

COVID “Vaccines” and Auto Immune Diseases

Colleges and universities have announced mandatory vaccination or students should not show up for classes. How despicable. I have published all my letters to you in my weekly columns (including this one) asking readers to get them up on every social media platform possible as well as email lists. Hopefully parents who have children will stand up to those institutions of lower learning and inform them they are in violation of the law.

COVID Vaccines: Dead Must Be Autopsied

When your state reps and senators on those committees get thousands of snail mail letters, they will feel the heat. Emails will get you a canned response. This country was brought to its knees literally in a matter of a few weeks. My God, the lives of tens of millions of Americans were destroyed and still being herded like cattle.

Ship Illegal Alien Minors

Back to Their Parents Now

The disaster on our southern border since the illegitimate lying, cheating “president” Joe Biden was installed in OUR house at 1600 Pennsylvania Ave was as predictable as a two-year old throwing a temper tantrum. No question open borders have always been the goal of the shadow government because it will ultimately destroy the middle class. The game plan underway for decades. Without a healthy middle class, the economy will collapse.

Dear Chairwoman Klick and Chairwoman Kolkhorst:

As you may be aware by now, close to 19 countries have stopped

using the Astrazeneca experimental drug being passed off as a vaccine. Last week in Italy, prosecutors launched a manslaughter investigation following the death of a music teacher, Sandro Tognatti, 57, who died a few hours after taking the Astrazeneca experimental drug.

Their government also seized 400,000 shots from that same batch that killed poor Mr. Tognatti, a beloved clarinet teacher. Ignorant, but well-meaning doctors in this country continue pushing Americans to get vaccinated. I say ignorant because their claim those COVID **experimental drugs** aka vaccines are safe is absolutely false.

In my previous two letters I provided you with a lot of information. Our Howard County GOP has respectfully asked you open an investigation regarding proof the “new & novel” coronavirus exists which I won’t go into again as you have all the exhibits. In the March 15th letter, I provided you with the latest VAERS numbers listing the number of deaths, adverse reactions, etc.

This letter is a plea to stop those COVID experimental vaccinations in this state until your committee can do a proper investigation because more Americans will continue to die from those experimental “vaccines”. Here are the latest numbers from VAERS as of March 11, 2021:

1,739 deaths, 38,444 recorded adverse events, 6,716 visits to Emergency Room doctors, 734 permanent disabilities, 3,976 hospitalizations. **Every category up since the March 5th postings by VAERS.**

J. Bart Classen, M.D. had his peer-reviewed research paper, COVID-19 RNA Based Vaccines and the Risk of Prion Disease, published on January 18, 2021 gives yet another warning. “SCIVISION’s publication “Microbiology & Infectious Diseases (ISSN 2639-9458) is considered the gold standard for open access, peer-reviewed articles on everything relating to

infectious diseases, epidemiology, control as well as prevention and more.”

As Dr. Classen writes in his Abstract: “Development of new vaccine technology has been plagued with problems in the past. The current RNA based SARS-CoV-2 vaccines were approved in the US *using an emergency order without extensive long-term safety testing.*”

In a NY second, he was attacked. As I wrote in my March 15th letter, these approved for “emergency use” vaccines rushed beyond any sane scientific approach are using a completely new, novel approach using mRNA instead of conventional antibodies. **The question is why?** With a 98.7% survival rate of this alleged COVID-19 virus, *where’s the emergency?*

The worst is coming. Classen’s research paper is found here:

<https://scivisionpub.com/pdfs/covid19-rna-based-vaccines-and-the-risk-of-prion-disease-1503.pdf>

And, if you’re not aware of this grizzly truth, I’m providing it now. Just use a search engine: The Unborn Babies Used for Vaccine Development Were Alive at Tissue Extraction, Jan. 12, 2021

<https://www.lifesitenews.com/blogs/the-unborn-babies-used-for-vaccine-development-were-alive-at-tissue-extraction>

“Pamela Acker is a biologist and author of a recently released book on vaccinations. The most revealing aspect of our conversation, I think, was when we discussed the various fetal cell lines being used in vaccines, specifically.

“This is where things get very disturbing, because in most cases it’s not a “simple abortion,” but rather, Acker says:

“They will actually deliver these babies via cesarean section. The babies are still alive when the researchers start extracting the tissue; to the point where their heart is still

beating, and they're generally not given any anesthetic, because that would disrupt the cells that the researchers are trying to extract. So, they're removing this tissue, all the while the baby is alive and in extreme amounts of pain. So, this makes it even more sadistic."

"While our discussion is broad, we do highlight the Moderna and Pfizer COVID vaccines specifically."

Inject that into your body. The interview (1 hr) is well worth your time to watch. Do share with friends and family as well as your colleagues in our legislature, Gov. Abbott and AG Paxton. Credible information is badly needed to allow Americans to make the right choices for their health and their children.

Let me return quickly to the subject of testing which I covered in the March 3rd letter. The numbers blasted by the CDC and media are nothing but lies. **Lies manufactured by using the PCR test that does NOT test for viruses.** The PCR is a manufacturing technique and research tool. It is not a diagnostic tool.

Alleged number of cases in America. Remember, many Americans were double or triple tested for false 'readings' or because of employer demand. Each time they were tested counted as a "new" case. The alleged number of cases today: 29,549,554 – one of the biggest whoppers ever told. Completely bogus as 90% of the testing was done using PCR.

The inventor of the PCR test, Kary Mullins, who won a Nobel Prize for his brilliant discovery passed away in August of 2019. Mullins was very much aware of Dr. Anthony "Bernie Madoff" Fauci. This is a short video you might wish to watch. Fauci belongs in a federal prison along with some key players over at the CDC.

"He Doesn't Know Anything – And I'd Say it to His Face" –

Nobel Prize Winning Inventor of PCR Test UNLOADS on Dr. Fauci in Earlier Video

[*"He Doesn't Know Anything – And I'd Say it to His Face" – Nobel Prize Winning Inventor of PCR Test UNLOADS on Dr. Fauci in Earlier Video*](#)

Kary Mullis said this in his previous video interview:

Kary Mullis: "Guys like Fauci get up there and start talking, you know, he doesn't know anything really about anything and I'd say that to his face. Nothing. The man thinks you can take a blood sample and stick it in an electron microscope and if it's got a virus in there you'll know it. He doesn't understand electron microscopy and he doesn't understand medicine and he should not be in a position like he's in. Most of those guys up there on the top are just total administrative people and they don't know anything about what's going on in the body.

"You know, those guys have got an agenda, which is not what we would like them to have being that we pay for them to take care of our health in some way. They've got a personal kind of agenda. They make up their own rules as they go. They change them when they want to. And they smugly, like Tony Fauci does not mind going on television in front of the people who pay his salary and lie directly into the camera."

"Mullis went on to say Fauci refuses to debate experts because he doesn't know anything."

41 MILLION Americans – a great number of them the 'useless eaters' globalists hate, that would be the elderly – have now received one of those experimental drugs. **Without being told they are experimental.** People scared into believing this nightmare will be over if they just take the jab and make more billions for vaccine manufacturers.

These COVID vaccines do not even meet the CDC's definition of a vaccine which can be found on their web site. For pharmaceutical companies to call them a vaccine is in essence a deceptive trade practice, see: Federal Trade Commission Act, Section 5: Unfair or Deceptive Acts or Practices.

I expect we will see many lawsuits if not class action lawsuits such as what happened with "safe" drugs like VIOXX that killed tens of thousands before pulled from the market.

Your committee needs to haul the honchos of those corporations in for sworn testimony about their COVID vaccines.

Your committee must investigate the actual existence of the "new, novel" coronavirus 19 and the manipulation of death certificates. The number of alleged deaths plastered all over the media and Internet as of today is: 536,922. Another whopping lie.

Your committees need to haul in Fauci as well as the Director of the CDC, Dr. Robert Redfield and grill them. If you need a list of some of the most eminently qualified doctors and scientists to testify regarding all the requests on these three letters I've sent, please have your staff contact me.

It is unconscionable Americans have been deceived into believing the vaccines now being used are safe when time is proving *they are not*. It's criminal every person vaccinated was NOT told they were getting an experimental drug.

I do encourage you to watch a six-minute video by Dr. McClosky because she understands the bigger picture:

'A Message To The World' by Dr. Anne McCloskey, March 18, 2021

<https://nofacemask.blogspot.com/2021/03/a-message-to-world-by-dr-anne-mccloskey.html>

Your committees are responsible for public health and safety policies. Once again, I respectfully urge you to act because I

guarantee you this coming Friday, March 26th, the new numbers from VAERS will have increased with more deaths, more suffering, more permanent disabilities and hospitalizations.

Cordially,

The Question is why? That was in early March before anyone really knew what was going on except what they were told by the liars at the CDC and Fauci.

Researchers fast-track coronavirus vaccine by skipping key animal testing first, March 13, 2020

<https://www.livescience.com/coronavirus-vaccine-trial-no-animal-testing.html>

“A clinical trial for an experimental coronavirus vaccine has begun recruiting participants in Seattle, but researchers did not first show that the vaccine triggered an immune response in animals, as is normally required.

“Now, biomedical ethicists are calling the shortcut into question, according to Stat News.

“Outbreaks and national emergencies often create pressure to suspend rights, standards and/or normal rules of ethical conduct,” Jonathan Kimmelman, director of McGill University’s biomedical ethics unit, wrote in an email to Stat News. “Often our decision to do so seems unwise in retrospect.”

“Typically, vaccine development can take 15 to 20 years, start

to finish, Mark Feinberg, president and CEO of the International AIDS Vaccine Initiative, told Stat News. The lengthy process requires that scientists first give the vaccine to animals to determine whether it's safe and effective at preventing the disease in question. Only after passing through iterative tests in animal models, and being adjusted along the way, can a formulation be tested in human trials.

"When you hear predictions about it taking at best a year or a year and a half to have a vaccine available ... there's no way to come close to those timelines unless we take new approaches," Feinberg said."

That 'new approach' was the entirely novel approach using mRNA instead of conventional antibodies. Why? Why this new "novel approach" for this particular (alleged) coronavirus when coronaviruses are nothing new?

Remember this one? **Dr. Fauci Warned In 2017 Of 'Surprise Outbreak' During Trump Administration** – "There is no question that there will be a challenge to the coming administration in the arena of infectious diseases," he said." Who knew Fauci was a prophet?

I hope it's not removed before everyone can see this "coincidence":

Crimson Contagion – Wikipedia

https://en.wikipedia.org/wiki/Crimson_Contagion

"Crimson Contagion was a joint exercise conducted from January to August 2019, in which numerous national, state and local, private and public organizations in the US participated, in order to test the capacity of the federal government and twelve states to respond to a severe pandemic of influenza originating in China.

The simulation, which was conducted months prior to the start of the COVID-19 pandemic, involves a scenario in which tourists returning from China spread a respiratory virus in the United States, beginning in Chicago. In less than two months the virus had infected 110 million Americans, killing more than half a million. The report issued at the conclusion of the exercise outlines the government's limited capacity to respond to a pandemic, with federal agencies lacking the funds, coordination, and resources to facilitate an effective response to the virus.[\[1\]\[2\]](#)"

Well, it allegedly got started in Seattle, not Chicago. Their numbers aren't too far off even though theirs and the CDCs are fabricated lies.

Gee, what a coincidence.

More Deaths: States Must Stop Their Vaccine Programs

What the herds are told is these are just reports and "we don't know if there's any connection between all those dead or suffering now with permanent disabilities after taking the shot(s)". They always say that until a drug is finally pulled from the market due to number of deaths or adverse effects.

Dear Chairwoman Klick and Chairwoman Kolkhorst:

As the Texas State Legislature does not have a science committee, I am directing this to you and your fellow committee members regarding COVID-19.

I've been in the trenches going on 31 years as a constitutional activist and investigative journalist with several published books on constitutional issues and solutions. I am a serious researcher.

Enclosed are exhibits regarding my research and COVID-19. Since all this science was new to me, it's been a lot of work learning about viruses. In order to identify a virus, strict scientific protocols *must* be used, which I will get into in a moment.

Wildly over-inflated number of cases and deaths

Factually proven since last March, COVID-19 was being listed as cause of death even when the deceased did not have a coronavirus. Deceased individuals who died from strokes, heart attacks, gun shot wounds, car accidents and the list goes on – death certificates show cause of death as COVID-19. It's fraud at its worst perpetrated by the liars at the CDC. We have to

remember: The CDC only “estimates” cases and deaths. Unprecedented: The CDC announced at the end of 2020 they would not be ‘estimating’ cases of the annual influenza flu season. Why not?

PCR tests do NOT test for viruses.

A PCR test, scientifically does not test for COVID-19. A PCR test is a manufacturing tool and was never meant to be used as a diagnostic tool. This is why there are so many false-positives. The PCR test has been the gold standard from the CDC. All the “cases” are nothing but smoke and mirrors, period. There isn't anything close to a factual case or death count.

Using a PCR test is like a doctor telling his patient he's going to give him a test for diabetes but the doctor wants his patient to know the test doesn't actually test for diabetes. This whole COVID-19 has been a mess since day one and a cash cow for hospitals, Chinese manufactured masks and PCR test manufacturers.

Why is it elected officials, governors, mayors and health experts in every state relied only on what Dr. Anthony Fauci says? How many know Fauci was under investigation by the FBI throughout 2014 for swiping scientific research, covering up tainted vaccines, doling out lucrative federal grants to feckless cronies and a lot more. Guess who killed the investigation? Dirty cop, James Comey. Fauci is known as the Bernie Madoff of Science. But for his powerful connections like Bill Gates and others, Fauci would have been in a federal prison long ago.

Why is it elected officials, governors, mayors and health experts in each state from early last year ignored epidemiologists, virologists and scientists in this country and around the world regarding that alleged virus? Why were epidemiologists with decades of experience in infectious

diseases and viruses calling SARS CoV-2 a bad flu?

His and so many others interviewed back in March were censored except for alternative media and are still being censored. Dr. Knut Witthowski's credentials are below in footnotes: "I'm not paid by the government, so I'm entitled to actually do science. There are no indications *that this flu is fundamentally different from any other flu*. The virus could be eliminated in weeks and herd immunity developed quickly if most people were allowed to lead normal lives."

Hysteria was deliberately created by the DNC's MSM pumping out lies by the truckload on an hourly basis for political reasons. Monopoly big-tech giants immediately began censoring *any* scientific articles or interviews by the aforementioned while America was brought to her knees. If it wasn't Fauci/CDC approved, their decades of highly specialized expertise were labeled "conspiracy theories" and of no importance.

Here we are a year later and people are still being forced to destroy their health by wearing face diapers that *scientifically* do nothing to stop the spread of viruses.

Science and viruses

Neither the CDC or health experts or foreign governments (40 of them) have been able to produce purified isolated particles to prove SARS-CoV-2 exists. That is not a conspiracy theory, it is based on the evidence provided in the exhibits enclosed with this letter. What does that mean? None of them have been able to prove that virus exists. Without a purified isolate particle sample it simply does not exist.

How can that be? That's what we the undersigned are urgently requesting your committees do a complete investigation into this because you, me, the American people demand the truth. Ten days ago I watched a video that absolutely caused my jaw to drop. This interview on Jan. 23, 2021, was between an NBC reporter in Wuhan, China and Dr. Wu Zunyou, Chinese Center for

Disease Control. In response to the reporter's question about why they haven't shared data, Zunyou said, "They didn't isolate the virus." **And, there you have it.**

I know, the first question you'll have is what are all these people dying from? Jon Rappoport[1], an investigative journalist and reporter well over 30 years explains it quite succinctly in his column: COVID: If There Is No Virus, Why Are People Dying?

<https://www.lewrockwell.com/2021/01/jon-rappoport/covid-if-the-re-is-no-virus-why-are-people-dying/>

Let me also quote from his October 8, 2020 column, The Smoking Gun: Where is the Coronavirus? "The CDC says it isn't available. The key phrase there is: "Since no *quantified* virus isolates of the 2019-nCoV are currently available..."

"Every object that exists can be quantified, which is to say, measured. The use of the term "quantified" in that phrase means: the CDC has no measurable amount of the virus, because it is unavailable. The CDC has no virus.

"A further tip-off is the use of the word 'isolates.' This means no isolated virus is available. Another way to put it, no one has an isolated specimen of the COVID-19 virus. Therefore, no one has proved that it exists." (Remember what the Dr. from the Chinese CDC said: "They didn't isolate the virus.")

"As if this were not enough of a revelation to shock the world, the CDC goes on to say they are presenting a diagnostic PCR test to detect the virus-that-hasn't-been-isolated...and the test is looking for RNA which is PRESUMED to come from the virus that hasn't been proved to exist."

And there is the problem. Doctors, hospitals, politicians and health experts around the world have **assumed** proper protocol was used to identify this "new novel coronavirus". A purified

isolates particle sample is NOT *purified* when mixed with monkey kidney cells, fetal bovine serum, antibiotics, and antifungals.

Purified: To make pure; free from anything that debases, pollutes, adulterates, or contaminates: to purify metals. Free from foreign, extraneous, or objectionable element.

The CDC has stated on their web site they do not have a quantified isolates sample of the alleged virus. In order to identify any new virus a purified isolates particle specimen must be produced using science tested protocols.

Request proof from the CDC they actually have a purified isolates sample available. *If not, why not?*

We know that Koch's postulates are the decisive criteria for the scientific detection of a virus. *Was Koch's used by the CDC to detect the SARS-Co-V-2?*

Second, a forensic analysis must be done to determine exactly how many people died in Texas from this alleged virus alone – no comorbidities – and cross checked against death certificates.

Cross check death certificates for accuracy, i.e., in Colorado, one small town's coroner discovered that 40% of COVID death certificates were issued where the actual cause of death was gun shots!

All of this has been very upsetting to me and countless humans around the world who have been researching this very basic question. I wrote a column about this last week and let my readers know I was going to send this letter with the exhibits and encouraged them to do the same in their states. I said I welcome an investigation from your committees because we have to get to the bottom of this now.

Your committee can send this information to any university

that does studies on viruses or any other infectious disease experts. I welcome it.

“This is a more than remarkable statement, it is admitting a complete failure. This concession is in line with the statements we presented in our article “COVID-19 PCR Tests Are Scientifically Meaningless” which Off Guardian published on June 27th, 2020 – a piece that was the first one worldwide outlining in detail why SARS-CoV-2 PCR tests are worthless for the diagnosis of a viral infection.

“One of the crucial points in this analysis was that the studies contending to have shown that SARS-CoV-2 is a new and potentially deadly virus have no right to claim this, particularly because the studies claiming “isolation” of so-called SARS-CoV-2 in fact failed to isolate (purify) the particles said to be the new virus.

“This is confirmed by the answers of the respective studies’ scientists to our inquiry, which are shown in a table in our piece – among them the world’s most important paper when it comes to the claim of having detected SARS-CoV-2 (by Zhu et al.), published in the New England Journal of Medicine on February 20, 2020, and now even the RKI. In fact, all of the leading scientists on COVID-19 (SARS-CoV-2) have admitted that the scientific rules to prove COVID-19 have not been established. The global corona pandemic is simply based on assumptions and on agreed consensus and not science at all. This may sound unbelievable at first, but please read for yourself and see the facts that prove this irrevocably. Only after you have read this article will you be able to make a good judgement about the current COVID-19 Plandemic. *End*

Re: COVID Shot: Rising Deaths, Serious Injury, Spontaneous Miscarriages and Stillbirths

Dear Chairwoman Klick and Chairwoman Kolkhorst:

I sent you and the other Reps and Senators a certified letter and package on March 3, 2021. The purpose was two-fold: Respectfully requesting your committees investigate why neither the CDC nor any research labs or government health agencies for 40 foreign governments have been able provide a purified isolates particle specimen proving the existence of this COVID-19 and a forensic audit of actual deaths.

This letter is a plea to stop all vaccine distribution in the State of Texas. Due to the despicable and heavy censorship of any factual data, research or injuries reported by Google, Twitter, Facebook and the disgraced MSM, most Americans have no idea what's been happening since those COVID-19 **experimental** vaccines – have been unleashed on an unsuspecting public.

No, I'm not an "anti-vaxxer", the favorite smear label vomited up by those with an agenda. I had three by age five and not another one since nor do I need any of them or flu or pneumonia shots. If people want to get a vaccine, that's fine but they should also understand that in this instance, the COVID-19 shot is NOT a vaccine. Americans have the legal right to know they are getting an experimental drug. Hasn't happened and that is a crime.

As you are aware, vaccine manufacturers have been buying the favors of both parties in Congress for decades giving them immunity regardless of the carnage they leave behind. Let me give you the most current numbers according to VAERS (Vaccine Adverse Event Reporting System), a government data base:

"Between Dec. 14 and Feb. 19, 19,769 reports were made to the Vaccine Adverse Events Reporting System (VAERS) following immunizations with either the Moderna or Pfizer BioNTech mRNA

vaccines (the only two vaccines given during the time period assessed). The 966 deaths represent 5 percent of the total number of adverse events reports. Of those who died, 86, (8.9 percent) died on the same day they got the shot. An additional 129, (13.4 percent) died within one day. An additional 97 died within 2 days, and 61 within 3 days.

“A total of 514 (53.2 percent) died within a week. 173 died within 7-13 days. 106 within 14-20 days. 85 percent of deaths occurred in individuals over 60; below 60 there were five deaths among those aged 20-29; 8 aged 30-39; 20 aged 40-49; and 57 aged 50-59.” *Epoch Times*

February 26, 2021: **Experimental** COVID mRNA shots by Pfizer & Moderna: 1,265 deaths, 25,212 recorded adverse events

March 5, 2021: **Experimental** COVID mRNA shots by Moderna & Pfizer: 1,524 deaths, 31,079 adverse “events”

Increase of 259 deaths in eight days and an additional 5,867 adverse “events”. By March 5th, 630 permanent disabilities, 3,477 hospitalizations and 5,806 visits to ER’s.

VAERS Vaccine Expose – Huge List Of Deaths Within A Day Of Injection, March 10, 2021

March 7th after new data dump: 1,637 Deaths. It will grow exponentially. Dr. Sherri Tenpenny is one among so many warning people deaths would begin 3-6 months after getting the experimental shot. You can see the dates above and see the progression.

COVID Vaccine Injury Reports Grow in Number, But Trends Remain Consistent- 20% of deaths were cardiac-related, March 5, 2021: Data released today by the CDC confirm several ongoing trends, including that 47% of deaths occurred in people who reported becoming sick within 48 hours of receiving a COVID vaccine, and 20% of deaths were cardiac-related.” [Ussanews.com](https://ussanews.com)

Large Numbers Of Health Care And Frontline Workers Are Refusing Covid-19 Vaccine, Forbes:“Roughly 55 percent of surveyed New York Fire Department firefighters said they would not get the coronavirus vaccine. Hospital and public officials in Riverside, Calif., have been forced to figure out how best to allocate unused doses after an estimated 50% of frontline workers in the county refused the vaccine.

“Fewer than half of the hospital workers at St. Elizabeth Community Hospital in Tehama County, Calif., were willing to be vaccinated, and around 20% to 40% of L.A. County’s frontline workers have reportedly declined an opportunity to take the vaccine.”

As you must know, those experimental drugs are not FDA approved nor licensed. The U.S. isn’t the only country showing the beginning of a mass tragedy.

BioNTech vaccine. While the four cases of stillborns occurred in either the second (weeks 13-27) or third trimester (weeks 28-40).

“In one case, a physician in Tennessee, at five weeks pregnant, suffered a miscarriage 13 days after being immunized with a Pfizer vaccine. The 31-year-old woman had no known allergies or medical history.

“While a 33-year-old Indiana nurse in her third week of pregnancy had a miscarriage five days after receiving her second Pfizer vaccine. She also reported that the adverse event caused a birth defect.

“And a 32-year-old woman in Virginia who was eight weeks pregnant reported having a miscarriage five days after being injected with the first dose of a Moderna vaccine in January. She had consulted with two obstetrics and gynecologists (OB-GYN) prior to receiving the vaccine on Jan. 14. She experienced abdominal cramping and vaginal bleeding two days later and had a miscarriage on Jan. 19. She had only been taking prenatal vitamins.

“In Michigan, a 35-year-old woman who was 28 weeks and five days pregnant said that the baby’s movements decreased two days after her first Pfizer vaccine in December 2020.” Both Pfizer and Moderna did not respond to a request by The Epoch Times for comment.

“Dr. Shelley Cole, MD, an OB-GYN and a member of America’s Frontline Doctors, says it’s concerning that a vaccine still in an experimental phase is being recommended to pregnant and lactating women and that science is no longer protecting them.

“As an obstetrician-gynecologist, it is a concern,” Cole told The Epoch Times. “We’re [now] throwing science and the scientific medicine method out the window and jeopardizing pregnancies and future pregnancies.”

“It concerns me that the CDC says that there are no studies, but it’s okay to get it and you don’t even need to discuss it with your doctor,” Cole added. “I mean this is the opposite of everything that the scientific models and methods, and standard of care has been for a century.” –*Epoch Times*

That’s just a small sample. Medical examiners, pro-vaccine doctors and pharma companies who manufacture the current experimental drugs passed off as a COVID-19 vaccine all deny the deaths had anything to do with the shot. **They always do.**

Let me enlighten all of you about these deadly cocktails and experimenting on infants and children. There is a video

documentary of REAL people telling their horror stories titled: **The Greater Good – Real Stories of Vaccine Injury**. Do look it up and watch. You'll see a mom, a psychiatrist, *who trusted her pediatrician and the vaccine*. Her two-month old baby died shortly after being given the jabs. I wanted to cry watching her pain. Looking at that beautiful baby now dead. Heart wrenching. Vaccine manufacturers consider the dead "acceptable collateral damage" for "the good of all".

