

The Magnaforce of Trump's DC is Blowing Minds

Since God and the American people have managed to get Donald Trump back to the White House, truly incredible political dirt has surfaced. Since the 2020 Coup delayed his second term, President Trump spent those four years assessing what real progress was needed in our nation, and how to make it happen.

Government "Will Be The Death Of Us Yet"

My grandmother spoke those words, in the 1950's. The image above is of a desk plaque I rescued from her office after her death. I have it, today, on mine. I treasure it, above most all else I own, as it links me to those gone before, in heart and mind.

The Only REAL Surprise From the Assassination Papers

One thing we know for certain: The Deep State has NOT changed its deadly plans. They still want us to shut up and sit down. They still want us to "own nothing and be happy". Our Constitutional government gets in their way, and they will do

anything and everything to win.

Trump's Fight Against Corruption Must Come Home to Florida

While our President is in Washington DC literally risking his life to remove the corruption from our federal government, HIS party in HIS home state is seemingly as corrupt as anything he is finding in the nation. They are a danger to every Floridian.

Where Are Hillary-Trained Socialists Countrywide And Why Should We Care?

On the day of Donald Trump's first inauguration in 2017, Hillary Clinton used some of her former staffers and started a nationwide organization to train young socialists to run for positions in state politics, to take those "down ballot races". To spread communism at the "ground level". THAT is why we must care.

Jawdrop After Jawdrop

Donald Trump kept his cool and good humor when most of us would not have managed that, despite the all out war waged against him for the last decade, by those he faced from the podium. Yes, it has been a decade since he descended that famous escalator and they began to fire on him, but Trump has only gained in strength and valor. A little divine intervention has seen to that.

Gold: Its 6000-year Record And Uses

Help them all you can. Work to vote out every piece of anti-American scum in every county and state in 2026 and beyond. We need a margin in Congress of real Americans, instead of those working for their own bank accounts to the detriment of our freedom. Pay attention to what is happening in each state, listen to what they say vs. what they have done.

Traitors Who Met With

Zelensky Prior to White House Meeting

These warmongers are the ones who have been giving away OUR TRILLIONS. If you see your state, you are responsible for participating in their removal from our Congress. They are all anti-American warhawks and will be responsible for WWIII should that occur.

The Golden Ponzi Scheme

Real Gold and Dollar Valuations Are Key As America Rises From The Globalist Ashes. We are watching a global monetary reset, in real time. It is believed that Trump is doing this to revalue the dollar, downward temporarily, to make American goods and services more attractive to the international market.

Winning In Overtime

Thank you, Donald Trump for putting God back into our lives by removing the Marxist mandates which had saturated our world this last decade. Obama tried to be somewhat more subtle about it all when he was POTUS. In his third term, using the old aphasic named Joe as the curtain behind which he hid, Barry's team let go with as much as they could to destroy America.

Will Soros State DA's Now Attack Freed J6'ers?!?

It is up to US to save our nation. WE must be aware; enemies are still everywhere. The judiciary is our weakest link to real freedom, thanks to decades of Soros-funded DA's and judges infesting the nation.

Secretary Rubio

First – and a BIG ISSUE for me, – last year, Marco Rubio voted in favor of the Police State legislation, the FISA 702 renewal, which permitted the FBI to attack private citizens in their homes for federally imagined offenses. That bill was then carried forward by the renewal of a Dept. of Defense (DOD) directive, 5240.01, which expands the use of lethal force against US citizens

Rats Are Running From Looming Traps

In the waning days of the horror that was the 2020 Coup, it's quite possible that the death of Edgar Welch was the most

recent sign that they are desperately trying to cover their filthy tracks. With the inauguration of an administration through which many turds will be dug up, it is quite possible that this young man's death at the hands of the "law" was more last-minute clean-up by the Luciferian Left.

Trump's Solution to Border Problems?

Just thought I'd toss this out for thought. Whatever happens with this issue, I am SO glad we have elected a businessman who loves the Constitution instead of a dirty politician who will do anything and everything to destroy it.

In Both California and Florida, Citizens Lose Rights At The Hand of State Government

This law was already on the books when the fires hit. It was passed in 2024. Then, the fires took care of much of the rest. Those victims of their own government may find that developers are constructing multi-family residences where once there were beautiful homes . This may or may not be found to be unconstitutional but the bill seems to have become law

nonetheless.

