May 8, 2023

The hordes are gathering to storm the border as Title 42 expires this Thursday. THIS and more are waiting to storm across OUR border. As of today, about 350,000 of them. Back packs and that's it.

YOU and I are being raped to pay for all their new clothes, phones, free medical, dental, illegal minors overloading our schools from dozens of countries who speak no English *bringing diseases into this county*. They steal jobs that belong to Americans and naturalized Americans. They steal the identity of Americans using stolen social security numbers creating a nightmare for the victims. Free housing and every other freebie you can think of. ALL borrowed debt slapped on our backs – more than ONE TRILLION DOLLARS SINCE RONALD REAGAN OPENED THE FLOOD GATES IN 1986.

Murderers: [Texas fugitive accused of killing 5 was illegally in US; deported 5 times,](#)

April 30, 2023.

That piece of scum killed his neighbors which means he was comfortably settled in a neighborhood, turns out for years. [ICE: Jailed](#)

[‘Wife’ of East Texas 5x Murder Suspect Also a Deported Migrant.](#) She’s not a migrant, she’s an illegal alien. The poor victims of that killer were from Honduras. Don’t know their immigration status.

90 men on the terrorist watch list have been caught before crossing over the border onto U.S. soil the past couple of years. Men on horses with AR-15’s and AK-47’s caught on cameras crossing over but not caught. How many terrorists weren’t caught? THOUSANDS – not hundreds, but thousands of Americans have been killed by drunk illegal aliens on roadways, highways and during the commission of a crime since Reagan welcomed them in the door.

**ALL of this was preventable.** In 2014, I did a column on the strongest anti-illegals bill ever written. 76 pages. [A Bill: Stop All Public Welfare in Any Form for Illegal Aliens.](#) Introduced by one of the most corrupt pieces of excrement who ever served in Congress, deceased Sen. Harry Reid, Democrat/Communist Party USA. Of course, over time, he changed his mind: open the border and let them all in. Dirty Harry’s bill cuts off ALL welfare at the state and federal level.

Zip, zero, not a penny. **This would self-deport tens of**

**millions of illegals along with STRICT employee verification as to citizenship status.** That bill also blows the myth about anchor babies automatically becoming U.S. citizens right out of the water. From the bill:

“In the exercise of its powers under section 5 of the Fourteenth Article of Amendment to the Constitution of the United States, the Congress has determined and hereby declares that any person born after the date of enactment of this title to a mother who is neither a citizen of the United States nor admitted to the United States as a lawful permanent resident, and which person is a national or citizen of another country of which either of his or her natural parents is a national or citizen, or is entitled upon application to become a national or citizen of such country, shall be considered as born subject to the jurisdiction of that foreign country and not subject to the jurisdiction of the United States within the meaning of section 1 of such Article **and shall therefore not be a citizen of the United States or of any State solely by reason of physical presence within the United States at the moment of birth.**”

Congress, not some Catholic charity, NGO, Gavin Newsom or anyone else has the constitutional authority to write legislation regarding immigration. [S. 1351 \(103<sup>rd</sup>\): Immigration Stabilization Act of 1993](#) had 3 co-sponsors, 2 Republicans, 1 Democrat. **So, you see, even back then Congress had no intention of curing the illegal alien problem.**

There was much ballyhoo last week about the illegitimate imposter president, Joe Biden, sending 1,500 military to the border over the invasion about to take place this week. **FACT: They are NOT there for enforcement, they're there to process paperwork so all those mostly illiterate illegals can flood our country.** Process the paperwork, put them on buses and get them shipped out to states.

Here in Texas our governor, Greg Abbott, has yet to grow a

pair. Yes, funding to the tune of billions of dollars have been poured into border security out of our pockets in taxes.

[Abbott sending 'quick-response teams' to border, wants federal action as Title 42 nears end](#) – “So far, Abbott has not fully explained his plans as the end of Title 42 approaches, but he touted the success of his 2-year-old Operation Lone Star initiative.”

Bull crap. He can *want* 'til the cows come home. Operation Lone Star has been successful to a degree. In that article above are statistics. Those law enforcement sent to the border have done the best they can **but they're overwhelmed as are border towns**. Last week listening to Joe Pags (filling in for Sean Hannity), he [had a guest on](#) whose been on the border for months. **Right now, in just one spot, El Paso, 35,000 just waiting to flood across the border.**

Since Biden usurped the office of president, there are 85,000 illegal alien children *who can't be found*. Where are they? Are they being trafficked? We know women and young girls are being raped in huge numbers by coyotes and drug cartel thugs. Stay in your own country, please, so this doesn't happen to you.

