

Tariffs Could Be a Terrible Price to Pay for “Getting Even”

Effort was also misplaced into looking for opportunities in other firms, networking with other professionals in the same field, relocating to other areas around the country where the grass was thought to be greener, so to speak, all with a view on inching up the ladder of success using whatever avenues that present themselves for upward mobility.

Cowering Over the Cash Cow of Remittances to Mexico and Beyond

We must also keep in mind that a dollar buys much more in Mexico than it does in the US. The median price of a 3-bedroom home in the US is \$320,000, whereas in Mexico such a home would go for \$100,000 or less. This is yet another reason illegals rush across the border as even when they are working for 30% less in wages, they still triple the buying power or more of their money in their home country when they wire those dollars back home.

Pipe Up to Stop the C02 Pipelines

Stay grounded and stand your ground to keep them from grounding up your ground. "Carbon capture"(CC) is all about property rights, cash, and the capsizing of the Constitution – a seemingly ongoing process these days! CC is a process that traps/captures carbon dioxide (C02) emissions from power plants, industrial facilities or directly from the air, preventing it from becoming part of the atmosphere.

Satanism and the New World Order

There is no more empowering way to face the NWO conspiracy – and all that it entails! – than to see it as a challenge that must be overcome, and in doing so, become a better and more powerful person able to face the future. There's probably not a single person alive who has not felt they lost part of their soul, drive, enthusiasm, or creativity due to past emotional trauma.

Americans: Addicted, Addled,

and Adrift

Big pharma spends \$15 billion per year on TV advertising, and they do it because it works. Americans, as if they had nothing better to do, watch more television than any other people in the world, and the lion's share of the commercials on those TVs are from pharmaceutical companies.

Retaining Your Wealth in a Worrisome World

At some point in the coming debacle, or "Great Unraveling", we will reach the point when virtually the only "safe" investments will be precious metals and real estate. However, precious metals and real estate ownership will only be safe if they are located outside an endangered jurisdiction.

The "New" New York

When you import people in large numbers, you also import their cultures and ways of thinking and doing, matters that, frequently, are different than and frequently contrary to our own. We need to face the fact that freedom, the rule of law, domestic tranquility, and high levels of civic functioning that characterize Western nations are great achievements and not accidents of history!

The Skinny on Skinnier Food Packages

If shortages were to develop in home appliances, for example, people could adjust to the situation, but that is usually not the case with food. If the long prognosticated economic disaster should actually occur, food riots could break out, and famine could occur for the first time in the living memory of most residents of the First World. So the downsizing of the size of Gatorade bottles could mean much more than meets the eye.

The Invisible Rainbow

Nearly constant exposure to cellphones, even if only in purses and not in pockets located on the body proper, has been linked to increases in levels of disease. Social media apps are being linked to increased levels of anxiety and depression, especially among teenagers. Now, in the last several years, the previously unknown disorder of tinnitus is being loudly trumpeted.

Yet More News You May Have Missed

Mexico doesn't just want \$10 billion in damages, a sum that would bankrupt American gun companies, it is also arguing that US courts should impose new gun control measures in the US, a matter that is blatantly unconstitutional! This frivolous suit would provide cover for Mexican officials who have failed to reign in the cartels by blaming US gun companies for the carnage.

Modern Masses of Moroseness and Mediocrity

We are now arriving at a desultory state of empty desolation where the individual will be totally indifferent to the look of his surroundings and the fate of his city. In these edifices nothing is celebrated because nothing is worthy of being celebrated. That is a marker of our cultural decay and coming collapse.

More News You Missed

The how and why of it are still being determined, but unvaccinated persons can "catch" maladies from the vaccinated. This condition is called "shedding," a phenomenon that seems

most common with mRNA vaccines that are actually a form of gene modifiers.

The Slow Sabotage Inures You to the Death by a Thousand Cuts

Tragedies, crime, accidents and misfortunes are the meat of the mainstream media's daily doses of deranged drivel and devilish doings to keep "We the People" glued to screens in such a way as to screen out things that really matter, including normal interactions between people. The vast majority of reported incidents – however exotic and intriguing – don't lead to economic catastrophe or such things that directly impact people's lives.

