fuellmich is about to file twelve more complaints and will try to include motions for a preliminary judgement so that we will not be pushed aside towards the end of the year because this is what happened to both of these complaints. We filed them at the end of last year and we now have gotten trial dates and the trial is scheduled, the oral hearing is scheduled for 9 November 2021.

"Obviously, this is an attempt at slowing us down because everybody knows by now that the PCR test are the centrepiece of this entire hoax. It's Drosden (Christian) who promoted his PCR test as the gold standard for detecting infections and it's the WHO under Tedros who recommended this worldwide, so this is at the centre of this entire scandal. If we destroy

the PCR test as a means of detecting infections the whole house of cards is going to crash.

“You probably know that there’s another PCR test complaint that was filed in New York by our friend Ray Fleurs of CHD Children’s Health Defence. This is seven or eight weeks ago, and we expected the oral hearing was on this motion for preliminary judgement was seven or eight weeks ago, and everybody who saw him argue this case said this is brilliant, he did an excellent job and it was obvious that the judge is going to decide in our favour. This hasn’t happened yet, but that’s because the filing of the case and probably the oral argument got the other side scared shitless, let me put it this way.

“That’s why the state of NY, not the city of NY this is about school closures, rather about the duty of mandatory of PCR testing for students who want to go to school. Now the state of NY changed its tune and all of a sudden issued a letter saying that no student can be forced to undergo PCR testing in order to go to school.”

All those microbiologists, virologists and other doctors with decades of experience are telling us that the process of killing a person’s immune system starts 4-18 months after the shot. Then, that technology begins to attack vital organs (liver, kidney, heart, lungs) and people will develop auto immune diseases for which there is no cure. Too many will die within a few years. There is no going back after the shot.

In closing, you must meet with Gov. Abbott. **Stop all vaccinations in this state.** Forget about politics and elections. How many more dead or permanently damaged will it take for Gov. Abbott to do what’s best for the people of Texas?

This will be my last letter to your committees. All that’s left is to keep reporting the latest number of dead Americans,

number of those maimed for life, suffer horrible “adverse” events and hospitalizations.

Cordially,

“Pfizer’s former Vice President and Chief Scientist for Allergy and Respiratory, Dr. Michael Yeadon, continues to grant public interviews sounding the alarm about COVID fraud and efforts to reduce the world’s population through dangerous COVID injections.

“Yesterday, *Perspectives on the Pandemic* published a recent interview with Dr. Michael Yeadon on their YouTube channel. Much of what Dr. Yeadon talked about can be found in the videos and articles we have already published featuring Dr. Yeadon, but one thing Dr. Yeadon shared in this interview was that even though he is one of the few scientists speaking out about the COVID lies and deception, that most of his peers in his field actually agree with him.

“He then proceeded to explain why most of them have chosen to remain silent, as they are intimidated and fear speaking out. Dr. Yeadon talks about what it has cost him, so far, to go public with the truth and expose the lies of Big Pharma over COVID-19.

“He has been attacked and slandered, and it has basically ruined his career as a scientist. He has nothing to gain for going public with the truth, and has actually suffered great harm for doing so.

“Like the doctors who stood by and said nothing in Nazi Germany in WWII as human experiments were conducted on

children and other patients without informed consent, one has to wonder just how long these honest and ethical doctors who are not part of the COVID scam can remain silent, as thousands are now dying from the experimental injections, and many more are casualties of bad COVID policies that have caused joblessness, suicides, mental depression, and more.

“We have lifted that portion of Dr. Yeadon’s interview into a short clip where he discusses why he is alone in speaking out, and what that has cost him. This is from our Rumble channel, and it should also be available soon on our Bitchute channel.

**The U.S. Not Prepared for Mini Ice Age: Wake Up**

Dear Rep. or Senator:

Cheater China Joe Biden's proposed \$3 TRILLION BORROWED DOLLARS infrastructure nightmare includes \$400 BILLION BORROWED DEBT dollars to fight one of the biggest manufactured lies ever shoved down the throats of Americans: Climate change.

It's long past time for Republicans to quit worrying about votes, stand up and tell Texans the truth. I believe there's

ample scientific evidence we have entered into a new mini-ice age. Texas is not prepared just like when that Polar Vortex hit in February. The earth is cooling, not warming.

### A history lesson

"In 1928 at the Sixth Party Congress held in Moscow, the Communist dictators composed and approved "The Program" which would usher in a 'New World Order', a term I'm sure you've probably heard. That scheme, 'The Program of the Third International' called for a global environmental program which would be used to eradicate national sovereignty thereby creating a world dictatorship. Every nation on earth and their national boundaries would be replaced by an omnipotent, one world government and regional governances. Due to the rank ignorance of local governments nationwide, too many drank the poison of Agenda 21.

"It was agreed that an environmental "crisis" would be gradually developed to siphon off the money from capitalism and reduce countries to socialism and eventually under communism. Twenty delegates from the U.S. voted for the 1928 Program of the Third International." Jeri Lynn Ball (a prolific researcher) from her book, *Masters of Seduction: Beguiling Americans Into Slavery and Self-destruction*

At the Earth Summit in Rio De Janeiro, June 3-14, 1992, the Secretariat for World Order distributed a nonpublic document titled, "The Initiative for Eco-92 Earth's Charter." It reads, in part, under policies that must be implemented as follows:

*"The Security Council of the U.N. will inform all nations that outmoded notions of national sovereignty will be discarded and that the Security Council has complete legal, military and economic jurisdiction in any region of the world ... The Security Council of the U.N. will take possession of all natural resources, including the watersheds and great forests, to be used and preserved for the good of the Major Nations of*

*the Security Council."*

In Dixie Lee Ray's book, *Environmental Overkill – Whatever Happened to Common Sense*, one gets a full accounting of what really went on with Al Gore and his loony friends at the Rio Summit. On page 10 of her book, it states:

*"The objective, clearly enunciated by the leaders of the **United Nations** Conference on Environment and Development (UNCED), is to bring about a change in the present system of independent nations. The future is to be world government, with central planning by the UN. Fear of environmental crises, whether real or not, is expected to lead to compliance. If force is needed, it will be provided by a UN green-helmeted police force, already authorized by the Security Council."*

The EPA is the flagship in America to carry out this environmental terrorism against our people. In the ensuing years, the EPA has become more destructive than a cat five hurricane.

Dixie Lee Ray was a former governor of Washington State, Chairman of the Atomic Energy Commission and Asst. Secretary of State in the U.S. Bureau of Oceans. She passed away in 1994 and was a Democrat.

The climate change zealots never stop and their efforts are paying off:

**'Ecocide Could Become the 5th Crime Prosecuted by International Criminal Court – 'Prosecute & imprison political leaders & corporate executives' – Claim ecocide 'poses a similar threat to humanity' as Holocaust**

Would you like to be charged by the International Criminal Court and prosecuted for not stopping 'Ecoside', the destruction of our planet? Think it can't happen? Those freedom haters are hugely funded by billionaires like George Soros.