In the article above regarding Abbott's 'quick response teams', the whining regarding cross border trade to inspect trucks coming out of Mexico FOR SAFETY ON OUR HIGHWAYS tells you **the safety of Americans is of no consideration when it comes to money.**

In 2002, under Bush, Jr., Congress was GOP controlled. You can check the elections but the bottom line is even when Republicans held the majority with a Republican president, **they never fixed the problem; voters kept voting them back in during the primaries.**

After Trump was elected, I sent him, a dozen senators and U.S. House reps a letter with Reid's bill number and told them:

Get this introduced, passed and to Trump to sign. *Not a single response.* I waited three months and sent another letter with the bill number to Trump's top aide, Stephan Miller, Trump, Senators and House members. *Not a single Response.* They all ignored the solution. **Take away ALL welfare and they go back to where they came from or don't come at all.**

Congress was GOP controlled under Trump for 18 months. Trump fought tooth and nail for the wall while turn coat RINO's were stabbing him in the back. Partisan judges sided for lawlessness. The bottom line is this invasion would never have happened if Reid's bill had been signed into law under Trump.

Over the years I've done the same with Republicans in Congress who bellow about border control, *never a response.* The last one I recently sent was to Rep. Chip Roy [R-TX]. *No response.* I'm done wasting my time and being the lone voice on the solution. **If Republicans wanted to stop 95% of illegals crossing our southern border, they've had ample time and opportunity to get it done and they have not. Now it's up to us.**

What can we do? Unless millions step up to the plate, I might as well spit in the wind. And if I sound angry here it's because I am. I'm sick and tired of excuses about the border by people who do nothing except complain. Forget electing "conservatives" to Congress. There's maybe a handful who should stay. What have "conservative" Republicans in Congress done since Reagan opened the flood gates?

In that article above about Abbott, "Federal law prohibits using the U.S. military as a tool of law enforcement **except for extraordinary circumstances** such as quelling an insurrection." This is a reference to Posse Comitatus.

**What everyone needs to do is call or email Greg Abbott now and**

**keep calling.** Abbott declared a state of emergency effective May 1<sup>st</sup> but refuses to call this an invasion. Tell him this:  
Article I, Section 10, Clause 3, U.S. Constitution:

No state shall, without the consent of Congress, lay any duty of tonnage, keep troops, or ships of war in time of peace, enter into any agreement or compact with another state, or with a foreign power, or **engage in war, unless actually invaded, or in such imminent danger as will not admit of delay.**

Abbott: Call up every National Guard (*since we have no constitutional militia which is the true meaning of the Second Amendment, not hunting*) and get them on the border along with all his quick response teams. On the border in El Paso, Laredo and the other hot spots where illegals are gathering and waiting for Thursday. Abbott can call the president of Mexico and tell him: Get your military on the border here, here and here. We will NOT allow all those illegals to cross onto U.S. soil.

I don't care how much screeching comes from the "left", Gov. Abbott. Once those hordes put their foot on U.S. soil, they're gone. Tell Mexico's president to follow the 'third country rule' for those seeking asylum (**95% are NOT qualified**) and you keep them but they are NOT going to cross over into my state, period. We will use force if necessary.

By God, Greg Abbot: This is an invasion so it's time to go rent a bucket of guts and act upon your words with the U.S. Constitution as your weapon.

Abbott's phone number – *even if you don't live in Texas* because this will affect Americans in all the states – except Hawaii and probably Alaska: (512) 463-2000. [Go to this page](#) to send him email. No fax number listed.

Every county sheriff in all states should man the bus

station(s) in their city or town. If a bus pulls in with illegals – *mayors and governors aren't even being told* ahead of time– tell the bus driver to turn around and leave. You will not unload your bus full of illegal aliens in my county. If we remain silent, we will lose this fight.

**The Mexican government over the decades is just as guilty as Congress and past presidents.** Mexico has NOT done anywhere near enough to stop illegals crossing over into Texas, AZ and California *because they don't want to*. Mexico has done little to nothing [at their border with Belize and Guatemala](#) to stop the hordes of caravans they KNOW are headed for our border. That is a fact. Mexico has been happy to unload 25% of their poor, uneducated population into the U.S. to suck off the fruits of your labor or retirement nest egg. Parasites.

The Mexican government needs money that rightfully belongs to Americans. [Remittances to Mexican families rise to record high for February](#), April 5, 2021. (Money from stealing jobs that belong to Americans. I'm so sick of hearing illegals just want to come here for a better life while destroying **our** lives, **our** quality of life, draining **our** natural resources, **our** culture, **our** history, **our** country.)

“Remittances sent to Mexico, **a major support for the country's economy** and low-income families, rose to their highest-ever level for the month of February since records began in 1995, central bank data showed on Monday.

