

# **Can Corrupt Public Officials be Arrested?**

Everyone seems to be acting as though these laws don't exist, or that they don't apply to every public official who took an Oath of Office. But they do exist and they do apply and unless we are going to make certain they are properly enforced, they aren't worth the paper they were written on...

---

## **NOTICE To ALL Democrats Void of Common Sense**

This notice to ALL socialist democrats, politicians, operatives, media personalities and voters, is my attempt to prevent the escalation of your ongoing criminal activities and increasingly violent hate-filled movement to destroy the USA from reaching the level of civil war.

---

## **Weaponized Justice: Guilty Unless Proven Innocent?**

The Biden (aka 3rd Obama) administration jailed over a thousand American citizens and accused them of an "insurrection." None of them were ever officially charged with "insurrection" much less convicted of "insurrection" because

there was no evidence of any “insurrection.” Even Biden’s FBI concluded “there was no insurrection.” Yet, to this day, leftists in the USA still claim J6 was an “insurrection”

---

## **U.S. Crime Sanctuaries**

Make no mistake, these states are “crime sanctuaries” threatening the Constitutional Republic, the Supreme Law of this Land, the sovereignty and security of the nation, and Federal Supremacy, allowing and protecting an open foreign invasion of our country.

---

## **14th                      Citizenship                      vs.                      Birthright Citizenship**

The 14th Amendment is one of three Reconstruction Amendments adopted at the end of the American Civil War and designed for only former slaves and their children. The 13th Amendment established free status and the end of slavery in the USA for all former slaves.

---

# New “Fake News” Portal

Journalism in America is nothing but “fake news” these days and it isn’t just the “Fake News” agencies and reporters. More Americans try to seek truthful news via citizen journalists and internet sources and podcasts, than via any official news outlet today. International Agencies like AP, UPI and Reuters bear false witness to promote a global Marxist agenda on a daily basis. ABC, CBS, NBC, PBS and NPR have long since joined hands with a wicked man to be a malicious witness.

---

## NYC: The Morning After the Fall

We can no longer afford to allow our tax dollars to be used to destroy us. The Federal Government must function within the Law of the Land, or the people are under no legal, moral or ethical obligation to continue funding it, to our own demise.

---

## Why We Must Reject Digital ID, Digital Currency and Digital Banking

If you think you are in trouble now, just wait until your

money is swapped for some virtual currency in a virtual banking system you can't control, or escape. REJECT a digital ID, digital currency and digital banking, or we will all wake up one morning soon, owning nothing!

---

## **It's American Made**

"President Donald Trump's executive order limiting birthright citizenship is back before the Supreme Court. Unlike the last time that challenges to the policy reached the justices – when they focused on a procedural issue – the Justice Department is now asking the court to side squarely with the president's interpretation of the 14th Amendment."

---

## **Death by "Democracy"**

The Constitution is not a document that regulates the people, the states, or the freedom and liberty of the nation. This document regulates government power and authority. The American people have to wise up sooner or later, but clearly, they need to experience more pain first!

---

# The Internal WAR for America – Chart

[illegible]

---

# **The Internal WAR for America**

For years now, as the political LEFT was busy painting itself into a left-extremist corner and the final demise of the Democrat Party kicked into high-gear, I warned that when they were finally out of power to con the American people any longer, out of room to run, out of ideas for how to keep their train on the track, they were going to go “scorched earth” in cities all across the country.

---

# **Socialism is Unconstitutional in the USA**

In order to change the US Government into any totalitarian form, the Declaration of Independence, U.S. Constitution, Bill of Rights and all fifty State Constitutions must be destroyed forever. The Charters of Freedom must be overthrown. The same is true of any effort to institute Sharia Law in the USA.

---

# **Vengeance vs Justice**

Many years ago, a reader once reached out and said to me, “you claim to be a Christian man, but do not seem to be like Jesus

in some of your writing.” I answered, which Jesus do you want me to be like? The Jesus that fed the hungry and healed the sick, or the Jesus that turned over the tax collectors tables in the temple? I will do my best to be both!

---

## **GEN Z is Hope**

Charlie’s organization brought more youth voters to the 2024 Make America Great Again campaign than any conservative campaign in the past 70 years. While the hearts and minds of GEN Y are almost impenetrable, Charlie had found a way to reach GEN Z. That’s why he was a very real threat to the insane American left.

