

America's Education System Is Under Attack

America used to have a stellar education that was 2nd to none in the world. Today we have 3rd World countries that have better education systems than we have. The 3rd world nation concentrates on math, literature, writing, and all the other important thing in life whereas our system concentrates on pro-nouns and political correctness, and gender studies.

Alternative Energy Is Not The Answer, Part 3

This is how liberals set the basis for control. Create the problem, then claim to have a solution to the problem. More proof as to why democrats should never be allowed to be in charge of anything. This is the path they want us on. Our votes must reverse this trend.

Alternative Energy Is Not The Answer, Part 2

Back in the '60s a guy developed a car that ran on hydrogen, water. Just a few days before he was going to release his findings he was killed and the government removed his test

vehicle and all of his notes. Something happened to Tesla. Who's trying to keep what from the public?

Alternative Energy Is Not The Answer, Part 1

I do not know if you have been paying attention to the conversations about what alternative energy as of late but it is kind of scary. These supposedly educated people have yet to figure out that our alternative sources, solar and wind is simply not enough to reliably replace fossil flues. One thing you must keep in mind is the fact that fossil fuels are stored energy wind and solar are not.

What Happened To America's Education?, Part 3

There was a time when this trash was kept from mainstream but today it seems as if anything goes. A Christian school teacher is suing because she was fired because she refused to us the child preferred pronouns. You have to ask what will the child do when they actually miss a day.

What Happened To America's Education?, Part 2

In a photo shared by Libs of TikTok, there appears to be a drag queen (center) being featured at an elementary school, this being a common ploy these days to slowly introduce children to sexually inappropriate behavior.

What Happened To America's Education?, Part 1

How can a public school allow these kinds of results? How are any of these kids going to even try to get into college? I firmly believe that the cost of a college education today is rarely worth it. Why spend \$100,000 – \$150,000 on an education that teaches nothing? Parents have begun to take back school boards, as they should, so their children will have a chance at a decent education.

America's Way of Life Threatened, Part 2

We have unelected officials setting standards that are completely unattainable at a cost that is prohibitive for results that are not worth the cost. The EPA has set a demand

for all power plants to have carbon capture system to fight the non-existent climate change hoax. The main problem is these capture systems are so expensive that most power plants can not afford them.

America's Way of Life Threatened

Why do we see our government demand to take total control of every part of our life? They want subjects, not a sovereign people. That's why the Democrat Party has linked itself with the United Nations and the World Economic Forum. This is also why they want our guns. Armed people will not voluntarily get into the cattle cars.

America Will Survive, Part 3

Some may scoff at these prophecies but the majority of them were given years before they happened and they have already been fulfilled. I have stated many times in my column that I did not believe that God was done with America and these prophecies confirm that. Liberals have done all they can to bring America down but they are fighting God. They will lose.

America Will Survive, Part 2

All of this is not good news but America has survived a lot worse and we will survive this as well. We are fighters and when someone tries to take away what is ours, we take a stand. Just like during the Revolutionary War, not all stood for our freedom. Only about 15% of the population supported the effort and we won anyway because we were on God's side.

America Will Survive, Part 1

The push to stop climate change is insanity on steroids. In 2008 when the market crashed the consumption of fossil fuels dropped significantly but CO2 still increased. Again, in 2020 when the nation was shut down the use of fossil fuels dropped exponentially yet CO2 still continued to rise. The reason for that is man does not make a significant impact on the CO2 levels.

Communism In America, Part 5

There has been talk about the nationalization of all our industries. That is what Hugo Chavez did in Venezuela when he took power. All industry under government control. The USSR operated that way up until the USSR fell in 1989. What most people do not realize is that JFK set in motion the plan to do just that, in the case of a 'national' emergency.

Communism In America, Part 4

The World Economic Forum should have no say or control over what we do as individuals or as a nation. The United Nations is no better and has historically proven to fail at most of what it does. The time has come for us as a nation to take a stand for what America was intended to be. Free!

Communism In America, Part 3

America has seen way too much of the influence of communism be forced onto the population. Most people do not even see it happening even when you point it out. This is why we need a complete overhaul of our so-called education system. It has become nothing more than indoctrination camps for the liberal ideology of socialism/communism.