Maga Ranks Have Been Rankled by the Work Visa (H-1B) Controversy

Still, it is also very necessary for Americans to realize that, especially with our younger citizens, productivity and excellence have been abandoned in their ongoing concern for "social justice" and especially "equity," a concept that means not an equality of opportunity, but of result, something that

seriously handicaps the more intelligent and hard working.

Within the government documents that relate to these supposed enemies of the state, members of the military and the police are specifically warned not to have anything to do with the castigated groups. This listing has been making the rounds of the Internet for years now, but has not elicited the necessary outrage, resistance and rejection that should have been found amongst the citizenry.

The Loss of the Western Soul

There are three spiritual bonds that feed the soul and satisfy the spiritual needs of Western man. The more these bonds are strengthened, the more at ease people become personally and the world around them. Indeed, these provide the foundations for both happiness and success in life.

The Rise of the Cult of Individualism

By concentrating solely on satisfying personal egos to the detriment of a wholesome, well-ordered and smoothly working society, they push the belief that individualism should be held as the highest and most noble virtue, a worldview that can be detrimental to the natural human tendency to form cohesive groups.

Going Bananas

The US emerged from WWII as the top banana. Entering the war late, undamaged by the fighting and bombing domestically, except for the sacrificial lambs left to be liquidated at Pearl Harbor in the false flag firestorm meant to fire up the public for war, FDR could use the war as a means to get out out of the Great Depression by manufacturing whatever wherewithal our allies needed.

Why the “Red Wave” Never Crested in 2022

He has also toured the country holding townhall meetings to support the Dems. At these events, he was looking to recruit more influencers who are well-known personalities in the areas

of beauty, fitness, lifestyle models, and even comedians to reach young people online and urge them to vote for leftists.

Be A Living Monument

Now, if others are similarly drifting through life, and similarly take up with the same newfangled foreign philosophy, that should give you the impetus to fight the newfound folly going on. These fools are fooled by the foolish notion that they are acting out their own “truths,” free from the forces of history.

The Amish: North America's Health Control Group

It's a problem for the elites if the rest of us human lab rats and sheeple can look outside our mental cages and see that another – a better – life is possible. Act now and follow the example of the Amish! Reclaim the wisdom of past generations and find that life outside the present dystopia is still possible.

Radical Return to Reason Required to Rectify Economic Situation

The above are fundamental actions I think we can agree on without the excessive arguing and debating, something frequently – and often intentionally – leads to inaction. We must conceive of practical ways to accomplish these objectives. Once we Americans get the ball rolling, things will start turning around.

Requiem Mass for the Masses

The vast majority of the masses are barely making it and our children's standard of living – something that has always been a point of pride with Americans – is demonstrably lower than that of their parents for perhaps the first time in history. It's time for the people to get something in return for all those taxes. Consider it a “piece dividend” to get a decent piece of the pie.

TB OR NOT TB? More Than A Mere Question

Besides TB, the invaders are also bringing with them yellow

fever – spread like malaria by the mosquito, a creature the US has in plenty, measles, whooping cough, diphtheria and other diseases that were on the fast road to eradication in the US a short time ago.

Fluorides: A Long Term Depopulation Program

When it comes to causing disease, fluorides break up the bonds that are found in our DNA, destabilizing the DNA, and this inhibits the effectiveness of the immune system anywhere from 30% to 70%. The amount of fluoride in drinking water is sufficient to lower thyroid activity. Fluorides cause the breakdown of collagen which results in the wrinkling of the skin and the weakening of ligaments and muscles.

A Somewhat Fictional Consummate People's Representative is Consumed by "Special Interests"

In today's political climate of widespread ignorance, apathy, laziness and immorality, dominated by those with both perverse interests and nearly all the big bucks, it is very difficult to buck the system for very long before succumbing to its

prerequisites. Honest folk's terms in office are often terminated when the bad actors gang up on those trying to follow through on the right thing to do and following the Constitution.

Geoengineering: A Primary Depopulation Program

As a result, our so-called scientists believe that they have all the answers and thus feel free to attempt to modify weather and climate, having confidence in the efficacy or correctness of their actions. One major element of the current geoengineering effort is the removal of carbon dioxide (CO₂) from the environment, especially as it exists in earth's atmosphere.

A Fanciful or Hopeful Scenario if Trump Succeeds in Gaining a Second Term

In the arena of culture and education, Trump will advocate a revamping of school curricula to reflect our true American identity and history as well as the achievements of the nation's founders as it used to be without undue reference to race, the elimination of CRT, and the restoration of cultural memory.

