

Bush Funeral: An Orwellian Space Opera

The memorial services for the late President George H. W. Bush were so over the top that it transcended an Olympic ceremony or a Broadway musical production such as *Les Misérables*.

Beneath all the pomp and ceremony were multiple messages for the primary demographic target – conservatives, Republicans and Christians. The purpose? To redefine and rebrand patriotism, conservatism and Republicanism in the subconscious mind.

Masterfully layered into the Bush memorial services were repetitive symbols like American flags, Bibles, church sanctuaries, choirs, military rituals, and families along with the sounds of Christian music and patriotic testimony, Bible verses read aloud, Christian songs, and the synergistic forces of God, country, duty and service.

For the informed viewer, these are the signatures of persuasion experts like journalist and political commentator Walter Lippmann, “the father of public relations” Edward Bernays, and Nazi Reich Minister of Propaganda Joseph Goebbels who produced massive rallies with over 180,000 people packing mega-stadiums with massive Roman columns, Wagnerian opera music, and giant Nazi flags featuring swastikas – an occult symbol from ancient Tibet. During these rallies, tens of thousands of people lined up in endless rows shouting “Sieg Heil” as they raised their arms and hands in the Nazi salute.

The propaganda genius of Goebbels, the talents of Albert Speer, the Nazi architect who built massive, futuristic Nazi stadiums and buildings for giant rallies, and the stirring music of Richard Wagner, the highly-gifted composer and director of Hitlerian operas, combined to catapult Nazi leader

Adolf Hitler to a Messiah-like level.

This is not to suggest that the late President Bush was a Nazi because he wasn't. President Bush's highest loyalty appeared to be towards an idealized New World Order, a massive fact completely erased in the mass media spectacle.

Bush, Sr. and the New World Order

The behind-the-scenes, Orwellian propaganda masters carefully rewrote and revised the history of President Bush, Sr. from one of a total commitment to the New World Order to one of a total commitment to Christianity and the Bible.

Consider a few of his past remarks.

On February 28, 1990, he spoke at the United Nations, saying: *"Time and again in this century, the political map of the world was transformed. And in each instance, a new world order came about through the advent of a new tyrant or the outbreak of a bloody global war, or its end."*

On September 11, 2001, he said, *"Out of these troubled times, our fifth objective—a new world order—can emerge... We are now in sight of a United Nations that performs as envisioned by its founders."*

On September 11, 1990, he delivered an address to Congress titled, "Toward a New World Order," regarding the crisis in the Persian Gulf after Iraq invaded Kuwait the previous month.

President Bush, Sr. repeatedly spoke before the nation and the world in support of the New World Order.

In the best-selling FaithWords/Hachette book [*Trumpocalypse: The End-Times President, a Battle Against the Globalist Elite, and the Countdown to Armageddon*](#) by myself and Troy Anderson, a Pulitzer Prize-nominated investigative journalist, we uncover the Deep State forces that are allied with numerous secret societies in an all-out effort to remove President Donald

Trump from office.

An Orwellian Deep State Funeral

The President Bush, Sr. funeral services featured an endless series of evangelical Christians, Christian symbols, Bible verses and Christian hymns. Instead of summoning the adopted Nazi god *Wōtan* and German philosopher Friedrich Nietzsche's *Übermensch*, or superman, the Orwellian Deep State producers epically created endless funeral ceremonies for the late President Bush, which were perhaps the single, greatest global pageant surrounding the death of any world leader in the past 100 years.

Although, stylistically and ideologically different than the Nazi's annual Nuremberg rallies, the Deep State producers of what can only be described as the "Bush-Orwellian Space Opera" were very similar in construction of a massive, media propaganda machine on many subconscious levels that tapped into the Jungian archetypes of the collective consciousness.

Swiss psychiatrist and psychoanalyst Carl Jung theorized that Hitler and the Nazis had released a powerful spiritual being named *Wotan, or Odin*, that supernaturally energized Hitler and the German people. In Christian theology, *Wotan* would be characterized as a specific territorial spirit that can rule over a nation. This ancient Nordic and Germanic god are connected to Yale University's Skull and Bones, the secret society that the late President Bush, Sr., and his son President George W. Bush belonged to.