Communism In America, Part 2

There is a guy out there that is trying to put together a Constitutional Convention which is allowed in Article V of the Constitution. Dumb idea because he has a complete rewrite of the Constitution and Bill of Rights. Seriously dumb. We already have the best government document ever designed by man, with the help of Holy Spirit, why change it?

Communism In America, Part 1

I do not accept the idea that we will capitulate to the liberal ideology of socialism/communism that is being shoved down the throats of our college students today. We must take a stand to reverse the path that we are on. We must have God's help to do this because we have let it go too far to stop it ourselves.

Democrat Party Equals Totalitarian Dictatorship, Part 2

Democrats have taken over the so-called 'education' system teaching that all the world's problems are because of America's capitalism. Freedom to work at what you want to work at is not in the Democrat's game plan. They have adopted the World Economic Forum's ideology of you work at what the government tells you to work at. You don't own a business unless you're a member of the elite class.

Democrat Party Equals Totalitarian Dictatorship, Part 1

Abraham Lincoln stated that the government of the United States is controlled by We the People. Ronald Reagan stated that government is the car and We the People are the drivers and We decide where the car goes and how fast and what route. Democrats hate our Constitution because it does not allow them to do what they want to do.

America's Road to Socialism, Part 3

This road that we're on has been a long time coming. Little by little, we have changed course so that now we are hell-bent on establishing the government that we fought against in WWII. We were a free nation many years ago but we have allowed many of our freedoms to be taken away from us.

America's Road To Socialism, Part 2

Our Department of Justice is no longer a Department of Justice. Democrats are immune to the law but

republicans/conservatives must obey. Reminds me of Hitler's administration. When the protestors over the Roe v Wade decision protested around the conservative justices' homes, which was illegal, there was not one single arrest.

America's Road To Socialism, Part 1

America was founded by men who wanted the freedom to live and worship in the manner in which they choose. The first people to arrive here were escaping the tyranny of England and Europe where everything they did was dictated to them. Their Bible, the Geneva Bible, was illegal in many of the European countries and England didn't like it either.

A World On The Edge, Part 3

George Washington stated: "When any nation mistrusts its citizens with guns it sends a clear message. It no longer trusts its citizens because such a government has evil plans."

A World On The Edge, Part 2

In case you didn't notice they are intending on starving people to death to achieve their goal of lower populations: to drastically reduce the world's population via orchestrated food shortages across the globe. Stalin did that after WWII. About ten million died because he destroyed their crops and would not let them buy any food.

A World On The Edge, Part 1

We are facing the most critical period in our history as mankind. It isn't just the United States that is being threatened it is every sovereign nation in the world. What amazes me is that the people that are the threat are not elected to any position of power in any of the nations of the world. They have just decided that...

Controlling Forces Determined To Rule America, Part 3

In my opinion, I believe that the World Economic Forum is as big a threat to America as China is. China appears to have used the Biden crime family to infiltrate our education system, steal our technologies, buying our farmland, allowing Chinese police stations to operate, selling them our...

Controlling Forces Determined To Rule America, Part 2

We have forces inside America that want control over every person living here but we have forces outside America that are pushing for the infamous New World Order. The most prominent one is Klaus Schwab with the World Economic Forum. He's like the fool Carl Marx who never held a job...

Controlling Forces Determined To Rule America, Part 1

Our soldiers in Viet Nam died from exposure to this product, my brother included. Yet the FDA seems to ignore all the testing that proves that it is a very dangerous carcinogen. Notice that exposure to this chemical 'appear to correlate with shortened pregnancies and below-average birth weights. When the UN and the WHO want to...

Fight To Save America, Part 2

America cannot lock arms with the world and remain a sovereign and free nation. Democrats are pushing us towards the one

world government ignoring the fact that our Constitution does not allow for foreign powers to govern us. But then Democrats usually ignore the Constitution anyway.

Fight To Save America, Part 1

We must wake up to what the elites are attempting to do. If they succeed, America loses. That is why they were so desperate to remove Trump and keep him out. As long as the church is still here, we will prevail but we have to stand against their efforts. We have to stay informed to stay free. And stay free we must.

