

Muslim Rashida Tlaib in Our House of Representatives: A Jihadist

Thankfully, The U.S. House of Representatives censured Jihadist and Palestinian Rashida Tlaib, (D-MI) for her obscene support of Hamas' brutal slaughter of children, mothers and the elderly in Israel on October 7, 2023.

Islamophobia: Why We Need It In America

The Koran and Sunna states that Sharia supersedes all nations laws, including our constitution. When she swore in on the Koran, she is saying that the Koran is above our constitution. No true Muslim can swear to defend our constitution from all enemies foreign or domestic because they don't believe it's worth saving, but Sharia Law is.

United States of America: Unraveling at the Seams

Our president and U.S. Congress have allowed over 8,000,000 illegal aliens, along with terrorists to enter our country in the past 34 months. The president of our country "really"

doesn't know what day of the week it is...and because of his dementia, he cannot pass a mental competency test to save his life. Instead, he's killing America. Or, at least his wife and/or his handlers are killing our country.

Balkanizing America to a Point of No Return

Let all Americans bow their heads in prayer at the loss of actor/comedian Mathew Perry this past weekend. He created laughter, joy and smiles throughout his ten years on the sitcom, "Friends." He battled alcohol and drug addiction throughout his life. We suffer millions of Americans in our country battling alcohol addiction as well as hundreds of thousands of drug addiction deaths.

A Journey Through Cancer: Our Poisoned Food Supply

The one thing I wish is that every American learn to avoid poisoned foods such as the GMO's or Monsanto's poison Roundup sprayed on crops. I loathe all the chemical additives in foods. I forever am angry that supermarket "foods" are filled with sugars, high fructose corn syrup, and another dozen forms of sugars. I hate the MSG's in fast foods that cause people to be "forever hungry", so they buy that second Big Mac, Fries and that poison liquid of Coke, Dr. Pepper, Mt. Dew, or Pepsi.

It's Crazy Out There in America Today: It's the Little Things Killing Our Country

If you think it's "crazy" in Israel or Ukraine right now, just wait a few years as we keep importing "crazy" into America. The Islamic imams in Sweden have already bragged that Sweden will become the first Islamic State in Europe. They will outnumber the Swedes within a few decades because of their screaming birth rates.

It's Crazy Out There in America Today: And Around the World

Now, we have President Joe "Alzheimer's" Biden telling us to stop global warming by cutting off gas stoves and buying electric cars. At the same time, he just imported 8,000,000 illegal aliens who will be burning millions of gallons of gas by warming their homes, cooking their food, transporting themselves, and consuming our limited resources.

War is the Dumbest Thing We Humans Do, But It's Coming to America

Muslims have built a new \$50 million complex, 150,000 square feet in America. The largest mosque currently is in Dearborn, Michigan (92,000 square feet) wherein Islam has infiltrated all levels of government and society, taking over businesses and out numbering citizens through higher birth rates. Muslims have taken over Dearborn, Michigan. This is Silent Jihad.

If There's Violence on the World Stage: It's From Followers of Islam

"Islam isn't in America to be equal to any faith, but to become dominant. The Qur'an should be the highest authority in America, and Islam the only accepted religion on Earth." Omar Ahmed, director of Council on American Islamic Relations. Let that quote sink into your mind, emotions and feelings for a minute.

America's Eventual Suicide: Joe Biden's Legacy to Future Generations

Make no mistake...the Muslims have a long range plan to be the dominate religion in the world. There is not one case in Europe or the US where their society has assimilated. This is their religious mission. Europe has all but lost to the invasion of Muslims...they now represent 5-10% of the population in every country in Europe...with no assimilation.

What's Happening to America is NOT Fun to Watch

We've lost our youth to "hating" America more than loving our country. We find they respond to their cell phones rather than sit down to dinner with their families. If they have a family! Fact: 7 out of 10 black kids lack a father in the home, live with a single mother and leach off your welfare tax dollars. Total irresponsible behavior by the millions!

Climate Change: Our Absolute

Stupidity and Absurdity of Trying to Save Ourselves

At some point, we Americans will not be able to dodge, deny or escape reality. This “climate thing” will be the final curtain for our civilization. If not the “climate thing”, it will be the “water thing” or “resource thing” or “energy thing.” What’s ridiculous about it? We could have changed course.