California Government's Role In The Destruction Is Becoming Clear

Whether this would make you cheer or cry, is up to your own experiences with that beautiful state and its people. All I can really say is that theirs is a truly heartbreaking story about why is imperative that we stay involved in every step of our governance -from that in our Statehouses to our own back yards. If we don't demand a seat at the table, we're really not in the game, except to be used.

We are Funding our Own Demise: \$40 – \$70 Million a Week to Al-Qaeda

Gosh! The Governor of Florida pompously declared that HE would investigate the Routh assassination attempt that occurred in his state; Remember? Seems like his crack team of investigators might have at least found THIS, if the media could... Guess he got busy fighting America First Republicans in Florida. Just a little Sunshine-state aside.

New Year, New Hope, New Awareness

On New Year's eve Dec. 31, 2024, a massive lightening bolt struck the Capitol Dome in Washington DC, as the old year moved on to the new, and the old regime is pretending to leave.

Blessings

I just think that, looking back over this crazy incredible year, perhaps the Lord has shown us that He wants our help, too, to turn our ship of state away from the rocks of evil, so that our course may be corrected, everywhere, with peace and a plan, instead of violence and bloodshed. So many of you have helped already. I am constantly in awe of your efforts, everywhere in every field. Thank you.

Everything is About Trust

We the People – our storm and drug-trafficking victims, which were directly created by government malfeasance. How about those cast into middle-class working poverty by the hideous economy they have wrought? What of the millions who have been

murdered by Big Pharma and the AMA, in their incessant lust for money?

Four Tough Years – and Rumor of DeSantis as Possible Sec. of Defense

To the relief of most of the world, Donald Trump was elected to a second term in the White House. He has won. The job he won would terrify any one of us if we had to do it. He will be doing battle every minute of every day. – for his very life as well as for ours. He will be attempting to turn around this mess we've been living through. The Obama-Biden gang has wounded us, and has plans for more.

Lethal Politics: Deadly Thoughts and Deeds Are On The Ballot

I'm not going to go on. You get it. Get informed and go vote. Lady Liberty's torch is flickering, and will be extinguished in 2024 if another fraudulent election occurs in America. There is one choice that will have us living in darkness for long years. Please get informed and vote accordingly.

DOJ Suing States For Removing Illegals From Voter Rolls

Several states, including AL and VA are being sued by the DOJ for removing illegal voters from their state rolls. Being sued for doing the right thing, that is. But this isn't news. The real news is about the states that have NOT earned a space in the hotlight of the desperate Left.

Axelrod Admits NO HELP COMING To Republican Voters in NC

That storm was engineered to do exactly what it did. Those who experienced it know that Helene was it was not a normal storm. It raced over dry land, and did far more damage inland and 370 miles from landfall that it did in the NW sector of the cone.

The “Election Industrial Complex”

From fake voter guides to fake endorsements to funding from developers who stand to profit from their elections, the RPOF has decided that RINO/Globalists must be in place to lead

efforts for development, future medical mandates, choices for our children, and all the rest. Their higher-ups in the world Globalist community use them to get to you. State by State.

Florida's New Red Majority Comes From Its Citizen Activists

Tallahassee should be thanking their lucky stars for these people, not prosecuting and persecuting them. Certainly, DeGov and his RPOF should NOT be taking credit for something that has benefited Florida, and the cause of freedom – ESPECIALLY when it was done by the very people the RPOF is trying to remove from having a voice in their state.

When Useful Idiots Are No Longer...

Kamala, in charge of the border, has been the kind of failure that is in blindingly bright focus around the world. The flood of drugs is on her padded shoulders. She babbles and giggles at the most inappropriate times. Her “word salads” are served up wherever she opens her mouth; too much fiber in the national diet has caused much cramping and nausea.

Nine Congressmen Want Trump Dead

A vast majority of Americans REGARDLESS OF RACE, CREED, PARTY AFFILIATION OR MEDIA-LABELLED "PREFERENCE" were shocked and horrified at the attempt on Donald Trump's life. Many have switched their support to him for the upcoming election. Many had already abandoned the Left. The upcoming election will show that in spades, as they say, if we are allowed to get there.

Housing For Invading Troops?

We cannot really know if this housing will be filled with foreign troops soon, or if it is just a nauseating display of "federal middle finger to the taxpayer". The next 3.5 months are not going to be dull. Keep your head up and your eyes open.