The Failure of America's Politicians, Part 2

Ronald Reagan stated: "Freedom is never more than one generation away from extinction. We didn't pass it to our children in the bloodstream. It must be fought for, protected, and handed on for them to do the same, or one day we will spend our sunset years telling our children and our children's children what it was once like in the United States where men were free." It is our time to act.

The Failure of America's Politicians, Part 1

Looking back at the actions of Eric Holder he refused to enforce laws he didn't like, which was illegal, and the fact that he was running guns to the Mexican cartels that were used to kill Americans and refused to supply the documentation to Congress and was held in contempt of Congress but was never prosecuted for it.

What does America's Future Look Like

Bill Gates is up to his eyebrows in the WEF. He has just received a patent that give him "exclusive rights" to computerize the human body and use them as local wireless networks. Which really should be science fiction, if you stop to think about it.

Biden's Administration of Perverts

What they demand that they be able to teach out kids in school, during the lockdown, strip clubs were open but churches were closed, forcing the jab on people to keep their

jobs, silencing any opposition to what their narrative was, and so many other things have exposed the depth of what satan's helpers has been able to accomplish.

Democrats' 'Respect for Marriage Act' Scam

On November 28th the Senate will do a full chamber vote on what the Democrats call Respect for Marriage Act which, as is typical of most democrat bills, is the exact opposite of what this bill will do. It does NOT respect marriage; it attacks everyone that supports traditional marriage (between one man and one woman). What this bill does is to shove the radical leftist same-sex ideology...

The Fate of America Lies In The Balance

The one thing that we need to be aware of is the devil will not peaceably give up any ground he has taken. The United States was founded by men and women of God, and I believe that God was on our side during the Revolutionary War.

America Has Lost Its Moral Compass

In trying to evaluate the 2022 Midterm Elections there is only one conclusion that a sane person can come to. America has lost its moral compass. We, conservatives, anticipated a red wave. It never manifested. If the church had come out in mass and voted biblical values most Democrats would be out of office today.

The Rebuilding of America, Part 2

Every election is important but if we don't begin to put responsible people who will follow the Constitution instead of a political ideology our way of life will be gone. Klaus Schwab has declared that by 2030 we will own nothing and be happy.

The Rebuilding of America, Part 1

Can we get back to what the Founders intended for us to be? Yes. But it will take a lot of work and sacrifice to do so. We may have to give up football games, soccer practices, movies,

and more things that we enjoy doing.

The Importance of Your Vote, Part 3

Growing up I was taught that voting was an important part of living in a free society. People fought and died so that the American people could choose whom they wanted to represent them after all our constitutional republic is a representative government. Well, it's supposed to be. Most Democrats and too many Republicans simply ignore that...

The Importance of Your Vote, Part 2

The subject of abortion has been a very volatile subject for quite some time. Liberals demand that it be made available up to and including after birth. The election of Donald Trump assured the voters that he would appoint jurists that would adhere to the Constitution...

The Importance of Your Vote, Part 1

Elections have consequences and as of late, those consequences have been rather drastic. Our economy has crashed when it was the strongest the world has ever seen, our southern border is a disaster when we had the most secure border that we have ever had, our energy prominence has been destroyed when we were the world's #1 exporter we are now begging nations that hate us...

Democrats Pushing For Right To Cheat In 2022, Part 2

When the righteous are in authority, the people rejoice: but when the wicked beareth rule, the people mourn. Our Founders lived their lives by the principles of God and gave us the greatest nation the world has ever seen. We have let it go down the road to destruction. We can stop it but we need God's help to do so.

Democrats Pushing For Right To Lie, Cheat and Steal, Part

1

First, I want to say that anything that George Soros supports is NOT good for America. Second, I need to emphasize that we cannot set back and watch. We must become engaged in elections. Run for office, support someone who supports the Constitution, hold elected officials' feet to the fire, and know what your elected official is doing.

America's Fight With Corruption, Part 3

Most of the corruption I've brought forth has been from the Democrat Party simply because they are the most corrupt political entity in America today but the corruption is not limited to them. The Republicans have shown that they believe that we need to do what they say on several occasions as well.

