

Busted: The Ukraine Whistle Blower Fiasco is a Last Ditch Desperate Democratic Setup to Stop Trump

Greg Holt

“This does not at all look like a setup in progress, just like the Mueller investigation was a pure non-partisan investigation into the truth – pure as the wind driven snow.”

([True Conservative Pundit](#))

It has become inherently obvious to anyone capable of thought anyway – that the Ukraine fiasco was a deliberately planned and well executed attempt to prevent a continued Trump presidency in 2020.

The Mueller investigation despite millions of dollars of taxpayer money spent and years of time and resources wasted – was a complete bust.

Dead. On. Arrival. Enter the Trump/Ukraine call, where the evil dictator Trump ordered the Ukraine government to look into Joe and Hunter Biden’s nefarious activities, or else. Except – it did not happen that way.

In my recent article, [Hollywood’s Trump Derangement Syndrome is Off the Charts – the Return of the Queen – Mini AOC, She’s Baaaaaack!](#), I wrote that:

“The Democrats are head-over-heels in love with impeaching the tyrant Trump. Yet they ignore serious evidence of massive wrongdoing by Hunter and Joe Biden in Ukraine. Never mind that the [Ukraine call transcript](#) verifies that Trump did nothing wrong, and that the [Ukrainian president, Volodymyr Zelenskiy](#) backed up this assertion.”

Meanwhile, Adam bubblehead Schiff *knew* all about the whistle blower complaint before the complaint was filed according to [The Washington Examiner](#):

“House Intelligence Chairman Adam Schiff knew the details of [the whistleblower’s complaint against President Trump](#) before it was filed because the CIA officer went to one of the committee aides beforehand, according to the *New York Times*.”

So the intelligence committee chairman knew about this beforehand and said nothing, that is until it was politically expedient to do so. Maybe this would not seem to be so bad on the face of it, except that it is becoming apparent that the wolf’s lion’s share of the wolf’s den knew about this long ago!

The House Ways and Means Committee Chairman, Richard Neal who of course is a Democrat – knew of the whistle blower complaint in *July*. This is the *same* committee that is seeking six years of President Trump’s tax returns. Coincidence?

Not. A. Chance.

[Business Insider](#) reported:

“The individual who filed a second whistleblower complaint against President Donald Trump is an Internal Revenue Service (IRS) employee, the Washington Post reported Thursday.

The complaint alleges ‘inappropriate efforts to influence’ the agency’s audit of Trump’s tax returns, according to a court

filing from the House Ways and Means Committee.

According to the Post, the person who allegedly tried to interfere with the audit is a political appointee at the Treasury Department.

There aren't many government officials who have access to the president's and vice president's tax documents, Jeffrey Cramer, a former federal prosecutor who spent 12 years at the Justice Department, told Insider."

There are a few problems with all of this:

- Who is the IRS employee, and is he or she a Democrat?
- Who is the political appointee and is this yet another Democrat, or a RINO?
- If this is all on the up and up, why are the sources not named?

The [Gateway Pundit](#) is reporting that the Ukraine whistleblower is a registered Democrat. Imagine my shock at reading this (eye roll)...

"Then just days after the whistleblower filed a claim of wrongdoing by President Trump, an aide to Schiff flew to Ukraine.

The trip by a staffer on the House Permanent Select Committee on Intelligence, on which Schiff serves as chairman, was 'sponsored and organized by the Atlantic Council think tank,' Breitbart reported. 'The council is funded by and routinely works in partnership with Burisma, the natural gas company at the center of allegations regarding Joe Biden and his son, Hunter Biden.'" ([Source](#))

This does not at all look like a setup in progress, just like the Mueller investigation was a pure non-partisan investigation into the truth – pure as the wind driven snow. I have beautiful and luxurious water front property for sale

in the middle of the [Mojave Desert](#) too...

By all appearances, [Speaker Pelosi also knew about this whistle blower](#), as well as former [CIA boss John Brennan](#). Who is really guilty of collusion here? Brennan was also on Twitter mouthing off about how [James Comey](#) is akin to truth personified. Oh please Brennan, give it up already. Let me remind the reader, Brennan presided over the CIA during Obama's tenor, and [Brennan helped get the Trump/Russia collusion fabrication rolling](#).

At least Brennan didn't name Comey as a successor to Christ – seriously, [a church in Sweden proclaimed Greta Thunberg as a successor to Christ](#). Where have we heard this utter nonsense before – oh right, Obama was compared to Jesus Christ too. No blasphemy here folks, nothing to see here.

Just as further proof that Brennan is a mentally unstable fool shooting his mouth off, consider the following:

“There is no doubt that @realDonaldTrump precipitated this crisis by reneging on nuclear deal & declaring economic war on Iran. We now face a major national & international security challenge because of Trump's reckless incompetence. A bipartisan strategic response is essential.”

My reply to this nonsense:

“(1) Fool...Comey is a traitor to this country as are U and your pals the Clintons. U and your compatriots dress up your responses as patriotic and in the best interests of this country. But your interests are money, power, and the continuation of the status quo. @realDonaldTrump”

“(2) @realDonaldTrump is a better man than you or Comey will ever be. #DrainTheSwamp #corruption #ClintonBodyCount #Trump #Trump2020 #Election2020 #MAGA #stupidity”

I have to say it – how is it possible that a former leader of

a very powerful agency in the U.S. government can be this obtuse if not outright stupid?

Actually, it is all about money and power, and the Democrats are absolutely desperate to manufacture anything that they feel will help them to oust Donald Trump from power – he is a threat like none before him. The Dems are certainly attempting to head off a Trump 2020 presidency, because he is a threat to their system, and the *system* equals money, power, and the rolling out of the welcome wagon for the New World Order, or the One World Government, same entity. The aim here is to destroy the sovereignty of the U.S., while ushering in the NWO.

If you do not understand the deep and utter importance of; and the absolute necessity of U.S. sovereignty (and even if you do), read Steven Groves excellent article on this: [Why Does Sovereignty Matter to America?](#)

America (specifically the United States – as I was roundly criticized for not pointing out in a recent article) is being led down the path of utter destruction, but it seems as though many people in the U.S. do not seem to realize this – let alone understand it. They will – when it is too late.

This latest attack on Trump and the specifics surrounding it should be all the evidence anyone needs that the Democrats are engaged in a battle to destroy Trump and all who support him – in order to return to the status quo of the Washington DC perpetual swamp. And the swamp is *not* We the People friendly, rather it is we the criminals, friendly.

Trump is nowhere near perfect, and is rightly criticized for some things such as his support for more gun laws. But kicking Trump to the curb because of this and other issues is akin to throwing out the baby with the bathwater, something some of my fellow conservatives don't seem to comprehend.

[As far as the Democrats and the RINOs go](#) – well all they see

is maintaining the status quo. In other words, helping themselves to your money, keeping power for themselves, and doing what they want, when they want – all at the expense of the U.S. taxpayer, and at the cost of U.S. sovereignty.

After all, what is more important – a safe, sovereign, and secure United States of America, or money, power, and the status quo? Your answer should determine your vote.
