

Bobble-Heads . Lies

By Karen Schoen

August 25, 2025

Lies, Lies and more Lies! The Democrat Party is unraveling boldly, without shame, right before our very eyes. Lying is now a behavior totally acceptable and expected as the norm throughout our government and businesses. So, when did the acceptance of lying become acceptable?

Common Core Standards (CCS) education is called for in Agenda 21, Chapter 25 and Agenda 2030, Chapter 4. This mandate promotes a one-size fits all training, otherwise called "education to benefit the businesses favored by government". The focus is on training to work, whereby students are tracked early on and selected for certain favored jobs in the future. This outcome-based education breeds LYING and deception. The answer is known in the beginning so the method and procedure is often tainted with made-up-lies. This way, the answer comes out as-desired and as-predicted. A known outcome. Facts are no longer relevant. Since we have been teaching our kids to lie in school, why are we surprised they grow up to be liars?

Recently Randi Weingarten, President of the American Federation of Teachers (AFT, my union) is partnering with the Globalist Communist World Economic Forum (WEF) and Bill and Melinda Gates Foundation to create a world-wide curricula. The CCS training itself is made up of lies using anti-American, anti-family and anti-God algorithms. This training focuses on the bad, not the good. The Goal is to create a World Citizen with allegiance to no nation but only to a government/business that is in charge of the region in which they live. This New

World Order (NWO) with its unaccountable Non-Government Organization's (NGO) will regulate Americans with more lies. This was another reason open borders were allowed and encouraged ... No allegiance to your country.

Where do the lies come from? While the idea of CCS is bad, the real problem is the content of the materials the students read. Do you ever check what your family reads? Too many of us do not pay attention. Therefore, the content of many school materials are unnoticed although many are written by European socialists with a Muslim Bias. I personally believe that the Muslims (Saudi's) own shares of many textbook companies. Below are a few of the lies promoted in school and instilled in your children at their government schools:

- ◆ Communism is held in the most favorable light while the true history of communism is ignored.
- ◆ Capitalism is touted as selfish while facts and history are ignored.
- ◆ Children learn in clusters and are only as good as their group while individualism is shunned.
- ◆ Cursive is out – it eliminates individualism and the ability to read many of our nation's founding documents.
- ◆ American history is taught from 1865 onwards – the Reconstruction or Progressive era.
- ◆ The National Database, collecting about 400 data fields of an intrusive database, has no cost attached.

CCS is an unconstitutional and unproven fad which benefits only the providers at the expense of our kids' future.

Gates, Bush, Kipp, Broad, Pearson and other businesses are no longer needing to "train" their workers. The responsibility of worker training is shifted from the business to We the Taxpayer. You children become enslaved to their system. Gone

is creativity, individuality and ambition. There is no longer any need for these traits. Your child becomes part of the Hive mentality.

Panorama Education, co-founded by Merritt Garland's son-in-law, Xan Tanner, sells surveys to school districts nationwide, with a focus on "social and emotional climate," according to a report by Forbes. <https://nypost.com/2021/10/13/critical-race-theory-firm-linked-to-ag-garlands-kin-serves-schoolscompany-co-founded-by-ag-garlands-son-in-law-serves-over-20k-schools/>

CCS is consensus based not fact (truth) based. So, where do kids learn facts?

They don't. Instead, students are taught values of Communists, Progressives and extreme environmentalists. Then, we are surprised that they grow up becoming legislators that LIE.

As bad as lying is, the acceptance of lies is more severe as then Policy is based on lies. To make matters worse, Common Core Standards (CCS) outcome-based education uses the Skinner/Pavlov stimulus-response method of indoctrination. This method takes away the individual's ability to think as their responses come largely from emotional programming. Stimulating the emotional part of the brain eliminates the person's ability to use logic, reason and cognitive thinking in problem solving. Therefore, the person is forced to rely on choices provided by the government which we now know are lies. The person is nudged into agreeing with the government's "acceptable fixed response" creating a society of bobble-heads that are only capable of saying, "Yes Master". These "choices" become subliminal messages that the media uses to promote ideas and issues while eliciting the desired fixed responses from the people.

As the silent majority follows directions by not talking about politics and religion, or being politically correct, we

continue to perpetuate the lies.

Will you stand up? Will you stop accepting the lies? Will you demand justice?

I will not comply. Will you?

Florida has a new group, called the Reclaim Campaign. It is our desire to expose the RINOS, promote primaries and focus on reclaiming our elections, education and legislature. Enough with the RINOS and lobbyists running our state. Business as usual must become a thing of the past.

Only if you get involved.

Our guest today in segment 1 is Ed Vidal, Ed is an attorney, advocate for election integrity and a journalist. Ed will explain the Reclaim Campaign and the need to put one in your state. Do you have a Reclaim Campaign in your state?

Sam Sorbo is my guest for Segment 2. Sam Sorbo, author of Parents' Guide to Homeschool: Making Education Easy and Fun, is an impassioned advocate for home education. In addition to Parents' Guide to Homeschool: Make Home Education Easy and Fun, Sam is the author of They're YOUR Kids: My Journey from Self-Doubter to Home School Advocate to empower parents to reimagine their children's education standards and accept the responsibility, challenge, and immeasurable joy of personally teaching their own offspring. Sam also wrote Teach from Love, a school-year devotional for families that focuses on instilling godly virtues in their children. Of course, Kevin and Sam home educated their three children, graduating their youngest in Spring 2024.

Is America worth saving? What will you do?

Can you call your congressman while they are home? Will you tell them JAIL, TRIALS, NO more committee meetings? Can you tell them to uphold the Rule of Law? Can you tell them to

uphold their Sworn Vows of their Office?

Join me today with guests, Ed Vidal and Samantha (Sam) Sorbo, as we discuss solutions for Reclaiming our country through Education. .

Show: Sat and Sun 7AM ET and 5PM ET