America's Fight With Corruption, Part 2

Do you ever think things will get so repressive in America that a group of high school students will be forbidden from singing the national anthem at the Lincoln Memorial? Well, that has already happened. Do you think that areas of our nation will ever become so anti-American that they will forbid

students from riding to school with an American flag on their bikes? Well, that has already happened.

America's Fight With Corruption, Part 1

Abraham Lincoln has been attributed with saying "America will never be destroyed from the outside. If we lose our freedoms, it will be because we have destroyed ourselves from within." Whether he said it or not is irrelevant. It is a fact.

If 'They' Take Control, Will The Republicans Do What Needs To Be Done

There is a very good chance that the Republicans will take control of the House and possibly the Senate in the 2022 Mid-term elections. As they should because what the Democrats have done to this country is a crime. Literally. But there needs to be a lot of concern from the voters about what they will do with that power.

The World Economic Forum and the Great Reset, Part 4

These are just a few of the people that are behind this WEF Great Reset. I do believe that there is a Great Reset coming but Schwab and Harari will have nothing to do with it. The men I listen to are saying that God is going to initiate the Great Reset and it will decimate those pushing the WEF.

The World Economic Forum and the Great Reset, Part 3

Also, keep in mind that Klaus Schwab is a student of Nixon's dirtbag Secretary of State, Henry Kissinger. Kissinger is a major proponent of the New World Order. He believes that the elites need to control everything. He has stated...

The World Economic Forum and the Great Reset, Part 2

The WEF seems to be concerned about saving democracy but thinks that the only way to preserve democracy is to battle against climate change. First, we should let democracy die. It is a horrible governing system that has always ended in death and poverty for the people. We have a constitutional

republic that has been the most successful governing system in the world.

The World Economic Forum and the Great Reset, Part 1

The World Economic Forum (WEF) has taken on the role of overseer of the whole world believing that they need to be the ones who decide what you do when you do it, and how you do it if they even think you should be allowed to do it. They also believe that because of their high intelligence and wisdom they will be able to avoid world disasters and even pandemics.

Are Electric Vehicles The Saving Grace

The short answer is no. Not by a long shot. In a previous article, I covered the good and the bad of electric cars. The good thing is they don't use gas. That's where it stops. Liberals want electric cars because the internal combustion cars produce all this CO₂ that's baking the planet. Not true.

America's Fight To Stay Free, Part 4

When our Founders established our nation they set it on a foundation of integrity and honesty. Our government today is far from what they gave us. We have what is called the Deep State which is nothing but a bunch of power-hungry and greedy elites that believe they have the right to control everything you do.

America's Fight To Stay Free, Part 3

If there are no borders a nation will not long stand as a sovereign nation. Under Trump, we were securing our borders which no previous president had done. Reagan tried but Senator Chuck Schumer has seen to it that they remain porous as a sieve. When Biden stole the office of the presidency he told the world that our southern border would be open for all to come.

America's Fight To Stay Free, Part 2

The only reason we need a reset is because the people who want

total control don't have total control and they believe that this is the only way they can get it. America has to be taken down for them to be able to accomplish this. The only way America can be taken down is for the American people to be disarmed.

America's Fight To Stay Free, Part 1

I began to see the increased decline in America in the 1960s. With the protests against the Viet Nam War, the drug culture, free sex, and the general apathy of the boomers I knew it could only lead to what we have now running the country, people with the socialist/communist ideology.

How the Media Deceives the World

One thing that I have seen over the years that I have been writing is how deceptive the media is. It isn't anything new by any stretch. They have been doing it for decades if not centuries. To show you the depth the media will go I want to describe how they handled a story during World War II.

The Dangers of American Education, Part 2

Our teachers need to get back to teaching English, history, and math and get out of being psychologists and sexologists. Many teachers in Florida walked off the job when they found out they could indoctrinate students into a perverted lifestyle.

The Dangers of American Education, Part 1

We have seen the massive pushback from the school boards now that parents are demanding accountability. Some cities are worse than others but they are all bad. I have called for the schools to be put back into the hands of the state and the parents with heavy parental involvement. The time to act is now!