Scientists from around the world have been denouncing global warming aka climate change for decades. Their expert analysis from studying and analyzing have been censored by the “gods of the universe” aka tech giants as well as media networks. I believe, based on all my research, we are now faced with the reality of already having entered into a new ‘mini ice age’. But, it’s doesn’t matter what I believe, it’s what science is telling us now and that’s why hearings need to be held. Bring in these scientists and ask the hard questions.

The sun plays a huge role and you all need to take this seriously. Please note the dates in the articles below. The sun is about to shut down but not completely. There will still be plenty of sunlight but on the sun’s surface those small dark blotches called sun spots are on the verge of disappearing. That is a scientific fact that many scientists who live and breathe climate research know it will likely bring a long stretch of severe cold; as long as 35 years.

### **“New Little ICE Age Instead of Global Warming?” by Dr Theodor Landscheidt**

“Among the long list or scientific papers suggesting that a solar-driven spell of global cooling is on the cards, Dr Theodor Landscheidt’s ‘New Little ICE Age Instead of Global Warming?’ probably has *the claim of priority*.

“Published in 2003, just a year before his death, Landscheidt’s research is *standing the test of time*, and is *still* largely on course to be proved correct.

“The paper’s abstract begins:

‘Analysis of the sun’s varying activity in the last two millennia indicates that contrary to the IPCC’s speculation about man-made global warming as high as 5.8C within the next hundred years, a long period of cool climate with its coldest phase around 2030 is to be expected.’

“Crucially, in the growing list of research concluding that a solar-driven multidecadal spell of global cooling is on the cards (research from multiple studies of quite different characteristics), the year 2030 ALWAYS features prominently. Unlike the IPCC, which tosses its thermageddon doomsday date back and forth like a *hot* potato, researchers who track the multimillennial plays of the cosmos (namely those of the Sun) routinely land on the year 2030 as being the date of ‘climate deterioration’: this in itself should serve as compelling evidence.” As with the others, very important read as the excerpt above is just that.

### **Climate Theories Crumble as Data and Experts Suggest Global Cooling, August 21, 2013**

“So-called global-warming alarmists are in a frenzy after the latest climate data confirmed the Earth actually appears to be entering a potential cooling trend, sea-ice cover in Antarctica is growing to record levels, tornadoes and hurricanes are at record lows, and more. According to experts, the most recent revelations continue to make a mockery of alarmist claims – debunking United Nations theories about human-caused global warming and the wildly inaccurate supposed “climate models” used to forecast doom and gloom by forces seeking carbon taxes and more centralized government.

“Proponents of what is known as “anthropogenic global warming” theories, which claim that human activity is to blame for alleged warming, have long warned that increasing levels of carbon dioxide in the atmosphere would lead to “catastrophic” warming. The problem is that even based on data gathered by the planet’s premier climate alarmists – the U.K. Met Office, for example, or various U.S. agencies – shows that global warming stopped more than a decade and a half ago, as *The New American* reported last year.”

**GLOBAL FREEZING: 15-year ICE AGE to hit in just 4 years as the sun prepares to ‘HIBERNATE’, Nov. 8, 2016**

“A team of experts have warned that huge seismic events, including volcanic eruptions, plunging global temperatures and destabilisation of the Earth’s crust will become more common after worrying changes to the surface of the Sun were recorded. It could take up to 15 years for solar activity to return to normal with extreme weather and freezing temperatures continuing until 2035...

“They have also been linked to major earthquakes in tremor hotspots igniting fears that major cities including Tokyo and Los Angeles could be facing the next ‘big one’. Research by the The Space and Science Research Center in Florida revealed a strong link between low solar activity and seismic events.

“The study looked at volcanic activity between 1650 – 2009 and earthquake activity between 1700 – 2009 comparing it to sunspots records. It revealed a terrifying correlation between reduced solar activity and the largest seismic and volcanic events in recorded history. This strong association between eruption timing and the solar minimum is statistically significant to a confidence level of 96.7 per cent.”

“The frequency of sunspots is expected to rapidly decline over the next four years reaching a minimum between 2019 and 2020. Solar expert Piers Corbyn of forecasting group WeatherAction warned the Earth faces another mini ice age with potentially devastating consequences.”

**British Astrophysicists: “Mini Ice Age is Accelerating – New ‘Maunder Minimum’ Has Begun” + the Beaufort Gyre, Sept. 23, 2020**

“We are plunging *now* into a deep mini ice age,” says British astrophysicist Piers Corbyn, “and there is no way out”.

“For the next 20 years it’s going to get colder and colder, on average, says Corbyn who holds a B.Sc. in Physics and an M.Sc. in Astrophysics. The jet stream will be wilder: there will be more wild temperature changes, more hail events, more

earthquakes, more extreme volcano events, more snow in winters, lousy summers, late springs, short autumns, and more and more crop failures.

**“The fact is the sun rules the sea temperature, and the sea temperature rules the climate,”** explains Corbyn. “What we have happening now is the start of the mini ice age ... it began around 2013. It’s a slow start, and now the rate of moving into the mini ice age is accelerating. The best thing to do now is to tell your politicians to stop believing nonsense,” concludes Corbyn.”

I have been monitoring earthquakes for the past 18 months as well as erupting volcanoes world-wide – and they are big time. Not a pretty picture those graphs and charts. On March 13, 2021, my city was hit with a hail storm that was scary bad; hail in my backyard the size of my fist. Huge damage here and not normal.

Piers Corbyn is another voice of many in his field being censored but also branded with the usual labels of ‘climate denier’ or ‘conspiracy nut’ for running afoul of the climate change propaganda advocates. Scientists and meteorologists like him around the world are trying to warn people and governments. While Corbyn has a reputation of being somewhat of a crank, his expertise cannot be denied.

Corbyn was awarded (the word they use in Great Britain) a first-class BSc (Honors) degree in 1968 from Imperial College in London; 1981 a postgraduate degree in astrophysics from Queen Mary College, University of London.

**Professor Valentina Zharkova Breaks Her Silence and CONFIRMS “Super” Grand Solar Minimum, Nov. 6, 2018**

“Professor Valentina Zharkova gave a presentation of her Climate and the Solar Magnetic Field hypothesis at the Global Warming Policy Foundation in October, 2018. The information she unveiled should shake/wake you up.

“Zharkova was **one of only two scientists** to correctly predict solar cycle 24 would be weaker than cycle 23 – in fact, only 2 out of 150 models predicted this. Zharkova’s models have run at a **97% accuracy** and now suggest a **Super Grand Solar Minimum** is on the cards beginning 2020. Grand Solar Minimums are prolonged periods of reduced solar activity, and in the past have gone hand-in-hand with times of global cooling.”

