

# Bondi (A Total Joke) Must Be Replaced

## TOO MANY STRIKES AGAINST HER TO FORGIVE

We need a strong *focused* America-First AG to run Justice, given all the attacks on our liberty that we have experienced in these last years. Dangerous criminals are, literally, everywhere. We elected Donald Trump because he was America's last chance. ***He must be supported by the best legal minds in the business.***

Pam Bondi is NOT such a person. She has proven that.

NUMBER OF ARRESTS	
RUSSIAN COLLUSION HOAX	0
JAN 6TH	0
MAR-A-LAGO RAID	0
BIDEN AUTOPEN	0
2020 ELECTION	0
EPSTEIN PEDOPHILE ARRESTS	0
COVID	0
BENGHAZI	0
DOGE FINDINGS	0
UKRAINE IMPEACHMENT HOAX	0

Our very freedom depends on the strength of our legal teams for these next years. Lawfare is the main weapon of the left. A strong Attorney General is paramount to the continued existence of our body of Constitutional law.

I do not believe Pam Bondi is in that group of strong committed legal minds. She is in over her head, and it shows. IMHO.

She has shown herself incapable of holding the office of the highest legal professional in the land.

I've heard that President Trump likes (or liked) her as protection against "partisan weaponization" that used the DOJ against him in his first term, as well as for the next four years. I don't see this in her somehow. Seems she runs and hides more than she defends. She certainly is hardly the "bold" presence we need.

However, of late, I sense our President is losing all patience with her. She has ignored the six communists in Congress who have openly told the US Military that they should defy POTUS and his orders. These radicals must be removed from Congress at a minimum – followed by jail. They must be removed and penalized for breaking the law, NOW, to show the world the gravity of their offenses. Not next year, when Pam is done with whatever it is that she is doing now.

Bondi has played pussy-foot with the Epstein docs, until Congress had to vote for their release. Promises made, never kept in their entirety. To date, she still has not presented the documents. She has 25 more days – too do something she SAID she was ready to do months ago.

Then there is the Grand Jury fiasco with the criminal, James Comey, in the Eastern District of VA.

In that, there was an interim acting DA , for the northern District of VA, who made the presentation to the empaneled Grand Jury, of the charges against Comey, upon which the indictment was based. Comey was indicted, and the case was passed off to Lindsey Halligan who had done work for President Trump in his NY legal battles. Halligan, recommended by Trump for the position, was only on job for several days when this occurred.

In early November, a US Magistrate for the District, William Fitzpatrick, ruled that the process was hurried and flawed. [Fitzpatrick said his concern was that the Department of Justice \(DOJ\) chose to "indict first and investigate later."](#) Think of ALL the literal years she had to do this! Seems to me that, if Bondi really cared about what was happening to Trump for those years of constant lawfare, she would have had the legal

angles well researched.

WE all know, of course that James Comey is guilty of a myriad of things, but this is Northern Virginia, which is heavily populated by Leftists.

Fitzpatrick holds an appointed position, and was not nominated by Trump, when he took that EDVA office in 2022, so it is quite probable that he is one of the Leftists. His decision was almost definitely based on politics rather than the law.

***I would have expected Bondi to know this and act accordingly – with extra caution and attention to details.***

This alone, the sloppy treatment of an incredibly high-level and important case, makes me want Pam Bondi gone tomorrow. I am tired of seeing her. I am tired of hearing from, and about her. She spends more time on Fox news than she does behind a podium announcing important moves.

I have had enough of her personal media appearances that she uses to communicate. What is wrong with traditional DOJ communication methods such as press releases or joint statements with the POTUS? Maybe she thought her perfect manicures, false eyelashes et. al., wouldn't show properly. To me, they speak of all the hours she was NOT on the job and

should have been.

Btw, make-up experts estimate that her daily routine, done by others, takes 30-45 minutes a day, just FYI. I know. Kat's CAN be catty.

***What angers me the most is Bondi's ignorance – feined or real – of the Witness Protection Program to which TINA PETERS should have been moved long ago.***

**As Tina has become weaker and sicker in Colorado confinement and mistreatment, she could have been being held in Blair House or some safe and comfortable federal facility where she could have been cared for, so that she could serve as a key witness in the investigation into the stolen 2020 election!**

Bondi should have known and acted. Tina might be in better health today.

As the Trump administration is looking into that election, Tina Peters and the proof from her rigged voting machines, should be a star witness. Those reports that she took, which technically were not hers to take – her effort to prove Colorado election crimes – are why she is in solitary confinement today. ***She did that for us, for the country.***

The DOJ's inaction may cost Tina her life. Dear Lord, I pray not, many times each day.

I am joining those, calling for the resignation of Pamela Bondi. If Ms. Bondi does not have the moral fortitude to do so, I call on our President Donald J. Trump to fire her asap.

Thanks for listening to my tirade. This is incredibly serious time, for an innocent woman as well as the future of our country.