Titanic: Accident or Deliberate Drowning?

On board the maiden voyage of the Titanic was a cabal of very wealthy people opposed to formation of such a central bank especially as it was constructed under FED guidelines. These included Benjamin Guggenheim, Isidor Strauss, John Jacob Astor, and other financial oligarchs.

Unsatisfying Script: A Description of the Movie "Civil War"

The critics' reviews of the movie waxed critical. Easy to do since the director did not pick a side or make some left wing political statement. Even negativity can cause people to think and evaluate, but that is a challenge now as people are hourly spoon fed solutions on which they are expected to chow down – and believe.

The Gun Grabber Glossary

The misuse of “gun grabber” terms is not to be glossed over. The gun grabbers and media blabbers twist language in hopes of creating panic amongst the populace while producing rallying-cry rhetoric for gun grabbing and attitude altering emotional evocations to shape perceptions about guns themselves.

Lockdown-Leaning Lefty Loons Need to be Locked Up

As the Covidiocy conspiracy lengthened, the online vitriol expressed through the lunacy of leftist statements and positions both increased and intensified. Government directed lockdowns exacerbated the anti-social effects caused by increased isolation, and as leftists participated the most in these lockdowns, they were the most and the worst afflicted.

The New Intense Gambling Addiction

Studies show that 16% of gambling addicts attempt suicide, which is over 20 times the rate in the general population, and the highest of any addiction. Having the necessary apps on their phones makes it easy for those hooked on hi-tech to place bets at any time at any place.

Travail Will Tail the Chemtrail Assail

These are strange days with strange skies and this situation is leading to Florida's losing its allure as the Sunshine State. All across that state Florida's "winter people" are noticing that their skies have been unusually cloudy and overcast, the cloudiest in 84 years in fact. Florida is in the subtropical zone where you usually have either bright blue skies or stormy, showery weather with little or nothing in-between.

Don't be a Slave to Narrow Narratives on Slavery

Post Scriptum: a fairly recently published book, *Dying For Freedom* by Jim Downs addressed the fate of former slaves both during and after the Civil War. The book pointed to the failure of the "Union" States to care for newly freed slaves especially in an impoverished post-war South, causing more death and suffering than had happened when those same people were in fact enslaved.

Who Owns America's Lands?

Manifest destiny was a phrase in the 19th-century United States that represented the belief that American settlers were destined to expand westward across North America, and that this belief was both obvious ("manifest") and certain ("destiny"). The belief was rooted in American exceptionalism and Romantic nationalism, implying the inevitable spread of the Republican form of governance.

Tendering Transgendering to the Tender of Age

Gender ideology is being pushed onto society by perverts and profiteers through their money and influence and with the help of the same virtue-signaling Karens and Kevins who supported the COVID lockdowns. Yet, the entire ideology contradicts all common sense, disregards all decency and all propriety and barring the victory of evil as the result of our apathy...

Arms Rights Roundup

America has lost its oldest factory – a gun manufacturing facility. Two-hundred year old Remington Arms, one of America's major arms producers, has shuttered its doors at its iconic and venerable main manufacturing plant in the tiny town of Ilion, New York where 230 workers were employed. As

recently as 2013, about 1,400 workers were producing 4,900 guns per day at this site. Over the last 10 years, most of the production has been farmed out to other manufacturing sites around the country.

Corralling the Callow, the Shallow and the Clods

UN Poster Child Greta “How Dare You!” Thunberg, the screechy, preachy, snotty, sneering, sanctimonious global superstar is back once again to lead a global mob of young climate zealots in a campaign to “End Fossil Fuels.” The Swedish sensation is now 20 years old but remains an idol to juvenile activists the world over.

The Horrordumbor

Watching TV and absorbing endless propaganda and drug ads 24/7 drive people to hasten to their medical appointments where they are driven to shorten their lives with Big Pharma’s prescriptions and pills and stop at Taco Bell or fast food dispensary on the way home so they can imbibe some comfort food to feel better.