---

## **Dear President Trump**

Please stop playing games with the treasonous corrupt people in our country, whether they are members of congress, activists on the courts, employees in the Intel “deep state,” foreign invaders, drug-runner, cartels, pedophiles, criminal sanctuary governors and mayors, or stupid college kids marching in our streets on behalf of our known enemies, or socialism and communism.

---

# Internal Enemies in the Crosshairs

Evidence of this treasonous conspiracy now made public opens the door to proceed to prosecutions of the same evidence and individuals exposed in the FBI Director Kash Patel documentary, Government Gangsters. The evidence also proves that the fake dossier by Christopher Steele was commissioned and paid for by the Hillary Clinton Campaign.

---

## Democrat Violence on the Rise

Democrats in politics and the media have been committing treason, aiding and abetting foreign invaders and fomenting insurrection, sedition and violence from their Marxist voters for years now. Suddenly, they are pretending to be concerned over the hate and violence they have been inciting for years.

---

## Urban Nullification of the Nation

A Marine buddy of mine coined the term “urban nullification” years ago, referring to the reality that there are no “blue states,” just “blue cities” taken over by far left extremists and destroyed in every case, like L.A., San Francisco, Chicago, Baltimore, Boston and Denver, just to name a few.

---

# What Independence?

I can and will celebrate the sacrifices that so many made for us in the past... but I struggle to celebrate our current generations on July 4th. Every July 4th for years now, I can't help but wonder if we even deserve the fruits of freedom, purchased for us by only a few, so long ago.

---

# Birthrights? What a Mess!

Fox News is reporting, Trump to begin enforcing birthright citizenship order this morning. The only order from the Supreme Court on the matter is a slap-down of the lower courts that have been trying to unlawfully run the country from their bench, without any such power or authority. The actual issue of what is or isn't a "birthright citizen" has yet to be ruled on by the high court.

---

# Nullifying the USA

Of course, the court was going to eventually rule this way, if for no other reason but to protect their own power and the top court in the country. This ruling confirms what I have been saying all along, these lower court O'Biden judges have no such authority and Trump has no legal, moral or ethical

obligation to abide by any of the politically motivated efforts to usurp the Presidents authority from the bench!

---

## **New York Becomes London**

In case you have not been paying attention, London has fallen. The massive influx of illegal Muslims to the city under socialist leaders in England has resulted in a complete Islamic takeover of England's greatest city, London.

---

## **My Response to Cliff Kincaid's Article: "A Trump War in Iran Means the End of MAGA?"**

In Cliff's manic rush to judgment on Trump and his supporters, and even me, his friend, Cliff made so many obvious critical errors in his pieces. He privately sent me his first piece and at first glance, I let him know he made errors right out of the gate...from saying "Israel can never have nukes" when he meant to say Iran, to quoting President Hamilton in 1793, who was never President...and Washington was President in 1793. It only got worse after that.

---

# Israel – Iran & Presidential Powers

The intentional political divisions in the USA are no accident or coincidence, and this is at the root of the current debate over what powers the duly elected President has or doesn't have. No matter what Trump decides on any issue today, half of the country will support it, the other half will try to destroy him for it.

---

## Honestly Assessing Trump (Day 114)

I continue to support Trump. But as Trump allows the unconstitutional Judicial Branch to act as if they were elected to run the country, and the most dangerous criminals in the USA go unpunished, I do not expect the USA to ever be great again. Do you?

---

## MoveOn...NO!

Americans have become accustomed to "going-along to get-along," but there are some things that we just can't move-on

from without confronting the issue and fixing what was broken. In a nation focused on precedence rather than the rule of law, we cannot allow bad precedence to stand.

---

## **Saving Democracy?**

Aside from the constitutional fact that the United States isn't actually a pure "democracy," but rather a Constitutional Representative Republic, which guarantees every citizen and member state "a republican form of government" in Article IV – Section 4 of the U.S. Constitution, today's constitutional illiterates claim to be "saving democracy" when in fact, they are the greatest threat to democracy in the USA.

---

## **Signalgate Update**

Democrat President Andrew Jackson addressed this quite well in *Worcester v. Georgia*, 31 U.S. (6 Pet.) 515 (1832) when he reportedly responded to then Chief Justice Marshall, "John Marshall has made his decision, now let him enforce it."

---

## **Democrats Unelected Dictators**

This is about much more than Donald Trump. Most of the so-called "resisters" have no clue what they are resisting or

why. They have no clue that the only people they can enslave are themselves, not their perceived political opponents. Most would not be in our streets today if they were not being organized, financed and mobilized by the same people who stacked the federal courts to undermine the Constitution.

