

Last Stand to Save America as Founded

I pray that Christians will stop kneeling to wicked cultural demands and begin standing up again for Godly principles. Far too many youths are Marxist zealot domestic terrorists because we've allowed leftist schools to poison their minds about their God, their family and their country.

The Leftists Are Turning Our Kids Into Sleeper Cells

Black disciples of socialism disguised as civil rights activists have also been allowed to sow their seeds of anti-American hate in public education for decades. In the 1970's, I was a student at the prestigious Maryland Institute College of Art via scholarships. The Black Panthers showed up, angrily demanding a platform on campus to protest.

Black America: Before Y'all Sign On to Black Lives Matter

BLM operatives have white middle school students hating themselves, taught that they were born racist. Does Jesus want people (kids) hating themselves? BLM had a sportscaster fired

for daring to say, “all lives matter.” Jesus sacrificed his life on the cross because all lives matter. If you support BLM’s racist mandates and agenda, the love of Christ is not in you.

America and Police Presumed Guilty of Racism

Lloyd Marcus

A prominent Christian minister said Jesus does not want us to dismiss the grievances of Black Lives Matter protesters. Republicans are working on police reform. A pundit on TV advised Republicans to learn how to talk to black people and offer more economic programs. These solutions to dealing with racial chaos driven by BLM sound reasonable.

However, what sticks in my craw is the presumption that white America and police are harming blacks. Folks, that simply is not true.

And what is this nonsense about learning to talk to black people? President Ronald Reagan’s generic appeals to all Americans inspired me tremendously. Why is it assumed that blacks must be courted with new government targeted initiatives and handouts? In some areas, blacks are getting the short end of the stick because of their brain-dead loyalty to voting for Democrats. More free stuff will not fix the

moral problems which plague urban black communities.

The American people are awesome, the most generous and fair-minded people on the planet.

As for the supposed need for police reform, overwhelmingly, data confirms that the [greatest defenders of black lives over the years have been police.](#)

Black on black homicides are on the rise due to police being removed from black neighborhoods. And yet, leftists who portray themselves as paragons of compassion for minorities are clamoring to defund and insanely disband police departments. Cruel Democrat governors, mayors and city councils have begun defunding their police. Outrageously, Minneapolis city council members who voted to eliminate their police force hired [private security which cost taxpayers \\$4500 a day.](#)

Around 1976, my cousin had a nervous breakdown. He held his two toddler sons in the basement, threatening to kill them and himself. I can't remember if he had a gun or a knife. His terrified wife phoned 911 and me. Two white cops showed up. The young slim cop dashed into the Baltimore row-house. The older morbidly-obese cop waddled up the steps into the house and made his way to the basement door. While wiping sweat and trying to catch his breath, he calmly mentored the distraught young black man. "C'mon son, I know how you feel. But you don't want to do this." Amazingly, the awesome cop talked my cousin out of the basement with his sons unharmed. My cousin received the emotional help he needed.

To fulfill their mission to transform America into a socialist/communist country, Democrats, fake news media and anarchists promote the lie that cops awaken every morning with the intention to murder as many blacks as possible. Selling this lie to low-info Americans is evil beyond words.

My brother Jerry, the other Christian conservative Republican

in our black family, phoned to chat about the BLM chaos. Jerry said several years ago, one of our grandparents confronted him extremely concerned. "There is something wrong with the way you think." One day Jerry heard a guy on the radio explaining the differences between Democrats and Republicans. Jerry had a eureka moment, "So that's what's wrong with me, I'm a Republican!" We laughed. The guy Jerry heard on the radio was Rush Limbaugh.

We discussed how for years, we have given black friends and family irrefutable evidence of how the Democratic party is not our friend. Democrats founded the KKK – [they destroyed the black family](#) – they push for government programs which imply we are inferior and stupid – they champion Planned Parenthood which was founded by racist [Margaret Sanger to exterminate blacks](#).

[Obama's presidency was a disaster for black wealth](#). Before Democrats' intentionally created covid hysteria to crush Trump's remarkable economy, [blacks were enjoying unprecedented prosperity](#) and historic low unemployment.

Frustratingly, none of these truths effect their brain-dead loyalty to Democrats. They passionately believe Republicans and Trump are racists and mean. Jerry concluded that they are totally brainwashed. While I concur to a point, I believe a majority of blacks do not know who Democrats truly are because fake news media covers for them; portraying them in an angelic light.

Jerry referenced the Michael Jackson song, "Man in the Mirror." He said blacks should make the person they see in the mirror fully responsible for their lives rather than viewing themselves as victims, always looking for someone else to blame. I have always had a huge problem with white liberals selling blacks the lie that their success or failure depends upon whites. Real black empowerment is realizing that success or failure is dependent upon you and God.

Jerry shared a few racial incidents. Years ago, he was walking through a trailer park. He saw a beautiful little white girl wearing a diaper. Upon seeing him, she became extremely excited happily waving at him. Grinning ear to ear she said, "Hi n*****! Hi n*****!" Jerry smiled and waved back. Clearly, that child was taught racism. On the flip side of that coin, a countless number of whites have told me the "n" word was never said nor tolerated in their home.

For several years, Jerry worked as a truck driver. His co-worker was a racist white guy. As senior driver, Jerry had first preference to take Christmas off. Jerry told the racist driver, "You have two small kids. Spend Christmas with your family. I'll work." Jerry said he will never forget the stunned look on the guys' face. Jerry said so much racism is rooted in ignorance.

Jerry's white employer hired part-time helpers. A young black guy was assigned to work with Jerry that day. Upon making their delivery, the client gave Jerry a check which he turned in. Management called Jerry into the office. Someone attempted to erase the "payable to" name on the check. Management knew Jerry would never do such a thing.

As fate would have it, Jerry bumped into his former black helper at a gas station. Jerry gave the guy a severe tongue lashing. "They think we are criminals and people like you make it worse!"

Jerry approached a new black hire on his job. Attempting to mentor the young man, Jerry advised him to get a haircut, pull up his pants, and get work gloves and boots. This would cause management to take notice and promote him much sooner. The young man gave Jerry a stoned-face stare and walked away.

Brother and sister Americans in any way you can, regardless of how small, you must pushback against the evil seeking to dominate and transform our country.

Jerry confided that family members are embarrassed by my [YouTube videos supportive of Trump and against BLM](#). This tells me God wants me to do more videos.

Trump's July 4th Birthday Gift to America

Fake news media are masters of illusion. Their celebratory reporting deceived corporations into believing a majority of Americans support Black Lives Matter's absurd demands. Therefore, corporations wrote several million dollar please-don't-attack-my-business checks to BLM.

Anarchists and Trump's Reelection

My stomach turns every time I hear conservatives, Republicans and Christians say we must create meaningful dialog with the protesters to discuss their grievances. The problem is their grievances are purposely rooted in the lie that my beloved

country is a racist hellhole. I refuse to pander to that concept.

Stop Pandering to Leftists' Systemic Racism "Big Lie"

My fellow Americans, we are so blessed to have president Donald J. Trump. Remarkably, Trump has been able to defeat Democrats' long list of schemes to transform our country away from the divinely inspired vision of our Founding Fathers.

BLM at War with America

Another thing causing my head to explode is all of the pandering to BLM, an evil and demonic hate group. In compliance to BLM, pastors are telling their white congregations to own-up to their white privilege. My response is, "Stop it! Stop falling for leftists' bogus guilt-trip." For crying out loud! America is the greatest land of opportunity on the planet for all who choose to pursue their dreams. Anything else is a lie!

Oprah is a Ultra Leftist Trojan Horse

Oprah is exploiting George Floyd to further her fellow progressives' far-left-radical agenda. If she really cares about blacks, Oprah would focus on addressing out-of-control black-on-black homicides in cities controlled by Democrats. As a true advocate for blacks, Oprah would focus on ending generational poverty, gangs, drugs and incarcerations due to fatherless households.

Disciples of the Gospel of Democrats and The Fake News Media

At our annual family Christmas gathering a few years before he died, my dad, Dr. Rev Lloyd E. Marcus, instructed them to follow me as the new leader. I heard through the grapevine that most of them disapprove of my politics. At family events, I am pleasant and keep conversations non-political. Still, they read my articles posted on social media and the internet.

Exploiting George Floyd's

Death

And yet, rather than bringing our nation together, fake news media and Democrats are excitedly throwing gasoline on the flames of racial hate and division. Their message is America is still a hellhole of racism in which blacks are routinely murdered by whites and police.

Reopen America Now!

Unfortunately, fake news media has so successfully filled some conservatives with fear of coronavirus that they accept Democrats repealing our constitutional liberties. Incredibly, they want this unnecessary lock-down which is literally destroying our country to continue.

Phase Two in the Battle to Reopen America

We the people finally rising up to say this is America and we're not gonna take this crap makes me extremely proud to be an American. Thank God that we have not become a nation of metro-sexual wimps, allowing power-drunk Democrats to behave like our parents.

Deliver Us from Evil Democrats – They Must Be Defeated

Democrats are hellbent on prolonging this insane unscientific lock-down for as long as they can get away with it. It is Democrats' most destructive effort thus far to attack America, destroy Trump and assume the role of God.

Trump is Not Weakening

Folks, you need to understand once and for all that Democrats and fake news media are sick with hatred for all things wholesome and good and hatred for America. Without hesitation, they will destroy you and America for power to control every aspect of our lives. The treasonous wacko Democratic party must be defeated at the ballot box in November.

Coronavirus and the Horrors of Democrat Control

Mary and I live in a tiny town in West Virginia. Our grocery shopping options are 26 miles away in Maryland and 45 miles in

Virginia. Maryland stores refused to allow us to enter because we did not have masks. We drove to Virginia. It was refreshing seeing Virginians free to wear masks or not.

Time to Join the Rebellion

They plan to keep filling Americans with bogus fear about the corona virus to keep the country shutdown all the way to the November election. They do not give a rat's derriere about the shutdown causing 22 million people and climbing to lose their jobs. Suicides are skyrocketing, lives are destroyed and fortunes are being lost.

Behind the Curtain of Corona-madness

Trump has done a remarkable job for We the People despite 92% negative lie-filled reporting, deep staters', Democrats' and never Trumpers' efforts to stop him. Trump could keep America on the winning track for at least a decade if Republicans win a majority in the house and senate.

Making the Most of House Arrest

During the corona-madness lock-down, I watched my favorite movie, "The Natural" for the ga-zillionth time. Insanely, that movie still makes me tear up. Due to my late preacher dad's DNA, I see numerous life lessons and sermons in that movie.

Corona Virus Causing a Right Turn

Our courageous president has announced plans to cautiously begin re-opening America in various sectors ASAP. Optimism is contagious. Trump believes our economy will bounce back stronger than ever. I agree.

A Little Blue Bird Confirmed That God Is With Us

Folks, this is too amazing to believe, but it is totally true. My wife Mary was transferring her 6 cockatiels and 3 parakeets to a new cage. After working in my backyard studio, I went back into the house. I opened the door just as Blue bird parakeet got away from Mary.

Trump vs the Terrible Reporter

Trump is truly enduring false accusations and unfair persecution for protecting religious liberty, innocent unborn life, everyday Americans and wisely dealing with a national crisis. I am grateful that Trump continues to trust his God-given instincts. Roll on Mr President. We the People are with you.

How Long Will Americans Tolerate Corona-Madness

Folks, the light I see at the end of the Corona-madness tunnel is the strong will, spirit and instincts of the American people. Without analyzing their feelings through a lens of political ideology, Americans will begin demanding to have their lives back; working, weddings, kid's birthday parties, restaurants and so on. We are Americans!

Corona is Not 'The Big One'

Barely able to contain their excitement, Democrats/fake news

media believe they have finally found their kryptonite to take down this superman president. They are confident that their insidious evil manufactured hysteria over the Corona virus is The Big One that will end Trump's presidency.

Conversations with Everyday Patriots at CPAC

CPAC was really encouraging folks; tons of young people, college students and millennial conservatives. It was surprising to learn that for many of them, their conservative values are an outgrowth of their Christian faith. The big message of CPAC was "Trump 2020!"

Hope For America From CPAC

My wife Mary and I are having a wonderful time at CPAC, Wednesday Feb 26-29th, reconnecting with patriots and Tea Partiers we have not seen in years. We are promoting the release of the Trump Train 2020 song music video. We ask each of you to host Watch Parties when the music video goes live on YouTube. Here is the commercial promoting the music video release...

Rush Limbaugh, Trump and the Tea Party Family

We held our noses to rally behind Mitt Romney for president. We were devastated when Mitt Romney wimped out, refusing to forcefully challenge Obama's rhetoric during their second debate. In essence, Romney gifted Obama an undeserved second term. We felt betrayed.

Jussie Smollett Should Not be Rewarded for His Crime

Folks, why are progressives never held accountable for promoting racial hate, hatred for achievers, hatred for Christians, hatred for straight white men, hatred for successful blacks who do not vote Democrat and hatred for police. Progressives are not even held accountable for promoting and implementing violence

Saying No to Black History Month

Most American blacks do not realize that many original civil rights black freedom fighters who stood beside Dr Martin Luther King Jr sold their souls to the dark-side after Dr King

died. They joined the white Democrat/progressive movement, metaphorically receiving 30 pieces of silver. The agenda of the dark-side is anti-Christianity and anti-American.

The Major Takeaway From the State of the Union

My major takeaway from the State of the Union is Trump must be reelected. If not, every single one of his unprecedented victories for We the People will be reversed. Clearly, Democrats believe whatever Trump does good for America undermines their mission to control every aspect of our lives and remove America from her rightfully place as leader of the free world.

California's Democrat Run Nightmare Spreading Nationally

If Bloomberg or any of his fellow wacko Democrats are elected president, America will immediately fall backwards, resuming the economic, cultural and world-leadership decline of the Obama years. An endless list of new perversions will be forced upon us; all who oppose will be shamed, destroyed and thrown into jail.

Goodbye Sammy, Our Patriot Greyhound

Sadly, my wife Mary and I had to euthanize Sammy, our beloved 15 and a half year old greyhound. Due to his unusually large size, his former owner named him Samson. We called him Sammy.

Biden Throws Blacks Another Racist Dog Biscuit

How many stupid blacks will stay on the Democrats' plantation, believing Biden's outrageous lie that Trump is a n*****-hating white supremacist? My fellow black Americans, please stop scarfing up Democrats' racist dog biscuits.

A Glorious Weekend Filming with Fellow Deplorables in California

Robert treated me to a sneak-peek of his hilarious new short film titled, "Nightmare in Paradise." It's about an emigre from Kansas who has a nightmare about trying to run a business in

California.

Thanks Mr President for Placing American Lives Above Politics

So rather than celebrating President Trump for immediately stepping up to protect American lives in our U.S. Embassy in Baghdad, fake news media rushed to spread the lie that Trump behaved irresponsibly.

A Sad Baltimore Tale

Democrat controlled cities are insanely obsessed with pandering to criminals and illegals against the safety, best interest and rights of law abiding citizens. NYC Mayor de Blasio's latest soft-on-crime initiative includes giving freed inmates gift cards and cell phones.

What "White Privilege" Means

in Small-Town West Virginia

It turns my stomach the way despicable evil Democrat presidential candidates say white men like Pop Kern are responsible for everything wrong in the world. Democrats boldly proclaim that if elected president, they will punish Pop Kern; tax the heck out of him and force him to pay reparations to minorities and even illegal aliens.

A Surprise Christmas Gift

Over forty-five years ago when my white wife and I met, interracial dating was taboo. We endured verbal and physical assaults from blacks and whites. A deranged white man approached our table in a restaurant, smashed a bottle over my head and ran out of the restaurant. He was prosecuted.

We Don't Need Different Santas for Every Race

All this identity politics, race and gender swapping is supposedly about empowering women and minorities. That is a lie. It is really about SJW's hatred for straight white men and their desire to punish, demonize and cancel them. I am not exaggerating when I say SJWs believe the world would be a better safer place without Christian heterosexual white men.

Our Outrage Over Dems' Impeachment Farce

Be of good cheer and hang in there folks. Our Sherlock Holmes, (William Barr) and his Doctor Watson (John Durham) are close to cracking the Democrats' evil scam wide open.

Trump Makes Christmas About Jesus Again

In 2016, Trump promised that if elected, Americans would say, "Merry Christmas" again. Wandering around the mall, I repeatedly heard shoppers and sales clerks say, "Merry Christmas!" I overheard a father instructing his three sons, "Remember boys, you're suppose to be shopping for others, not for yourselves."

First Lady Dissed by Wimpy Snowflakes

First Lady Melania Trump was booed by students when she spoke at an opioid awareness summit in Baltimore. Snowflake adults said the students were justified because Melania's husband

hurt their feelings by saying bad things about their city.

Why Trump is Black Voters' Clear Choice in 2020

Unlike the Democratic party, the Republican party does not treat me like a poor inferior child in need of constant government intervention. Folks, the bottom line is America is the greatest land of opportunity on the planet for all who choose to go for their dreams! This inspiring truth is as repulsive to Democrats as showing Dracula the cross.

Young Adults Fed Up With SJW And LGBTQ Tyranny

Hollywood's laser-focus on promoting SJW has created a huge void for quality entertainment. We have a golden opportunity to fill that void. Perhaps, this is why well-crafted Christian movies are doing so well at the box office.

Nationals Elites vs Astros Americans

Counselor to the president, Kellyanne Conway, appeared on Fox and Friends wearing a Washington National's baseball cap in honor of them winning the World Series. Kellyanne excitedly said, "Since president Trump came to office the Capitals, the hockey team, the Mystics and the Nationals have won their first championships."

The Frightened Old Woman with Her Trump 2020 Flag

After our awesome recording session which felt like a family reunion, the owner of the recording studio emailed me. He raved about how much fun he had and how it was a pleasure working with such a great group of nice people. Clearly, we Trump supporters were not the deplorable racist haters characterized by fake news media and Democrats.

For the Soul of America, "Shifty" Schiff Must Go

Trump will be reelected in 2020. However, we must remain engaged, each of you doing your part to insure victory in

2020. It can be as simple as sharing with your neighbor a few of the long list of great things Trump has achieved for America. It is crucial that we counter fake news media and Democrats' lies and non reporting of Trump's unprecedented achievements.

The Purge of Conservatism from America

Oozing with obnoxious superiority and arrogance, Schiff insidiously deceived viewers to assume he was reciting Trump's actual words from the phone call. Schiff was lying. Not a single word of what Schiff told the American people that Trump said was in the transcript.

Do Democrat Loyalists Really Know Their Party?

Do you find yourself scratching your head wondering why your intelligent, moral, and Christian relatives and friends continue to support the Democratic party despite its amoral, anti-Christian and anti-American agenda?

Democrats' and Medias' Evil Mission to Divide Americans

My deceived relative confirms that we must remain diligent in our efforts to educate misinformed Americans. Folks, I could go on and on with examples of Democrats' and fake news medias' evil mission to keep Americans divided, in fear and at war with each other.

All Aboard Trump Train 2020

This confirmed the importance of my Trump Train 2020 song, spreading the truth about our courageous president. God turned the negative circumstance of not being able to find local singers supportive of Trump into an opportunity for true patriots to lend their voices for the good of our country.

The Cure For Confused Male/Female Relationships

While claiming they only want tolerance, the real agenda of LGBTQ activists is to demonize heterosexuality and throw people in jail who publicly disapprove of the LGBTQ lifestyle.

Heads Up, America: North Carolina Special Election Matters

Though I love her dearly, my wife Mary interrupts my peaceful morning cup of coffee by reading me disturbing headlines on her phone. Court rules Idaho must give transgender inmate gender surgery." Thank God the Republican governor, in essence, said it will be a cold day in hell before his state pays for the convicted sex offender's reassignment surgery

How We Reflect Trump in 2020

Progressives always find funds to trash Christianity and America. Remember when the National Endowment For the Arts awarded an artist with a \$15,000 grant to place a crucifix in a jar of urine?

Pocahontas' Presidential Run Should be Over

Elizabeth Warren seated in the big chair in the Oval Office would be the equivalent of wicked Hillary on steroids;

severely punishing achievers, disarming law abiding gun-owners, jailing political opponents, dividing Americans

El Paso Shooting: Latest Atrocity Exploited by Democrats

At least 20 innocent Americans lost their lives at the hands of an evil man in the El Paso mall shooting. It is evil and disgusting to exploit the shooting to falsely brand Trump and his voters violent racists.

Baltimore Black Kids Escape to Trump Country

It is amazing what a child can achieve once he is distanced from the destructive atmosphere of a Democrat-controlled city. Despicably, Democrats and fake news media relentlessly seek to fill black youths with victim mindsets – hate for their country and hate for Trump voters.

Production of the New Trump Train 2020 Song

Life has taught me that sometimes God gives us great gifts in ugly wrapping paper. In other words, what appears to be a problem is often a blessing in disguise.

Regarding Marriage: 42 Years and Counting

Various academics say marriage is oppressive and unhealthy for women. Leftists foolishly deem themselves smarter than God. They always denounce and seek to undermine God's plan in every area of life.

Leftists' Effective Dirty Trick

Republican and conservative advisers always instruct us to guard our words and be nice; careful not to anger leftists. We have allowed our enemies to dictate the rules of engagement.

Pushing Back Against Anti-Americanism

In response to my clarion call for citizens to push back against anti-Americanism and cultural assassins, several of you have asked how. Some believe the battle is already lost. Some think violent resistance is the only solution. I disagree with both mindsets.

I Stand With Rush: Time To Take Action

Rush said do not misinterpret his concern to mean he has lost hope and given up on saving America. He said to view his rant as a clarion call for all who love our country to take action.

Trump's Orlando Speech: Unprecedented And Remarkable

Watching live TV coverage of President Trump at his Orlando rally announcing his reelection campaign, I was blown away by Trump's unprecedented straightforward honesty. With no-holds-barred, Trump told the American people the truth about numerous important issues which have been lied about or hidden by fake news media.

Reparations: Democrats Scam And Insult Blacks Again

If Democrats and wealthy black celebs really cared about their people rather than furthering a leftist socialist political agenda, they would call for blacks to take full responsibility for their lives. They would encourage a return to biblical morality. They would encourage traditional marriage, bringing fathers back into households.

We Must Reject LGBTQ Craziness Becoming America's Accepted Norm

Turning around in Walmart, I saw a large exhibit of Listerine mouthwash. The exhibit was covered in rainbows stating that it was in celebration of LGBTQ (and other alphabets that I can't remember) pride. The wording on the exhibit preached to us about love, respect and anti-bigotry.

Anti-Trump Traitors Rip Blindfold Off Lady Justice

What anti-American zealots in government and media are doing to president Trump is unprecedented and should scare the heck out of every American. They have created a parallel universe void of truth and reality. In the midst of Trump actually making America great again, millions of Americans believe Trump is a Russian agent, mentally ill and leading America to destruction.

LGBTQ: Forcing Us To Embrace Their Destructive Lifestyle

Someone asked, "What is behind the LGBTQ agenda?" The goal of LGBTQ enforcers is to forcibly normalize their lifestyle in the minds of the 97% of the population that is not LGBTQ.

Judgment Day Coming For Democrats

Democrats are insidiously bearing false witness; lying to the American people, in total contradiction of the Mueller report which did not find Trump guilty of collusion or obstruction. And yet, Democrats with the help of their minions in fake news

media persist in keeping their Trump colluded and obstructed lie going.

Ignorance, Fear And LGBTQ

The surprising intensity of the LGBTQ attacks, reporters chasing me down and sticking microphones in my face, scared me. I could not give a rat's derriere about what leftists think of me. I had to fight off feelings of guilt as I witnessed LGBTQ enforcers attacking everyone associated with me.

Why Barr Must Confront The Deep State

Exposing their repulsive arrogance and sense of superiority, John Brennan, James Clapper, Adam Schiff, James Comey and Obama minions are moving full speed ahead with their treasonous quest to remove Trump from office.

The Destruction Of Citizen

Cain

It is unfortunate that negative press was many black Americans' national introduction to Herman Cain. When Cain dropped out of the presidential race, his accusers magically disappeared. Now that Trump has chosen Cain for the Federal Reserve Board, the allegations have resurfaced to block his appointment.

Tea Party For Trump

"Tea Party for Trump" is the righteous resistance to Democrats' deranged lawless resistance to Trump. Please support the Tea Party Express effort to keep president Trump in the White House; keeping America great.

Are Democrats Pushing Sharia Law

A fan thought I exaggerated when I wrote Sharia Law will spread like wildfire across America if Democrats win the White House. She feared my over-the-top statement about the spread of Islam will damage my credibility.

The Tea Party Is Back

And yet, every Democrat presidential candidate is on a mad dash to socialism. If a Democrat is elected president in 2020, we will be thrust back to the depressing days of Obama's failed economy; record high numbers of Americans on food stamps, unemployment and disability.

It Is Outrageous That Supporting Trump Is Dangerous

My car, which has a "Trump/Pence" bumper sticker was keyed. While pumping gas, a motorist seemed impressed by my courage to have a Trump bumper sticker. People have told me they are afraid to wear a MAGA cap or have a Trump sign on their lawn.

Is It Time For The Tea Party To Rise Again?

The Mueller Report exonerated President Trump of claims that he colluded with Russia to steal the election from Hillary Clinton. In essence, Nancy Pelosi said screw Mueller's Report. Her minions will continue seeking to create evidence of Trump/Russia collusion to impeach him.

Race Relations: If Democrats Would Get Out Of Our Way

To keep blacks feeling like victims in an forever racist America, Democrats keep the flames of racial division burning. Blacks are only 12% of the population. This means white voters gifted the first black president two terms. Despicably, Democrats continue to tell blacks, "Keep voting for us to keep racist white America off your backs." Contrary to Democrats' lie, we have come a long ways baby in race relations in our country.