Back in 2014, Mark Giampapa, who is a solar physicist at the National Solar Observatory (NSO) in Tucson, Arizona said, “Our sun may be entering a grand minimum of sunspot activity, not unlike the Maunder Minimum that some climatologists think caused record low winter temperatures in Northern Europe during the latter half of the 17th century.

“My opinion is that we are heading into a Maunder Minimum. “I’m seeing a continuation in the decline of the sunspots’ mean magnetic field strengths and a weakening of the polar magnetic fields and subsurface flows.”

### **Scientist Warns Of Mini Ice Age As Sun Hibernates During Solar Minimum, Feb. 3, 2020**

“An expert warned that Earth might experience a mini ice age when the Sun hibernates due to its solar minimum cycle. According to the expert, the Sun’s hibernation and extremely cold weather could last for over three decades.

“The solar minimum is a period in the Sun’s solar cycle that occurs every 11 years. During the solar minimum, sunspots on the Sun’s surface diminishes, leading to a weaker output from the massive star. On the other hand, during a solar maximum, the Sun emits more energy as its sunspots increase.

“According to Valentina Zharkhova, a professor at Northumbria University’s department of mathematics, physics and electrical engineering, the Sun is about to enter a **Grand Solar Minimum** this year, which is like an extended version of the solar minimum. Instead of lasting for only a couple of years, the Grand Solar Minimum could extend for 33 years.”

Attached is a page of other sources. A mini ice age will wreak havoc and destruction for our farming communities as well as ranchers. Life threatening temperatures this country is NOT prepared for while loons like Alexandria Ocasio Cortez and other cult worshipers of climate change screech the end is near.

**Lockdown Every 2 Years for Climate Change, March 10, 2021:**

“The Guardian has put out the truth, perhaps ahead of schedule. There are those pushing for lockdowns every two years to meet the Paris requirement of ZERO CO<sub>2</sub>. Everyone’s future is to change and they never ONCE allowed anyone to ever vote on this agenda.”

We the People have been raped in taxes to pay down the interest on borrowed debt so Congress can continue spending DEBT for this monstrous hoax called climate change. Hundreds of BILLIONS of dollars with more rape coming. I darn near gagged years ago when I saw the headlines: DoD Goes Green. The destruction of our military continues with this nonsense.

**Department of Defense Predicted Climate Change Would Destroy Us by 2020, Jan. 3, 2020:** “Back in 2004, the Department of Defense released a report assuring the world Climate Change would destroy all of us by the year 2020. Well, welcome to the year 2020! And welcome to yet another fake doomsday prediction number 42 from our renowned climate experts!”

Republicans: Fight back – go on the offensive. I have urged committee hearings (Science) in both the House and Senate in Congress to bring in the experts below. **I respectfully**

**request your committee do the same.** Bring in person or by conferencing Piers Corbyn, Prof. Valentina Zharova and Mark Giampapa. Unfortunately, Dr Theodor Landscheidt passed away but *there are so many more*. Stop being afraid of the whores who pass themselves off as “mainstream” media or members of the Democrat/Communist Party USA who serve in our legislature.

You can also send out a letter to all your constituents letting them know you’re going to bring in these experts to your committee and why. Actually, every Republican in our legislature should do the same letter. That way you begin to show all Texans how they’ve been lied to and deceived for political agendas. We not only get raped in taxes by CON-gress, but also our tax dollars here in Texas to fund all these “green projects” to stop a manufactured lie: Climate Change.

As more and more Americans become aware of the truth, *they will hold all of you responsible* – especially when food becomes scarce. Make no mistake, those communist zealots in Congress pushing the ‘New Green Deal’ care nothing about our ranchers not to mention the loss of easily one million jobs.

Cordially,

Dear Chairwoman Klick and Chairwoman Kolkhorst:

As you may be aware by now, close to 19 countries have stopped using the Astrazeneca experimental drug being passed off as a vaccine. Last week in Italy, prosecutors launched a manslaughter investigation following the death of a music teacher, Sandro Tognatti, 57, who died a few hours after taking the Astrazeneca experimental drug.

Their government also seized 400,000 shots from that same batch that killed poor Mr. Tognatti, a beloved clarinet teacher. Ignorant, but well-meaning doctors in this country continue pushing Americans to get vaccinated. I say ignorant because their claim those COVID **experimental drugs** aka vaccines are safe is absolutely false.

In my previous two letters I provided you with a lot of information. Our Howard County GOP has respectfully asked you open an investigation regarding proof the “new & novel” coronavirus exists which I won’t go into again as you have all the exhibits. In the March 15<sup>th</sup> letter, I provided you with the latest VAERS numbers listing the number of deaths, adverse reactions, etc.

This letter is a plea to stop those COVID experimental vaccinations in this state until your committee can do a proper investigation because more Americans will continue to die from those experimental “vaccines”. Here are the latest numbers from VAERS as of March 11, 2021:

1,739 deaths, 38,444 recorded adverse events, 6,716 visits to Emergency Room doctors, 734 permanent disabilities, 3,976 hospitalizations. **Every category up since the March 5<sup>th</sup> postings by VAERS.**

J. Bart Classen, M.D. had his peer-reviewed research paper, COVID-19 RNA Based Vaccines and the Risk of Prion Disease, published on January 18, 2021 gives yet another warning. “SCIVISION’s publication “Microbiology & Infectious Diseases (ISSN 2639-9458) is considered the gold standard for open access, peer-reviewed articles on everything relating to infectious diseases, epidemiology, control as well as prevention and more.”

As Dr. Classen writes in his Abstract: “Development of new vaccine technology has been plagued with problems in the past. The current RNA based SARS-CoV-2 vaccines were approved in the

*US using an emergency order without extensive long- term safety testing."*

In a NY second, he was attacked. As I wrote in my March 15th letter, these approved for "emergency use" vaccines rushed beyond any sane scientific approach are using a completely new, novel approach using mRNA instead of conventional antibodies. **The question is why?** With a 98.7% survival rate of this alleged COVID-19 virus, *where's the emergency?*

The worst is coming. Classen's research paper is found here:

And, if you're not aware of this grizzly truth, I'm providing it now. Just use a search engine: The Unborn Babies Used for Vaccine Development Were Alive at Tissue Extraction, Jan. 12, 2021

<https://www.lifesitenews.com/blogs/the-unborn-babies-used-for-vaccine-development-were-alive-at-tissue-extraction>

"Pamela Acker is a biologist and author of a recently released book on vaccinations. The most revealing aspect of our conversation, I think, was when we discussed the various fetal cell lines being used in vaccines, specifically.

"This is where things get very disturbing, because in most cases it's not a "simple abortion," but rather, Acker says:

"They will actually deliver these babies via cesarean section. The babies are still alive when the researchers start extracting the tissue; to the point where their heart is still beating, and they're generally not given any anesthetic, because that would disrupt the cells that the researchers are trying to extract. So, they're removing this tissue, all the while the baby is alive and in extreme amounts of pain. So, this makes it even more sadistic."