You Ain’t Gonna’ Like What’s Coming To America

And there you have it fellow American. The majority of Americans keep sitting on their Barker Loungers sipping beer and devouring pizzas as this nation-destroying nightmare continues. Brought to you by Biden and Congress! We are in deep doodoo.

In 10 to 20 Years, You/We Won’t Recognize America

You can bet on this prediction: your children will not be living in the America where you grew up. There will be NO American Dream. It’s going to be a dog-eat-dog, fight for

food, fight for water, fight for energy, fight for clean air, fight for jobs, and fight for existence like no one in America has ever experienced.

The Rapid Decline of America in the 21st Century

If you look across the American landscape, everywhere liberals dominate, America deteriorates and declines into “jungle” behavior. You have to wonder whether or not we’ve gone so far down that rabbit hole that there is no chance to climb out. What do you think?

We Are Watching the Disintegration of Our Country & Society

With that \$100 billion in shoplifting, that means millions of our citizens are criminals. A Constitutional Republic demands a moral, ethical and personally responsible citizenry. What happens when the thefts reach \$100, \$200 or \$500 billion annually? At some point, our big cities will fall into anarchy beyond solving.

Joe Biden Deliberately Inviting Illegal Invasion of America

After 33 months in office, Joe Biden invited 8,000,000 illegal migrants to invade our southern border. He hired Cuban immigrant Alejandro Mayorkas to make sure our borders are open, free to cross 24/7, and he rewards criminals, drug dealers, sex traffickers and terrorists with plane rides or bus tickets to any city in America.

Allowing Foolishness & Senility to Rule Our Country

Our successful civilization, as we know it or used to know it, stands at the crossroads of insanity, senility, gender craziness and political chaos. We also stand at a critical intersection where our own citizens are being supplanted by illegal and legal invader-migrant(s) replacements. That's right! You and I are being replaced.

Political Cartoon Satire: Hitting Painfully Funny at the Truth

Picture of a massive wall to protect homeowners along an expressway. "Since 1972 the government has built over 3,000 miles of "sound walls" along our highways to "protect nearby homeowners from traffic sounds. If the government can spend \$6 billion on walls to protect the homeowners from traffic noise, why can't it spend \$5 billion on a southern border wall to protect our lives?"

Margaritaville & I Left My Heart in San Francisco

In the end, American citizens of every color, religion, race and political persuasion have enjoyed the utmost finest opportunities in the last 58 years. Thank you, Jimmy Buffet and Tony Bennett and all the rest who entertained us. God bless America!

Travels With Charley II: What

We Saw In Big Cities—Not Too Nice

You cannot help but travel in California to see 170,000 homeless people wandering the streets of the big cities. Los Angeles must be the new capital of human misery, followed by San Francisco. Ironically, both cities are governed by equity, inclusiveness and diversity. The minority leaders and police forces have turned those cities into human ghettos no better than Mumbai, India.

Part 2: Open the Borders to One and All: What's Coming

Wouldn't it be great if Joe Biden would import at least 5,000,000 additional illegal aliens annually, on top of the 1,000,000 legal immigrants annually? I'm certain all those "sanctuary cities" would love to host millions more in their hotels like in New York, Chicago, Denver, Atlanta and beyond. We could see those 70,000 homeless in Los Angeles jump to 170,000 homeless. Wouldn't that be ducky!

Let's Open America's Borders

to One and All: Accelerate the Crisis

This column could give you another 100 really sobering if not frightening examples of what we face with “exponential population growth” brought to us by “exponential immigration growth.” What do another 100 million people added to this country mean in real terms? It means we double the populations of our 35 most populated cities.

The Life You Were Born To Live: Finding Your Way, By Choice

Just for a week, I want to leave my series on Travels With Charley II, to give you or members of your family, especially high school kids, a better understanding as to what they want in life and how to discover their life’s path. Please send this column to any and all family members who have teenagers. Or, any family members who are floundering or are wondering what to do with their lives.

Travels With Charley II:

American Cities Too Large, Too Sick, Too Unmanageable

India has already sealed its horrible present and worsening future. I've seen their mess firsthand. China, oh my God, what a 1.4 billion people mess they created. They can't breathe their air. Their rivers are sewers flowing into the ocean. They cannot feed their masses...that's why they are buying up the rest of the world for food.