America Deserves Much Beto Than O'Rourke

Watching Beto O'Rourke announce his candidacy for president, I had snake oil salesman come to mind. Everything about this guy is fake, which makes him a perfect candidate for fake news media to celebrate.

My wife Mary and I spent several weeks in Texas campaigning for Ted Cruz, fighting to stop O'Rourke from stealing Cruz's senate seat. It was incredible watching O'Rourke's TV ads. Funded with mega-millions from outsiders, O'Rourke's entire US senate campaign was built upon deceiving voters.

For example: While claiming to be pro-second amendment, great deceiver [O'Rourke voted against every piece of pro-gun](#)

[legislation](#) that came to his desk. To deceive voters into believing he is a regular guy, millionaire [O'Rourke posted video of himself in a laundromat doing laundry](#). O'Rourke came disturbingly close to scamming Texans into electing him over Ted Cruz.

In his elect-me-or-we're-all-gonna-die presidential campaign announcement, O'Rourke claimed there are crises in our economy, democracy and climate. O'Rourke urgently warned Americans that we are in a "moment of peril". What on earth is O'Rourke talking about?

Our Economy: Trump has our economy booming. [Black unemployment is the lowest in recorded history](#). Hispanics and women are also doing great in Trump's economy.

Our Democracy: Mr O'Rourke the truth is you and your fellow Democrats are the greatest threats to our democracy. [Democrats seek to criminalize conservative thoughts, conservative speech and gun ownership](#). Given their vindictive destruction of Mike Flynn and Paul Manafort, Democrats outrageously seek to criminalize [working for Trump](#).

Our Climate: For the ga-zillionth time, [man-made climate change is a proven hoax](#). O'Rourke passionately warns that not embracing the Green New Deal will lead to the extinction of the human race in a decade or so. Here's a reminder of the insanity in the Green New Deal. By 2030 we must end air travel; end the use of fossil fuels; mandate that every new job be unionized; decommission every nuclear plant; rebuild every building in America for state-of-the-art energy efficiency and government funding everyone including deadbeats who refuse to work.

O'Rourke continued his trademark deception tactic. He said we should ensure immigrants "lawful paths to work". Wait a minute, dude. You and your fellow Democrats say screw our immigration laws, lets rolling out the red carpet for

illegals. Democrats say because we have pillaged the world's resources and because we are racist, sexist and homophobic, we do not have moral authority to keep anyone out of our country. Not only is O'Rourke fighting to stop Trump from building a border wall to keep Americans safe, [he wants to tear down the existing border wall in El Paso](#), Texas.

O'Rourke said we should "listen to and lift up rural America." The truth is, O'Rourke and his fellow Democrats despise rural America. Rural America voted for Trump, desire to keep their guns, attend Christian churches on Sundays, believe marriage is between one man and one woman and they believe abortion and infanticide are evil. Pandering to rural America is simply more of O'Rourke's campaign of deception.

As a black American, I was stunned when O'Rourke said we should "confront the hard truths of slavery, and segregation, and suppression in these United States of America." What the heck is he talking about? Ratification of the Thirteenth Amendment in 1865 ended slavery in America. The only segregation I am aware of is black students segregating themselves on college campuses; demanding black student unions and [race-based housing facilities](#). Who are the masses of Americans O'Rourke claims we are suppressing? Do you see O'Rourke using Democrats' disgusting tactic of dividing Americans into bogus victimized voting blocs?

After spewing gloom-and-doom, America sucks and everyone is a victim lies, O'Rourke had the audacity to say, "This is going to be a positive campaign." I laughed out loud.

O'Rourke is anti-law enforcement, voting against ICE. He calls our nation's police "the new Jim Crow" which cruelly paints targets on the backs of our brave men and women in blue to be assassinated by Black Lives Matter.

Kate Steinle was shot and killed by an illegal alien who was deported several times and kept coming back to his sanctuary

city, San Francisco. Kate's Law would give mandatory jail time to illegals who repeatedly break our immigration laws. O'Rourke voted against Kate's Law. Supposed man of the people O'Rourke voted against Trump's tax cuts. O'Rourke wants single-payer health-care which leads to rationed health-care, in which government makes funding decisions determining who lives or dies.

While in Texas campaigning for Ted Cruz, I got to witness O'Rourke's deceptive tactics up close when he ran for US senate in Texas. My brother and sister fellow Americans, our country deserves much better than a [sociopath conman Beto O'Rourke](#).

The Tragic Making Of Alexandria Ocasio-Cortez

Years ago, a white friend told me her son came home from middle school in tears, overcome with guilt. He was taught that his white ancestors were responsible for horrible things done to native Americans, blacks and women. Today, her son is a young adult Communist. He hates America and believes white men are the greatest source of evil in the world. He actually said he will not have children because he does not want to bring more of his kind into the world.

Leftists teaching children to hate the race that God made them is evil. White students as young as 6 years old are outrageously taught that they are born racist, should feel guilty for their “white privilege” and have a [responsibility to payback blacks](#). Black students have been taught the same leftist lies which has created in them victim mindsets, a sense of entitlement and hatred for fellow Americans who are white. Democrat presidential candidates further white guilt and the lie that blacks are still victims of racist America. They absurdly want to [pay \\$100 billion in reparations to blacks](#), payback for slavery.

As a black man who is proud to be an American, I say our country would be far better off if Democrats would stop exploiting race. Stop pandering to black voters and guilt-tripping white voters with slavery of our past. I don't care what intellectual sounding Democrat race-hustlers say. America is the greatest land of opportunity on the planet for

all who choose to go for their dreams. Democrats continuing to infect people with a victim mindset is evil. The Bible says victim thinking weakens rather than empowers. *“I can do all things through Christ who strengthens me.”* (Philippians 4:13)

For decades, we have allowed leftists to hijack public education, usurping authority to raise your child. Public schools are poisoning students against the religious and moral beliefs of their parents. Consequently, students are infected with Democrats' anti-American and anti-Christian agendas. We've allowed public education and Saturday morning TV cartoons to teach our kids the lie that their [parents are responsible for destroying the planet](#) by barbecuing, driving

cars, having babies and using more than two squares of toilet paper.

Democrat congresswoman Alexandria Ocasio-Cortez and her army of angry young zealots are the product of us allowing leftist educators to confiscate the hearts and minds of our kids.

AOC is the face of leftists' movement to transform America from her founding, take down America as the world's superpower and kill as many American babies as possible. AOC represents every crazy evil leftist lie allowed to be instilled in our kids for decades.

Totally brainwashed, AOC's army believes it is unarguable that child-birth destroys the planet. Therefore, they have moral authority to murder babies before and after birth. Meanwhile, AOC's army passionately defends the lives of sea turtles. God said, "*Be fruitful and multiply. Fill the earth and govern it.*" (Genesis 1:28)

We've allowed leftists to dumb down students regarding their constitutional rights and American history. Man-on-the-street interviews shockingly revealed that students from high school to college did not know George Washington was our first president. They thought Abraham Lincoln was Democrat.

Allowing public education to dumb down our "yutes" has produced numerous disturbing consequences. Four out of [ten adults favor Socialism over Capitalism](#).

Sadly, our kids are taught that we are the villains of the world. They believe the lie that other countries are suffering from having too little because America stole and consumes too much. The truth is countries are suffering because of their lack of Capitalism.

AOC and her army of extreme gung-ho radicals want to give Democrat house majority leader Nancy Pelosi the boot because they believe she is not anti-American and anti-capitalism

enough. Based on their insane belief that the planet will be uninhabitable in 10 years if dramatic changes are not made, AOC's army believes Pelosi is not aggressively green enough. Over a glass of scotch at night, I wonder if some senior Democrats conclude that they have created a monster in AOC?

So there you have it folks. Our decades of passivity has allowed leftists to create elected Democrats who boldly seek to bring down America as founded, end our American way of life and have government dictate our behavior. Allow me to remind you again of the insanity in AOC's Green New Deal. In the next 10 years, AOC demands the end of air travel; the end of using fossil fuels; every new job must be unionized; every nuclear plant must be closed; [every building in America must be rebuilt for state-of-the-art energy efficiency](#) and government will fund deadbeats who refuse to work.

However, I see a light at the end of America's dark Democrat enemies-within tunnel.

Finally, parents are pushing back against [graphic and dangerous sex-ed programs in public school](#) which promotes anal sex, BDSM, rimming, transgender and more.

[BLEIXT is a movement of blacks exiting the Democrats'](#) keep-blacks-stupid-victims-and-needy plantation. The founder of Blexit is young articulate black Candace Owens who believes the movement will impact the 2020 presidential election.

Remarkably, despite all the years of public schools promoting abortion, young people are more pro-life than their parents. [This is the pro life generation.](#)

Democrats' sudden urgency to murder as many babies as possible even after they are born is a blessing for the pro-life movement. Americans are finally realizing just how [evil Democrat anti-childbirth zealots](#) truly are.

Public school poisoning made my white friend's son a self-

hating Communist, a passionate fighter in AOC's anti-American and anti-Christian revolutionary army. I envision him enraged with his pitchfork at the gate yelling, "Down with whitey, Capitalism and America!" Thank you Democratic Party.

What If Trump Loses In 2020

Over a year ago, my wife Mary and I moved from Florida to a tiny town in the hills of West Virginia to be closer to our ailing parents; population 500. There are five churches in town. I enjoyed the town's patriotic July 4th parade and their faith-based Christmas parade.

I walk half a mile daily to the post office. On one occasion, I entered while the postmaster was on the phone talking to a town local. The postmaster told the person every item in their mailbox. Chuckling, I said, "People call to see what mail they've received?" The smiling postmaster replied, "She didn't feel like coming out in the snow. She asked me to tell her everything in her mailbox in case there was something important." I thought, how small town is that?

Trump signs are still displayed in a few yards. I suspect most residents voted for Trump.

There are less than 10 blacks, including myself, who live in

our town. I have not experienced any of the rabid racism Democrats, Hollywood and fake news media claim I should fear living around Trump supporters.

Quite the opposite. Unofficial town ambassador elderly gentleman Charlie and his buddy George stopped by to welcome my white wife and me to town. Neighbor, Peggy, brought us a homemade apple pie she purchased at a community event. Ron gifted us corn from his garden. Big Butch and his buddies helped me relocate a shed in my backyard. Randy promised to bring me venison during deer hunting season. Two ladies from a church delivered us a "welcome basket" of goodies.

My neighbors are ordinary Americans who saw the horrible direction our country was going. They know Trump is good for America. Their loyal support for him is no more complicated than that. Democrats and their minion's relentless efforts to brand Trump voters racist-haters is truly despicable, irresponsible and divisive. Democrats and their leftist operatives are purposely generating racial hatred and violence against anyone caught wearing a MAGA cap.

Democrats, Hollywood, fake news media and Never-Trumpers are tripling down on their lies and negative spin about everything Trump says and does; intensifying their quest to drive Trump's approval below 30% to impeach him.

What happens to America if Trump is not reelected in 2020?

With Trump out of the way, stopping [Democrats from passing their law to murder babies after they are born](#) will be extremely challenging.

Democrats are pushing for government controlled health-care based on the "quality of life" rather than God's "sanctity of life". In other words, a board will decide whether or not the quality of your life is worth government spending money to preserve it. If they decide you are too old to spend money on or if you own a gun, the board will say no surgery for you.

Folks, I'm talkin' government death panels assuming the role of God; deciding who lives and who dies.

Democrat congresswoman Alexandria Ocasio-Cortez is fake news media's rock star; their female version of Obama. Like Obama, fake news media promotes every crazy stupid idea out of AOC's mouth as brilliance beyond our comprehension.

AOC's wacko Green New Deal includes by 2030: ending air travel; ending the use of fossil fuels; mandating that every new job be unionized; decommissioning every nuclear plant; rebuilding every building in America for state-of-the-art energy efficiency and government funding everyone including deadbeats who refuse to work.

Don't laugh folks. A dozen Democrat senators of which six are presidential candidates and 90 House Democrats cosponsored [AOC's idiotic Green New Deal](#). Many Americans do not realize that Democrats will sacrifice our economy, jobs, national security and even American lives to feed their all consuming obsession with gaining power to control every aspect of our lives.

If Democrats win the White House, they will roll out the red carpet to illegals; welcoming criminals which include murderers, rapists, [human traffickers and drug dealers](#).

Trump has been relentless in keeping his promises, [racking up 289 accomplishments for We the People](#) in his first 20 months.

Democrats winning the White House would mark the end of Trump's America first agenda. But folks, what would be most disturbing to me if Trump were not reelected is the loss of his courageous voice; his unprecedented fearless push back against fake news media, Democrats and political correctness. I am so sick of Republicans kissing the derrieres of partisan Democrats and fake news media, foolishly believing it will gain them respect and fair treatment in the media. Nothing will cause leftists to turn away from their anti-American and

anti-Christian agendas. They must be defeated.

Before my 90 year old dad passed away in June, he asked me to drive him from Baltimore to see my home in West Virginia; Trump country. At the town gas station, I introduced town ambassador Charlie to my dad. I later learned that Charlie bragged to locals, "I got to meet his dad."

My fellow Americans, we must remain faithful supporters of our president and reelect him in 2020.

From Roy Rogers To Infanticide

I learned that the Roy Rogers Museum in Branson, MO closed its doors forever. Roy Rogers was a bit before my time. Still, the closing of his museum triggered something in me. My late black dad, Dr Rev Lloyd E. Marcus was a big Roy Rogers fan. I remember Roy Rogers as a good guy cowboy on TV who always did the right thing. Roy's character was very much like my dad's. No, I am not going to get sappy, reminiscing about a time when TV role models taught kids right from wrong. Suggest that some behaviors are right and some behaviors are wrong, how corny, judgmental, intolerant and old fashion is that?

America has moved on. Democrats, Hollywood and fake news media

say America no longer wants white guys like Roy Rogers on TV, infecting our kids with Christian morals and family values.

America has moved on from the biblical teaching that there are only two genders. [NYC recognizes 31 different genders](#). [Facebook gives customers 56 gender options](#). Leftists believe they are far more sophisticated and intelligent than Bible believers and Americans living in fly over country.

Leftists say determining a baby's gender by its genitalia at birth is idiotic. They say we must allow the child to evolve into the gender it wants to be. This insane child abuse has led to hundreds of kids as young as 4 years old identifying as [transgender and changing their sex](#).

American College of Pediatricians president Dr. Michelle Cretella, wrote, "Transgender Ideology Has Infiltrated My Field and Produced Large-Scale Child Abuse." Dr Cretella also stated, "[No one is born transgender](#)."

America has moved on from children respecting their father and their elders. There I go sounding like an old guy. My sister, three brothers and I were raised respecting our dad, answering him with yes or no sir. Dad was fun and easy to talk to. But we understood that he was not our peer. Hollywood routinely portrays fathers as idiots whose kids give them zero respect.

America has moved on from TV heroes like Superman who stood for "truth, justice and the America way." Leftist indoctrination in public school has our kids believing "the American way" and patriotism are racist. Singing the song "[Proud to be an American](#)" has been banned in public schools. Wearing an America flag t-shirt to school on a [Mexican holiday has been banned in America](#). Unfortunately, many of our youths believe it is racist to expect immigrants to learn English, respect our flag and enter our country legally.

Superman on TV has been replaced with [America's first lesbian superhero](#). LGBTQ indoctrination dominates kid's TV

programming. Public education beginning in pre-k promotes same sex parents and [encourages little boys to wear dresses to school](#).

When Roy Rogers was popular on TV, students still began their school day with a simple prayer for themselves, their parents, teachers and country. In 1962, the Supreme Court ruled that prayer and Bible reading in public school was unconstitutional which removed prayer from public school. The consequences have been devastating. Behavior and academic performance plummeted. Pregnancies for girls 10-14 shot up 553%; student STDs up 226%. Since removing biblical principles from public policy, divorce rates skyrocketed up 117%; single parent households up 140%.

Since removing prayer, SAT scores declined for 18 consecutive years. SAT scores for students in [Christian private schools are almost 80% higher than public school](#).

Democrats successfully caused America to move on, rescuing students from the horror of beginning their day by humbly acknowledging their creator with a prayer.

Once again, Democrats are intensely working to deceive Americans into moving on, away from valuing the life of human babies. Democrats seek to pass a law to execute babies even after they are born. Absurdly, Democrats claim they desire only to protect a woman's health. How on earth does a baby threaten its mother's health after it is born? Democrat women rant that fathers should not have any say in a mother's decision to murder their baby.

Senate Democrats, many running for president, [voted against saving the life of babies who survive abortions](#). Roy Rogers and his wife Dale Evans could never imagine a time when an entire American political party would become so overtaken by evil; claiming moral authority to pass legislation to murder living breathing crying babies. Welcome to modern America.

Folks, I am extremely excited about the Heartbeat bill which makes abortion illegal as soon as the baby's heartbeat can be detected. The [Heartbeat bill is gaining momentum](#) in several states. Praise God.

Since Roe v. Wade in 1973, [America has aborted nearly 60 million](#) babies. I pray that the Heartbeat bill will mark the beginning of the end of America mass murdering babies. I also pray that the bill will end Democrats, Hollywood and leftists successfully causing Americans to move on, away from Godly principles and values which have made America great.

For America to be great again, we must honor God again. Founding father John Adams said, "Our constitution was made only for a moral and a religious people."

My fellow Americans, did I mention that the Roy Rogers Museum in Branson, MO closed its doors forever?

Why Leftists Love Stickin' It To Christianity

A woman called the Rush Limbaugh radio show to ask why New York legislators shockingly gave killing babies a standing ovation. Rush said the main reason is leftists hate Christians and traditional Americans. Rush said, "They love stickin' it

to us.”

The Democratic party has become extreme leftist. They hate America’s Christian founding and all things wholesome and good. Their hatred comes from a spirit which is anti-Jesus Christ. Here Lloyd goes again suggesting spiritual forces are at work in the political discord.

“For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high places.”

Before writing me off as a Christian nut, please hear me out.

Democrat lawmakers in various states are pushing to legalize murdering babies on their day of birth and even after they are born. This is unquestionably, [“spiritual wickedness in high places.”](#)

Leftist love stickin’ it to Christianity because they hate Jesus proclaiming himself to be the only path to heaven. In the late 1960s, my college buddies and I loved gathering for lunch to watch the original “Star Trek” TV series. One theme of the show was man could someday evolve to perfection. The Bible says it is impossible for man to achieve perfection which is required to enter heaven. This is why God sent Jesus to pay the price for man’s sin.

“For God so loved the world, that he gave his only begotten son, that whosoever believes in him shall not perish, but have everlasting life.” (John 3:16)

I imagine Jesus’ shed blood as a pair of red sunglasses. Because God looks at me through his Jesus sunglasses, he sees me as perfect; ready to enter heaven. Praise God!

Here’s another example of leftists “stickin’ it” to Christianity. The rainbow is a Christian symbol. *“I have set*

my rainbow in the clouds, and it will be the sign of the covenant between me and the earth.” (Genesis 9:13) It is not a coincidence that leftists hijacked God’s symbol to represent a behavior which God deems an abomination. *“You shall not lie with a male as with a woman: it is an abomination.”* (Leviticus 20:13)

Leftist activists on the Supreme Court redefining marriage was really about “stickin’ it” to Christianity. Civil unions provide same sex couples the same legal benefits of marriage. So why was it necessary to destroy marriage as defined by God? *“That is why a man leaves his father and mother and is united to his wife, and they become one flesh.”* (Genesis 2:24)

Leftists claim to be advocates for women and homosexuals. The Quran suppresses women and even condones [raping women in certain situations](#). (Qur’an 4:24) [Muslims are advocating beheading homosexuals](#). Therefore, leftists praising Islam while promoting their lie that Christians are the greatest threat to women and homosexuals has to be about stickin’ it to Jesus.

Several Hollywood celebrities are cheerleaders for Islam. If Sharia Law took over America, these celebs’ heathenish lifestyles would become illegal. Clearly, these celebs’ love affair with Islam is not rooted in logic. It is rooted in denouncing the deity of Jesus.

Leftist president Obama, routinely stuck it to [Christianity while praising Islam as a religion of peace](#). Unlike Islam, Christianity does not advocate killing non-believers. (Qur’an 9:5) The Bible says, *“Therefore with loving-kindness have I drawn thee.”* (Jeremiah 31:3)

Obama’s AG, Loretta Lynch, outrageously threatened to [prosecute anyone caught speaking badly of Islam](#). Take that you Christians.

Leftists deem themselves too smart and sophisticated to

embrace Christianity. A leftist friend was always excited about the latest reincarnated guru. At one time, she worshiped sacred stones. She believes my faith in Jesus is naive.

Stickin' it to Christianity, the Department of Education is funding [indoctrinating our kids to embrace Islam](#). Meanwhile, prayer and reading the Bible is banned in public school. Even the song, "God Bless the USA" has been [banned in public schools](#).

To stick it to Christians and pro-lifers, vile comedian Michelle Wolf ended her show with a musical salute to abortion. What kind of evil mind thinks killing babies is something to sing and dance about? [Wolf's sick audience cheered](#). Wolf said fathers should not be allowed input regarding a woman's choice to kill her baby.

Stickin' it to Christianity, NY Governor Cuomo ordered the One World Trade Center and other landmarks be lit in pink to celebrate the passing of New York's new law to [murder babies on their date of birth](#). Folks, something has gone terribly wrong in the hearts and minds of Democrat politicians.

Similar to a school playground bully, leftists will continue stickin' it to us as long as we allow them to get away with it. We must ask God for his wisdom and strength; stand up and push back in a Godly and legal manner.

Spike Lee's Disservice To Black America

I stopped stomaching the Academy Awards TV show years ago. I caught Spike Lee's hate-filled Oscar acceptance speech on Youtube. I am a black man who is a grateful and proud American. One could argue that Spike Lee has achieved his \$40 million net worth at the expense of his fellow blacks, selling them the lie that America is a hellhole of racism against them. Lies about America are furthered in most of Lee's movies; blacks will never be treated fairly; cops shoot blacks on sight and whitey schemes 24/7 conceiving roadblocks to keep blacks down.

In his speech, Lee cited that slavery in America began 400 years ago. And yet, while standing on stage receiving an Oscar, Lee, a black man, acts like slavery still continues today. Lee said his grandmother funded his college education. He said his grandmother was the daughter of a slave and a college graduate. Doesn't Spike Lee's and his grandmother's success confirm the truth that America is the greatest land of opportunity on the planet for all who choose to go for it?

As I watched Spike Lee, I thought, what is wrong with this man? Does he actually believe his anti-America garbage or is it simply his niche to make movies. Promoting her movie, "Selma", billionaire black woman Oprah Winfrey spread the lie that blacks are still suffering the 1965 racism featured in her movie. White moviegoers have made black actor, Samuel L. Jackson worth \$220 million. Like Spike Lee, Jackson whines about how blacks can't catch a break in racist America.

While 90% of blacks voted for Obama, blacks are only 12% of the U.S. population. The fact that white America gave horrible black president Obama two terms and the fact that Trump has ushered in an [unprecedented new era of prosperity for](#)

[black](#) means nothing to Spike Lee, Samuel L. Jackson and Oprah. Behaving like brain-dead zombies, these rich blacks parrot the Democratic party's lie; Trump and every American who voted for him are racists who wear MAGA caps.

I've had a problem with Spike Lee's thinking ever since his breakout movie, "Do the Right Thing". Lee's movie ended with blacks burning down the business of a white small business owner in their neighborhood. The movie implied that this was justified. I thought, this is wrong. That white business owner served that black community. In his Oscar speech, Lee senselessly told America to "do the right thing" by voting out racist president Trump in 2020; the best presidential friend of black Americans since Lincoln.

When I was a kid in Baltimore, it seemed like grocery stores owned by Jews were on every other street corner in black neighborhoods. When I was around 10 years old, my Aunt Bummie sent me to purchase two cigarettes for her from the corner store. The Jewish owner opened his book and put the cigarettes on her account.

In later years, Asians began opening convenience stores in black neighborhoods with 14 family members living upstairs above their business. I never understood my fellow blacks' hatred for these people. Nothing was stopping blacks from opening businesses in our neighborhoods.

Exposing their bigotry of low expectations, leftists say racism stops blacks from opening businesses. But that is not true. Born in 1867, the child of a former slave, Madam C. J. Walker was one of the first American self-made millionairess. Today, leftists absurdly define everything as racism and white privilege. Black hair care products entrepreneur, Ms Walker achieved extraordinary success at a time in America when real, [not faux, racism was the norm](#).

The greatest Nemesis of black Americans are negative, victim

and entitlement mindsets instilled into them by Democrats and leftists. "As a man thinketh in his heart, so is he." (Proverb 23:7) In other words, if blacks think they can achieve success in America, they will. If blacks believe they cannot succeed, they will not. This is why successful black Americans like Spike Lee, Samuel L. Jackson and Oprah Winfrey preaching their America-is-against-you lie is extremely destructive; a major disservice to their fellow blacks.

Jussie Smollett's Evil Academy Award Worthy Performance

I recently watched the original Jussie Smollett ABC interview on Youtube in which he claimed to have been attacked by racist homophobic Trump supporters.

Considering that we now know Jussie staged his attack and has been arrested for [filing a false police report](#), I thought, "This guy should be nominated for an Academy Award." In his ABC interview, Jussie's sincerity, tears and portrayal as a suffering victimized black homosexual man was insidiously and [brilliantly executed](#).

Even though Jussie has been exposed as a liar, will leftists

continue to use Jussie's irresponsible hate generating lie to smear Trump and his supporters? Folks, we have seen this kind of leftist propaganda movie before titled, "Hands Up, Don't Shoot" starring young black criminal Micheal Brown.