“While our discussion is broad, we do highlight the Moderna and Pfizer COVID vaccines specifically.”

Inject that into your body. The interview (1 hr) is well worth your time to watch . Do share with friends and family as well as your colleagues in our legislature, Gov. Abbott and AG Paxton. Credible information is badly needed to allow Americans to make the right choices for their health and their children.

Let me return quickly to the subject of testing which I covered in the March 3<sup>rd</sup> letter. The numbers blasted by the CDC and media are nothing but lies. **Lies manufactured by using the PCR test that does NOT test for viruses.** The PCR is a manufacturing technique and research tool. It is not a diagnostic tool.

Alleged number of cases in America. Remember, many Americans were double or triple tested for false ‘readings’ or because of employer demand. Each time they were tested counted as a “new” case. The alleged number of cases today: 29,549,554 – one of the biggest whoppers ever told. Completely bogus as 90% of the testing was done using PCR.

The inventor of the PCR test, Kary Mullins, who won a Nobel Prize for his brilliant discovery passed away in August of 2019. Mullins was very much aware of Dr. Anthony “Bernie Madoff” Fauci. This is a short video you might wish to watch. Fauci belongs in a federal prison along with some key players over at the CDC.

[“He Doesn’t Know Anything – And I’d Say it to His Face” – Nobel Prize Winning Inventor of PCR Test UNLOADS on Dr. Fauci in Earlier Video](#)

Kary Mullis said this in his previous video interview:

**Kary Mullis:** “Guys like Fauci get up there and start talking, you know, he doesn’t know anything really about anything and I’d say that to his face. Nothing. The man thinks you can take a blood sample and stick it in an electron microscope and if it’s got a virus in there you’ll know it. He doesn’t understand electron microscopy and he doesn’t understand medicine and he should not be in a position like he’s in. Most of those guys up there on the top are just total administrative people and they don’t know anything about what’s going on in the body.

“You know, those guys have got an agenda, which is not what we would like them to have being that we pay for them to take care of our health in some way. They’ve got a personal kind of agenda. They make up their own rules as they go. They change them when they want to. And they smugly, like Tony Fauci does not mind going on television in front of the people who pay his salary and lie directly into the camera.”

“Mullis went on to say Fauci refuses to debate experts because he doesn’t know anything.”

41 MILLION Americans – a great number of them the ‘useless eaters’ globalists hate, that would be the elderly – have now received one of those experimental drugs. **Without being told they are experimental.** People scared into believing this nightmare will be over if they just take the jab and make more billions for vaccine manufacturers.

These COVID vaccines do not even meet the CDC’s definition of a vaccine which can be found on their web site. For pharmaceutical companies to call them a vaccine is in essence a deceptive trade practice, see: Federal Trade Commission Act, Section 5: Unfair or Deceptive Acts or Practices.

I expect we will see many lawsuits if not class action lawsuits such as what happened with “safe” drugs like VIOXX

that killed tens of thousands before pulled from the market.

Your committee needs to haul the honchos of those corporations in for sworn testimony about their COVID vaccines.

Your committee must investigate the actual existence of the “new, novel” coronavirus 19 and the manipulation of death certificates. The number of alleged deaths plastered all over the media and Internet as of today is: 536,922. Another whopping lie.

Your committees need to haul in Fauci as well as the Director of the CDC, Dr. Robert Redfield and grill them. If you need a list of some of the most eminently qualified doctors and scientists to testify regarding all the requests on these three letters I’ve sent, please have your staff contact me.

It is unconscionable Americans have been deceived into believing the vaccines now being used are safe when time is proving *they are not*. It’s criminal every person vaccinated was NOT told they were getting an experimental drug.

I do encourage you to watch a six-minute video by Dr. McClosky because she understands the bigger picture:

‘A Message To The World’ by Dr. Anne McCloskey, March 18, 2021

<https://nofacemask.blogspot.com/2021/03/a-message-to-world-by-dr-anne-mccloskey.html>

Your committees are responsible for public health and safety policies. Once again, I respectfully urge you to act because I guarantee you this coming Friday, March 26<sup>th</sup>, the new numbers from VAERS will have increased with more deaths, more suffering, more permanent disabilities and hospitalizations.

Researchers fast-track coronavirus vaccine by skipping key animal testing first

This attachment is separate, just staple to your letter:

**The Question is why?** That was in early March before anyone really knew what was going on except what they were told by the liars at the CDC and Fauci.

**Researchers fast-track coronavirus vaccine by skipping key animal testing first, March 13, 2020**

<https://www.livescience.com/coronavirus-vaccine-trial-no-animal-testing.html>

“A clinical trial for an experimental coronavirus vaccine has begun recruiting participants in Seattle, but researchers did not first show that the vaccine triggered an immune response in animals, as is normally required.

“Now, biomedical ethicists are calling the shortcut into question, according to Stat News.

“Outbreaks and national emergencies often create pressure to suspend rights, standards and/or normal rules of ethical conduct,” Jonathan Kimmelman, director of McGill University’s biomedical ethics unit, wrote in an email to Stat News. “Often our decision to do so seems unwise in retrospect.”

“Typically, vaccine development can take 15 to 20 years, start to finish, Mark Feinberg, president and CEO of the International AIDS Vaccine Initiative, told Stat News. The lengthy process requires that scientists first give the vaccine to animals to determine whether it’s safe and effective at preventing the disease in question. Only after passing through iterative tests in animal models, and being adjusted along the way, can a formulation be tested in human trials.

“When you hear predictions about it taking at best a year or a year and a half to have a vaccine available ... there’s no way to come close to those timelines unless we take new approaches,” Feinberg said.”

That ‘new approach’ was the **entirely novel approach using mRNA instead of conventional antibodies**. Why? Why this new “novel approach” for this particular (alleged) coronavirus when coronaviruses are nothing new?

Remember this one? **Dr. Fauci Warned In 2017 Of ‘Surprise Outbreak’ During Trump Administration** – “There is no question that there will be a challenge to the coming administration in the arena of infectious diseases,” he said.” Who knew Fauci was a prophet?

I hope it’s not removed before everyone can see this “coincidence”:

**Crimson Contagion** – Wikipedia

[https://en.wikipedia.org/wiki/Crimson\\_Contagion](https://en.wikipedia.org/wiki/Crimson_Contagion)

“**Crimson Contagion** was a joint exercise conducted from January to August 2019, in which numerous national, state and local, private and public organizations in the US participated, in order to test the capacity of the federal government and twelve states to respond to a severe pandemic of influenza originating in China.

The simulation, which was conducted months prior to the start of the COVID-19 pandemic, involves a scenario in which tourists returning from China spread a respiratory virus in the United States, beginning in Chicago. In less than two months the virus had infected 110 million Americans, killing more than half a million. The report issued at the conclusion of the exercise outlines the government’s limited capacity to respond to a pandemic, with federal agencies lacking the funds, coordination, and resources to facilitate an effective

response to the virus.[\[1\]\[2\]](#)”

Well, it allegedly got started in Seattle, not Chicago. Their numbers aren't too far off even though theirs and the CDCs are fabricated lies.