Is The Coming Food Shortage Government Engineered?, Part 2

We are seeing a very large number of food processing plants, fertilizer plants, and related facilities experience

devastating fires, planes flying into them, explosions, and a whole series of other disasters that have hit the food processing industry. There have been, at the time this article was written, 22 plants have been affected. Some have been completely destroyed.

Is The Coming Food Shortage Government Engineered?, Part 1

Remember that Henry Kissinger, another traitor in my book, made this comment: "Control oil and you control nations; control food and you control the people."

Who Are America's Enemies? – Part 3

CIA Director David Petraeus says that web-connected gadgets will 'transform' the art of spying – allowing spies to monitor people automatically without planting bugs, breaking and entering or even donning a tuxedo to infiltrate a dinner party.

Who Are America's Enemies?, Part 2

Going back to the Obama administration and looking at the trash he had in his cabinet and as his advisors, we can see where a lot of this 1984 mindset came from. His Senior Advisor was Valerie Jarret who was a major communist sympathizer. She was shoulder deep in the corrupt politics of Chicago.

Who Are America's Enemies? Part 1

John Quincy Adams stated: Posterity: you will never know how much it has cost my generation to preserve your freedom. I hope you will make good use of it. I hope that this generation isn't the one that lets it slip through their fingers.

Will America Be Hit With Food Shortages, Part 2

The predictions that are out there are not really promising for us. But there are things we can do to make it easier. The politicians that we have in Washington are the biggest reason we are in this situation. It will be several months before we can replace them but that is the first step we need

to take.

Will America Be Hit With Food Shortages?

Biden is blaming literally everything wrong in America on the fact that Putin invaded Ukraine. Our border problem is 100% Biden's fault. Our historic high gas prices are 100% Biden's fault. Unemployment increases are Biden's fault. Inflation is Biden's fault. It all stems from the liberal's desire to turn America into a third-world hell hole.

Biolabs – What Is the Government Hiding?

I, for one, will not stand still and let a handful of elites take my country. Seventy members of the Democrats in Congress belong to the Democrat Socialists of America. You can see what they have been allowed to do. Senator Joseph McCarthy was mocked for trying to identify communists with our society.

Why Are The Biolabs Important

Note that these labs were initiated by the Democrats, funded by the Democrats, then denied by the Democrats, but are now fully exposed as Democrat operations. There aren't the six or eight that Nuland suggested but forty-six. Just what are the Democrats working on?

Democrats Itching To Control Your Income

There has to come a time when We the People stand up and say enough. Our Constitution is no longer followed by either party and we are heading down the path towards socialism.

People's Retirement Accounts Are Under Attack

How long before the Socialist Democrats devise new retirement laws allowing them to end up with more of your retirement than you. They are working on this legislation as we speak. Midterms are around the corner. Who we put in office from here on out is more important than ever.

What Happened To The Integrity Of Our Elected Officials, Part 3

I have not seen a democrat since JFK worthy of a vote from the American people. Lyndon Baines Johnson was a racist POC and escalated the Viet Nam war for, I believe, his personal benefit. Jimmy Carter hated Israel and was not capable of understanding how an economy works, not that any democrat that I have seen does. Clinton was and is a

What Happened To The Integrity Of Our Elected Officials, Part 2

We have allowed unscrupulous men and women to take over our government. We've allowed it and it is 'we' that must stop it. We did it with votes and we must undo it with votes. If we don't it will take much more violent means but our nation is worth it. The future for our children is worth it. Thomas Paine made this now-famous comment...

What Happened To The Integrity Of Our Elected Officials, Part 1

If we allow this to happen, America is gone. I believe that there are too many that have and will continue to refuse to see this happen. We just need a leader that has the guts to stand up against the embedded tyranny. This is still God's nation and as long as He has one person willing to take that stand, we will see America saved from the clutches of the enemy.

Democrats Fake Justice, Part 2

Breaking the law has resulted in no charges, no jail time, no fines, and not even being censored if you're a Democrat. They blame Republicans for all the negative results of their lawbreaking. We have effectively become a one-party dictatorship. The Democrats are now just trying to make it legal. We either stand now or we'll kneel.

Democrats Fake Justice, Part

1

Trump made the phrase 'Fake News' very popular. The more he used the term, the more the fake news proved him right. When the Democrats took control of the House they exposed to Americans that they were the supporters of Fake Justice. We saw that with two impeachments that had no grounds whatsoever.