To the Ends of the Earth: Lost White Migrations and Civilizations, Part 5

The inhabitants apparently were engaged in a lucrative and worldwide trade involving objects obtained from or sent to various places. Syrian glass beads, Arabian and Roman coins, Chinese pottery, and Persian ceramics were found at the site. Such trade would require a fleet of seaworthy vessels capable of traversing long distances.

Another Civil War? No, Probably Just Domestic Squabbles

To have a civil war, you need warriors will to die for a cause. We are too spoiled, distracted and lethargic for that level of commitment. Most people couldn't handle losing their wireless connection for half an hour. Even the red and blue states are split between urban and rural factions.

Arms Rights Roundup

A new hornet's nest has been established in the White House that's all abuzz with a beehive of activity. It's the new so-

called Office of Gun Violence Prevention, established as part of the Department of Justice in September, 2023. This particular action makes “preventing gun violence” into a “permanent national priority.”

Has the American Spirit and Work Ethic Evaporated?

Today, however, in the US, everything seems broken, listless, malfunctioning and the product of decay. The entrepreneurial spirit still resides in the Asians who seem to have taken over that particular ethic. Many Americans though animated by anomie, if you will, are lazy, irrational, socially touchy, and tend to gripe about their lot in life, though sadly not without a lot of justification.

The Marshall Plan

The establishment makes The Marshall Plan appear as proof of America’s magnanimity towards prostrate allies and a defeated enemy. But, in fact, the plan was only meant as a sop to a resource-sapped and “zapped” vassal state as well as America’s much weakened allies.

Mounting Mischief From Electric Vehicles

In past newsletters we have already panned electric vehicles (“EVs”) and demonstrated that the devil is in the details of the “side effects” that are shoved aside as side issues like the side shows of old. In their utilization, as in the case of drugs, these affects keep adding up.

Have the Entrepreneurial and Cooperative Spirits Been Spirited Away by the “Newcomers?”

The buck\$ are passing to the non-white migrants and newcomers. Why? Because either we whites are passing the buck – that is, losing the initiative and letting it happen – or the powers-that-be are destroying small mostly-white businesses using faux crises such as pandemics and exaggerated claims that climate changes are about to do us in.

Kinsey: Instigator of the

Sexual Revolution and Its Crazed and Criminal Evolution

An early adherent of masturbation, his brutal masochistic methods led to his early demise. Kinsey's admiring biographers all admit that Kinsey was a sadistic bi/homosexual who seduced his male students and coerced his wife and staff (and their wives) to perform for him and with him in pornographic films made in the family attic.

Proper and Justified Reparations Have Yet to be Acknowledged and/or Discussed

It is important to recognize that until the eve of the "Civil War," slaves were viewed as chattel (property) and thus legally held in the states where slavery existed including some Northern states. That being the case, the Lincoln administration recognized the federal government's constitutional and moral obligation to compensate owners for the emancipation of their slaves by that government.

Have the Entrepreneurial and

Cooperative Spirits Been Spirited Away by the “Newcomers?”

The buck\$ are passing to the non-white migrants and newcomers. Why? Because either we whites are passing the buck – that is, losing the initiative and letting it happen – or the powers-that-be are destroying small mostly-white businesses using faux crises such as pandemics and exaggerated claims that climate changes are about to do us in.

Reparations: A Repugnant, Malignant Rip-Off and a Crazed, Catastrophic Capitulation

The only practical check on this oncoming avalanche of cascading financial claims has to be California’s \$32 billion budget deficit and the state’s present \$520 billion debt, which puts it in first place in the race toward financial ruin.

Refuse Accepting the Refuse

The left always acknowledges plausible grounds for asylum for anyone and everyone – as long as they're not white European Christians. The "reason" may be presented as climate change or political persecution or economic hardship or all three. Everything is considered a qualification to open the borders and the wallets of the good ol' USA and its people; no substantiation of causes is required.

The Betrayal

Because of our fools and our traitors, our destruction was achieved in a single human lifespan. Because of them, no one mourned our passing as a people, and no one was ever intended to mourn it. We did not find the path to utopia promised by our fools and traitors, but instead a path to what some of them intended and others did not: the path from which no steps can be retraced, the path to our extinction.

Artificial Intelligence (AI) – Help, Hindrance or Hell?

AI applications will soon cover all aspects of our lives such as scheduling our appointments, improving our writing, remembering names for us, discovering distant relatives we didn't know we had, or rapidly sorting through records and

files that it would otherwise take us a lifetime to do.