Gee, what a coincidence.

## **More Deaths: States Must Stop Their Vaccine Programs**

What the herds are told is these are just reports and “we don't know if there's any connection between all those dead or suffering now with permanent disabilities after taking the shot(s)”. They always say that until a drug is finally pulled from the market due to number of deaths or adverse effects.

ADDENDUM D – For Texas only.

March 3, 2021

Rep. Stephanie Klick Sen. Lois W. Kolkhorst

House Committee on Public Health Senate Committee on Health & Human Services

P.O. Box 2910 P.O. Box 12068, Capitol Station  
Austin, TX 78768 Austin, TX 78711

Dear Chairwoman Klick and Chairwoman Kolkhorst:

As the Texas State Legislature does not have a science committee, I am directing this to you and your fellow committee members regarding COVID-19.

I've been in the trenches going on 31 years as a constitutional activist and investigative journalist with several published books on constitutional issues and solutions. I am a serious researcher.

Enclosed are exhibits regarding my research and COVID-19. Since all this science was new to me, it's been a lot of work learning about viruses. In order to identify a virus, strict scientific protocols *must* be used, which I will get into in a moment.

Wildly over-inflated number of cases and deaths

Factually proven since last March, COVID-19 was being listed as cause of death even when the deceased did not have a coronavirus. Deceased individuals who died from strokes, heart attacks, gun shot wounds, car accidents and the list goes on – death certificates show cause of death as COVID-19. It's fraud at its worst perpetrated by the liars at the CDC. We have to remember: The CDC only "estimates" cases and deaths. Unprecedented: The CDC announced at the end of 2020 they would not be 'estimating' cases of the annual influenza flu season. Why not?

PCR tests do NOT test for viruses.

A PCR test, scientifically does not test for COVID-19. A PCR test is a manufacturing tool and was never meant to be used as a diagnostic tool. This is why there are so many false-positives. The PCR test has been the gold standard from the CDC. All the "cases" are nothing but smoke and mirrors, period. There isn't anything close to a factual case or death count.

Using a PCR test is like a doctor telling his patient he's going to give him a test for diabetes but the doctor wants his patient to know the test doesn't actually test for diabetes. This whole COVID-19 has been a mess since day one and a cash cow for hospitals, Chinese manufactured masks and PCR test manufacturers.

Why is it elected officials, governors, mayors and health experts in every state relied only on what Dr. Anthony Fauci says? How many know Fauci was under investigation by the FBI throughout 2014 for swiping scientific research, covering up tainted vaccines, doling out lucrative federal grants to feckless cronies and a lot more. Guess who killed the investigation? Dirty cop, James Comey. Fauci is known as the Bernie Madoff of Science. But for his powerful connections like Bill Gates and others, Fauci would have been in a federal prison long ago.

Why is it elected officials, governors, mayors and health experts in each state from early last year ignored epidemiologists, virologists and scientists in this country and around the world regarding that alleged virus? Why were epidemiologists with decades of experience in infectious diseases and viruses calling SARS CoV-2 a bad flu?

His and so many others interviewed back in March were censored except for alternative media and are still being censored. Dr. Knut Witthowski's credentials are below in footnotes: "I'm not paid by the government, so I'm entitled to actually do science. There are no indications *that this flu is fundamentally different from any other flu*. The virus could be eliminated in weeks and herd immunity developed quickly if most people were allowed to lead normal lives."

Hysteria was deliberately created by the DNC's MSM pumping out lies by the truckload on an hourly basis for political reasons. Monopoly big-tech giants immediately began censoring *any* scientific articles or interviews by the aforementioned

while America was brought to her knees. If it wasn't Fauci/CDC approved, their decades of highly specialized expertise were labeled "conspiracy theories" and of no importance.

Here we are a year later and people are still being forced to destroy their health by wearing face diapers that *scientifically* do nothing to stop the spread of viruses.

## Science and viruses

Neither the CDC or health experts or foreign governments (40 of them) have been able to produce purified isolated particles to prove SARS-CoV-2 exists. That is not a conspiracy theory, it is based on the evidence provided in the exhibits enclosed with this letter. What does that mean? None of them have been able to prove that virus exists. Without a purified isolate particle sample it simply does not exist.

How can that be? That's what we the undersigned are urgently requesting your committees do a complete investigation into this because you, me, the American people demand the truth. Ten days ago I watched a video that absolutely caused my jaw to drop. This interview on Jan. 23, 2021, was between an NBC reporter in Wuhan, China and Dr. Wu Zunyou, Chinese Center for Disease Control. In response to the reporter's question about why they haven't shared data, Zunyou said, "They didn't isolate the virus." **And, there you have it.**

I know, the first question you'll have is what are all these people dying from? Jon Rappoport[1], an investigative journalist and reporter well over 30 years explains it quite succinctly in his column: COVID: If There Is No Virus, Why Are People Dying?

<https://www.lewrockwell.com/2021/01/jon-rappoport/covid-if-the-re-is-no-virus-why-are-people-dying/>

Let me also quote from his October 8, 2020 column, The Smoking Gun: Where is the Coronavirus? "The CDC says it isn't

available. The key phrase there is: "Since no *quantified* virus isolates of the 2019-nCoV are currently available..."

"Every object that exists can be quantified, which is to say, measured. The use of the term "quantified" in that phrase means: the CDC has no measurable amount of the virus, because it is unavailable. The CDC has no virus.

"A further tip-off is the use of the word 'isolates.' This means no isolated virus is available. Another way to put it, no one has an isolated specimen of the COVID-19 virus. Therefore, no one has proved that it exists." (Remember what the Dr. from the Chinese CDC said: "They didn't isolate the virus.")

"As if this were not enough of a revelation to shock the world, the CDC goes on to say they are presenting a diagnostic PCR test to detect the virus-that-hasn't-been-isolated...and the test is looking for RNA which is PRESUMED to come from the virus that hasn't been proved to exist."

And there is the problem. Doctors, hospitals, politicians and health experts around the world have ***assumed*** proper protocol was used to identify this "new novel coronavirus". A purified isolates particle sample is NOT *purified* when mixed with monkey kidney cells, fetal bovine serum, antibiotics, and antifungals.

Purified: To make pure; free from anything that debases, pollutes, adulterates, or contaminates: to purify metals. Free from foreign, extraneous, or objectionable element.

The CDC has stated on their web site they do not have a quantified isolates sample of the alleged virus. In order to identify any new virus a purified isolates particle specimen must be produced using science tested protocols.