While Congress has given immunity against lawsuits against vaccine manufacturers, you, me and the rest of the taxpayers are stuck with the payouts via a slush fund called the National Vaccine Injury Compensation Program which compensates victims of vaccines. It's similar to a 'no-fault' divorce. Without admitting a vaccine caused death or horrific medical damage turning your loved one into a vegetative state, settlements are quietly made.

The last figures available through 2018 for payouts: A whopping \$4.5 BILLION dollars for "safe" vaccines.

Let me sum this up based on my year-long research:

This country was locked down based on a theory originating from a 16-year old high school student (Laura Glass) doing a science project based on ZERO science. It has been a MASSIVE failure; 100% unnecessary if only governors and health officials had listened to non-Fauci/CDC approved scientists and doctors by the thousands both here and around the world.

Americans forced to 'practice social distancing' – Nonsense backed up by NO science – has been nothing but a control tool causing terrible psychological problems for Americans – especially children.

Forced wearing of face masks that over time has proven to be *extremely damaging* to a person's health – especially children and has made little to no difference in people getting sick.

The CDC issued their diagnostic recommendation for testing using the PCR test we know does NOT test for viruses **which is why the number of cases used to justify lockdowns and destroying the lives of tens of millions of Americans is bogus.** I provided information on this in my last letter.

This is Fraud: 10% of Reported COVID-19 Deaths for Those Under 35 as Reported by the CDC Are Due to Poisoning, Trauma and Unintentional Injuries

Number of deaths from COVID-19 is a lie because to date, no one and I'm repeating myself here – no one has a purified isolates particle specimen – not even the most highly respected German Robert Koch Institute (RKI) who responded to inquiry with: "I am not aware of a paper which purified isolated SARS-CoV-2." "Founded in 1891, the Robert Koch Institute is one of the oldest biomedical research institutes in the world."

Ex-Medical Examiner: The "500,000 COVID Deaths" Number Is a Lie – "Now it's "500,000 Americans have died of COVID-19!" which certainly is an attention-getter. It's also profound COVIDiocy, writes an ex-medical examiner with more than 30 years-experience in death investigation. The number isn't even remotely accurate. After outlining his impressive résumé, that man, Dennis McGowan, explains why he calls the way SARS-CoV-2 deaths are recorded "the big lie."

This pandemic was forced upon America based on *assumptions and consensus* by doctors, scientists, health officials and politicians **that there was in fact an identified virus detected using written in stone scientific protocols.** They ALL assumed the CDC was making available a quantified, purified isolates particle specimen which has not happened to date.

Now that desperate Americans – scared to the point they can't think rationally – are blindly lined up for one of the COVID

experimental vaccines are we starting to see the results as months begin to go by. This, to me, is beyond distressing which is why I am asking you, each of you, to take this seriously. I would ask how many coffins will it take before – like so many times in the past – those experimental vaccines are suddenly *stopped because the number of deaths becomes what you cannot ignore?*

Once again, I ask: **Are all these experts in infectious diseases, vaccines and scientists from around the world – are they all ‘right-wing’ conspiracy nuts or “anti-vaxxers”?** I would also encourage you to watch a video by Prof. Dolores Cahill (bio separate page) as she warns that in the coming months and year or twodown the road, we’re going to see tragedy. Just because she’s not Fauci/CDC/Google/Facebook/Bill Gates/Twitter and MSM approved does that mean she doesn’t know what she’s talking about?

And, let me tell you something else we’re seeing in this toxic ‘cancel culture’ if you tell the truth or give your qualified scientific opinion:

Professor Dolores Cahill: People Will Start Dying After COVID Vaccine, Jan. 5, 2021: “Dolores Cahill Dolores Cahill, a professor at University College Dublin and recognised international expert in this field, predicts deaths will occur around the world as a direct consequence of taking the COVID-19 vaccines.

“In her latest video interview, the influential professor, Dolores Cahill, makes this grim prediction based on what is known already about the vaccines, their rushed development and the entirely novel approach using mRNA instead of conventional antibodies.

“As with almost every leading expert who speaks out against the official pandemic narrative Professor Cahill has suffered professional and personal retaliation. In her case Professor

Cahill was forced to resign her position as vice chair of the Scientific Committee of the Innovative Medicines Initiative (IMI), a partnership between the European Commission and the drugs industry to promote new drugs.”

These “COVID” vaccines are worth tens of billions in profits for the manufacturers and they will do everything in their power to herd the masses into getting a jab. However, latest polls thankfully show 42% of Americans will refuse and one third of our military.

Re: Nullification – State's Rights

Dear Honorable Governor Abbot:

On behalf of the Howard County Texas GOP Club, we are appealing to you to make our legislature aware of certain legal issues. There is an ocean of provable evidence – not just sworn affidavits – the November 2020 election was stolen from President-elect, Donald J. Trump. He never conceded.

More is being compiled and we believe, in the coming months, all of the hard evidence will prove beyond any legal doubt Joe Biden did not win the election. He stole it.

First: Federal Elections end at midnight ON election day. Not three hours or three days later but ON election day. All six contested states were in violation of federal election law.

Never before in history: PA, NC, GA, NV, MI and WI all stopped counting votes after midnight. Then the big ballot dumps began.

In the case of Pennsylvania, a key tool for vote fraud, mail-in ballots, were ordered to be accepted three days after election day – even if the ballot envelope did not have a clear postmark. CNBC: “Republicans, including President Donald Trump’s campaign, have opposed such an extension, arguing that it violates federal law that sets Election Day as the first Tuesday after the first Monday in November.”

Who gave the go-ahead for Pennsylvania to violate federal election law? The U.S. Supreme Court, ignoring their own decision in *Foster v Love* in a 4-4 opinion. As Amy Comey Barrett had not been sworn in yet, Chief Justice John Roberts naturally sided with the three liberals on the bench.

CNBC: “Most states make Election Day the deadline, but 18 states – half of which backed Trump in the 2016 election – have a post-Election Day deadline.” Those 18 states are all in violation of federal election law.

If no candidate has a clear enough lead to decide the election ON election day (that ends at midnight), the election is void. If a candidate has a lead so insurmountable the challenger cannot overcome ON election day, that candidate is the winner. Trump was ahead in Pennsylvania around 10:30 pm by 700,000 votes. No way Biden could close that gap so the steal started.

For a comprehensive explanation, please see:

Elections Undecided by Midnight are Void & Preempted by Federal Law – *Foster v Love* (1997;9-0 Decision)

3 U.S.C. § 7 Proves Electors Must Be Appointed On Election Day, Not Certification Day. It is a legal analysis by a constitutional attorney.

Usurper Biden began issuing Executive Orders like confetti on January 21, 2021, for which he has no authority to do. Each is an attempt to erase everything Trump accomplished while in office. Enforcement of the Tenth Amendment is critical in stopping the “Biden administration” from shoving their toxic agenda down our throats as well as bulldozing states of the Union.

Let us remember the words of Joseph Story, Associate Justice, U.S. Supreme Court, Commentaries on the Constitution, 1833:

“Another not unimportant consideration is that the powers of the general government will be, and indeed must be, principally employed upon external objects, such as war, peace, negotiations with foreign powers and foreign commerce. In its internal operations it can touch but few objects, except to introduce regulations beneficial to the commerce, intercourse and other relations, between the states, and to lay taxes for the common good.

“The powers of the states, on the other hand, extend to all objects, which, in the ordinary course of affairs, concern the lives, and liberties, and property of the people, and the

internal order, improvement and prosperity of the state.”

States of the Union must exercise their plenary authority using nullification. Nullification is steeped in our history and not used enough by states to stop draconian “laws” or “orders” coming out of Washington, DC.

Activist judges are still infesting the federal judiciary and even “conservative” judges put on the bench by Trump betrayed him on numerous occasions. The Democrat Party simply ignores the U.S. Constitution as if it doesn’t exist. Nullification doesn’t require lawsuits, judges nor any action by the federal government.

Of course, Congress doesn’t want either the American people or state reps and senators to know anything about their impotence in forcing states to comply with rancid policies or unconstitutional “laws”.

In September 1993, Hillary Clinton, was pushing hard for a socialist government take-over of the health care system. This memo was leaked:

Memorandum for Walter Zellman from Sallyanne Payton, clearly marked: Preliminary Draft for Official Use Only. Do Not Quote or Release For Any Purpose, page 4, Health Care Task Reform under Hillary Clinton: Please note these sections:

“(b) may the federal government use other actors in the governmental system and the private sector as its agents and give them orders as though they were parts of a prefectorial system? The short answer is “no.” State governments are independent, although subordinated, sovereignties, not subdivisions of the federal government.

“Although the federal government may regulate many of their functions directly [as well, for example, it subjects state water districts to the Clean Water Act], it may not require them to exercise their own governmental powers in a manner

dictated by federal law. The states may be encouraged, bribed or threatened into entering into joint federal state programs of various sorts, from unemployment insurance to Medicaid; but they may not be commanded directly to use their own governmental apparatus in the service of federal policy. There is a modest jurisprudence of the Tenth Amendment that seems to have settled on this proposition. See the DOJ [Dept. of Justice] memorandum for a fuller elaboration.”

Impeaching Biden Depends on 2022

Yet another political sham impeachment trial is scheduled for Feb. 8, 2021. There were no 'High Crimes and Misdemeanors' committed by Donald J. Trump, on Jan. 6, 2021 or any other date. The sole purpose in wasting taxpayer's dollars is to make sure Trump can never run for president again or hold any other federal office.

APPENDIX 2: Flyer

You can tailor the introduction to suit your situation. Just copy and paste into your WORD processor, two-sided. I tri-fold mine when I give them out. This is mine:

I am your neighbor here in Big Spring, Texas. I've also been a constitutional activist and investigative journalist for 30 years. I deal in truth, not propaganda or political spin. I don't ask you to believe me, *it's up to everyone to verify* which is why I have put together this information for you. What's being done to this country regarding COVID-19 is criminal.

Do you want the truth about COVID-19, masks and the tests being used to detect this virus? Do you believe the media which screamed Russia, Russia, Russia! for two years only for that manufactured lie to fizzle is giving you the truth?

Back in 2009, CBS award winning investigative correspondent, Cheryl Attkisson did an investigation into the H1N1 'swine flu' "crisis" and discovered most Americans never even had it. CBS published her phenomenal reporting on their web site *but killed the story for TV*. Do you know courts have ruled media are allowed to lie to you? That is a fact.

Do you know the gold-standard PCR test being used for the past ten months does NOT detect this virus? Do you know Dr. Anthony Fauci was being investigated by the FBI for criminal acts, but in 2013 that investigation was killed by dirty cop, fired former Director of the FBI, James Comey? Do you know the CDC has been unable to isolate this COVID-19 virus?

I urge you to take the time, for you, your family, friends and our country, and follow up on the factual articles and columns below. Just use a search engine with the title, author and web site. There are thousands of articles and columns all censored by the MSM and the big tech "Gods of the Universe"; too many to list here.

APPENDIX 1: Vaccines

APPENDIX 1: Vaccines:

How many remember or even know how deadly the first polio vaccines were? [The tainted polio vaccine that sickened and fatally paralyzed children in 1955](#) – “It was ‘one of the worst biological disasters in American history,’ one scholar wrote.”

I was very surprised to see Dr. Bernice E. Eddy mentioned. If you read my April 26, 2015 column, [POLIO VACCINE, CANCER AND DR. MARY’S MONKEY](#), you would already know about Dr. Eddy. The column is long so scroll about halfway down to where it begins about Dr. Mary’s Monkey. Dr. Eddy was murdered because of what she knew and was telling. Just three paragraphs from my column:

“Most importantly, Haslam introduces us to the dark side of the Polio Vaccine and the complications it went through during its development and the lasting problems we are now struggling with because of it – the SV-40 VIRUS. Ask your doctor or a med school faculty doctor about the SV-40 Virus, and you’ll learn, they know nothing about it. Their education and training has been so carefully compartmentalized and they know nothing of these issues, but they are all over the internet if you choose to look. Haslam teaches us about many doctors who lost their careers trying to blow the whistle on these issues.

“In short the polio vaccine made from monkey kidneys carried the SV-40 virus which **remains dormant inside baby boomers** who received the polio vaccine until the immune system is weakened to the point where the SV-40 Virus can transform into one of

the major cancer's: lung, breast, soft tissue, bone cancer, etc. In the early 50's 22,000 new cases of polio was called an epidemic, and Ed Haslam now asks, how come around a million new cases of cancer each year is NOT being called a cancer epidemic? I think it's a fair question.

"Hopefully, you will read Haslam's work and get your family, friends and associates to read it. Main stream media had a chance to share this with us in 2000 when 60 Minutes had spent more time and money on this story than any other segment of the TV Magazine's history according to their producer, but the network producers would not permit the program to air." No Governments Have Isolated COVID-19 Virus—What Does That Mean?

It's been ten long months since COVID-19 burst onto the world's stage. What I present in this column will not be believed by millions of Americans. Why? Because of something called cognitive dissidence. “A term used to describe how people experience mental discomfort when faced with conflicting beliefs.

Don't Let This Ruin Your Christmas

Americans have found out the hard way about what we call “porch pirates”. Petty criminals who troll neighborhoods looking for packages on porches. They stop, snatch within one minute and take off before a homeowner even knows what's happened – if the homeowner is even home.

These RINOs Are Democrats Who Want Trump Gone

Not so for President Trump. What's referred to as 'establishment' Republicans have turned on Trump like the junk yard dogs they are. No surprise from sore loser, Sen. Willard Romney or Sen. Ben Sasse who has been an obvious Trump hater for years. Former NJ governor, Chris Christie (who gave us do-thing Bill Barr) vomited Trump's legal team is a "national embarrassment."

APPENDIX PUSH BACK

I am your neighbor here in Big Spring, Texas. I've also been a constitutional activist and investigative journalist for 30 years. I deal in truth, not propaganda or political spin. I don't ask you to believe me, *it's up to everyone to verify* which is why I have put together this information for you. What's being done to this country regarding COVID-19 is criminal.

Do you want the truth about COVID-19, masks and the tests being used to detect this virus? Do you believe the media which screamed Russia, Russia, Russia! for two years only for that manufactured lie to fizzle is giving you the truth?

Back in 2009, CBS award winning investigative correspondent, Cheryl Attkisson did an investigation into the H1N1 'swine flu' "crisis" and discovered most Americans never even had it. CBS published her phenomenal reporting on their web site *but killed the story for TV*. She no longer works for that "news" network. Do you know courts have ruled media are allowed to lie to you? That is a fact.

Do you know the gold-standard test being used for the past nine months does NOT detect this virus? Do you know Dr. Anthony Fauci was being investigated by the FBI for criminal acts, but in 2013 that investigation was killed by dirty cop, fired former Director of the FBI, James Comey? Do you know the CDC has been unable to isolate this COVID-19 virus?

I urge you to take the time, for you, your family, friends and our country, and follow up on the factual articles and columns below. Just use a search engine with the title, author and web site. There are hundreds of articles and columns all censored by the MSM and the big tech "Gods of the Universe"; too many to list here.

Is Dr. Anthony Fauci Guilty of Negligent Homicide? By Kelleigh Nelson, NewsWithViews.com – In 2009, Fauci and other scientists did a huge analysis of the 1918 Spanish Flu which allegedly killed 20million people. And the bacterial pneumonia was caused by.... wait for it, wait for it.... wearing masks."

Using Propaganda and Pseudo-

Science For New Lockdowns Must Be Stopped

Americans have been beaten into the ground for the past ten months over this virus by paid liars in the MSM which includes FOX News Network which now joins the roster of fake news outlets.

None Dare Call It Sedition – I Am

Our governor here in Texas sent 1,000 National Guard to big cities like Austin, Dallas and Houston and San Antonio. When was the last time America braced for violence, rioting and sure to happen looting over an election? It sickens me. Oh, and make no mistake about it, there's going to be serious trouble – especially in big metro cities run by Democrat mayors.

Joe Biden: Through the Eyes of World Leaders

The DNC's media (CNN, MSNBC, ABC, CBS, NBC and all "mainstream" print and Internet) have done everything they can to cover for Joe Biden. Tech giants are continuing to

blatantly censor everything regarding Hunter Biden's laptop computer and the Biden crime family influence peddling over the decades.

Comparing Trump to Hitler: Rank Ignorance

America has been bombarded with the finest in Soviet-style propaganda for longer than I've been alive. Propaganda forced upon America's school children cleverly dressed up as education while in fact, as Jeri Lynn Ball wrote in her thoroughly researched book, *Masters of Seduction*, public schools are the institutions transforming our people into the new Soviet man and woman.

Democrats: What's at Stake Nov. 3, 2020

Moving aside all the screeching and political cannibalism going on, for Democrats, below is your party's agenda. It's vitally important Democrats and even independents who intend to vote for an obviously neurologically impaired candidate, Joseph Biden and his 'sleep your way to the top', VP pick, Kamala Harris, understand what you're voting for.

Where Are Mail-in Ballots Being Stored?

A man called into Rush Limbaugh's show the other day with an interesting take on why Basement Biden and the DNC are just going through the motions of campaigning and don't give a damn how bad the 'optics' are that people are seeing.

Investigate CDC: Time to Convene a Federal Grand Jury

According to Chinese Scientist and Whistleblower, Dr. Li Meng Yan COVID-19 was created in their lab as an 'unrestricted bioweapon'. "The first thing is the [meat] market in Wuhan ... is a smoke screen and this virus is not from nature," Yan claimed.

International Class Action Lawsuits Against Corona PCR

Test Manufacturers

This is a follow up to my October 5, 2020 column, Trump's COVID-19 Diagnosis Came From a Research Tool which covered President Trump's COVID-19 diagnosis. At this time I am not convinced Trump has COVID-19. How can that be? Because a PCR test was used, which in the case of COVID-19, is a defective product.

Trump's COVID-19 Diagnosis Came From a Research Tool

I find it very strange and convenient that so far only Republicans have allegedly come down with COVID-19 as a result of the debate or the Rose Garden reception for Supreme Court nominee, Barrett. Despite shrieking from the useful fools out there Trump "deserves it" for not wearing a face diaper at the debate...

America: Why Do You Enrich Our Enemies?

Slowly however, those who control the big monopolies have been using their technology against the American people. For years and years, the 'Gods of the Universe' aka tech giants have been on a non-stop crusade to censor web sites whose content

is conservative or constitutionally focused. The independent media is a real threat to them and their agenda.

Dialogues With the Devil

Ruth Bader Ginsburg was one of Lucifer's most prominent influencers with her defending abortion, sexual deviants and presiding over the "marriage" of same sex deviants. How can I say such a thing? I just did because it is truth.

Another Black Robed Tyrant Strikes – Again

The same Congress that will rob you to pay for programs for illegal aliens, and in fact, want to give illegals a free pass, further denigrating the meaning of citizenship and allowing criminals, rapists and terrorists to remain illegally in our country has been rewarded. The same members of Congress (both parties) are being returned to seats of power

DOJ: Elected Public Servants

Are Above the Law

We know illegal aliens have been voting in our elections for decades. It's underway right now with mail in ballots, ballot harvesting and soon early voting using electronic and counting machines easy to rig. The U.S. Department of Justice has done nothing to stop aiding, harboring and freeing illegals by non-elected bureaucrats and elected public officials – for decades.

I Will Not Take A Covid-19 Vaccine

What needs to be done all across this country is thousands of mothers and fathers outside your state capitol for rallies demanding mandatory vaccine laws be rescinded. No, that's not irresponsible. If a parent wants to vaccinate their child, fine. Hopefully they will have taken the time to educate themselves about vaccines. He who yells the loudest gets heard.

COVID-19: We Must Stamp Out the Fear

The only way to bring back America is through truth and reject propaganda like 'the new normal'. By getting this truth out

there, the outrage will grow. States that have recall will see more elected officials thrown out of office who've been absolute tyrants.

Biden: What Was His End-Game Goal?

When Joe Biden announced in late April 2019 he was going to run for president, I thought, why? Surely, he doesn't need the money. He had already run for president twice with both efforts ending in disaster. First for plagiarism and the second time up against Hildebeast Clinton who usurped the office of Secretary of State [1][2] and criminal imposter "president" Hussein Obama who committed several felonies to steal the WH.

Could Mail-in Ballots Help Trump Win?

One must have a game plan and this goes for national as well as local elections. It's a shame less than 1% of challengers ever bother to challenge the outcome of an election because if they did conduct a forensic analysis, massive vote fraud via machines would have blown up that whole scam decades ago.

The Shadow Government Going for the Kill Shot

Trump has been putting out brilliant 30-second commercials showing what WILL happen if Biden (or any other Democrat) is elected. Americans are watching their elected Democrat “leaders” – mayors, city councils and governors alike – stand by and allow the destruction.

COVID-19: Lies & More Damnable Lies

The American people have been beaten into the ground with propaganda spewed by Dr. Anthony Fauci aka the Bernie Madoff of the science world for the past five months. While Fauci has become a household name, Dr. Judy Mikovitz hasn't. Not for lack of trying on our part, but because of the reprehensible censorship by You Tube, Facebook and others.

Do MD's Need FDA Approval to

Prescribe COVID-19 Treatments Like Hydroxychloroquine?

By: Devvy

Before I delve into that legal question, I feel it's imperative to get this newly released information out there having to do with the death of George Floyd. This latest round of rioting started over Floyd's death and by design, moved on to the agenda of domestic terrorists like BLM and ANTIFA as well as the insanity, Defund the Police.

We all know what happened that day – or think we do. Floyd was put on the ground. Officer Chauvin kned his neck. Floyd was yelling he can't breathe many times. At the time MPD allowed the use of neck restraint for individuals resisting arrest. Only cops can tell you what a nightmare and how dangerous it is trying to deal with either a drunk or someone full of drugs. Floyd was 6'7".

George Floyd was a repeat criminal offender, an ex-con who went to prison for holding a loaded gun up against the stomach of a pregnant woman with the intent to rob. He was also a serious, hard core drug addict. That is ***not*** an excuse to kill any individual being questioned by police officers. Everyone in this country is entitled to due process.

A few days ago, the transcript of Officer Thomas Lane's body camera was finally released. It tells the story in real time of exactly what actually happened before Floyd was kned on the ground.

George Floyd was resisting arrest, make no mistake about that. Even Floyd's friend in the car they came to the store in yelled at George to stop resisting. The officers repeatedly tried to get him into the police car while Floyd had a running narrative about how he's not that kind of man, he loves his mother over and over. He keeps telling the officers not to shoot him and their response was they were not going to shoot him. All they wanted was his cooperation.

George did not want to get in the police car and made that perfectly clear. Early on, Officer Kueng said Floyd was acting erratic. This is consistent with what store employees where the alleged counterfeit bill was presented by Floyd recounted for the police.

This is the exchange on pg 7:

Officer Kueng: Stand up, stop falling down! Stand up! Stay on your feet and face the car door!

George Floyd: I'm claustrophobic man, please man, please.

Pg 9: Officer Lane tells Floyd he will open the window in the police car after Floyd gets in, no problem. On pg 10, Floyd tells the officer he's just gotten over COVID-19 and "doesn't want to go there again".

Pg 11:

George Floyd: Can I talk to you please?

Kueng: if you get in this car, we can talk!

George Floyd: I'm claustrophobic.

Kueng: I'm hearing you, but you're not working with me!

George Floyd: God, I'm claustrophobic.

Lane: Plant your butt over here, I'm going to pull you in.

Kueng: Get in the car!

George Floyd: Can I get in the front, please?

Kueng: No, you're not getting in the front.

Pg 12:

George Floyd: My wrist, my wrist man. Okay, okay. I want to lay on the ground. I want to lay on the ground. I want to lay on the ground!

Lane: your getting in the squad.

George Floyd: want to lay on the ground! I'm going down, I'm-going down, I'm going down.

Kueng: Take a squat.

George Floyd: I'm going down.

Speaker 9: Bro, you about to have a heart attack and shit man, get in the car!

It would appear at this point Floyd was possibly experiencing a cardiopulmonary arrest or just hallucinating. The autopsy report shows he was loaded on fentanyl, norfentanyl, meth and cocaine; his urine drug screen showed high levels of cannabinoids. He was also having trouble breathing at that time.

"Fentanyl is a synthetic opioid that is **50 times** more potent than heroin and **100 times** more potent than morphine."

Pg 14:

Lane: 320 Can we get EMS code 2, for one bleeding from the mouth.

It appears at that point officers saw Floyd bleeding from the mouth and called paramedics.

Continuing on pg 14:

George Floyd: My face is gone. I can't breathe man. Please! Please, let me stand. Please, man can't breathe.

Lane: Can you get up on the sidewalk please, one side or the other please?

George Floyd: My face is getting it bad.

Lane: Here, should we get his legs up, or is this good?

As I read it, this is pre-Officer Chauvin putting his knee on Floyd's neck. It's obvious from Floyd's own words about his face being gone and other dialogue he was certainly experiencing some sort of psychological episode, no doubt from the horrific amount of drugs in his system.

Pg 15:

(Officer) Thao: he high on something?

Lane: I'm assuming so.

Kueng: I believe so, we found a pipe.

Continuing on Pg 15:

George Floyd: Please, I can't breathe. Please, man. Please man.

Thao: Do you have EMS coming code 3?

Lane: Ah code 2, we can probably step it up then. You got it?

Pg 16:

Lane: We found a weed pipe on him, there might be something else, there might be like PCP or something. Is that the shaking of the eyes right is PCP?

George Floyd: My knee, my neck.