---

## **Ruled by the Unelected Bureaucrats**

After losing all power in the Executive and Legislative branches of government and achieving the lowest approval ratings for the party in history, currently at only 27%, they have turned to the usurpation of Executive Branch authority via the only unelected branch of government, the courts.

---

## **Common Law v. Constitutional Law**

The open call for all Americans to be “forever vigilant” in defense of our own Natural Rights, was intended to prevent the very real “constitutional crisis” we witness daily today. Until we have legitimate constitutional courts again, absent the use of British Common Law, we have no peaceful means to restore our Constitutional Republic.

---

# Wholesale Treason on the Move

Most of the time, the people engaged in these activities lack even a basic understanding of the terms they toss around. They have been Pavlov trained to simply use these labels to silence the voices of anyone who holds a difference of opinion, no matter the subject matter. Usually, the people engaged in this activity themselves are guilty of the very things they accuse others of.

---

## The New America First Generation

They say necessity is the mother of invention, and in that light, desperation might be called the father of shifting political winds. While the extreme left democrat party spent the past 80-years trying to turn our constitutional republic into a pure socialist democracy, destroying everything in its path, a new generation of pro-America young people was emerging.

---

# Nothing Liberal About Them

Over the years, the “liberal” party in the United States, the Democrat Party, has evolved from a pro-American, anti-war, pro-peace, blue collar taxpayer party, into a full-blown anti-American extreme left lunatic party that champions everything wrong in the world, and works around the clock to undermine and destroy our Constitutional Republican form of self-governance.

---

# Paper Ballots are Not Enough

Election fraud has been around as long as elections have been around, long before anyone dreamed up electronic voting machines. 244-years into the grand experiment of freedom and self-governance in our Constitutional Republican form of government, the 2020 elections set a worldwide record in massive election fraud, on a level never before seen on earth.

---

# 78 Million Can Do Anything They Want

Government can do anything it wants, if you let them. Our government has been in the business of doing illegal, unconstitutional, fraudulent, corrupt, criminal and even treasonous things for many...many years now. They have only been able to do it because American citizens long ago forgot, that

they must remain forever vigilant in the never-ending protection and preservation of their own freedom, liberty, justice and prosperity.

---

## **Democrat Department of Fraud and Waste**

Can you even imagine? In 2024, the party claiming to protect “democracy” put up a Presidential candidate that was not democratically nominated by any American voter. They tossed the democratically nominated candidate out of the race, stole his campaign funds, and tried to ram a totally unqualified drunk, proficient only in word-salads, down our throats.

---

## **Who Elected the Judge?**

“Who elected Elon Musk” is the new extreme-left street mob battle cry of the defeated democrat party as they rage and incite violence in opposition to Trump reforming our federal government, eliminating massive systemic fraud and waste in D.C. on behalf of all taxpayers.

---

# **Dissecting TRUE Birthright Citizenship**

If we continue to allow the “experts” to undermine our Charters of Freedom by simply manipulating words and phrases, and falsely interpreting imaginary text, we will lose everything the Founders tried to protect and preserve for all posterity, under the Laws of Nature and Nature’s God, the true source of all Natural Birthrights!

---

## **Birthrights are NOT from Government**

Rights from Birth are inherited from your natural birth parentage, according to the Laws of Nature and Nature’s God, your natural birth Father. Just as you are born with the natural right of inheritance to all of your Father’s earthly goods, all Natural Birthrights are inherited as well. They are you “heritage” passed from generation to generation.

---

## **Making America Mexico Again?**

The only way to ever Make America Great Again is to rid our nation of all who hate our country and stand opposed to our Foundations of Freedom, Liberty and Justice, established in our Charters of Freedom. Those who refuse to assimilate into

American culture, principles and values, can no longer be welcome in our home!

---

## **Making U.S. Elections Legitimate Again**

Essentially, the term “stolen” is used to assert that the results of the election were manipulated to deliver a prescribed outcome, one which does not represent the true will of American voters. Someone with the power and access to do it, used certain techniques to make certain that a particular candidate or set of candidates would emerge from the process victors.

---

## **The Laws of Nature and Nature's God**

If you think your Rights come from the Bill of Rights, you're still wrong. That document is a list of subjects which the Federal government is strictly prohibited from ever touching. Again, the document provided you with no Rights. The document only prohibits government from having any right or authority over those matters, because those matters involve your “Natural Rights” as a free people.