A Quick Look at the "Debate"

Trump was brilliant, never overstepping his narrow bounds thrown down by the CNN gauntlet. Instead of bursting out and trying to talk over anyone, he stuck to the rules and USED

FACIAL EXPRESSIONS TO REPLACE WORDS. Genius. His face said all that needed to be said.

Forget “Republican” and “Democrat”

In America today, we have only two choices of affiliation: our Constitution or Communism. Know it, and live by it. This vivid dichotomy is hideously apparent, everywhere today. As we approach voting season – the most critical one in our nation’s history – this is one fundamental that Americans must understand.

Time To Capitalize On the Left’s Blatant Attack On America

The Donald Trump “Guilty” verdict has turned into a gilded one. The lemons handed Trump have been sweetened by the massive show of both monetary and other support he has received in the single day since the verdict.

Why is the RNC “Working Feverishly” Against Donald Trump?

The Republican National Committee is working against the People’s Choice, Donald Trump. Let that sink in. HE IS THEIR CANDIDATE, for heaven’s sake. Yes, even with Lara Trump as National Co-Chair. Lara is either clueless or complicit at this point. There is NO middle ground.

Ron DeSantis: A Globalist in Patriot Clothing?

The latest glaring non-statement from DeSilence concerns the actions of his RPOF, which has recently taken legal action against Judeo-Christian constitutional conservative organizations in the state, who dare to use the word, “Republican” and the elephant as a symbol. This, of course, has NO basis in law, just in the minds of the persecutors.

A Formal Invitation To Steal Our Country

I put this out again, now that Tucker Carlson has picked up on it, because it is more possible that we move on it. Tucker has

the followers few others in the country have. Between now and the November general election what WE do – what WE THE LITTLE PEOPLE do – may well be the difference between hanging onto freedom, or falling into the death pits of totalitarian rule.

LIB-otomy: The Political Procedure Which Removes Rational Thought

This Mad Bovine Fecal Disease (MBFD), otherwise known as insane BS, is political in nature, much like the Scamdemic. It is grown in a Luciferian laboratory of the minds of madmen who want to rule the world.

Obama Judge Approves Illegals' Carrying Guns

On March 19, a judge in the Northern District of Illinois ruled that an illegal alien with a criminal record had the right to carry a weapon for self defense. “The court finds that (the immigrant)’s criminal record, containing no improper use of a weapon, as well as the non-violent circumstances of his arrest do NOT support a finding that he poses a risk to public safety. . .

Why NOT Ballot Harvesting?

“Ballot Harvesting” is the collection and submission of voted paper ballots by a third party. Proponents say that the practice enables more people to vote. Critics rightfully point out the broken chain of custody (between the voter and the actual casting of his vote), without which NO true verification of vote is possible. Combined with Early Voting, it is the recipe for disaster.

The Tragic Silence From Our Pulpits

Examples abound, from Catholicism (with their Marxist Pope), to Episcopalian, Methodist, and even Southern Baptist, as they have turned and bowed toward darkness. Here’s one from 2019 and the Southern Baptist Conference annual meeting, the “fundamentalists” whom folks often suspect least/trust the most.

Cards To Start The War

Do whatever you can to stop their legislative attempts to control you, your health, your children, your possessions,

your relationship with your God. Guess this is another of my “off the couch and out the door” pleas, with a different more urgent slant. Fend them off, and keep your powder dry. For now.

Florida, You Have A Big Problem

The proposed legislation enables an election worker to decide what might constitute “harassment”. The proposed penalties for violation of HB721, include imprisonment. This bill has now been fast-tracked to the state Senate for approval.

High-Test Marxism Is The Revenge For Our Having Won In 2016 (And 2020)

Everybody knows that the 2020 election was an even bigger win for America, than was 2016. Of course, 2020 wasn't allowed to happen. Since then, the speed of our country's destruction has been turned up, by those who had to cheat to get power. We know that, as well. We are NOT frogs who will be boiled alive, however, because the water started out uncomfortably hot. Look at what happened in Trump's first term. Turning up the heat has only energized us, and broadened our base.

Adding “One plus One” It ISN’T That Hard!

Eric Adams, mayor of NYC, has been complaining for months as 130,000+ migrants have arrived in his “sanctuary city” since his President ripped open our borders. Small businesses are closing; historic hotels have been ruined; and the elderly and veterans are being thrown out of their homes to accommodate the motley flow. Crime is over the top and literally uncontrollable.