It sounds like now he's on the ground with Chauvin's knee on his neck; the transcript time can be coordinated with videos.

Lane: Where their eyes like shake back and forth really fast?

Lane: Okay. I just worry about the excited delirium or whatever.

Chauvin: Well that's why we got the ambulance coming.

[You can read the full 25 pgs here.](#) To sharpen the text, move the zoom bar. For plain text, hit that box.

George Floyd should have had his day in court. He didn't. His body was so overloaded with heavy duty drugs combined with his medical history was a tragedy waiting to happen: Arteriosclerotic heart disease, multifocal, severe. Hypertensive heart disease, clinical history hypertension. If he was having a heart attack from his own actions, did that contribute to his death?

Remember Floyd's friend yelling at him to get in the squad car or he might have a heart attack? The coroner's report said cause of death was cardiopulmonary arrest complicated by actions of the police officers. The jury will see all the videos and will read the transcripts.

Do MD's Need FDA Approval to Prescribe COVID-19 Treatments Like Hydroxychloroquine ?

There are so many videos and articles out there featuring doctors who were told and still told to this day they cannot prescribe Hydroxchloroquine and other treatments that have had great success for their patients. They have been told they need FDA approval.

[This video interview of Dr. Richard Bartlett's Silver Bullet for COVID 19](#) is welcome news. He practices in Midland, TX 40 miles from where I live. **I highly recommend you watch it.** Bartlett's credentials are quite impressive.

He says at the beginning there's a doctor/patient relationship in the U.S. that shouldn't be touched but it is now – by government bureaucrats. It looks like Dr. Bartlett's treatment can, like Hydroxychloroquine, be a game changer. Mustn't let this get out to the general public. It might help alleviate some of the fear gripping people.

[FDA Must Approve Hydroxychloroquine Now](#)

[Fauci knew about HCQ in 2005 – nobody needed to die](#)

"The [Virology Journal](#) – the official publication of Dr. Fauci's National Institutes of Health – published what is now [a blockbuster article](#) on August 22, 2005, under the heading – get ready for this – **"Chloroquine is a potent inhibitor of SARS coronavirus infection and spread."** (Emphasis mine throughout.) Write the researchers, "We report...that chloroquine has strong antiviral effects on SARS-CoV infection of primate cells. These inhibitory effects are observed when the cells are treated with the drug **either before or after exposure to the virus, suggesting both prophylactic and therapeutic advantage.**"

"This means, of course, that Dr. Fauci (*pictured at right*) has known for 15 years that chloroquine and its even milder derivative hydroxychloroquine (HCQ) will not only treat a current case of coronavirus ("therapeutic") but prevent future cases ("prophylactic"). So **HCQ functions as both a cure and a vaccine.** In other words, it's a wonder drug for coronavirus. Said Dr. Fauci's NIH in 2005, "concentrations of 10μM **completely abolished** SARS-CoV infection." Fauci's researchers add, "chloroquine can effectively **reduce the establishment of infection and spread** of SARS-CoV."

The only treatment Fauci wants for patients is Remdesivir. Cost: \$520 per vial, or \$3,120 for a six-vial treatment

It's all about the money: [After destroying low-cost hydroxychloroquine, Big Pharma and the complicit left-wing](#)

media are promoting Gilead's new \$3,000 drug

"Hydroxychloroquine is very inexpensive to make and, not patented, can be used **for less than \$20/dose**. But instead of getting people the help they need, Big Pharma tried to cash in on the crisis. During the covid-19 panic, pharmaceutical companies capitalized on public health emergency orders, and secured billions of dollars in funding for new drugs and vaccines.

"Some of these new taxpayer-funded investments are being pushed into the market, with a steep price tag and a propaganda campaign to go along with it. Now Big Pharma and the complicit left-wing media are promoting Gilead's new \$3,120 treatment – a five-dose course of remdesivir, a formerly shelved Ebola drug."

The thoroughly discredited Dr. Anthony Fauci doesn't want patients to receive Hydroxychloroquine or any other treatment that is now found to be *highly effective* stopping many deaths at far less cost compared to Fauci's Remdesivir. But then again, it's all about money. [CNN Admits Hydroxychloroquine Works...After Countless Needless Deaths](#) – "May their shame be eternal."

Does the FDA, an agency of the federal government have the right to deny a patient a drug or treatment his/her doctor prescribes for them? I am not a lawyer, but look at these cases decided by the U.S. Supreme Court:

[Linder v. United States, 268 U.S. 5, 18, 45 S. Ct. 446](#) (1925): "Obviously, direct control of medical practice in the states is beyond the power of the federal government."

Medical practice includes a doctor prescribing certain medicines and treatments for his/her patient. The FDA is part of the federal government.

Lambert v. Yellowly, 272 U.S. 581, 598, 47 S.Ct. 210 (1926):

"It is important also to bear in mind that 'direct control of medical practice in the States is beyond the power of the Federal Government.' *Linder v. United States*, 268 U.S. 5, 18. **Congress, therefore, cannot directly restrict the professional judgment of the physician or interfere with its free exercise in the treatment of disease.** Whatever power exists in that respect belongs to the states exclusively." (Emphasis mine.)

Congress breathed life into the FDA. (Federal Death Administration)

[*Conant v. Walters*, 309 F.3d 629, 639](#) (9th Cir. 2002) (quoting *Linder*).

Lower circuit: *United States v. Anthony et al.*, 15 F. Supp. 553 (S.D.Cal. 1936) (June 23 1936)

Nos. 12069-12072. United States District Court, S.D. California, Central Division

"I am referring to these facts in order to indicate that we must bear in mind the purpose of the act – that the act is a borderline statute which must be interpreted in such a manner as to bring it within the constitutional power. And if we depart from it and interpret it either as attempting to regulate the disposition and sale of narcotics **or attempting the regulation of medicine**, we extend the act to the realm which the Supreme Court has repeatedly said the federal government cannot enter, under the penalty of unconstitutionality.

"The *Linder Case* (*Linder v. United States* [1925] 268 U.S. 5, 45 S.Ct. 446, 449, 69 L.Ed. 819, 39 A.L.R. 229) is very important. We all seem to agree, whether we read it alike or not, that it determines this case, so far as the law is concerned. I wish to refer to it for the present only for the purpose of pointing out that the moment we assume that this act regulates the sale within the state of narcotics and that it aims **to regulate the practice of medicine**, we must hold it

unconstitutional.”

I believe doctors who’ve either been refused by a pharmacy to honor a prescription or told they cannot prescribe Hydroxychloroquine or any other medication without the FDA’s approval should band together and file lawsuits. They have the U.S. Supreme Court on their side.

Convenient timing wouldn’t you say? Six months before the pandemic, [Bill Gates negotiated a \\$100 million contact tracing deal with a democratic congressman](#), July 8, 2020

“At the meeting, they discussed the rollout of wide scale contact tracing and negotiated which companies would get to cash in on the plan. They discussed how to contact trace all Americans, how to force them to submit to medical tests and accept vaccination passports in order to go about their lives.”

Our governor, Greg Abbott [R] is a damn fool. He’s now scaring Texans all over again by threatening to lockdown down the state – again. Many of us wrote and told him: You will see a ‘second wave’ **which would happen because you locked down the state.**

This is what should have been done months ago in all the states that shut down. [Texas Republicans sue Gov. Abbott over ongoing coronavirus restrictions amid minuscule death rate](#), July 11, 2020

“The suits come as critics of Abbott’s actions note that despite major increases in the number of coronavirus positives across the state, the vast majority of them involve patients who are asymptomatic or suffering mild conditions. They also note that the coronavirus death rate in Texas is remarkably low...

“Today a mask, tomorrow a hazmat suit – where does it stop? Everyday GA-29 is in effect, the government tramples on the

liberties of Texans,” he said in challenging Abbott’s face mask mandate. “Abbott’s order took effect a week ago. He also extended his previous emergency order shutting or limiting businesses another 30 days as of July 10.

“The suit claims that despite “approximately 180,000 deaths in Texas, caused by multiple diseases and accidents,” deaths from coronavirus have “been a trivial cause of disease and death in Texas.”

“In a column for Red State, Blankley notes that the coronavirus death rate in Texas is .01, and that out of a population of some 29 million people, 2.6 million have tested positive for the virus.

“Among them, 230,346 positive cases have been reported, or .79 percent of the population. Roughly 8.85 percent of those who have been tested have tested positive for the virus. And only those who are presenting symptoms are tested, so the number is slightly skewed,” she continued.”

“Nature gave man two ends – one to sit on and one to think with. Ever since then, man’s success or failure has been dependent on the one he used most.” George R. Kirkpatrick (1867-1937) Lecturer. I believe this applies to the poster boy for stupidity below:

Proving the point of herd immunity: [Wealthy white NYC neighborhoods could be hit harder than working class](#) areas during virus second wave because they stayed in lockdown and did not get antibodies. Poorer communities may have reached herd immunity.”

Those folks regardless of economic status worked through the lockdown. The healthy stupidly quarantined are newly exposed.

Mega cities like Houston, Dallas, Austin and San Antonio are being hit hard with new cases. But, once again, just because someone tests positive **does not** mean positive = hospital = death. The age range is 18-35 years old.

People need to remember that when states partially re-opened, individuals who needed surgery for hip replacement or other surgeries started getting those surgeries. They are occupying hospital beds. Some stay a day or two, some a few more days. That's put the squeeze on beds for this new, predicted surge.

Hey, governor Abbott: Call President Trump and ask him to dispatch the Army Corps of Engineers. Have them come in and do what was done in NYC. Move the recovering non virus patients into those mobile hospitals units and make room for the virus patients. I read the possibility of using one of the sports stadiums. That would work for Corps setting up those hospital beds and required staff. Some of whom might come from out of state.

If one looks at a large number of the cases in California, Arizona and Texas –they are in counties closest to the U.S. – Mexico border. That's where big spikes are; then go look at the border towns in Mexico and you see the same thing. International border crossings like the one in Laredo I visited years ago for an investigation, should be closed down. We don't need it imported and the same applies on the Mexico side. I don't want their people to get it, either. Many of those towns are dirt poor with no modern personal hygiene habits or facilities.

All this cheating to keep our people in bondage while continuing to bankrupt millions, permanently shutter more than 100,000 small businesses and denying countless numbers their right to go to work.

As I've covered in so many columns, **those loop masks (and even worse for you, cloth masks) don't protect you or anyone else from the virus.** The draconian mandatory mask edict has caused this type of SICKENING hysteria all over the place.

[This is a two-minute video of some female making an ass out of herself](#) because a man isn't wearing a mask; totally brainwashed. 3.3 million views already. Americans attacking Americans out of fear hammered into their heads a hundred times a day by "conservative" as well as MSM and politicians too stupid or lazy to do a little research.

[Colorado town threatens a year in jail for residents who refuse to wear masks](#) – Been there many times. A suburb of Denver; high density population of PC, 'woke' brain dead liberals.

"The city of Englewood, Colorado, just south of Denver, is requiring all of its residents to wear face masks amid a spike

in coronavirus cases – and violators could face up to a year behind bars, coupled with a hefty fine. The emergency order, issued by City Manager J. Shawn Lewis and approved by the city council Monday, went into effect Thursday.

“It states that everyone over the age of 6 will be required to wear a mask while outside their homes. Face masks must be worn inside any retail or commercial business, governmental office, or health care facility, including veterinary offices, officials say.”

The discussion about re-opening schools is the hot topic right now. It's my understanding that up in Arlington (a suburb of Dallas), those fools want to force children into cubicle like areas for the nonsense called 'social distancing' in the classroom. This, I believe will have a profound and *negative* impact on kids K- about jr. high.

My personal belief, being someone who refuses to harm my health by wearing a mask, is that forcing children to wear a mask is child abuse. Kids burn oxygen like a missile launching from Kennedy Space Center. **They need lots of oxygen, not less.**

Children are the least vulnerable and their chances of getting COVID-19 are extremely low. From all I could find on data, very sadly six children have died from that virus; no information on pre-existing medical conditions. It all comes back to herd immunity. When enough of the population, 80% or higher, is exposed to the virus, it burns itself out for now.

gives a real education on this nightmare in a short period of time.

That video needs to be seen by the tens of millions – **especially educators** and that's YOUR job. Contact the head of your school district and ask for an appt. Try to make it several people at one time. Or, write a letter and provide the name and link to her video. *I do this all the time.*

SPEAK OUT NOW SO WE CAN STOP THE DESTRUCTION OF OUR REPUBLIC AND TRY TO PICK UP THE PIECES OF LIVES SHATTERED BY DICTATORS IN PUBLIC OFFICE.

Children are God's gift to us. We don't want to put them at risk but unless tens of millions of Americans turn off the propaganda machine called TV and get real facts, parents across the country are going to continue to be scared to death their child will get the virus at school.

Both Dr. Bartlett (featured earlier in this column and who by the way, received an award from the State of Texas) and Dr. Victory have been excoriated, defamed and treated like conspiracy nuts by the media. Called quacks and worse. They should have Dr. Victory's credentials.(Below)

**COVID-19: RARE for
Asymptomatic Person to Infect**

Another Person

What caused such panic? Dr. Anthony Fauci and Dr. Deborah Birx aided by the despicable MSM and political whores. Who unleashed those two incompetent “experts”? VP Mike Pence – NOT Donald Trump. He relied on Pence’s “experience and good judgment”.

Will Pres. Trump Pardon Roger Stone Now?

Michael Avenatti, who represented the badly aging stripper Stormy Daniels who accused Trump of (P-U) jumping between the sheets with her, is now a convicted felon. That pig attempted to extort \$25 million from Nike by threatening to expose alleged crooked wrong-doing regarding basketball divisions.

Lockdowns Causing Second Wave COVID-19?

This saga of tragedy, politics and conditioning the American people to be subservient while destroying their lives has to stop. Please keep getting the truth out there to your mayor, city council members, county commissioners and your governor. I have although I’d rather use my time for something else. Our voices must be heard because silence will only allow it to

continue.

Black Lives Matter Just a Slogan While Americans Miss the Bigger Picture

“By “defund the police,” the left means replacing the police with Sharia patrol, Black Panthers, La Raza and other anti-Christian, anti-white social justice enforcers...The police reform bill introduced by Democrat lawmakers this week empowers radical left-wing groups such as La Raza (The Race), a Communist brown supremacist group, to monitor police officers across the country.”

Black Cops Killing Whites: Should We Riot?

“If you think the Black Lives Matter movement is just or even primarily about ‘Black Lives,’ then you don’t understand the movement. A new research report, based on detailed interviews with those active in the movement, demonstrates that the organized movement is a vehicle for a radical leftist anti-Capitalist agenda, using ‘Black Lives’ as the hook.”

Racism is a Two-Way Street

Once again, we watch as cities burn, people injured with four now dead from being shot, hatred by black Americans towards police in other cities and states that had absolutely nothing to do with the death of George Floyd.

This Will Defeat Trump in Nov, Not the Economy

Faithless electors, ballot harvesting and mail in ballots are going to be the ONLY way to keep Trump from a second term. The Democrat/Communist Party USA is doing everything in their power to cheat We the People in November.

PA Gov. Wolf's Hillary "Deplorables" Moment

Americans protesting the actions of politicians who have been abusing their power for months. Americans protesting the destruction of their lives while all those governors live in mansions, three hot meals a day, big salaries and get their hair cuts should be ashamed of themselves? Those Americans

fighting for their existence and their God-given right to freedom and going to work should be ashamed?

High Noon: Governors and Mayors vs Sheriffs and We the People

Most of the country has already heard the story of Shelly Luther who owns a beauty salon in Dallas, TX. She reopened her business because her employees were going without food just to feed their children. Another Hussein Obama appointed Democrat judge jailed her. The Texas Supreme Court ordered her released. Our governor then modified his earlier order

Is Civil Disobedience Only Way to Re-Open America?

Sheriffs in several counties in a half dozen states have come out publicly and said they will NOT enforce stay-at-home orders from their governor and other unconstitutional orders. If you or better yet, a group of business owners, can get a sit down with your county sheriff, do it. Present the information in this column and tell your sheriff to stand with The People.

Operation Lift Lockdown May 1st: Make or Break Be There

This has to end. Protests are scheduled for this Friday, May 1st. America needs MILLIONS of patriots at their state capitols. Politicians fear We the People and the people had better peacefully shout down the roof or this insanity will just continue and could turn violent. Desperate people do desperate things and we don't want that.

Protesters Protesting Anti-Lockdown Protesters: Dangerous Ignorance

Donald Trump has inspired people around the world. Do take the time to watch and listen to this 3:45 second video that WILL lift your spirits and make you proud to be an American. The cry for freedom is being heard around the world. America leads. We must not allow Satan's Pimps destroy this wonderful revolution.

COVID-19: What You Should Be Doing and Not Doing Now

President Trump put this COVID-19 task force in the hands of Mike Pence. Who did Pence bring in for his team? Fauci and Birx. We've seen the destruction from them and all the thoroughly discredited models used to shut down the country. If Fauci had his way, America would stay locked down for a year.

All Fake News Isn't Political

No worries. Cuomo makes \$6 million a year under his contract with CNN. (I doubt his pay is being docked while being confined to home.) He can always move on without financial worries. I'm sure George Soros has work for him as well.

COVID-19: Could, Maybe, Possibly, Might, Worthless Models, Greed

In my several columns I could not say if the virus accidentally escaped that lab in Wuhan or was deliberately let loose. At this time, I now believe WITHOUT ANY DOUBT that virus was weaponized and deliberately released by the China

Communist Party in an effort to cripple the U.S.

Coronavirus: Is it Time to Release Americans From Bondage?

Millions of words have now been written about CORVID-19 and likely millions more in the future. The disgraceful, lying “mainstream” media and too many in the alternative media have been hyping death and disaster since mid-January. The herds reacted exactly as the shadow government knew they would with panic buying and hysteria.

Will We Allow The ‘Main Stream Media’ To Win?

Mainstream media. That would be ABC, CBS, NBC, MSNBC, CNN, assorted others on the boob tube, electronic and print newspapers and web sites that for many decades have shown their glaring bias against everything America, constitutionalists, conservatives, people of faith and the U.S. Constitution.

Coronavirus Juggernaut Unleashed With More to Come

The lying despicable MSM who are directly responsible for creating panic and hysteria really went off their rockers when Trump used the words China or Chinese coronavirus screeching it's racist even though they used Wuhan, China or Chinese too many times to count.

Is This Backstory The Truth About COVID-19's Origin?

HEB, the largest grocery chain Texas has a store here. I was SHOCKED when I started to shop. Half the shelves were empty. No cereal (which I don't eat), no eggs (even the more expensive free range ones I buy), very little meat or poultry, no toilet paper, not a cleaning product in sight; forget hand sanitizers or even dish soap.

How Much \$\$ Will the CDC Profit From a COVID-19 Vaccine?

It's obvious the prostitute media in America (boob tube as well as print and Internet) have been using this outbreak to

create hysteria attacking Trump at every turn. It's all his fault. Yes, there has been incompetence by the CDC. But more than anything, just like 9/11, for all the information out there, Americans are still unprepared for disasters.

Coronavirus Hysteria, The Patent – Don't Ignore This

Americans are resilient and We the People have made it through many health scares as well as 9/11. Panic only makes things worse. Make a plan whether as an individual or if you are a business owner. Be sure to monitor elderly parents or grandparents. And above all, pray to our Heavenly Father for strength, guidance and mercy.

Socialists Dem Debate: A look Into The Total Destruction of America

SHAME on anyone who voted for that Marxist puppet – and a rich one at that. The war for independence from the British was filled with rivers of blood. Men and women in many cases, who were committed to this new land and were willing to die for it.

Coronavirus, the Economy and What to Do

Headlines over the Coronavirus continue to dominate only second to the political rot and grandstanding by Democrats, massive flatulence from the Hollywood crowd and this past week, yet another Russia hoax major player, Andrew McCabe, walks while Gen. Michael Flynn and Roger Stone continue to suffer

Has Impeachment Trial

Provided a Golden Opportunity?

Going back to the non-bombshell Bolton book leak. Willard Mittens Romney somehow was allegedly elected to the Senate by the people of Utah. Romney is a cry-baby so jealous of Donald Trump he reeks green with envy. Mittens loved Trump when he endorsed him for the Senate.

Will They Ban My Assault Frying Pan?

The disgraced media and 'alternative' media alike blathered on about militias being there. Those would be false militias under the Second Amendment. Now, I know that many of them do really good things around their communities and are a God-send during natural disasters.

Greta Thunberg's Climate Change Hoax Damaging America's Children

Greta Thunberg burst on to the world scene last year at age 16 similar to the unleashing of the most ignorant, stupid buffoon to ever serve in the U.S. Congress, Alexandria Ocasio Cortez

(AOC). Thunberg is a Swedish citizen and referred to as a climate change activist. Her job is to spread fear in humans around the world while pushing one of the biggest hoaxes ever shoved upon the world.

Housing Shortage Crisis in California – Blame Yourselves

I was born and raised in California and didn't leave the state until I married my late husband who was military. My beautiful state is now in ruins and the people who live there have no one to blame but themselves.

Warning About the “Best Economy in Fifty Years”

The primaries are coming up soon. Sure as I'm sitting at my desk, uninformed, ignorant Americans are going to vote for the same incumbent who has brought this Hell right to their doorstep and then expect things to change. Hopefully, I'll be wrong, but as Patrick Henry said, “I have but one lamp by which my feet are guided, and that is the lamp of experience.”

Satan's Pimps

There was a time when America had a firm moral foundation. A time I grew up in where the Ten Commandments were paramount to the way Americans lived their lives. Thou shalt not kill. Today, life is cheap in America. 3,300 human babies murdered by abortion every day at the request of their "mother". A 60-year old man beaten to death over ONE dollar on Christmas eve in the Bronx, NY

How the Democrats Will Try to Beat Trump at Ballot Box

American warriors – that would be me and you – we have to tell candidates who allegedly lose to fight back. We have to keep demanding an end to electronic voting and tabulating. No ballot harvesting should ever be allowed. We have to elect county clerks who will pledge to keep purging their voting rolls of dead folks and illegals. No one is going to do this for us. We have to do it.

Impeachment Farce: Three Important Things Not Talked

About

As my schedule is my own, I have been able to watch most of the impeachment farce hearings live. Last week's session presided over by little Jerry Nadler (each time he pounded the gavel all I could picture in my mind is it should have been a giant lollipop) did not have any witnesses.

More Impeachment? No! Let's Have Some Fun

The next round of Democrat jibberish begins this week with a shift to the House Judiciary Committee. That would be Jerald Nadler [D-NY] at the helm. Like Schiff, Nadler lives in his little delusional world of self-importance; a dangerous zealot.

Will Christopher Wray Protect Joe Biden?

Many have wondered why Joe Biden decided to run for president in 2020. He certainly doesn't need the money. It's obvious to anyone with eyes that see and ears that hear, Joe's 77-year old mind is seriously impaired. A presidential race also requires a tremendous amount of energy and stamina. So why?

Next Impeachment Star Witness: Sgt. Schultz

Yovanovitch no doubt wished she could go back to her current cushy job as a Senior State Department Fellow at Georgetown University's Study of Diplomacy. Despite the endless fawning from every Democrat on that committee for Yovanovitch's stellar career, it appears there might be more to her image.

America: YOU Are Keeping Drug Cartels in Business

The fate of this nation rests on those primaries because if worthless, corrupt incumbents are not defeated we end up with the same options as we have for the past 50 years: Hold your nose and vote for the incumbent with an R next to his or her name because the only other choice is a Democrat socialist communist on the ticket.

Pres. Trump Talking Points

‘Fireside Chat’ – Baseless Impeachment

It's been reported President Trump is considering a televised 'fireside chat' to counter the provable lies gushing from DemocRats who hate him. That would be Adam 'Shifty' Schiff, Nancy Pelosi, Gerald Nadler, AOC and her human waste squad along with the trash from Hollywood.

None Is So Blind As He Who Will Not See

Perhaps a few words from the past will shake some of the dust out of people's brain cavities long enough to think about the words below. And for those who think communism and fascism are dead, I'm sorry to inform you that they are alive and well, they're just being sold under a different name with "new and improved" packaging.

Democrats Want Trump Dead – And You

Not one corrupt politician in the Democratic/Communist Party USA has stepped forward to hold a press conference and say, enough is enough. Stop all this talk of physically harming or

killing the president of the United States. While we might strongly disagree on issues, this must stop. This isn't who we are and it's wrong. Not one.

Why I Vehemently Disagree With Rush Limbaugh On This

As I said in a recent column, We the People must keep the heat on the House and Senate: This impeachment is a set up. A politically driven and sickening effort to remove a legally elected president. Keep flooding your House rep and Senator, DemoRAT or Republican

Ukraine Set Up: Three Very Important Questions

The media feeding frenzy for each one of these phony scandals keeps growing like bad weeds. If we thought the prostitute media – an extension of the Democratic/Communist Party USA – was bad for the Russia collusion hoax, then get Kavanaugh, this latest manufactured set up has those whores running lies 24/7.

Men: Ignore Warning Signs & You Could End Up Dead

I am of the personal opinion the destruction of America's moral fabric came from the 'free love' revolution, Roe v Wade and then no-fault divorce. While divorce should always be the last remedy, there most certainly are situations where it is the only course of action to save lives if domestic abuse is in the equation.

Who's to Blame for Evisceration of the Second Amendment?

The level of ignorance by politicians regarding the Second Amendment is killing this country in ways people can't imagine. Oh, sure, many of those dogs, particularly in the Democratic/Communist Party USA know their stand on the Second Amendment is nothing short of tyranny. They don't give a damn. Their agenda is and always has been total disarmament of We the People.