Request proof from the CDC they actually have a purified isolates sample available. *If not, why not?*

We know that Koch's postulates are the decisive criteria for the scientific detection of a virus. *Was Koch's used by the CDC to detect the SARS-Co-V-2?*

Second, a forensic analysis must be done to determine exactly how many people died in Texas from this alleged virus alone – no comorbidities – and cross checked against death certificates.

Cross check death certificates for accuracy, i.e., in Colorado, one small town's coroner discovered that 40% of COVID death certificates were issued where the actual cause of death was gun shots!

All of this has been very upsetting to me and countless humans around the world who have been researching this very basic question. I wrote a column about this last week and let my readers know I was going to send this letter with the exhibits and encouraged them to do the same in their states. I said I welcome an investigation from your committees because we have to get to the bottom of this now.

Your committee can send this information to any university that does studies on viruses or any other infectious disease experts. I welcome it.

Just a preview from that piece: “Even the Robert Koch Institute and other health authorities cannot present decisive proof that a new virus named SARS-CoV-2 is haunting us. This alone turns the talk of dangerous viral mutations into irresponsible fearmongering and the so-called SARS-

CoV-2 PCR tests definitely into a worthless venture.

“In a request for a study which shows complete isolation and purification of the particles claimed to be SARS-CoV-2, Michael Laue from one of the world’s most important representatives of the COVID-19 “panicdemic,” the German Robert Koch Institute (RKI), answered that<sup>[1]</sup>: I am not aware of a paper which purified isolated SARS-CoV-2.

“This is a more than remarkable statement, it is admitting a complete failure. This concession is in line with the statements we presented in our article “COVID-19 PCR Tests Are Scientifically Meaningless” which Off Guardian published on June 27th, 2020 – a piece that was the first one worldwide outlining in detail why SARS-CoV-2 PCR tests are worthless for the diagnosis of a viral infection.

“One of the crucial points in this analysis was that the studies contending to have shown that SARS-CoV-2 is a new and potentially deadly virus have no right to claim this, particularly because the studies claiming “isolation” of so-called SARS-CoV-2 in fact failed to isolate (purify) the particles said to be the new virus.

“This is confirmed by the answers of the respective studies’ scientists to our inquiry, which are shown in a table in our piece – among them the world’s most important paper when it comes to the claim of having detected SARS-CoV-2 (by Zhu et al.), published in the New England Journal of Medicine on February 20, 2020, and now even the RKI. Incidentally, we are in possession of a further confirmatory answer from authors [2] of an Australian study.

“What you will read in this article is the scientific evidence that it has never been proven that the “deadly” COVID-19 virus exists. In fact, all of the leading scientists on COVID-19 (SARS-CoV-2) have admitted that the scientific rules to prove COVID-19 have not been established. The global corona pandemic is simply based on assumptions and on agreed consensus and not science at all. This may sound unbelievable at first, but please read for yourself and see the facts that prove this irrevocably. Only after you have read this article will you be able to make a good judgement about the current COVID-19 Plandemic. \*End\*

Don’t forget to include all the exhibits. They are crucial for them to read and analyze.

Re: **COVID Shot: Rising Deaths, Serious Injury, Spontaneous  
Miscarriages and Stillbirths**

Dear Chairwoman Klick and Chairwoman Kolckhorst:

I sent you and the other Reps and Senators a certified letter  
and package on March 3, 2021. The purpose was two-fold:  
Respectfully requesting your committees investigate why  
neither the CDC nor any research labs or government health  
agencies for 40 foreign governments have been able provide a  
purified isolates particle specimen proving the existence of  
this COVID-19 and a forensic audit of actual deaths.

**This letter is a plea to stop all vaccine distribution in the  
State of Texas.** Due to the despicable and heavy censorship of  
any factual data, research or injuries reported by Google,  
Twitter, Facebook and the disgraced MSM, most Americans have  
no idea what's been happening since those COVID-19

**experimental** vaccines – have been unleashed on an unsuspecting public.

No, I'm not an "anti-vaxxer", the favorite smear label vomited up by those with an agenda. I had three by age five and not another one since nor do I need any of them or flu or pneumonia shots. If people want to get a vaccine, that's fine but they should also understand that in this instance, the COVID-19 shot is NOT a vaccine. Americans have the legal right to know they are getting an experimental drug. Hasn't happened and that is a crime.

As you are aware, vaccine manufacturers have been buying the favors of both parties in Congress for decades giving them immunity regardless of the carnage they leave behind. Let me give you the most current numbers according to VAERS (Vaccine Adverse Event Reporting System), a government data base:

"Between Dec. 14 and Feb. 19, 19,769 reports were made to the Vaccine Adverse Events Reporting System (VAERS) following immunizations with either the Moderna or Pfizer BioNTech mRNA vaccines (the only two vaccines given during the time period assessed). The 966 deaths represent 5 percent of the total number of adverse events reports. Of those who died, 86, (8.9 percent) died on the same day they got the shot. An additional 129, (13.4 percent) died within one day. An additional 97 died within 2 days, and 61 within 3 days.

"A total of 514 (53.2 percent) died within a week. 173 died within 7-13 days. 106 within 14-20 days. 85 percent of deaths occurred in individuals over 60; below 60 there were five deaths among those aged 20-29; 8 aged 30-39; 20 aged 40-49; and 57 aged 50-59." *Epoch Times*

February 26, 2021: **Experimental** COVID mRNA shots by Pfizer & Moderna: 1,265 deaths, 25,212 recorded adverse events

March 5, 2021: **Experimental** COVID mRNA shots by Moderna & Pfizer: 1,524 deaths, 31,079 adverse "events"

Increase of 259 deaths in eight days and an additional 5,867 adverse “events”. By March 5th, 630 permanent disabilities, 3,477 hospitalizations and 5, 806 visits to ER’s.

### **VAERS Vaccine Expose – Huge List Of Deaths Within A Day Of Injection, March 10, 2021**

March 7th after new data dump: 1,637 Deaths. It will grow exponentially. Dr. Sherri Tenpenny is one among so many warning people deaths would begin 3-6 months after getting the experimental shot. You can see the dates above and see the progression.

**COVID Vaccine Injury Reports Grow in Number, But Trends Remain Consistent- 20% of deaths were cardiac-related, March 5,2021:** Data released today by the CDC confirm several ongoing trends, including that 47% of deaths occurred in people who reported becoming sick within 48 hours of receiving a COVID vaccine, and 20% of deaths were cardiac-related.” Ussanews.com

**Large Numbers Of Health Care And Frontline Workers Are Refusing Covid-19 Vaccine, Forbes:**“Roughly 55 percent of surveyed New York Fire Department firefighters said they would not get the coronavirus vaccine. Hospital and public officials in Riverside, Calif., have been forced to figure out how best to allocate unused doses after an estimated 50% of frontline workers in the county refused the vaccine.

“Fewer than half of the hospital workers at St. Elizabeth Community Hospital in Tehama County, Calif., were willing to be vaccinated, and around 20% to 40% of L.A. County’s frontline workers have reportedly declined an opportunity to take the vaccine.”

