

# **Arabification of Florida: “The New Muslim Hub”**

The reasons that this information is “out there” are crucial for Floridians to understand. Those of the Muslim faith are not just one more population group to assimilate into the community, as have Hispanics, and many others who’ve come to our shores for the freedom that is America. They come to rule, not to assimilate, and their rule will be basically the same as Communism.

## **Democrats Put Tina Peters in Colorado’s Prison for Exposing 2020 Election Fraud**

Today, Tina Peters was sent to solitary confinement in a windowless cell at the Colorado prison where she is being held, because she filed a simple grievance with prison authorities. The complaint addressed the fact that a prison employee, a teacher, had been remarking to other inmates that Tina was never going to be let out, that she would spend the rest of her days in prison.

# **Bondi (A Total Joke) Must Be Replaced**

I have had enough of her personal media appearances that she uses to communicate. What is wrong with traditional DOJ communication methods such as press releases or joint statements with the POTUS? Maybe she thought her perfect manicures, false eyelashes et. al., wouldn't show properly. To me, they speak of all the hours she was NOT on the job and should have been.

---

## **DeSantis, Newsom and The RNC**

If you've been reading my articles in NewsWithViews or my Substack, you know that I've covered the unconstitutional and anti-MAGA moves of the RPOF for the past year and more. They are doing everything possible to remove those who support America First, from the Republican Party of Florida.

---

## **FPL's "Unconscionable Rate Hikes"**

So, if you want to talk to your Tallahassee representative, and are sick of their ignoring the purging of MAGA patriots, you can remind them of how much you object to the massive power base-rate increases that they are approving on your

behalf. Maybe those rich New Yorkers who are fleeing their new Islamo-Communist Mayor will be able to afford those power bills, but much of Florida cannot.

---

## **RPOF Under DeSantis Has Been Purging Trump Republicans from the Party**

America First conservatives spoke up in a public session, held outside of the Hilton in Orlando, Friday, 11/7, where the Republican Party of Florida was holding its quarterly meeting. This I see a master stroke to expose the Anti-American perps in the State Party, who have been taking out MAGA patriots, as they planned their next moves.

---

## **Islam Communists In Our Government**

George Soros is behind the Democrat Socialists of America (and all those anti-American judges), the organization which has brought us Omar, AOC, Tlaib, Sarsour, Momdani and many others. He ALSO donates to CAIR, the Council on American Islamic Relations, founded in 1994, under the CLINTON presidency. Many Americans assume it was founded under the Muslim, Obama.

# Following Allah Or Worshiping Christ? Damnation or Salvation?

It is not evil for Christians to recognize their enemy (political and religious) and be prepared. The more of us who truly understand this, the more prepared we will be for defending our future as a free Republic. Our government cannot do it for us, and I think we may well have a rough road ahead. We must fight the good fight.

## “No Kings!”

There really ARE NO KINGS, and this public display of stupidity has brought that to the attention of the world, yet again. PS, the crowds were, by most counts, a whole lot smaller than organizers has predicted. Orlando, it all its glory, did have to close roads. Hopefully, to prevent “86’-ing” anyone.

# **Battle For Our Country Come To Tennessee?**

The complete destruction of Accurate Energy Systems (AES) in Hickman County, TN, last week may well have been intentional. I hate to even think that, but, given all the other insanity of late, it may not be as crazy as it sounds. I believe that, after the evidence is gathered, it may be proven that the explosion was not an just an industrial accident.

---

## **Florida Counties Honors Charlie Kirk**

State Leadership of Florida has not yet proposed any kind of a memorial to Kirk. With as much connection as Charlie had to the state, I have to wonder why. It was quick and easy for Tallahassee to erect a few dozen "Sunshine State" road signs which bore the name of the Governor. Why not signs on I-4 or I-95 or the Turnpike??

---

## **Democrats Are Seeming To Self-Destruct**

"Democrats", aka, Communists, have moved from a party that was supposed to be for the "little guy" (a historical farce in

itself), to a gang that stands with Lucifer- AND LGBTQAI , DEI, BLM, ANTIFA, et. al. You know their “daily shows”: the violence, the full-speed gender dysphoria, the lies that are SO blatant that they ought to be embarrassed for telling them.