---

# Errors in Trump “Birthright” Order

Chief executives seldom have the time or opportunity to write or even read every policy document they sign, instead, relying upon alleged “experts” to take care of the details in a manner consistent with the stated goals of the executive, especially when involving legal documents establishing the legal foundations for the action.

---

## The 14th Amendment vs. Real Birthrights

Regardless of any other priorities or personal pet agendas today, if we, Trump, fails to correct everything exposed in this piece, no one will be able to save the Constitutional Republic from total collapse via British Common Law undermining even our most basic foundational Rights, no one!

---

## Biden’s FAKE Pardons

Yet another attempt by leaders of today’s undemocratic party to con the American people with a “fake” action for mere

publicity, that enjoys no force of law whatsoever. Legally and constitutionally speaking, there is no such thing as a “preemptive pardon.”

---

# **A Constitutional Representative Republic**

Sadly, there are whole generations in the USA who have zero connection to the foundations of freedom, liberty, and justice for all. Thanks to anti-American federal control over education in the USA, especially the college campuses, resulting in generational mass indoctrination instead of education, America is nearing a point in history when society itself will destroy those foundations for all posterity, by “democratic” process.

---

# **Congressional Communists Take Center Stage**

As we near Inauguration Day for President-elect Donald J. Trump and witness the congressional circus in the U.S. Senate confirmation hearings for the President’s selected cabinet members, keep in mind who and what you are watching as democrats launch their first efforts to obstruct the incoming administration.

---

# **The 2025 Global Collapse of Woke-ism**

Our Founding three documents stand as the Charters of Freedom. But the foundations of freedom and liberty are Faith, Family, and Country first. They always have been, and they always will be. It isn't just Trump voters celebrating the Trump victory, but freedom-loving citizens all over the globe.

---

## **Winning the War, Battle-by-Battle**

Our kid's, grandkid's and great grandkid's entire future hangs in the balance of our actions! Never accept failure. Never leave the winning up to others. True Americans are not "wait and see" Americans. We are not victims of circumstances. In this great country of amazing patriots, we create our own circumstances! We don't leave our future to mere chance...

---

## **True "Birthright" Citizenship**

This issue may become a front-burner issue in 2025 as incoming President Donald J. Trump has publicly stated that he intends

to do away with “birthright citizenship” due to the misuse of the 14th Amendment to grant legal citizenship to “illegal aliens,” just because they made it across our border “illegally” to have a child, accurately referred to for decades as “anchor babies.”

---

## **Drain the Swamp 2025**

The mission 2025 is to “drain the swamp.” Trump is going to need the help and backing of all 76,779,944 American voters who just chose him to lead this mission. Now is not the time to rest or wait to see what happens next. Now is the time to stand all day every day with everyone committed to achieving this mission.

---

## **Unverifiable Elections are Uncertifiable**

The 2024 election victory isn’t the finish line, it’s the starting line of a New American Revolution to reinstate Constitutional government in D.C. and in every state and city across the country. No political leader has the power to accomplish this alone. But over 76-million Americans do, if they only will!

---

# Seismic Political Shift 2024

The global Marxist democrats in the USA are reeling from the seismic political shift underway in the 2024 elections, lashing out in all directions looking for who to blame for their massive loss, taking crazy to a new level, as they wrestle with a clear and compelling message from American electors that they just refuse to comprehend.

---

## Great Again vs. 3rd World Destruction

Because Harris was never elected as the nominee, intelligent people can see who the real threat to democracy really is, the candidate not elected by anyone. And because democrats have promised to “raise people out of poverty” by using taxpayer revenue to do it, without ever lifting anyone out of poverty, smart people don’t buy this lie anymore either.

---

## 2024 Back to the Basics

If the USA is no longer free and prosperous, no place on earth will be! It’s not possible to plunder the assets of the USA to raise the world out of poverty, war and starvation. It’s only possible to bring the USA down to the same unsustainable 3rd world status, by killing the goose that laid the golden egg. A lowering tide, grounds all ships...

---

# **Election Fraud Cover-up Begins**

Obama's Democrat Party has done everything possible to steal yet another election and prevent the legal American Electors from choosing their leadership. Since 2009, the Obama regime has been in control of the entire Federal government, even while Trump held the Presidency, which is why and how the Federal government worked around the clock to undermine, destroy and end the Trump administration.