Morsels Mined From The Memory Hole

The French Government is restricting Internet access “in certain neighborhoods,” – and by that, the “government” means the burgeoning areas occupied and controlled almost exclusively by these criminally inclined troglodytes. Of course, this is done so that the depraved denizens therein cannot use social media and other platforms to organize and promote their violent activities.

Affluentza: The Main Mass American Malady

If the above describes yourself and your family, without realizing it you may be suffering from an insufferable, highly contagious American malady – affluentza! This particular virus has gone viral and infected nearly the entire world or at least those who are not in the process of dying of starvation or war.

Wretched Way Out Weirdness and A Woke Color Agenda

Generally speaking, much of the unhappiness, dysfunction, retarded development and discontent is the result of forcibly mixing groups in carefully created toxic situations. There is nothing wrong with small amounts of such “mixing” when the conditions allow but what is happening here is neither benign nor accidental. It is an intentional strategy to bring about the breakdown of the social order.

There Prescient Novels Predicted Our Cowardly “Brave New World”

The technical gulag of the Brave New World will have encompassed the entire world. We have reached an era in which total tyranny is possible simply because we have created the means and technology to run it. And with the addition of AI (Artificial Intelligence) we just might have “thought” ourselves into enslavement not by men, but by man’s creations.

Not So Strange Feeling So

Estranged Over Strange Situation

The incredibly weird current political condition is most frustrating to us who have already been long flustered, but it is understandable in a wacky woke sort of way. Perplexed conservatives and actual Republicans who take delight in pointing out the many weaknesses, blunders, stumbles and mumblings of our faux President are, sadly, misreading the situation.

A Transhumanist Transformation and An Extermination

Whether the goal is extermination or enslavement – or a combination thereof – or whether we will be dealing with an AI or other man-technology merger presently being promoted or whether twisted atheist billionaires or extra-terrestrials are running the show, it really doesn't matter. This fast emerging "sin"-ario and those pushing it must be stopped now or mankind will die both individually and as a species.

The World Freedom Declaration

We, the people of the world, demand a thorough investigation of all corruption and conflicts of interest surrounding this declared pandemic and that each party found to be involved, be tried, convicted and subsequently punished for every death and/or injury – including suicides – caused by any governmental direction, mandate or. . .

Hard To “(E)Scape” Being The Scapegoat

As we scrape along in our newfound hostile environment led by jackbooted tyrannical extremists while trying to hold onto scraps of the freedoms we once enjoyed, we are forced to plan for survival both personal and of some semblance of our Western-style society. President Trump seems to have been the catalyst setting off the mass insanity that had long latently lay beneath the skulls of the psychotic, the mindless, and the brain-addled.

North Korea is testing a new solid fuel ICBM that is pushing the envelope in state of the art weapons technology with assistance from China. These two terrors are not paper tigers anymore and you can't paper over it. Without going into the techy details, the new system needs testing and fine tuning to be sure, but it sure is scaring the bejeebers out of the US and its Asian allies.

Immigration: The New Warfare

Now many books have been written about the New World Order and its "makers and shakers." That is not the purpose of this article. The purpose here is to point out that it is futile to argue this matter under the heading of "immigration" just as it would be futile to argue any invasion of a country by outsiders armed or otherwise, under that particular heading.

The fastest growing states with the best economies and lowest

unemployment are the red states. Incomes, assets, and businesses need to move to friendlier locales. Some blue Yankee bummers will follow suit but those states and their citizens need to consciously be sure that they don't allow the liberal migrants to take over and start dominating the scene as is their wont.

The Social Insecurity System Continues to Systemically Fall Short

Commingling the Social Security funds with the general federal budget was obviously foolish – or would have been foolish if it had not been a criminal (and successful) attempt to permit the politicians to raid the SSI lockbox. LBJ was responsible for that move and of course, a great deal more monkeying around.

Let's pause for a moment to consider what changes in the culture have come about because of these changes in the compositions of sports teams. Before integration, athletes celebrated touchdowns, home runs, etc. by shaking hands with teammates. Now they dance, prance and thump breasts like gorillas. Now the whites mimic these animal-like theatrics to display their own lack of civilized behavior.