---

## **Venezuelan Voting Machine Busted! Lifeline for Tina Peters?**

This is exceptionally good news, as Tina Peters has been jailed by the Communists in Colorado for daring to reveal the problems she found with the Dominion voting machines in her county. She was trusting enough to believe Colorado would care. The evidence she produced was more than they could take.

---

## **Happy Constitution Day: To Those Who Know What That Is**

Midterm elections are a short 14 months away, and we owe it to ourselves, our families and our nation to KNOW how those we sent to Washington DC are doing in their efforts to save our Constitutional Republic. Many are failing. If yours is one of those, let them know YOU know, and that you will be leading the charge to replace them as soon as possible.

# **Peoples' Grand Jury Oversight: Return Citizens Rights To The Legal System**

They are bringing these issues out in the open through the courts; issues, which should have been addressed under the law, but which the "powers that be" choose to ignore or bury. I know the issues in both Florida and the Commonwealth of Virginia., and how frustrated those citizens have become with treatment from autocratic, blind or even criminal officials.

---

## **Tie That Defines Us is the Belief In A Higher Power**

The fundamental difference between Communists and Constitutionlists (formerly, "D" and "R") is recognition of a Higher Power. It is written in our Bill of Rights. "We hold these truths to be self-evident, that all men are created equal , that they are endowed by their Creator with certain unalienable Rights."

---

# **The Court's Decision on Florida FRA Case**

The court ruled that, because a member of a county Republican Executive Committee was also a chapter President of his county's FRA chapter, in-house rules of the RPOF were violated. The Court chose to call the FRA a "Political Party" not a club, and RPOF members cannot be members of another "party".

---

## **The Lesson Of Chicago**

I have to say that I really don't care if Trump sends the National Guard to Chicago. Frankly, I'd prefer he didn't. The Left/Communists have wasted/stolen enough of our money. Would the act of a caring POTUS dawn on enough Chicagoans to ensure that they wake up and help their city regain sanity? Only then would it be worth doing.

---

## **FP&L Rejects Citizen Requests for Lower Rate Adjustments**

Therefore, Floridians are likely to suffer large rate increases over the next years, and be forced to pay for useless solar farms as the utility turns to its Green Scam agenda. Solar farm spread also means less open land for

recreation, wildlife and agriculture, of course.

## **Republican Woman Injured Trying To Enter Lake County Meeting**

Autumn Jacunski, a Lake County GOP Precinct Committee member, had her hand purposefully slammed in a door by Vice Chair Mike Trainor, as he tried to prevent her from entering a meeting last week in Leesburg. Ms. Jacunski hand was injured enough to force seeking medical treatment at an emergency room of a local hospital.

## **It Takes a Bunker To Hide the Evidence**

Citizens are not happy about this library, either. Several acres of a formerly lovely park in Chicago were plowed under to house this monstrosity. The \$850 million desecration of Jackson Park, on the city's south side destroys some of the outdoor space that is so scare in South Side. Precious green space was destroyed.

---

# **Solar Energy Expansion Is Robbing Floridians Of Money and Land**

It appears that Florida Power and Light is on that same “renewables” train along with other “social justice” warriors. Don’t forget their pledge in 2022: Net Zero by 2045. Did they close the hearings because they are afraid of the well-deserved blow-back about the costs and reliability of solar energy??? Is the Tallahassee cabal in concert with this, to hide the Globalist cloud overhanging the state?

---

## **“Enlightened” Energy: Why Did Florida Power and Light (FPL) suspend Rate Hearings?**

We know that power bills for ratepayers in Florida have escalated sharply in the last two years, and are scheduled for more of the same same in the next 4+ years. People are NOT happy, and have told FP&L AND Tallahassee just that.

---

## **Florida’s Commander In Chief**

A Commander in Chief has full knowledge of whatever goes on in his government, or should. The fact that Trump 45 did NOT, was

because of the work of the Deep State, deeply buried in and around his administration. If DeSantis does not have knowledge of the goings on in Tallahassee, as he often insists, is he then acknowledging the active presence of Globalists in his own administration?