Inside three different majestic cathedrals, the Bush Dynasty consisting of former President George W. Bush, former Florida Gov. Jeb Bush, President Bush, Sr.'s granddaughters and other notables, gathered to pay their respects to the late Bush, Sr. Former President Bill Clinton and former presidential candidate Hillary Clinton, former President Barack Obama, current President Donald Trump, and their wives, were in

attendance at the funeral ceremonies of the late President Bush, Sr. which took place at numerous locations with unrivaled glory, pomp, worshipful music, endless Bible verses, traditional Christian hymns, and choreography that exceeded the devotion given to any modern king.

Funeral Designed to Reprogram 'Deplorables'

In fact, this was on many levels deeply moving to Americans of all political persuasions and specifically designed to reprogram the minds of what Hillary Clinton called the "Deplorables," or conservative President Trump supporters, through a strategic "counterpoint process" that subliminally caused both Republicans and President Trump supporters to subconsciously compare and contrast the behavior and style of Donald Trump with an idealized and mythological President George H. W. Bush who became larger than life.

When Jenna Hager Bush, one of the granddaughters of President Bush, Sr. read from the 21st chapter of the book of Revelation it was very moving.

" Now, I saw a new heaven and a new earth, for the first heaven and the first earth had passed away. Also there was no more sea. Then I, John, saw the holy city, New Jerusalem, coming down out of heaven from God, prepared as a bride adorned for her husband. And I heard a loud voice from heaven saying, 'Behold, the tabernacle of God is with men, and He will dwell with them, and they shall be His people. God Himself will be with them and be their God. And God will wipe away every tear from their eyes; there shall be no more death, nor sorrow, nor crying. There shall be no more pain, for the former things have passed away.' Then He who sat on the throne said, 'Behold, I make all things new.' And He said to me, 'Write, for these words are true and faithful'" (Revelation 21:1-5).

In a very revealing manner, every major television network broadcast the ceremonies and heaped worshipful comments on the late President Bush, Sr., as if he was the Messiah.

Please do not misunderstand my words here. I am not implying that this was the intention of the Bush family and the deceased President Bush, Sr., but this entire event spanning over several days was masterfully planned and directed by one of the world's most gifted creative teams – a team that understood the deep-seated need of ordinary people to worship, if not God, then a man.

The funeral of the late President Bush, Sr. took place in multiple cathedrals in which major evangelical leaders, singers, and musicians sang “Amazing Grace,” “Onward Christian Soldiers,” and other traditional Christian hymns. The Bush family and others also read actual Bible verses.

The late President Bush, Sr.'s granddaughter, Jenna, read a moving passage from Revelation, yet about three-quarters of evangelical churches in America forbid the teaching of the entire book of Revelation and any secular or public employee, teacher or student who dared to read that exact same passage of the Bible would be punished, fined or fired!

Lauren Bush and Ashley Walker Bush, the daughters of businessman Neil Bush, read from the book of Isaiah where it states, “The sun shall no longer be your light by day, nor for brightness shall the moon give light to you by night, but the Lord will be your everlasting light and your God will be your glory” (Isaiah 60:19).

The Coming Global System – ‘Mystery, Babylon’

The verses read by Jenna, Lauren and Ashley are what theologians call the prophetic verses of the Bible. But the ultimate focus of the prophetic verses consists of very strong warnings about a coming one-world government, one-world religion and one-world economic system known as “Mystery,

Babylon" that will be ruled by the Antichrist.

The first Babylon arose at the time of the Tower of Babel, as described in eleventh chapter of the book of Genesis. This was the world's first global government, religion and economic system that God judged because He knew it was Luciferian in nature.

God's judgment upon ancient Babylon consisted of destroying their globalist society and separating the nations and the peoples of Babylon into independent, sovereign nation-states in order to establish checks and balances and prevent a Luciferian global dictatorship from emerging.

Through these judgments, God reveals Himself as being in support of nationalism and against globalism. Ancient Babylon was the world's first New World Order.