“UFOs” Generate “BALLOONEY” From the FEDGOV

Knowing the density of the air at 60,000 feet and the dimensions of the balloon, it should have been a simple exercise to determine the approximate weight of the electronic equipment on board. That, in itself should have been a clue as to the nature of that equipment and its mission – that is, if it wasn't really a weather balloon...

The Hate Hoax Heard Around the World

In 2021, the entire nation of Canada fell for perhaps the most ginned-up and exaggerated hoax ever perpetuated against the terminally naïve and, frankly, stupid. The constant drumbeat

of the “need” for “diversity” being beaten into people’s heads by the establishment, set the stage for a massively staged event.

America: Off the Rails

A literal toxic cloud hangs over America today. Many cannot really see it, much less see through it! The fog of paralysis eliminates effective action while producing an inertia that, together with a lack of incisive analysis, will end in our nation’s death spiral. There has never been such an open show of contempt and hatred for normal Americans – a/k/a “the deplorables”...

Nikki Haley and the Hegelian Dialectic Trick

Meanwhile, American “patriotism” continues to decline among progressives where it was never a strong point to begin with while many conservatives no longer identify with this country or recognize it as part of the First World. Yet Haley seems oblivious to this, carrying on with her newfound and increasingly baseless “American Pride” program.

To the Ends of the Earth: Lost White Migrations and Civilizations, Part 4

Many myths are extant about past cultures of warrior women who created their own societies where males were either subservient or served as slaves and that operated in accordance with a military mythos similar to what obtained in ancient Sparta.

Brain Fog at Foggy Bottom

And so, today reason and truth are passe and, as they say, we must do it their way. But this time they run risk of waking up the goyim and the sheeple to their plight and also the identity of the purveyors of these schemes and agendas because these perps are massively “overreaching” with their actions as they hope to fulfill the agenda of the Great Reset.

Is the Die Cast for DEI? and Are We to Die Because of It?

The Ukraine War Will End With a Big Bang – and Soon

The West's drive to conquer Russia will not end until the fools of the New World Order exhaust themselves and eventually get beat down in the process. The slovenly media will increasingly slobber over the prospect of subduing the Russian bear, but will remain silent when they have been silenced by events which will have turned against them although, it is secretly believed that...

White Plight Whitewashed by GOP

The whites who recognize their plight are understandably frustrated since they have no real outlet wherein they can effect a difference, and therefore they remain gripped by their gripes. The largely dull, deceived and dumbed down general mass of whites, bereft of racial consciousness will grasp at any straw that seems to address their unease within their dismaying situation.

The Emergence of the New World Order (NWO)

Total domination of the world may sound like an impossible feat but it's plain to see that it is well on its way to fulfillment. The bulk of all the money and property in the world is passing into the hands of a small band of super rich billionaires and trillionaires and Mega Corporations that now mastermind the fate of the people.

American Renaissance "AmRen" Conference (November 18-20, 2022)

AmRen conferences have become the most important mainstay of discussions on American white interests and survival, sometimes intentionally misinterpreted as white nationalism and/or white supremacy. Begun in 1994, and initially held biannually, they are now annual events that attract about 250 to 300 people, many of whom are repeat attendees.

The Red Wave Reduced to a Ripple

Americans no longer value freedom although they talk about it constantly. Indeed, the concept of “freedom” held by many of today’s “Americans” is the freedom everybody has to do what they want done and to believe as they do! The only people who truly appreciate what freedom actually is come from Eastern Europe!

Prepperism, Part 4. “The Alpha Strategy”

We all have to buy food for as long as we live – and lots of it. Food is an alternative store of value whose purchase in these days of supermarkets and the internet is often casually overlooked. Concern for its provision should be a mainstay in considering a rainy day.

News You May Have Missed, Musings, and Media Miscreant Misrepresentations

Far too many Americans have wasted years trying to outwit the tyrants, hoping to scrape along just out of the culture police

The Sick American Soul

What's going on in this country cannot all be explained by just the demented doings of the devil-driven Demonrats, although that is the public face of the assault on the body politic dividing and separating us along a fault line that may be termed a political "continental divide." Finding fault always creates fissures that separate people into factions.

The Specter of White Genocide Part III – the Great Replacement

The global regime wants white people to die and, as a result, we live in a genocidal state. Indeed, the state itself is compliant and complicit in the opioid plague. Prior to the American invasion of Afghanistan, the Taliban had outlawed and destroyed the opium trade.