Guard With Jealous Attention The Public Liberty, Part 2

I sent a short video out to all in my address book that covers all the attacks on the American way of life and how the Biden administration is the most dangerous threat to America's constitutional republic that we have seen since the Civil War.

Guard With Jealous Attention The Public Liberty, Part 1

We have people that don't bother to vet the candidate that they are voting for and we have people that don't even bother to vote at all! They don't vote then complain about who is in office. Dumb as a rock. They give the excuse that they're not going to vote for the lesser of two evils. Sounds logical until you think about it.

The Role of the Church in Politics, Part 2

The corruption of our government has gotten to the point where they don't even attempt to hide it. If you remember during the Obama administration whenever a state attempted to clean up their voter rolls, something they are required to do on a regular basis, the Attorney General, Eric Holder, took every one of them to court to get them to stop.

The Role of the Church in Politics, Part 1

One of the biggest lies the government and the church have perpetrated on Americans is that there is no place in politics and government for the church. The facts deny that idiocy on all levels. Moses was instructed in Exodus 18:21 Moreover thou shalt provide out of all the people able men, such as fear God, men of truth, hating covetousness; and place such over them, to be rulers of thousands, and rulers of hundreds, rulers of fifties, and rulers of tens.

Government Corruption

This column doesn't even scratch the surface of how corrupt just the federal government is. The State governments have proven just as bad. California, Illinois, New York, New Jersey and, the majority of all Democrat-run states prove that point.

We Must Not Forget The Reason For The Season

Even though this will not be posted until the day after Christmas I feel that it is a subject that we cannot ignore or forget. One of the greatest events that has ever happened to mankind was the birth of Jesus Christ. Many still believe that He is a fictional character, things that myths are made of.

Democrats Demand America Becomes Socialist, Part 2

We now have an administration that doesn't just want us to go down the path towards communism but demands that we do. If we didn't have the 2nd Amendment we would already be there. Look at Australia if you doubt that. The plan to do this goes back a hundred years and we were warned by Republican Senator George Malone from Nevada in a speech on the Senate floor in

1957...

Democrats Demand America Becomes Socialist, Part 1

Some historians, if that's what you can call them, have stated that the Nazis were right-wing politicians which is an outright lie. Everything they did was left-wing ideology. That erroneous teaching is why college students today think Republicans are Nazis. Remember if you don't study history you will repeat it.

The Left Hates Justice

I hope Rittenhouse sue these lowlifes into oblivion. America is better than this and we have to demand better than this. We have seen the Democrat Party support the violence and destruction of the last couple of years not to mention the stealing of the 2020 election so they can gain as much control as possible over the American people.

School Board Tyranny, Part 3

Our constitutional Republic allows us to remove those that ignore the will of the people. There are a lot of people in D.C. that need to be replaced on both sides of the aisle and replace them we must. The future of our nation depends on it.

School Board Tyranny, Part 2

California has problems of its own. At a school board meeting in Los Alamitos Unified School District Board of Education in Orange County, the president of the school board didn't like that parents were speaking against masks and vaccine mandates and threw the F-bomb at the parent...

School Board Tyranny, Part 1

We are seeing something in America that we have never seen on such a scale before. Our leftist so-called 'educators have taken a page out of Lenin's playbook and decided that it is only the school board that has the right to decide what children in public schools are taught and that parents have no right to any input at all.

How Can Vaccine Mandates Be Legal?, Part 2

What baffles me is the medical industry today seems to ignore proven methods to fight against COVID 19. Some governors, who are not doctors, have written Executive Orders not allowing hydroxychloroquine (HCQ) and ivermectin to fight COVID 19 in the early stages.

How Can Vaccine Mandates Be Legal? Part 1

Follow the money. Journalist David Daleiden obtained video evidence of Planned Parenthood selling aborted baby parts which is illegal but Kamala Harris, California's Attorney General at the time, charged David with 9 felonies but ignored the provable illegal actions of Planned Parenthood.

COVID-19 Vaccine Facts Media Ignores, Part 4

With all the information that I have presented in this series, it is impossible to believe that what the government is doing is in 'the best interest of the people'. It is for one thing only and that is to gain as much control over the American

people as they can.

