

Their Hate Runneth Over and It's In Play for the November Elections

Yes, it is up to us. Complacency kills countries and ours has nearly killed the free republic of America. Inconvenience yourself to vote in person on November 8. Make it a group effort. Give rides to others, and take folding chairs to the polls. The longer the line, the better the chance that OUR votes will be recorded for what they are. Be thrilled to wait. Plan on it.

Printers Involved in Florida Voter Fraud?

You can choose to check the "coincidence" box in every one of these areas of information. But you cannot ignore the stink. Something smells rotten in the state of Florida, and the Florida Republican Association is asking our officials to take a whiff and explain.

Did You Know That Sick

Ballots Can be “Cured”?

Now that others are finally – at long last – out and talking about the trouble with ERIC, the Electronic Registration Information Center, as we at the American Policy Center have been doing for so many months, I thought it a great time to take a look at another piece of the formula for fraud, ballot curing.

Another Reason to Be a VIP Voter on Election Day!

Carry that message to everyone you know to do the same, whether next door, at the grocery store, at work or church, or on social media. Get the word out! Use the graphic above for flyers, signs, social media contact, and in every email you send.

Think Your Vote Doesn't Count??

If we vote in person, on election day, we can get our country back. If we give in and give up, we will have lost our precious freedoms for generations to come. Venezuela is a perfect case at point.

Election Fraud Update: Pennsylvania Steps Up the Steal

A condition of ERIC membership, as you may already know, is to solicit as many people as possible in order to register, them to vote. The names which the state must contact, come from a data base provided by ERIC's huge artificial intelligence system – which conjoins millions, including non-citizens, green card holders and others who are ineligible.

ERIC – the Epicenter of Voter Fraud

ERIC is a membership organization ostensibly created for voter roll maintenance. In reality, it is a massive data-gathering operation which adds bogus “voters” to the system of every member state. Millions of inactive, ineligible and “phantom” voters with undeliverable addresses appear on member states' voter rolls.

The World of the Left is Like a Well-Used Litter Box

Anyone who has ever had pet cats will understand this reference immediately. If you have not, try to extrapolate, and take my word for a few things. The box can contain some pretty ugly “surprises”. It may look only slightly used on the surface, but when you dig...well, you know.

Incredulous: “Indisposed to admit or accept that which is related as true”

The venom of Evil – which is everywhere today – paralyzes the moral mind. Lucifer and his gang know this, and hope you will become so tangled in the web of utter disbelief, and terrified of the dark shadows you see everywhere, that you will become powerless to act. Don’t let yourself become their victim. Stand strong for what you know is right. Get off the couch and out the door. We have a country to save.

One Man’s Crusade Against

Voter Fraud

This is essentially what he has done with the voter fraud business in Florida. Using his expertise, he has jumped in to find out how it works (with little documentation from them, for sure!) and analyzed the operations.

We must Harden Our Schools – Mentally and Physically – Here's How and Why

While we're considering, yet again, how to protect our school children against physical attack, I submit that we must also protect them against mental attack. Marxist ideology is taking over our children's minds, and is causing the violence we are seeing today.

America's Food Supply Threatened by Suspicious Fires and Train Wrecks

On March 24 at the G7 Summit, the Junta propped Biden up enough to announce that there would be worldwide food shortages and they would be "real". Within weeks, America's food industry began to experience a string of destructive

fires and explosions.

Our Fault, Our Fix!

This is a lot of work, as I've set it out here. But WE are a lot of very upset frogs who must get the heat under the pot turned down or off. Our precious freedoms are worth every bit of effort we can put in. There won't be a next try. The enemy is trying to affix the lid to the kettle so we can never fight again.

Biden Announces Food Shortages Then Makes it Happen

On March 24, 2022, after the G7 meeting in Brussels, Biden announced that the food shortages around the world would be "real" – of course, because of the Ukraine war, which he so desperately wanted, and those dastardly Russians. Now, he is making it happen.

John Locke Foundation Supports ERIC! “Clueless” is the Nicest Thing I Can Say...

If the informed consumer of news is aware of the potential for fraud in the ERIC constructs, how can the John Locke Foundation NOT be? I urge them to do further research on ERIC and withdraw their request that the NC legislature provide immediate funds for ERIC. NOW. The JLF is better than this latest article.

How the ERIC Beast is Fed And How Your Community Can Starve It

Your goal is to get your state to withdraw from ERIC. The state of Louisiana did just that because of the pressure from citizen groups, whose requests for the voter rolls were denied and ignored. The Public Interest Legal Foundation, founded by J. Christian Adams, sued the Secretary of State, Kyle Ardoin, on behalf of the voters, which forced Ardoin to look into the rolls and ERIC, and he suspended the LA membership.

ERIC, The Largest Components of The National Voter Fraud Issue

The Electronic Registration Information Center, ERIC, is one of the largest components of the national voter fraud issue. The more I learn about ERIC and the action of its 30 member states, the more sure I am that the construct of the organization was designed for it, with words of plausible deniability, of course.

Dissecting the Beast ERIC Laid Open

If you have been following the breaking news, there is quite a LOT to unpack, so stay tuned. If you are a resident of any of these states, my very next article will be how to secure the vote in your states by organizing and acting on a local level.