Trump Jabs Fed Chairman While

Central Banks Have No Where Left to Go

While presidential candidates for the Democratic/Communist Party USA continue their clown show and their media pushing everyone who supports Trump is a racist because their Russiagate hoax blew up in their faces, Americans are not paying attention to the financial neutron bomb getting ready to explode.

Voting Every Two Years Won't Cure the Cancer

Latest Mass Shootings: What You Need to Know

The latest heartbreaking mass shootings brought the usual and immediate vomit from the fake "news" media, political whores from the Democratic/Communist Party USA (candidates and incumbents) and of course, those knowledgeable bastions of the

U.S. Constitution, the Hollywood crowd who all hate Trump.

[Democrats call for Pelosi to cut recess short to address white nationalism](#) – Oh, yes. It's the 'rise of violent white nationalism' overtaking the country!

"Behind two freshman lawmakers – Reps. So, all serial killers and mass shooters are white supremacist terrorists. Let me direct you to this: PHOTOS: [Every US Mass Shooter in 2019 Who Shot Four or More People](#). You will see those killers are black, brown, white. It would appear 13 of the 98 are Caucasian.

The collective screeching has been scripted to make these latest killings all about Trump being a racist and therefore responsible for two individuals and their heinous actions and gun control. “He was suspended, but eventually was allowed back at Bellbrook High after writing a letter of apology to his proposed victims, according to Dayton 24/7.”

The article goes on to say Betts seemed to be better after he got some help. Red flag. Was he on one of those deadly psychotropic drugs and if so, did he go off his meds? Have you ever read the side effects of Ritalin or Luvox?

Only the autopsies will show what was in both shooter’s systems. From what we know at this point in time, both of these young males appear to have mental problems; one was allegedly bullied throughout high school and perhaps – just speculation – issues with social skills. As in dating and

popularity.

[22 percent of millennials say they have “no friends”](#) – “A recent poll from YouGov, a polling firm and market research company, found that 30 percent of millennials say they feel lonely. This is the highest percentage of all the generations surveyed.

The babbling idiots on the left want to blame the carnage on an inanimate object, that being an assault rifle which can't kill anyone until someone pulls the trigger.

Conspiracy theories

I am one who treads very carefully when we have an ‘event’ like those horrible shootings. Yes, I’ve read a considerable number of articles about sightings of multiple shooters but there is zero proof at this time other than a few individuals at the locations caught in the middle of a hail of bullets and fear.

However, there's something bothering me on this because the timing is just too coincidental. I know this column is long, but we need to be fully informed.

NBC Universal intended to release a movie next month titled *The Hunt*. Trailers for a sneak peak have been all over the Internet for weeks. [‘Elites’ Kill ‘Deplorables’ In New Horror Film ‘The Hunt’](#)

“Did anyone see what our ratfucker-in-chief just did?” one character asks early in the screenplay for *The Hunt*, a Universal Pictures thriller set to open Sept. 27. Another responds: “At least *The Hunt*’s coming up. Nothing better than going out to the Manor and slaughtering a dozen deplorables.”

[ESPN Pulls Trailer for Movie Where Liberals Hunt ‘Deplorables’ for Sport](#) “The hunters are fueled by their hatred of the “MAGA-type” characters and their right-leaning positions. While the term “deplorables” may not be explicitly stated in the trailer, *Daily Mail* notes that the “hunted” were, in fact, described as “deplorables” in the screenplay.”

Due to the substantial backlash, [NBC announced](#) the movie is shelved for now.

A lot of Americans are familiar with the original *Manchurian Candidate* movie but I don't believe the majority of adults in this country have any idea about secret government programs like MK-Ultra mind control experiments conducted by the CIA on Americans who had no idea they were being used as guinea pigs; the same as when the CIA dosed Americans in bars with LSD.

Mockingbird? Never heard of it. Operation Northwoods? 99% of the American people know nothing about any of this, but I do. One has to understand mind control techniques and protocol; the use of ‘trigger’ words.

I've been at this full time for 30 years and have spent a

great deal of time on these operations on US soil against Americans. It was supposed to stop.

This column, [What Are The Odds? El Paso Shooter Was Only 3 Degrees Removed From The Mastermind Of The CIA's MKUltra Assassination Program!](#) was a shocker for me. So much so I read it twice and then spent some time researching.

While I am familiar with much of the background, I did not know about this big red flag:

“And as this Aangirfan story points out, Gottlieb, the father of trauma based mind control programs for the CIA and the ‘deep state’, had a long working relationship before he died with one Colin A. Ross, a so-called ‘mental health expert’, who later worked at the Timberlawn Mental Health System with none other than John Bryan Crusius, the father of alleged El Paso shooter Patrick Crusius. Anyone else seeing the pattern here?”

At the same time these horrible mass slaughters are happening, *NBC* decides to release a violent movie about liberals hunting down and killing Americans for sport who disagree with their warped agendas.

Trump and others politicians have said “we” – meaning Congress – have to “do something”. The left says guns, the right says mental illness. Just like my column last week on the [Baltimore rat feud](#), Congress has ZERO authority to legislate treatment regarding mental illness in this country.

Certainly, they can talk about it which is a positive thing. But Congress *cannot* legislate it or *spend another borrowed dollar on more unconstitutional laws* that never work. President Trump can encourage governors to work with their state legislatures to enact any new laws or funding for individuals suffering from mental health issues because **it is an internal problem under the Tenth Amendment.**

THAT is the message You need to convey to your Congress critter right now. **Call their district offices and tell them:** You have no authority under the Constitution so stop with the politics because I will work to see you defeated in the upcoming primaries. If YOU do nothing, YOUR silence is taken as support for his/her actions.

The Second Amendment

Before families and friends of the victims of both El Paso and Dayton even had time to cry – just like all the other mass shootings – politicians began shouting gun control and ban assault rifles. [Ohio GOP rep announces support of military-style weapon ban](#)

Gun control is nothing but people control. **He who has the guns has the power to enslave a whole nation through violence and brute force.** I've got news for people: The Second Amendment mandates citizens be armed because they are the 'well-regulated militia.'

Dr. Edwin Vieira [has written a million words](#) on the true meaning of the Second Amendment. Besides the mountain of columns and only one of his numerous books, THIS one is short and to the point. It needs to be read by everyone and that includes these wimpy, gutless GOP wonders in Congress and the state legislatures. [Thirteen Words](#)

Quit backing down to the howls from the left. Your critters are in their district offices during the joke called August Recess. Burn up the phone lines. As for President Trump, he will make a huge mistake if he caves on this because of the latest shootings. Here's something he should have heard. Last week on the early morning radio show out of Lubbock which is hugely popular, one of the two hosts commented about the [Heller gun decision](#) by the Supreme Court and the right to bear arms.

His co-anchor immediately jumped in and *forcefully* said the

Supreme Court got it wrong. The Second Amendment was NOT put in the Bill of Rights for hunters. It was to stop tyranny by our government and we have the right to have the same fire power as they do. I almost fell out of my chair. He was referring to the latest effort to ban assault rifles. Nice to know someone is on the right page.

The Clown Show Ends With ‘I Know Nothing’

Mueller said he didn't want to testify but for some inexplicable reason changed his mind. In hindsight, I have no doubt he now deeply regrets it. And for you, dear readers, I forced myself to sit through the hearings listening to the highest quality horse sh*t ever produced for political theater.

We are in this financial Armageddon because of all the spending by both parties for cabinets that should never have existed as well as hundreds of agencies under them spending money that doesn't exist.

ICE Raids: Arrest These Elected Officials Obstructing

What I have seen over the past several years has more than made my blood boil. Never in my long life have I seen elected public servants so openly defy enforcement of our laws. Never. Too bad so few understand the Second Amendment or we'd have the constitutional militia in many states.

Your Patriotic Assignment For Independence Day AKA 4th Of July

No need to rehash the sickening politics raging over the illegals invasion. Last week saw a father and his 22-month old daughter lying dead at the Rio Grande River here in Texas. Predictably, fools on the left began vomiting it was Trump's

fault. The biggest mouths in Hollywood and the Democratic/Communist Party USA wept and shouted how horrible it was.

Why I Feel Sorry for Alexandria Ocasio-Cortez

Alexandria Ocasio-Cortez aka AOC came on the scene after the general election last year like a lightening bolt. A 28-year old bartender who miraculously beat a repeat incumbent: "Ocasio-Cortez, a community organizer and education advocate, is endorsed by the Democratic Socialists of America and ran to Crowley's left." Of course, she was endorsed by them as AOC is a member of the DSA – something I warned about in 1996 and 2005.

AG Barr: Indict And Prosecute These Governors And Mayors

Trump China Trade Deal – What You Need To Know

The current trade dispute with Communist China has filled a lot of headlines. A great deal of the coverage is inaccurate and claims made have been destroyed over time. Impeach Trump And Barr, Nadler's Attacks Are To Get This Done

AG Barr: Stop States Attempts To Skirt The Constitution

Before I get to the attempted electoral college coup, the world now knows dirty cop, Robert Mueller, has finished his witch-hunt into an alleged NON-crime. Collusion is not a crime but that was never the intent of Mueller's mission.

This waste of DOUBLE DIGIT MILLIONS of borrowed dollars with that debt slapped on our backs was two-fold:

Cover up all the illegal and criminal activities of Hildebeast Clinton, the pig she's married to (The Clinton Foundation, Uranium One) and all the now known dirty players in the FBI and DOJ.

The cattle grazing out in America are being prodded once again. Slick political whores, er, activists and elected officials are doing their best to herd them in the 'right direction'. This time it's the electoral college.

Due to utter failure of government indoctrination centers (all planned) called public schools in teaching America's children about the history of our country and all that goes along with it, dumbed down parrots out there have no idea what they're talking about. Art. II, Section 1, Clauses 2 & 3 of the U.S. Constitution,
the Supreme Law of the Land

Each state shall appoint, in such manner as the Legislature thereof may direct, a number of electors, equal to the whole number of Senators and Representatives to which the State may be entitled in the Congress: but no Senator or Representative, or person holding an office of trust or profit under the United States, shall be appointed an elector.

The electors shall meet in their respective states, and vote by ballot for two persons, of whom one at least shall not be an inhabitant of the same state with themselves. And they shall make a list of all the persons voted for, and of the number of votes for each; which list they shall sign and certify, and transmit sealed to the seat of the government of the United States, directed to the President of the Senate. The President of the Senate shall, in the presence of the Senate and House of Representatives, open all the certificates, and the votes shall then be counted. The person having the greatest number of votes shall be the President, if such number be a majority of the whole number of electors appointed; and if there be more than one who have such majority, and have an equal number of votes, then the House of Representatives shall immediately choose by ballot one of them for President; and if no person have a majority, then from the five highest on the list the said House shall in like manner choose the President. But in choosing the President, the votes shall be taken by States, the representation from each state having one vote; A quorum for this purpose shall consist of a member or members from two thirds of the states, and a majority of all the states shall be necessary to a choice. In every case, after the choice of the President, the person having the greatest number of votes of the electors shall be the Vice President. But if there should remain two or more who

have equal votes, the Senate shall choose from them by ballot the Vice President.

Before I get to the issue of the big propaganda machines, I need to bring this to your attention.

President Trump is a father who obviously loves his children very much as well as all his grand kids. However, I did NOT vote for his daughter, Ivanka, who has ZERO understanding of the U.S. Constitution.

Ivanka worked for her father from day one of her adult life *while he was in the private sector* and that's fine. However, she has no qualifications to be in his administration even as unpaid. That husband of hers also needs to be escorted to the door.

Ivanka's socialist and Fascist tendencies are not surprising as she was good friends with another socialist, Chelsea Clinton, until Trump was elected. Birds of a feather.

Ivanka is for Ivanka and has never met a mirror she didn't love. I am not a 'fan' of hers and am sickened by the amount of influence she has with our president in attempting to rape We the People – especially considering OUR purse is bankrupt.

[Thanks Daddy!](#)

"Trump's 2020 budget proposal will include \$100 million for a global women's fund spearheaded by his daughter Ivanka Trump.

"The White House said the budget, expected to be released Monday, will include the funding for the Women's Global Development and Prosperity Initiative. The administration last month launched the government-wide project, which she leads.

"In a statement to The Associated Press, Ivanka Trump noted

that Friday was International Women's Day and stressed the initiative was 'working towards our goal of economically empowering 50 million women in developing countries by 2025.' She says the budget includes 'a new \$100 million commitment' for the fund.

"The new initiative involves the State Department, the National Security Council and other agencies, as it aims to coordinate current programs and develop new ones to help women in areas such as job training, financial support and legal or regulatory reforms."

This is BULL EXCREMENT.

Nowhere in the U.S. Constitution does it authorize Congress to rape We the People to GIVE OUR MONEY to "empower" females in ANY country. Not for job training, financial support or any other damn thing.

Is this what you work your butt off every day to pay for? Struggle trying to pay health care premiums, dental work for your family, child care, car payment and other necessities? Well, if it's not okay with you, help stop it.

Once again, this kind of sickening spending is done through the unconstitutional USAID – US Aid for International Development. President Trump has said in the past he wanted to cut spending for USAID. This is not the way to do it.

When your checkbook is overdrawn \$22 TRILLION dollars, how do you write hot checks for a whopping and unconstitutional \$100 MILLION dollars? The thieves in Congress will borrow it from the thieves at the "Federal" Reserve WITH THE INTEREST SLAPPED ON OUR BACKS FOREVER.

YOU must burn down the phone lines to your rep and senator: STOP the damn spending for other countries. Not only is it unconstitutional, you are continuing to run up the national debt which IS going to destroy this country.

Ivanka's other pet project is Fascism (Regimenting all industry, commerce). Now, I know this might be a very popular idea for many Americans but again, Congress has NO constitutional authority to force companies to provide paid family leave.

Either the U.S. Constitution matters or it doesn't.

Look at this U.S. Supreme Court decision:

RAILROAD RETIREMENT BOARD v. ALTON R. CO., 295 U.S. 330 (1935)

295 U.S. 330

RAILROAD RETIREMENT BOARD et al.

v.

ALTON R. CO. et al.

No. 566.

Argued March 13, 14, 1935. Decided May 6, 1935.

[Railroad Retirement Board, supra, 295 U.S., at 368:](#)

"The catalogue of means and actions which might be imposed upon an employer in any business, tending to the satisfaction and comfort of his employees, seems endless. Provision for free medical attendance and nursing, for clothing, for food, for housing, for the education of children, and a hundred other matters might with equal propriety be proposed as tending to relieve the employee of mental strain and worry. Can it fairly be said that the power of Congress to regulate interstate commerce extends to the prescription of any or all of these things? Is it not apparent that they are really and essentially related solely to the social welfare of the worker, and therefore remote from any regulation of commerce as such? We think the answer is plain. **These matters obviously lie outside the orbit of congressional power.**"

Joseph Story, Associate Justice, U.S. Supreme Court, Commentaries on the Constitution, 1833:

“Another not unimportant consideration is that the powers of the general government will be, and indeed must be, principally employed upon external objects, such as war, peace, negotiations with foreign powers and foreign commerce. In its internal operations it can touch but few objects, except to introduce regulations beneficial to the commerce, intercourse and other relations, between the states, and to lay taxes for the common good. The powers of the states, on the other hand, extend to all objects, which, in the ordinary course of affairs, concern the lives, and liberties, and property of the people, and the internal order, improvement and prosperity of the state.”

If the U.S. Congress passes and Trump signs a law forcing companies to provide paid family leave that is Fascism. It will be another step down the slippery slope of total control by the U.S. Government in forcing employers to do what they can't afford without laying off employees or raising prices.

If you're a business in one of thirteen different California localities—from Mountain View to Milpitas, and from San Jose to Santa Clara—the required wage floor will rise even higher.

"When he signed \$15 into law, Gov. Brown **seemed to understand that the increase was a bad idea**, acknowledging that "economically, minimum wages make not make sense." Today, California's good intentions are catching up with it.

"The warning signs started early; [dozens of stories chronicled businesses closing, cutting staff, or leaving the state.](#) A rash of restaurant closures in the Bay Area led one food-industry publication [to describe it as a "death march."](#) [Even child-care providers were hurt.](#) (Some of the closures are featured in the video below.) A team of economists at [Harvard Business School and Mathematica Policy Research](#) determined that the rising minimum wage in the Bay Area contributed to these closures."

[Minimum Wage and Fascism](#), my column, August 7, 2006

"When all government, domestic and foreign, in little as in great things, shall be drawn to Washington as the center of all power, it will render powerless the checks provided of one government on another and will become as venal and oppressive as the government from which we separated." –Thomas Jefferson to Charles Hammond, 1821. ME 15:332

"The minimum wage issue has died in the U.S. Senate with Democrats wringing their hands and wailing about the plight of the poor. It's not bad enough Congress continues to run rough shod over private enterprise, but the states do it as well."

Congress has NO authority to do this and no president should sign it. Oh, but wait! Republicans are jumping on this latest model dump truck just as they've done in the past.

My column: [Raise Minimum Wage to \\$100.00 An Hour](#), November 17, 2013

"Every few years, the same bleeding-heart members of the Democratic/Communist Party USA start beating the drum to raise the minimum wage. Factually challenged bureau-rats in some

state legislatures also want to continue punishing the employer by passing higher minimum wages in the private sector. Those mental midgets claim this will benefit the worker. Nothing like twisting logic upside down to get more votes and it's not just confined to Marxists. This is what a Republican had to say a few years ago when raising the minimum wage was the rage in the Outlaw Congress:

"Whether people like it or not, we need to go ahead with it," said Rep. Mike Castle, R-Del., who supports the idea. "There's a general agreement among Republicans (opposing the raise) that "maybe we don't like it much, but we need to move forward with **it just for political reasons.**" So you see, this isn't caring about the little guy, it's about politics and votes.

"Where does the U.S. Constitution, Art. 1, Section 8, give Congress the authority to dictate to any private employer what they can and can't pay an employee? America is a free enterprise system. A system driven by competition and hard work. Do most Americans understand what Fascism is? Fascism is defined as a system of government marked by centralization of authority under a dictator, stringent socioeconomic controls; oppressive, dictatorial control. For the federal government to centralize the labors of the common man under laws that dictate socioeconomic controls is to strangle free enterprise and competition."

When the forced minimum wage hit the assisted living facility where my mom lives in No. California, they raised her rent a whopping **\$125 per month**. They didn't lay off employees, they simply gouged residents like my mother who lives on a shoe-string budget. I wrote corporate headquarters and told them you are pricing my 91-year old mother right out the door. I may have to move her which would be very traumatic as she has dementia.

Once again, this all goes back to our debauched currency and the lack of purchasing power of the dollar. As long as we are

forced to use fiat currency, it will never be enough. Businesses will just continue passing the increased labor costs to you the consumer and when goods and services are no longer affordable, those businesses will layoff or close their doors.

The states have been the ones raising the minimum wage but once again, the maggots in Congress want to jump in with legislation which they have NO constitutional authority to enact:

[House Democrats' new plan for a \\$15 minimum wage](#), Feb. 8, 2019. The old federal minimum wage "law" has always been unconstitutional. Watch how many Republicans support the Raise the Wage Act – FOR VOTES.

Back to Ivanka Trump's Fascist paid family leave scheme.

[Ivanka Trump Says She Wants To "Go Beyond Parental Leave"](#)

"As Sen. Marco Rubio [gets ready](#) to introduce new paid family leave legislation, Ivanka Trump – who has fashioned herself into a champion of the cause – says her ideal plan is more ambitious than what Republicans have been discussing.

"In a nutshell, the Republicans have put forth a rather limited plan to address the fact that the U.S. is the only industrialized country missing a federal paid leave policy. Sen. Rubio and other members of the GOP back a proposal, released by the conservative Independent Women's Forum (IWF) earlier this year, that allows for 12 weeks paid leave, amounting to about 45% of the average worker's wages. It stops at new parents, including adoptive ones, and would be paid for by dipping into your Social Security benefits – two heavily criticized features.

"My preference is to go beyond parental leave. But...right now we are at zero weeks of paid leave. We don't have parental, we don't have caregiving." –Ivanka Trump

Congress is NOT a “social justice” institution. The limitations placed on Congress in Art. 1, Sec. 8 by the wise men who created the federal government were done for a reason. Those of us who are informed have been watching empty-headed socialists in Congress with all their hare-brained ideas. It's not going over well with Americans. Neither will full-blown Fascism. We are not other countries and we have OUR Constitution.

I do understand how catastrophic events can happen in life. I don't live in a glass bubble, I don't have a rich daddy, I live on a small budget as a widow. I work part time as a substitute teacher. Just like tens of millions of other Americans, I make financial sacrifices all the time. What I want vs what I actually need.

I've also lived a long time (I will be 70 in June) and have had my share of family grief and hard times, believe me – including sacrificing financially to take care of family. That's why you must save for a rainy day as our grandparents did.

It's not that I don't care about Americans. I do or I wouldn't have thrown away a real paycheck and career nearly 30 years ago to do what I do. We can't throw away the U.S. Constitution just because life throws us a bad hand. What nanny state idea will be next until we morph into full blown communism or equally disastrous, Fascism?

Life isn't fair. Bad, terrible happen to nice people. It used to be family took care of family but due to the destruction caused by NAFTA, millions of Americans moved into big cities looking for work. Families are separated by thousands of miles. So many unable to afford even travel expenses to get to family to help out.

The bottom line is there are no guarantees in this life and we all have to deal with hardship when it comes our way. We have

to be tough like our parents and grandparents if you're as old as I am. Our constitution guarantees life, liberty and the pursuit of happiness. **It does not guarantee a free ride or forcing others to subsidize your hard times.**

When companies are forced to fund 3 MONTHS of paid leave for an employee, what do you think it does to their bottom line? Oh, well, let's just make it for companies who employ 50 or more employees! It's still Fascism and it WILL cost more jobs in the end. It also violates equal protection under the law IMHO. **Someone (or more than one) will lose their job at that company so you can get paid for family leave.** Think about that.

Noble ideas pave the way to Hell and our Founding Fathers knew and understood this. If you feel the same, call your House rep or Senator and give them a polite piece of your mind. If a company or corporation wants to provide family paid leave, **that's their decision, not the U.S. government's.**

Facebook

The Republicans who held the majority in Congress with Trump as president did NOTHING to stop dangerous monopolies like Facebook, Google, Amazon. Those America-hating beasts have used their technology to steal every bit of your personal information and sell it on the open market. They steal your identity. They monitor your every step on the Internet and they have been using their technology to destroy Trump's presidency.

They are using their technology to crush independent media, Christianity and promote all the filth of the sexual deviancy crowds out there. In bed with the CIA, NSA to spy on you and likely other alphabet soup agencies we don't know about. They are all about censorship of freedom-loving Christian Americans and they are succeeding.

If you think I'm kidding, I can tell you the minute I used

Google my email box was immediately flooded with ads. Data harvesting. I also could not find many of my columns using their search engine so I quit using it many years ago. The same for Yahoo and others. I know what I write and I know, like so many other writers, our columns are being censored. Let me also say, Yahoo.com is one of the most biased. Their headlines and come-on's are some of the most anti-Christian, anti-Trump, anti-conservative on the Internet. It's absolutely revolting.

Unless and until Republicans can take back the House and keep the Senate and IF they would even go after those SOB's, it's up to us to starve them out. I despise Mark Zuckerberg. The punk worth tens of billions who openly hires illegal aliens and rubs it in our faces while ICE does nothing. He should have been arrested and indicted for violating federal law.

Tens of thousands of Americans work for those tech giants. I'm sorry you will lose your paychecks as people continue to exit but the control of information in this country cannot be left to such anti-American mega corporations who should have been broken up years ago under our anti-trust laws.

Yes, there are several lawsuits underway. We'll see how those go. In the meantime, I hope you'll exit Facebook for starters. I do not have a Facebook page nor have I ever become 'a friend' on one. There is one up in my name with someone pretending to be me. I have written Facebook's legal people who have not responded. I told them I keep getting notifications for my Facebook page with likes or some such crap. It's fraud. If you're visiting that Devvy Kidd Facebook page, it's not mine.

I have never had anything to with Facebook or Twitter or any of the other social media outlets. Never sent a tweet; wouldn't know how. *Social media can be a good thing if used for the right reasons.* Personally, I don't know how people put up their most personal information on things like Facebook.

I do not want my life tracked by their algorithm's or whatever you call it. I do not want my buying habits sold or tracked. I want my privacy. Seems others also feel that way as people – especially millennials – are leaving Facebook in droves.

As for Amazon, know what I do? I find what I'm looking for on Amazon. Then I use a search engine for the product and company and buy it from them instead of Amazon. Just remember: Amazon Founder, Jeff Bezos, the richest man on this planet (\$137 billion), also owns the propaganda rag Washington Post.

[Internet censorship onslaught: Here's the solution – Devvy Kidd even has a name for Facebook competitor that could put Zuck out of business](#), 8.17.2018, WND.com

There are many other alternatives to Facebook ([here](#)) but if you don't like them, there is a new player. I hope you, whether as an individual, company or political, ditch Facebook and start using this new alternative. It's time to really fight back by starving monopolies who hate us.

['Conservative answer' to Facebook launches – USA.Life also developing Google alternative, February 25, 2019](#)

"Founder and CEO Steven Andrew said he decided to use his Silicon Valley tech leadership experience to launch the project after he saw Facebook block millions of people from getting his posts.

"Andrew believes Facebook lied to Congress about being "a platform for all ideas," since they restrict President Trump supporters, Christians and conservatives. "Facebook blocks 99 percent of my reach, which means 5 million people are missing per month from my account alone," he said. Andrew has led multi-million dollar initiatives for Cisco, Better Homes and Gardens, Sega and Stanford... Andrew is also building a search engine, [1776Free.com](#)."