COVID-19 Vaccine Facts Media Ignores, Part 3

The fourteen days to flatten the curve has turned into almost twenty months with no end in sight, lockdowns, mask mandates, vaccine mandates, and the loss of our right to work and shop unless we take what has been proven to be a very dangerous gene therapy shot not a 'vaccine'. If we don't stand now we won't have that right in a very short time.

COVID-19 Vaccine Facts Media Ignores, Part 2

The American people have gotten to the point where they seem to pay no attention to the rights and freedoms our Founders gave us. The right to determine what we put in our bodies, specifically medicines, is a right that we have and if we don't take a stand now and refuse this massive overreach by the federal government we'll be forced to do whatever they say from here on out. Hitler forced the people of Germany to take drugs with no recourse.

COVID-19 Vaccine Facts Media Ignores, Part 1

I never believed the numbers they gave out on the amount of COVID-19 cases we experienced. Its symptoms are quite similar to the regular flu. People that died of heart failure were listed as COVID-19 victims. One thing I noticed was the flu simply disappeared.

Democrats: Architects of the Destruction of America, Part 4

What the Present illegal administration is doing to America is nothing short of treason. If you disagree with that statement you are part of the problem, This administration is trying hard to make elections irrelevant. Their demand to use mail-in ballots guarantee they never lose another election.

Democrats: Architects of the Destruction of America, Part

3

We can see almost throughout the history of the Democrat Party how they have seemed to make every effort to tear America down. They did all they could to keep slavery in place, they established the Jim Crow laws even though they try to make you think that Republicans wrote the laws.

Democrats: Architects of the Destruction of America, Part 2

So all seems “quiet” now in the country since the “Commander in Thief” has taken up residence in the White House. Things may seem quiet, but do not be deceived. There’s a deep, ugly sludge oozing out across our land and the demoniacs have quietly been having a field day.

Democrats: Architects of the Destruction of America, Part 1

Ever since the fake president was sworn in we have seen the Democrats do everything they can to take away our rights, give away our nation to illegals on a scale never seen in America

before. Biden is allowing illegals to cross our southern border by the hundreds of thousands with about 40% of them testing positive for covid.

The Failure of the Church, Part 3

The failure of the church has not been overnight but at the same time, it has occurred very quickly. From the 1600s to the mid-1900s, there was very little change but from the mid-1900s until today it seems that there has been a total collapse of the ability to stand for the principles of God.

The Failure of the Church, Part 2

Education was very important to the pilgrims but that education was based solely on the Bible. Virtually all of our colleges and universities were formed to educate and train men to be preachers. They were founded by ministers and taught by ministers. Many reading this may not be aware that most of our colleges and universities were founded by ministers for the purpose of raising up ministers.

The Failure of the Church, Part 1

There are many American's that don't understand the relationship between America and the Church. This is because of the failure of two of the most important institutions in America the education system and the church. For a couple of generations, our school system has utterly failed to teach our kids the real history of this great country...

Communists: Today's Democrat Party, Part 4

It should be disturbing for the Democrat Party to outwardly and blatantly demand that we live according to the dictates of the communist party. Democrats consider people wanting the government to act within the boundaries of the Constitution as extremists is a prospect that was introduced during the Obama administration.

Communists: Today's Democrat Party, Part 3

Democrats don't even try to hide their intentions to take total control of all manufacturing and production in America.

In 2012 Maxine Waters told the oil company executives in a testimony before Congress...

Communists: Today's Democrat Party, Part 2

Disturbing actions from members of the Democrat Party indicate just how they feel about America. The most prominent symbol of America and her greatness, power, freedoms, and prosperity is our national flag, Old Glory. That is a symbol, worldwide, of our freedoms and opportunity. People from all over the world wave our flag.

Communists: Today's Democrat Party, Part 1

A very disturbing development has occurred in American politics that should be a major wake-up call for all Americans. The party that is presently in power, even though it was done through massive fraud and deception, has become the party of communists.

Agenda Driven School Boards Ignore Parents, Part 3

In recent days we have seen parents and students take on the school boards. These school boards rarely have opposition from the parents and almost never from the students so when the parents come out in mass the school boards freak out and many times cancel the meeting.