A police officer attempted to arrest Micheal Brown after he robbed a convenience store and assaulted the clerk. At 6 ft 4" and 292 lbs, Brown wrestled the officer for his gun and was shot and killed. A witness claimed the white cop murdered Brown while he tried to surrender with his hands in the air. Evidence confirmed that the witness lied. Brown's blood was found on the [officer's gun and inside his police car](#), confirming the officer's account of what happened.

Even after the truth about the Brown shooting was exposed, the Grammy Awards irresponsibly did a musical production number further promoting the "Hands Up, Don't Shoot" lie. In essence, the Grammy Awards show cruelly painted targets on the backs of our brave men and women in blue across America. Grammy Awards show producers purposely filled black youths with hatred for police, victim mindsets and hatred for their country based on a proven lie.

To this day, leftists are still promoting and many blacks still believe the lie that Michael Brown was shot in cold blood by a racist white cop. Thanks to fake news media, Democrats and Hollywood many blacks believe the lie that police routinely murder blacks. Consequently, police are being [ambushed and assassinated by blacks](#) seeking revenge.

It blows my mind that there was very little fake news media coverage or outrage over a mob of Black Lives Matter thugs marching down a NY street chanting, "[What do we want? Dead cops! When do we want it? Now!](#)" Meanwhile, stats confirm that police are the [greatest defenders of black lives](#).

Jussie was unsuccessful in his attempt to get his bogus staged attack caught on closed circuit TV. Rush Limbaugh pointed out

and I agree that had Jussie gotten his fake attack on video, fake news media would promote it 24/7; possibly causing riots and violence across America.

When the dust settles leftists will, more than likely, make Jussie Smollett a hero. Leftists will claim Jussie raised awareness about those routinely abused by racist homophobic Trump supporters.

In my opinion, Jussie's insidious fake attack scheme is the equivalent of yelling fire in a crowded auditorium. It could have led to massive racial violence resulting in many Americans being injured and lives lost.

I hold no malice against Jussie. I pray that this young man will come to know Jesus, turning his life around. Behavior has consequences. I believe Jussie Smollett should be prosecuted. We have emboldened leftists by allowing far too many of their evil hate and violence generating hoaxes to go unpunished.

Breaking Leftists' Deception Of Black Americans

With earbuds in my ears and wired to my phone, I listen to national Christian broadcasts during my daily walk. Back to back, I heard two black pastors with large congregations. It

was stunning hearing how clueless both men were regarding the truth of various political issues.

Both pastors parroted Democrats' and fake news media's lies in their sermons. Between the two, they rebuked Republicans for hatefully wanting to build a wall to "keep people out". They blamed Republicans for foolishly shutting down the government which caused 800,000 employees to suffer unpaid. They scolded Republicans for cruelly separating children from their parents. Each allegation against Republicans was a misrepresentation of the truth; rooted in Democrats' and fake news media's longtime lie that Republicans are racist and mean.

The Border Wall. Americans welcome immigrants who enter our country legally. The border wall is to stop the invasion of illegals which includes sex traffickers, [drug dealers and violent criminals](#). Stats confirm that walls are effective. Hypocritically, Democrats who preach that building a wall to keep Americans safe is racist and mean live in highly secured communities behind walls.

The Government Shutdown. In essence, Democrats shutdown the government by refusing to sign a budget with a piddly \$5 billion towards the border wall. Democrats claim the wall at a cost of \$25 billion is too expensive. Meanwhile, we are [spending \\$135 billion annually for freebies to illegals](#). Democrats want the free flow of unskilled needy illegals invading our country to become new Democrat voters. The dirty little secret is illegal aliens are already [illegally voting for Democrats in our elections](#).

Separating Children. Democrats authored the law separating children from their parents at the border. [Trump said he hates the law](#). Fake news and Democrats are using this Democrat law to portray Trump as a villain. Meanwhile, Democrats and fake news elevate to sainthood irresponsible foreign parents who send their children unaccompanied to make the extremely

dangerous journey to America. Border agents report 12 year old illegal alien girls armed with birth control, Plan B pills, due to the high probability of [being raped along the way](#). What kind of parents subject their children to such horrors?

A white friend left a tearful message on my phone. Kelly was heartbroken over the loss of her 40 year friendship with a black woman. The two women and their husbands vacationed together; shared family joys and sorrows together. They never discussed politics. Out of the blue, the black woman phoned Kelly to rant about Trump's racism. Kelly gave numerous examples of why Trump is not a racist. She touted Trump's excellent record of hiring blacks. She included how Trump fought the old guard racism of Palm Beach golf clubs. [Trump opened Mar-a-Lago and insisted that blacks and Jews be admitted](#).

The conversation between Kelly and her longtime friend ended with the black woman saying, "I never thought you would support a racist."

I returned Kelly's heartfelt phone call. I told Kelly to pray that God will open the eyes of her deceived black friend. I handed the phone to my wife. Mary counseled Kelly to mourn the loss of her friend and trust God to fill the void.

The next day Kelly sent me a note saying she decided to send her black friend a letter telling her that she loves her. Kelly said she will include my article, "[State of the Union Destroys Trump is Racist Lie](#)".

My younger brother Jerry is the only Republican in his all black Baptist church in Baltimore. He confronted his black pastor about routinely including rants about how Trump and Republicans are racist in his sermons. Jerry told the pastor about how years ago, Trump gave Jesse Jackson office space for his PUSH organization. Jerry explained that the KKK was founded by Democrats. He touted Democrats' history of

perceiving blacks as inferior and opposing black liberation. None of these truths impacted his pastor's disdain for Trump and Republicans. Jerry feels led to remain in his church, letting his light shine and speaking out for what is right.

Jerry said since political facts seem useless in breaking his pastor's blind loyalty to Democrats, he will approach it using biblical scripture. What can I say folks, our dad was a preacher.

Jerry has scheduled a meeting with his pastor and the church elders. He will speak to them using, Matthew 16:33. "But seek ye first the kingdom of God and his righteousness...." Jerry will go down the list of all the things Democrats are pushing which are in conflict with the kingdom of God and his righteousness.

I applaud my brother Jerry and my friend Kelly for not giving up. Both are seeking ways to break leftists' stronghold on the hearts and minds of deceived black Americans. The Bible says, "Seek and ye shall find."

My dad, Dr Rev Lloyd E. Marcus, recently passed at age 90. I brought home a book from Dad's library titled, "The Magic of Thinking Big" by David J. Schwartz. The book says your mind is a "thought factory" either dominated by Mr Triumph or Mr Defeat. Both are extremely obedient, triggered by your instructions. Mr Triumph produces ways for you to win. Mr Defeat nurtures ways for you to fail. I can testify to the truth of this concept in the book.

Frustrated, I whined about how unfair it was that nothing I did seemed to lower my blood sugar. Committed to win, I put Mr Triumph in charge, thinking of things I needed to do differently. After several adjustments in my diet and exercise, my blood sugar numbers have dramatically improved. I focused totally on thinking of ways to win. The Bible says, "As a man thinks in his heart, so is he."

My fellow Americans, we can whine about how evil leftists control mainstream and social media. Or, we can place Mr Triumph in charge of our thinking, focusing on creative ways to educate our fellow American low-info voters. I fully intend to continue praying, trusting God and spreading truth.

Are The Days Of Roe v Wade Numbered?

A verse in the Bible says, “They meant it for evil, but God meant it for good.” Who could have imagined that God would transform the following three attacks on the unborn into a blessing for the pro-life movement.

Fake news media faces a lawsuit for false reporting which caused the high-tech lynching of the Covington high school students who attended the 2019 [March for Life](#). New York legislators gave a standing ovation to killing babies on the date of birth. The governor of Virginia sought to legalize killing babies after birth. These 3 attacks have made Americans more aware of Democrats’ culture of death and war on the unborn. Abortion is front and center on the international political stage.

Since the Roe v Wade abortion on demand decision in 1973, 60

million babies have been killed. Pro-lifers are passionately energized to challenge Roe v Wade. Praise God!

I was blown away that the majority of the estimated 300,000 who attended the 46th Annual March for Life were teens, pre-teens and millennials. It was heartwarming and encouraging to see so many young people overflowing with compassion for the unborn. They were extremely excited, upbeat and joyful about celebrating and defending babies. Many carried signs, "I am the pro-life generation."

More pro-life than their parents, over 50% of [millennials believe abortion should be illegal](#) in all or most situations.

Every time I lament that my fellow blacks insanely support Planned Parenthood which targets black babies to kill, I'm flooded with emails from whites. "Lloyd, let blacks know Planned Parenthood was founded by rabid racist Margaret Sanger to exterminate blacks." Frustrated, I yell at my computer. "I've been telling blacks the truth about Sanger and Planned Parenthood for years to no avail!"

Unbelievably, over 20 black religious leaders gathered to ceremonially "bless" a new Planned Parenthood [abortion chop-shop in Washington, D.C.](#) These supposed black shepherds are [participating in the genocide](#) of their own flocks.

To stop the black on black genocide via abortion, Godly black ministers put up a billboard. "The most dangerous place for an African-American is in the womb." Guess who had a cow and demanded that the billboard be removed? The answer is Rev Al Sharpton, [black civil rights organizations and Democrats](#).

Black civil rights leaders have betrayed their people and the legacy of Dr Martin Luther King, Jr. Liberalism continues to devastate the lives of black Americans. And yet, black leaders keep preaching the [destructive evil religion of Liberalism](#) to their people.

Planned Parenthood demands that women rights include mothers killing their babies for whatever reason they deem necessary before or after birth. Here is a link to a brief video of an abortion doctor explaining to congress, in graphic detail, the procedure he used to perform second trimester D&E abortions. Anyone not [extremely disturbed by this video](#) is spiritually ill.

President Trump, the most pro-life president in American history, signed legislation to empower states to defund Planned Parenthood. From day one of his presidency, Trump took action to defend the sanctity of life. He reinstated the Mexico City policy, stopping American foreign aid from going to organizations that promote or support abortion around the world.

In his speech to March for Life 2019, president Trump said, "Together we will work to save the lives of unborn children so that they have a chance to live and to love." "Every child is a sacred gift from God."

Trump signed a letter to congress that if they send any legislation to his desk which weakens the [protection of human life](#), he will veto it.

Carrie Fischer was aborted in 1968. Born 6 months later, the failed abortion caused Carrie to be partially paralyzed and facially disfigured. As a little girl, 5-6-7 years old, Carrie had reoccurring dreams of a baby in a womb fighting for her life; trying to get away. Carrie said she felt the baby's pain and heard her screams.

At age 13, Carrie learned that the baby was her. A relative told Carrie her mother tried to abort her. When Carrie confronted her mom who raised her, she confessed and wept deeply. When the abortion failed, Carrie's mother said she was filled with regret and shame. Carrie and her mom are best friends.

Remarkably, Carrie did not suffer brain damage as doctors predicted. Due to her facial disfigurement, Carrie endured horrific bullying by students and teachers. Carrie attempted suicide. Today, Carrie is happily married. She speaks around the country. Carrie said God saved her life to be a [voice for the voiceless unborn](#).

My friend, radio show host (Radio Patriot) Andrea Shea King shared her story with me. Pregnant and unwed at age 15, Andrea chose giving her son up for adoption rather than abortion. Forty-two years later, Andrea received a phone call from her son which led to a heartwarming reunion. Andrea met her daughter-in-law and her grand-kids. Her son is also a conservative like Andrea, his mom.

Andrea's story inspired me to write, perform and record this song titled, "[Hello Mom, It's Me](#)". Please enjoy the music video.

Download the song, adding it to your play-list. Share it and encourage others to do the same, in defense of the sanctity of life. With abortion zealots outrageously seeking to legalize killing babies even after they are born, a compassionate pro-life song is needed more than ever.

Why Are The Leftists Thrilled By Abortion?

Hillary Clinton and New York Gov. Andrew Cuomo announced their satanic bill to allow abortions through all nine months up to birth. The intense jubilant faces of these two Democrats in the photo while launching their baby killing campaign was bone-chillingly evil. Clinton and Cuomo held their joined hands high in the air like an enthusiastic victorious battle-cry as they grinned ear to ear. Why were they so happy? Why were these leftist politicians barely able to contain their excitement over the [thought of killing more babies?](#)

During her presidential campaign, Hillary vowed to [protect animals from cruelty and abuse](#). And yet, Hillary is elated over her bill to allow abortion doctors to deliver a nine-month-old baby except for the head; then shove scissors into its brain to kill it. This barbaric, shameful and evil procedure is called [partial birth abortion](#).

Hillary cosponsored the [American Horse Slaughter Prevention Act](#) to end the slaughter of horses for their meat. Meanwhile, Hillary passionately defends Planned Parenthood which kills babies for their meat; selling dead baby body parts – intact heads sell for premium prices. Planned Parenthood has made over \$100 million [selling aborted baby parts](#).

Abortion zealots fear a conservative majority on the Supreme Court will overturn Roe v. Wade the unconstitutional law which made abortion legal. Here's how abortion activist Sarah Silverman expressed the urgency of keeping constitutional judge Brett Kavanaugh off the Supreme Court. "This is a position for life, y'all". In her sad perverted thinking, Silverman infers that women will die if they cannot for whatever reason kill the horrible thing (baby) growing inside them [even on the birth date](#).

Eighty-five year old pro-abortion Supreme Court justice Ruth Bader Ginsberg's health is failing. If she dies or retires, leftists fear Trump's replacement will be a conservative. Panicked female abortion zealots are offering their body parts to keep Ginsberg alive. Abortion zealot Alyssa Milano offered her ribs, [kidneys and a lung to Justice Ginsberg](#). Notice the intense passion to do whatever necessary to freely kill babies in the womb.

"Before I formed you in the womb, I knew you..." (Jeremiah 1:5)

Alyssa Milano through The Fuzzy Pet Foundation compassionately rescued a dog in South Korea being raised for slaughter. It appears that Milano has zero compassion for innocent babies. She is insanelly committed to [murdering them before birth](#). Also, Milano has not complained about Planned Parenthood profiting from the sales of slaughtered baby body parts.

In 2018, abortion was the number one cause of death worldwide; over [41 million children killed before birth](#). Again I ask, why is this horrifying stat cause for leftists to celebrate?

In a landslide, Ireland voters repealed their anti-abortion laws. Many observers were uncomfortable with the eerie jubilation of thousands of women in the streets hugging while [crying tears of sheer joy](#).

Co-director of the abortion campaign, Orla O'Connor said, "This is a monumental day for women in Ireland. This is about women taking their rightful place in Irish society, finally."

Another Irish women thrilled about killing babies said, " It's such a great victory for women, for men, for our future generation. It's just – I'm so emotional."

"And God blessed them. And God said to them, Be fruitful and multiply and fill the earth..." (Genesis 1:28) Despite God's command to "be fruitful and multiply", many youths vow not to have children because leftists have convinced them that

childbirth is [extremely destructive to the environment](#).
Leftists foolishly believe they are smarter than God.

Unquestionably, abortion is the holy sacrament of the demonic religion of liberalism. Shockingly, over 20 religious leaders gathered to bless the opening of a new Planned Parenthood abortion facility in Washington DC. President and CEO, Dr Laura Meyers said, "[In almost every message to our staff, I talk about our doing sacred work](#)." What is wrong with these people? How can they claim moral and spiritual high ground killing babies and selling their body parts?

Insanely, a majority of the religious leaders who blessed the new dead-baby-chop-shop are black. A disproportionate high number of aborted babies are blacks. Right thinking black ministers have been sounding the alarm for years how blacks are [aborting themselves in extinction](#).

Leftists are in constant rebellion against God's natural order. Leftist women act like pregnancy is God's cursed disease as devastating as cancer and abortion is the life-saving cure.

Abortion zealots do not view abortion as a necessary evil. They are actually thrilled when a mother murders her baby. There is something strange and disturbingly evil about leftists having all the sympathy in the world for animals and not an ounce of sympathy (even disdain) for innocent unborn babies – jubilant when a mother kills her baby.

Democrats Undermine The Special-Ness Of Becoming An American

Delia, age 13, called the Rush Limbaugh radio show seeking information for a school assignment. She had to debate whether or not it should be easier for immigrants to become U.S. Citizens. Delia asked Rush his thoughts on the topic.

Here's a small excerpt of Rush's brilliant answer.

"In order to preserve this country, it ought to be a very specific task for somebody, not a citizen, to become one. If they come here via legal immigration, they do have to take a test. And those who endeavor to become citizens and pass the test, it's one of the most proud days of their lives. If you've ever been to a naturalization ceremony or ever seen one televised, it's one of the proudest days of their lives, to become, quote, unquote, an [American](#)."

I can personally testify to the truth of this statement in Rush's answer, *"it's one of the proudest days of their lives, to become, quote, unquote, an American"*.

For years, I sang my original song, "[Celebrate America](#)" at monthly naturalization ceremonies in Maryland. Every ceremony had a thousand people or more; applicants, families and friends. I enjoyed watching the excitement of the audience from my seat with dignitaries on stage behind the podium.

The vibe in the air was always electric. Applicants studied, passed the test and jumped through all the loops to become Americans. They were extremely excited.

The attitude of the immigrants I saw at nationalization ceremonies were far superior to those seeking to illegally invade our country. Illegal-alien disrespects our laws and the American people. They have no desire to embrace our culture, salute our flag or learn English while exploiting our welfare system. Democrats and RINO Republicans gift illegal-alien [\\$135 billion annually in give-a-ways](#). The citizenship applicants I saw at naturalization ceremonies were a superior breed, with a desire to become a part of something great; lending their gifts, talents and skills to contribute to America's greatness.

I've shared before about the 90 something year old applicant in a wheelchair surrounded by his family at a naturalization ceremony. The elderly applicant wore a suit. His family were also in their Sunday best. Obviously, this was a major family event; extremely important that he become an American before he died. When time came for the frail gentleman to say his Oath of Allegiance, a family member on both sides lifted him from his wheelchair to his feet. A great grandchild held up the elderly gentleman's right hand as he pledged his oath with the rest of the applicants. Upon the applicants completing their Oath of Allegiance, the hall always exploded into enthusiastic cheers, tears and applause. At that emotional moment, my accompaniment music would start. I joyfully sang my "[Celebrate America](#)," the first song heard by the extremely excited new official U.S. citizens. It was the proudest day of their lives.

Obama did everything in his power to undermine the specialness of being and becoming an American.

Obama undermined our heritage of self-reliance and rugged individualism. He wanted to addict as many Americans as

[possible to government dependency](#). This turned my stomach folks. I wrote another song, "[We Are Americans](#)" to remind people who we are; the dignity and pride of being an American.

Obama sent out a clarion call to foreigners to enter America illegally, bypassing legal immigration. Many in our military paid the ultimate price for the freedoms we enjoy each day. And yet, Obama ended the requirement for citizenship applicants to pledge their [Oath of Allegiance](#).

Pledging an oath to defend and protect their new homeland is what sealed the deal in the hearts of the citizenship applicants at naturalization ceremonies. I saw it on their faces as tears rolled down their cheeks.

Obama thinks we are rude for believing America is exceptional. He believes [American exceptionalism](#) is *no* more *exceptional* than the exceptionalism of any other country.

Upon winning the presidency in 2008, Obama launched his I-apologize-for-who-we-are tour. He apologized to nearly 3 billion people across Europe, the Muslim world and the Americas. Obama said our country is flawed and asked [forgiveness for our sins](#).

For crying out loud, Obama's minions who control public schools banned the song, "God Bless the USA/Proud to be an American", claiming it could "[offend other cultures](#)".

Outrageously, U.S. citizen students were sent home from school for wearing garments with a U.S. flag to school on Mexican holiday, Cinco de Mayo. School administrators concluded wearing our flag (in our country) on a Mexican holiday was "incendiary" and [insensitive to illegal-alien students](#).

Courageously, president Trump addressed the nation to say, "Thousands of Americans have been brutally killed by those who illegally entered our country and thousands more lives will be lost if we do not act right now". Trump called the invasion of

our border a “humanitarian crisis”. As expected, Democrats and fake news attacked Trump calling him racist. Thank God Trump remains strong, firm in placing America’s best interest first. [Our president needs your prayers and support folks.](#)

Here’s another fond memory from my days singing at naturalization ceremonies.

Every naturalization ceremony began with the singing of our National Anthem. A trio of middle school students were scheduled to sing it. When they peeped through the stage curtain to see an audience of over a thousand people, the students became terrified. Upon being introduced by the emcee, the kids marched to the center stage microphone and began singing. Suddenly, they froze and stopped singing in the middle of the song.

I quickly joined the kids at the microphone. I explained to the audience that the kids had never performed for such a large audience. But rather than run away in fear, they gave it a shot. That is how we do things here in America. The audience erupted with applause. They loved the kids. The audience, the kids and I all sang our National Anthem together. It was awesome. Immigration officials sent me a letter thanking me for turning an embarrassing moment into a moment of inspiration.

Performing my song, “[Celebrate America](#)” at citizenship naturalization ceremonies further opened my eyes to how blessed I was to be born an American. Democrats have deceived far too many of my fellow blacks into believing the lie that America is a hellhole of racism where cops shoot blacks on sight and white America burns the midnight oil [conceiving ways to keep blacks down](#). The truth is America is the greatest land of opportunity on the planet for all who choose to go for it.

The new Democrat controlled congress is fighting Trump tooth and nail to continue Obama’s policy of bypassing legal

immigration. Democrats Pelosi and Schumer are hellbent on keeping our borders open to illegals, endangering Americans while throwing away the dignity and pride of becoming an American. Becoming an American truly is and should always remain extremely special.

Transgender Theory Enables Child Abuse

Pope Francis said teaching children about being transgender is a moral problem which he calls “ideological colonisation”. He said explaining gender theory to youngsters is wrong because it can change their “mentality”. The pontiff shared, “A father asked his ten-year-old-son: ‘What do you want to do when you grow older?’ The child replied: ‘A girl’. The father realized that in the school books the gender theory was taught. This is against the natural things.” Pope Francis declared gender theory is part of a [“global war against the family”](#).

Unexpected voices like renowned feminist professor Camille Paglia are saying well-meaning adults transgendering minors is child abuse. Professor Paglia actually called it “evil” to help troubled kids make permanent [decisions for which there is no turning back](#). As commonsense normal thinking adults, our response to Ms Paglia’s comment is, “Well dah”.

Public radio show host Jesse Thorn identified his two-year-old son as a girl; dressing his son as a girl and calling him a girl name. Ponder that folks, a two-year-old. We all know this is insane child abuse. When comedian Owen Benjamin compassionately said Thorn was abusing his child, LGBTQ enforcers crushed Benjamin's career. His tours were canceled and he was blacklisted in Hollywood.

Benjamin has a comedy special. Here is the headline of a hit-piece written to end Benjamin's career. "Why is Amazon promoting this anti-trans alt right troll's comedy special?" Do you see how this works folks. Benjamin courageously exposed the abuse of a child and he is branded an extreme-right nutcase hater. LGBTQ enforcers seek to shame and destroy anyone who dares to state the obvious truth that [gender theory is child abuse hiding in plain sight](#).

American College of Pediatricians president, Dr Michelle Cretella, wrote, "Transgender Ideology Has Infiltrated My Field and Produced Large-Scale Child Abuse." Dr Cretella said transgender ideology is not rooted in reality. She said sex is hardwired before birth and it cannot change. Dr Cretella continued, "By feeding children and families these lies, children are having their normal psychological development interrupted. They're being put on puberty blockers which essentially castrates them chemically – followed by surgical mutilation later on. This is child abuse. It's not health care."

Dr Cretella said we need to nurture children through natural puberty. "Our job as parents and physicians is to help children embrace their healthy bodies. And when this is done, once they get past puberty to late adolescence, as many as 95% will come to embrace their bodies – and identify [with their biological sex](#)."

Dr Cretella made this important point. "See, according to most mainstream medical organizations, if you want to cut off a

healthy arm or a healthy leg, you're mentally ill. But if you want to cut off healthy breasts or a penis, you're transgender. Dr Cretella enraged LGBTQ enforcers by saying, "[No one is born transgender.](#)" Dr Cretella is under severe attack.

Folks, can you believe we live in such a crazy evil time in which stating scientific facts and publicly expressing a desire to protect children could cost you your livelihood and even your life (death threats)?

Every time I write about LGBTQ enforcers bullying the masses into submission, my frustrated wife Mary says, "[Let people know they are only 3 percent of the population.](#)"

So this is where we are folks. We instinctively know LGBTQ indoctrination is child abuse. And yet, far too many are afraid to say it out loud. LGBTQ enforcers are using government, corporations, the medical profession, social media and mainstream media to bully the mainstream into allowing the abuse of children. How did such a tiny segment of our population (3%) obtain such dictatorial power?

God will severely judge those who lead new believers and children astray. "but whoever causes one of **these little ones** who believe in me to sin, it would be better for him to have a great millstone fastened around his neck and to be drowned in the depth of the sea." (Matthew 18:6)

God instructs parents to lovingly protect and raise their children. "*Train up a child in the way he should go: and when he is old, he will not depart from it.*" (Proverbs 22:6) God does not want government usurping parental authority over America's children.

It takes courage to stand in a culture which humiliates and high-tech executes all who refuse to kneel in worship to their god of debauchery. Shouldn't abusing children be our red line in the sand?

Democrats' Morality, Lies And The Wall

Democrat Nancy Pelosi said Trump's border wall is immoral and too expensive. Hearing Pelosi lecture Trump and the American people about morality is beyond repulsive.

Pelosi, her fellow Democrats and fake news media seek to prevent our side from using the word "morality" in the political arena. Any Republican and Conservative who dares bring up the morality of an issue is immediately branded a religious nut, trying to force their wacko outdated values onto the public.