DeSantis is DeSperate, Seasons Blessings Not Coming His Way

I KNOW that neither Santa nor God will forgive Governor DeSantis for his treatment of the J6 families in his state, until he comes clean and asks forgiveness. Nor, for the head-fake legislation on medical “freedom: and election “integrity”. Lots of us never will. Speaking of election integrity, MUCH more on Florida voting machines is coming next.

The Moral Voter: Calling All Judaeo-Christian Soldiers

The enemy today isn't "Biden" or "Obama", or "Globalists", or "RINOS"; it is Lucifer, the patron saint of the Left, as always. This battle to save our nation and our God-given freedom is between good and evil. America is being purposely destroyed, our Constitution, shredded, and we all know it. In order to win this battle, we need every moral human being in this once-glorious nation to help.

Little Guys, Us, Vs. The Big Guys, Them

Everything that is happening in this crazy world can be sorted out to be a matter of "Big Guys" vs. "Little Guys". For clarification, WE, the American citizen, are the Little Guys. Some may argue that it has been thus throughout history. All the more reason to pay attention.

A DeSantis PAC Founder Promotes Trump

Whatever, his reason, he isn't looking good to the people right now – out on the campaign trail or here at home. Neither

national nor state voters are feeling good about him, and it is obvious why. Wouldn't you think a career politician would care about this? Or, maybe he's indicating that he knows our votes don't count anymore, and that's OK with him. God bless and protect us all.

On the Occasion of a Visit from our Governor

He was jeered Sunday night, as he spoke at a candlelight vigil for the dead in his hometown of Jacksonville, then returned to Tallahassee to tell people to listen to their local officials about the storm. Seems he could have done that from anywhere.

Republican Gov. Bill Lee Sells out Tennessee

If you think I'm kidding, you can check what Gov. Bill Lee (R), of the "red state" of Tennessee did during the last Scamdemic. Lee authorized the activation of internment camps and the construction of more, "to sufficiently confine all persons who refuse to be examined, treated, isolated, or quarantined" (TN Code ANN.S68-9-205).

Don't be an Ostrich Hiding From Reality! It Can be Dangerous

The bottom line is to get involved, locally, where you can spend your precious time the most effectively. Regardless of political affiliation – today, it's either the "Constitution" or "Communism" because old party labels are dead and gone, and only serve to confuse – 99% of everybody really wants to live in freedom. Start there with those who might be stuck on those old labels, and their upstairs light may well turn on.

Another Look at ERIC: What Ever happened to Becker's Bad Boy?

ERIC was designed by an avowed "conservative hater" named David Becker, in 2012, after Obama had lost both houses of Congress in the 2010 midterm. It had long been the goal of the feds to control our elections, and they thought they had been closing in, with the 1993 "motor voter act", and the 2001 National Voter Registration Act.

DeGovernor vs. The Mouse: Mickey Seems to be Winning in a TKO!

Most Floridians are familiar with the ongoing sparring match between Ron DeSantis and Disney. What most don't know is where it stands and how it got there. As has been publicized with much fanfare, DeSantis introduced what became known as the...

DeGovernor Shows His True Colors; Not My Kind of Guy

When you think of Ron DeSantis, think of him as the governor who has gone missing in action from his elected office, deceives his people and supports the vile actions of the Coup. If you like that kind of stuff, you're free to vote for him. I don't and won't.

Clueless People = Complicit People

If our young American soldiers could do it – against all odds – on the beaches of Normandy in WWII, 79 years ago, we can still do it today. The deck was stacked against us then, as it is now. We were supposed to lose then, just like we are,

today. But, we are proud Americans who love our freedom above all else, and we CAN win this, perhaps against all odds, again.

DeGovernor DeSantis DeCides to Break Another Promise

That is very admirable, IF those priorities are the same as those of the people. With praise from George Soros, who called the new POTUS candidate, “ruthless, shrewd and ambitious”, along with DeSantis’s actions to date, I fear that those priorities may not be the same as ours.

On This Memorial Day We Owe our Veterans Apologies, not Just “Memorials”

This Memorial Day, if you truly want to honor those who have sacrificed for you, to “thank them for their service”, then activate in your local communities, across this beautiful nation, to help protect the free Republic for which they’ve given so much. Get off the couch and out the door – we have a country to save.