Read the rest of that short piece. Andrew has the smarts and

drive to blow these people out of the water. I'm thinking about setting up my own USA.Life page if I can figure it out; I *am* a tech dummy.

Here's **our** opportunity to replace Facebook and hopefully Google & Twitter with *fair* alternatives. Let's get the word out and show our enemies we will not just cave in as they are not the only game in town anymore.

I hope you will spread the word. Once advertisers start putting their dollars into those sites, I'm hoping Newswithviews will be able to generate some income from them just like before Google cut their ads in their effort to shut down this web site.

I used #ExitFacebookNow as the caption for this article. I believe it's called a hashtag but am not sure how it works with Twitter. Anyway, use Twitter for now to get the word out and hopefully soon you won't have to keep enriching corporations that want to destroy us.

DC Rot, Guns And The Economy

I could write a column everyday of the week covering the corrupt sewer out in Washington, DC, our state capitols and local governments around this country from openly endorsing infanticide ([California Democrat Wants Planned Parenthood's Phone Number on Student IDs](#)), gun killing "laws" to illegal free loaders invading in MASSIVE numbers.

Americans continue to ignore solutions because they don't know how the problem got started or even how government programs work. They continue to reelect the same worthless 'conservatives' instead of constitutionalists. They continue to reelect (or elect new ones) liberal Democrats (socialists) or progressive Democrats (communists) and wonder why their cities and towns are going to Hell.

If it's not total ignorance by voters it's high tech stealing election results. Oh, Democrats love it as they depend on vote fraud as well as illegals voting. We will NEVER have fair and honest elections until we return to paper ballots hand counted in front of the public. Period. No electronics, no apps, no 'ballot harvesting', none of the tools used to manipulate our elections.

We the people wait and wait for justice while the Federal Department of Justice so far has done NOTHING to indict and go after the key players in the Russia Dossier Hoax. All we continue to hear is the same worn out tripe:

[Special Prosecutor John Huber Meets with Attorney General Bill Barr](#) – What? So he can say the dog ate his homework? Barr is a long-time close friend of DIRTY cop Robert Mueller. Oh, wait! Get excited:

[Michael Flynn's Sentencing Delayed By Judge Sullivan After Plea Of Lying To FBI](#) – The rotten SOB in the black robe had the GALL to say what he did in court about Gen. Flynn. I listened to Sean on his show this past Friday say the same thing. Give credit where credit is due. Hannity deserves a mountain of it for his coverage of this massive effort to get rid of a lawfully elected president. But Sean, we've heard this same thing from you for quite some time. I hope it's true but I have ZERO faith in the new AG, Bill Barr, because of his uber close relationship with RAT Robert Mueller.

Guns. Second Amendment supporters/advocates continue to chase their tails in court rooms expecting to stop the in-your-face slew of legislation both at the state and federal level to **erase** the Second Amendment.

How many columns has Dr. Edwin Vieira written (I've done a few myself) on the TRUE meaning of the Second Amendment and the TRUE constitutional militia? Since 2005, too many to count. And, still, **gun owners across this country continue to pursue Band Aids instead of the cure** and look where we are:

The NRA continues to cling to their “right to own and bear arms” bread and butter while denying their 5 million plus members the truth about the Second Amendment. If they activated their membership to go after their state legislatures, we would be in a whole different world by now.

[A Serious Question for the NRA](#) by Edwin:

“As regular readers of my commentaries know, from time to time I have written about the National Rifle Association’s curious misreading of the Second Amendment—to wit, that the Amendment’s first thirteen words (“[a] well regulated Militia, being necessary to the security of a free State”) have no significance with respect to the interpretation and application of the Amendment’s last fourteen words (“the right of the people to keep and bear Arms, shall not be infringed”). According to the NRA, the Second Amendment secures “the *individual* right to keep and bear arms”, to which “[a] well regulated Militia” is irrelevant.

“I must describe the NRA’s fixation as a most curious misreading of the Second Amendment because, if “the individual right to keep and bear arms” is irrelevant to “[a] well regulated Militia”, then by dint of the NRA’s own linguistic logic “the individual right to keep and bear arms” must be equally irrelevant to “the security of a free State” to which the Amendment declares that such a Militia is “necessary”. If so, then the NRA’s reading of the Amendment is at odds with its contention that “the individual right to keep and bear arms” guarantees Americans the wherewithal to preserve “the Blessings of Liberty” promised by the Constitution in its Preamble. For, if “the individual right to keep and bear arms” is as irrelevant to “the security of a free State” as it supposedly is to “[a] well regulated Militia”, it passes understanding that it could guarantee *any* aspect of “a free State”, including especially the “Liberty” of that State’s citizens.

“This apparent conundrum is, of course, not the product of the Constitution. For, according to the most basic rules of constitutional interpretation, the NRA’s construction of the Second Amendment is impossible.”

Edwin wrote yet another book on this issue only this one is quite short. If every damn ‘conservative’ in the 50 state capitols read this book, we would be in a whole different world by now. Get it and read it, you won’t be sorry. **Then tell your Second Amendment friends to get off their butts and go for the ONLY solution instead of more litigation. [Thirteen Words](#), 122 pgs.**

“The Second Amendment gives you the right to bear arms,” says Jesse Choper, a UC Berkeley Law professor emeritus and the former [Berkeley Law](#) dean. “But really, that’s the beginning point of the conversation. As is true with most of the Bill of Rights, the intent is not totally clear, and in fact, the language in the Second Amendment is particularly confusing.” Another nitwit “law” professor.

The economy. I provide the links below because all the bally-who about how marvelous the economy is doing – *don't believe it*. Yes, more Americans are working and that is a blessing. BUT, once again, it's the currency and our worthless "dollar".

In January I wrote a column, [Where Is The Tea Party – Debt Crisis?](#) in an effort to make Americans aware of the brutal and cold, hard facts about the economy. If you missed it, better take the time to read it. Trump will be blamed right in time for the 2020 selection elections. Has unconstitutional spending by Congress and signed by Trump stopped? NO, it's worse.

I don't want YOU to be broadsided as tens of millions were in 2008 – despite warnings by so many of us who follow things closely. I realize this is a lot of reading but I know because I get emails by the tons from readers who read them as well as the links.

The heart-breaking financial destruction of 2008 is nothing compared to what's boiling right now. It's just a matter of time before it boils over. After the milk-toast, much touted "tax reform" bill, Americans began spending like there's no tomorrow without so many understanding those tax breaks are only good through 2025; corporate tax rates enacted are permanent until the maggots in Congress decide otherwise. When consumers get spooked, they don't buy. When they don't buy, businesses close their doors. What we're seeing is just the beginning. Again.

“Paul also noted that while the Federal Reserve is able to

manipulate the value of the American dollar, or Federal Reserve Notes, the value of precious metals has remained constant.

“In reality, gold and silver are simply excellent stores of wealth, maintaining purchasing power over time,” explained the former congressman, “Unlike the Fed’s currency that loses value over time simply because the Fed can create virtually as much of it as it wants to for free.”

“By recognizing precious metals as legal tender, Kansas legislators will help ensure you are able to survive the next inevitable recession caused by the Federal Reserve.”

I can only say: Proceed with caution.

Demand Congress Stop Funding This Manufactured Hoax

“We’ve got to ride the global warming issue. Even if the theory of global warming is wrong, we will be doing the right thing in terms of economic policy and environmental policy.” – Tim Wirth, former member of Congress, U.S. Under Secretary of State for Global Affairs.

[At the Fifth Congress in Moscow](#), ‘The Program,’ was drafted and agreed upon by the International Communist dictators. It was agreed that an environmental “crisis” would be gradually developed to siphon off the money from capitalism and reduce countries to socialism and eventually under communism. I refer readers [back to this column](#) and the book by Gus Hall, head of the Communist Party USA for decades: *Ecology, Can We Survive Under Capitalism?* published in 1972.

Joe Biden is a dirty traitor. More than a decade ago when he was announced as running mate for criminal impostor president,

Barry Soetoro aka Barack Hussein Obama, I tried to warn people in columns and on radio about Biden. I wrote about a speech he gave on June 29, 1992: On The Threshold of the New World Order: The Wilsonian Vision and American Foreign Policy in the 1990's and Beyond."

[Democrats Against Agenda 21 have provided a very good breakdown](#) of Biden's speech which includes manufacturing a global environmental crisis. That organization also recognized the connection between Common Core and Agenda 21.

Back on January 21, 2005, I wrote in a column:

"The Environmental Protection Agency must be abolished because it is destroying the rights of Americans, it's another monumental waste of money and America doesn't need it. Like the unconstitutional federal Department of Education which employs almost 4,500 people and will suck up a colossal \$63.3 billion dollars for 2005, the EPA with its 18,000 employees, will gobble up \$7.76 billion dollars this year.

"Article 1, Section 8 of the U.S. Constitution does not authorize Congress to legislate in the area of the environment, therefore, it is unconstitutional. All 50 states of the Union have their own version of the EPA as authorized under the 10th Amendment. There is no need for a federal agency. The states of the Union can handle their own environmental needs as authorized by their legislatures.

"At the Earth Summit in Rio De Janeiro, June 3-14, 1992, the Secretariat for World Order distributed a nonpublic document titled, "The Initiative for Eco-92 Earth's Charter." It reads, in part, under policies that must be implemented as follows:

"The Security Council of the U.N. will inform all nations that outmoded notions of national sovereignty will be discarded and that the Security Council has complete legal, military and economic jurisdiction in any region of the world ... The Security Council of the U.N. will take possession of all

natural resources, including the watersheds and great forests, to be used and preserved for the good of the Major Nations of the Security Council."

"In the late Dixie Lee Ray's book, *Environmental Overkill – Whatever Happened to Common Sense*, one gets a full accounting of what really went on with Al Gore and his loony friends at the Rio Summit. On page 10 of her book, it states:

*"The objective, clearly enunciated by the leaders of the **United Nations** Conference on Environment and Development (UNCED), is to bring about a change in the present system of independent nations. The future is to be world government, with central planning by the UN. Fear of environmental crises, whether real or not, is expected to lead to compliance. If force is needed, it will be provided by a UN green-helmeted police force, already authorized by the Security Council.*

"The EPA is the flagship in America to carry out this environmental terrorism against our people. In the ensuing years, the EPA has become more destructive than a cat five hurricane."

Dixie Lee Ray was a former governor of Washington State, Chairman of the Atomic Energy Commission and Asst. Secretary of State in the U.S. Bureau of Oceans. She passed away in 1994 and was a Democrat.

Rush Limbaugh was right on point. (1993):

"A way must be found to get this book into the hands of as many Americans as possible. The myths promulgated by militant environmentalists are now accepted as fact by far too many who are ripe for a cure for this so-called crisis – a 'cure' which will actually rob them of much of their economic and political freedom. Dixie Lee Ray challenges the environmental prophets of doom and gloom with penetrating searing truth.

Environmental Overkill is a right light that exposes the fraud and deceit being perpetrated against an unknowing

public.”

[H.R.193 – American Sovereignty Restoration Act of 2017](#) – To end membership of the United States in the United Nations. Bill first introduced January 3, 2013. It died in Congress on Dec. 31, 2018. A tragedy for our country. A bill re-introduced over and over only to die in committee when Republicans held the majority most of the time.

[None is So Blind as He Who Will Not See](#) – Congressional Record. House of Representatives January 15, **1962** Page 215

“We were sold the U.N. on a promise of peace, but we failed to realize that this peace was to be on Communist terms; in fact, it was to be a total victory for the international Communist conspiracy. Our faith in this hope was so firm that we were lulled into a state of false security while the Communist world gobbled up 13 or 14 countries, bringing 800 million people under their domination. Russia has used the veto power nearly a hundred times. The United Nations has been completely unable to bring any degree of peace, and Russia itself has created 13 or 14 military conflicts between the East and the West...

“You can expect to see a one world government, Communist controlled, under the United Nations. You will see the United Nations run up astronomical debts which we, under the terms of the treaty, are bound to pay.” Take time to read it from my posting in 2002.

[Here’s another one of my columns](#) on this issue which includes information about *The Venona Secrets: Exposing Soviet Espionage and America’s Traitors*. Not for the faint-hearted.

Those of us who have actually taken the time to do the research fully understand global warming is a monstrous hoax against the world. Master of hustle and bull, Al Gore, [has cleaned house](#) promoting global warming. It has been his cash cow to an estimated \$100 million dollars into his bank

account. Usurper, Obama/Soetoro, believes the propaganda, too: [Scientists: Obama document is 'scare' tactic](#). "This is not a work of science but an embarrassing episode for the authors and NOAA," said meteorologist Joe D'Aleo, the former chairman of the American Meteorological Society's Committee on Weather Analysis and Forecasting."

Over time, just like the sexual deviant movement (sexual preference became sexual orientation; queer, homosexual became 'gay'), global warming morphed into climate change. Big business but also a big agenda for the socialists and communists in local government, our state houses and Congress.

["Kevin Kornbuckle is Oregon's only duly elected Communist](#); he ran as a Democrat and "came out" after he was elected. In March, 1996, this Communist, after coming under attack by other city council members stated: "I'd simply point out that Communists in the U.S. are fighting for health care, housing and jobs as a human right. I'm proud to be a Communist." *Mail Tribune*, Medford, Oregon, March 4, 1996." Sound familiar?

James Delingpole has been a virtual lion or tiger, if you prefer, on this monstrous manufactured hoax. I know it's a lot of reading and likely many already know some of this but if we are going to boot loons like Alexandria Ocasio-Ortega out of office in 2020, we the people must have facts to bury them.

Pass them along to individuals who are concerned about the environment but need to get facts not emotion. Ask the person to read the column and ask what they think. It's always a good way to get someone to read something contrary to what they believe as it plants seeds of doubt as well as truth:

[Delingpole: Climate Alarmists Finally Admit 'We Were Wrong About Global Warming'](#)

[Delingpole: Thirty Years On](#) – How Dirty Tricks in Congress Launched the Great Global Warming Scare

Delingpole: The Five Best Arguments Against Climate Alarmism

"In my view the last argument is the clincher. It's the one that ought to unite all of us, sceptics and true believers alike. After all, even those who fully subscribe to the theory that climate change is dangerous, unprecedented and man-made ought surely to agree that there's no point chucking money at the problem if it's going to do more harm than good.

"Yet this is exactly what is happening. Taxpayer-subsidised wind and solar are doing huge damage to the environment, to wildlife, and to the economy.

"Biofuels are destroying rainforest and agricultural land, driving up food prices, needlessly hurting nature.

"Rent-seekers in crony capitalist Potemkin industries like renewables are being subsidised to produce inefficient, intermittent, unnecessarily costly power, misallocating scarce resources and driving the indigent deeper into fuel poverty.

"Science in universities and schools is being corrupted by a Climate Industrial Complex which rewards science, however flawed, which promotes the alarmist narrative and which punishes science that defies the so-called "Consensus".

"Vast sums of public money – in excess of \$1.5 trillion per year – are being squandered on the chimaera of "climate change." Yet despite all this spending, using the alarmists' own calculations, it will offset "global warming" by the end of the century by 0.048°C (0.086°F). [That's 1/20th of one degree Celsius.](#)

"The activists, shyster politicians, rent-seekers, dodgy scientists, media second-raters and other useful idiots who are pushing for more climate action are demanding the impossible. If ever they achieved their ambitions, western industrial civilisation would collapse."

You might as well blame the floods in Colorado on humans instead of the downpours of rain, comparable to 1894 and 1969.

“Indeed, the U.S. gives ample evidence of greatly reduced events associated with the weather. There have been fewer tornadoes over recent decades. It’s been eight years since a Category 3 hurricane hit the U.S. Droughts have been shorter and less extreme than the 1930s and 1950s. And sea levels are predicted to increase barely four to eight inches per *century* and that may be on the high side. There will be dramatic weather events, but there have *always* been dramatic weather events!

“The Heartland’s new report is welcome, but both they and I know that the same deceitful charlatans are still at work in the United Nations, in the United States, and around the world to keep this greatest of hoaxes alive.”

President Trump has and is doing his best to get rid of unnecessary regulations but it’s not enough. The unconstitutional EPA HAS to go. They are the bedrock for much of this environmental treachery **as we are RAPED to pay for our own destruction**. This is unconstitutional as is the EPA:

[EPA Gives Millions In Foreign Handouts:](#) “The Obama cabinet secretary who launched a costly program to make America’s minority communities green has sent millions of taxpayer dollars to environmental causes overseas, including China, Russia and India. Ranking members of a congressional energy committee call it [“foreign handouts”](#) amid record deficits, soaring unemployment and a looming debt ceiling in the U.S. The money—\$27 million since 2009—has been issued by the Environmental Protection Agency (EPA), which is headed by Lisa Jackson.

“The cash was issued via 65 foreign grants that don’t even include Canada and Mexico, according to a [report](#) issued this week by the House Energy and Commerce Committee. Among the enraging foreign handouts are \$1.2 million for the United Nations to promote clean fuels, \$718,000 to help China comply with two initiatives and \$700,000 for Thailand to recover methane gas at pig farms. An additional \$150,000 went to help the International Criminal Police Organization (INTERPOL) combat fraud in carbon trading and \$15,000 to Indonesia’s “Breathe Easy, Jakarta” publicity campaign.”

Is THAT what you work so hard every day for? ALL BORROWED DEBT slapped on our back and our kids. **Tell me, did your**

Budget Deal: A Toxic, Despicable Betrayal

I voted for Donald Trump for several reasons:

Hillary Clinton, career criminal, must never occupy the White House again in any capacity.

Lock down the borders (don’t forget our border with Canada and their tolerance of terrorists and illegal aliens). Stop the hordes of illiterate free loaders coming across the border along with drugs, weapons and human trafficking.

As much as possible considering the sickening advice Trump’s advisors give him, clean out the federal judiciary including the U.S. Supreme Court.

Get the US out of destructive ‘free’ trade agreements and treaties.

Stop U.S. invasions and occupations of countries in the Middle East and bring our troops home.

While Trump has accomplished many positive things for America and the American people, I cannot and will not become a slobbering fan of his or any other president when he makes a disastrous decision. Like so many of Trump’s cabinet picks. [And now another one that makes me sick.](#)

“Patriotism means to stand by the country. It does not mean to stand by the president or any other public official, save exactly to the degree in which he himself stands by the country. It is patriotic to support him insofar as he efficiently serves the country. It is unpatriotic not to oppose him to the exact extent that by inefficiency or otherwise he fails in his duty to stand by the country. In either event, it is unpatriotic not to tell the truth, whether about the president or anyone else.” – Theodore Roosevelt

While Trump haters bellow to anyone who will listen he doesn't not care about this country or the people are wrong. I believe he sincerely does but the buck stops at his desk. Regarding the budget deal a majority of the blame lies with the Republican controlled Senate. If the Senate had not passed it, it would not have gone to Trump for his signature. The Democrat controlled House were licking their chops and could barely contain their excitement.

The same Trump hating RINOs in Congress who have worked to undermine his efforts. Actually, it's amazing Trump has been able to get anything done while fighting dirty sewage like Robert Mueller. I always give credit where credit is due:

Catch and Release is one of THE most failed immigration policies ever and it gets worse in the budget bill just signed. Illegals get processed, get a court date, skip and get 'lost' throughout various parts of the country never to see the inside of a court room. Instead of getting rid of it and immediately deport all illegals, the budget bill actually

expands it:

[Experts: GOP/Dem Deal to Spark 'Largest Surge' of Young Border Crossers 'Country Has Ever Seen'](#)

[Trump Decries Catch and Release While Expanding Release of Illegal Aliens](#)

"During a press conference in the White House Rose Garden on Friday morning, President Trump decried the Catch and Release program while a Republican-Democrat spending bill he is expected to sign will expand the release of illegal aliens and border crossers into the United States.

"We have a real problem, we have Catch and Release," Trump said in the Rose Garden. "You catch a criminal and you have to release him."

"The bipartisan spending package Trump will sign, as Breitbart News has [reported](#), greatly expands the Catch and Release of border crossers and illegal aliens, codifying into law that border crossers be [bused](#) into the interior of the U.S. where they are released with the promise that they are monitored.

"Under the spending bill, the Immigration and Customs Enforcement (ICE) agency will have reduced detention space to detain border crossers and illegal aliens. The plan also expands what is known as "Alternatives to Detention" (ATD) programs, which gives additional funding for federal immigration officials to release border crossers and illegal aliens into the country.

"About 99 percent of border crossers and illegal aliens who are put into ATD programs and released into the interior of the U.S. are never deported.

"One of the most often used components of the ATDs is illegal aliens being released into the U.S. with ankle monitors on. DHS officials, though, have previously told Breitbart News the

monitors are extremely ineffective.

“According to ICE, about a third of the people who are put on ATD cut off their monitor right away,” Center for Immigration Studies Director of Policy Jessica Vaughan told Breitbart News. “There are stories ... one, in particular, a government contractor that operates most of the ATD programs for ICE, they used to go to the Phoenix bus station and pick up all the monitors that were found in the men’s bathroom trash can from people cutting them off.”

The hordes who cut their monitors know there are not enough resources to track them down.

For those who do show up, our courts are clogged with 800,000 – yes, that’s 800,000 cases when they should be detained and thrown out of this country as quickly as possible. Illegals are NOT U.S. citizens and have no rights under OUR constitution. Yeah, wishful thinking, Devvy. They’re getting more ‘rights’ than you and I.

[Spending Bill Trump Signed Is the ‘Child Trafficking Promotion Act’](#)

“Before President Trump signed a Republican-Democrat spending bill, Rep. Chip Roy (R-TX) called the legislation the “Child Trafficking Promotion Act” for its open borders clauses that cripple federal immigration officials’ efforts to deport illegal aliens.

“Roy is blasting the spending bill Trump signed on Friday morning, noting its provisions that will prevent the Immigration and Customs Enforcement (ICE) agency from deporting illegal aliens who claim to be relatives of Unaccompanied Alien Children (UAC), thus creating a de facto amnesty for upwards of a million illegal aliens.

“This ‘deal’ provides de facto amnesty for anyone claiming to be even in the household of a potential sponsor of an

unaccompanied alien minor AND is thus the “Child Trafficking Promotion Act,”” Roy wrote in an online post.”

[Trump Pledges to ‘Take Care of ICE,’ Then Signs Bill Crippling Agency’s Power to Deport Illegal Aliens](#)

“ICE is abused by the press and by the Democrats,” Trump said. “And by the way, we’re going to be taking care of ICE. Whether we talk about the new bill ... we’re going to be taking care of ICE. They wanted to get rid of ICE and the bill is just the opposite of that.”

“The bipartisan spending package, however, [dismantles ICE agents’](#) power to deport illegal aliens living in the U.S. who have either relatives or friends of Unaccompanied Alien Children (UACs).”

“Thanks to Republican-approved budget deals, for the first three months of the fiscal year, outlays for HHS are up 12.5 percent, outlays for the Department of Education spiked 23 percent, and outlays for the Department of Commerce have doubled! Meanwhile, outlays on Homeland Security have actually been down by 30 percent because of less disaster spending under FEMA than last year. But it’s not like we went on a spending binge for Border Patrol and ICE. Outlays on military spending are up 8.45 percent, but again, what is the purpose

of the military if we use it everywhere else in the world except against those who most directly harm us at our own border?”

[GOP/Dem Spending Deal Provides Amnesty Pipeline for MS-13 Gang Feds Resettle 224K Border Crossers Across U.S. Every Half Decade](#) – A ton of them are fit, fighting age males.

“Since October 2013, the federal government has resettled about 224,000 UACs across the country – usually placing them in households with sponsors who are illegal aliens.

“As Breitbart News [has noted](#), the UAC program is prime for MS-13 gang recruitment, as about half of the UACs resettled every year are young men from Central American countries like Honduras, El Salvador, and Guatemala. Federal authorities say this demographic is the most likely to be recruited by the brutal gang.”

Put them in households with sponsors who are ILLEGAL aliens? Are these crackers out of their minds? Why the HELL aren't they rounding them up instead of pouring more illegals into households of illegals?

“Any sanctuary city or state potentially has the authority to block the construction of any wall during this fiscal year that they don't like or want. You've also got large tracks of federal government land where the president is prohibited from building a wall along the border under this legislation. With respect to Immigration and Customs Enforcement (ICE), all

sorts of limitations that are in effect, amnesty for illegal aliens. [Emphasis added]

“Brooks said “nobody” in Congress has read the full text of the spending bill because it was thrown into lawmakers’ laps just an hour before they were asked to vote on it.

“Nobody knows for sure what’s in it,” Brooks said. “And certainly, the parts that we have read we’re not sure what they all mean ... this legislation should be vetoed by President Trump if his interest is in protecting Americans from the problems with have from our porous southern border. And I hope he will get that advice from counsel from the people in the White House who are advising him but I fear he is not getting good advice from counsel.”

Republicans in the House and Senate have taken a page from dementia addled Nancy Pelosi: *“But we have to pass the bill so that you can find out what is in it.”* Perhaps Trump should have taken time to read the bill. After all, it’s only 1,000 pages long. Fact.

[GOP Legislators Grab More Cheap Labor, Give Democrats Policy Wins on Border Security](#)

“GOP legislators won some extra cheap labor for their donors while letting Democrats insert many anti-wall, pro-migration and anti-enforcement policy riders into the 2019 border spending package.

“They sold out the President and their own voters because the President won’t ever get the 55 miles [of border fence] he wanted,” said Mark Krikorian, director of the Center for Immigration Studies.

“Trump “was willing to play ball with Congress and to take less than his full demand [of \$5.7 billion], but even on that, they screwed him. The broader public that wants the border enforced also got the shaft in this bill,” he said.”