---

## **Orlando County Commissioners Threatened With Removal by Uthmeier/DeSantis Team**

Donald Trump is, at this point in time, our best hope, I still believe. Donald John Trump is not perfect, he is our best and only hope right now. He and his troops have enough with which to deal, without a “conservative Republican” of national fame lifting her leg on the whole mess at this point.

---

## **People Are Beginning to SEE!!**

The RPOF is still trying to hide who they are. In their latest letter to Dorisamy, they grouped the Reclaim Campaign with Planned Parenthood and the League of Women Voters! That is, with those who kill babies and help with election fraud. (see VOTESCAM, by the Collier Brothers for the history of LWV’s assistance there.)

---

## **An Alachua County “Plum”**

I am SOO sick of this kind of thing. Leftists mouthing off about their hatred for good moral people, and their support of violence and/or institutionalized ignorance or illegal activities (voter fraud comes to mind...). I would like to see this anti-American squirm in front of cameras, at the very least.

---

## **Voter Fraud Nearly Stole Our Freedom**

Interesting note: the ostrich lays their eggs in that hole, and the male checks out the young ones every so often, by sticking his head down there. We cannot do the same. If we want our families to be safe, we have to get out heads OUT of the sand and help to make elections truly count.

---

## **Florida RPOF Attacking Yet Another Republican Group**

The attack on “Reclaim” is only the latest in a string of unconstitutional moves from Tallahassee against America First

Republicans, and our Constitution. There will be more, sadly, and they will continue until We the People loudly signal “ENOUGH”!

---

## **Vet Before You Vote!!**

The campaigns and plans for 2026 have already started. Local elections of great import will be scattered between now and Nov. 2026. Replacing Republican Rep. Mark Green of TN7, is one. The leftist jackals in middle TN are circling over the position, hoping to take another House seat out of our slim margin.

## **Newsom Funds UN's “Multi-Family” C-40 City Housing in Fire Ravaged LA**

Now, Newsom is announcing funding for multi-family residential structures in LA. A UNAgenda “C40” city is the goal, I believe. Newsom and his band of merry crooks want to show the 2028 Olympics what a world-class C40 city looks like. He has zero desire to help the people as he flaps his jaws about expediting things.

# **Gov. DeSantis Vetoes \$150k Grant Helping Our Vets**

Frankly, this whole thing is NOT a good look for a Governor who is all about appearances. Did DeSantis think no one would notice when he vetoed a relatively small \$150k grant to help our veterans deal with some of life's challenges?? Or was he just "playing politics" and getting back at some back-room foe?

# **A New America Just Started On Our National Birthday**

So, too, at 5:47 p.m., July 4, 2025 our nation felt a new beginning. That was the moment Trump signed the "Big Beautiful Bill" into law. At that moment, I said a prayer of thanks and supplication. ## **Solar Energy Expansion Is Robbing Floridians Of Money and Land**

The utilities' target is to have 45% of Florida's energy produced by solar by 2045. The average monthly bill could rise from \$260/month (1,640 kWh at 16¢/kWh) in 2025 to approximately \$535/month by 2045, assuming consistent consumption. Will usage limits be imposed? Will "Smart Meters" just shut the users down when those are reached? It's all in the Globalist playbook.

## **Call To Action Florida! Help Spotlight Dark Money In The State**

Citizens of Florida are organizing to put a halt to millions of dollars of donations dropped into the "PAC monster" with no accountability or sourcing. A PAC is, of course, a Political

Action Committee, and whether you hear “PC” or PAC”, they are one and the same.

---

## **Call To Action Florida! Help To Shine The Light on Fake Republicans**

Brevard County, Florida, has taken the lead. They were one of at least seven counties that received Fake Voter Guides in the 2024 primary elections in the state.. The others include Hillsborough, Lake, Manatee, St. Johns, St. Lucie, and Sarasota. These “guides”, pictured above, were blatant lies and were neither endorsed by Trump, nor did those candidates listed support America First policies.