Pelosi and her minions are flooding the airwaves with their absurd perverted narrative that building a wall (to protect Americans) is immoral. Meanwhile, these wicked Democrats who refuse to secure our borders live in highly secured and gated communities. Using their logic, shouldn't stopping people from invading their personal properties make Democrats immoral?

As I said, Democrats having the gall to throw morality into the face of Trump and everyday Americans who desire a secure border is pretty obnoxious. Here are examples of Democrats' twisted view of morality.

Democrats have forced LGBTQ lessons into schools. Funded by LGBTQ special interest groups like Human Rights Campaign, Planned Parenthood's Sex Ed program are infecting curriculum

in public schools across America. Brace yourself. Kids are actually being instructed in [dangerous and violent sexual practices](#) such as asphyxiation and BDSM.

Planned Parenthood was caught on video advising a 15 year old girl to allow her boyfriend to beat, [whip and gag her](#).

To deceive parents, Planned Parenthood claims their sex ed includes abstinence. However, [PP's definition of abstinence includes anal sex, oral sex, masturbation and mutual masturbation](#).

Students are also taught gender-bending and rimming which is extremely risky due to horrific parasitic infections. What twisted view of morality causes [Democrats to desire to fill children heads with adult sexual practices](#) as early as pre-k?

Democrat culture-warrior and Trump-hater, [Perez Hilton tweeted](#). *"To my fellow homos and all who like rimming...be extra careful whose ***hole (my edit) you eat."*

Tom DeLay exposed a Democrat secret memo in which Obama's DOJ's plans to legalize 12 perversions which includes bestiality, polygamy and make having sex with little boys legal. The secret memo mapped out how [Democrats would attack churches](#) who refuse to submit to having their constitutional religious liberty taken away.

Folks this is the new twisted morality the Democratic Party is aggressively seeking to normalize and cram down our throats via government mandates.

Here is more weird Democrat morality. Democrats know over 600 convicted criminals, gang members and drug cartel minions are in the caravan, [seeking to force their way into our country](#).

Insanely, Democrats say we Americans have no moral authority to keep anyone out of our homeland. Democrats say the idea of having borders is hateful, mean and racist. Democrats want to

get rid of ICE (Immigration and Customs Enforcement), claiming it is evil. Meanwhile, Pelosi excoriated Trump for bad mouthing illegal gang members who murder, rape and rob Americans. This woman has a perverted sense of morality.

Thank God President Trump shares the same commonsense morality as the American people. President Trump met with families who have suffered horrific losses at the hands of illegal aliens. Trump announced a new office at DHS titled, VOICE (Victims of Immigrant Crime Engagement). VOICE gives a voice to families devastated by illegal aliens. In its opening months, VOICE has registered over 2800 families to receive information on their perpetrator; tracking them so they can not harm anyone again. VOICE provides grief services and follows up on cases; making sure criminal alien perpetrators are detained, removed and deported. In respect and compassion for victimized American families, [Trump pledged to act with strength and resolve to secure our borders.](#)

Void of sympathy or compassion for Americans, Pelosi and her fellow Democrats are hellbent on blocking president Trump from securing our southern border. Democrats ignore the economic and physical pain and the suffering open borders cause the American people.

Our border wall will cost upwards of \$25 billion. Democrats have the audacity to say the border wall, to protect our communities, is too expensive. Meanwhile, [Democrats shower illegal aliens with \\$135 billion annually](#) in give-a-ways. How can Democrats, with a straight face, tell us \$25 billion for our border wall is too expensive? Democrats know fake news media will help them feed the American people any bogus narrative they desire. This emboldened Democrats to lie with impunity, be hypocritical and lecture us about morality. The truth is the Democrats' agenda is the height of immorality, evil from the pits of hell.

To free his people, God told Moses to tell Pharaoh, "let my

people go". It occurred to me that to free his American people from Democrat immorality, God instructs his servants, let my people *know*. Patriots and Christians must become more outspoken. Stop being afraid to let our fellow Americans know how the Democrats are stealthily repealing our constitutional freedoms, forcing us to embrace immoral agendas. We must find new and creative ways to get our message out. We must spread the truth about issues [Democrats routinely get away with lying](#) about.

Commonsense and truth made me a black conservative Republican. Conservatism offers personal responsibility, dignity and commonsense solutions to every problem. The Democratic Party appeals to our base sinful instincts; class envy (covetousness), racial resentment, division and victim/entitlement mindsets. The Democratic party stinks with the foul odor of bigotry of low expectations, telling blacks everything wrong in their lives is always the fault of whitey. God made you and me better than that.

"Truth will ultimately prevail where there is pains taken to bring it to light." George Washington.

"Then you will know the truth, and the truth will set you free" John 8:32. Brothers and sisters, to liberate our misinformed and ignorant fellow Americans we must find the courage to spread the truth.

We must let God's people *know*. God promises we will eventually emerge victorious.

A Wonderful Unexpected Christmas Gift

My wife Mary and I are an interracial couple. Over 40 years ago, Mary's dad and stepmother who raised her accepted their daughter marrying a black guy. Mary's birth mother did not. She refused to meet me.

Around Thanksgiving, Mary received an amazing letter from her birth mother expressing how sorry she was and how much she wanted to meet her son-in-law. Every year, we drive from West Virginia to Baltimore for my family's Christmas Eve gathering. Mary called her birth mother and setup a time for us to visit while we were in Baltimore.

Mary's birth mother excitedly greeted us with hugs. She had dinner prepared. The gathering included Mary's half-sister, her brother and their spouses. Mary's birth mother's grandson and his wife were there also.

Mary's birth mother asked me to say grace before we ate. I said I was a bit shy and would rather for her to say the prayer.

As she prayed, she wept, thanking God for bringing her family together. Spontaneously, I reached out with one hand and grabbed her hand. With my other hand, I grabbed Mary's hand. It was an awesome heartfelt moment orchestrated by the Holy Spirit.

Over the course of the evening, we all laughed a lot, got to know each other, and viewed family pictures. I learned that Mary's half-brother and his wife are conservatives who have been following my Christian conservative political activist work for years on the internet. Mary's birth mother is a born-again Christian.

The evening was wonderful. Mary and I left feeling extremely blessed and grateful. God had gifted us new family.

Remembering Our WWII Parents At Christmas Time

The parents of us baby-boomers truly are a great generation. They grew up early, taking on adult responsibilities. Our parents did whatever needed to be done rather than whatever they wanted to do. They won World War II.

One of the great things my black American parents gave me was options which permitted me to select what I wanted to be when I grew up. My parents supported my desire to become a professional artist. Receiving numerous scholarships, I attended the Maryland Institute College of Art and landed a job as a graphic designer at WJZ-TV ABC affiliate television station in Baltimore.

In sharp contrast with mine, Mom's childhood was horrific. When she was a little girl, her father was accidentally killed and her mother became an alcoholic. Many times Mom and her sister were left alone to raise and fend for themselves. Mom was bright and talented. She told me about the time she was beautifully dressed to apply for a job as a sales clerk at downtown Baltimore's Hochschild Kohn's and Hecht's department stores. Mom said she was offered a job in the kitchen. Mom said it was because of her dark complexion. Though she did not say it. I could tell it hurt Mom deeply.

Never experiencing the racism Mom endured, I thought she had an irrational fear of white people. My sister excitedly wanted to show Mom the new home she purchased in an integrated development. When Mom realized the house was in a cul de sac, she panicked and demanded to be taken home. Mom feared if my sister's white neighbors attacked, there was only one way out. Mom felt extremely uncomfortable going to integrated restaurants and theaters.

Dad was quite the opposite. Whenever a door opened for blacks, Dad ran through it. I was a little kid when the "Town" movie theater in Baltimore opened to blacks. Dad took me there to see the "Ten Commandments" with Charlton Heston.

Dad worked as a laborer until the door opened for blacks to take the civil service test to become Baltimore City firefighters. Despite outrageously racist working conditions, Dad thrived in the fire department winning "Firefighter of the Year" two times. At 29 years old, Dad was fathering his four kids and served as a surrogate father to my envious five boy cousins born out-of-wedlock. That's a lot of responsibility for such a young man. I don't think Dad was particularly unique. Americans seemed to mature earlier back then.

My wife Mary's white parents were also hardworking, responsible and resourceful at young ages. Their family was two parents and four children. And yet, Mary remembers washing dishes for 11 people. Her parents took in family and friends who were in a financial jam. Mary's amazing mom always made it work; extending the food and making everyone comfortable. Mary's mom said everyone lived with them as many as 17 people. This was the character of the World War II generation.

Mary and I marvel over the fact that though our parents were not rich, neither of us ever felt deprived at Christmas. How on earth did they pull that off? We both have cherished Christmas memories.

Compared to our parents, we baby-boomers have had it pretty easy. We are the me, me, me – all about me generation. Not having to be concerned with survival issues like our parents, baby-boomers were free to be self-focused, rebelling against traditional morals, principles and values. This birthed the counterculture hippie movement.

Gifted with scholarships, in the late 1960s, I was among a handful of black students at the Maryland Institute College of Art. Most of my fellow students were white from well-to-do families. The rich white students ranted about the awfulness of America while expressing disdain for their traditional minded wealthy parents. These spoiled brats eventually took over public education and continue poisoning our youths against our country today.

Black Panther activists came to the Maryland Institute to rally us black students. Wearing black leather jackets and berets, the Panthers angrily demanded to meet with the college administrators to discuss our demands. The administrators complied.

I was clueless as to what I was suppose to be angry about. I was there on scholarships awarded to me by white men; a senator, a governor and Baltimore Mayor William Donald Schaefer. All my professors/instructors were excellent and supportive. Because Maryland Institute attracted talented art students from around the world, I was competing on a high level. Life was good. And yet, I joined my fellow black students in viewing the college's administrators as enemies because I thought it was the black thing to do.

I see the same irrational and erroneous thinking in young blacks today; embracing the false rhetoric of the openly hate-group Black Lives Matter. Mega-millionaire American black actors and athletes who are living extraordinary lives are running around spewing hatred for America, claiming it is a hellhole of racism and social injustice against blacks. I

scratch my head hearing millennial blacks in my family rant about America's rabid racism. Folks, these young blacks have not experienced an ounce of real racism in their lives. Anti-America leftists have taught them that hating America is the black thing to do.

Old counterculture baby-boomers, black and white, have dominated public education for decades. Consequently, our kids see racism, social injustice and the awfulness of America everywhere.

The dirty little secret is even when liberals (old hippies) rant about America's cruelty to the poor, illegals, women, blacks, gays and so on, it is still really all about them – making themselves feel good and superior. Whenever conservatives offer real commonsense solutions to the so-called wrongs liberals claim to want to fix, liberals always reject their ideas.

World War II generation blacks and whites marched, suffered and died for blacks to be judged by the content of their character rather than the color of their skin. Sadly, younger Americans believe hiring to achieve racial and gender balance is more important than character and qualifications.

My white baby-boomer friend Peggy told me a great Christmas story from her childhood. Every Christmas her father took their family to dinner at their favorite restaurant. On one occasion, a black couple was seated in the corner. After seating Peggy's family and returning with drinks, the waitress began taking their food order. Peggy's dad noticed that the black couple was there before them and had not been served. The waitress said she seated them but had no intention to serve them. She and management hoped the couple would leave. Peggy's dad expressed his disapproval, removed his family and they never went back. Peggy said that incident impacted her greatly. It taught her to respect all people.

Peggy's dad is gone. My wife Mary's dad is gone. My mom and dad are gone. Our parents were members of the great World War II generation – a time when manliness was considered a good thing and women realized the power of their femininity.

My grown up Christmas wish is for more young Americans to realize the greatness of their World War II grandparents and great grandparents – embracing traditional principles and values which bring stability. I am seeing signs of my wish coming true. [Traditional marriage is making a comeback among millennials.](#)

Have a very Merry Christmas and a Happy and Blessed New Year!

The LGBTQ Hart Attack Is A Good Thing

I am not suggesting that we should experience schadenfreude (feel pleasure from witnessing someone's troubles, failures or humiliation). However, LGBTQ enforcers viciously seeking to destroy the career of comedian/actor Kevin Hart for tweets he made 9 years ago is encouraging. Finally, even leftists are beginning to see the take-no-prisoners intolerance and bullying LGBTQ enforcers have been applying to everyone who does not celebrate their lifestyle.

Many of us have been sounding the alarm for years that LGBTQ enforcers are relentlessly targeting Christian businesses for destruction; solely for the purpose of forcing Christians to betray their God by bending a knee in worship of leftists' god of debauchery.

German pastor Martin Niemöller was imprisoned in Dachau concentration camp from 1941-1945. In his famous poem, Niemöller laments that when they came for the Communists, Socialists, Trade Unionists and Jews he did not speak out because he was none of these. Niemöller wrote, "And when they came for me, there was no one left to speak out."

Not only did leftists not speak out against LGBTQ bullying, they cheered when LGBTQ bullies came for Sweet Cakes by Melissa. The Christian bakery happily served their lesbian customer for several years. When she asked them to bake a cake for her lesbian wedding, the owners said to do so would betray their faith. The husband and wife bakery owners with five kids were [driven out of business](#).

Well now, LGBTQ enforcers have come for Kevin Hart who many leftists consider one of their own.

Leftist [Snoop Dogg who shot president Trump in the head](#) in his music video passionately expressed his support for Hart. Several leftist celebs are expressing their support for Hart. As I stated, the good news for America in the Hart attacks is leftists are waking up and smelling the tyranny coming from their side of the political aisle by LGBTQ enforcers.

"The Devil's greatest achievement is convincing people that he does not exist." LGBTQ enforcers' greatest achievement and deception is convincing people they are the victims and we, mainstream Americans, are the aggressors.

Kevin Hart was scheduled to host the Oscars. In a video, Hart said, *"I swear man, our world is becoming beyond crazy. My team calls me, Oh my God Kevin. The world is upset about*

tweets you did years ago. Oh my God.” LGBTQ enforcers deemed Hart’s nine-year-old tweets anti-homosexual.

Hart received a call from the Academy telling him to apologize again for his old tweets or be replaced as host of the Oscars. Hart said he has repeatedly addressed the issue and acknowledged the rights and wrongs. Hart said he has evolved since making the tweets years ago. Hart said to apologize again for something so far in the past would be a step backwards rather than moving forward. Therefore, he [chose to pass on hosting the Oscars](#).

The American left’s response was mixed. Many rallied behind Hart. Others were furious over Hart refusing to apologize, calling him defiant. Leftist [Kathy Griffin disturbed millions with her photo](#) in which she held a bloody severed head of president Trump. In response to [Hart refusing to apologize again](#), Griffin said, “F*** him”.

Hart did not realize that LGBTQ enforcers have zero-tolerance for anyone who does not fully embrace the lifestyle. Anyone who dares to dis the LGBTQ lifestyle in the slightest must fall on their face and beg forgiveness or suffer complete personal destruction.

Many Americans believe the LGBTQ community is 23% or more of the population. The truth is, [they are 3.4 percent](#).

Witnessing LGBTQ enforcers’ relentless media assault on Hart and their efforts to destroy him, I could not help thinking, “Welcome to our world, Mr Hart.” This is the tyrannical assault on free speech Americans face everyday by the LGBTQ thought police. Again, I take no pleasure in seeing Mr Hart suffer.

It was stunning to hear even extreme leftist Joy Behar and leftist women on *The View* say the attack on Hart [puts all comedians at risk](#) Numerous other high-profile leftist voices are speaking out in agreement.

Folks, LGBTQ enforcers attacking Hart is a real eye-opener for many Americans – a small victory in the war between totalitarian political correctness and constitutional free speech.

The Word “Mean” Is Leftists’ Lethal Weapon

Founded upon [Christian principles](#), Americans have always eventually done the right thing – freed the slaves, gave women the right to vote and so on. While we are an extremely compassionate people, throughout our history we have made adult commonsense decisions to preserve our homeland; good stewards of God’s gift of America.

Today, leftists’ (Democrats, Hollywood and Fake news) most powerful weapon to overrule commonsense and further their anti-America agenda is the word “mean.” Far too many Republicans and conservatives regard being declared mean by leftists an immediate stop sign; preventing the enforcement of our laws and blocking the implementation of commonsense solutions good for America.

Fully supported by American leftists, illegals are saying screw you America. We are invading your country whether you

like it or not; arrogantly breaking our immigration laws. They demand to feed on our welfare safety-net set up for Americans. Outrageously, Obama gave illegals freebies unavailable to Americans; free attorneys and more. Obama used taxpayers' money to spend over 60 grand per illegal to settle them in America. [We spend \\$11 to \\$22 billion each year on freebies for illegals.](#)

Obama spread illegals around the country, irresponsibly putting medically untested children of illegals into our schools infecting our [kids with strange diseases](#). That was mean. Leftists like Obama are consistently mean to Americans.

Can you believe illegal students in our schools are allowed to demand that U.S. students not wear clothing to school that features the U.S. Flag on Mexican holidays? Illegals claim wearing U.S. gear on a Mexican holiday is racist, insensitive and mean. Incredibly, leftist school administrators agree and send U.S. students home for [wearing t-shirts which feature our flag](#).

We welcome people who had a burning desire to become Americans and entered our country legally. For years, I witnessed the character and passion of such migrants when I performed my original song, "[Celebrate America](#)" at Immigration Naturalization Ceremonies in Maryland. [Many wept after taking their oath of allegiance.](#)

The illegals invading our country today have no desire to become Americans; no desire to assimilate. Quite the opposite. Illegals give learning English, embracing our culture and honoring our flag their middle fingers. Fake news hides the fact that many of the thousands of young men illegally invading our country [are known gang members](#).

Irresponsible foreign parents send their children unaccompanied to make the extremely dangerous journey to the American border armed with abortion pills because the [chances](#)

[of being raped are high](#). Fake news hides the truth that illegals are committing horrendous crimes on Americans including [decapitating a 13 year old girl in Alabama](#). Leftists attempt to silence anyone who states these truths by calling them mean racists.

Leftists hide the truth that the illegals invading our country are defiant; demanding rights while disrespecting our homeland. Fake news media and Hollywood flood the airwaves with images and lies portraying the invaders as good people simply seeking a better life. Therefore, it is mean and racist to attempt to stop them. Republicans, Conservatives and Trump voters who understand that without borders we do not have a country are branded mean racist haters by the American left.

Leftists strategically use the word mean to block the enforcement of immigration law. However, leftists have no problem being mean to Americans. For example: Leftists hide and financially support illegal felons who murder, rob and rape Americans in their sanctuary cities; extremely mean to Americans.

Thirty-two year old Kate Steinle was shot and killed by Jose Inez Garcia Zarate, an illegal with numerous felons, deported numerous times. Sanctuary city San Francisco kept welcoming Zarate back and [outrageously acquitted Zarate of Kate's murder](#).

Republicans and conservatives sought to pass Kate's Law which would give mandatory jail-time to deported illegal felons who keep coming back. Democrats fought Kate's Law tooth and nail, in essence, saying screw you to protecting U.S. Citizens.

Imagine returning home from vacation. To your shock and horror, your backyard has been transformed into a ghetto tent city with women, children and a large number of young men. Gang symbols are spray painted on your house siding. There are piles of trash. Invaders have broken into your home. Valuables

have been stolen. The invaders run a massive number of extension cords from inside and outside your home to power their electrical needs. Your wife and daughter are sexually threatened. Your middle school son has developed a strange cough.

Upon contacting law enforcement and your Democrat mayor to remove the invaders from your property, you are excoriated; called a mean racist. Your mayor demands that you purchase more homeowners insurance, upgrade your electrical power and make various other concessions to accommodate your poor guests who are only seeking a better life.

Local fake news TV shows up. Keeping the mob of tattooed young men flashing gang signs off camera, the leftist reporter interviews a woman holding a child. Overwhelmingly sympathetic to the invaders, the reporter airs a news story portraying the invaders as good people who are simply seeking a better life. You are branded the villainous mean white racist homeowner who refuses to share your stuff. More illegals arrive daily invading other homesteads throughout your community.

My fellow Americans this is exactly what is happening to our country. Fake news media is attempting 24/7 to brand president Trump the mean bad guy for not opening our border to the free-flow of illegals. Democrats, Hollywood, social media and fake news media are doing their part to convince Americans that attempting to stop the invasion of our home is mean and racist.

Thank God president Trump is not deterred or intimidated by leftists' never-ending campaign to brand him mean and racist. Trump continues to make adult commonsense decisions in the best interest of Americans.

Time For Some Good News

My wife Mary sent me links to the following three articles. “Dear Hollywood: Stop Gaying All the Things, Especially Straight Characters.” [[Link](#)] The article talks about how Hollywood is making everything about homosexuality, selling the lie that everyone is a closet homosexual. According to Gallop, homosexuals are 3.4% of the population. Leftists have scammed Americans into believing homosexuals are 23 percent and more. Some in Hollywood are campaigning to transform traditional heterosexual characters like Captain America and James Bond into homosexuals. Don’t laugh. It could happen folks.

“Forcing Churches to Hire Homosexuals, Transgender Ministers Will Go National” [[Link](#)] Austin, Texas city council introduced an ordinance forcing churches to hire homosexual and transgender ministers on the grounds that not to do so is discrimination. Other cities are pushing the same ordinance. A few years ago, Houston’s city council attempted the same ordinance. It was defeated. Praise God.

Texas Pastor Council President Dave Welch said, “In the past, we have too often waited and watched from the sidelines, silent. We decided that that is not possible anymore, that’s not acceptable.”

This statement from Pastor Welch is particularly strong, “Forcing churches to violate core convictions is not acceptable. Once government does so, all of our Constitutional

protections are essentially gone – all gone, for all of us, across all America.”

It is thrilling to see courageous Christians in Texas fighting back in truth and love. Real Christian love is letting people know when they are going in the wrong direction; telling them that Jesus is the answer. As my late preacher dad said, “You shouldn’t pat people on the back to hell.” Dad instructed his five kids, “Don’t make my funeral about me. Tell people about Jesus.”

When the Supreme Court, in essence, made same sex marriage the law of the land, a millennial family member said to me. “I don’t care if two men want to sleep together. What difference does it make?” I tried to explain to him that SCOTUS’ ruling was a veiled leftist attack on religious freedom, reaching far beyond guys sleeping together. The glazed look in my young relative’s eyes told me he thought I was paranoid, conspiratorial and outdated.

This third article has sane people outraged. “Father Says 6-Year-Old Son Refuses Mom’s Demand to Dress Like a Girl – Now He’s being Charged with ‘Child Abuse’.” Texas father, Jeffery Younger could lose his son for not going along with his wacko ex-wife’s decision to raise their son James as a girl. [[Link](#)]

James’ father has been legally prohibited from talking to his son about gender or sexuality. Meanwhile, James’ mother plans to start the process of chemically castrating their 6 year old son when James turns 8 years old. [[Link](#)]

Everyday we are confronted with outrageous attacks from leftists (fake news media, Democrats and Hollywood) on our culture, morals, freedoms and values. Sometimes I just don’t feel like talking about it. I am not advocating that we stick our heads in the sand and not deal with it. Passivity has gotten us into this mess; pushed around by aggressive leftist bullies. I am saying that sometimes it is wise to take a break

from all the negativity and focus on good things.

The tiny town in West Virginia that Mary and I moved to a year ago had their annual Christmas parade. While Santa and Mrs. Claus waved from their beautiful float equipped with a snow machine, a strong theme of the parade was Jesus is the reason for the season. That was truly refreshing. Support for Trump is high in my tiny town.

My wife Mary enjoys watching Hallmark Christmas movie marathons. As leftists fight to remove Christ from Christmas, I appreciate Hallmark Christmas movies prominently featuring hymns. The movies are predictable. Everyone is well dressed. The settings are beautiful. The boy gets the girl and Mary says it always snows at the end. As corny as that sounds, the movies are a pleasant refreshing safe haven from all the vile garbage shoved into our faces at every turn on TV. So much of TV promotes people behaving badly. Producers are relentless in their mission to normalize deviancy.

Extremely popular, an all-time high of 37 Hallmark Christmas movies will air this holiday season. Their ratings keep rising. [[Link](#)] That's good news.

Like many of you, Facebook, censored my articles and even closed down my account right before the midterm election. After jumping through hoops, Facebook restored my account. Mary excitedly signed me up on Trump Town, the new social network Facebook alternative. [[Link](#)]

Addison Riddleberger, the founder of the new platform posted on his site. "Welcome to Trump Town – where you won't be censored, ghosted or banned for supporting the 45th president of the United States."

This site is great news for conservatives.

More people are beginning to realize that America's political arena has become a battle of good vs evil. Everyday I remind

myself, “Be not afraid nor dismayed by reason of this great multitude; for the battle is not yours, but God’s” (2 Chronicles 20:15). Our duty as loving Christians and patriots is to remain diligent and faithful; spreading truth while courageously and legally pushing back against evil.

I close with wonderful news – [a brief video of president Trump’s bold unapologetic biblical speech](#) pushing back against leftists’ war on Christmas. All praise and thanks to God.

How You Can Help Kavanaugh’s Confirmation

In response to my article, “Kavanaugh and the Depth of Democratic Evil” <https://bit.ly/2xZXC3n>, patriots have contacted me asking how can they help Brett Kavanaugh. The answer is call your Senators. Here’s the number 202-224-3121. It is the number for the Capitol Switchboard. When you call tell them what state you are from and that you need to be connected to your U.S. Senator.

It doesn’t matter whether your Senators are Democrats or Republicans, whether they have already announced their support or opposition to Judge Kavanaugh. This is urgent folks. Call immediately and ask your senators to support Brett Kavanaugh

for the U.S. Supreme Court.

Kavanaugh's record as a judge and public servant is exemplary, more than qualifying him for the Supreme Court. This is why it is so disgusting that democrats and fake news media are destroying his life.