Cheap labor as Americans die everyday at the hands of some drunk Mexican on the road or simply murdered by an illegal from whatever country. The drugs keep flowing across the border. Illegal females are raped and sometimes murdered by coyotes. The list goes on – **all so Republicans in Congress can supply more cheap labor for their big money donors.** Damn them.

To say I despise former Speaker of the House, sh*t bag, Paul Ryan, is an understatement. If Trump fell for his treachery, it certainly doesn't say much for his moniker as the king of deal makers.

For a short time after Trump became president the House and Senate were controlled by a Republican majority. I know there has to be a transition period but Trump should have rammed the wall down their throats and not let up until the rigged mid-term elections last November.

No, Mr. President. YOU are the head of the Republican Party and YOU should have declared the national emergency a long time ago so a few hundred more Americans killed and murdered by illegals would still be alive today: [President Trump RIPS Paul Ryan for Failing to Deliver Border Wall Legislation in His First Two Years \(VIDEO\)](#)

In a recent op-ed piece, Janine Pirro, a commentator on FOX and friend of Trump said a president must make difficult decisions to show true leadership. True, but look at the numbers you cite in your piece:

“In the last two years alone, ICE has arrested 266,000 illegal immigrants with criminal records, including those convicted of 4,000 homicides, 30,000 sex crimes and 100,000 assaults. And if you don't believe those numbers, just look at the jails in Texas – 186 illegal immigrants and 276,000 illegal criminals were booked in local jails between 2011 and 2018.

"Last year ICE removed more than 10,000 gang members already in our country illegally. Drugs are flowing across the border, devastating American families. Every week, 300 Americans die of heroin overdoses of which 90 percent comes over that southern border.

"In 2019, ICE made over 1,500 human trafficking arrests, almost all of which were for sex trafficking; 20,000 children were illegally smuggled into the United States during the month of December alone. If this isn't a crisis at our border, it's hard to know what is."

A tough decision would have been to refuse to sign the damn bill. I know, it would likely have meant another government shut-down. Federal employees think all of us out there don't care about them, but that's not true.

During the recent shut down thousands of federal employees and their families suffered. There were a lot of life-lines made available to them from banks making short term loans to offers of financial help from groups and organizations.

HOWEVER, what we're talking about here is the complete and total destruction of this republic. The dirty traitors in the Democratic/Communist Party USA need those illegals to get them registered as Democrats and yes, they are voting.

The Democrats need millions of illegals so they can turn this country into a third-world crap hole by getting them as voters for their party.

They need to do the same as they've done since FDR and LBJ: Make voters dependent on mother government teats so they will keep voting for Demorats every election.

With 61 MILLION babies murdered via abortion, they need to replenish working bodies to sustain the Ponzi schemes known as Social Security and Medicare. Two programs tens and tens of millions of Americans depend on for survival but are not

sustainable without millions more paying into them. Even then, Medicare is absolutely unsustainable.

President Trump proudly owned the recent shut down but *now that he's on the campaign trail*, tragically, he signed a horrible immigration bill that WILL backfire and hurt us. Remember good old Ronnie Reagan who said back in 1986 when he signed "the mother of all immigration bills" that it would once and for all stop the flood?

It sure did. At that time there was approximately 3.1 million illegals in this country. Today a conservative estimate would be between 30-40 million. Millions holding jobs that belong to Americans. **Reagan opened the flood gates.**

I know Sean Hannity and Rush Limbaugh were disappointed. Hannity believes Trump has a Plan B or something. That despicable bill, **a total sell out by Republicans**, IS going to make it nearly impossible for another Republican to ever get into the White House and other high offices.

If you think I'm blowing smoke, think again. Here in Texas in what were formerly considered 'safe' GOP districts for the U.S. House – in November last year a slew of Republicans were nearly defeated by Democrat challengers. **THAT's the goal and the socialists and communists infecting this country are gaining ground.** One only has to look at the nitwit from New York, Alexandria Ocasio-Cortez. This is no laughing matter. Those people are dangerous and that budget bill just gave them a huge leap towards success.

"If anyone's going to be deported, it's going to be you! ... Get out! We are the future. You're old and tired. Go on. We have beaten you – leave like beaten rats. You old white people, it is your duty to die. Right now, we're already controlling those elections, whether it's by violence or nonviolence. Through love of having children we're going to take over." Augustin Cebada, information minister of Brown Berets,

militant para-military soldiers of Aztlan shouting at U.S. citizens at an Independence Day rally in Los Angeles.

"We're going to take over all the political institutions in California. In five years the Hispanics are going to be the majority population of this state." Caller: "You also made the statement that California is going to become a Hispanic state and if anyone doesn't like it they should leave – did you say that?" Obledo: "I did. They ought to go back to Europe."

"Because our numbers are growing, they're afraid about this great mass of minorities that now live in our community. They're afraid that we're going to take over the governmental institutions and other institutions. **They are right, we will take them over**, and we are not going to go away – we are here to stay, and we are saying 'ya basta' (enough!) and we are going to turn... and de... not elect or re-elect people that believe that they are going to advance their political careers on the backs of immigrants and the backs of minorities."

["WE HAVE GOT TO ELIMINATE THE GRINGOS"](#)

Those are not the words of new immigrants happy to come to America, to assimilate into OUR culture and become Americans. Those are the words of militant America haters who have every intention of taking over this country, liberal states first then go after 'red' states like Texas.

That was over a decade ago and now they hold offices all over this country from city council, judges, state legislatures and Congress – just like Muslims. I know many fine Americans who love this country whose parents were born in Mexico and came here legally. Or, they were born in Mexico and came here legally with their parents and became citizens. They, like me, are very, very worried about what's coming.

Here in Texas we the taxpayers are being bled dry to the tune of BILLIONS of our tax dollars trying to keep the illiterate, diseased hordes (How many middle-class or wealthy Mexicans or

Central Americans do you see sneaking across the border?) from coming across the border. Sexual predators and murderers.

Illegals who haven't been deported – like the ones who sat in the U.S. House chamber during Trump's State of the Union address (ICE should have been right there and arrested them) – get bolder all the time: [Watch: 'Undocumented, Unafraid'—Illegal Immigrants Protest ICE, Demand Amnesty](#)

Back in 2006, 500,000 ILLEGALS marched demanding we give them amnesty. Think their numbers haven't increased since then? *Just wait until they make their move.* Why do you think high power weapons are being smuggled across the border and likely through our ports?

Anyone with their eyes and ears open knows the Democratic/Communist Party USA cares NOTHING about you or your family. They are hateful pro-illegal alien America haters. They don't give a damn how much drugs are pouring into this country, how many illegals are victims of coyotes or victims

of human trafficking. Nor do they care about our Border Patrol agents getting killed or attacked by illegals.

The wall is getting built but not fast enough. A section here, a section there from money already allocated. Trump should have said no to that bill. It would have been another fierce battle but the outcome meant the difference between the survival of this constitutional republic or handing it over a few more years down the road to the hordes.

Dan Bongino, a pretty good talk radio host said on his show after Trump signed the bill that Trump is all we have. True. He is the president. But let me throw this one out there. In the great movie, The Hunt for Red October, many will remember what happened when an arrogant Russian sub commander didn't listen to his deplorables: [You arrogant ass, you've killed us.](#)

While I support Trump in many of the things he's done and is still trying to do, that bill IS poison and now that poison is law. Shoved down our throats. If Trump doesn't think voters won't remember in 2020, he needs to get back in touch with reality.

And the voters MUST force rotten GOP and Democrat incumbents out in the primaries or we are toast. Period. When Democrats and Independents begin, sadly, to lose family members because of murdering illegal aliens and their jobs disappear for illegals and cheap labor (jobs created since Trump too office), moderate Democrats and Independents might actually fight back at the ballot box.

Urban Warfare Exercises No Surprise

This past week residents in the LA downtown area were alarmed at what appeared to be military training exercises up close:

["WTF Is Going On In Downtown LA?": Army War Drills Continue](#)

[Across Los Angeles](#)

“Having started on Monday, the US Army continues its war drills across the greater Los Angeles metropolitan area through Saturday with the goal of enhancing Army Special Forces skills by “operating in urban environments”, Army Special Operations Command said in a statement.

“Residents around Los Angeles may hear sounds associated with the field training exercise, including helicopters and weapon simulations, according to the statement.

“The local terrain and training facilities in Los Angeles provide the Army with unique locations and simulates urban environments the service members may encounter when deployed overseas,” [the Army told CBS](#).

“Downtown Los Angeles residents were shocked Monday night when a fleet of Boeing A/MH-6M Little Bird and Sikorsky UH-60 Black Hawk helicopters swooped in around them.”

Really? Urban warfare overseas? Why would we be once again sticking our military in countries where we have no business conducting urban warfare or invasions? And, pray tell, what urban area in what country are they training for that looks like downtown LA? Kabul, Afghanistan or Mosul, Iraq?

Back in 2015 the Army conducted one of their Homeland Security exercises called Jade Helm. All hell broke loose on the Internet with some like Dave Hodges who runs a web site called The Commonsense Show proclaiming this was it, martial law was on the horizon! Man your bunkers! It got so bad, even our governor here in Texas got gob smacked and fell for the junk on the Internet – all according to “my highly-placed sources tell me” come-on.

[We May Finally Know What JADE HELM Has Stood For All Along](#) – That the name might be an acronym is only part of what’s odd about this year’s iteration of the controversial special

operations training exercise.

“Two years after the U.S. Special Operations Command’s (SOCOM) Jade Helm training exercise [inflamed conspiracy theorists](#), prompted Texas to order its state guard to monitor federal troops, and otherwise became a national news story, the latest iteration of the event has come and gone with little acknowledgement of any kind from the U.S. government or the public.”

I do encourage you to **read that column** – especially if you’re one of those who got sucked in by all the hype. The internal link about [inflamed conspiracy theorists](#) should also be read as it also explains a great deal about military training exercises.

I was so flabbergasted over all the hype regarding Jade Helm I did a piece on it: [Jade Helm Will Be In My Town Next Week](#) – Do take the time to read it as a rebuttal to the hysteria pumped by talk show hosts and web sites:

“On April 30, 2015, Dave Hodges, posted this: [Closed Walmarks To Be Guerilla Warfare Staging Areas in Response to Invasion](#)

“There can be no doubt that the internal events at Walmart holds the key to the end game of Jade Helm operations. Jade Helm and Walmart are inextricably linked and the existing evidence suggests one of two possible end game probabilities for Jade Helm.

“1. Converted Walmart stores will be processing centers for FEMA camp political prisoners.

“2. Some Walmarks will be used as supply and staging centers for an internal conflict within the United States

“In the past four weeks, I have watched over 100 videos on Jade Helm and Walmart. I have performed what researchers call a qualitative, or a descriptive analysis of the available facts. In performing this task, I have looked for patterns

among the recent Walmart closings because it is clear that the closings coincide with Jade Helm. This constitutes Phase One of the analysis. In Phase Two, the findings from phase one are correlated to known or strongly suspected events connected to Jade Helm and/or other areas of concern related to national security. Subsequently, this kind of descriptive analysis can yield strong clues as to the true intent of where Jade Helm is headed and what the Walmart role consists of in conjunction with Jade Helm.”

I can tell you nothing happened here in my town during the exercises except quite a bit of revenue for local businesses. No invasion by the UN or FEMA doing round-ups that was being hawked with screeching and dire warnings.

I’ve been inside the Midland, TX Wal Mart several times. It was closed for months. Another old unit that needed fixing just like the Walmart here in my town that needs an overhaul. Not because I needed to buy anything but because I was looking. I saw NOTHING that would support that WalMart as being set up for conversion to a FEMA processing center.

There was also a Jade Helm 2017 exercise. Funny thing I didn’t see all the dire warnings about that one plastered all over the Internet.

First of all, I would venture to say that the majority of individuals out there screeching about martial law being imposed at the drop of a pin have ZERO understanding of the subject matter. I did not know the true meaning of martial law or even if it’s legal until I read Dr. Edwin Vieira’s constitutional analysis:

[A Primer on “Martial Law” by Dr. Edwin Vieira, Jr., Ph.D., J.D.](#)

I highly recommend everyone read that column and this one because if we the people are ever going to defeat our domestic enemies, WE ALL must understand what things like martial law

actually means or doesn't:

[The Bastardy of Martial Law](#)

"My latest book—[By Tyranny Out of Necessity: The Bastardy of "Martial Law"](#)—is now available through Amazon. Its title encapsulates its theme: namely, that "martial law" (as most Americans conceive of it) is a wholly illegitimate concept which appeals to some supposed, but false, "necessity" in order to establish a very real tyranny.

"Some might say that, in light of the present parlous condition of the Republic, and especially the pathetic indifference of average Americans to this sorry state of affairs, writing such a book will prove to be a fool's errand on my part—or perhaps a hopeless task quixotically undertaken for the benefit of fools. Obviously, I disagree. I consider the subject-matter of this book to be vital to this country's survival.

"To be sure, *By Tyranny Out of Necessity* is not the most important book which I have written on the general subject of the place of the Militia in America's constitutional edifice. The others—*Constitutional "Homeland Security", Volume One, The Nation in Arms*; *Constitutional "Homeland Security", Volume Two, The Sword and Sovereignty*; *Thirteen Words*; and *Three Rights*—were more significant in principle, because if patriots in sufficient numbers had paid attention to the message those works conveyed, and had taken action upon it, the danger of "martial law" would already be well on the way to being obviated.

"As of now, however, *By Tyranny Out of Necessity* is the most important of my books in practice, precisely because most Americans have not been paying attention—not so much to my works, but to the Declaration of Independence and the Constitution upon which those works are based. Now, people are becoming increasingly worried about the imposition of "martial

law” in the course of some jury-rigged “national emergency”.

“They are being told by “the Powers That Be” that “martial law” is legitimate, and that sufficient steps are being taken to prepare for it—especially in the para-militarization of State and Local “law-enforcement” and “emergency-management” agencies. Through the media, they have witnessed an example of the implementation of “martial law”, on a small yet highly organized scale, in Watertown, Massachusetts, hard upon the bombing of the 2013 Boston Marathon.

“Many of them have had personal experiences with the bestiality of “martial law” in the myriad episodes of unpunished “police brutality” which take place almost every day throughout this country. Yet, overall, most Americans have no idea whether “martial law” is even lawful or not—but apparently are resigned to the belief that nothing can be done to stop it from being imposed upon them.”

Edwin was kind enough to send me a copy of *By Tyranny Out of Necessity: The Bastardy of “Martial Law”* which I personally gave to our Sheriff; living in a small town does have advantages. I purchased another copy for myself and read it cover to cover. *Now I understand what I did not know.*

As far as these current urban warfare exercises, I happen to believe things are so bad in this country and getting worse by the day it’s very possible we’ll see large-scale outbreaks of violence.

We KNOW for a fact high power weapons are being smuggled into this country while delusional Nancy Pelosi wails it’s inhumane to lock down our border:

“Lujan Grisham, a Democrat, also announced she would send more help to Hidalgo County – one of the state’s three border counties – to assist with humanitarian needs.”

Not an overwhelming national security crisis? How STUPID are the voters of New Mexico to put yet another witless politician in office just because she’s a Latino and has female plumbing? As for humanitarian needs, **illegal aliens are the ones who have created this problem** and the only way to stop it is with walls and [cutting off all public welfare](#) which no member of Congress is interested in doing despite my best efforts.

“Not a single person I interviewed in Tucson, El Paso and all places in between. They resent these criminals who have no intention of assimilating into the Western culture, who break the law to get across the border and those here to support “reconquista.”

Going back to the current military urban warfare training, the reason I’m not shocked or surprised is because of something [I wrote back on Sept. 22, 2008](#):

“As we all saw with Katrina, the military was brought in and the inalienable rights of the American people were simply stomped on. [In the same link above](#), I brought your attention to a look into the future regarding military control of the civilian population:

“The next real war we fight is likely to be on American soil. Our civilian-military face-off (November 30, 1997)

“One startling quote in this article is from Admiral Stanley Arthur, Commander of U.S. naval forces during the Gulf War, where he says, “Today the armed forces are no longer representative of the people they serve. More and more, enlisted as well as officers are beginning to feel they are special, better than the society they serve.”

“When you turn to page two of this story, the headlines read, “Bill of Rights no obstacle for the Corps.” Another disturbing quote jumps out at you, “Because of the rising potential for civil disobedience within the inner cities it is ‘inevitable’ the U.S. military will be employed more often within American borders.”... Why the concern that there is a potential for civil disobedience by Americans? Where did this come from?

“Further into this shocking story: “...Major Reeves notes, when

faced with violating doctrine or violating the law, some Marines chose the latter course and detained suspects and conducted warrant less searches. Indeed, with characteristic Marine Corps bluntness, the major states that, "in interviews with Marine officers involved in domestic peacekeeping missions with officers responsible for articulating the Marine Corps' policy on domestic peacekeeping, it became apparent to the author that Marines took whatever action was necessary. At times, these actions required Marines to violate U.S. law.

"Similarly, Marine Capt. Guy Miner reported in the Gazette that Marine intelligence units were initially worried by the need to collect intelligence on U.S. citizens, which would violate a 1981 Executive Order, but that "this inhibition was quickly overcome...." And to chill you even further, "To enable the Marines to execute these new domestic missions in the same way that they do abroad, Major Reeves calls for major alternations in U.S. laws. "Experience from the Los Angeles riots," he warns, "demonstrated the need to grant U.S. Marine forces the legal right to detain vehicles and suspects, conduct arrests, searches and seizures in order to accomplish the peacekeeping mission."

"Go [ahead, print out the newspaper and read it](#). If this doesn't give you the daytime version of pavor nocturnus, then you don't grasp the severity of the problem. We are seeing more and more domestic spying on Americans, no knock searches killing innocent people, warrant less searches on flimsy probable cause and 'civilian check points' on our roads and highways. The misnamed 'Patriot Act' continues to be abused by federal dragoons. This is NOT the America thousands spilled their blood for on the battle fields during the Revolutionary War."

I believe, while touted as "the US Army continues its war drills across the greater Los Angeles metropolitan area through Saturday with the goal of enhancing Army Special Forces skills by "operating in urban environments at Homeland

Security exercises", the powers that be do expect at some time major outbreaks of what one might call civil war.

Between the growing population of Muslims **who should never have been allowed in this country** ([America needs to truly understand Islam's mission of world domination](#)) to militant Mexicans who have entered illegally to 're-conquer' the border states to domestic terrorist operations like ANTIFA, somewhere down the line the first shots are going to be fired. Not to mention vicious MS-13 gangs and drug cartels moving in along the border, there is a growing threat to OUR security.

One can only pray it doesn't happen but with these factions and their deep-rooted hatred of all that is America, something will give and that's why I believe these urban warfare exercises put on by Homeland Security are taking place.

Unless, and I pray NOT, President Trump once again listens to the toxic advice being given to him, we decide to stick our military might into Venezuela for some urban warfare. God, I hope that doesn't happen.

In the meantime, how many more Americans were robbed, raped or murdered during the government shut down while Pelosi was vacationing in Hawaii (\$900 bux a night for her room)? The shut-down ended January 23rd.

Is WH Counsel Incompetent Or Just Plain Stupid?

Going into 30 years of doing what I do little shocks me anymore. However last week driving around doing errands listening to Rush Limbaugh, I almost choked listening to him. And, pray tell, what had me in this rattled condition?

It seems White House Counsel, Pat Cipollone, has been negotiating with Comrade Kamala Harris, senatorette from the destroyed State of California for judicial appointments to the most overturned circuit court in the county – the Ninth

Circuit. Negotiating with the enemy?

Limbaugh Transcript as follows:

"Have you heard about the lead editorial in the Wall Street Journal today? Well, let me tell you about this. The new White House counsel apparently has been consulting with Dianne Feinstein and Kamala Harris, negotiating with them on Trump judicial nominees for the Ninth Circuit Court of Appeals! It is pretty safe to say Trump may not know this is going on!

"He's a got a new White House counsel, and this White House counsel has been working with Kamala Harris and Feinstein, two senators from California, to the choose nominees that Trump would choose to be on the Ninth Circuit that meet their approval! What the hell! We run the Senate. We have 53 senators! The reason Trump ran – in addition to not doing amnesty and shutting down the border, building a wall and all that – was the courts! What in the name of Sam Hill is going on when somebody has to...?

"Feinstein!

"Feinstein is the one that when Amy Coney Barrett was up for nomination... She is on the shortlist for the next Supreme Court opening whenever that is and wherever it is. She was engaged in confirmation hearings for her current slot on the court that she currently sits on, and Dianne Feinstein's looking at her and says (paraphrased), "The dogma is thick with you," meaning, "You're really a big Catholic." Feinstein's not Catholic. "The dogma is thick with you." So we've got a little bit of an indication of how Feinstein is gonna approach Amy Coney Barrett if she's nominated for the Supreme Court.

"Well, why in the name of Sam Hill is somebody in the Trump administration negotiating with the people that lost in the Senate elections? Now, occasionally this happens. It does happen, but it's a throwback to years gone by when there was at least the pretense of bipartisanship, cooperation, comity,

and all that. But not during these hyperpartisan days where there's no overlap of anything in common. You start negotiating with Feinstein and Kamala Harris and then senators from New York are gonna be the next ones that call you and demand to negotiate.

"And then if you don't negotiate with senators from New York, then senators from some other liberal state will be calling the White House, 'Why won't you negotiate with us? Why would you...?' They don't get a say in this! That's the whole point of winning the presidency! They don't get a say in who judicial nominees are, and this is the Ninth Circuit! We're trying to go deliberalize the Ninth Circuit as much as we can, and we're giving Feinstein and Kamal Harris a say? Why are we doing this? What is the point?"

Make NO mistake about it: Harris is a practiced, habitual liar and hard-core Marxist. Some are calling her a socialist but I believe she's gotten over that hurdle. Let's call a communist a communist and quit tap dancing around the floor.

Harris, who thinks very highly of herself, has announced her run for U.S. President. Why in Hell would Trump allow a member of the Democratic/Communist Party USA who despises him and is running against him in 2020 negotiate on HIS judicial nominees?

Oh, but it gets better. The other career criminal Trump hater negotiating is none other than 85-year old senatorette battle-ax, Diane Feinstein (Net worth: \$80 mil) and member of the Democratic/Communist Party USA. Why in Hell would Trump allow a member of the Democratic/Communist Party USA who despises him negotiate on HIS judicial nominees?

Let me take you back in time so you will fully understand why I call Di-Fi a criminal. This information and more was taken to the FBI in Southern California. The folks who brought the charges were told she was 'too powerful' to touch. This I know

for a fact. Feinstein, like Hildebeast, should have been sent to federal prison decades ago. Instead, both of them have done nothing but enrich themselves as “public servants”.

While Karen’s piece is long, it’s necessary to fully understand the corruption and whose pockets the money went into. If you don’t have time today, book mark but **please read it**. I went to Chocolate Mountain and the surrounding area and did my own story on it complete with pictures.

[THE GREAT GOLD HEIST – The Desert Wilderness Protection Act](#) by Karen Lee Bixman, *Media ByPass Magazine*, June 15, 2001

One has to remember Feinstein was former chair of the Senate Select Committee on Intelligence:

[Sen. Dianne Feinstein’s Ties To China Go Way Deeper Than An Alleged Office Spy](#)

Communist China is NOT our friend, they are our mortal enemy. They mean to rule the world and if you think that’s hyperbole you are dead wrong. Keep buying Made in China and feeding our enemy.

These crooks come into the U.S. Congress and become millionaires or increase their single-digit net worth into double digit millions through what can only be called insider trading. [Insider Trading Rules That Don’t Apply To Congress](#): “Golden Rule: He who makes the rules pockets the gold.”

Feinstein has been in the senate 27 years. Let’s not forget the other notable criminal heavily endorsed by Ann Coulter, 76-year old Mitch McConnell whose been in the Senate since 1984:

[Peter Schweizer: McConnell and Chao Must Address Their Financial Ties with ‘Rival Power’ China](#), May 9, 2018

There were several critical reasons I voted for Trump. Hildebeast Clinton must not get in the White House. Build the wall. Get something close to a conservative on federal benches, the U.S. Supreme Court and trade treaties.

As Limbaugh said: Why in the Hell would you even allow Harris and Feinstein to have ANY say for judicial nominations?

[Harris, Feinstein fume after White House re-nominates two conservative California judges](#)

"California Democratic Sens. [Dianne Feinstein](#) and [Kamala Harris](#) lashed out at the White House after President Trump, under pressure from conservative activists, re-nominated two conservative California judges to the 9th Circuit federal appeals court over their opposition.

"We are deeply disappointed that the White House has chosen to re-nominate Daniel Collins and Kenneth Lee to the 9th Circuit," Feinstein and Harris said in a joint statement late Wednesday. "We made clear our opposition to these individuals and told the White House we wanted to work together to come to consensus on a new package of nominees."

Tough butts. So I ask again: Is the WH Counsel, Pat Cipollone, incompetent or just plain stupid? Did President Trump get wind of this and order his two judges re-nominated? I don't know but what I do know is the Republicans in the corrupt US Congress have to stop getting in bed with the Democratic/Communist Party USA, play hard ball and go for the jugular.

I just can't resist because this says it all about Socialist Alexandria Ocasio-Cortez whose never met a mirror she didn't love. The 29-year old mush-head snowflake is now a beauty expert! I guess she does this when not undertaking her official congressional duties. Okay, laugh. [Alexandria Ocasio-Cortez Reveals Her Multistep Skin-Care Routine on Instagram](#)

Byrd wrote to Bilbo that he would never fight under the American flag:

“[W]ith a Negro by my side. Rather I should die a thousand times, and see Old Glory trampled in the dirt never to rise again, than to see this beloved land of ours become degraded by race mongrels, a throwback to the blackest specimen from the wilds.”