The Cult of Kalergi: The Planned Replacement of the European Peoples

The great majority of Europe's elites, both Christian and secular, are committed to Coudenhove-Kalergi's goal of replacing European man. It will be left to populists and right-wingers like Victor Orban of Hungary, Marine LePen of France and hopefully many more patriots that will arise to save White Europeans and Christians from the invasion and extermination that has been planned and enabled by the elites and is already well underway.

A Model Case Against Multiculturalism

This sense of demographic disconnect has led to discontent and such idiotic measures as placing more paintings of minority graduates and faculty inside campus buildings. But such gestures only seem to intensify the sense of separation and antipathy from those for whom they were made.

various locations around the globe.

Cash to Crash as Orwellian Future Wells Up

The other option to survive in the coming cashless society will be to create local currencies enabled by a local trading system a/k/a: LETS – as in let's do it! LETS allows members to obtain goods and services through their local currency which is accepted by local retailers who are enrolled in the system.

The Specter of White Genocide, Part 1

Mother of all Famines on the Horizon as World Food Production Falters From the Green New Fraud

To the Ends of the Earth: Lost White Migrations and Civilizations, Part 2

Today, the Southwest continues to suffer from an extended drought and shrinking water reserves while nothing is being done about it. It can be properly asked is this a prelude to a scenario where the illegals and never-do-wells take over California despite the high tech Silicon Valley culture that rules it today?

International Living, Part 2

The Demonrats are in a panic because they are beginning to lose the youth vote, something they (the elite) thought inconceivable if they punted the current presidential placeholder into the White House.

Dereliction of Election Duty

The most recent fraud culminated in a crescendo of every possible connivance under the sun during the run-up to the 2020 Presidential “preconceived selection” election. What was done to deny Donald Trump his second term has not been seriously called out until fairly recently.

Georgia On Our Minds: The Devil Went Down to Georgia

It’s somewhat incomprehensible that Governor Kemp just won the Republican primary handily. This comes after former President Trump has continuously excoriated him over his general RINO behavior and his acquiescence in the vote fraud associated with the 2020 elections.

Developing a Data-Driven “Dysphorian” Digital Dystopia

Throughout the rapid passage through transitory states, no prospect has inspired as much mystique, critique, and wild speculation as what has now been “christened” artificial intelligence (AI). Theoretically, sensation and complex thought – the reasoning faculties that once defined the human mind – can now be enacted in silicon-based processors...

Never Say “Never”: The Sad Saga of “The Washington Football Team”

The real question is this: is the new name for the Redskins – the Commanders – a political and cultural Freudian slip that acknowledges the triumph of political and military power over Native Americans? Or is it just another liberal bad choice! What do you think?

International Living, Part 1

Although some aspects of globalism are hard to escape, there are many places in the world very little affected by the trend and where the local charm and allure remain largely intact. For your reading pleasure, we will not get into the mechanics of such a transition. There are experts and resources available to facilitate that process.

To the Ends of the Earth:

Lost White Migrations and Civilizations, Part 1

Ancient White influence was, however, not restricted to western China. A genetic study published in the journal, "Molecular Biology and Evolution" (Vol.17, pages 1396-1400, in the year 2000) found that in the far eastern seaboard Chinese province of Shandong, the population of former times showed greater genetic similarity to present-day Europeans than to present day Asians.

A 'Great Reset' Toward Reality is Arising

We can expect that once the Great Reset is in place and the New World Order is smoothly moving forward (and leaving the rest of us behind in slavery and poverty), all of these Green concerns will cease to be and the EVs and windmills abandoned because they are too costly and too stupid.

Stifling Your Mind and Soul to Bring You Under Their

Control

It is an inescapable fact that a massive global cabal is intent on destroying the sovereignty of every nation on Earth and reducing most of the human race to a species of A.I. trans-humans while those who escape that fate become nothing more than statistical entities and slaves.

Misconceptions and Deceptions Re: the Ukrainian Conflict

Of course, higher transportation costs, especially when added to higher food production costs, must result in higher prices at the grocery store. The food costs shock arising from the Ukrainian war will be as severe as the oil costs shock of the 1970s the only difference being not everybody needs gas and oil while everybody does need food!