When someone told a lie and added more lies to make their original lie bigger and stronger, my late black mom called

this tactic, "adding yeast to it". Without evidence, Democrats despicably went from claiming Kavanaugh harassed a girl 36 years ago to selling their

outrageous horrific lie that Kavanaugh is a drunken serial rapist. With every passing day, Democrats add more yeast to strengthen their public crucifixion of this good, decent and honorable man; hoping to block him from the Supreme Court and give Trump a black eye.

During his amazing 30 plus year career, Kavanaugh has passed 6 FBI background-checks without an ounce of dirt surfacing regarding his character. Democrats demanded and Republicans agreed to a 7th FBI investigation. After this 7th FBI investigation, the GOP must not allow the democrats to delay Kavanaugh's confirmation vote any longer.

For over a week, my wife Mary and I have been in Texas campaigning with the Conservative Campaign Committee for Ted Cruz. In our war room we shot a brief video to rally support for Kavanaugh; asking Americans to help Brett Kavanaugh's confirmation by calling their senators. [Please watch, like and](#)

[share our brief video.](#)

Folks, what the American left is doing to Brett Kavanaugh, his wife and two daughters is pure evil from the pits of hell. It is time for good people to push back firmly in Godly, reasonable and legal ways. Please, please, please call your senators!

“All that is necessary for the triumph of evil is that good men do nothing.” Edmund Burke

Folks, if we allow the evil American left to block the confirmation of an awesome constitutional conservative like Brett Kavanaugh, who on earth can we get confirmed? [Please call you senators.](#)

Thanks and God bless the Kavanaugh family, President Trump and America!

They've Blown Up The Boy Scouts – What Next?

Minutes after awakening this morning, my wife Mary read me this disturbing headline from her phone, “[Condoms Required at Scouts' 24th World Jamboree](#)”. My mind immediately went back years ago to when LGBTQ activists demanded that the Boy Scouts

of America accept openly homosexual leaders. LGBTQ activists claimed homosexuals did not intend to change the scouts. They simply wanted to be included. I remember a deceived parent on Facebook saying if the Boy Scouts did not surrender to permitting openly gay scout masters she would remove her son from the intolerant, bigoted hate group.

Mary read out loud from the article that outrageously, the rules demand that condoms be distributed to the under-age kids during the 12 day camping event. My thoughts went to the movie "Planet of the Apes" at the end when Charlton Heston's character said, "[You maniacs! You blew it up! Damn you...damn you all to hell!](#)"

In 1910, Lord Robert Baden-Powell founded the Boys Scouts Association. In his book, "[Scouting for Boys](#)", Baden-Powell stated his purpose for the organization.

"We aim for the practice of Christianity in their everyday life and dealings, and not merely the profession of theology on Sundays..."

All these years later, wimpy spineless officials and administrators have allowed political correctness and LGBTQ activists to blow up Baden-Powell's vision; corrupting yet another once great Christian organization. Yes, I am extremely angry.

All who sounded the alarm that allowing promoters of homosexuality into the Christian based organization would change the Boy Scouts were branded paranoid haters. Meanwhile, LGBTQ activists have forced the Boy Scouts to change the original Scout Oath.

"On my honor, I will do my best. To do my duty to God and my country and to obey the Scout Law; To help other people at all times; To keep myself physically strong, mentally awake and morally straight."

What awesome and upright principles. Imagine how wonderful our country would be if more men lived by this creed. LGBTQ activists have intimidated the Scouts into removing "[morally straight](#)" from the Scout Oath.

LGBTQ activists have forced [Baden-Powell's organization to drop "boy" from its name and admit girls](#) in 2019.

Will someone please tell me what was hateful or mean about boy scouts and girl scouts having separate organizations? Do y'all know LGBTQ activists seek to erase the gender line between male and female? Public school teachers are [forced to address elementary students as "eagles"](#) rather than boys and girls.

Folks, I am so sick of mainstream people in power cowering to LGBTQ activists. When will someone have the courage to tell these people no? I vow to slap the next Christian who tells me we need to be more passive and loving. I'm kidding. But look where passivity has gotten us.

SOGI laws ([Sexual Orientation Gender Identity](#)) mandate that LGBTQ lessons be implemented in every grade (pre-K thru 12) and every subject. Math questions begin with two guys enter a gay bar. In public schools, LGBTQ lessons include BDSM, anal sex, asphyxiation, [gender-bending and rimming](#). Does this sound as insane to you as it does to me? And yet, this vile brainwashing and robbery of our kids' innocence continues unabated beneath the national radar.

Whitney Houston was correct when she sang, "[I believe the children are our future](#)." If we keep allowing leftists to confiscate our children, game over. Our future as a great nation is lost.

Years ago, LGBTQ activists beat the crap out of me in the media for asking this question. Rather than forcing the Boys Scouts to abandon its Christian roots, why wouldn't homosexuals start their own youth organization? What is stopping pedophiles who run NAMBLA ([North American Man/Boy](#)

[Love Association](#)) from starting a scouting program? LGBTQ activists branded me a hater for asking this logical question.

The truth is LGBTQ activists are on a mission to destroy Christian institutions; to force Christians to “approve” their lifestyle. LGBTQ activists seek to force Christians to betray Jesus by kneeling in worship to their false god of depravity. Leftists are working to create a godless America in which anything goes sexually. Everywhere you turn you can see evidence of leftists’ removing traditional Godly principles and values which have made America great. It sickens me whenever I see politicians and people in power caving to LGBTQ activists’ demands.

In 1962, we caved to leftists’ demand to remove prayer from public schools. Schools have progressively transformed from institutions of discipline and learning to hellholes of violence, daycare for parents in middle school, drug abuse, disrespect for authority and students graduating [unable to read their dilemmas](#). Meanwhile, we keep allowing leftists to have their way.

What great Christian institution, traditional value or principle will LGBTQ/leftists target next for destruction?

The good news is I am seeing signs of more [Americans pushing back against LGBTQ/leftists bullying](#).

Oh how I long to see the spirit of John Wayne reborn in an American leader with true grit. Oh wait, we have that in Donald Trump. Still, America needs more leaders with backbone to tell LGBTQ/leftists no.

Leftists Slowly Turning Off The Faucet Of Free Speech

The majority of my fellow black friends, family and associates are low-info voters. They look at me in stunned disbelief when I tell them that every negative thing they believe about conservatives/Republicans is true of leftists/Democrats.

For example: Leftists say conservatives are intolerant. In reality, leftists are the ones totally intolerant of opposing views. Fake news media is not reporting that leftist operatives are physically beating up people and pushing legislation to jail people who will not submit to leftists' anti-God and anti-America agendas. In essence, leftists are repealing our constitutional right to free speech.

Recently, a dozen Cheesecake Factory employees approached the table of a young black customer. Incredibly, the employees harassed and threaten to punch the restaurant's patron in his face for [wearing a MAGA hat](#).

Can you believe that folks? Had the employees attacked a customer wearing a Black Lives Matter or homosexual rainbow logo hat, outraged leftists would demand that the Cheesecake Factory fire the employees immediately. By the way, the courageous young black customer has a good reason to support Trump. [Black unemployment is at an all-time low](#).

With leftist college professors condoning violence to [silence politically incorrect speech](#), a disturbing 19% of college students believe they have the moral high ground to physically

assault people who [express opinions they don't like](#). So it is not surprising that [seniors and veterans](#) have been brutalized for wearing "Make America Great Again" attire. A 9 year old was harassed and banned from [wearing his MAGA hat to school](#).

Leftists put out narratives on various issues and then socially and physically beat the crap out of anyone who dares to challenge what leftists deem true.

Enraged leftists descended upon my wife with furious anger on Facebook for daring to say stats prove cops do not routinely murder blacks. Data confirms that blacks are the ones murdering blacks in record numbers in [urban democrat strongholds](#). Leftists quickly attacked my wife to defend their evil lie which has led to Black Lives Matter ambushing and assassinating police across America.

Another leftists lie that you had better not get caught challenging, especially if you are black, is America is an eternally racist hell-hole for blacks. Leftists are trying to economically and socially beat the crap out of [black millennials Kanye West](#) and Candace Owens for suggesting that blacks should stop clinging to victim status and pursue their dreams.

I roll my eyes when black walking dead leftist zombies lecture me about how white America hated Obama being in the White House.

Blacks are only 12% of the population. Therefore, white America elected a black president two times. Black media queen, Oprah is worth 2 billion dollars. Obama's "PROMISE program" forbids schools from reporting or [punishing bad behavior by minority students](#). Beginning in kindergarten through college, white students are taught to [hate themselves for being white](#). It is counterproductive for blacks to continue viewing themselves as victims, still singing, "We Shall Overcome."

Folks, did you ever think a day would come when leftists would demand that we do not state the truth that there are only two genders?

College student Lake Ingle was kicked out of class for saying biologists officially say [there are only two genders](#).

Leftists have decreed that [there are 71 different genders](#) including no-gender and gender-fluid. Anyone caught publicly stating otherwise will suffer public humiliation and dire social, economic and even physical consequences. And yet, leftists are praised as paragons of tolerance.

Obama's DOJ wanted to throw scientists in jail who disagreed with [man-made climate change](#). A California bill seeks to [criminalize speaking biblical views on sexuality](#). Remember the mentally disabled white man 4 leftists kidnapped and tortured for [saying he likes Trump](#)? Intolerant of allowing parents to teach their child their values and principles, leftists seek to [make homeschooling illegal](#).

Leftists have brainwashed our kids into believing not hurting feelings should trump freedom. In less than an hour, 50 people on the campus of Yale signed a bogus petition to end our 1st Amendment. The 1st Amendment protects our free speech, religion, assembly, [the press and petition](#) This sounds pretty intolerant to me.

Intolerant Missouri student VP, Brenda Smith-Lezama, wants our 1st Amendment right to free speech repealed because it causes an "unsafe" [learning environment](#). Can you imagine a young person spouting this crap? When I attended the Maryland Institute College of Art in the 70s, we were encouraged to extend our thinking as far as our imaginations would allow. Today colleges demand that everyone think the same.

In a nutshell, intolerant leftists are hyper-aggressively stealthily silencing free speech via bullying or

criminalizing. Meanwhile, leftists deceptively portray themselves as victims of hate from intolerant mainstream Americans.

Like the title of the old Marvin Gaye song, it is time for the American people to realize, "What's Going On." Now that you know, it is time for Americans to stand.

Despite The Media, Trump Is Winning For We The People

I love the old gospel song, "[Peace In the Midst of the Storm.](#)" In the midst of the Deep State's raging, unprecedented hate-storm against Trump, he remarkably remains at peace, and so should we.

Trump and We the People are winning. Fake news media sells its lie 24/7 that voters regret voting for Trump and he is mere days from impeachment. [In truth, Trump's approval has risen to 51%.](#) Leftists are pulling their hair out in frustration; screaming, how can we stop this freaking outsider amateur politician? The tide is turning in our favor.

The Deep State's billions, traps and lies continue to fail. Incredibly, Trump repeatedly lands on his feet, confidently pressing forward on making America great again. It's a God thing folks.

At the 2018 White House Correspondence Dinner, Michelle Wolf

wrongly assumed her hate-filled attacks on Trump and women in his administration, along with her callousness against unborn babies would [score a home-run for liberalism](#). Even devout leftists were uncomfortable with Ms Wolf vomiting leftists' pure hatred for traditional Americans for all the world to see. Ms Wolf's foulmouthed mean-spirited monologue hit a home-run for Conservatism. We are winning folks.

Pop icon Kanye West's recent conservative comments and praise for Trump is huge. With Kanye's 27 million twitter followers, millions of blacks heard conservatism for the first time. Since Kanye's conservative tweet, [black male approval of Trump has doubled](#). In essence, Kanye's message mirrors mine; stop weakening yourselves with victim mindsets, make right choices and simply go for your dreams. Liberate yourselves from slavery on Democrats' government dependency plantation. In Trump and Kanye, God is using unexpected vessels to spread His truth. Conservatism truly is best for all people. Kanye represents a huge crack in leftists' wall of ignorance enslaving low-info voters.

It was thrilling hearing Trump announce that the United States will withdraw from Obama's insane Iran Nuke Deal. Trump pulled no punches in explaining why Obama appeasing Iran was dangerous for America and our ally Israel. For crying out loud folks, what idiot president gives \$150 billion to a regime which chants, ["Death to America!"](#)?

Israel is despised by most leftists. Trump having the courage to acknowledge Jerusalem as the capitol of Israel and actually [move our US embassy to Jerusalem](#) is amazing. Regarding Israel, God said, "I will bless those who bless you, and whoever curses you I will curse." Genesis 12:3

Remember Sgt Andrew Tahmooressi who was outrageously held in a Mexican jail for 7 months? Obama refused to make a phone call for Tahmooressi's release. Presidential candidate Trump intervened, [successfully freeing Tahmooressi](#).

Amazingly, Trump's Secretary of State Mike Pompeo is headed home from North Korea with 3 previously held hostages; a gesture of good faith for [Trump's meeting with Kim Jong Un](#). Can you say "Trump: The Art of the Deal" boys and girls?

In essence, Obama received affirmative action Nobel Prizes because he is black and for touring the world apologizing for who we are as Americans and begging forgiveness. Numerous pundits say [Trump should win the Nobel Peace Prize the old fashion way](#) – he earned it.

If Trump successfully ends the 70 year Korean war and Kim Jong Un follows through with his vow to end North Korea's nuclear program, Trump absolutely deserves the Nobel Prize. If Trump wins the prize, that giant popping sound will be leftists' heads exploding around the world. Extraordinary great things are happening folks.

Given that leftist activist justices are responsible for day-of-birth abortions and same sex marriage, Trump getting conservative Neil Gorsuch on the Supreme Court is huge for rulings based on what truly is in our Constitution. If Justice Kennedy retires as rumored, [Trump could put another Constitutional conservative on the court](#). Awesome!

Americans suffering with high taxes, low wages and high unemployment was Obama's proud new normal. Trump has dynamited Obama's mountain of overreaching tyrannical job-killing regulations; [reversing over 800](#). Trump has unemployment at 3.9%, [the lowest since 2000](#). In his first year, [Trump created 2 million jobs](#). His tax cuts has our economy booming; creating more jobs and Americans smiling again with [more money in their pockets](#). Manufacturing jobs have risen to 304,000 under Trump. [Black and Hispanic unemployment is at a historic low](#). All Americans are winning with Trump in the White House.

In defiance of the fake news media's 24/7 "destroy Trump" propaganda reporting, here is more good news you probably

haven't heard. Two million fewer Americans are on food stamps. Consumer confidence is near a 17 year high. Business confidence is near 1980's levels. [Three million Americans have received bonuses.](#)

The Deep State continues to obstruct Trump's repeal of Obamacare. Nevertheless, Trump has ended Obama's outrageous tyrannical individual mandate which demanded that Americans buy health insurance or pay a penalty.

The illegal invasion of our country is down 70%, [the lowest in 17 years.](#) [Trump has started the border wall.](#)

Folks, I could go on and on with Trump's long list of [wins for We the People](#) in a remarkably short amount of time.

Bottom line: Be of good cheer folks. As a Christian, I believe the prayers of millions of Americans saved us from anti-God, anti-America and anti-freedom liberal destructive tyranny under Hillary Clinton. God gave us Trump, and he is winning for We the People.

Two Opposing Black Views of

America

I had a fascinating phone conversation with a longtime black friend. Though we've had passionate political clashes over the years including periods of not speaking, we remain friends. He is a clergyman and college professor in his 70s.

While discussing black movies, "Fences", "Get Out" and "Black Panther", my friend said something outrageous. He said it is impossible for a white person in America not to be racist because racism is entwined in all things American. Folks, he sincerely believes his absurd view of America.

He went on to recount horrific incidences of racial injustice; a black boy sharing an elevator with a white girl igniting a race riot; black inventions stolen and black businesses destroyed. These events happened in the 1920s. And yet, the passion in which my friend reported them was as if they happened yesterday.

My friend's anger at America is as if 8 years of Obama never happened and Oprah is not worth 3 billion dollars. He believes police routinely murder young black men. He believes America's evil white power structure labors 24/7 scheming to undermine blacks economically and culturally.

In his circles of black academia, his erroneous beliefs are deemed unarguably true. They think any black who doesn't subscribe to these obvious truths is either an idiot or an Uncle Tom.

Throughout our phone conversation, my friend repeatedly referred to whites as "crackers". It never dawned on him that his derogatory use of the term "cracker" is as racist as whites calling us the N word.

My friend was even annoyed by praises showered upon Billy Graham in response to his death. Though he would deny it, my

friend has a deep hatred for whites. And yet, I have witnessed God use him to bless people. I've come to realize that neither facts nor truth can penetrate my friend erroneously viewing white Americans as blacks' greatest Nemesis. Therefore, I am praying for God to heal his vengeful heart against white Americans.

On the bright side, I caught an interview with black Supreme Court Justice Clarence Thomas; a hero of mine.

Justice Thomas said he is worn down by what is going on in our country's culture. Justice Thomas said, *"At some point, we're going to be fatigued with everybody being the victim."* Justice Thomas recounted a conversation he had with a young black woman who said, *"I am really tired of having to play the role of being black. I just want to go to school."*

Folks, I know where this black sista is coming from. She just wants to be an American pursuing her dreams without being forced to carry the baggage of viewing herself as a victim of her skin-color. Isn't this what civil rights pioneers fought, suffered and died to achieve?

Decades ago, we allowed Leftists to infiltrate public education, transforming our kids into their operatives. Consequently, black millennials who have never suffered an ounce of racism believe racial loyalty requires them to riot in the streets demanding racial justice. Leftists have our kids hating and fighting a war with a nonexistent enemy.

If a black awakens on a sunny morning, grateful to be born in the greatest land of opportunity on the planet; viewing the world as their oyster; knowing between them and God, they can achieve great things – Leftists will call that black an Uncle Tom traitor to their race. Leftists have decreed that we black Americans must view ourselves as victims in this evil eternally racist country.

Clarence Thomas grew up in extreme poverty; familiar with

feeling cold and hungry. He was sent to live with his grandfather. Justice Thomas said regarding his grandfather, *"He is the single greatest human being I've ever met."* Clarence's grandfather would not allow him or his brother to waddle in their bad circumstances, whine or complain.

With only 9 months of education, Clarence's grandfather never saw himself as a victim. He never knew his father and his mother died when he was 7. His grandmother who was a freed slave took him in. And then, she died. His uncle, a hard man with 13 kids took him in. And yet, Clarence's grandfather never complained.

Whenever young Clarence wanted to complain, his grandfather would say, *"You have to play the hand you're dealt."* Clarence's grandfather became a great businessman, including owning his own farm.

Justice Thomas has a bust in his office with his grandfather's favorite quote, *"Old Man Can't is dead. I helped bury him."* Justice Thomas said that is the mindset his grew up with.

Isn't Justice Thomas' self-reliant mindset far superior and empowering than bitterly viewing oneself as a victim; placing your success or failure in the hands of someone other than yourself? Justice Thomas marveled that he grew up in a world of total illiteracy only to find himself in the Library of Congress. Justice Thomas is expressing the greatness of America folks.

Why isn't Justice Thomas' grateful and hope-filled vision of America, a land ripe with opportunity, being touted by civil rights activists – inspiring black youths to make right choices to become all they can be? Instead, Leftists demand that black Americans view themselves as victims. I choose to live in Justice Thomas's America.

Olympics Corrupted To Further Anti-God Agenda

Watching the Olympics was a big deal when I was a kid, a pleasurable family affair. I tuned in the 2018 Olympics expecting to enjoy extraordinary performances. Instead, the announcer began introducing the next performer as a hero for the LGBT community. I immediately turned the channel. Folks, I am so sick of Leftists corrupting everything; usurping every opportunity to promote its anti-God and anti-America agendas. When will We the People just say, “No!”

A U.S. Olympic team homosexual skater, in essence, gave Vice President Pence his middle finger; refusing to meet Pence. Leftists hate Pence for blocking attacks on religious liberty; stopping Christian businesses from being forced to [service homosexual weddings](#) against their faith.

Leftists have taken the pleasure out of watching NFL football; coaches, players and management protesting our country and police. Leftists celebrated mentally ill Bruce Jenner pretending to be a woman. Bruce is considering [reversing his surgery back to a man](#).

Other than turning off your TV, it is impossible to escape Leftists' relentless promotion of sexual deviance, anti-Trumpism and anti-Americanism.

Even watching HGTV home remodeling shows has become politicized; bombarding us with same sex couples. Same sex couples are a very small minority. And yet, they are disproportionately represented on HGTV.

Folks, the daily relentless slapping us in the face with homosexuality is a part of a well orchestrated plan to desensitize us, normalize and force what God clearly calls sin down our throats.

At a 1988 summit in Warrenton Virginia, homosexual leaders mapped out their game plan to make Americans embrace homosexuality and hostile to all opposing it. "After the Ball" by Marshall Kirk and Hunter Madsen is the manual homosexuals used to brainwash Americans; [market homosexuality to the mainstream](#). The funny warmhearted homosexual neighbor in sitcoms has become a cliché.

Kirk and Madsen instructed homosexual activists to use tried and true marketing and brainwashing techniques; transforming Americans into having *"warm regard – whether they like it or not."*

Step one was to desensitize straights by relentlessly talking about homosexuality in the straight world. *"The main thing is talk about gayness until the issue becomes thoroughly tiresome."*

Kirk and Madsen admitted it would be tough to convince Americans that homosexuality is a "good" thing. *"But if you can get them to think it is just "another" thing meriting no more than a shrug of the shoulders – then the battle for legal and social rights is virtually won."*

I have witnessed the success of this Kirk and Madsen tactic. Some relatives have a who cares or what's the big deal attitude regarding same sex marriage. They view me as an intolerant old fuddy duddy.

Activists' claims of homosexuals being denied rights is bogus. We are simply defending ourselves from being bullied into affirming their lifestyle, denying our religious freedom.

Be as homosexual as you wannabee. But don't walk past a dozen bakeries with the gay rainbow logo in their window to force a Christian bakery to bake your same sex wedding cake.

Stop bullying parents into surrendering their kids for [LGBT indoctrination in public schools](#) in which kids are encouraged to try homosexuality. Outrageously, the state bars parents from opting out their children.

Here is another Kirk and Madsen tactic. *"Portray gays as victims of circumstance and oppression, not as aggressive challengers...gays must be portrayed as victims in need of protection so that straights will inclined by reflex to assume the role of protector."*

Kirk and Madsen's scheme includes portraying anyone who does not totally affirm homosexuality as a hate-filled villain. Years ago, movies and TV began portraying Christians as wacko hypocritical haters who want homosexuals tortured and murdered. Christianity requires disciples to love homosexuals and lead them to Jesus. Remarkably, Leftists seek to criminalize the loving act of leading homosexuals to Jesus, calling it a "[hate crime.](#)" Leftists demand total affirmation of the LGBT agenda, period.

In case you haven't noticed, TV shows no longer say boyfriend or girlfriend. [TV shows say "partner", stealthily ending gender distinctions.](#) Remember public schools absurdly [banning teachers from addressing students as boys and girls?](#)

Folks, we are being bullied and brainwashed by Kirk and Madsen tactics. What will be LGBT activists' jump-the-shark-moment, prompting We the People to just say, "No"?

Sadly, Another Black History Month

I am a 69 year old proud American who happens to be black. The American Left (Democrats, Hollywood and fake news media) exploit Black History Month as an opportunity to further their lie that America is eternally racist and a hellhole for blacks. BHM should feature the truth that America is the greatest land of opportunity on the planet for all who choose to go for it; regardless of race, color, creed or gender. Blacks are only 12% of the U.S. population. Therefore, black millionaires and billionaires like Oprah, Samuel L Jackson, Colin Kaepernick and countless others confirm my point; white America made these blacks extremely wealthy.

And yet, sadly, most millennial blacks believe the Left's lie that their opportunities for success are limited. They believe white cops murder black men on sight. They believe white America is obsessed with conceiving dirty tricks to keep blacks down.

It is interesting that the American Left which includes the NAACP and Congressional Black Caucus despises and seeks to destroy successful blacks who bear witness to the greatness of America. I am talking about blacks like world renowned retired neurosurgeon Dr Ben Carson, businessman extraordinaire Herman

Cain and Supreme Court Justice Clarence Thomas. Without lowered standards or special concessions due to their skin-color, these blacks achieved success the old fashion way. They earned it.

Imagine driving down a dusty country road on a spring day in the 1950s. You see a dirty little black boy in a field picking cotton. Only in America could that black boy grow up to become one of the most powerful men in the world, Supreme Court Justice Clarence Thomas. You will never see the American Left using Justice Thomas' remarkable American story during BHM to inspire black youths. Leftist only feature blacks whom they claim achieved success in spite of America's rabid racism or sexism.

The American Left strives to convince all Americans that they are victims of either Christians, conservatives, Republicans, the rich or straight white men. Individuality and self-reliance are as repulsive to Leftists as crossing Dracula the cross. Leftists' dream is for all Americans to be dependent upon and thereby controlled by big tyrannical government. Leftists want government to force their agenda items down our throats that would never be approved by voters.

A glaring example of Leftists not really giving a rat's derriere about blacks is the Congressional Black Caucus' response to Trump announcing in his SOTU that [black unemployment is at a record low](#). Wouldn't that good news be cause for applause from people who supposedly represent blacks? And yet, the CBC sat stone-faced refusing to applaud with others in the capital hall. It was stomach turning seeing Leftist operative CBC members wearing their little African clothes draped over their shoulders. These clothes are suppose to show CBC members' super commitment to black Americans. These people (CBC members) are [shameless traitors to their fellow black Americans](#). Despite [Trump reaching out and implementing policies helpful to blacks](#) the evil CBC is hellbent on deceiving black Americans into believing their lie

that Trump is racist. One of my brothers is an outspoken black Christian conservative Republican. In his mostly black community and church, my brother boldly challenges blacks to tell him one thing Trump has said or done to prove Trump is racist. They can not. Like Sheep-ple, blacks in my brother's church and community believe Trump is racist solely because Democrats, Hollywood and fake news media have told them Trump is racist.