---

## **Who's Voting in America 2024?**

In the leadup to the 2024 elections, an estimated 65% of Americans lack faith and trust in current election systems, across the political spectrum. Only 35% of Americans say they trust that our elections are free, fair, secure, lawful and transparent, proving that 35% don't pay attention at all, or lie to suit their undemocratic agenda.

---

## **An Uncertifiable Election**

# 2024

So, to defeat the extreme left in this election, it will require a vast number of past democrat voters to defect from the party and vote for America. I see a lot of movement in this direction via social media, but the news media continues to claim Harris is a “sure winner” due to the fraud in place.

---

## **An Americans First Platform**

Both candidates have their policy priorities posted on their campaign websites, the TRUMP PLATFORM [HERE](#) and the HARRIS PLATFORM [HERE](#). Every voter should take the time to carefully look at the posted platforms of the two candidates before attempting to cast an intelligent vote. Fully informed voters make the best voters.

---

## **Just 51 Days to STOP THE STEAL**

If you made it to the end of this piece, you can never again ask what you can do to help save this country, because I just told you what all of us can do. You can never again claim that there's nothing you can do, because there's plenty you can do. You can not continue to blame anyone else for what doesn't get done, if you're not going to do it yourself.

---

# **Equality v. Equity**

Throughout most of my life, I have been a firm fighter for equality, freedom, liberty, true justice, national sovereignty and security, peace and tranquility. Millions of Americans think they stand for these same things and many do. But today, millions do not stand for these things at all and fundamentally, it is what divides our nation in every election.

---

# **Why are Kids Killing Kids?**

Of course, every time another school mass shooting takes place, Marxists rush to blame the inanimate object, the weapon used to commit the crime. Never mind the fact that the inanimate object is entirely incapable of harming anyone on its own, or that decades of crime statistics here and around the world prove two very important facts...

---

# **The Entire Democrat Party is Built on Lies**

The made-for-TV con-job masquerading as a party convention may be the final straw that breaks the back of the Democratic

Party for the next hundred years. For at least the past seventy-years, the party has been built upon two failing ideas that have left the party painted into a corner they may not be able to escape in the 2024 elections.

---

## **Our Government is a Reflection of YOU**

Baseball used to be the national pastime in the USA. But that's back when a single income was enough to raise a family. It's back before online pornography, and kids who have been raised in their bedrooms playing video games with their doped up virtual friends, desensitized by killing, rioting and looting for points of no value whatsoever.

---

## **Trump Must Challenge Harris Eligibility**

The insanity rapidly destroying the USA has gone on long enough and if it's not properly addressed in the 2024 election cycle, this country will never be of, by, or for, legal U.S. Citizens ever again.

---

# Are Women Destroying the USA?

Before I explain, let me just say that I love women, real women. I'm married to one and I'm the father of another, brother of two and brother-in-law to three more, and they are all amazing human beings, real women. They are smart, loving, caring and tolerant people, and ferocious protectors of those they love, especially children.

---

## Natural Born Citizen Clause Still Ignored

Yet, on any given day, the people could decide the time has come for them to enforce the Charters of Freedom. On that day, the people will have begun the process of reclaiming their country and their future...but not until. If you want your country back, you'll have to take your Oval Office back first!

---

## How “Undemocratic” of Democrats

After years spent painting themselves into this fatal corner, with the democrat party on the brink of extinction, party leaders work around the clock to terminate 14,465,519 2024 DNC primary voters and pick their own puppet candidates for President and Vice President at the upcoming convention.

---

# 2024 Elections and the Tytler Cycle

I have written numerous times now that the 2024 U.S. Elections will represent a final opportunity for the American people to turn our country away from evil and bondage before the clock runs out on our Constitutional Representative Republic. It will be one of two things when the smoke clears and the dust settles this fall, and the American people will decide. It will be reformed, or it will be gone!

---

# Team Biden Lies are Off the Charts

In truth, the Clintons, Obamas and Bidens have gotten away with years of national and international crimes and the walls are closing in on them politically at this moment. The SCOTUS ruling makes certain that none of them are free from investigation or prosecution, in the event that the Department of Justice is ever returned to a constitutional agency engaged in enforcing real laws, not political persecutions.

---

# **I'm My Own Factchecker**

As the Democrat Party controlled mass media sticks to their talking points memo, allegedly “factchecking Trump” without factchecking Biden at all, maybe it's time for YOU to do your own factchecking!

---

## **Biden to be Replaced on the Ticket**

Under the DNC convention rules, Biden must “voluntarily withdraw” from the race to open up a “brokered convention.” Biden would have to release his delegates to open up a “brokered convention” and he's pretty much already out of time to do that, even if he could be convinced by Obama to do so.