Travels With Charley II: In Search of America's Future

Ironically, the Barbie Movie proves conclusively that Americans must tolerate more gender insanities, more "wokeness", more "transgender" senselessness, more racial conflict, more political absurdities and more of the people who are driving this country into the toilet.

Learn How To Dribble A Football: Life Calls You

Can you dribble a basketball? Yes, very easy for just about every kid and adult in America! Can you dribble a football? Some things may be more challenging than others, so pick your

opportunities. Start easy and work your way up.

Cloud Talk—Sitting On a Cloud After You Passed Away

Did you accept the call while you spent your seven decades on planet Earth? Did you break out of a confining life or relationships? Like Noah's struggle with the flood, ultimately, waters cleanse your body, mind and spirit during the journey.

Creating Solitude for Your Spiritual Bliss

In my own hiking times through the woods in acceptance of solitude, I feel the "sweet spot" of temperature playing upon my skin. I feel the essence of light shining through my eyes. I accept my quiet essence pulsing into the energies of life. Once I reconnect with every blood cell charging through my body, I churn with delight.

Live Life On Your Own Terms

Exercise daily to blow off excess energy in the body to release your mind to express itself. Eat healthy foods to maintain a lean frame. That, in turn, allows you emotional balance that originates with your relationship with friends, families and co-workers. For your mental well-being, read books, take classes and express yourself through journaling, painting, sculpting or other art forms.

The Voluptuousness of Living

You face multiple challenges in your life. Thank goodness for that opportunity. Utopian worlds only exist in novels by the likes of Aldous Huxley in Brave New World. If you recall that brilliant story, a couple enjoyed unlimited physical and emotional perfection. They worked faultless jobs for their intellectual inclinations. Did they love it?

Ascending The Spiraling Staircase of Your Life

One of the things I discovered as I traveled through my 20's, 30's, 40's and 50's—once you engage fully with life, you live an eternity with each event whether work or play, good times or otherwise. Your eternity equals your lifespan. It's endless as long as you continue breathing and ambulating.

God Laughs in Flowers

The night before, we slept in the pines along the road on the Lewis & Clark Trail in Montana. We left the main highway on a dirt road that looked very little traveled. Gorgeous scenery everywhere we looked! The night sky featured millions of stars, a full moon, and meteors slashing across the ink-black of space.

What Dream Has Your Name on It?

As a veteran touring rider, and also a day rider—when I travel on my bike, I may stop at an overlook, sit by a river...or simply rest on a patch of grass. I may lay on my back in the grass and look up to the clouds skidding across the sky. They make me dream!

Bicycling Through the Avenue of the Giants

For every bicycle touring rider that pedals the magnificent wonders of the West Coast, perhaps the most stunning, if not

peaceful moment occurs when you enter into the Prairie Creek Redwoods...and later, into the magnificent "Avenue of the Giants" of Northern California on Route 101.

An Amazing Discovery While Pedaling Into Kanab, Utah

On a bicycle tour, you run into every kind of surprise under the sun. You might meet an old high school classmate. You could discover a lost dog and take her under your wing. A tourist stops you to take a picture of you standing alongside of him.

Bikes in Bloom Across America

How about everyone reading this column all across America create a "Bikes in Bloom" in your own cities, towns and hamlets? I already introduced the idea to my Golden, Colorado city council. I presented photographic examples on an overhead projector like you see attached to this column. They loved it.

Stealth Camping: The Good, The Bad, and The Ugly

One evening on the Lewis & Clark Trail in eastern Washington State, we ran into twilight without finding a reasonable spit of land to camp. Fences, pastures and cows pretty much wouldn't let up. At one point, it was either find camp or ride in the dark. I hate riding in the dark.

Our Life Journey Must Include Grief and a Broken Heart

On a long bicycle ride, you feel that joy once you reach the top of a mountain pass. From the grind up Independence Pass at 12,100 feet...to the road leveling off, and then gravity propels you downhill, oh, what a feeling of sheer pleasure! Or, ride along a rushing whitewater river...where the water imbues your cells with energy, joy and happiness.