---

## **Congressional Republicans Found To Be More Liberal Than Their Constituents**

It might surprise you, but Sen. Mike Lee, UT, was the only Critter who earned a perfect score. Biggs, AZ; Roy, TX; Crane, AZ; Rosendale, MT; Perry, PA; Good, VA; Brecheen, OK; Norman, SC; and Paul, KY, rounded out the top ten. All of these surprise me a bit, but I am not familiar with their districts, which may explain a lot.

# **Now MAGA's Are Turning On Trump?**

Publicly calling out our President is the same as joining ranks with the Left, at this moment in time. Tucker Carlson and Senate leader John Thune (R – SD) are two who have engaged in this treachery in the last week. Great guys, I'm sure. HOWEVER . . .

# **Muslim Leader Calls for Killing Americans And Their Leaders**

I am not here to spread fear, only awareness. I hope you and yours are able to pause at the “caution” sign, and inculcate all that it means in this case. I hereby submit that what we should celebrate is PRIDE OF ACCOMPLISHMENT. Pride of having reached a milestone after real effort. Pride in a family member who has done good things. The world is chock full of things for which we can and should be proud. Pathetic folks dancing down the street with plastic breasts stuffed under tight sweaters, sporting garishly painted faces, is not one.

# **Trump v. Musk**

Might all of this has more to do with sinking the BBB and

electing Casey DeSantis to replace Ron as Governor of Florida?? I am NOT a Donald's fan, but this might be worse... There are several good men who may run for the Florida Governorship. Might the evidence of Musk Money back them down?

---

## **The Left Tries Dark Money Solutions For Their Dying Party**

The NY Times says that Democrat donors and strategists have been meeting in luxury hotels to figure out how to win back working class voters. Let me repeat that... They are throwing big money at the little guy who has none, thanks to their policies and practices. And they are confused as to why this might not work?

## **A DEI May Have Caused People To DIE**

Both CEMA and the St. Louis Fire Dept have the ability to trigger the emergency sirens, but the DEI hire at CEMA just called the St. Louis FD and asked them if they "had" the sirens; she did not say to activate them. Ms. Russell, although only a short distance away from her HQ, did NOT contact her own office or return to activate the emergency system herself, it is reported.

## Comey: A Follow-Up

Comey was nominated by Obama in his second term, which was the four years when Obama moved to put much of his anti-Americanism into play. He didn't care; he didn't have to make journalists tinkle down their leg at the sight of "America's first black President". Obama had our nation where he wanted them; eating out of his Muslim hand. And the country was hardly aware.

---

## "86 47" – A James Comey Post

The White House says it will be taken seriously. Proper punishment for this kind of overt threat on someone's life is atop my daily prayer list. I pray that this IS taken seriously. I have to wonder how involved is this Trump-hater extraordinaire in the other attempts on our President's life.

---

# **Florida Has a Deadly Problem**

Radioactivity at dangerous levels has spread through the air, soil and water in significant parts of the state. This comes from phosphate mining, of which uranium and radium are byproducts. The decay of these produces radon. Per the USDA.

## **Florida Politicians Are Destroying Lives and Freedoms**

In addition to disenfranchising citizens and taking away their constitutional right to manage their own communities, Tallahassee is making some of its citizens sick, and worse – NOT just with their sleazy politics, but by standing on the side of dangerous and deadly business.

---

## **Imagine DeSantis as POTUS!**

Those fake voter guides, lying about which candidates were supported by Trump last year, also carried DeGov's image. Was he part of that, or was that just one more thing he "didn't know"? Those candidates were, shall we say, amenable to development, and, by Tally reckoning, needed to be in power.

---

# **The Magnaforce of Trump's DC is Blowing Minds**

Since God and the American people have managed to get Donald Trump back to the White House, truly incredible political dirt has surfaced. Since the 2020 Coup delayed his second term, President Trump spent those four years assessing what real progress was needed in our nation, and how to make it happen.

## **Government "Will Be The Death Of Us Yet"**

My grandmother spoke those words, in the 1950's. The image above is of a desk plaque I rescued from her office after her death. I have it, today, on mine. I treasure it, above most all else I own, as it links me to those gone before, in heart and mind.