Agenda Driven School Boards Ignore Parents, Part 2

Our school boards are taking on the mindset that parents are nothing but a nuisance for them as they demand the right to mold our children into what THEY want them to be completely ignoring the wishes of the parents. In my day a school board would dare ignore the wishes of the parents.

Agenda Driven School Boards Ignore Parents, Part 1

I have for the last twenty years have been calling for the schools to be put back into the control of the states and the parents. We have seen the federal government take over control of the schools ever since Jimmy Carter established a

full federal office for a Department of Education.

Part 2, Is The Government Planning A Food Shortage?

If you are truly awake you would have seen that all of this was put on hold under the Trump administration. He created the best economy the world had ever seen. Lowest unemployment in history to the point where we had more jobs available than people to fill them.

Is The Government Planning A Food Shortage? Part 1

Henry Kissinger, whom I consider a traitor, stated: "If you control the food supply, you control the people." [4] I believe that they felt they were not successful enough with the fake pandemic even though many will do whatever the government tells them to do so they have to kick it up a notch...

Fauci's Fraud

Ever since this fake pandemic began, we have been hearing from Dr. Fauci that this virus was very dangerous. First of all, this virus wasn't as dangerous as a typical flu season. Yes, there are certain segments of society where this virus was specifically dangerous; the elderly eighty and over, those that had underlying health issues such as heart conditions, diabetes, and other situations.

Democrats Attempt To Reset America, Part 2

The Democrat's blatant push to establish a Marxist/socialist form of government will not sit well with the American people. I understand that our places of higher indoctrination have been painting a picture of sunshine, lollipops, and rainbows concerning socialism/communism for the last forty years or more

Democrats Attempt To Reset America, Part 1

Everybody is talking about America needing a reset and I agree. We need to go back to what made America great not shift over to what has proven through all six thousand years

of man's history as a total failure . . . socialism/communism. All we have to do is look at Greece, Venezuela, Cuba, the old USSR to understand that that political ideology is nothing but an excuse for the self-proclaimed elite to lord it over the average person.

America's Lack Of Judicial Integrity, Part 4

We have lost our confidence in our elected officials over the last couple of decades on both State and federal levels. They have proven corrupt beyond anything that we could imagine. Democrats attempt to shame Republicans while ignoring the blatant corruption in their own party.

America's Lack Of Judicial Integrity, Part 2

As we all know the police officer in the George Floyd case was convicted of three counts of murder. Since Floyd took a lethal amount of drugs that day, how can it be murder? Asking for a friend. How can that be justice? He was a violent criminal, on several illegal drugs, passing a counterfeit \$20 bill and resisting arrest, but the cop is at fault.

America's Lack Of Judicial Integrity, Part 1

Some people have said that America is heading for a reset. In many cases, I agree that we are in desperate need of a reset when you look at what is happening in our country. Cities are burning, violence is off the charts, though all this is only happening in Democrat-controlled states, it is still happening.

America's Lack Of Judicial Integrity, Part 3

The evidence is overwhelming and our courts need to hear that evidence. If you haven't watched Mike Lindell's Absolute Interference, take the time to do so. It should make your blood boil.

The Truth About Energy, Part 3

We keep hearing about how all we need to do is build more solar panels and wind farms and we can save the world. Well,

when you look at the logistics of this you find that that dream of not being dependent on fossil fuels is nothing but an unobtainable pipe dream. Let's look at some hard facts. All energies have limits to their abilities.

The Truth About Energy, Part 2

Looking at our energy today we saw the disaster in Texas with the windmills and the solar that supports about 18% of their total power. If it snows hard neither are reliable. Liberals are pushing for alternative sources for energy which I don't think is bad but until we have an alternative source that is reliable 100% of the time as fossil fuels are, we shouldn't even consider replacing fossil fuels.

The Truth About Energy, Part 1

For the last twenty years, we have been hearing the left wail about the dangers of global warming. Al 'I invented the internet' Gore declared in 2000 that by 2014 the ice caps would be melted and all the coastal cities would be underwater but that could all be stopped with a 'carbon tax'.
