

Author's New Book Examines The Spiritual Darkness That Is Destroying America And The Church

([True Conservative Pundit](#)) America is not what it once was; we have drifted away, far, far away from what and who we used to be as a nation. The Founding Fathers based and drafted our Constitution, our very form of government (a Republic, not a Democracy) on God. Our unique form of government was never intended to work with or for a people that deny God, nor was it intended to work with or function as a socialistic form of government.

"Freedom is not a gift bestowed upon us by other men, but a right that belongs to us by the laws of God and nature."
–Benjamin Franklin [1]

"It is when people forget God that tyrants forge their chains." –Patrick Henry [1]

"The Constitution is the guide which I will never abandon."
–George Washington [1]

Despite the naysayers, despite those who insist that our great nation was founded not by those who feared God – but by those who were Free Masons, Deists etc., this country WAS founded by believers as is evident by reading the Declaration of Independence and the Constitution, as well as letters written by the Founding Fathers.

God was a central part of this nation, and that included in and during sessions of Congress as well as statehouses.

God is:

- Referenced in the Congressional Record from the earliest sessions of Congress
- Referenced and honored physically in many federal and state government buildings
- Honored on our money
- Referenced in all but four state constitutions
- Referenced the Declaration of Independence

Author Dr. Jerry Newcombe recently wrote a column on this very subject. Newcombe reminds us that:

“The U. S. Constitution itself says that it was done “in the year of our Lord”—meaning Jesus. But also it was done in the 12th year of independence. The Constitution is predicated on the Declaration of Independence—our national birth certificate, which mentions God four times.” [2]

Dr. Newcombe also addressed the “Masonic” charge concerning some of the founders:

“As to the Masonic charge, I view it as an anachronistic charge. The Masons in America did not become anti-Christian until the 1830s and thereafter, long after the time of the framing of our founding documents.” [2]

Newcombe went on to say that we do ourselves a disservice (our history) in insisting that the U.S. and its form of government was not founded on and influenced by God.

Fast-forward to the U.S. of today – the U.S. is being slowly remade in the image of something else, or someone else (evil, Satan). There is a pall of darkness and evil covering and intermingling with the people of America, a spiritual darkness that is draining the life out of this country.

The Constitution, the very document that our laws are based on is now considered by many to be a “living document.” So what does that mean exactly? It basically means that the Constitution can be reinterpreted to mean whatever the

Politicrats want it to mean, and at any given time. This author cannot even begin to tell you how foolish and dangerous this is.

“Hold on, my friends, to the Constitution and to the Republic for which it stands. Miracles do not cluster, and what has happened once in 6,000 years, may not happen again. Hold on to the Constitution, because if the American Constitution should fail, there will be anarchy throughout the world.” –Daniel Webster [1]

God is being systematically removed from government, from holidays, from schools and universities, and even from the Church itself. The God worshipped in many churches of today is no god of mine.

“Those people who will not be ruled by God will be ruled by tyrants.” –William Penn [1]

Abortion is the law of the land, even abortion up to and including the day of birth – even the murder of the child AFTER he or she is born!

The Democrats and RINO's (the Politicrats) are Hell-bent on destroying this country and welcoming in the new age, the age of a One World government, of which the United States is a part of – and no longer a sovereign nation.

While Islam is welcomed in schools, Jesus is thrown out with the trash.

Much of the “Church” has little idea of what the Gospel is; let alone how to explain/teach it to someone else. The Church believes in a large amount of false doctrine, and ignores biblical precepts. Homosexuals and lesbians are welcomed as pastors; same-sex marriage is endorsed by many denominations today. Parts of the Bible are relegated to fairy tale status. Hell does not *really* exist and neither does the biblical account of the Great Flood.

It is easily observed that “anything goes” is the prevailing attitude in America, as evidenced by the content of the news, movies, and people’s own actions etc.

- How did America go from being a nation that largely worshipped God to a nation that largely has little use for God?
- Why was God thrown out of our government and our schools?
- How and why does the Church at large not believe biblical doctrine?
- Why are the Politicrats in favor of open borders, allowing all illegals into our country, and unlimited immigration?
- Why is President Trump constantly attacked?
- Why so much censorship in social media and the media?
- What is the goal of those who are anti-God?
- What if anything can be done to combat all of this?

I invite you to read my newly released book: *Spiritual Darkness is Destroying America and the Church* for candid answers to these questions.