---

## **The Only REAL Surprise From the Assassination Papers**

One thing we know for certain: The Deep State has NOT changed its deadly plans. They still want us to shut up and sit down. They still want us to "own nothing and be happy". Our Constitutional government gets in their way, and they will do

anything and everything to win.

---

## **Trump's Fight Against Corruption Must Come Home to Florida**

While our President is in Washington DC literally risking his life to remove the corruption from our federal government, HIS party in HIS home state is seemingly as corrupt as anything he is finding in the nation. They are a danger to every Floridian.

## **Where Are Hillary-Trained Socialists Countrywide And Why Should We Care?**

On the day of Donald Trump's first inauguration in 2017, Hillary Clinton used some of her former staffers and started a nationwide organization to train young socialists to run for positions in state politics, to take those "down ballot races". To spread communism at the "ground level". THAT is why we must care.

---

# Jawdrop After Jawdrop

Donald Trump kept his cool and good humor when most of us would not have managed that, despite the all out war waged against him for the last decade, by those he faced from the podium. Yes, it has been a decade since he descended that famous escalator and they began to fire on him, but Trump has only gained in strength and valor. A little divine intervention has seen to that.

# Gold: Its 6000-year Record And Uses

Help them all you can. Work to vote out every piece of anti-American scum in every county and state in 2026 and beyond. We need a margin in Congress of real Americans, instead of those working for their own bank accounts to the detriment of our freedom. Pay attention to what is happening in each state, listen to what they say vs. what they have done.

## The Golden Ponzi Scheme

Real Gold and Dollar Valuations Are Key As America Rises From The Globalist Ashes. We are watching a global monetary reset, in real time. It is believed that Trump is doing this to revalue the dollar, downward temporarily, to make American goods and services more attractive to the international market.

---

## Winning In Overtime

Thank you, Donald Trump for putting God back into our lives by removing the Marxist mandates which had saturated our world this last decade. Obama tried to be somewhat more subtle about it all when he was POTUS. In his third term, using the old aphasic named Joe as the curtain behind which he hid, Barry's team let go with as much as they could to destroy America.

## **Secretary Rubio**

First – and a BIG ISSUE for me, – last year, Marco Rubio voted in favor of the Police State legislation, the FISA 702 renewal, which permitted the FBI to attack private citizens in their homes for federally imagined offenses. That bill was then carried forward by the renewal of a Dept. of Defense (DOD) directive, 5240.01, which expands the use of lethal force against US citizens

## **Rats Are Running From Looming Traps**

In the waning days of the horror that was the 2020 Coup, it's quite possible that the death of Edgar Welch was the most

recent sign that they are desperately trying to cover their filthy tracks. With the inauguration of an administration through which many turds will be dug up, it is quite possible that this young man's death at the hands of the "law" was more last-minute clean-up by the Luciferian Left.

This law was already on the books when the fires hit. It was passed in 2024. Then, the fires took care of much of the rest. Those victims of their own government may find that developers are constructing multi-family residences where once there were beautiful homes . This may or may not be found to be unconstitutional but the bill seems to have become law

nonetheless.

## **California Government's Role In The Destruction Is Becoming Clear**

Whether this would make you cheer or cry, is up to your own experiences with that beautiful state and its people. All I can really say is that theirs is a truly heartbreaking story about why is imperative that we stay involved in every step of our governance -from that in our Statehouses to our own back yards. If we don't demand a seat at the table, we're really not in the game, except to be used.

## **Blessings**

I just think that, looking back over this crazy incredible year, perhaps the Lord has shown us that He wants our help, too, to turn our ship of state away from the rocks of evil, so that our course may be corrected, everywhere, with peace and a plan, instead of violence and bloodshed. So many of you have helped already. I am constantly in awe of your efforts, everywhere in every field. Thank you.

## **Four Tough Years – and Rumor of DeSantis as Possible Sec. of Defense**

To the relief of most of the world, Donald Trump was elected to a second term in the White House. He has won. The job he won would terrify any one of us if we had to do it. # **The “Election Industrial Complex”**

From fake voter guides to fake endorsements to funding from developers who stand to profit from their elections, the RPOF has decided that RINO/Globalists must be in place to lead

## **Florida's New Red Majority Comes From Its Citizen Activists**

Tallahassee should be thanking their lucky stars for these people, not prosecuting and persecuting them. Certainly, DeGov and his RPOF should NOT be taking credit for something that has benefited Florida, and the cause of freedom – ESPECIALLY when it was done by the very people the RPOF is trying to remove from having a voice in their state.