The Descent of Western Man

The New World "Orderlies" constantly change our perceptions to align with their ever changing deceptions. History becomes history in favor of the current political flavors with hysterics and gaslighting used to gas up the deceptions. Thus, the themes in the increasingly pertinent and popular novel "1984" by George Orwell are novel no more.

Ponder Prepperism, Part 2

There are massive amounts of free videos, blogs, and other resources on the subject of indoor gardening available to a beginner. Start by performing an internet search on “indoor gardening” before the Deep State realizes that such information is a danger to their complete control of We the People! Start your indoor gardening projects now – the subject will grow on you.

America First Political Action Committee (afpac) 2022 Conference

Although not featured in the presentations, important literature from the group, “Republicans For National Renewal” was available. This is the group that could wrest control of the Republican Party from the RINOs and neo-cons. Please contact me for information on this organization.

The True Tragedy of Biden's

Border Treason

The demented Biden's disastrous border treason is ballooning to the point at which it is nearly boundless. This moronic, psychopathic mental midget is completely transforming the Historic American Nation into a nation of illegal invaders, Third World troglodytes and political "sickophants."

Arms Rights Round-Up

"Backdoor" Gun Registry: The Bureau of Alcohol, Tobacco, Firearms and Explosives (BATF) is in the process of creating a massive database via digitization of Form 4473 people fill out when purchasing a firearm. In 2021 alone, ATF processed at least 54 million of these forms, a process that began during the Obama Reign of Error.

The Devilish Draw of Tech Devices

It's odd to think of these digital devices as robots. But these advanced phone tablets, laptops, smart watches, PCs, "health indicators" and connected home devices are, in fact, conduits for some of the most advanced forms of artificial intelligence ever created. Companies like Meta (Facebook), Alphabet (Google) and Twitter have built ultra-sophisticated machine-learning algorithms whose main purposes are to...

Is Separation Insuperable and Will it Tear us Asunder?

The claim that the “rioters” attempted to overcome the world’s most militarized regime in history without weapons seems to be something only the mindless could conceive much less believe. Many claimed that these “insurrectionists” forced their way into the Capitol through its doors, but this requires far more than a mere suspension of reality!

Vaccine Derangement Syndrome (VDS)

It is interesting to note that today in Germany, efforts are being made to nullify this code as it directly reflects the ongoing situation of those who take these “vaccines” without understanding that, like the victims of the Nazis, they, too are participating in medical experimentation!

All Human Differences Are

Social Constructs Now

America seems obsessed with “equality” even when it is not possible to achieve that mythical goal. On the other hand, it is quality that has made us what we are– or were! – and therefore quality should always be our goal. When quality is neither actively sought nor actually permitted, the bogus goal of equality becomes its replacement, rearing its fictitious head as the sole means of obtaining an overriding social good.

Imperative, Ideologically Inspired Immigration Reform or Impending Self-Immolation

Even as the situation produced by this cultural Trojan Horse worsened, the indifference of our “leaders” remained the same neither did the matter seem to garner much attention from politicians and the mainstream media while some churches enthusiastically contributed to the onslaught.

Communist Cancel Culture vs. The Christian Canon

The hour nears midnight when doom awaits us. We must call this attack for what it is – a deliberate effort to destroy all

that made us the most free and successful country on earth in order to make us yet another casualty of their never ending schemes and producing another bunch of field workers and mindless “pee-ons” on the coming Global Plantation.

Anti-White Animus and Far-Left Loons Making the Military Into Monsters

The far-left makeover and zeitgeist that are uprooting the Historic American Nation seems to have found its locus, focus, and driving force in our now farcical military. The result of these attentions is the reduction of the military’s effectiveness and competence in performing its missions.

America’s Carrying Capacity: Or, How Many Third World Invaders Can We Afford?

Post Scriptum: We must also be aware that warnings against “overpopulation” are fueling the desire by the New World Order elites and their “tech” geniuses to produce “vaccines” designed to do just what many are calling for – that is, to reduce the planet’s population to what they consider to be “manageable levels.”

Bellying Up to Expanding Waistlines

But it is never too late to turn things around and, to a certain extent, regain much of one's vitality. First, watch your diet! Go back to or stick with unprocessed and even some uncooked whole foods as much as possible, and greatly increase your consumption of fruits, veggies, whole grains and nuts.