The Berthoud Pass Lesson of Life

For the next six weeks, I'll be on the road from the Midwest to the West Coast. I will be researching the homeless nightmares in Chicago, Detroit, Seattle, San Francisco and Los

Angeles. Possibly in St. Louis and Atlanta! I'm going to take pictures of the homeless camps by the thousands. I am going to report on our overwhelmed national parks. . .

Unless You Think There Is An Award For Being Stupid: There Are Only Two Sexes

In the end, you can practice whatever you like in your own life. Just don't shove it down normal peoples' throats or their kids. The reality remains, there are only two sexes, XY males and XX females. The rest are all pretending or living an illusion. That reality will prevail when all the political stupidities are brought to reality.

Massive Immigration Just Doesn't Work

What's it going to be like when immigrants' numbers overwhelm all of us, all of our communities and all of our lives? What do you think will happen when our \$31 trillion in national debt crashes around our ears? Who will save us? What country can we flee toward?

Blatant Choices to Dismantle Law and Order in American Society

This week, U.S. Marine Corps veteran Daniel Penny, faced an indictment for his chokehold on a mentally ill subway rider, Jordan Neely, in NYC who was terrorizing other passengers. Mr. Penny stepped into the fray because other riders were afraid for their lives. Unfortunately for Penny, the mentally ill kid was black, and he died, which immediately gave Penny national notoriety.

We're in a Heck of a Mess with Our Multicultural Society: Race Supremacy

Former teacher, and elected to the Maryland city council, African-American Kristen Mink last week said, "White people should be few, and with good reason, on the speaker lineup. Healing and unity have for so long meant disregarding the harms done to black, indigenous, and people of color for the comfort of white people."

Non-Participation of Citizens in a Constitutional Republic: Being Bought Out

Because the incredible reach of NewsWithViews, all the journalists at this news service website enjoy readers from around the world. Oftentimes, when we write compelling or frightening or inspirational columns, readers respond. Some feel angry. Others feel sadness. Still others praise or malign each of us who write our opinions.

Cognitively, Physically, and Ethically Unfit for the Presidency of the United States: Joe Biden

Why is the mainstream press covering for this president who is clearly in the grips of Alzheimer's Disease and/or some form of dementia? Why haven't our elected officials enacted the 25th Amendment to send him to an assisted living home? Why hasn't the mainstream media reported to the American people what is actually happening in the White House?

Undermining Intellectual Achievement in America: Inclusion, Equity, and Diversity

Even the poor of America enjoy more food, more housing, more transportation, cleaner air, cleaner water and cleaner living standards than over half of the rest of the world. One trip to Africa, India, China or South America would provide ample proof of America's good fortune.

What the Mexican Border Invasion Means on Memorial Day 2023

Every man and women who served in the Armed Forces...did not serve to see a walking cadaver like Joe Biden destroy our country by allowing this invasion. He needs to be impeached and sent to an assisted living home.

When White America Becomes

the New Minority

This destruction of America accelerates at our southern border where 100 U.S. Senators do nothing to stop it and another 435 House Members follow through by doing nothing.

Manhood: What It Means in 21st Century America

With all the hoopla about transgenderism, LGTQB+ and drag queens making the headlines in recent years, I felt called to try to bring a bit of common sense and rational thinking as to what it's like to be a man in 21st century America.

This Is What The Great Replacement Looks Like

If you think what's going on in America today is off the charts "crazy", just hang around for another 10 years to see our country coming off the rails like in East Palestine, Ohio. China or Russia won't have to conquer us. We're being conquered by our own president and Congressional critters.

White Supremacy Vs White Privilege Vs White Western Culture

We're facing a mega-problem in America if we continue to import third world people who cannot grasp or participate in First World Western Culture. If they lack the intellectual ability to learn how to be a carpenter, bricklayer, electrician, plumber, home builder, doctor, teacher or any other job that requires minimal intellectual levels--at some point our society will implode.

America Is Becoming Nuttier Than a Fruitcake

Looking out across the American landscape in 2023, you cannot help but appreciate that it's getting to be nuttier than a fruitcake party. You've got men pretending to be women. Drag queens! You've got women trying to grow a beard.