Why Not RFK Jr.? Just in Case You Were Curious...

This is just a reminder that, as DeSantis continues to soil himself and his reputation, voting for the latest Kennedy is not the answer. RFK, Jr. still belongs to the hard left of the new definition of our political choices: Communism vs. our Constitution. And, he is a member in good standing, of the swamp. After all, he was the first to remind us all “: “I AM still a Democrat”.

As We Face the Battle Ahead, We Need to Find Our Friends, and Come Together

At this point in our national existence, we all know that something big is coming, and it probably isn't good. We can feel it, whether or not we can define it. We feel it, in both little ways and big. It is making us question our very senses. How we handle it may determine our very survival.

DeSantis Has Been DeSerted

Stay in Florida, Governor, and see what you can do to heal yourself. Start with being honest with your constituents. They may not buy it, after all this. It is quite possible, from the comments I hear, that their minds may not change back. America is desperate for a strong leader to rescue the Republic, and we have become deathly allergic to lies and liars.

Founder David Becker Leaves ERIC

As of March, 2023, the CEIR website gives extensive explanations/excuses for Becker's past actions, and tells of a group of "GOP" leaders who have signed on with CEIR. That list is a collection of election-involved officials in the most fraudulent of states: AZ, CA, CO, GA, KY, MI, PA, as well as from the campaigns of Globalist traitors like McCain, Romney and Bush.

Florida Resigns from ERIC – Cause for Celebration or for a Closer Look?

The real concern is where and how ERIC will pop up again. Will

its mission be disbursed among several federal agencies, or will something new take its place? Perhaps there will be an “ELIA” (Election Liars Interface Assn), or some such, which will do the job of keeping phantoms on the rolls.

Might Our Storm Clouds Be Parting? A child shall lead...

Last week, students at small Christian college in Kentucky gathered for their regular Wednesday chapel service. Ten days later, it has not ended. People from around the country and the world continue to join in. No matter your religion or lack thereof, THIS is an exceptional happening. More exceptional even, is that this spirit has spread to other colleges and universities.

A Red State That Loves ERIC – Election Fraud

As you know, if you have been following this story, election integrity activists led by the Florida Republican Assembly and The People’s Audit, had already discovered thousands of bad addresses and fraudulently voted ballots, before the 2022 midterms, and had proven how this happened. Their findings were reported to Tallahassee.

Today's Special Offer Will Not Last

Once upon a time, we caught a favorite program or two just to be entertained. They were family oriented, funny and harmless, or educational, adventuresome or enriching. If a cowboy show had too much violence, Mom or Dad or Grandma would just turn to another channel or turn it off and grab a book to read.

Take a HARD Look "Politics" Now Equates to Survival

This piece is, once again, dedicated to all those who already "get it", and are doing their best, whatever that may be. I've talked to everyone from busy activists to people in the later stages of terminal illnesses who are working with other patriots across the country. My love and respect to all of you in the trenches of our freedom fight.

What We Can Learn From a Red

Tide

Another institutionalized slap-down of the will of the people has happened. The Red Wave wasn't allowed to occur. Election fraud has become factual. Undeniable. It's time to use it to fuel freedoms' fires. America is hot and needs to put this energy to good use.

No Denial, Just Proof

We are finding proof of already established fraud, all over the place, in action for 2022. Proof which cannot be denied. Forget the "deniers" thing; forget 2020. Take a look at what is going on, right now.

Their Hate Runneth Over and It's In Play for the November Elections

Yes, it is up to us. Complacency kills countries and ours has nearly killed the free republic of America. Inconvenience yourself to vote in person on November 8. Make it a group effort. Give rides to others, and take folding chairs to the polls. The longer the line, the better the chance that OUR votes will be recorded for what they are. Be thrilled to wait. Plan on it.

Printers Involved in Florida Voter Fraud?

You can choose to check the “coincidence” box in every one of these areas of information. But you cannot ignore the stink. Something smells rotten in the state of Florida, and the Florida Republican Association is asking our officials to take a whiff and explain.

Did You Know That Sick Ballots Can be “Cured”?

Now that others are finally – at long last – out and talking about the trouble with ERIC, the Electronic Registration Information Center, as we at the American Policy Center have been doing for so many months, I thought it a great time to take a look at another piece of the formula for fraud, ballot curing.