---

## **In God We Trust**

When it comes to the matter of rulers over mankind, throughout human history, rulers over societies have in every case, proven to be the greatest threat to those societies, always in the end, abusing their power and turning on the very people they are sworn to protect. In fact, throughout human history, there has never been a government worthy of its people's trust.

---

# **President Hillary Clinton 2025?**

The entire democrat party is reeling from their freefall from popularity as their poll numbers nosedive to all-time record lows. The word panic isn't strong enough to describe the level of fear sweeping across the country throughout the failing democrat party.

---

# **With Liberty and Justice for All**

But somewhere along the way, a society distracted by daily life itself, forgot to remain "forever vigilant" in the defense thereof, and politicians who refuse to abide by their Oaths to the same, allowed this most basic foundation for life in America to collapse under the weight of partisan agendas and purposeful deep and fatal divisions in the electorate.

---

# **Obama Seeks 4th Term**

As everyone with an IQ above their shoe size already knows, the so-called "Biden Administration" is actually the 3rd Obama

Administration. The entire Biden staff and cabinet is made up of all the Obama era Executive Branch officials and Obama has been in charge again since January 20, 2021.

---

## **Time to Take a Side and Make a Stand**

But one thing is very clear at this moment in history...our government is currently full of the most criminally imperfect people in our country, and that must change! Right now, a growing majority of Americans across the political spectrum see Trump as that agent of change...and the more the corrupt government tries to prevent him from running, the more patriotic Americans rush to his side in a growing revolt against that maniacal anti-American corruption.

---

## **What 2024 Polls Really Tell Us**

My favorite line about polls and statistics is, 99% of all statistics are made up on the spot to suit someone's agenda, and man is that true when it comes to modern political polling data. Today, most Americans don't even care how accurate the information is, they will share the polls of their choice, so long as it suits their agenda.

---

## **VP The BIGGEST Decision of Trump's Life**

Like Trump, he's an unapologetic AMERICA FIRST leader and a take-no-prisoners style of freedom fighter, who deeply believes that America's greatness comes from its free people, not government. He's extremely intelligent and well-spoken. He can lead the nation after Trump completes a second term.

---

## **The Truth and Consequences of Targeting Tik Tok**

When they told you 2-million Americans were going to die from COVID in just two weeks in April 2020, they lied. When they told you wearing a mask and social distancing would save you, they lied. When they told you they didn't know where COVID came from, they lied. When they told you taking the JAB would save you, they lied about that too.

---

## **Single Female Voters are**

# Destroying America

You can shoot the messenger here if you want, but it won't change these facts! Single female voters are the single largest problem in the USA electorate as 70% of them are single issue voters, seeking a protected right to kill their own children in the womb...abortion!

---

## What Bill of Rights?

Unfortunately, by the time the people have had enough, they will have already lost everything, including the means to right their own ship. Everything they tried to protect by keeping their head down and mouth shut, they will lose. Freedom once lost, has never been regained in the history of mankind.

---

## Anti-Federalists vs. Federalists circa 2024

And don't kid yourself...if the Federal Government has even one penny in your school, by any means, it's public education with a curriculum controlled by the US Department of Education. The government doesn't fund anything it doesn't control.

---

# How Elections Are Stolen 101

Approval of Congress and the press are in the single digits today, and rightfully so. Neither does anything to deserve the trust of the people, and they in fact, do so many things to deserve the utter distrust and disdain they currently enjoy. The vast majority of Americans know that we are being lied to and manipulated 24/7 by everyone in a position of power.

---

## FACTS Regarding Contested Presidential Elections

Now democrats Biden and Hillary Clinton are openly claiming that “republicans have a plot to steal the 2024 elections” – once again, accusing their opponents of the actions that the democrat party has been using almost since the Constitution and Bill of Rights were signed.

---

## Proper Single-Issue Voting

Understand, no matter what you think of Trump, he made his fortune building things, producing things, profiting from the work he spent a lifetime doing. His political opponents have all become wealthy and powerful on the backs of American

taxpayers, while working around the clock to destroy the very foundations of freedom and drive every Citizen into bankruptcy.

---

## **Democrat Party in Freefall 2024**

Modern Christians do not live their claimed faith in every day life, certainly not in the election booth. Until they do, evil will consume this nation. "Faith without works is dead." We either save this Republic in this election, or we will not be able to save it at all. Evil will win, so long as your silence and inaction remains your consent.