“Remittances to Mexico in February totaled \$3.174 **billion**, compared to \$2.732 **billion** during the same month last year. Cash sent back to family members this past January was slightly higher, at \$3.298 **billion**.”

The governments of Guatemala, El Salvador and Honduras have done nothing to stop their citizens they know are heading for the U.S. through Mexico. In violation of the U.S. Constitution, Congress (through Secty of State) has sent

personnel and TONS of borrowed money to those three countries to help *their* economies, “stop drugs” and trafficking.

A couple of weeks ago I also found out about the Darien Gap (Emphasis is mine). [EXCLUSIVE shocking footage of UN-funded mass migration camp in Panama](#) – “Brighteon founder Mike Adams interviews war correspondent Michael Yon who is on site at the UN migration camp (San Vicente) at the Darien Gap in Panama, where both the United Nations and the **USA are funding mass human migration activities to shuttle migrants from all over the world into the United States.**

“Migrants moving through this UN camp include people from the Middle East, Europe, Haiti and China, among many South American citizens. As part of the interview, I was able to speak with a Chinese couple (in Mandarin) and confirm their country of origin (mainland China) and their destination (the United States).” **They have to come through Mexico to get to the U.S. border.**

[UN: As many as 400,000 migrants may cross Darien Gap in 2023](#),  
April 13, 2023

**So, what are YOU willing to sacrifice to send a clear message to Mexico’s government along with Honduras, El Salvador, Guatemala and Costa Rico?** After NAFTA, grocery stores were flooded with fruits and vegetables from those countries. To this day I buy NOTHING not grown in the US. **I go without.** Sure, I’d like to buy cantaloupe but they all come from Honduras. Tomatoes from Mexico. Many times I’ve gone more than a month without buying any until some from Canada came in and now Texas grown are in our stores. I’ve done this since NAFTA (No American Factories Taking Applications) was signed in Dec. 1993. What about you?

**Is freedom and liberty more important to Americans than a cantaloupe, strawberries, watermelon, lettuce or anything else shipped here?** If it says Mexico, Honduras or the other

countries I simply will not buy. **I support our farmers and ranchers first.** The one way to hit back is with our wallets just like the massive backlash against Bud Lite. Let fruits and vegetables rot in the stores and those governments will get the message. FOX network is hemorrhaging viewers by the millions since they took Tucker Carlson off the air.

This is your voice America and you've done a great job, now let's get it done to stop illegals. We've beaten back amnesty bills since 2007; that fight is coming again but for right now, the hordes must be stopped.

No vacation in Mexico. *Is that too much to give up for our republic?* No conventions or conferences. *Is that too much to give up for our republic?* Boycott the hell out of them and they'll get the message. You refuse to stop the hordes at our border showing us you have no respect for the sovereignty of our border. Fine. You will NOT get a penny from me whether it's vacations, business or food. This is the non-violent way and it will work if EVERYONE makes the effort.

**#BoycottEverythingMexico along with a link to this column and get it out on Twitter.** We'll see just how much Elon Musk allows free speech. People will re-tweet. Ten people know ten people who know ten people and before you know it, a million people have received the tweet.

**We're in a war for the survival of our republic. Got that, America?** Right now, this invasion is about to create yet another a massive disaster at the border. Abbott needs to act now with a show of force. Too bad if Biden and his handlers don't like it. Too bad if Republicans in Congress don't like it. What are they going to do? Send troops to shoot our National Guard and Rapid Response teams? To Texas? Not a good idea. Call their bluff, Abbott.

#BoycottEverythingHonduras.      #BoycottEverythingGuatemala,  
#BoycottEverythingMexico.      #BoycottEverythingElSalvador.

#BoycottEverythingCostaRico with a link to this column. Flood Twitter. Is our country worth the few minutes it takes to send out those hash tags? Get those hash tags out there and hit them where it hurts the most: \$\$.

**Stop enriching those who are aiding and facilitating this invasion and the destruction of our country.**

All those illegals are being bused around the country. No reliable vetting, if any. There's not enough manpower to do

background checks on hundreds of thousands of illegals all at one time. Think the rapists, murderers, drug dealers, gang members, terrorists won't show up in your town or city, think again. How many more Americans need to die at

the hands of illegal aliens? [18-year old illegal immigrant charged in US bathroom rape case – 14-year old girl raped in school bathroom by 18-year old ninth grader residing in US illegally.](#) **Will your daughter, wife, sister, mother be the next victim?**

Those who fought in our Revolutionary War against the British went without shoes in the winter in snow as well as not enough food. Nathan Hale was only 21 years old when the British hanged him. **Their sacrifices of rivers of blood will mean nothing if we lose our country to illegal aliens and a permanent open border.** Then get down on your knees America, beg God to help us save our republic.