Other notable Democrats who belonged to the KKK: Hugo Black, Bibb Graves who was a Governor of Alabama, Clifford Walker was a Governor of Georgia. George Gordon, U.S. House of Representatives, John Tyler Morgan, a Grand Dragon of the KKK in Alabama was a

U.S. Senator from that state. Likewise, for Edmund Pettus, also a Grand Dragon of the KKK and Senator from Alabama. William L. Saunders was founder of the KKK's North Carolina Chapter and was NC's Secretary of State. John Clinton Porter was a mayor of Los Angeles and member of the KKK as was Benjamin F. Stapleton who was a mayor of Denver.

That's a very short list but you get the idea. Everyone is hopping up and down to boot Virginia's governor for being a racist who belongs to the party that defined racism against black Americans. Oh, the irony.

You'll just love this one from another useful fool: Mary Poppins is branded racist by US academic over famous rooftop scene because when she gets covered in soot she 'gamely powders her nose and cheeks and gets even blacker'

Satan's Handmaidens Gave A

Standing Ovation

When someone **intentionally** stops a beating heart in a human being it's called murder. We KNOW through modern technology it has been possible for more than a decade to hear a baby's beating heart as early as 18 days – long before most women even know they are pregnant.

By now most of the country has heard about NY's new "Reproductive Health Act" passed by barbarians in their legislature and signed into law by a **heretic Catholic**, Governor Andrew Cuomo. Anyone who voted for that bill is no better than the savages called ISIS.

When the 'law' was passed in their state house, Satan's Handmaiden's actually gave a standing ovation.

There were no men in the chamber. A real man would never condone as close as you can get to infanticide but then again, it's always been my belief that "men" who support abortion aren't all about jumping on the garbage truck to 'support women's rights' and their choices for their body. Oh, no. It's more like, whew, I just got out of 18 years of child support.

And, pray tell, what is the response from the Catholic Church? I damn near fell out of my chair:

[Cardinal Dolan: Excommunicating Andrew Cuomo "Not an Appropriate Response" for Legalizing Abortions Up to Birth](#)

"Through a spokesman, Cardinal Timothy Dolan said that excommunicating the governor is "not an appropriate response."

He went on to say that excommunication is typically called for by frustrated Catholics who are upset.

“As a reported for CNN tweeted: “I asked @CardinalDolan’s about the calls for Gov. Cuomo to be excommunicated over NY’s new abortion bill. While emphasizing that this should not be considered a comment on any specific person, he said excommunication “should not be used as a weapon.”

Frustrated Catholics who are upset? If I had my way, Cardinal Dolan would be excommunicated from the Church that claims to be anti-abortion.

A dear friend wrote me an email that says it all: “So the Cardinal finds no fault in Cuomo—even though without Cuomo’s signature the bill would not be “law” in New York, and even though Cuomo demanded that the bill be passed! What more would Cuomo have to do, perform the abortions himself?!”

Once again, protecting women’s reproductive rights is not the issue. Women in this country have the God-given right to reproduce. What these females want is to be allowed to murder what they’ve reproduced. Slaughtered by butchers called abortion “doctors”.

Females in this country are free to reproduce so stop with the propaganda that being for life is interfering with your reproduction rights. We’re trying to stop another **61 million babies** from being murdered thanks to *Roe v. Wade*.

What these Handmaidens of Satan are telling us is they want protection to murder a baby from conception to birth. Let me reproduce and then find someone to intentionally stop a beating heart. Just like Kermit Gosnell, a prolific serial killer now serving life without parole. [Gosnell: When the Truth Is More Gruesome Than Fiction](#) – not for the faint-hearted.

Victim of Second Trimester abortion; 16 weeks:

THIS is the “right” all those feminists want to protect (Priests for Life):

[Babies Born Alive After Abortion Can be Left to Die Under New York Law Legalizing Abortions Up to Birth](#)

“Does this mean that babies will just be left to die in New York at abortion clinics if they somehow survive the abortion procedure? As Tony Perkins, president of Family Research Council, tells LifeNews, the answer is yes.

"This law guarantees it, sweeping away a large chunk of the penal codes that protected abortion survivors. Thanks to this Act, Kermit Gosnell, and his bloodstained, cat-infested, third-world excuse for a clinic, would be untouchable," he said. "The Resurgent's Stacey Lennox puts that into its gruesome context. "For those of you who saw the movie [Gosnell], Baby B would not be considered a victim."

"Person," as far as this law is concerned, means a human being who has been born and is alive. Not a second before, and maybe – without infant protections – not few seconds after either," he continued.

[Another analysis from Hot Air of the new law](#) concurs that born alive infants will be left to die in New York.

"Contrary to what its proponents say, the RHA goes far beyond Roe vs. Wade in its aggressive extremism. Granting non-doctors permission to perform abortions does nothing to advance the security and health of women. Condoning coerced or involuntary abortions by repealing criminal sanctions even in cases where a perpetrator seeks to make his partner "un-pregnant" through an act of physical violence does not represent any kind of progress in the choice, safety or health of women.

"Removing protection for an infant accidentally born alive during an abortion is abject cruelty, something most people of conscience would deem inhumane for even a dog or cat. Finally, allowing late-term abortions is nothing less than a license to kill a pre-born child at will.

"The law removes protections for babies who survive an abortion procedure. "The new law [removes protections](#) for babies born alive after an abortion – meaning they could be left to die after birth – by rescinding a portion of New York's public health law," Live Action reported.

EXACTLY what the criminal impostor president, Barack Hussain voted for while a senator in the Illinois State Legislature:

Obama Most Morally Bankrupt Impostor President in US History

"[Obama](#)/Soetoro/Dunham is a champion of infanticide – the killing of infants. While serving in the Illinois State Senate, Barry Soetoro aka Barack Obama, voted three times to allow infants who survive abortion must be left to lay there and die.

"Yes, he did vote against the Illinois Born Alive Infant Protection Act. [Click here to see the bills and his comments supporting murder.](#)

"Would you stand there and allow a living, breathing infant to die if you were a doctor or nurse? How could anyone, doctor, nurse or just plain human stand by and allow an infant who has survived the horror of abortion – just let them die without trying to save that precious life? **Soetoro did because his soul died a long time ago.** And, how did Barry justify it?

"[Listen to audio](#) from Obama's 2002 IL Senate floor debate wherein he argued that while babies might be aborted alive, it would be a "burden" to a mother's "original decision" to assess and treat them." In other words, the mother wished to kill the infant, so be it.

"54% of "Catholics" voted for Soetoro in 2008. They voted to elect an individual who denied three times the right of a living, breathing infant born of madness the right to live.

"Say, I wonder if those "Catholics" got the hope and change they voted into office even though they had no right to vote for an ineligible candidate? God will ask them someday."

Sean Hannity has always taken the position against boycotts having been a target not from "left-wing" zealots. Let's call these people for what they are: socialists on the way to hardened Marxists. Boycotts do hurt innocent workers.

I'm sorry but this is a matter of life and death. Of murder.

New York is a beautiful state. I've been to NYC several times. **Right now, I would not spend one penny in that state.** I would put gas in the tank and drive straight through and not stop. Not for a convention, for a trip to Times Square, to see one of the wonderful Broadway plays. Nada. Zero. The only thing politicians care about is money and if tourism dries up because of laws passed by a legislature and signed by a governor, change happens.

It's not just New York. I was shocked and saddened to see seven other states already have equal or worse "laws" on the books for 'legally' snuffing out the life of a human being: [New York's Not Alone: Here's a List of States That Permit Abortion Up to Birth](#)

As for Cuomo, I will take your advice: [Andrew Cuomo says pro-lifers are not welcome in the State of New York](#)

"That Andrew Cuomo wants there to be more abortions in New York isn't a surprise to anyone. That he is so extreme as to say that pro-lifers shouldn't even be able to live in his state, simply for believing in the sanctity of life, is truly shocking. To him, evidently it's not good enough for abortion to just be legal and widespread – he thinks that pro-lifers should be not only silenced, but kicked out of the state.

"It's despicable and disturbing. And while pro-lifers are used to abortion advocates attempting to have them silenced, this takes it to an entirely new and sickening level."

Sean Hannity: Isn't it time you take your family and money out of the State of New York? I'm sure FOX can find you a new studio in Texas, Kentucky, Tennessee, states like those. **Send a message.**

[Watch this video \(less than 10 minutes\).](#) You will see through modern technology an unborn baby developing a heart at 25 days. At 32 days, that living, breathing baby is developing arms and legs. **LOOK and see the truth.** From conception to

birth. Abortion IS murder.

As I only do one column a week, I want to include these items. Liberals (socialists) and progressives (communists) have been screeching over civility out in the public square and on social media. Those so-tolerant folks who all jumped in with full force over the Catholic boys accused of harassing a Vietnam Veteran last week.

The Vietnam veteran who never went to Vietnam. He was AWOL four times and has a criminal record. It appears our poor Native American veteran is nothing but a fraud and professional agitator. In the meantime, those boys and their families have been through Hell.

Some of them and their families are suing members of the disgraced Democractic/Communist Party USA's media. I think they should also go after toilet scum like Bill Maher who upchucks his poison on HBO. They don't get my money nor do any other the other flesh peddlers like Showtime. Nope. Never subscribed, never will.

["Maher opened his show](#) attacking the innocent children who were ambushed by Black Israelite racists and a far-left Indian activist after the March for Life in Washington DC.

"The entire media narrative was incorrect and manufactured but the liberal mainstream media didn't care. The children received numerous violent death threats and the school faced threats of shootings and bombings.

"Despite the facts Maher took shots at the children including the 15-year-old Nick Sandmann.

"Bill Maher: "I blame that fucking kid. What a little prick. Smirk face. Like that's not a dick move at any age to stick your face in this elderly man... I do not get what Catholic priests see in these kids."

For that people pay money to watch? The audience certainly thought it was funny as they laughed like hyenas listening to Maher. The herds. How easily controlled they are.

As if things aren't bad enough with the newly elected hard-core mush-head Marxist, Alexandria Ortega-Cortez, we now have America hating Muslims in the U.S. House of Representatives. Ilhan Omar wearing her submission head gear. You know, the one [who apparently married her brother](#).

She also had something to say about the Catholic boys:

[US Rep. Ilhan Omar deletes tweets slamming 'MAGA' teens](#)

"Omar wrote, "-The boys were protesting a woman's right to choose & yelled "it's not rape if you enjoy it" -They were taunting 5 Black men before they surrounded Phillips and led racist chants -Sandmann's family hired a right wing PR firm to write his non-apology."

"Before Omar's tweet [was deleted](#), a lawyer who's offered to represent the Covington students for free said it had defamed them. "This is libel. Retract, or get sued," Las Vegas attorney Robert Barnes [tweeted](#).

"Omar's rape-related claim apparently was based on a video clip posted on Twitter by lawyer and Playboy magazine writer Amee Vanderpool, who admitted she didn't "know if this boy attends Covington."

Oh, good. A tittie magazine (Playboy) as a source.

[Rep. Ilhan Omar facing new scrutiny over past effort to win leniency for 9 men accused of trying to join ISIS](#)

“Embattled congressional freshman Rep. [Ilhan Omar](#), D-Minn., once asked a judge to show leniency toward a group of Minnesota men accused of trying to join the Islamic State terror group.

“The best deterrent to fanaticism is a system of compassion,” she wrote at the time. “We must alter our attitude and approach; if we truly want to effect change, we should refocus our efforts on inclusion and rehabilitation.”

“The nine [Minnesota](#) men were facing decades in prison after being accused in 2015 of making plans, including buying fake passports, in an effort to travel to Syria and fight for ISIS, which was at its peak level of activity and held territory in Syria and Iraq.

“Omar’s letter seeking more lenient sentences resurfaced on social media amid criticism over her attack on Sen. Lindsey Graham, Covington Catholic High School students, and the endorsement of socialist Venezuelan dictatorship.

“One of the men in particular, Abdirahman Yasin Daud, was facing over 30 years in prison for trying to join the terrorist group. He admitted in court that he wasn’t trying to enter Syria on humanitarian grounds, but rather to participate in the activities of ISIS.

“I was not going there to pass out medical kits or food. I was going strictly to fight and kill on behalf of the Islamic State.”

Her allegiance isn’t to this country it’s to an Islamic Caliphate and destruction of our Constitution. Omar was born in Somalia.

More sexual deviants were also allegedly elected to Congress. Here is the new senatorette from Arizona who won her election by vote fraud. **No doubt about it.** If you followed that race and what happened election night, just like in California with vote harvesting, it was fraud.

Sinema is a vocal bi-sexual meaning she also likes to have 'sex' with other women. Sinema refused to be sworn in with her hand on the Holy Bible. Why would anyone be surprised?

"For this reason God gave them over to degrading passions: for their women exchanged the natural use for that which is against nature. And in the same way also the men abandoned the natural use of the woman and burned in their desire toward one another, men with men committing indecent acts and receiving in their own persons the due penalty for their error."— Romans 1:26-27:

"The unrighteous shall not inherit the kingdom of God. So do not be deceived; neither fornicators, nor idolaters, nor adulterers, nor effeminate, nor homosexuals, nor thieves, nor covetous, nor drunkards, nor revelers, nor swindlers, shall inherit the realm of God." – I Corinthians 6:9:

'She Looks Like a Stripper' Dem AZ Senator Kyrsten Sinema Wears a Mini Dress with Thigh-High Boots on Senate Floor (THIS is

appropriate attire for a U.S. Senator? The people of Arizona must be so embarrassed – except queers.) We're here, we're queer, we will not live in fear

Yes, she looks like a stripper in need of a pole or street corner. What a sad day for America.

Cultural Marxism In Congress Must Be Destroyed

I'm betting millions of Americans are still reeling from the alleged outcome of the elections last November. In a recent column I linked to a [list of Muslims allegedly elected](#). It blew people away because they cannot understand why Americans are so blind to the truth about that America, freedom – hating fake religion.

Two new superstars of the Democratic/Communist Party USA are open socialists just like loon, Bernie Sanders. I warned about the DSA (Democratic Socialists of America) holding 57 seats in the U.S. House back in 1996. In June 2005, I wrote yet another column, this one for WorldNetDaily, about this immediate danger: [Insanity: Socialists, communists serving in Congress](#)

Still, the relentless machine of communism continued to march on and look what we have today infesting the halls of Congress like a plague. A 29-year old mush head (Yes, her cranial area is nothing more than an echo chamber) who has taken Washington by storm. A very dangerous female who has absolutely ZERO knowledge of our constitutional republic.

[Ocasio-Cortez wants to control '3 chambers of Congress](#)

"If we work our butts off to make sure that we take back all three chambers of Congress – uh, rather, all three chambers of government, the presidency, the Senate, and the House..." she explained.

"[Molly Prince at the Daily Caller News Foundation reported](#) the "progressive darling" and self-proclaimed Democratic socialist "seemed to be confusing the two chambers of Congress, the

House of Representatives and the Senate, with the three branches of American government, the Executive, Legislative and Judicial.”

“The report points out she graduated cum laude from Boston University in 2011.

“Radio host Rush Limbaugh on Monday called Ocasio-Cortez the “It Girl” of the Democratic Party “who doesn’t even know what the three branches of government are.”

“[This is American public education at work](#),” Limbaugh said. “She’s a former bartender. You gotta wonder if she knows the difference between Scotch, bourbon and whiskey. You know, the three chambers of liquor.”

Another dangerous nut job is a Somali Muslim who apparently married her brother. Ilhan Omar denies it, but if you read this article on PJ Media – a source I trust – I believe she’s lying. Read the article:

[State Rep. Ilhan Omar \(D-MN\) Swore to Apparent Falsehoods in Court – While Divorcing Her Alleged Brother](#)

[Petition to Impeach Vulgar Trump-Hating Loon Rashida Tlaib has 174,000 Signatures](#) – Another dangerous Muslim allegedly elected to Congress of ‘impeach mother F–er Trump’ fame. Another lying Muslim but as I said in a previous column, they are taught to lie from birth to promote Islam.

“RASHIDA TLAIB of Michigan was fraudulently elected to our house of representatives during the November 2018 primary election process. She lied about living in Detroit using her father’s house address... she never lived there...she lived in Dearborn...her father has verified this... you must live in the district you are running in to represent. We demand a full investigation and recount of every vote that she supposedly received... we also demand a full list of all campaign contributions and who donated to her since she is said to have

ties to terrorist organizations such as HAMAS, HEZBOLLA , CAIR & the Muslim Brotherhood.”

Inbreeding is rampant in the Muslim world.

[The One About MUSLIMS BEING INBRED](#)

‘Everywhere in the western world, people look at the savage violence that is a daily occurrence in the Muslim world and shake their heads in stunned disbelief. A pastor of a very small Christian flock in Florida burns a Koran. Weeks later at literally the global antipode, Muslim imams drive through neighborhoods in a vehicle with loudspeakers attached, calling the townsfolk to riot. The townsfolk respond, and before it is all over, at least 22 innocent people are dead at the hands of these townsfolk, with at least two of them beheaded. How is this possible? How can this be? How can human behavior and culture be so monstrously different? Is this difference attributable to nothing more than environmental nurture theory?

“No. There is something else. There is a catalyst – absent in every other culture on earth – that has poisoned the cultural soil, thus yielding the fruit of bad harvest for nearly 1,400 years. That catalyst is inbreeding. As a direct result, the Muslim population is mentally developmentally disabled on a mass scale.”

[Muslim Inbreeding is a Huge Problem–And People Don’t Want to Talk About It](#) – Marriage between cousins remains rampant in much of the Muslim world. And the results are truly tragic. Genetic defects.

A full investigation by the [House Ethics Committee](#) must be opened. Whether she married her own brother and lied about it on court documents, culturally or for immigration reasons, it doesn’t matter.

Creeping socialism has been underway for a long time yet most

Americans have little or no understanding of that political ideology any more than they do about communism and Fascism. Limbaugh is absolutely right – as millions of us already know – it's the public toilet system they call schools.

Nothing more than incubators for socialism so by the time these millions of sadly under educated young adults get to college, they shove Marxism down their throats. Your tax dollars support many of those same colleges and universities peddling poison.

And, it's not just Congress infected, the vermin is in our state capitols, judges and elected offices all over the country. Our constitutional republic, sold as a democracy, is teetering *and if people don't get off their duffs, we cannot defeat our domestic enemies.*

When I say Cultural Marxism in Congress must be destroyed by that I mean any incumbent who pushes that ideology has to be thrown out of office in 2020. Any candidate who vomits up that puke by the gallons, i.e., Alexandria Ocasio-Cortez, must be defeated in the next primaries. Yeah, it is that close as time flies.

How can we the people do it? Like any other problem you want to solve. One step at a time with a game plan for success instead of failure. **AND, courage. Courage to stand up and say no more.**

First, we have to stop illegals from voting in the primaries. **I've been hammering on this for decades.** EVERYTHING depends on defeating these America haters in those primaries because otherwise, come November, its hold your nose and vote. **When are Americans going to stop doing the same thing over and over that produces the same failure?**

[The time to start on 2020 primaries is today](#), November 8, 2018

"The general election of 2018 is over. The GOP primaries of

2020 should begin now if we ever hope to build a meaningful majority in Congress.

“While disappointed with the results from the House races, conservatives are likely happy that Republicans appear to have netted three Senate seats and flipped the de facto Democrat seat of Bob Corker from Tennessee with the election of Marsha Blackburn. Rather than going back into our caves like a bunch of Election Day groundhogs, we should begin focusing on the 2020 Senate primaries now.”

I know. Election burn out. Fighting the bastards on this issue and fifty more. Trying to work and put food on the table. Summer will be here before you know it. I know.

But we’ve run out of time. Once people understand the big picture then you don’t have to fight so many fires. You destroy the cancer instead of just treating it.

All over this country we have to demand paper ballots. Where I live our county has new, modern voting equipment. I can tell you, I’m not well liked because I keep raising the argument that those machines can be hacked.

Do people really think all the socialist newbies and progressive candidates (communists like Kamala Harris [Sen. CA]) actually got elected? Don’t believe it any more than you should believe some of the long- time incumbents in the GOP, once again, managed to smash constitutional candidates in order to keep their establishment RINO/globalist in office.

This can only be done at the grassroots level unless your state legislature can be persuaded to junk the machines and scanners in your state and return to hand counted ballots counted in front of the public. **Otherwise, we will continue to allow vote fraud to dominate our elections along with dirty voting rolls and allowing illegal aliens to vote.**

[How Judicial Watch Won the Battle for Election Integrity in](#)

[Los Angeles County, CA](#)

Next: We MUST defeat the ideology that has infected our nation: Cultural Marxism.

What is Cultural Marxism? The majority of Americans know nothing about this toxic poison gradually injected into our culture over the decades through the schools, the sewage coming out of Hollywood, political parties and churches. Yes, churches.

Churches who support the myth called same sex marriage, support sexual deviants, abortion ([Leftist Grandmothers Launch New Group to Promote Abortion – Want their Grandkids Aborted](#)), the mental illness called transgenderism, bastardizing the real meaning of the Bible and every other destructive cultural trend destroying this country. Too many churches today are nothing more than feel good get-togethers.

Communism CANNOT grow and thrive in a country that is dominated by real Christians. That's why it's imperative to destroy God and Christianity in America.

[Democrats Kamala Harris and Mazie Hirono Push Anti-Christian Bigotry against US Judges](#) (Of course she would. Hirono was *born in Japan* and is a [Buddhist](#) so she attacks a Catholic. "Thou shalt have no other gods before me." Last time I checked, Buddha isn't God.)

But, how and when did it get started? How has it affected our beautiful republic and the family unit? How did it give us this useful fool? Drudge: Ocasio-Cortez becomes TWITTER queen. [Alexandria Ocasio-Cortez has more Twitter power than media, establishment](#)

Well, my mother always said: The bigger they are, the harder they fall. We can make it happen.

Cultural Marxism – The Corruption of America is [available in DVD form](#). Order it and pass it along to family and friends. We MUST get Americans to understand what is being done to us.

It is also free on You Tube. [You MUST take the time to watch this presentation](#). *Other things can wait. We are in deep, deep trouble so it must be priorities vs importance.* I know some of the individuals in this documentary and know of all of them. **Watch it and then get the link out on every social media you can.**

“We, who were raised in pre-nihilist America, find most of today’s movies, TV programs and literary works hideous and depressing. We cringe at the obsessive sexuality of Hollywood’s cinematic pretensions, at its love affair with anti-heroes, and the reprehensible way it so cavalierly saturates its stories with over-the-top violence. We find ourselves aghast at how much boorish mediocrity and phantasmagoric ugliness pulsate through the commercial byways of modern America calling itself “cutting-edge art from the avant-garde.”

“And we wonder what is it that has wrought such decadence – where once righteous ideals and a heroic sense of life prevailed? Is there a reason, we lament, why we must endure movies about sniveling Ratso Rizzos instead of dashing Rhett Butlers and plucky Gunga Dins? Why miasma and moroseness now dominate the social stream instead of the spirit of magnanimity and unbridled optimism of our ancestors?

“Why sweet drug poisons such as “crack” and “Methamphetamine” invade the lives of callow youths in ghetto and country club alike? Why middle-class Americans (who once worshiped self-reliance) now shamefully demand more and more entitlement handouts from government? Why our elected leaders in Washington have become despicable quislings slithering around in Machiavellian muck?

“Why family life and marriage, the very founts of civilization, are treated so shabbily by psycho-babble experts? Why androgyny is so zealously promoted by liberals on every other television show and homosexuality is pawned off as a “Marlboro Cowboy life style?” Why tradition and honor are scorned by professorial elites pontificating endlessly about how America’s original moral principles were repressive?

“There is indeed a reason why this tragic disintegration of American life’s value has swept over the country this past century. It is called “Cultural Marxism.” It is not the only reason why our culture is collapsing into decadence, but it is perhaps the most important reason. Cultures are vast mosaics of human aspirations, loves, needs and fears played out within the context of their time, their geography, their natural wealth, and the vision of their most brilliant thinkers. There are always numerous factors that move a culture toward truth and high-minded freedom or toward fallacy and the dust bin of history.

“But usually there are one or two of the reasons that are paramount while the others are secondary. In this case, the paramount reason is the deliberate ideology of “Cultural Marxism” that invaded our nation back in the 1930s. What exactly is this horrific ideology that has brought our way of life to such a sorry denouement, and how did it originate? That is what Jaeger’s film is all about; and he paints a riveting portrayal of a great country brought to ruin over an 80 year stretch by patiently sinister minds warped by a Mad Hatter’s view of reality.

"In 2007, William S. Lind, a brilliant conservative thinker affiliated with the Free Congress Foundation in Washington, wrote an article titled, "Who Stole Our Culture?" In it he outlined what Cultural Marxism was all about, hammering home for the first time to Americans in general what Cultural Marxism had done to America. The article was a political / sociological tour de force because of the exceptional clarity with which Lind explained the ominous goals of the [Cultural Marxist](#) theoreticians beginning in the aftermath of World War I in Europe, followed by exportation of their agenda to America in the 1930s.

"James Jaeger's film duplicates the brilliance and lucidity of Lind, only with the visual imagery of film. It gives Americans a perceptive explanation as to why our nation is committing insidious suicide under the guise of erecting the false ideal of social egalitarianism. Americans are being dumbed down to a vulgarian's existence with Orwell's famous reversal of definitions ("Ignorance is Strength, Slavery is Freedom") infecting everything in which we partake. Jaeger's film exposes in spades this heartbreaking destruction of the Republic.