---

## **Eligible vs. Ineligible Voters**

According to long-standing US Election Laws under the US Constitution, voting rights are not based upon ones presence in the USA at election time. There's a distinct and critical difference between those who are eligible to vote in US elections, and those who are not.

---

# Nikki Haley Had a Chance at Greatness

Nikki could have been important to the future of the USA. But she chose to hate and to do the bidding of democrats instead, and unless Biden wins and throws her a bone for her help, her political future just ended.

---

## Two Visions, Two Agendas, No Middle Ground

For the next eight months, we will be flooded with an endless stream of outright lies, half-truths, and globalist propaganda. Mainstream Media, Social Media, Hollywood elites, talk shows, friends, family, education, lecture halls, you name it...we will be bombarded by the worst political garbage slinging we have ever seen in this country.

---

## The TRUTH About Trump Voters

Thanks to decades of anti-American false propaganda flooding the airwaves from pretty much every form of mass media in the country, today's leftist echo chamber has taught millions of American voters a laundry list of gaslighting lies that simply are not true, including their misguided misperception of Trump voters.

---

# Foreign Occupation of Our White House

At a time when our beloved country is being systematically flooded with foreign invaders from all over the globe, South America, China, the Middle East, most of them military age males unaccompanied by women and children, it seems more important than ever to establish a means to prevent “illegal aliens” from voting in our elections...

---

## The Nikki Haley Plot Against the USA

In the good ole days when the average American was smarter than the average politician, citizens would defeat Nikki Haley in the GOP Presidential race just because they know that millions in her campaign funds come from far-left democrat donors and over 70% of her primary voters are also democrats. Republican voters have had it with democrats voting in republican primaries, for just this reason.

---

# How Democrat Leaders Feel About Their Voters

2024 will be the last chance WE have to stop the final destruction of the American Dream and American way of life. If WE fail in this duty this time, well, throughout history, freedom once lost, has never been regained! Our children and grandchildren will remember us as only those who stood up in the face of evil tyranny, and those who didn't. No one will be remembered any other way...

## Divided, You've Already Been Conquered

2024 is the final hour...Americans will either rise united against all enemies, foreign and domestic, or they will lose their country forever, divided and conquered. The time for choosing has arrived...

---

## Marxist Murder of the American Dream

From day one, July 4, 1776, when a handful of real American patriots declared our independence from England and British rule, they also established our independence from any form of

government tyranny, foreign or domestic. The basis of the American Dream is self-determination and self-governance.

## **What's Wrong With this Picture 2008-2020**

In 2024, we will either have free, fair, lawful, and transparent elections, or we will be off to the races. 2024 is the breaking point. Trust me on this... I follow growing public sentiments very closely.

## **How the Republican Party became the RINO Party**

To turn the Republican Party back into a conservative party, leave independent status and rejoin the party. Not to go-along to get-along, but to flood the party with real conservative republican voters and take back control.

**Free, Fair, Lawful,**

# Transparent Elections 2024

The USA is very unique in the world in that all political authority exists at the pleasure of the governed, the People. Our government has a right to exist only so long as the People say so, and only so long as governments perform within the limited powers they are granted. Taxation without representation is prohibited in the USA, no matter which party you're loyal to, or how you might feel about it.

---

## Oval Office Immunity?

The US Federal Government exists solely by way of the US Constitution. If the Constitution and Bill of Rights are dead and gone, then the Federal government has no legal basis to even exist at all.

## Celebrating January 6, 2021

On the 3rd anniversary of J6 2021, events of that day are celebrated by all sane Americans as the day when the once silent majority, stopped being silent. Before going any further, there's a few basic facts about J6 that some foolish Americans must come to grips with...

---

# **The 2024 Presidential Frauds**

Now, I'm well aware of all the folks who have been trying to sell their "three-legged stool" theory since McCain in 2008...Father, Mother and Born on Soil. I'm well aware of the fact that some women think that the Natural Law focus on the father alone, is some kind of slight to the mothers.

---

## **To Be or Not To Be...American**

The Constitution and all its terms and conditions are the legal mechanisms by which the Federal government has any right to exist at all. When that government refuses to abide by the terms and conditions of the Constitution, and has become destructive of its sole purpose, it has no right to exist, much less rule over the people. The contract is null and void the moment the government breaches that contract and refuses to self-correct.