Another Reason to Be a VIP

Voter on Election Day!

Carry that message to everyone you know to do the same, whether next door, at the grocery store, at work or church, or on social media. Get the word out! Use the graphic above for flyers, signs, social media contact, and in every email you send.

Think Your Vote Doesn't Count??

If we vote in person, on election day, we can get our country back. If we give in and give up, we will have lost our precious freedoms for generations to come. Venezuela is a perfect case at point.

Election Fraud Update: Pennsylvania Steps Up the Steal

A condition of ERIC membership, as you may already know, is to solicit as many people as possible in order to register, then to vote. The names which the state must contact, come from a data base provided by ERIC's huge artificial intelligence system – which conjoins millions, including non-citizens,

green card holders and others who are ineligible.

ERIC – the Epicenter of Voter Fraud

ERIC is a membership organization ostensibly created for voter roll maintenance. In reality, it is a massive data-gathering operation which adds bogus “voters” to the system of every member state. Millions of inactive, ineligible and “phantom” voters with undeliverable addresses appear on member states’ voter rolls.

The World of the Left is Like a Well-Used Litter Box

Anyone who has ever had pet cats will understand this reference immediately. If you have not, try to extrapolate, and take my word for a few things. The box can contain some pretty ugly “surprises”. It may look only slightly used on the surface, but when you dig...well, you know.

Incredulous: “Indisposed to admit or accept that which is related as true”

The venom of Evil – which is everywhere today – paralyzes the moral mind. Lucifer and his gang know this, and hope you will become so tangled in the web of utter disbelief, and terrified of the dark shadows you see everywhere, that you will become powerless to act. Don't let yourself become their victim. Stand strong for what you know is right. Get off the couch and out the door. We have a country to save.

One Man's Crusade Against Voter Fraud

This is essentially what he has done with the voter fraud business in Florida. Using his expertise, he has jumped in to find out how it works (with little documentation from them, for sure!) and analyzed the operations.

We must Harden Our Schools – Mentally and Physically –

Here's How and Why

While we're considering, yet again, how to protect our school children against physical attack, I submit that we must also protect them against mental attack. Marxist ideology is taking over our children's minds, and is causing the violence we are seeing today.

America's Food Supply Threatened by Suspicious Fires and Train Wrecks

On March 24 at the G7 Summit, the Junta propped Biden up enough to announce that there would be worldwide food shortages and they would be "real". Within weeks, America's food industry began to experience a string of destructive fires and explosions.

Our Fault, Our Fix!

This is a lot of work, as I've set it out here. But WE are a lot of very upset frogs who must get the heat under the pot turned down or off. Our precious freedoms are worth every bit of effort we can put in. There won't be a next try. The enemy is trying to affix the lid to the kettle so we can never fight again.

Biden Announces Food Shortages Then Makes it Happen

On March 24, 2022, after the G7 meeting in Brussels, Biden announced that the food shortages around the world would be “real” – of course, because of the Ukraine war, which he so desperately wanted, and those dastardly Russians. Now, he is making it happen.

John Locke Foundation Supports ERIC! “Clueless” is the Nicest Thing I Can Say...

If the informed consumer of news is aware of the potential for fraud in the ERIC constructs, how can the John Locke Foundation NOT be? I urge them to do further research on ERIC and withdraw their request that the NC legislature provide immediate funds for ERIC. NOW. The JLF is better than this latest article.

How the ERIC Beast is Fed And How Your Community Can Starve It

Your goal is to get your state to withdraw from ERIC. The state of Louisiana did just that because of the pressure from citizen groups, whose requests for the voter rolls were denied and ignored. The Public Interest Legal Foundation, founded by J. Christian Adams, sued the Secretary of State, Kyle Ardoin, on behalf of the voters, which forced Ardoin to look into the rolls and ERIC, and he suspended the LA membership.

ERIC, The Largest Components of The National Voter Fraud Issue

The Electronic Registration Information Center, ERIC, is one of the largest components of the national voter fraud issue. The more I learn about ERIC and the action of its 30 member states, the more sure I am that the construct of the organization was designed for it, with words of plausible deniability, of course.

Dissecting the Beast ERIC Laid Open

If you have been following the breaking news, there is quite a LOT to unpack, so stay tuned. If you are a resident of any of these states, my very next article will be how to secure the vote in your states by organizing and acting on a local level.