## **When Useful Idiots Are No Longer...**

Kamala, in charge of the border, has been the kind of failure that is in blindingly bright focus around the world. The flood of drugs is on her padded shoulders. # Nine Congressmen Want Trump Dead

A vast majority of Americans REGARDLESS OF RACE, CREED, PARTY AFFILIATION OR MEDIA-LABELLED "PREFERENCE" were shocked and horrified at the attempt on Donald Trump's life. ## A Quick Look at the "Debate"

Trump was brilliant, never overstepping his narrow bounds thrown down by the CNN gauntlet. Instead of bursting out and trying to talk over anyone, he stuck to the rules and USED

FACIAL EXPRESSIONS TO REPLACE WORDS. Genius. His face said all that needed to be said.

## **Forget “Republican” and “Democrat”**

In America today, we have only two choices of affiliation: our Constitution or Communism. Know it, and live by it. This vivid dichotomy is hideously apparent, everywhere today. As we approach voting season – the most critical one in our nation’s history – this is one fundamental that Americans must understand.

# **Why is the RNC “Working Feverishly” Against Donald Trump?**

The Republican National Committee is working against the People’s Choice, Donald Trump. Let that sink in. HE IS THEIR CANDIDATE, for heaven’s sake. Yes, even with Lara Trump as National Co-Chair. Lara is either clueless or complicit at this point. There is NO middle ground.

## **Ron DeSantis: A Globalist in Patriot Clothing?**

The latest glaring non-statement from DeSilence concerns the actions of his RPOF, which has recently taken legal action against Judeo-Christian constitutional conservative organizations in the state, who dare to use the word, “Republican” and the elephant as a symbol. This, of course, has NO basis in law, just in the minds of the persecutors.

## **A Formal Invitation To Steal Our Country**

I put this out again, now that Tucker Carlson has picked up on it, because it is more possible that we move on it. Tucker has

## **Obama Judge Approves Illegals' Carrying Guns**

On March 19, a judge in the Northern District of Illinois ruled that an illegal alien with a criminal record had the right to carry a weapon for self defense. “The court finds that (the immigrant)’s criminal record, containing no improper use of a weapon, as well as the non-violent circumstances of his arrest do NOT support a finding that he poses a risk to public safety. . .

# Why NOT Ballot Harvesting?

“Ballot Harvesting” is the collection and submission of voted paper ballots by a third party. Proponents say that the practice enables more people to vote. Critics rightfully point out the broken chain of custody (between the voter and the actual casting of his vote), without which NO true verification of vote is possible. Combined with Early Voting, it is the recipe for disaster.

# The Tragic Silence From Our Pulpits

Examples abound, from Catholicism (with their Marxist Pope), to Episcopalian, Methodist, and even Southern Baptist, as they have turned and bowed toward darkness. Here’s one from 2019 and the Southern Baptist Conference annual meeting, the “fundamentalists” whom folks often suspect least/trust the most.

# Cards To Start The War

Do whatever you can to stop their legislative attempts to control you, your health, your children, your possessions,

your relationship with your God. Guess this is another of my “off the couch and out the door” pleas, with a different more urgent slant. Fend them off, and keep your powder dry. For now.

## **Florida, You Have A Big Problem**

The proposed legislation enables an election worker to decide what might constitute “harassment”. The proposed penalties for violation of HB721, include imprisonment. This bill has now been fast-tracked to the state Senate for approval.

## **High-Test Marxism Is The Revenge For Our Having Won In 2016 (And 2020)**

Everybody knows that the 2020 election was an even bigger win for America, than was 2016. Of course, 2020 wasn’t allowed to happen. Since then, the speed of our country’s destruction has been turned up, by those who had to cheat to get power. We know that, as well. We are NOT frogs who will be boiled alive, however, because the water started out uncomfortably hot. Look at what happened in Trump’s first term. Turning up the heat has only energized us, and broadened our base.