In the best-selling FaithWords/Hachette book [*The Babylon Code: Solving the Bible's Greatest End-Times Mystery*](#) by myself and Troy Anderson, the former executive editor of *Charisma* magazine and a *Los Angeles Daily News* reporter, we explore this biblical mystery in great depth, revealing the link between today's globalists, secret societies that passed down occult knowledge over thousands of years, and the Tower of Babel.

Babylon was the First New World Order

Through the prophetic verses God warns about a soon coming second New World Order and a globalist system that is satanic in nature and one which Jesus Christ will judge and destroy at His literal Second Coming.

It must be understood that the New World Order, which is the goal of many secret societies such as Skull and Bones, is a counterfeit of the Kingdom of God.

The prophetic verses of Scripture warn that Jesus Christ is

returning to planet Earth to destroy "Mystery, Babylon" at the Battle of Armageddon where Christ will defeat Satan, the Antichrist, False Prophet, the fallen angels, and the New World Order.

Jesus Christ will then bring in the New Heaven, New Earth and New Jerusalem where all those who put their faith in Him will enter Paradise in an eternal dimension and live forever.

Conversely, all those who choose to worship the Antichrist as God will be sentenced to a cosmic prison called the Lake of Fire for all eternity.

It's very difficult to believe that the late President George H. W. Bush, former President George W. Bush, former Florida Gov. Jeb Bush and other members of the Bush family who claim to be strong "born again" Christians would not be aware of one of the central themes of the Bible and not be aware that the beliefs of Skull and Bones are in direct opposition to that of the Bible.

The Goal was to Degrade President Trump

The mainstream media is continually revealing its Orwellian nature by operating as the one, unified monolithic voice of Orwellian Big Brother. They must be reading from the same script told to us non-stop about how incredibly Christian, kind, sensitive, humble, people oriented, servant-like, great listeners, and deeply-committed Bible believing Christians the late President Bush, Sr. was, and then programmed the viewers into comparing the aggressive and bold President Donald Trump with an illusory President Bush, Sr. who apparently was more Christian than evangelist Billy Graham.

The mind-control goal was to degrade President Trump and erode the loyalty of his base. One of the primary ways to do this was to reinvent President Bush, Sr. as an "on-fire evangelical Christian."

But if the late President Bush, Sr. and other Bush's are such devout evangelical and born-again Christians how can they simultaneously be members of a secret German occult society known as Skull and Bones, which advocates the New World Order that is warned about in Genesis 11 and the book of Revelation, and which the Bible says that Jesus Christ is coming back to destroy this New World Order, or "Mystery, Babylon"?

The Skull and Bones secret society, also known as the Brotherhood of Death, uses a symbol of a human skull and a pair of human crossbones very much like the symbol of pirates.

Hitler's highest-ranking Nazi officers wore leather trench coats and military caps with the Skull and Bones on them. They also wore the Skull and Bones proudly on their belt buckles, above their medals, and in other places. Skull and Bones, or the Brotherhood of Death, comes from the Thule Society, a secret German occult society dedicated to creating the New World Order.

In Bush family history, Prescott Bush, the father of the late President Bush, Sr., had a business relationship with E. H. Harriman who purchased the Union Pacific Railroad with the help of the British royal family and members of the Rockefeller family.

A private bank was created for Harriman's sons, Averell and Roland Harriman. In 1926, Bert Walker connected with the Morgan family who brought his son-in-law, Prescott Bush, into the bank that began gaining control over German shipping and business assets.

Prescott Bush and Harriman were members of Skull and Bones. Prescott Bush was connected to the funding centers for Adolf Hitler and the Nazi Party. Prescott Bush was very active in launching the career of President Bush, Sr.

This doesn't mean that the late President Bush, Sr., former President George W. Bush, and other members of the Bush family

have Nazi-like intentions, or that Skull and Bones today has the exact same beliefs as Skull and Bones did in the past.

But on the most basic level there is an inherent conflict between the teachings of the Bible regarding the New World Order and a system of global government.

The fact is that during the Orwellian Space Opera surrounding the funeral of the late President Bush, Sr., there was a strategic and methodical effort to revise the history of the late President Bush, Sr.

All of the late President Bush, Sr.'s many references to the New World Order were erased from the mass consciousness of millions of people, not by the Bush family, but by an Orwellian media.