As you must know, those experimental drugs are not FDA approved nor licensed. The U.S. isn’t the only country showing the beginning of a mass tragedy.

**Dec. 9, 2020: Four Volunteers Who Took Pfizer's COVID-19 Vaccine Developed Bell's Palsy – FDA Denies the Temporary Facial Paralysis Caused by the Shot** (Cases here in my county where individuals got the “vaccine”).)

**March 4, 2021: 3 Dozen Cases of Spontaneous Miscarriages, Stillbirths Occurring After COVID-19 Vaccination Reported to VAERS:** “Many cases of spontaneous miscarriages occurred in the first trimester, or the first 12 weeks of the pregnancy, with 25 occurrences after being *immunized* with a Pfizer-BioNTech vaccine. While the four cases of stillborns occurred in either the second (weeks 13-27) or third trimester (weeks 28-40).

“In one case, a physician in Tennessee, at five weeks pregnant, suffered a miscarriage 13 days after being immunized with a Pfizer vaccine. The 31-year-old woman had no known allergies or medical history.

“While a 33-year-old Indiana nurse in her third week of pregnancy had a miscarriage five days after receiving her second Pfizer vaccine. She also reported that the adverse event caused a birth defect.

“And a 32-year-old woman in Virginia who was eight weeks pregnant reported having a miscarriage five days after being injected with the first dose of a Moderna vaccine in January. She had consulted with two obstetrics and gynecologists (OB-

GYN) prior to receiving the vaccine on Jan. 14. She experienced abdominal cramping and vaginal bleeding two days later and had a miscarriage on Jan. 19. She had only been taking prenatal vitamins.

“In Michigan, a 35-year-old woman who was 28 weeks and five days pregnant said that the baby’s movements decreased two days after her first Pfizer vaccine in December 2020.” Both Pfizer and Moderna did not respond to a request by The Epoch Times for comment.

“Dr. Shelley Cole, MD, an OB-GYN and a member of America’s Frontline Doctors, says it’s concerning that a vaccine still in an experimental phase is being recommended to pregnant and lactating women and that science is no longer protecting them.

“As an obstetrician-gynecologist, it is a concern,” Cole told The Epoch Times. “We’re [now] throwing science and the scientific medicine method out the window and jeopardizing pregnancies and future pregnancies.”

“It concerns me that the CDC says that there are no studies, but it’s okay to get it and you don’t even need to discuss it with your doctor,” Cole added. “I mean this is the opposite of everything that the scientific models and methods, and standard of care has been for a century.” *–Epoch Times*

“According to the National Vaccine Information Center, as of February 18, 2021, there have been an **additional 46 complications** reported of pregnant women who have received a COVID 19 vaccine. These complications range from stillbirth,

premature delivery due to spontaneous rupture of amniotic fluid, abnormal fetal heart rate and more. Complications are occurring both early and late in the pregnancies.”

Particularly abhorrent: **Johnson & Johnson To Test Their COVID Vaccine On Infants**, by John Guzman, Oct. 30, 2020.

March 9, 2021 – READ: **Death Rates Skyrocket in Israel Following Pfizer Experimental COVID “Vaccines” This is a new Holocaust** – Haim Yativ and Dr. Seligmann

That’s just a small sample. Medical examiners, pro-vaccine doctors and pharma companies who manufacture the current experimental drugs passed off as a COVID-19 vaccine all deny the deaths had anything to do with the shot. **They always do.**

Let me enlighten all of you about these deadly cocktails and experimenting on infants and children. There is a video documentary of REAL people telling their horror stories titled: **The Greater Good – Real Stories of Vaccine Injury**. Do look it up and watch. You’ll see a mom, a psychiatrist, *who trusted her pediatrician and the vaccine*. Her two-month old baby died shortly after being given the jabs. I wanted to cry watching her pain. Looking at that beautiful baby now dead. Heart wrenching. Vaccine manufacturers consider the dead “acceptable collateral damage” for “the good of all”.

While Congress has given immunity against lawsuits against vaccine manufacturers, you, me and the rest of the taxpayers are stuck with the payouts via a slush fund called the National Vaccine Injury Compensation Program which compensates victims of vaccines. It’s similar to a ‘no-fault’ divorce. Without admitting a vaccine caused death or horrific medical damage turning your loved one into a vegetative state, settlements are quietly made.

The last figures available through 2018 for payouts: A whopping \$4.5 BILLION dollars for “safe” vaccines.

Let me sum this up based on my year-long research:

This country was locked down based on a theory originating from a 16-year old high school student (Laura Glass) doing a science project based on ZERO science. It has been a MASSIVE failure; 100% unnecessary if only governors and health officials had listened to non-Fauci/CDC approved scientists and doctors by the thousands both here and around the world.

Americans forced to ‘practice social distancing’ – Nonsense backed up by NO science – has been nothing but a control tool causing terrible psychological problems for Americans – especially children.

Forced wearing of face masks that over time has proven to be *extremely damaging* to a person’s health – especially children and has made little to no difference in people getting sick.

The CDC issued their diagnostic recommendation for testing using the PCR test we know does NOT test for viruses **which is why the number of cases used to justify lockdowns and destroying the lives of tens of millions of Americans is bogus**. I provided information on this in my last letter.

**This is Fraud: 10% of Reported COVID-19 Deaths for Those Under 35 as Reported by the CDC Are Due to Poisoning, Trauma and Unintentional Injuries**

Number of deaths from COVID-19 is a lie because to date, no one and I’m repeating myself here – no one has a purified isolates particle specimen – not even the most highly respected German Robert Koch Institute (RKI) who responded to inquiry with: “I am not aware of a paper which purified isolated SARS-CoV-2.” “Founded in 1891, the Robert Koch Institute is one of the oldest biomedical research institutes in the world.”

**Ex-Medical Examiner: The “500,000 COVID Deaths” Number Is a Lie** – “Now it’s “500,000 Americans have died of COVID-19!” which certainly is an attention-getter. It’s also profound COVIDiocy, writes an ex-medical examiner with more than 30 years-experience in death investigation. The number isn’t even remotely accurate. After outlining his impressive résumé, that man, Dennis McGowan, explains why he calls the way SARS-CoV-2 deaths are recorded “the big lie.”

This pandemic was forced upon America based on *assumptions and consensus* by doctors, scientists, health officials and politicians **that there was in fact an identified virus detected using written in stone scientific protocols.** They ALL assumed the CDC was making available a quantified, purified isolates particle specimen which has not happened to date.