Democrats must keep blacks believing America is a hellhole for blacks; believing their lie that Trump and all conservatives/republicans are racist. Democrats must keep their lie alive that blacks' only hope is to continue monolith voting for Democrats. The problem is blacks' brain-dead loyalty to Democrats has reaped direr consequences. Blacks murder each other in record numbers in cities controlled by [Democrats for decades](#). Blacks are engaged in self genocide due to [disproportionate high numbers of abortions](#). High numbers of fatherless households births epidemic numbers of blacks joining gangs, school dropouts, black on black crime, incarcerations and poverty.

Democrats are insidious enablers; nurturing problems in black communities by lowering cultural, moral and intellectual standards for us in the name of compassion. After all, according to Leftists, we black folks ain't too bright. Democrats relieve blacks of any accountability or responsibility for their failure or success; claiming our fate rest solely in the hands of white America. Notice how Democrats/Leftists are always advocating lowering the bar and giving us free stuff; addicting us to government freebies.

I am applauded by the Democrats' bigotry of lowered expectations regarding my fellow black Americans. As a black man I can say this. Our problem is not whitey persecuting us. Our problems are rooted in blacks allowing their loyalty to [Democrats to morally bankrupt our communities](#). It was amazing seeing many black clergy abandoning the Bible's view of sex

same marriage because Obama was for same sex marriage.

If Leftists were honest, they would really call BHM their "America Still Sucks for Blacks Month". Every February, Leftists use BHM to guilt-trip a new generation of whites and convince blacks to continue sleeping with their enemies by voting for Democrats.

Blacks like me who love their country and realize the obvious blessing of being born an American are excoriated by Leftists. Leftists call us Uncle Toms suffering with Stockholm Syndrome.

But here is the truth.

American is the greatest land of opportunity on the planet for all who choose to go for it. To my fellow blacks, reject the American Lefts' daily-you-are-a-victim excrement. Pursue your American dream via education, hard work and right choices. Pure and simple.

Confronting Leftists Lies

I am an unhyphenated American who happens to be black.

Leftists who hate America as founded dominate fake news media, Hollywood, public education and social media. Their mission is to bring America down from her status as the world power. This is why leftists are so repulsed by Trump's desire to make America great again. Leftists hate the free market and seek to replace it with socialism; a big brother government controlling every aspect of our lives.

Leftists are liberals. Most people think “liberal” means having a live and let live attitude. The reality is that liberals are super aggressive, using government to force their ungodly agenda items down the throats of the masses. This why Obama hates our Constitution – because it restricts government from dictating how we behave. [Obama dissed our Constitution](#) with these words: *“a charter of negative liberties. It says what the states can’t do to you. Says what the federal government can’t do to you but doesn’t say what the federal government or state government must do on your behalf.”*

Obama’s rant against our Constitution is typical leftist arrogance. They believe their superior intellect should grant them authority to dictate how we peons should live.

Leftists are also obsessed with poking their finger in the eye of the God of Christianity; [transforming America into an anything goes sexually](#) society (bestiality, pedophilia, incest and etc). Leftists hate the God of Christianity because He requires moral standards of behavior.

Founding Father John Adams said, *“Our Constitution was made only for moral and religious people. It is wholly inadequate to the government of any other.”* The American Left is in an relentless pursuit to strip America of an remnant of her moral and religious roots and heritage.

I watched Alex Azar being sworn in as the new secretary of HHS (Health and Human Services). It was truly refreshing to see Azar with his hand on the Bible, swearing his oath to God to defend our Constitution. Leftists have not successfully totally banned God from our government. Praise God.

It is truly a shame the way the American Left has been allowed to indoctrinate generations of young Americans into believing this divinely conceived, unique experiment called America is the greatest source of evil on the planet. Our Christian roots, birthed out of the teachings of Jesus Christ, makes us

the most loving, giving and compassionate nation on the planet. We are Americans; good people blessed by God.

Since his election, Trump has dramatically dialed back Obama's legacy of government unlawfully usurping control of our lives. In a nutshell, Trump is making decisions, deals and policies best for America. Leftists are out of their minds with rage and frustration. Every play in Leftists' "How to Destroy a Republican" playbook has bombed big time against Trump. Fake news media has abandon any pretense of fair and balanced reporting. Every news story is either a distortion or blatant lie about Trump.

For example. Trump's tax cuts have already sparked a [boom in our economy](#), beneficial to all Americans. Businesses are coming back from overseas. American companies are [raising wages and giving bonuses](#). And yet, everywhere you turn, leftists are spreading their lie that Trump's tax cut only impacts the rich. Disgustingly, leftists always play upon our lower base instincts; class envy and he sin of covetousness. Leftists want you to hate and feel victimized by anyone who has more than you.

Every day we must be truth warriors slaying lies from the American Left about Trump, his agenda and America.

Movies and TV shows are no longer mindless entertainment. Ninety-nine percent of what comes out of Hollywood is lies; designed to seduce Americans into embracing Leftists' ungodly agenda. Hollywood relentlessly demonizes Christians, America, mainstream Americans and Trump.

Leftists in media, colleges and corporations are breaking new ground in their intense efforts to stop Trump's agenda and silence conservative speech.

Millions are outraged at the NFL. Americans who simply tuned in to watch Sunday football games were slapped in the face by NFL players, coaches and management; politically protesting on

the field against our flag, country, national Anthem and police. And yet, NFL management had the audacity to reject an ad for the Superbowl program booklet, claiming it is too political. The [ad featured a veteran](#), a U.S. flag and the words, “#Please Stand”. The NFL’s rejection of the ad is evidence of the NFL arrogantly supporting the American Left while dissing mainstream Americans.

Psychotherapist James Caspian specializes in studying transgenders. Leftists are bullying Caspian into silence for exposing the truth that transgenders who regret having sex change surgery are on the rise. Leftists always quickly seek to silence any truth that contradicts their agenda. [We are in a war of Leftists’ lies vs truth.](#)

The 6 o’clock news was on the TV in the background while I was chatting with a relative at his home. Folks, it was a truly painful experience. Every news story was liberal spin and/or lies. Programming after the news was seductive liberal propaganda. I watched my relatives unknowingly soaking in all the Leftist beautifully presented excrement. This is what we are up against folks. If it were not for my Christian faith, I could be discouraged; believing our battle for the hearts and soul of America is already lost.

My fellow Americans, be of good cheer. God has not abandoned America. He gave us Donald J. Trump. Since moving to West Virginia from Florida, I stumbled across One America News, a great source of real news on DirecTV. [Dish Network refuses to carry OAN.](#) Facebook is [shutting down conservative pages.](#) We are at war, folks.

Pray for God’s wisdom and guidance. Boldly confront Leftists’ lies with truth. God has given us a chance to take back America via President Trump. We have surrendered too much ground to the American Left. Time for us to stand for our flag, our country and stand with Trump.

God Forbid; Oprah As President?

The American Left's Oprah-mania about her running for president in 2020 is truly absurd. What on earth qualifies Oprah to run our country? I do not consider myself White House material. But if Oprah qualifies, I am a far superior candidate.

Years ago when Oprah became a national phenomenon, I coined the phrase, the Oprah-lization of America. It seemed like Oprah seduced many Americans into placing feelings above facts and logic.

Fake news media and most politicians have become Oprah-rized, behaving as though feelings trump everything. For example. Rather than honestly dealing with the negative consequences of illegals invading our country, Leftists and politicians are most concerned with the emotional side of the issue. God forbid we hurt the feelings or harm the self-esteem of illegals who do not give a rat's derriere about our country or assimilating.

So now, the American Left is giddy over the thought of Oprah becoming our first queen. We've seen this horror movie before titled, "Eight Years of Obama". Fake news media and wimpy republicans would allow Oprah to behave as queen, free to overrule the Constitution; given full reign to cram extreme liberalism down our throats. Opposing or disagreeing with

Oprah would be deemed racist and sexist.

In 2008, over 90% of my fellow black voters were hypnotized by Obama's skin color. I tried to warn black family and friends that Obama was not black in terms of being one of us. Obama was first and foremost a liberal Trojan Horse disguised in black skin; totally focused on furthering the liberal agenda rather than dealing with [issues plaguing black Americans](#).

Consequently, blacks moved economically and culturally backwards [during Obama's reign](#). Yes, Trump has been economically "no' better" for us [blacks than Obama](#).

Oprah's presidency would be a continuation of Obama's with more touchy-feely mindless emotion driven stupid punish-America policies. Our ultra-Oprah-rized America would give away everything to everybody; confiscating the earnings of achievers to spread to deadbeats.

In 1976, I worked with Oprah at WJZ-TV in Baltimore. As a graphic designer in the art department, I provided graphics for our morning talk show, "People Are Talking" which Oprah co-hosted with Richard Sher.

Psychic Jeane Dixon was a guest on "People Are Talking". After the show, Oprah, Ms Dixon, other staffers and I were gathered chatting. Ms Dixon took Oprah's hand and enthusiastically predicted that Oprah would achieve huge success. I am not saying I believe psychics. I am simply reporting what happened.

Oprah's rise to fame was truly remarkable; evidence of the good heart of the American people. From her early days of co-hosting "People Are Talking", I thought Oprah's gift was an ability to be herself on camera. In those days, blacks on TV seemed overly concerned with convincing white America that they were intelligent. Oprah was simply herself and viewers related to her, an average looking, overweight dark-skinned black woman. Blacks are only 12% of the U.S. population.

Therefore, it is obvious that white America made Oprah a billionaire.

And yet, on several occasions, Oprah has passionately helped her fellow America-hating Leftists' sell their lie that America is a hell-hole for blacks.

While promoting her movie, "Selma", Oprah despicably claimed that blacks are still suffering the same persecution today [as they did in the 1950s](#).

Clearly, selling movie tickets and furthering Leftists' America-sucks narrative trumped the truth about how truly far we have come regarding race and being fair to the country that has practically worshiped her.

Oprah no more belongs in our Oval Office than Donald Duck. The idea is totally absurd. We all know how fake news media would treat Democrat presidential candidate Oprah Winfrey. Every word out of her mouth would be deemed the height of brilliance, wisdom, fairness and compassion. Fake news media would brand the Republican presidential nominee the secret head of the KKK, a white supremacist and a sexual predator.

Make no mistake about this folks. Along with changing America by flooding America with a tsunami of illegals, Leftists are obsessed with furthering their sexual revolution; [making deviancy normal](#). Oprah would surely champion her fellow Leftists' government mandated sexual transformation of America.

A lot of American voters would once again be hypnotized by Oprah's skin-color and fake news media hype, ignoring Oprah's instincts to punish-America. I pray that a majority of American voters would learn from their mistake of electing extreme Leftist Obama solely because of his skin-color.

Trump's Unnoticed Great First Year Accomplishments

Conservatives and Republicans gave President Trump kudos for his [remarkable list of accomplishments in his first year](#) in office.

One crucial Trump accomplishment appears to have gone unnoticed. Trump repeatedly spoke the truth about issues fake news media demanded that we either embrace its lie about the issue or stay silent. Single-handedly, Trump has opened the door for Americans to freely speak truth again.

Before Trump entered the political arena, fake news media controlled public speech with an iron-fist. Citizens and politicians knew they had better toe-the-politically-correct-line or suffer severe consequences.

When fake news media demanded that we ignore biology and pretend that Bruce Jenner is a woman, Americans played along with [Bruce's mental disorder](#) for fear of public humiliation and economic crucifixion by fake news media.

NFL player Don Jones broke fake news media's ban on speaking truth publicly. When Michael Sam kissed his boyfriend on national TV, Jones tweeted what tens of millions of Americans were thinking. "OMG, horrible." Jones was immediately [high-tech lynched by fake news media](#), sentenced to forced mind-altering therapy.

When Trump announced that he was running for president, Trump said he would deal with the problem of criminal illegals invading our country. Illegals and the accompanying criminals are another issue [fake news media forbids us to speak truthfully](#). Trump, in essence, said screw fake news media's rules about what truths we are allowed to state publicly.

Trump honestly addressing the problem of illegals invading our country sparked a fake news media firestorm against him. Fake news media launched a bogus story line that Trump is a racist who hates all Mexicans. In their usual fearful submission to fake news media, Conservatives and Republicans ran to microphones to condemn and distance themselves from what fake news media decreed to be Trump's "racist" remarks.

However, a majority of American voters did not buy fake news media's bogus Trump-is-racist narrative. Quite the opposite. We the People were elated by Trump's unprecedented lack of fear of fake news media. Trump remained steadfast in speaking truth, exposing the negative impact of illegals invading our country with no desire to assimilate. Trump boldly disobeying fake news media's ban on speaking truth inspires all Americans to begin speaking truth again.

Folks, we are at war; fake news media vs America. Fake news media believes America is the greatest source of evil on the planet. Its 24/7 laser-focused mission is to bring down America from her throne as the world super power. Fake news media also seeks to transform America away from her foundation of Christian values and principles. Fake news media relentlessly sells its lie that a majority of Americans share its disdain for our homeland.

That horrifying Sunday when Americans watched the entire NFL (players, coaches and management), in essence, taking a knee against our country, Americans were stunned with disbelief. How on earth could the NFL think a majority of Americans and football fans agreed with them disrespecting our flag,

National Anthem, country, fallen-veteran-active military and brave men and women in blue? In short, the NFL believed fake news media's bogus story-line that America and cops routinely abuse blacks and football fans would support the NFL protest. [Polls confirm the NFL made a huge miscalculation.](#)

As I stated folks, we are at war; fake news media vs America.

Fake news media has suppressed our first amendment right of free speech for years. Anyone who dares speak truth which contradicts a fake news media lie is severely punished; branded stupid; crazy or guilty of hate speech.

While you were sleeping or taking your kids to soccer, fake news media began the process of criminalizing speaking truth; disagreeing with its socialist/progressive agenda.

Outrageously, fake news media seeks to criminalize scientists expressing skepticism regarding man made climate change. Fake news media actual says "[climate change deniers](#)" should be thrown into jail.

Fake news media appears to love all things Islam while hating Christians. [Obama's DOJ threatened to jail anyone caught speaking badly about Islam.](#) Meanwhile, Obama was unprecedented in his relentless presidential [trashing of Christians.](#)

Fake news media's sole purpose is to block truth while spreading lies and deception. By controlling speech, fake news media can use pretty words to paint a smiley face on evil, depravity and sin unabated. Trump courageously speaking truth has caused a serious crack in fake news media's control-what-truths-Americans-are-allowed-to-publicly-express armor. Thank you Mr President.

Entering 2018 With Gratitude To God And Trump

I remember that painful election night in 2012. Against reason, Americans chose to give Obama four more years in the White House.

As a Christian, all I knew to do was trust God. Little did I know Obama's re-election was setting the stage for long-shot dark-horse presidential candidate Donald J. Trump. Over 8 years, the shine wore-off electing the first black president. Americans knew Obama was driving our country in the wrong direction. We subconsciously felt the tyranny of political correctness. [Obama led Leftists' war on Christianity](#). Obama's agenda was founded upon punishing America first. Thus, Americans were ready for real change. Enough with empty promises from fancy-talkin' professional politicians.

When businessman extraordinaire, regular guy candidate Trump said he wanted to "make America great again", We The People immediately connected with Trump's clear and simple decree.

Political elites thought Trump running for president was hilarious. It amazes me that political so-called experts are still puzzled why Trump won the White House. Establishment elites are finally backing away from the narrative that Trump stole the election via collusion with Russia or other dirty tricks.

This tells me these people (establishment elites) are sheltered from everyday Americans in their Washington DC towers of power. It is only common sense that a majority of Americans would desire a leader who loves his homeland and wants to make it the best it can be. Only liberalism indoctrinated anti-American zealots have a problem with Trump's positive agenda for America.

Purposely unreported by fake news media, Trump has used his will and true grit to amass a [substantial list of wins for America in his first year](#). Trump has been rolling back Obama's messes in spite of Never-Trumpers and congress.

I remember presidential candidate Ted Cruz promising to move the U.S. Embassy to Jerusalem, recognizing Jerusalem as the capital of Israel. To the shock and horror of haters of Israel in America and around the world, [Trump picked up Cruz's baton, deciding to move the U.S. Embassy to Jerusalem](#).

God said He will bless those who bless Israel and curse those who curse Israel. (Genesis 12:3) Thank you President Trump.

Remarkably, Trump is fulfilling his campaign promises, despite fake news media dominating the airwaves with distortions, negative spin and actual lies about everything Trump says and does.

Trump successfully getting his tax cuts through congress has sparked an unprecedented economic boom for [We The People](#). Do you see the pattern folks? Thankfully, unlike most politicians, Trump presses forward not giving a rat's derriere about what fake news media, Democrats, the American left and establishment elites think or say about him.

By the way, I wish to thank the American Left for pushing Trump further to conservatism. Trump is not ideological, not viewing himself as liberal or conservative. But, when Trump saw Leftists' vitriolic response to him doing anything good for America, it opened Trump's eyes, pushing him further to

our side.

Despicably, evil Leftists have sought to falsely brand Trump supporters as hateful white supremacists. We Trump supporters are decent hard working Americans who love our country and desire the best for all Americans regardless of race, color or creed. I am a black guy, proud and grateful to be an American. [I even wrote and recorded the "Trump Train" song.](#)

Despite the American Left daily launching every weapon in its arsenal at Trump, he remains laser-focused on [dismantling Obama's Punish-America](#) legacy. Thank you fellow Christians for your prayers.

I do not believe any other 2016 Republican presidential candidate would have been able to endure or match [Trump's remarkable list of restored freedoms](#) in their first year.

Entering 2018, I am most grateful to God that Donald J. Trump is in the White House. Folks, last November, we dodged a bullet big-time. Hillary Clinton would have marked the end of America as we know it for Lord knows how long.

The same way the American left exploited Obama's skin-color, using it as a bludgeon against anyone who opposed Obama behaving as our dictatorial king, Leftists would have used Hillary's gender.

Queen Hillary supported mass murdering of the unborn. Hillary defended the [horrifically evil practice of partial-birth abortion](#). Partial-birth abortion is the abortionist delivering the entire baby's body except for the head. The abortionist then [shoves scissors into the full term baby's head](#) to kill it.

Hillary would triple down on Obama's persecution of Christians. Hillary would dictatorially use government to cram [various forms of sexual deviancy](#) down mainstream American's throats. Hillary would celebrate trifling lazy dependency on

big government as the new American normal. As I said, anyone daring to oppose Hillary infecting Americans with Leftists' socialist/progressive virus would be taken out; high-tech gang lynched or thrown into jail.

In essence, Obama regarded the U.S. Constitution as toilet paper; overruling many of our constitutional and God-given freedoms and liberty. Trump has dramatically put the breaks on Obama transforming America into a socialist, progressive and anti-Christian nation. And for that, I am extremely grateful to God and Trump.

Mary and I will spend much of 2018 traveling America, fighting to keep Republicans in control of the House and Senate which will help Trump reverse Obama's crimes against us. If we stay firm in our support of Trump, together we will make our country great again. Quoting the Pointer Sisters' hit song, "I'm So Excited!"

Old School Parenting At Christmastime

Like millions of lower to middle income American families back in the day, my parents did an awesome job at Christmastime. With little money, they always found a way to give their kids

happy Christmases. As the 9 year old eldest, I babysat my 4 siblings. I knew mom and dad did not have a lot of money. And yet, I never thought we were poor or felt shortchanged at Christmas. I don't remember my 3 brothers and sister ever feeling shortchanged at Christmas. How awesome is that? Given their financial challenges, my parents had to be magicians to pull off that trick. Somehow, they performed their magic every year. I kind of took it for granted. Looking back, all I can say is, "Wow!"

The arrival of the Montgomery Wards catalog was a major exciting event. Each of us kids circled the toys we wanted for Christmas.

I remember, my Roy Roger's pistol and holster. On Christmas day, I left my pistol outside for a moment. When I came back, it was gone. Mom was extremely annoyed at me.

I felt my Aunt Bummie and her 5 sons living on welfare were poor. Mom, dad, we 5 kids, Aunt Bummie and her 5 boys sat around a table, feasting on a mountain of fried chicken necks and backs. They were dirt cheap to buy. We laughed, joked and had a wonderful time. God has blessed me to travel the world, enjoying numerous five star dining experiences. I still love fried chicken necks and backs.

One Christmas when we were still living in the Baltimore government housing project, I found a used bicycle hidden deep in the closet. I knew the bike was my Christmas present. I was elated because I knew mom and dad could not afford it. Mom was disappointed that I saw the bike. I told her I was a big boy and wanted to help her and dad play Santa; setting up the gifts Christmas eve for my younger siblings. She said, "Okay".

Then there was the Christmas we could have died. In 1952, the restriction of blacks being allowed to take the test to become Baltimore City firefighters ended. Dad became a firefighter. We moved out of the projects. My parents purchased a home in a

small black suburban community; Pumphrey, Maryland. It was Christmas eve. Dad had to work the night shift at the fire house. Mom decided to paint a room with oil based paint. Dad came home 7am Christmas morning to find us all passed out. He rescued us by carrying us to the front porch. We recovered and opened presents.

My wife Mary said her parents were pretty awesome as well. They always found a way to make room and feed relatives in need. Mary's immediate family consisted of her parents and 3 siblings. And yet, Mary recalls washing dishes for as many as 11 people living in their home. She has wonderful childhood Christmas memories. Although, she has been scared for life regarding washing dishes. Mary cooks and I wash the dishes. Our kitchen remodel will include a dishwasher.

Old school American parents were awesome. They were responsible early in their adulthood, doing whatever needed to be done. My baby-boomer generation seems to be pretty spoiled and self focused.

At 29 years old, my Dad fathered his 5 kids and tried to be a stand-in father/role model for my Aunt Bummie's five boys. They loved my dad and envied me for having him.

I'm getting choked up.

Mom passed away 20 years ago. Our family's 2017 annual Christmas Eve gathering was wonderful. Everyone shared a spirit of making merry. Last year, Dad declared me the new patriarch of the family. At this year's gathering, I called for a round of applause for my late mom and 89 year old dad, thanking them for all the great Christmases.

I pray y'all had a Merry Christmas. Have a Happy and Blessed New Year!

Was There Vote Fraud In Alabama Election?

Years ago, my brother David gave me a nugget of wisdom. He advised, *“When faced with a crisis, stabilize your emotions before responding/acting.”* Thus, I thought it best to wait a day or so before sharing my thoughts about Roy Moore losing in Alabama.

Moore’s loss simply does not make sense. Alabama is a red state. It is hard to believe Alabama voters chose Jones, a guy who supports killing babies even at the point of birth over 38 year old unproven sexual misconduct allegations against Moore. [Yes, I smell the foul stench of democrat voter fraud](#) in the Alabama senate race.

We’ve heard the term partial-birth abortion, but most folks don’t know what it is. The abortionist takes the entire baby out of its mother except for the head. [He then shoves scissors into the baby’s brain](#) to kill it. Planned Parenthood is elated when abortionists can murder the baby without too much damage to the baby’s head. [Intact heads sell for premium prices](#). Jones supports this horrific evil.

Rather than believing Alabama voters knowingly chose a man who supports murdering babies and trafficking their body parts, I tend to believe fake news media successfully hid Jones’

hostility towards unborn innocent human life. Leftists celebrate Jones' mindset because Leftists deem killing babies environmentally responsible; [necessary to save the planet from too many humans](#). Step on a spotted frog and Leftists are outraged at you!

Like nothing we've seen before, Leftists saturated the airwaves, social media and fake news media with 24/7 attacks on Moore, his wife and anyone supportive of him.

I want to thank Judge Moore for hanging in there when everyone and their brother on both sides of the political aisle demanded that he get out of the race. Moore said the allegations were untrue and he was not running away. I loved it; a real man with a steel backbone.

I realize we lost an important senate seat. But I am so sick of Republicans behaving like spineless wimps; allowing Leftists to dictate the rules of engagement; who we're allowed to run, what is acceptable speech, what is racist, what is presidential and so on. When Leftists say, "Jump" the typical Republican response is, "How high?"

Folks, we throw our warriors under the bus far too quickly; reacting to Leftists' and fake news media's lies, distortions and smears. We have fallen for this Democrat and fake news media tag-team tactic far too many times.

We pray for courageous conservative Republican warriors who will fight on our behalf in Washington DC. When God sends us a hero, establishment elites, democrats, Hollywood and fake news media join together in a 24/7 campaign to brand our hero a kook, racist, sexist, mean-spirited, stupid and insane. Suddenly, folks on our side begin backing away, embarrassed to be associated with our brave conservative warrior. Folks, I have seen this happen with Sarah Palin, Ted Cruz, Donald Trump, Judge Moore and others.

Meanwhile, democrats run candidates who are the scum of the

earth; liars, con-artists, sexual predators and thieves. Leftists media promote democrat scoundrel candidates as our superiors with compassion for the little guy. We Conservative/Republicans abandon our candidates every time Leftists point out our candidate's inability to walk on water.

It is amazing how effective Leftists media's 24/7 relentless negative branding can be. Sarah Palin did an awesome job as governor of Alaska. When she became the Republican VP nominee, suddenly the woman is a complete idiot according to Leftists and fake news media. The American Left viciously and relentlessly politically spun, twisted and distorted every word out of Palin's mouth to brand her stupid and crazy.