## **Democrats Total Disconnect from Reality**

WE are God's stewards responsible for what happens in this country. We all have a duty, the same as our forefathers. God will provide for our victory if we stand together to fight evil. If God was going to do it alone, he would not have needed Moses or Noah. Let's get busy!

---

# American Democide 2024

Why was J6 declared an “insurrection” when even the FBI investigation concluded that there was no evidence of any such thing? Why have the Nazi global elites labeled every red-blooded American a “threat to democracy” and every Christian a “right-wing extremist?” Why has the O’Biden Administration illegally flooded our country with more than 8-million military age males...

---

## No Longer Capable of Freedom?

No, a vast majority of Americans are no longer capable of freedom, therefore, the hour glass on freedom will soon expire. It’s one problem to be ill-informed. It’s a whole different problem to be unteachable or unreachable. As I told my kids while they were growing up... smart people learn from their mistakes.

---

## Did “The Federalists” Create our DC Monster?

In 1776, 8 American men initiated what became the Declaration of Independence from British rule. It took until 1787 to adopt

a constitution and until 1789 to adopt the Bill of Rights. But before the calendar ticked over to 1800, the federal government was already busy destroying the republican form of government they created.

---

## **WHAT “Lack of Standing?”**

After decades of dumbing-down and drugging-up Americans, the vast majority of Americans know nothing about what I just explained in this piece. Yet, it is the reason why our country is not our country today, and it's the foundation for any honest effort to save this republic from certain ruin.

---

## **It's Not Our Government in DC**

Americans haven't just been missing in action in terms of being forever vigilant in protection of their own freedom, many have been missing in action when it comes to raising their own children as well. That's why we see thousands of young students so easily manipulated into our streets in support of the most blood-thirsty brutal terrorists to ever roam the earth.

---

# **USA Point of NO Return**

The only thing that separates “patriot” from “pretender” is ACTION. Without ACTION in “our” group, including the financial resources to move mountains instead of propping up politicians, there are absolutely no solutions to anything.

---

## **USA Survival – A Matter of Priorities**

This country is what the people make it or allow it to be. Either politicians work for us, or we work for them. The government either operates within Constitutional confines, or it has no right to exist at all. These truths are so fundamental and obvious that if you don’t get it, it’s because you don’t want to get it. It’s because you choose to put yourself ahead of the country and everyone else in it.

---

## **Time to Defund ALEC**

Instead of ALEC and other think tanks driving our legislatures, it’s supposed to be us, “We the People” from whom all political power is derived. We simply cannot afford to allow so-called “experts” to continue running our country into the ground. They have driven the USA to the brink of collapse.

---

# **Deprivation of Rights Under Color of Law**

This means that by some method, health threat, threat of war, or real war, economic collapse, the list is endless now, the powers who did these things intend to create another “emergency” ahead of the 2024 elections. The plan is to stop the 2024 election from even taking place...

---

# **Did the 14th Amendment Alter Natural Born Citizen?**

There is no statute of limitation on treason and sedition. If the American People don't stand together to enforce the Natural Born Citizen requirement today, and prosecute all who have violated it to date, no matter which political party, there is no way to save our Constitutional Republic from certain ruin.

---

# **House Republicans Surrender**

# to Democrats

But this time, there won't be 15 rounds of voting like McCarthy had before becoming Speaker at the beginning of the new congress. Instead, after three losses, Jordan received the boot in a so-called "SECRET VOTE" by his fellow fake republicans, who apparently but unofficially removed Jordan as a candidate for speaker in a reported 86-122 vote behind closed doors.

---

## Democrats in Republican Seats

The Obama 3.0 administration has set the entire world on fire in just the past 2  $\frac{1}{2}$  years, using mental midgets and moral misfits Biden and Harris as his human shields to protect the person actually running the Federal regime...Barack Hussein Obama. They are already responsible for millions of deaths around the globe, and an America on the brink of total collapse and Civil War, in just 2  $\frac{1}{2}$  years.

---

## To American Pro-Hamas Terrorism Supporters

You vote overwhelmingly democrat because you're told to, despite seeing every democrat run city in the USA turned into 3rd world toilets by those democrats. You believe in socialism despite knowing that socialism and communism are just forms of

fascism and totalitarianism, which have failed every time they have been tried in the world.

## **Deniers of Undeniable Truths**

Since no one can do anything alone, we have no choice but to work together. To work together, we must join, and support groups heading in the right direction and fully engage in the correct doable things. Together, there is nothing we cannot do. Alone, a house divided against itself will fall.