Now that desperate Americans – scared to the point they can’t think rationally – are blindly lined up for one of the COVID experimental vaccines are we starting to see the results as months begin to go by. This, to me, is beyond distressing which is why I am asking you, each of you, to take this seriously. I would ask how many coffins will it take before – like so many times in the past – those experimental vaccines are suddenly *stopped because the number of deaths becomes what you cannot ignore?*

Once again, I ask: **Are all these experts in infectious diseases, vaccines and scientists from around the world – are they all ‘right-wing’ conspiracy nuts or “anti-vaxxers”?** I would also encourage you to watch a video by Prof. Dolores Cahill (bio separate page) as she warns that in the coming months and year or twodown the road, we’re going to see tragedy. Just because she’s not Fauci/CDC/Google/Facebook/Bill Gates/Twitter and MSM approved does that mean she doesn’t know what she’s talking about?

And, let me tell you something else we’re seeing in this toxic

'cancel culture' if you tell the truth or give your qualified scientific opinion:

**Professor Dolores Cahill: People Will Start Dying After COVID Vaccine**, Jan. 5, 2021: "Dolores Cahill Dolores Cahill, a professor at University College Dublin and recognised international expert in this field, predicts deaths will occur around the world as a direct consequence of taking the COVID-19 vaccines.

"In her latest video interview, the influential professor, Dolores Cahill, makes this grim prediction based on what is known already about the vaccines, their rushed development and the entirely novel approach using mRNA instead of conventional antibodies.

"As with almost every leading expert who speaks out against the official pandemic narrative Professor Cahill has suffered professional and personal retaliation. In her case Professor Cahill was forced to resign her position as vice chair of the Scientific Committee of the Innovative Medicines Initiative (IMI), a partnership between the European Commission and the drugs industry to promote new drugs."

These "COVID" vaccines are worth tens of billions in profits for the manufacturers and they will do everything in their power to herd the masses into getting a jab. However, latest polls thankfully show 42% of Americans will refuse and one third of our military.

In my February 8, 2021 column, COVID-19: Request Investigation at State Legislatures Health/Science Committees, I requested, as well as dozens of concerned individuals who signed onto my letter, that committee do two things. We the People must know the truth regarding the actual existence of this 'novel' COVID-19 coronavirus and second, the actual number of cases and deaths.

I was very fortunate as were many of my friends as we had no loss of power when this hit late on Feb. 12th. Being a prepper since 1989, I am always ready and prepared. I can't stress strongly enough: Before you get a COVID-19 experimental vaccine, you need to get facts about the number of deaths and severe reactions already recorded. Safe is not a word to be associated with this COVID-19 experimental vaccine regardless of who manufactured it.

Re: Nullification – State's Rights

Dear Honorable Governor Abbot:

On behalf of the Howard County Texas GOP Club, we are appealing to you to make our legislature aware of certain legal issues. There is an ocean of provable evidence – not just sworn affidavits – the November 2020 election was stolen from President-elect, Donald J. Trump. He never conceded.

More is being compiled and we believe, in the coming months, all of the hard evidence will prove beyond any legal doubt Joe Biden did not win the election. He stole it.

First: Federal Elections end at midnight ON election day. Not three hours or three days later but ON election day. All six contested states were in violation of federal election law. Never before in history: PA, NC, GA, NV, MI and WI all stopped counting votes after midnight. Then the big ballot dumps began.

In the case of Pennsylvania, a key tool for vote fraud, mail-in ballots, were ordered to be accepted three days after election day – even if the ballot envelope did not have a clear postmark. CNBC: “Republicans, including President Donald Trump’s campaign, have opposed such an extension, arguing that it violates federal law that sets Election Day as the first Tuesday after the first Monday in November.”

Who gave the go-ahead for Pennsylvania to violate federal election law? The U.S. Supreme Court, ignoring their own decision in *Foster v Love* in a 4-4 opinion. As Amy Comey Barrett had not been sworn in yet, Chief Justice John Roberts naturally sided with the three liberals on the bench.

CNBC: “Most states make Election Day the deadline, but 18 states – half of which backed Trump in the 2016 election – have a post-Election Day deadline.” Those 18 states are all in violation of federal election law.

If no candidate has a clear enough lead to decide the election ON election day (that ends at midnight), the election is void. If a candidate has a lead so insurmountable the challenger

cannot overcome ON election day, that candidate is the winner. Trump was ahead in Pennsylvania around 10:30 pm by 700,000 votes. No way Biden could close that gap so the steal started.

Second:

3 U.S.C. § 7 Proves Electors Must Be Appointed On Election Day, Not Certification Day. It is a legal analysis by a constitutional attorney.

Usurper Biden began issuing Executive Orders like confetti on January 21, 2021, for which he has no authority to do. Each is an attempt to erase everything Trump accomplished while in office. Enforcement of the Tenth Amendment is critical in stopping the “Biden administration” from shoving their toxic agenda down our throats as well as bulldozing states of the Union.

Let us remember the words of Joseph Story, Associate Justice, U.S. Supreme Court, Commentaries on the Constitution, 1833:

“Another not unimportant consideration is that the powers of the general government will be, and indeed must be, principally employed upon external objects, such as war, peace, negotiations with foreign powers and foreign commerce. In its internal operations it can touch but few objects, except to introduce regulations beneficial to the commerce, intercourse and other relations, between the states, and to lay taxes for the common good.

“The powers of the states, on the other hand, extend to all objects, which, in the ordinary course of affairs, concern the lives, and liberties, and property of the people, and the internal order, improvement and prosperity of the state.”

States of the Union must exercise their plenary authority using nullification. Nullification is steeped in our history and not used enough by states to stop draconian “laws” or “orders” coming out of Washington, DC.

Activist judges are still infesting the federal judiciary and even “conservative” judges put on the bench by Trump betrayed him on numerous occasions. The Democrat Party simply ignores the U.S. Constitution as if it doesn’t exist. Nullification doesn’t require lawsuits, judges nor any action by the federal government.

Of course, Congress doesn’t want either the American people or state reps and senators to know anything about their impotence in forcing states to comply with rancid policies or unconstitutional “laws”.

In September 1993, Hillary Clinton, was pushing hard for a socialist government take-over of the health care system. This memo was leaked:

Memorandum for Walter Zellman from Sallyanne Payton, clearly marked: Preliminary Draft for Official Use Only. Do Not Quote or Release For Any Purpose, page 4, Health Care Task Reform under Hillary Clinton: Please note these sections:

“(b) may the federal government use other actors in the governmental system and the private sector as its agents and give them orders as though they were parts of a prefectorial system? The short answer is “no.” State governments are independent, although subordinated, sovereignties, not subdivisions of the federal government.

“Although the federal government may regulate many of their functions directly [as well, for example, it subjects state water districts to the Clean Water Act], it may not require them to exercise their own governmental powers in a manner dictated by federal law. The states may be encouraged, bribed or threatened into entering into joint federal state programs of various sorts, from unemployment insurance to Medicaid; but they may not be commanded directly to use their own governmental apparatus in the service of federal policy. There is a modest jurisprudence of the Tenth Amendment that seems to have settled on this proposition. See the DOJ [Dept. of Justice] memorandum for a fuller elaboration.”