Wimpish Conservatives/Republicans began saying we must get rid of Palin because the media made her toxic. I was outraged. Is this how we treat our friends, our heroes, our warriors? I thought, "News flash, anyone we send to DC who is committed to fighting for our principles, values and best interest will be branded a wacko airhead by fake news media." This is the tactic the American Left is using to get rid of Trump; branding him mean, dumb and unstable.

I have no problem with Trump being Trump; tweeting and so on. Leftist media will negatively spin whatever Trumps says. Therefore, I love Trump sticking it to them, not allowing Leftists to control him. I hate Republican's typical fearful kowtowing to Leftists' narratives and dictates.

Trump has made incredible headway in an extraordinary short time; unshackling us from the chains of political correctness and [rolling back Obama's punish-America agenda](#). God knew as an outsider Trump would be undeterred by fake news media's dictates regarding acceptable Republican behavior. Trump's fearlessness terrifies and enrages fake news media and their fellow Leftists. They are obsessed with getting Trump out of the White House.

After a week of intensely campaigning for Judge Moore, his loss was unexpected. But this was just one battle. All I know to do is trust God and continue faithfully fighting the good fight for my country; backing real-deal courageous conservative candidates; our warrior heroes.

My wife Mary and I will fly home and enjoy Christmas with our family.

Come next year, we'll be back on the road fighting to keep [Nancy Pelosi and Chuck Schumer](#) out of power. Please stand firm in your support for our president.

The Truth About Profiling Is That Everyone Does It

My black brother who lives in Baltimore said something that has stuck with me. He said, *"I am tired of having to show people (whites) that I am not like them (black thugs)."* His comment was made to convince me that NFL players have valid reasons for protesting our country.

I told my brother it is not white America's fault that [blacks commit more crimes than any other race](#) except whites. Blacks are only 13% of the population.

White Americans did not burden my brother with having to constantly show he is not a thug, blacks did. Like our dad, Dr. Rev. Lloyd E. Marcus, my brother is highly respected in

his community; awarded for his service as commissioner of his county's youth football league. However, my brother does dress urban style; casual attire typical of inner city blacks. No, he does not wear his pants below his butt.

I am a black artisan; singer, songwriter, fine artist and writer. My signature black hat and attire reflect my artistic nature. Nine times out of ten, a white person would be correct in assuming I am a liberal democrat. I am a Christian conservative Republican activist. Seeing my artistic appearance and the fact that most blacks are democrats, it is reasonable for people to assume I am a liberal democrat. Therefore, it is silly for me to be offended when people read my visual message incorrectly.

Years ago when I moved to Florida, I went to join the local Republican club. When I walked into the meeting room a sweet elderly white woman said, "*The democrats meet down the hall.*" I laughed and told her I was in the right place. Did her assumption make her a racist? No. That Republican club was extremely excited to have its second black member. The local democrat club was 90% black and Hispanic.

Leftists news media and despicable race-baiting democrat politicians have made everyone hypersensitive regarding race. Leftists demand that we abandon common sense.

For example. A middle-eastern neighbor was infuriated and in tears because her two brothers who are in their twenties were screened by TSA at the airport. She ranted about how America is riddled with racism. Well, given that 99.9% of terrorist attacks have been committed by middle-eastern men between the ages of 18-35, TSA did its job. Her brothers were not abused in any way.

Leftists call us evil racist "profilers" for using common sense, our life experiences and reading the message people send in the way they choose to dress. So much of Liberalism is

emotion-driven idiocy.

A Hispanic buddy was mugged on the streets of Baltimore. He saw the group of thuggish dressed black guys approaching him. Typically, using his street smarts (profiling), he would have crossed to the other side of the street before the muggers got to him. Unfortunately, his mind was preoccupied elsewhere.

The idea that profiling is evil is absurd. The dirty little secret is we all profile because it is common sense. If you judged a person incorrectly based on their appearance, you are pleasantly surprised when proven wrong. I don't see anything wrong with that.

Since moving to West Virginia, two of my new neighbors looked like Central Casting gun toting racist rednecks. Both are great guys who helped me on home projects. Giving their appearance, it was wise for me to deal with them with caution before getting to know them.

Remember the book, "Dress For Success"? That book could be re-titled, "How to be Profiled a Winner". Hookers dress to be profiled as women open for business.

Years ago in Maryland, a white resident saw two suspicious looking black guys walking around her upscale neighborhood. She did not call security for fear of being thought a racist profiler. The two thugs hijacked a white woman's car and threw her toddler out the window.

I was raised in an all black suburban community. Whenever we saw white youths walking around, we knew they were there to buy drugs. Did that make us racist profilers or were we simply using common sense and our life experiences? Leftists refuse to allow people to tell the truth or use their brains.

Chatting Sexual Harassment With Liberal Relatives

After spending the last four months moving from Florida and settling into our new home in West Virginia, Mary and I are on the road again. We are flying to campaign for Judge Moore in the Alabama senate race. Moore's democrat opponent, Doug Jones, is a horrible deceitful man. Jones supports slaughtering babies even up to the point of birth. Jones supports Planned Parenthood trafficking baby body parts for profit. American loving Alabamians, you must get out and vote against Doug Jones. Jones is an anti-America and [Trump-resistance operative disguised as a good guy](#).

We drove 3 hours to Baltimore the day before our flight to fly out of BWI. This gave me an opportunity to visit and chat with several relatives. Most of my black relatives believe Trump is racist. They reject truth/facts, clinging to their emotion-driven loyalty to democrats.

Sexual harassment is a hot topic. I wanted to get my liberal democrat relatives' thoughts regarding sexual harassment. Each of them believe sexual harassers should be punished. They also believe much of what is now labeled "sexual harassment" is simply men being men and women being women in the workplace. In a word, "biology".

A Trump hating black female relative said she fears that labeling everything sexual harassment will create an extremely threatening atmosphere in the workplace. A woman accusing a man of sexual harassment is like dropping a nuclear bomb on his head. It is impossible for a man to defend himself without a majority thinking he is guilty. My female relative believes fear of sexual harassment allegations will impact men hiring women.

This same relative is a retired Baltimore city police officer. She said being a rare female black officer had its challenges. She witnessed female cops being sexually harassed. My relative said she instructed fellow cops how to treat her. She won their respect. She has lifelong friendships and fond memories of her career in law enforcement.

Folks, we instinctively recognize sexual jerks. Mary and I attended a great church in which members greeted each other with a hug. Mary stopped allowing a member to hug her because she felt he was a sleaze. I would hate to see that church abandon its warm greeting because of a jerk to two.

Leftists always launch bogus narratives. If we dare disagree or submit facts proving their narrative untrue, Leftists attack; calling us intolerant, haters, racists, sexists and homophobic. For example. Leftists say women "never" lie about sexual harassment. If anyone dares to say a woman should have proof before destroying a man's life, Leftists launch a shock and awe campaign to brand that person a supporter of sexual assault. That person shuts up, runs and hides.

The investigation video of a woman accusing a cop of sexual assault was posted on youtube. The beautiful sophisticated young woman gave an extremely compelling tearful account of the officer ordering her out of her car and fondling her private parts. The cop's dash-cam confirmed that he gave her a traffic ticket without her leaving her car. After showing the cop's accuser the dash-cam video, the investigator asked why

she tried to destroy the officer's life. She replied, "He stopped me unfairly."

A relative recalled his ugly divorce. He said, "*I fought her in court as the mother of our kids (not disclosing her adultery). She fought me like I was Mike Tyson*". She lied, accusing him of abusing their kids. Despite any evidence of abuse, my relative was screwed; the judge ruled against him.

This was interesting. My liberal democrat relatives thought 20 year old sexual harassment allegations were laughable; not to be taken seriously. Therefore, the 38 year old allegations against Judge Moore did not impact my relatives' opinion of him. LOL...they hate Moore solely because he is a Republican.

Surprisingly, my democrat relatives disobeyed political correctness; verbalizing thoughts that would cause Leftists to high-tech lynch a conservative. A democrat male relative brought up the mixed messages women send in their dress and behavior that we males are not suppose to notice. He said during praise and worship in church, [he has seen women twerking in stiletto high heels](#). It is pretty challenging for a guy to keep his mind on God when a woman is flip flopping her derriere in the next pew.

My democrat male relative's comment about women sending mixed messages is valid. Psychologists are sounding the alarm about [sexualizing little girls' bodies](#) and fashions. Radio talk show host Glen Beck said he was shocked and frustrated by how hard it was to find tops for his daughter that did not expose her bellybutton.

A relative has coached kids football for 30 years. He said he has watched cheerleaders' dance routines become progressively raunchier; twerking and so on, with female parents cheering the little girls on. "*Git it girl! That girl is gonna be something when she grows up!*" He dared mention to a female parent that he thought the cheerleader routines were getting

too sexy. The parent accused him of being a dirty old man. This shut him up.

When Mary and I ran an arts center, we allowed local Hispanic dance groups to practice there. On numerous occasions, we were shocked by the sexy dance moves the kids were taught. The more the girls well executed the sexy dance moves, the more female parents excitedly cheered them on. Mary and I were cautioned to keep our mouths shut; told that it was a Hispanic "cultural thing" that we did not understand.

My 89 year old dad shared with me that back in his dad's day, it was exciting to see a woman's ankle when she stepped up onto the streetcar. Today many women dress leaving little to the imagination. Male relatives educated me about a new street term, "camel's hoof". I feel a little embarrassed just mentioning it. The term refers to what young guys say they see when women wear skin tight pants.

A relative said he believes over sexual exposure has a numbing effect on men. Has over sexual exposure sparked more people needing deviancy to become aroused?

The consensus of my liberal democrat relatives was women cannot have it both ways. Women cannot flaunt their sexuality and become outraged when men notice. Again, my relatives said "real" sexual harassers should be punished.

My wife said a woman has the right to walk down the street nude and men do not have a right to touch her. I said, *"I agree. As a black man, I have a right to attend a KKK rally and yell, 'Where are the white women?' My behavior would be unwise."*

Like ambulance chasers, suddenly TV lawyers are soliciting sexual harassment cases. All I am asking is that we not allow ourselves to be manipulated by those who exploit the issue of sexual harassment. Let's deal with every allegation fairly and honestly.

Attacking Judge Moore's Morality Is A Dirty Leftist Trick

Black Christian Conservative Republican Lloyd Marcus here. I call upon all my fellow Christians not to abandon our brother Roy Moore who is running for US Senate Alabama. Right before the election, 40 year old sexual misconduct allegations have come out against Judge Moore which he has denied.

Judge Moore is hated by Leftists and establishment Republicans because he is an outspoken character driven Christian conservative; a faithful courageous defender of our Constitution, principles and values which have made America great. Moore elected to the US Senate would be extremely helpful to Trump draining-the-swamp and making America great again.

Judge Moore's unwavering commitment to biblical morals and support of Trump's agenda makes Moore the last person fake

news media, Hollywood, democrats and RINO Republicans want to see in the US Senate.

Therefore, it is not surprising that Leftists and RINOs are clamoring for Moore to drop out of the race; claiming Moore is morally unfit to serve. These same people told us president Bill Clinton having an intern perform oral sex on him in the White House was none of our business. To defend Clinton, Leftists threw all men under the bus by claiming any man in a powerful position would say yes to sex with a starry-eyed young woman. Their narrative was particularly offensive to me because my dad and brother were men in powerful positions. Dad was the pastor of a large congregation and my brother was commissioner of a kids football league. Neither of them would mimic president [Clinton's adulterous philandering, sexual harassment](#) and sexual assaults

Leftists sold America their lie that president Clinton's serial adultery was no big deal. Sexual immorality was the acceptable new normal for men in power (if they were democrats). Now, these same people who circled the wagons to protect Clinton are pounding on Moore's political door with axes and pitchforks, demanding that he get out of the race over unfounded 40 year old allegations.

But what if the 40 year old allegations against Judge Moore are true. Judge Moore became a Christian several years ago. His consistent behavior, standing up for religious liberty and freedom strongly suggest his conversion to Christianity was real. 2 Corinthians 5:17 says *"If any man be in Christ, he is a new creature. Old things have passed away; behold all things have become new."* In other words, when Moore put his trust in Jesus and repented of his sinful life, Moore became a new man.

[Before his encounter with Christ, the Apostle Paul was a bad man who killed Christians.](#) 40 years before God used Moses to lead his people out of Egypt, Moses murdered a man. The Bible says *"all have sinned and come short of the glory of God"*

(Romans 3:23). After becoming new people via their new birth in Christ, God has used everyone from former prostitutes to murderers in extraordinary ways. So how on earth can any Christian join Leftists in deeming our brother in Christ, Roy Moore, morally unfit to serve today based on 40 year old unfounded allegations?

It is pretty obnoxious watching the same people (Leftists) who seek to [normalize and legalize every conceivable sexual perversion](#) trying to disqualify Moore on moral grounds. As Rush Limbaugh has stated on numerous occasions, Leftists view sexual misconduct as resume enhancement for democrat politicians.

Check out the glaring hypocrisy. Leftists are calling for Moore's political head on a platter. And yet, they gave the following democrats, for the most part, a pass for their sexual misconduct; Anthony Weiner, Eliot Spitzer, David Wu, Kwame Kilpatrick, John Edwards, Bill Clinton, David Paterson, Antonio Villaraigosa, Marc Dann, Paul J. Morrison, Gary Condit, Tim Mahoney, Roosevelt Dobbins, Neil Goldschmidt, Jim McGreevey, Bob Wise, Paul E. Patton, Mel Reynolds, Brock Adams, Chuck Robb, Gavin Newsom, Sam Adams and Barney Frank. Fake news media did not collectively declare that the [sexual misconduct of these democrats](#) made them unfit to serve.

By the way, Barney Frank's boyfriend ran a prostitution business from Frank's home. Were there serious calls for Frank to resign? Nope.

This attack on Moore's morals (right before the election) is a dirty trick to get a rock solid bold, brave and courageous Conservative warrior out of the arena. My fellow Christians, please do not fall for it.

Old School Heroes And Sports Media

While watching game 6 of the 2017 World Series on TV, I thought about Baltimore Orioles Hall of Fame third baseman Brooks Robinson. I called up Brooks' highlights on Youtube. There are several tributes to Brooks on Youtube. Each acknowledged that Brooks was not only a remarkable player, but a great, humble man of character. To my surprise, I welled up, becoming emotional. Why? I do not know.

I remembered my cousin Ray who lived in walking distance from Memorial Stadium taking me to my first baseball game. I was around 9 or 10. Ray was a year older. In those days, a general admission seat was a dollar and change. I vividly remember walking through the upper deck tunnel to see that huge awesome flawless green field. I was blown away. Ray knew stats of each player and taught me proper fan behavior.

Perhaps, the reason I got emotional while watching tributes to Brooks Robinson is because he was someone Ray and I (black kids) looked up to and wanted to be like; a hero on and off the field; a good guy. Expecting pro athletes of today to be positive role models sounds as corny as Norman Rockwell

paintings; ghosts of a long forgotten America. By the way, Norman Rockwell actually did a painting [honoring Brooks Robinson](#).

I am sure there are great character driven people in pro sports today. Former NFL coach Tony Dungy immediately comes to mind. However, more and more, they are becoming the exception rather than the norm. Sports media is repulsed by athletes who express traditional American values, insidiously portraying them as weird; out of touch with the mainstream.

Leftist haters of God and country who dominate media continue to praise players for disrespecting America by taking a knee during our National Anthem. These are the same people who relentlessly excoriated Tim Tebow for taking a knee in humility and respect for God.

Leftist media demeaned black pro quarterback Russell Wilson for honoring his Christian faith. Wilson said he and [his girlfriend would wait to their wedding](#) night to have sex.

A huge destructive problem devastating black America is [out-of-wedlock births and fatherless households](#). This behavior feeds a cycle of poverty, epidemic school dropouts, gangs, black on black homicides and incarceration. In a sane America, Wilson would be celebrated as a positive role model for black youths. Leftist media which claims to be superior advocates for social justice trashed Wilson; accusing Wilson of not behaving authentic to his blackness.

Leftist sports media trashed black pro quarterback Robert Griffin III for not acting black enough, calling him a "[cornball brother](#)". Leftist sports media said Wilson and Griffin's blackness is not reflected enough in their speech, dress and behavior. Well folks, how racist is that?

So to be authentically black in the eyes of Leftist sports media, black athletes must include "yo" in their speech, wear their pants below their butts, resent whitey and hate cops.

As a black American, it has always puzzled me why my fellow blacks are not offended by Leftists dictating how we are allowed to behave. Whites are free to enjoy whatever foods or music they please. But a black who prefers sushi over fried chicken, country music over rap music and votes Republican rather than Democrat is deemed a traitor to their blackness by Leftists. Leftists are the ones obsessed with keeping blacks in their little black box of acceptable black behavior.

As young Orioles fans, my cousin Ray and I also loved Frank Robinson, Eddie Murray, Cal Ripken and Paul Blair. On numerous occasions, Ray and I walked home thrilled after seeing Frank Robinson or Eddie Murray hit the game winning home-run, bottom of the ninth with two outs.

At the crack of the bat, center fielder Paul Blair would immediately turn and dash to the fence. Then, Paul would turn back around, leap into the air and catch the ball, robbing the hitter of a home-run. Absolutely thrilling.

Cal Ripken was nicknamed, "Iron Man" for his tremendous work ethic, excellence and never missing a game. I remember the night Cal played his 2,131st consecutive game, breaking Lou Gehrig's consecutive game record. Talk about a corny unbelievable movie script, Cal also hit a home-run that night. Fans cheered so long, Cal was forced out of the dugout by teammates. [Cal trotted a lap around the field in thanks to the fans.](#) It was magical. Cal's streak ended with him playing 2,632 consecutive games.

I believe fans subconsciously thought of Cal Ripken as the last of his kind, marking the end of an era of sports role models for their kids to look up to. America's cultural decline has been dramatic and consistent. Leftist media laughs at and demeans old school character driven sports heroes.

To be celebrated and highly respected by sports media today, an athlete must announce that they're homosexual or put on a

dress to win the ESPN award or kneel during our national anthem. Pro athletes are role models who have launched a national movement, inspiring youths to hate police and their country.

My cousin Ray passed away this year, 2017.

By electing Trump, middle America is saying we miss our old-school America in which character and doing the right thing matters and is celebrated and respected. Restoring traditional principles and values will make our country great again for all Americans.

My dad had his picture taken with Brooks Robinson. The extremely excited look on Dad's face says it all.

Why The Anti-Trump "Resistance" Is So Relentless

I revisited election night videos on youtube of Leftists' tearful [meltdowns in response to Trump](#) defeating Hillary.

Their panic, outrage and hatred for Trump was over-the-top; truly amazing. I questioned, why was it so intense?

I am a black Christian conservative. Trump is not ideological. Still, I thought Trump leaned more in Leftists' camp than in mine. I viewed Trump as a businessman, busy pursuing his American dream, not concerned with the war between liberals and conservatives. Trump simply saw Obama making bad deals for America and knew he could do better. Trump was not overly concerned with social issues, but knew it was weird that Americans were no longer permitted to say, "[Merry Christmas!](#)" So Trump decided to get into the presidential race. Political elites and fake news media thought the idea of Donald J. Trump in the White House was the joke of the century.

And where on earth did Trump come up with his cornball, obviously un-poll tested, campaign phrase, "Make America great again"? Due to public schools teaching distortions and lies about American history, Leftists are obsessed with [bringing down our country from her throne as the world power](#). This is why Trump proclaiming his desire to "make America great again" repulsed and enraged Leftists. Leftists have flooded fake news media with their absurd despicable lie that "make America great again" is code for white supremacy, social injustice, cops free to murder blacks, destroying the planet and so on.

Dethroning America is Leftists' number one priority. The second most important thing in the world to Leftists appears to be sex and transforming America into a culture in which anything goes sexually. Leftists have been using government to force sexual deviancy down our throats. You cannot turn on TV without being slapped in the face with various forms of sexual deviancy. We have been trained not to complain about it if we know what is good for us.

Third on Leftists' list of priorities is having as many Americans as possible [kill their babies to save the planet](#).

Obama championed Leftists' sexual transformation of America. Under Obama, some states made homosexual conversion therapy illegal. Pedophilia is deemed a sexual orientation, thereby making therapy to cure it illegal. Ponder that, folks. Leftists are making it illegal for a therapist to attempt to cure [their patient of being sexually attracted to children](#).

Guys who wake up feeling like a woman are legally permitted to use women restrooms. Anyone who objects to this insanity is gang assaulted by Leftists, branded a hater. Recently, a man dressed as a woman was sentenced to 70 years in jail for [molesting a 10 year old girl in a restroom](#). During Obama's reign, elementary public school teachers were ordered to no longer address students as boys and girls because gender distinctions are [bigoted and insensitive to transgenders](#).

Obama lit the White House in rainbow colored lights in celebration of [government forced dismantling of marriage](#). This opened the flood gates for whatever conceivable arrangement to be legally deemed marriage. Fathers are marrying their daughters; [people are marrying animals](#), marrying themselves and marrying inanimate objects. Welcome to Leftists' new politically protected wild wild west of American sexuality.

Celebrating in the streets, Leftists knew their sexual transformation of America was on a roll making tremendous headway. Polls said Hillary would win in a landslide. Leftists gleefully anticipated Hillary continuing to implement their no-sexual-holds-barred America.

To Leftists' shock and horror, Trump won!

Upon Trump winning the election, Leftists immediately launched their narrative (lie) that Trump is Hitler reborn? Is Leftists' insane rage over Americans awarding Trump the key to the Oval Office mostly about sex? Absolutely.

I believe at the core of Leftists' sexual idolatry is a spirit

of anti-Christ. In a nutshell, Leftists hate Jesus for proclaiming himself the only way to heaven. [This is why Obama led Leftists' war on Christianity.](#)

Now before you call me paranoid for claiming Leftists have a gerbil up their derrieres against Christians, please answer this question. Leftists are obsessed with promoting homosexuality. So why are Leftists such passionate defenders of Islam which calls for executing homosexuals? Christians tell homosexuals that they love them, but cannot approve of their lifestyle. Isn't it logical that Leftists would demonize Muslims rather than Christians?

Another thing that has me scratching my head is Leftist women like Kim Kardashian, Rosie O'Donnell and Madonna who defend Islam while trashing Christianity. [Muslims suppress women;](#) rapes, beatings and executions for disobedience.

Leftist female celebs who praise Islam could not be who they are, flashing their derrieres all over the place, if Sharia became the law of the land in America. And yet, these Hollywood and media women love Islam and hate Christians.

Trump's vow to restore religious liberty has Leftists petrified that he will put the brakes on and roll back their government forced sexual transformation of America. In essence, Leftists have put a political contract on Trump's head. He must be stopped at any and all cost.

Everyday Americans Betrayed By George W. Bush

As a precinct chairman, I walked neighborhoods in the blazing Florida sun, heat and humidity; sweating like crazy, campaigning for George W. Bush. I hated knocking on stranger's doors, but I did it anyway.

Hearing Bush include "white supremacy" in his [trash-Trump-speech was horrifying](#); extremely disappointing. Why on earth would a former Republican president play along with America-hating Leftists? President Bush gave credibility to the despicable Leftist's lie that white supremacy is such a big problem in our country that he had to denounce it in his speech. There are barely enough white supremacists in America to fill a phone booth. And yet, Bush joined Leftists in dissing and lying on Trump supporters by inferring that they are a bunch of bigots.

President Bush that was a horrible thing to do. Despite my best efforts to educate my black relatives to the truth that [Trump is not a racist and is actually helping blacks](#), young family members firmly believe Trump and his white supremacist voters hate them.

President Bush, haven't you been watching the news; witnessing the devastating consequences of the Leftists' lie which claims white supremacists are running the country since Trump was elected? President Bush, cops are being assassinated. Trump supporters are physically assaulted. The NFL is absurdly discussing launching a [white-cops-stop-murdering-blacks](#) month.

White guilt and fear has caused politicians to allow paid George Soros thugs to drag down historical monuments in the name of social justice. Soros has spent \$18 billion hiring operatives to bring down America via racial division, hate, destruction of property and violence in our streets.
<http://bit.ly/2xLCsUC>

Eighteen billion dollars buys tons of political mercenaries. Soros' paid army of anarchists probably far outnumber the handful of white supremacists in America. Soros' Antifa is planning a Nov. 4th civil war to [overthrow the Trump Administration](#). We are hearing talk of an impending race war. The last thing our country needs is a former president joining Leftists in promoting their lie that hate America groups have a legit beef. America is the greatest land of opportunity on the planet for all who choose to go for it. Anything else is an evil lie.

I get it President Bush. You hate Trump. You and your Washington DC establishment elites are still fuming that a commoner, an everyday Joe like Trump kicked ya'll butts; winning the White House. I suspect it was pretty humiliating seeing Trump who in comparison spent a nickle on his presidential campaign defeat your brother Jeb [who spent \\$130 million](#).

But President Bush, how could you throw our country under the bus by furthering Leftists' lie which has ignited racial division, hate and violence? Read my lips, white supremacy is not an issue in America! President Bush, by furthering Leftists' Trump-voters-are-racist narrative you have placed cops and white American lives at risk. Are you so out of touch with real America that you do not realize the evil and dire consequences of furthering Leftists' bogus narrative about Trump, cops and his supporters? Or, have you and your establishment buddies joined Leftists in deeming national race relations and American lives acceptable collateral damage in your demented quest to get Trump out of the Oval Office. Wow!

With America's airways filled with talking heads badgering everyday Americans about how much black lives matter, Washington elites and Leftists are sacrificing black lives in their [vendetta against Trump](#). By falsely portraying Trump supporters and cops as threats to black lives, Washington elites and Leftists are ignoring the elephants in the room of [black on black homicide](#) and [disproportionate black abortions](#).