"The film's power lies in its haunting imagery and conceptual resonance. Thus, it offers a wonderful educational tool to spread the word to the populace about how and why we as a people are so apathetically condoning enslavement and decadence.

"Our most treasured values have been turned upside down in a diabolical, "behind-the-curtain," Marxist orchestration that has taken over our schools, churches, movies, publishers and media in the way gangrene spreads its pustules up the length of a man's legs to invade his body's core where the lungs and heart reside."

[You take the time away from distractions and watch it.](#) This way we all learn and can then tell ten people to watch it who

then spread the message across this country. From sea to shining sea and border to border. For all Americans.

Then we are armed with the truth to destroy this cancer eating our country like 'Political Correctness'.

Then we are armed to reject slick talking candidates selling socialism and communism on the campaign circuit.

Then we are armed to stand up and say no to the people destroying this country, our liberty and freedom all in the name of the toxic 'democracy' sales pitch when it is in fact [Cultural Marxism](#).

Only we the people can save this country.

The second MUST watch which has been around for quite a while and should be in every junior and high school in this country: [A More Perfect Union: America Becomes a Nation](#)

That DVD is truly a treasure. It should be watched by all adult aged Americans – especially naturalized citizens so they can understand and appreciate all that went into birthing this republic. You may know, but there are tens and tens and tens of MILLIONS of Americans who have no clue.

We cannot defeat our enemies without being armed with facts, accuracy and truth. Cultural Marxism is first on the list. For full disclosure, I do not and have not ever received any compensation for books or DVD's I promote.

Note: For a thorough, comprehensive education on the Fed, the income tax, education, Medicare, SS, the critical, fraudulent ratification of the Seventeenth Amendment and more, be sure to order my book, [Taking Politics Out of Solutions](#). 400 pages of facts and solutions.

DAILY UPDATE (January 4th to 6th: December Payrolls Reporting Fraud/Nonsense and Revised Unemployment (Detail Posted), Commentary No. 981 (Posted.)

- **“LATEST ECONOMIC RELEASES: (Jan 4) December 2018 Employment and Unemployment, and Payrolls** (Bureau of Labor Statistics – BLS) Surging December payrolls were a reporting fraud, a canard, no more than massive prior-period revisions “recalculation of seasonal factors” that shifted growth from past months into the October 2018 to December 2018 timeframe, without showing the headline downside revisions to the earlier months from which the growth was borrowed.

“Unadjusted October and November payroll numbers revised negligibly higher, while the seasonally adjusted data revised sharply higher and surged further in December. The not credible headline December jobs gain of 312,000, was a nonsensical 370,000 net of prior-period revisions.

“The effective reporting fraud and standard gimmick here is that previously reported data, back more than two months (before October) from which much of current headline growth was borrowed, are not reported as revised with the current headline data. That revised reporting is seen only the annual benchmark revision, which will not be published until next month (this reporting gimmick is reviewed regularly by ShadowStats, as last detailed in Commentary No. 979, Supplemental Detail).

“December **U.3 Unemployment** jumped to 3.86% (headline 3.9%), from a revised 3.70%, previously 3.67% (headline 3.7% in both cases), versus a revised headline 3.8% (3.76%), previously

3.7% (3.74%) in October, in the context of annual revisions to the seasonally adjusted Household Survey (unemployment/employment) data. The broader U.6 rate held at 7.59% in December, versus a revised 7.58% (previously 7.57%) in November and an upwardly revised 7.5% (7.45%), previously 7.4% (7.40%) in October.”

“The ShadowStats Alternate Unemployment rate, which counts the long-term displaced and discouraged workers not accounted for by the government (discouraged workers disappear from the rolls after one year), held at 21.4% in December versus an upwardly revised 21.4% (previously 21.3%) in November. Detail has been graphed on the Alternate Data Tab (click above or on the mini-graph below). Five years of revised hard data are available there to subscribers.”

Believe me and I’ve said it before, I am very happy for every American who has finally found a job. However, individuals out of steady work for prolonged periods do fall behind on their financial obligations which take a long time to catch-up. The same for people living paycheck to paycheck.

Not to mention there was no real ‘recovery’ after the gutless, ignorant cowards in Congress were caught with their pants down in 2008. A financial meltdown everyone who understood what was actually happening but ignored by the masses out of ignorance or willfully not paying attention.

[Inventory of homes for sale is soaring in Las Vegas](#), Dec. 14, 2018: “If you want a sign of Las Vegas’ housing slowdown, just look at the rising tally of sellers who can’t find a buyer.

“Around 7,000 single-family homes were on the market without offers at the end of November, up a jaw-dropping 54 percent from a year earlier and the highest level in two years, according to Greater Las Vegas Association of Realtors data, which the trade group pulls from its resale-heavy listing service.” (Slowing? The patient is nearly dead.)

It's not staying Vegas, either: [New Home Sales Collapse 8.9 Percent Even as Prices Fall](#), Nov. 28, 2018. This is exactly why I rushed to get my house on the market, October 26, 2018. It sold in the blink of an eye but I knew what's coming.

The 'Fed' raised interest rates in September. I felt they would do it again in December. If I wanted to get out of my big mortgage, which being a widow I felt I should, it was time to make my **move just as I did in 2006 and escaped the tragedy millions of Americans experienced.**

You see, all this has one thing in common: The Central Bank known in this country as the Federal Reserve which is no more Federal than Federal Express and has no reserves. And the debt that continues to be fed by YOUR Congressional representative **is going to explode** and kill us off.

Jim Rickards: [The United States Is Going Broke](#), Nov. 7, 2018

“When is the debt-to-GDP ratio too high? When does a country reach the point that it either turns things around or ends up like Greece?

“Economists Ken Rogoff and Carmen Reinhart carried out a long historical survey going back 800 years, looking at individual countries, or empires in some cases, that have gone broke or defaulted on their debt.

“They put the danger zone at a debt-to-GDP ratio of 90%. Once it reaches 90%, they found, a turning point arrives...

“At that point, a dollar of debt yields less than a dollar of

output. Debt becomes an actual drag on growth.

“Again the current U.S. debt-to-GDP ratio is 106%. We are deep into the red zone, that is. And we’re only going deeper. The U.S. has a 106% debt to GDP ratio, trillion dollar deficits on the way, more spending on the way.

“We’re getting more and more like Greece. We’re heading for a sovereign debt crisis. That’s not an opinion; it’s based on the numbers.

“How do we get out of it?”

“For elites, there is really only one way out at this point is, and that’s inflation. And they’re right on one point. Tax cuts won’t do it, structural changes to the economy wouldn’t do it. Both would help if done properly, but the problem is simply far too large. Growth would have to greatly exceed current levels, and that’s just not in the cards. There’s only one solution left, inflation.”

You know what that means? The cost of food and everything else goes up and up and up.

[Ron Paul On 2019: Rough Times Ahead, But Liberty Can Still Win, Jan. 1, 2019](#)

President Trump, in between fending off manufactured accusations (Russia Collusion) and stinking Demorats and RINOs in Congress, went after Jerome Powell, head of the beast, the ‘Federal’ Reserve, this last December. Whoa! An American president actually butting horns with the chief thief?

Well...I have to say I’m wondering about that. Trump knows all about currency manipulation and interest rates. As an international businessman dealing in billions, he understands and also knows what inflation will do to an economy. But his financial advisers are snakes who come from the beast or an entity like Goldman Sachs. **We all keep saying you can’t empty**

the swamp by bringing in new alligators to replace the old ones.

While the author of this piece is very unkind to Trump regarding the 'Fed' and a fight, he does bring forth very valid concerns which is why I think people should read it: [Trump vs. The Fed: When Markets Crash, Who Is To Blame?](#) As Patrick Henry said, "I have but one lamp by which my feet are guided; and that is the lamp of experience. I know of no way of judging of the future but by the past...Suffer not yourselves to be betrayed with a kiss."

[Dr. Edwin Vieira has written some of the most comprehensive pieces](#) on the Central Bank and fiat currency. Even if the 'Fed' were abolished and audited tomorrow, it can't stop what's underway. The big red warning signs are everywhere. It is why he is so keen on constitutional sound money bills for the individual states.

Born out of the 2008 predicted crash came the Tea Party Movement. **A glorious thing to see.** Millions of Americans who got 'woke up' either through personal pain and loss of assets or because they could finally see what out-of-control spending is doing to our country.

After a few years, one didn't hear much about the Tea Party Movement although an encouraging number of individuals were elected to state houses and Congress backed by the force of the movement. But that seems to have waned badly the past few years.

Now, I don't claim to know what every Tea Party chapter in America is doing. I have been on many web sites representing Tea Party groups. It seems their focus, like millions of Americans, has been on current political rot and intrigue. One cannot ignore what's been going on with DOJ & the FBI.

What needs to happen is the Tea Party Movement devote their time and resources in exposing the truth about how Congress

can continue borrowing (The candy store known as the 'Fed') and **why this accelerating debt will destroy us.**

I began my journey nearly 30 years ago and it all started when I became aware of the 'Fed' other than just a government agency (which it isn't), what is fiat currency, why it destroys a country and why it will destroy this country. The control of our currency IS the head of the beast and having two chickens in every pot (hey – happy days are here again!) won't mean squat as it didn't in 2008 when the bell finally tolled.

Several months ago, I randomly chose ten different Tea Party chapters and sent a complimentary copy of my [Why A Bankrupt America booklet](#) to them with a short letter explaining how important it is for Americans to understand not only the problem but the only solution left to us.

Not one of the chapters or individuals purchased a single copy of the booklet. I might as well have thrown my money in the garbage.

When I put the booklet out in February 1993, I did no advertising except being a guest on radio shows; I had no income because I was doing this work without pay and my late husband only made so much at his job. By mid-2004 I had sold, at cost, 1,653,000 copies of the booklet. *All done by word of mouth and over-the-fence networking.* Very few authors can say the same thing.

One person buys ten copies for ten family members or friends. Those people know ten people who order and give to ten more or 25 or 50 at a time at gun shows,

conventions and conferences. Before you know it, just like the first time I made my booklet available, I shipped 1,653,000 copies.

I decided to put out an updated version last year but I can't just give them away. I don't have President Trump's money. The printer has to be paid, the post office, envelope. The cost is cheap but the facts inside the booklet as well as the solution is priceless in **getting the truth out there in a way average Americans (like me because I did not understand this issue at the beginning) can understand it and realize the inferno staring us in the face.**

At the height of the Tea Party Movement it was estimated to have about 4 million members zeroing in on spending and the debt. As time went by, I know many who left their local chapter because they felt the Movement had been

compromised at the top. People felt the Tea Party Movement had its moment and you really don't hear much from them compared

to their massive activism and *unity* at the beginning.

Sept. 12, 2009, Washington, DC, the Nationwide Tea Party Coalition. Look at those numbers:

When I started POWER (Project on Winning Economic Reform) in 1993, people wanted to know how they could join my organization. My response was this is not an organization. **It has to be done at the grassroots level and not get entangled with politics and egos. It has to be done by We the People at the ballot box armed with the facts.**

There are very few organizations that I'm aware of going on 30 years I feel have remained independent, strong and dedicated, i.e. Tom DeWeese's American Policy Center, ALIPAC and the National Association of Rural Landowners (NARLO). I'm know there are more so please forgive me for not mentioning them but I can only squeeze so much into one column.

We all know the devastation after the last crash which led to a severe recession. Perhaps you or a family member or friend lost their job, home or saw their 401(k) take a nose dive that hasn't recovered. We're going to see worse this time around. You see the stock market acting like a maniac and Trump adviser, Larry Kudlow saying there isn't going to be a recession. It leaves me speechless.

Trump is doing what he can with trade and creating jobs. But,

as long as the 'Fed' controls our currency and money we will never have true economic freedom and prosperity. We will be forced to continue renting our own worthless currency.

[If only 50% of the Tea Party chapters in this country ordered copies of my booklet](#) and gets it distributed to their members who hopefully then order and get to their family and friends, we will build numbers just as the first run for my booklet.

When millions of adults who can still think get educated from reading this 'primer' and go after their state legislatures and booting incumbents out in the 2020

primaries we can bring down the monster. The Internet is vast; more than 3 billion pages. Web sites are in the hundreds of thousands in this country, if not millions. If you don't know where to look or don't own a computer and a lot of senior age Americans don't, you can get the facts or solutions.

[That's the beauty of my booklet](#). It's in hard copy form that can be read quickly (less than 40 pages) and contains resources to back up what I have written – all in short form. When people find out not a penny of their tax dollars fund a single function of the government but rather it all goes for 'transfer payments' it gets their attention in a big way.

Hopefully, once people read the booklet, they do more research and then become part of the solution and I mean individuals who belong to the two 'main' political parties, the Libertarian Party, the Constitution Party or no party.

Like Tea Party chapters across this country. Otherwise, if you don't know how a problem got started you can't implement the solution.

"Then I say, the earth belongs to each of these generations during its course, fully and in its own right. The second generation receives it clear of the debts and incumbrances of the first, the third of the second, and so on. For if the first could charge it with a debt, then the earth would belong to the dead and not to the living generation. Then, no generation can contract debts greater than may be paid during the course of its own existence." –Thomas Jefferson to James Madison, 1789. ME 7:455

As of today, we have dumped \$22 TRILLION dollars in unpaid debt onto our children and grand kids. How shameful.

2019: The Year We The People Say No More

The trashing of President Trump continues unabated. His wife is constantly attacked by the prostitute media for “not doing enough”, but mostly they focus on her wardrobe and her “lack of fashion taste.”

Really? The attacks are silly but done with cat-clawing malice. Meanwhile, the same prostitute media hail every thread worn by the impostor former First ‘Lady’, Michelle Obama. As big a fraud and liar as that thing she’s married to. Let’s take a look at what those media mavens recently went nuts for gushing how fabulous Michelle looked:

Ain't

Moo-
shell.
The
yellow

unflatt

ering and doesn't fit her, it looks like a bad imitation of lingerie in a whorehouse. Those thigh-high street walker boots with glitter from top to bottom cost \$4,000 bux. I laughed. And so is Moo-shell all the way to the bank. Useful fools have purchased three million copies of her book.

But, that is the kind of nonsense the thoroughly disgraced media owned by the Democratic/Communist Party USA focuses on instead of what the 'mainstream' media used to and that is real news and investigating corruption from a neutral standpoint.

If you think 2018 was a rotten year, just wait. It was a very dark day for America when Nancy Pelosi became Speaker of the U.S. House of Representatives. I wrote a column on that January 8, 2007, titled: [Pelosi & Her Brassiere Brigade](#):

"The swearing in of Nancy Pelosi was covered ad nauseum on all networks January 4, 2007. Her coronation as Speaker of the House was hailed as historic! A step for equality! The term equality meaning female instead of one's complete knowledge of the history of this republic and founding documents. Her Highness has made the promise of bi-partianship; hold on to your wallet and don't enlist in any branch of the military any time soon. Make no mistake about it: Pelosi's crowning will be

one of the darkest days for freedom and liberty in this country and another gigantic step towards communism, fascism and further weaning the American people into total dependency on mother government.

“This last pretend election cycle, voters heard the same old recycled mantra from female incumbents and candidates. The Sisterhood of Sycophants relentless carping on “women’s issues” in furtherance of “empowering women,” “for the children,” and “building the community” (pure communism). What absolute bilge.

“The feminization of Congress has been destroying constitutional government for decades, running America into oceans of unpayable debt and breeding generations of helpless women, whining for mother government to take care of them and their every need.”

Nancy Pelosi has early stages of dementia. I know. I’ve dealt with it with my 91-year old mother for about the past 6 years or so. I also had 20 hours of training on that terrible mind destroying process when I worked briefly two years ago for a veteran’s home. I know what I’m talking about.

Pelosi is having a spot of trouble – being a legend in her own mind – with some of the newbies coming in **like LOON BAG communist, Komrade Alexandria Ocasio-Cortez (D-NY)** and Muslim females who should NEVER be allowed to serve in the U.S. Congress. No, not because of their religion because Islam is NOT a religion. It is a totalitarian political party disguised as religion. [See page 5](#):

“So if Islam be a ‘Religion’ and the Muslims are a ‘Nation’. ‘Jihad’ (on account of which it has been accorded the dignity of ‘The Best of all Prayers’ in Islam) becomes useless term. But the truth is that Islam is not the name of a ‘Religion’, nor is ‘Muslim’ the title of a ‘Nation’. In reality Islam is a revolutionary ideology and programme which seeks to alter the

social order of the whole world and rebuild it in conformity with its own tenets and ideals. 'Muslim' is the title of that International Revolutionary Party organized by Islam to carry into effect its revolutionary programme. And 'Jihād' refers to that revolutionary struggle and utmost exertion which the Islamic Party brings into play to achieve this objective."

Rep.-elect Ilhan Omar (fools in Minnesota allegedly elected her) wants a 237-year old ban on head gear worn on the House floor over turned so she can wear her hijab. I say go take a hike. [Another stinking progressive](#) ("The LGBTQIA+ community's struggle did not end with the legalization of same sex marriage. People in the queer community are disproportionately affected by the same issues we all experience.") **who has NO idea what the Declaration of Independence or U.S. Constitution say or mean. Nope.**

She's right out of Karl Marx.

There is no such thing as a 'moderate' Muslim. Their goal is and always has been domination and take over of countries not assimilation. Muslims should have never been allowed into this country, period.

They are the giant Trojan Horse everyone is terrified of calling them out for fear of being smeared with some label. Not me, thank you. Stupid, 'tolerant' Americans can't seem to see what Muslims really are: violent savages. If you do not get on your knees and commit to Allah you ARE an infidel and must die. I feel very sorry for humans trapped in that phony religion. Instead of being free they are little more than slaves.

It's actually frightening because their open agenda is to 'change America'. Remember the criminal impostor president Barack Hussein when said he wanted to 'fundamentally change America'?

If anyone doesn't think this take-over of the U.S. House of Representatives by the Democratic/Communist Party USA is a national disaster they are either completely ignorant of their agenda or don't care as long

as the Demorats continue to promise them every 'freebie' under the sun from your wallet.

Two bills that die today that should have been passed by a Republican controlled Congress: Stop federal double taxing of social security benefits and getting America out of the toxic NWO headquarters, the UN. Tragic for our country.

[UN: Organization of Islamic Cooperation \(OIC\)](#): After dumping millions of Muslims into Western countries, the replacement of Western civilization with Islam begins

Yeah, things are pretty bad not just on the political front but the in-your-face efforts to destroy Christianity in this country and force filth down our throats. Today is a holiday. A good time to get caught up with facts. These two columns are excellent:

[Gaia Worship Gaining Momentum in the Heartland](#)

[When Are Christians Going To Care About This?](#)

Conservatives in Congress the last two years under the 'leadership' of (expletive), Paul Ryan and Mitch McConnell did what they always do: Conserve massive unconstitutional spending bankrupting this country. Yeah, those Republicans and if you think they were bad, get ready for the likes of Pelosi,

King of Proven Liars, Adam Schiff (he really is mentally ill), imbecile Gerald Nadler and all the incoming Democrats who are drunk with power before they are even sworn into office.

Republicans had the perfect remedy to stop illegals from crossing the border. Four long years I have pounded on this over and over and over. Letters to various senators and reps in Congress all unanswered. Oh, there are a handful of really good Republicans in Congress which is why I don't understand why they ignore this solution?

[GOP Rep. Brooks: How Much American Blood on Hands of Pelosi, Schumer Before They Help with Border Security?](#)

Reintroduce the strongest anti-illegals bill ever written. A bill introduced by former Senator Harry Reid which also obliterates the myth of anchor babies. I have no doubt Trump would have signed it and yet not ONE Republican member of Congress even talked about this bill, never mind introduce it despite efforts by me and so many others. In the meantime, today, tomorrow and the days afterwards, a dozen Americans will die at the hands of an illegal alien.

[Stanislaus County Sheriff Adam Christianson](#) says that California's sanctuary laws protected suspected gunman Gustavo Perez Arriaga from deportation.

"He said: 'This is a criminal illegal alien with prior criminal activity that should have been reported to ICE'. Arriaga is a Mexican national who illegally entered the U.S. several years ago. He's affiliated with the bloody gang Sureños and has two previous DUI arrests. Arriaga was arrested Friday in Bakersfield, California after a two-day man hunt. He's suspected of shooting dead Newman cop Corporal Ronil Singh, 33, on Wednesday after 1am after he was pulled over on suspicion of DUI."

A policeman, married with a 5-month old son killed by another drunk Mexican here illegally while Pelosi vacations at a \$900

a night suite in Hawaii during the current government shut down she owns along with Chuckie Schumer.

Permanent solution, my column:

[A Bill: Stop all Public Welfare in Any Form for Illegal Aliens](#)

– This alone will drive MILLIONS of illegals out of this country. A spiked 30' wall will keep them from invading us.

The other solution is the constitutional militia. Rabid dogs in the Democratic/Communist Party USA have taken to screeching about the Posse Comitatus Act and troops on the border. Not one of them has read the U.S. Constitution. President Trump for some unknown reason has NOT exercised his full authority to use the military to stop the invasion killing us.

The solutions are there, folks. We just have to get enough Americans on the same game plan but that requires getting them educated and motivated to quit being distracted by the vomit coming out of the mouths of junk yard dogs in DC and making the sacrifice of their time and resources to save this country.

As I mentioned in a recent column, I joined my local GOP Club which meets once a month. I'm doing everything I can to get these fine, decent Americans up to speed without scaring them half to death. They all have [a copy of my booklet on the Fed](#) and why, despite President Trump's best efforts, that cancer on our financial well being continues to kill us and I'm not exaggerating. The worst is coming.

All politics are local. Those chapters talk to leadership around the state. They are plugged in and each one of them know ten people who know ten people and before you know it, a million people get the truth.

Americans also have to stop being distracted by the diarrhea that comes into my email box every day. Dirty globalist traitor (he was) George H.W. Bush was 'taken out'. The other

day I got one which said Ron Paul has been murdered and an impostor is now acting as him. Are you kidding? Who believes this garbage? No wonder there is no cohesive real freedom movement in this country.

We MUST act at the local level. We the people MUST educate as many Americans as we can about freedom and liberty and how to restore America to a constitutional republic.

Back in 2005, Dr. Edwin Vieira began writing a series of columns on **true homeland security**. What is martial law compared to the ignorant baloney I see on the Internet every day. Martial law is going to be declared tomorrow by the Demorats or Joe Flatface! What these people actually know about martial law would fit on the top of a pin.

First, I hope you will **get these columns and Edwin's video below out to your email list and share on every social media there is**. Explain to your friends and followers that we must understand the Constitution to solve the problem.

I want you to take the time to watch this video. **It is a must and not more junk on You Tube:**

Next, get this DVD: [The Purse and The Sword](#)

"This is an amazing presentation but one of the great Constitutional scholars of our time. A man who understands money and power, our Constitution, our present situation,

actual Economics (not “policy” economics, which is the stuff you hear on the news and from the government). Please, if you are reading this, buy this DVD set now and watch it the day it arrives (though it is 8 hours, so pack a lunch). It will blow your mind, and it is one of the only things I have ever heard that has a chance of doing lasting good, and actually working.

“Vieira understands that you can have all of the paper rules you want, but they will be as good as the paper in your wallet i.e. depreciating every day, and abused whenever the State feels like it. His plans, if carried out, might actually help the people take the country back from the thieves and sociopaths who have hijacked the government.

“In a nutshell, Dr. Vieira offers a workable, constitutionally legal plan to end the power of the fiat money regime, return those who want it to sound money, and provide a check against the growth of the totalitarian “homeland security state,” while showing the way for TRUE homeland security. I could go on and on, but could not do it justice. Please, please buy this DVD and watch it. Then make your friends watch it.”

This is an 8-hr presentation. Hold meetings and show the segments. When I put out my [Why A Bankrupt America](#) booklet in 1993, I did no advertising until the day I retired it in 2004. I sold, at cost, 1,653,000 copies. All by word of mouth and appearances on radio. I decided to make it available again last year. We can do the same with the DVD above.

This is what we the people must do. We must get the constitutional solutions to the average American out there and our state legislators. **There’s a lot going on in the legislatures but the constitutional militia and a constitutional sound money bill are THE two issues legislatures refuse to touch.**

Nothing will happen until we the people put such heat on them, they fear the next election. That won’t happen if we the

people do nothing. If we the people are not willing to give up leisure time, play time, ignore the distractions and work towards the solutions, it will only get worse.

Our country is being destroyed right in front of our eyes. Land owners are losing the fight against a behemoth government over stepping its constitutional authority. Unconstitutional agencies like the EPA and Federal Department of Education continue to get funded doing huge damage to this country. The list goes on and on and on.

Nothing will change and we will continue to slide down the razor blade of a totalitarian government under both parties if we don't make 2019 the year of NO we the people are not going to be pushed around by corrupt politicians like Pelosi, Schumer, Feinstein and too many Republicans.

No, we are not going to stand for our children being brainwashed in public schools teaching 5-year old little boys they can have a menstrual period or hosting drag queens 'twerking' in front of elementary age children nor are we going to be bullied by the sexual deviant movement out there.

[Satan Welcomed Into Public Schools](#) – Is it any wonder why so many parents are home schooling? This is sickening.

No, we the people are not going to take it anymore. We demand the invasion be stopped now, the walls built where needed along the border and Harry Reid's old bill for starters. **If we the people are too afraid to say no to both Congress and our state houses, it's over.**

(I just want to say thank you to the hundreds of people who sent me a Merry Christmas email. I'm sorry I can't respond to each one but I want you to know I appreciated all of them.)