Full-Scale Invasion of America: The Serious

Ramifications to All of Us

If another 6.6 million illegals or more enter, along with 2.0 million more immigrants legally entering our country within the next 20 months of Biden's term, we are looking at a financial disaster, housing disaster, educational disaster, sociological disaster, cultural disaster, linguistic disaster, and economic disaster--beyond our ability to comprehend, let alone survive it.

Part 2: It's a Full-Scale Invasion by Design and Fully Orchestrated by Biden and Congress

My final questions to you as an American: What do we do when our entire culture, language and ethos fragments into foreign enclaves? Have you seen France or Sweden lately? How do we pull ourselves back from the suicide-brink as spoken by historian Arnold Toynbee?

It's A Full-Scale Invasion:

Joe Biden's Immigrant Mob

In April, I visited the border in Nogales, Arizona, as well as other locations, to witness a full-scale invasion of the United States of America. What did I learn by witnessing it firsthand? What did I learn from the U.S. Border Patrol? What did I learn about Joe Biden and/or his handlers? What did I learn about the future of America?

Why Did Tucker Carlson, the Most Watched Journalist in America, Get Fired?

The Military Industrial Complex corporate heads engineered the Vietnam War. It cost us 58,479 young American lives. It killed 2.3 million Vietnamese. For what? Answer: money. The same corporate heads orchestrated the 20-year wars in Afghanistan and Iraq. It cost us 7,100 kids killed and in excess of 30,000 soldier suicides. Those fraudulent wars cost us \$6 trillion.

The Farcical Reality of Earth Day April 22, 2023

Simple question: why is everyone avoiding, suppressing and

stopping any mention that mass immigration is destroying America's ability to live sustainably? Why are we not thinking of our children? Why are we so collectively senseless as a people?

Ascending The Spiraling Staircase of Your Life

While sitting next to a nearly exhausted campfire on our Northern Tier coast-to-coast ride, I learned a lot from my companions Frank Cauthorn, Robert Case, Don Lindahl and Gerry Mulroy. Like all friends, each teaches a few lessons for a day, week or a lifetime. Each one of those thoughtful men brought stories, wisdom, music and their life-energy.

A Sense of Glee, Joy, Celebration

Have you ever heard of "flashing packing"? Well, we quickly, with a sense of urgency, flash-packed our bikes within minutes. We jumped on them and pedaled out to the road with a keen sense of really being alive. I mean, I've been face to face with grizzly bears in my journeys through Alaska.

True Grit: Dave Carder Running Across America

Down the mountain, we walked on golden gilded trail replete with endless fallen golden leaves raining down from branches above. Golden ribbons hemmed the slopes and traced the streams that meandered down the valley—orange to red, saffron to copper and yellow to gold. They rained down on us like gentle golden butterflies.

It's the Tiniest Things That Create Wonder in the World

On a recent tour of the West Coast, we found a dirt road to follow back into the woods. After traveling far enough into the wilderness, we parked the bikes near a barbed-wire fence. We tore the packs off, pitched the tents and ate dinner. As usual, I always lock my bike to anything that will deter would-be thieves from stealing it in the dead of night.

Harvesting Plastic From The Pacific Ocean For Art

The one thing about being on tour on your bicycle, you run into unexpected people caring about things that you didn't

really know about until you ran across them. For certain, I love the Natural World and I do everything I can to help all plant-life, all animals, all birds, and all living creatures on this planet. We're all in this together.

Indicting President Trump: A Form of Warfare on America's Justice System

We need downhome, common sense, and patriotic Americans to run for office to change course toward a rational and stable future. We need reasonable Americans to vote all of this nonsense of transgenderism in women's sports, I.E.D., reparations, affirmative action, lowered academic standards, and sexual perversions being taught to our children—into the trash can.

Reparations for Slavery in the 1800's? Who Decides?

David Horowitz also wrote ten reasons why reparations would be a very bad thing for American blacks. I couldn't argue with any of them. We already know that the "Great Society" welfare state has caused enormous harm to black Americans. Those 7 out of 10 black babies without fathers has created a lost youth bent on shoplifting, drugs and illiteracy from dropping out of

school.

Should American 2023 Taxpayers Pay for Reparations for Slavery in the 1800's?

Since slavery has been around for thousands of years, can we go back and pay the ancestors of slaves in China, India, Rome, Persia, Egypt and elsewhere? Since slavery flourished in America until 1865, can we go back and pay African-Americans for the sins of the past?