While spreading their fake concerns for social justice and racial equality, Washington elites and Leftists refuse to tackle real issues plaguing American blacks. Leftists seek to destroy anyone who suggest common sense changes blacks can make to help themselves. Blacks are mere useful idiots in Washington elite's and Leftists' mission to kick Trump out of the White House.

President Bush, I campaigned hard for you. You truly disappoint me bro.

NAACP Attacking Jerry Jones Confirms Betrayal Of Its People

As a black proud American, I was repulsed learning that the NAACP sent out a press release accusing Dallas Cowboys owner Jerry Jones of violating his players free speech rights. In a nutshell, Jones told his employees, [if you don't stand for our national anthem](#), your derriere will ride the bench I say, *"Right on bro, it's about time!"*

The NAACP is scum, betrayers of its people. Their attack on Jerry Jones is another example of the far-left bitter hate group throwing absurd excrement against the wall, believing their fake news media homeys will make it stick. Sadly, the NAACP sold its soul to liberalism many moons ago, abandoning its mission of empowering blacks.

I will go as far as to say the once great civil rights organization has become anti-black empowerment. Before you call me crazy, please hear me out.

Back in the days of Dr Martin Luther King, Jr, the NAACP was a class act. Participants in NAACP rallies, protests and events were required to be sober, clean and well behaved. As a kid, I was blown away by the eloquence of Dr King whenever he spoke on TV. I thought, *"Oh, how I wish I could speak like that."* I was proud that Dr King was our guy, representing us, black Americans, on the national stage. Blacks instinctively knew Dr King and the NAACP stood for black excellence. We were reasonably requesting equal opportunity to pursue and achieve our American dreams.

Oh how the modern civil rights movement as fallen. Dr King would be appalled that the movement for which he sacrificed his life has made thugs/criminals, Trayvon Martin, Micheal

Brown and Freddie Gray civil-rights heroes, household names; representing our people. Black teacher, Colby Burnett took the top prize in Jeopardy's Tournament of Champions. With the epidemic of black school dropouts why hasn't the NAACP, the Congressional Black Caucus, Leftist black leaders and their fake news media buddies pushed to make Colby Burnett a household name?

The modern civil-rights cartel does not care about Colby Burnett because a black man hitting the books, making right choices and achieving success does not fit their America sucks for blacks lie. Mr Burnett does not move Leftists' transformation of America ball forward.

The Alabama State marching band spelled "Trayvon" on the field [during their halftime show](#). Black students would have been better served had the band spelled "Colby" on the field, the name of the Jeopardy Champion.

Somewhere along the way, the NAACP lost its way, becoming about exploiting their people to get paid. Did the NAACP, Jesse Jackson, Al Sharpton and other black civil rights leaders meet in a smoke-filled room with America hating Leftists? *"Look guys, keep your people believing they are victims of an forever racist America, hating cops, hating conservatives, hating the rich, hating Republicans, addicted to government dependency and loyally voting for democrats. We will pay you."*

Leftists have paid black hate America groups over a hundred million dollars to incite racial division, [violence and chaos in our streets](#). The NAACP has morphed from black activism into operatives of Liberalism. Rewarded with money and political power, the NAACP has a vested interest in blocking real black empowerment. This is why the black civil right cartel seeks to destroy conservative and Republican blacks who achieved their American dream without kissing the ring of Leftists.

Blacks unknowingly assumed Obama was their black president. In reality, Obama was first and foremost a Leftist, committed to implementing the Leftist agenda against the best interest of black Americans.

For example. Leftists hate business. Obama implemented thousands of new job-killing overreaching [government regulations rooted in Liberalism](#). Obama's regulations sent black unemployment through the roof. [Blacks actually moved economically backwards](#) under Obama.

Leftists [hate having babies](#) because they believe childbirth harms the planet. Obama and the democrats are huge advocates for Planned Parenthood. [PP was founded on racism](#) to reign in black births. Most PP chop shops (79%) are in [black and Latino neighborhoods](#).

[Blacks are aborting themselves into extinction](#). A black pastor revealed that [1,800 black babies are killed daily](#) via abortion. Why aren't the Black Lives Matter people screaming about this massacre? A pro-life group sponsored a billboard in a black neighborhood which read, "[The most dangerous place for an African American is in the womb](#)." Guess who was outraged and demanded that the billboard be removed? Al [Sharpton on behalf of the civil-rights cartel](#).

It is not surprising that the NAACP did not do the right thing; advise black NFL players to respect their country, their fans and their employer who has made them wealthy. That is what I believe MLK would mentor players to do. The NAACP does not have the NFL protesters' best interest at heart. The NAACP views the NFL protesters as useful idiots, offering them an opportunity to further Leftists' anti-football, anti-Trump and anti-America agenda.

I place the NAACP atop my list of Black Betrayers. These blacks have forgotten where they came from; abandoning their mission of black empowerment for mammon and approving pats on

the head from Leftists. Truly unfortunate.

Invasion Of Leftist Body Snatchers

My biggest frustration is seeing conservative/Christian family members and friends overtaken by liberalism. I think it happens when they're alone in the dark sleeping. Liberalism takes over their body like in that movie, "Invasion of the Body Snatchers." One morning they awake saying, "*The second amendment is outdated. Jesus approves homosexual marriage. Historical monuments hurt black lives. Rich successful Americans must be punished.*"

Family members and friends who suddenly embrace the dark side believe they are simply being fair. Fake news media, Hollywood, Democrats and public education pounds them daily with lies about how mean and unfair America is to blacks, women, illegals, the poor and so on. Conservatives/Christians are being suckered into believing various groups are victimized daily by America's racism, sexism and white

privilege.

In truth, us everyday Americans are the real victims. We're the ones minding our own business, daily attacked by Leftist hit squads. Everyday Leftists seek to undermine or tear down another of our principles, values, traditions and institutions.

[Leftists have launched wars on Christmas, Easter, Christianity, patriotism](#), our founding fathers, marriage, having babies, the Constitution, pro-football, traditional families, [masculinity, femininity and gender distinction](#). Leftists use their fake news media bullies and political homeys to force their agenda down our throats, while portraying themselves as victims of aggression from us mean intolerant everyday Americans.

The Catholic order of nuns, Little Sisters of the Poor, were minding their own business, serving the sick and dying for 100 years. Obama pounded on their door demanding that the [nuns fund abortions against their religious convictions](#). Leftist infiltrators are Trojan Horses seeking entry to destroy or transform our institutions into ungodly cesspools of debauchery.

Remember the biblical account of the sodomites banging on Lot's door demanding that he send out the angels to be raped by them? (Genesis 19: 1-16) Homosexual activists are banging on the doors of churches, Christian businesses, public schools and Christian organizations like the Boy Scouts of America. They are not simply seeking entry, they have been in these places for decades. Homosexuals are stealthily demanding enthusiastic approval of their lifestyle.

What sticks in my craw is homosexual activists being allowed to blatantly deceive and bully the American people. They say they only desire tolerance. They are lying. I don't know about you, but I have loved and tolerated homosexual family and

friends all my life. But that is no longer good enough. The homosexual movement is demanding that we approve of their lifestyle against the Bible.

Anything less than full approval of the LGBT lifestyle is called bigotry, punishable by public humiliation and economic death.

Leftists/fake news media even forbids us to publicly state the [epidemic of anal cancer among homosexual men](#). We cannot talk about how a large percentage of [transgenders regret their surgery](#). We are so bullied by homosexual activists that they will seek to brand me a hater for daring to mention these two studies. And yet, Leftists have successfully convinced many conservatives/Christians that homosexuals are the victims under attack from us.

I just want folks to realize we are not the aggressors. We are the ones attacked everyday.

Hearing conservative/Christian associates suddenly parroting Leftists narratives is shocking and disheartening. At the end of the "Invasion of the Body Snatchers" movie, Donald Sutherland looked normal. But then, he let out a chilling scream letting the audience know his body had been taken over by aliens. I felt a similar chill watching football with a relative who is a huge football fan. He coached and loved football for decades. Shockingly, he said football should be banned because it is too dangerous. I thought, *"Oh my gosh, they got him! His brain has been taken over by Leftist sports media."* I asked him if we should ban all dangerous sports. He did not reply. He also said NFL players are heroes for protesting our national anthem.

Following Obama's [8 years of attacking Christianity](#) and undermining American exceptionalism, Leftists assumed Hillary would easily win the White House. Hillary in the big chair would seal-the-deal for Leftists to complete their

transformation of America into their socialist/progressive, anti-Christian and anti-American dream.

Since the election of Trump, infuriated Leftists have launched a campaign to rip our country apart. Domestic terrorists are physically [attacking whites, cops and Trump voters](#). Leftist celebrities are hosting protest rallies, attacking our president, principles, values and institutions. While ignoring the epidemic of black on black homicides, Leftists are assassinating cops and demanding that we [tear down historical monuments](#). Leftist college professors are [advocating violence against anyone expressing conservative values](#).

Ask yourselves folks, are you responsible for all the hate, unrest and chaos in our streets today? No, you are not. You are working to pay your taxes, taking the kids to soccer and minding your own business. Meanwhile, Leftists are accusing you of being insensitive, intolerant and mean. It is all a scam folks. My fellow Americans, you are being played. Sleep with one eye open, lest Liberalism snatches your brain in the dark.

Congressional Black Caucus Prayer Breakfast: The Great Black Deception

Flipping through my TV channels, I stumbled upon the 2017 Congressional Black Caucus Annual Prayer Breakfast on The Word Network; the world's largest black religious channel. This year's theme was, "And Still I Rise".

Folks, I thought, *"Oh my gosh, these people have no shame."* This breakfast was all about exploiting black's Christian heritage to deceive them for the purpose of furthering Leftists' anti-Christian agenda. Every musical performance praised Jesus. Leftists despise Jesus, [aggressively seeking to ban the God of Christianity](#) from the public square. Several of the all democrat speakers quoted the Bible to strengthen their political deceptions. The truth is quoting the Bible is as repulsive to Leftists as showing Dracula the cross.

I thought, does anyone in that hall know [Obama led Leftists' war on Christianity](#), making him the most anti-Christian president in U.S. history? Do y'all know the 2017 Women's March and Trump resisters whom you've praised at [this breakfast seek to continue the Leftists' war on Christianity](#)?

The CBC Prayer Breakfast had nothing to do with Jesus or spreading His Love. Quite the opposite. It was about spreading hate for police, strengthening the Trump resistance and strengthening black's bogus belief that they are victims in America. The breakfast was also about despicably instilling hate and fear to register new democrat voters.

Oh how I wish I could grab my fellow black Americans by their collar and slap them into reality. America is the greatest land of opportunity on this planet for all who choose to go for it. Forget the democrats/Leftists' victim nonsense and

pursue your dreams.

My 89 year old black dad was extremely active in the early civil rights movement. As a kid, I accompanied Dad to the 1963 March on Washington at which Dr Martin Luther King, Jr gave his remarkable, "I Have A Dream" speech. The modern civil rights movement has abandoned the vision of unity articulated by Dr King in his speech, "*I have a dream that one day right there in Alabama little black boys and little black girls will be able to join hands with little white boys and white girls as sisters and brothers.*" Oh how the civil rights movement has fallen.

Though opposed by his peers, Dr King stood firm on the principle of non-violent activism. Today, democrats praise violent hate groups Antifa and Black Lives Matter. Obama honored Black Lives Matter at the White House. You have not heard a single word of criticism from the CBC against [Black Lives Matter calling for the killing of cops](#) and whites.

Dad pressured/shamed me and my four younger siblings into voting and joining the NAACP. Dad said, "*A lot of folks suffered and died to give y'all the right to vote.*"

As a young man in the 1970s, I joined the NAACP. Upon attending my first meeting, I thought, "*What is wrong with these people?*" It felt like I stepped back into 1950. The vibe was depressing. I was surrounded by long faced blacks singing, "We Shall Over Come." I commented to Dad that the meeting felt like I walked through a time warp into days of black misery. Dad chuckled.

I was a young black man enjoying the fruits of Dad and his fellow civil rights activist's labors. I attended the mostly white Maryland Institute College of Art on scholarships. I was the first black graphic designer employed at WJZ-TV, ABC affiliate in Baltimore. Life was good. But the folks at the NAACP meeting were sad, depressed and angry; acting as though

black slavery was alive and well in America.

Watching the 2017 CBC Prayer Breakfast, I witnessed the same absurd lie that America is still a hellhole of racism for blacks. The “And Still I Rise” theme means blacks stand strong despite being persecuted daily in America.

All that hate promoted at the Congressional Black Caucus Prayer Breakfast was insidiously shrouded in Christianity. As a Christian, I found the so-called “prayer breakfast” a sad evil deception.

As a black American, in the name of my Lord and Savior Jesus Christ, I command Leftists to, “Let my people go!”

Things I Say That Make Some Conservatives Nervous

A friend of Rush Limbaugh thought it was a mistake for Trump to condemn NFL players for taking a knee during our national Anthem because there are more pressing issues warranting

Trump's attention. Rush told his friend the NFL issue is important because it is another attack in Leftists' war on our culture which no one is addressing. I thought, "*Amen brother!*"

As a Christian black conservative political activist, I traveled all over America for several years working to elect conservatives in house and senate races. Fellow conservatives always got nervous when I wrote articles about cultural issues.

While campaigning for a Republican candidate in Wisconsin, I met a little old lady who was extremely passionate about abortion. She sounded the alarm that over 3,000 babies are killed everyday in America via abortion. Some of my colleagues called her the wacko abortion lady. Addressing or talking about cultural issues was not cool.

Remember those shocking undercover videos exposing that Planned Parenthood was illegally running a dead baby chop-shop selling body parts? A senior PP executive was caught on video laughing about how she wanted to buy a Lamborghini. The executive asked surgeons, if possible, to keep the baby intact during the abortion because [intact babies and intact baby heads sell at premium prices.](#)

When my wife Mary posted the videos on facebook revealing the horrors hidden behind the walls of Planned Parenthood, she was verbally attacked by young girls. Mary was sad reading the girls' comments. They angrily defended PP while expressing their cold hardhearted attitudes about killing innocent babies. And yet, these same girls would be outraged and demand prosecution of anyone caught harming a puppy. This is the dire consequence of allowing Leftists to instill their war on the unborn and war on our culture into our kids.

Writing articles about how homosexual activists are bullying everyone into submission was another cultural issue that made my conservative homeys uncomfortable. "*We love you Lloyd, but*

please don't go there. Leftists will brand you an extremist hater. We might have to dissociate ourselves from you." Shamefully, I wimped out and backed off the issue.

But as hard as I tried, I could not stay silent. I had to sound the alarm about homosexual activists targeting Christian businesses for destruction. Christians Aaron and Melissa Klein owned a small bakery titled, Sweet Cakes by Melissa. They had been gladly serving their lesbian customer for years. But when the lesbian asked them to bake the wedding cake for her marriage to a woman, the Kleins respectfully declined. The Kleins said they would be happy to bake her a cake, but not a wedding cake because it goes against their religious convictions.

Why didn't the lesbian respect the Klein's religion and simply have her cake baked by the ga-zillion bakers out there willing to do so? But no, the full weight, anger and aggression of the American Left descended upon the Kleins, forcing them out of business. The Kleins are a young couple with five kids. The Kleins were court ordered to pay the lesbian couple \$135,000 in damages. The supposed damages included absurd claims such as the [Kleins caused the lesbian couple to smoke and gain weight.](#)

Now get this folks. Christians across America started an online funding page to pay the Kleins \$135,000 fine. Leftist activists forced the website hosting the fundraiser to close down the Klein's page. Clearly, Leftists' attack on the Kleins was not about taking care of the lesbian couple. The \$135,000 fine was about punishing the Kleins and driving them out of business, winning another battle in the culture war. Leftists wanted to send the message to Christians that if they choose to stand up for their God rather than kneel in worship to the god of liberalism they will be destroyed.

Ask yourself. Why do Leftist activists never approach Muslim businesses to provide cakes, flowers and so on for homosexual

weddings. Islam calls for the beheading of homosexuals. And yet, Leftists demand that we respect Islam while they relentlessly attack Christians. Obviously, Leftists have a serious bug up their derrieres against Christianity.

I wanted to organize a rally in support of the Kleins. Again, conservatives were fearful, *“Don’t do that Lloyd. Mainstream media will brand your rally a hate event.”*

I realize this quote by Edmond Burke is over used, but it is so true. *“All that is needed for evil to prosper is for good men to do nothing.”*

Trump scored a huge victory in the culture war by appointing Betsy DeVos Secretary of Education. For decades, Leftists have demanded and enjoyed total access to our kids to mold and shape them into their anti-God and anti-American image. DeVos is all about restoring parental rights in choosing schools for their kids. Leftists are literally out of their minds with rage against DeVos.

In my travels across America, I could easily identify home-schooled kids. They were calmer, brighter, smarter, happy and they looked me in the eye. [Leftists are relentlessly seeking to make homeschooling illegal.](#)

In silence, we witness America’s cultural rot every day. Most Americans are afraid to speak publicly about it. The late Mary Kay Ash said the *“Speed of the leader is the speed of the gang.”* Trump’s leadership, throwing his hat into the culture war is a powerful step in the right direction. Hopefully more Americans will feel emboldened to stand up to Leftist bullies in defense of God, family and country.

Leftists Despicably Use Vegas Massacre For Agenda

It has always bugged me how fake news media helps Leftists portray themselves morally superior, more caring and compassionate than the rest of us. The dirty little secret is Leftists are cold and calculating only caring about implementing their socialist/progressive, anti-God and anti-American agenda. In plain words, Leftists do not give a rat's derriere about who gets hurt or dies as long as it helps their mission to transform America. Leftists' ultimate goal is to get rid of the Constitution, giving government power to control every aspect of our lives, dictating how we are allowed to behave. Thus, you can understand why Leftists seize every opportunity to move the ball towards their goal.

Here are just a few examples of Leftists saying screw the truth, logic, facts and negative effects on peoples' lives. Leftists' are laser-focused, using every weather catastrophe, accident, tragedy and political issue to further their agenda.

The Vegas Massacre:

Despicably, Leftists immediately exploited the Vegas massacre to further their mission to disarm law abiding citizens, undermining our 2nd Amendment right. What part of criminals-do-not-obey-gun-laws do Leftists not understand?

The shooter, Steven Paddock, broke every gun law. Therefore, tougher gun laws would not have stopped him. Cities with the toughest gun laws have the highest murder rates. [Crime is lower in states where citizens are packin'](#). It has always puzzled me why Leftist feminists are so anti-gun. If my wife is approached by a mugger in a dark parking lot, I want her armed with a gun, the perfect equalizer.

Outrageously, Leftists inferred that the murdered country music fans at the Vegas concert deserved to die because they were probably [gun owners and Trump supporters](#). Imagine the 24/7 media firestorm Leftists would launch had a conservative made a similar comment about murdered hip-hop concert goers and Obama supporters. Clearly, Leftists/fake news media believe the lives of people who disagree with them do not matter.

The Homosexual Night Club Massacre in Orlando:

Leftists exploited the night club massacre to further their homosexual agenda. The shooter had ties to Islam. Insidiously, Leftists attacked Christians and gun owners, blaming them for the deaths. Leftists said everyone who opposes homosexual marriage is responsible for the massacre. Leftists said everyone who is against men using girl's restrooms is complicit in the mass murder. Leftists' message was you had better embrace the rainbow symbol or we will brand you a rabid hater who supports murdering homosexuals.

The Michael Brown "Hands Up Don't Shoot" Lie:

This lie by far is Leftists' most satanically evil attack on human lives; [our brave men and women in blue](#). Evidence confirmed and the grand jury concluded that Brown was shot while reaching inside the police car attempting to take the officer's gun. [Brown's blood was found inside the police car](#). Brown was not shot while surrendering with his hands up. And yet, this lie which has led to police being ambushed and

assassinated across America continues to be promoted by Leftists.

I could not believe my eyes watching the Grammy Awards feature a huge musical production number based on the “hands up don’t shot” lie. The Leftist producers of the awards TV show intentional infected millions of black youth’s minds with victimhood-ism and hatred for America’s police. Why? To further Leftists’ goal of the federal government taking control of every state’s police department.

Issues Plaguing Black America:

With blacks murdering each other in record numbers in urban cities controlled by democrats, [why are Leftists outraged whenever anyone sincerely addresses this issue?](#) Black lives only matter to Leftists in the furtherance of their agenda. Blacks are aborting themselves into extinction. Orchestrating America’s black genocide is Leftists’ [Planned Parenthood which targets black babies](#). Leftists want as many babies aborted as possible to “save the planet.” Leftists attack any talk of blacks pulling themselves up by their boot straps. They need blacks suffering, viewing themselves as victims of an eternally racist America.

Democrat policies destroyed the black family which is the source of the [problems plaguing black communities](#). And yet, Leftists have coned blacks into believing their only shield against racism is loyally voting for Democrats. Consequently, blacks are suffering more in urban cities than they were when I lived in the Baltimore projects 50 years ago. Black seniors terrorized by thugs are locking themselves in their homes. Far too many black youths are having babies out-of-wedlock, dropping out of school and murdering each other.

Leftists seek to destroy self-reliant extremely successful blacks because they want to keep blacks dependent on government. Isn’t it strange that Leftists hate black Supreme

Court Justice Clarence Thomas, black businessman extraordinaire Herman Cain and black retired neurosurgeon Dr Ben Carson?

The blacks I named undermine Leftists' lie that blacks cannot succeed without lowered standards, special concessions and government intervention. Justice Thomas, Cain and Dr Carson achieved success competing with whites as equals. These blacks achieved success the old-fashioned way. They earned it. Do Leftists really care about black lives? Absolutely not.

Leftists view everything and everyone through a lens of exploitation to further their agenda.

It was easily predictable that Hillary would exploit the Vegas massacre to further Leftists' gun grab. She politicized the massacre while cautioning gun owners not to politicize the massacre. Using her evil forked tongue, Hillary demanded more gun controls, ignoring the fact that no gun law would have stopped the shooter. In typical Leftist fashion, Hillary played on peoples' emotions to overrule the Constitution to end American's right to bear arms. Thank God this despicable Leftist zealot is not our president.

This is how Leftists roll folks. This is how they roll.

Black Fan Turns Off NFL

Saturday night working in my wood shop, I heard a reporter on the radio say, *"Trump has found someone else to pick a fight with, the NFL."* Clearly, the reporter wanted listeners to believe Trump was the bad guy. And yet, fake news media swears their reporting is not biased.

Leftists are outraged because Trump said, *"The NFL should fire or suspend players who kneel during our national anthem."* I totally agree with our president. I suspect a majority of Americans also agree. Strictly from a common sense business point of view, shouldn't team owners stop their players from doing things that turn off football fans? America and football fans have been extremely good to these spoiled brat wealthy players. Pro athletes live lives far above most Americans in terms of finances, power and influence. Fans do not deserve pro athletes slapping us in the face.

My immediate response to Trump's recommendation to the NFL was, *"Amen brother! Thank God for Donald Trump!"* Folks, I am so sick of wimpy politicians. More and more our country is turning into a bizarro-world in which politicians are terrified of offending Leftists, scrambling to meet their absurd demands. Trump is a straight-talkin' real man with backbone; a long awaited breath of fresh air in the international political arena.

On Sunday, seeing NFL coaches and players in locked arms, protesting Trump for criticizing players who dis our flag was devastating to me as a football fan. We tune in to watch football, not to see players giving our nation their middle finger. By NFL owners, coaches and players saying screw you Trump, I feel like the NFL is saying screw you America and

fans.

I caught the NFL's shameful protest on the Steelers/Bears half time show. I tried to continue watching the game, but my conscience would not allow me to do so. Too many men have suffered and died for our flag to remain flying high. I cannot watch a football league that is supportive of players disrespecting our flag, our country and their fans.

Adding insult to injury, the NFL partnered with fake news media in accusing Trump of being divisive for standing up for our country. See how Leftists operate? They attack our principles, values and traditions. When we push-back defending ourselves, Leftists call us haters and the aggressors.

The politicization of a once Sunday pastime is a prime example of what happens when you allow Leftists aggression to go unchecked. Don't give them an inch. Kaepernick taking a knee during our anthem should have been nipped in the bud, not tolerated. Outrageously, Kaepernick's disrespect for America has spread like a virus via causal contact throughout the entire NFL and beyond.

Leftists are never satisfied. White America has bent over backwards making special concessions for blacks; affirmative action, racial quotas and so on. Blacks are only 12% of the population. It took the votes of millions of white Americans to elect a non-deserving black president for two terms. Have you noticed that every new law, lowered standard or new entitlement is never enough? If I were white, I would say, *"For crying out loud, what do I have to do to make Leftists and blacks stop branding me a racist? What else must whites do to make Kaepernick and his fellow black millionaire football players happy?"*

Have you ever heard the NAACP, Congressional Black Caucus or Black Lives Matter say anything good about white America? No. These racial hate profiteers relentlessly promote their evil

bogus narrative that America is still a hellhole of extreme racism against blacks. Their lie is destroying the NFL.

A relative said though Kaepernick has never suffered racism, he is a hero for standing up for other blacks. I challenge Kaepernick and all his Leftists supporters to tell me where in America are blacks suffering massive racism. Folks, there is no such place. Blacks are not routinely murdered by police. Blacks are routinely [murdering each other in record numbers](#). This is what wealthy high profile black players should be protesting, off the football field.

Like it or not, NFL players are role models. Emulating the pros, [8 year old football players are taking a knee](#) during our National Anthem. Folks, that is a disgrace.

I lost something Sunday. Pro football was something a few liberal black relatives and I enjoyed without getting into our political differences. We would text each other during games about scores, great plays, bad calls and so on. That pleasure has ended.

I am pretty much done with NFL football this season. Thank you president Trump for once again confronting Leftists, standing up for us. You the man!