# **Adding “One plus One” It ISN’T That Hard!**

Eric Adams, mayor of NYC, has been complaining for months as 130,000+ migrants have arrived in his “sanctuary city” since his President ripped open our borders. Small businesses are closing; historic hotels have been ruined; and the elderly and veterans are being thrown out of their homes to accommodate the motley flow. Crime is over the top and literally uncontrollable.

# **DeSantis is DeSperate, Seasons Blessings Not Coming His Way**

I KNOW that neither Santa nor God will forgive Governor DeSantis for his treatment of the J6 families in his state, until he comes clean and asks forgiveness. Nor, for the head-fake legislation on medical “freedom: and election “integrity”. Lots of us never will. Speaking of election integrity, MUCH more on Florida voting machines is coming next.

# **The Moral Voter: Calling All Judaeo-Christian Soldiers**

The enemy today isn't "Biden" or "Obama", or "Globalists", or "RINOS"; it is Lucifer, the patron saint of the Left, as always. This battle to save our nation and our God-given freedom is between good and evil. America is being purposely destroyed, our Constitution, shredded, and we all know it. In order to win this battle, we need every moral human being in this once-glorious nation to help.

---

## **Little Guys, Us, Vs. The Big Guys, Them**

Everything that is happening in this crazy world can be sorted out to be a matter of "Big Guys" vs. "Little Guys". For clarification, WE, the American citizen, are the Little Guys. Some may argue that it has been thus throughout history. All the more reason to pay attention.

## **A DeSantis PAC Founder Promotes Trump**

Whatever, his reason, he isn't looking good to the people right now – out on the campaign trail or here at home. Neither

national nor state voters are feeling good about him, and it is obvious why. Wouldn't you think a career politician would care about this? Or, maybe he's indicating that he knows our votes don't count anymore, and that's OK with him. God bless and protect us all.

## **On the Occasion of a Visit from our Governor**

He was jeered Sunday night, as he spoke at a candlelight vigil for the dead in his hometown of Jacksonville, then returned to Tallahassee to tell people to listen to their local officials about the storm. Seems he could have done that from anywhere.

## **Republican Gov. Bill Lee Sells out Tennessee**

If you think I'm kidding, you can check what Gov. Bill Lee (R), of the "red state" of Tennessee did during the last Scamdemic. Lee authorized the activation of internment camps and the construction of more, "to sufficiently confine all persons who refuse to be examined, treated, isolated, or quarantined" (TN Code ANN.S68-9-205).

# **Don't be an Ostrich Hiding From Reality! It Can be Dangerous**

The bottom line is to get involved, locally, where you can spend your precious time the most effectively. Regardless of political affiliation – today, it's either the "Constitution" or "Communism" because old party labels are dead and gone, and only serve to confuse – 99% of everybody really wants to live in freedom. Start there with those who might be stuck on those old labels, and their upstairs light may well turn on.

## **Another Look at ERIC: What Ever happened to Becker's Bad Boy?**

ERIC was designed by an avowed "conservative hater" named David Becker, in 2012, after Obama had lost both houses of Congress in the 2010 midterm. It had long been the goal of the feds to control our elections, and they thought they had been closing in, with the 1993 "motor voter act", and the 2001 National Voter Registration Act.

# DeGovernor vs. The Mouse: Mickey Seems to be Winning in a TKO!

Most Floridians are familiar with the ongoing sparring match between Ron DeSantis and Disney. What most don't know is where it stands and how it got there. As has been publicized with much fanfare, DeSantis introduced what became known as the...

## DeGovernor Shows His True Colors; Not My Kind of Guy

When you think of Ron DeSantis, think of him as the governor who has gone missing in action from his elected office, deceives his people and supports the vile actions of the Coup. If you like that kind of stuff, you're free to vote for him. I don't and won't.

## Clueless People = Complicit People

If our young American soldiers could do it – against all odds – on the beaches of Normandy in WWII, 79 years ago, we can still do it today. The deck was stacked against us then, as it is now. We were supposed to lose then, just like we are,

today. But, we are proud Americans who love our freedom above all else, and we CAN win this, perhaps against all odds, again.