Odds and Ends: Things You May Want To Follow-Up On

On Wednesday, March 22, 2023, CRN's Talk radio show out of California, hosted by veteran radio personality Chuck Wilder, interviewed yours truly on my latest column: This Tangled Mess We're In: America's Drastically Dangerous Future. Mr. Wilder commands a national/international audience. He wondered why I thought America faces a dangerous future.

This Tangled Mess We're In: America's Drastically Dangerous Future

Inflation drives all of us into the poor house...or a much lower standard of living. Why? Because we're paying huge increases for food, energy, transport and medical care...but at the same time, we're paying billions to house, feed, transport and care for those millions of migrants. To date, your tax dollars pay out \$338 million annually.

The United States' Bald Eagle In The Coal Mine

As we break down the animal kingdom, as well as the insects, and the entire web of life, I can't help but wonder when our species will take its turn in the "Sixth Extinction Session?" Will the Bald Eagle survive? Can you and I ignore reality until it won't ignore us?

By Definition: We Live In Bewildering Times

Are you confused about life in 2023 America? Are you confused about the meaning of a boy or a girl? Are you stymied as to

why we have borders to protect our country, but our president has invited the largest invasion of criminals over those borders for the past 26 months? Does it concern you that drugs such as fentanyl have killed 100,000 of our youth annually...

What The American People Weren't Told About January 6th

We're being led by a president with severe dementia, forever Senators and House members who are so corrupt, they would shame Caligula, Al Capone, Charles Manson, John Wayne Gacy, Ted Bundy, and Jim Jones.

Can Our Country Be Put Back Together?

My question repeats itself: are we going to ever stitch this country back together? Are we ever going to enjoy racial peace? Are we going to fix our schools? Are we going to protect and defend our borders? Are we going to repair America's emotional and spiritual balance? Or, is this nation going straight to hell?

Our Completely Decrepit & Incompetent President

In reality, everyone is waiting for him to keel over dead, or suffer a heart attack or a stroke. But in the meantime, he's taking this country apart by not serving the American people. Historians will write that this is America's dumbest hour, and this president is the worst in American history because he was incapable of serving the American people.

Affirmative Action, Equity, Diversity, Inclusion, Transgenderism: Recipe For Disaster

That's how a society thrives. It's how America succeeded. It's how all of us benefit from the truck driver to the first-grade teacher to the carpenter to the dentist to the waitperson. Whatever you're doing from the janitor to the CEO of a corporation, you're benefiting this society by your actions, your responsibilities, and your personal gifts.

Train Wreck In East Palestine, Ohio: A Living Nightmare

When transporting such deadly chemicals by rail, why wasn't the train going slower? Why weren't the tracks checked for defects? Why hadn't Norfolk Southern maintained the utmost in maintenance for such a deadly cargo being transported on its tracks? Why weren't standards in place to make sure that such a tragedy never happened?

What Are "They" Doing To Our Country? Will We Survive?

While listening to NPR over the weekend, Scott Simon casually announced that the United States of America in the past 12 months, via Joe Biden and Congress, imported 100,000 Ukrainian refugees. He flew them 8,000 miles to our country, put them up in hotels, spread them across the nation and will be feeding them for the foreseeable future. Who paid for all of it? Answer: your tax dollars!

We Are Teaching Our Kids

Violence In America

In a few words, I think our country is TOO big, TOO complicated, TOO fast, TOO multiculturalized, TOO crazy and going more insane by the day. And, as this system adds more human misery and humans without purpose or community connection...it can only worsen in the years ahead.

Our American Ecological Footprint Is Three Times Larger Than Our Country

As you know, Biden and Congress have invited over 6.6 million refugees into our country within the past 25 months. The next 24 months with Biden's push to leave our borders open to anyone and everybody will result in another 6.6 million people. That's over 13.2 million added people and another 4.0 million of their babies.

The Mannequin President: Stilted Walk, Not Quite Alive, Shaking Hands With The

Air

Let's face it, Joe Biden has been blowing hot air and shaking hands with other politicians for over 50 years in that den of thieves, liars and cheats called Washington DC. Notice how they promise to solve America's problems during their stump speeches, but when it comes down to brass tacks, they fail the American people on all fronts.