---

## **DeGovernor DeSantis DeCides to Break Another Promise**

That is very admirable, IF those priorities are the same as those of the people. With praise from George Soros, who called the new POTUS candidate, “ruthless, shrewd and ambitious”, along with DeSantis’s actions to date, I fear that those priorities may not be the same as ours.

## **On This Memorial Day We Owe our Veterans Apologies, not Just “Memorials”**

This Memorial Day, if you truly want to honor those who have sacrificed for you, to “thank them for their service”, then activate in your local communities, across this beautiful nation, to help protect the free Republic for which they’ve given so much. Get off the couch and out the door – we have a country to save.

# **Why Not RFK Jr.? Just in Case You Were Curious...**

This is just a reminder that, as DeSantis continues to soil himself and his reputation, voting for the latest Kennedy is not the answer. RFK, Jr. still belongs to the hard left of the new definition of our political choices: Communism vs. our Constitution. And, he is a member in good standing, of the swamp. After all, he was the first to remind us all “: “I AM still a Democrat”.

---

# **As We Face the Battle Ahead, We Need to Find Our Friends, and Come Together**

At this point in our national existence, we all know that something big is coming, and it probably isn't good. We can feel it, whether or not we can define it. We feel it, in both little ways and big. It is making us question our very senses. How we handle it may determine our very survival.

---

# DeSantis Has Been DeSerted

Stay in Florida, Governor, and see what you can do to heal yourself. Start with being honest with your constituents. They may not buy it, after all this. It is quite possible, from the comments I hear, that their minds may not change back. America is desperate for a strong leader to rescue the Republic, and we have become deathly allergic to lies and liars.

## Founder David Becker Leaves ERIC

As of March, 2023, the CEIR website gives extensive explanations/excuses for Becker's past actions, and tells of a group of "GOP" leaders who have signed on with CEIR. That list is a collection of election-involved officials in the most fraudulent of states: AZ, CA, CO, GA, KY, MI, PA, as well as from the campaigns of Globalist traitors like McCain, Romney and Bush.

## Florida Resigns from ERIC – Cause for Celebration or for a Closer Look?

The real concern is where and how ERIC will pop up again. Will

its mission be disbursed among several federal agencies, or will something new take its place? Perhaps there will be an “ELIA” (Election Liars Interface Assn), or some such, which will do the job of keeping phantoms on the rolls.

## **Might Our Storm Clouds Be Parting? A child shall lead...**

Last week, students at small Christian college in Kentucky gathered for their regular Wednesday chapel service. Ten days later, it has not ended. People from around the country and the world continue to join in. No matter your religion or lack thereof, THIS is an exceptional happening. More exceptional even, is that this spirit has spread to other colleges and universities.

## **A Red State That Loves ERIC – Election Fraud**

As you know, if you have been following this story, election integrity activists led by the Florida Republican Assembly and The People’s Audit, had already discovered thousands of bad addresses and fraudulently voted ballots, before the 2022 midterms, and had proven how this happened. Their findings were reported to Tallahassee.

# **Today's Special Offer Will Not Last**

Once upon a time, we caught a favorite program or two just to be entertained. They were family oriented, funny and harmless, or educational, adventuresome or enriching. If a cowboy show had too much violence, Mom or Dad or Grandma would just turn to another channel or turn it off and grab a book to read.

# **Take a HARD Look "Politics" Now Equates to Survival**

This piece is, once again, dedicated to all those who already "get it", and are doing their best, whatever that may be. I've talked to everyone from busy activists to people in the later stages of terminal illnesses who are working with other patriots across the country. My love and respect to all of you in the trenches of our freedom fight.

# **What We Can Learn From a Red**

# Tide

Another institutionalized slap-down of the will of the people has happened. The Red Wave wasn't allowed to occur. Election fraud has become factual. Undeniable. It's time to use it to fuel freedoms' fires. America is hot and needs to put this energy to good use.

## No Denial, Just Proof

We are finding proof of already established fraud, all over the place, in action for 2022. Proof which cannot be denied. Forget the "deniers" thing; forget 2020. Take a look at what is going on, right now.