Your Anguish May Be My Anguish: Climate Change, Open Borders, Unlimited Criminals

You may be wondering what kind and how many incompetent elected officials continue running our country over a cliff. Whether it's the president or his handlers, who must be as senile as he is, or it's the woke crowd—or it's simply all too much to grasp. Whatever is going on in America, you can't quite intellectually grapple with the insanity of it all.

Tell Me Exactly What Is The Meaning White Supremacy,

Again?

Worst of all, the American people sit by and watch it happen...and do nothing to stop it. They continue voting in the same corrupt Congressional critters...so they get the same results. In the end, the inner cities will continue with crime, murders, mayhem, misery, suffering and anarchy.

Americans Not Aware of China's Onslaught of the USA

One writer who asked to remain anonymous said, "The Smithfield Foods acquisition is a good example. Smithfield Foods is the largest pork producer and processor in the world. It has facilities in 26 US states, and it employs tens of thousands of Americans. It directly owns 460 farms and has contracts with about 2,100 others.

Transgender Woke Balderdash: I Am A Cat

What astounds this journalist stems from the fact that guys pretending to be girls weren't allowed to compete against real women at the U.S. Open, Wimbledon, Australian Open, French Open or any other big tennis venues. Why? The crowds would have "Booed" the DNA male tennis players right out of the

stadium.

251,400 Border Jumpers in December: This Is An Invasion Of America

According to the Associated Press, the U.S. Border Patrol reported that it processed 250,400 illegal alien border jumpers last month, December of 2022. All of them were placed on airplanes, busses and trains to be distributed all over America. All of them were invited by Joe Biden...

Anti-American Media Terrorists: Reid, Lemon, Sheila Jackson Lee, Whoopi Goldberg, Al Sharpton, Maxine Waters

As you enter 2023 with your hopes held high for a good year for you and your family, you can't help but wonder how we're going to survive the continuous attacks on the "character" of the United States by what might be termed, "media terrorists."

Importing Barbarians Into America: Animal Sacrifices In Hamtramckistan, Michiganistan

As a first world country in the 21st century, how much further can we degrade our society back to the 6th century? How can we allow “animal sacrifices”? How can we tolerate Halal suffering of animals? How can we tolerate female genital mutilation? How can we accept honor killings...

The Exponential Growth Factor: What It Means To Your Future in America

The United Nations stated that India expects to become the most populated country in the world this year, 2023. In other words, India will exceed China’s 1.45 billion people on India’s way to 1.55 billion within three decades. Which, as you can imagine, equates to a “blink in time.”

A Pretend President Pretending To Protect America's Borders

If you had visited America's southern border in the past 24 months, you would have discovered yourself facing 6.6 million illegal refugee border jumpers. That's more than many of our states' populations. You would have witnessed millions of fentanyl pills, heroin, meth, ecstasy and other deadly drugs pouring over the borders.

Educational Equity, Racist Mathematics, Lowest Common Denominator

The farther a society goes down the "dumb" rabbit hole, the sooner it ends up in chaos, mayhem and breakdown. You can see examples all over the world in places like India, Mexico, Africa, and South America. Nothing works because most of their citizens lack educational excellence to repair electrical outlets in buildings.

Charles Manson Was Right In His Madness: Helter Skelter In America

If you look across America in 2020, 2021, 2022 and heading into 2023, you're watching Charles Manson's Helter Skelter mayhem playing out in big cities across the land. Mass shootings, school shootings, individual mass murders like the one in Moscow, Idaho...

Your Dreams For Your Life In 2023

Along your path, stick your neck out. Sniff the wind. Harness your mind. Call upon your muscles to engage. Gaze upon the horizon with your eyes. Remain alert to the creative process.

Inequities, Ironies and Insanities In 2022

How much longer can our country continue on this kind of unethical path where so many of our House and Senate members are dishonorable, our president is senile beyond anyone's comprehension, and we citizens are taken for fools?

This Christmas: A Letter of Thanks to My Dad

When I finally breathe my last breath, I want you to know that I made you proud. I honored you in my daily life. I know that you were never a famous man...and at the same time, you've been the highest towering figure in my life. I sure hope you're still umpiring behind the plate in Heaven.

Christmas Gift: Your Fate Follows Your Vibrations
