

California's big threat to protect illegal aliens

After three decades since Ronald Reagan opened the flood gates for illegal aliens, FINALLY both states and the federal government are starting to crack down on the myth known as sanctuary cities. Like San Francisco, the City of Sodom, where a young woman in the prime of her life was gunned down by a career criminal illegal alien. Kathleen Steinle's last words as her father held her were "Help me, dad".

That waste of human skin who killed that innocent woman claims he was using the stolen gun to shoot at sea lions and hit her instead. I guarantee you if that illegal alien had succeeded in killing a sea lion all hell would have broken loose in outrage by the same useful fools who defend protecting illegals. They would have turned on him in a NY minute.

While Americans continue to be murdered, robbed and raped by ILLEGAL aliens, the U.S. Congress regardless of which party controls both chambers, have played politics. The criminal impostor who just left the White House could care less about a white female being murdered in the City of Sodom. If the victim had a been black, Barry Soetoro aka Obama would no doubt have released a statement saying he/she could be my son or daughter.

The Carnage Continues

[Fullerton \(California\) Police Looking For Undocumented Immigrant Suspected Of Sexually Assaulting Girl](#), 5, January 11, 2017. My grandparents were immigrants. Illegal aliens are not immigrants, but according to the mentally ill PC police, calling them what they are is racist.

"Cubias has an outstanding \$50,000 arrest warrant for a DUI from 2014 under the name "Jose Cubias" and police say he uses

multiple aliases, including Jose Cubias, Jose Cubias Arevalo, Jose Riberto Cubias, and Jose Alfonso Cubias Arevalo. Detectives say they believe that Cubias now knows he is wanted by police and is on the run from law enforcement.” Another pedophile who should have been arrested and deported long ago.

Sheriff: [MS-13 Gang Brings Machetes, Rape, Scalping to Texas](#)

“We are inexperienced in seeing the level of brutality, savagery that MS-13 is doing here in Texas,” the south Texas sheriff told the listeners. “There are many cases in the Houston area. And out of 20,000 gang members in Houston, about 800 of them are MS-13, Mara Salvatrucha.”

“But the violence that they commit in Houston, Harris County, is unbelievable,” he continued. “And most of our citizens are unprepared and don’t have the knowledge on what’s actually going on with these gang members here in the state of Texas. And having the border here in Texas affords us a unique look into exactly what’s happening to our country, which appears first most of the time here in Texas.”

They came mostly from Guatemala but many are also from Mexico.

[17 Colombian Nationals Arrested for Burglarizing Houston Communities](#) (4 are being detained by ICE meaning they are likely illegal aliens not undocumented immigrants)

Report: [Illegals Committed 600,000 Crimes in Texas in 6 Yrs](#)

“An internal report by the Texas Department of Public Safety obtained by [PJ Media](#) reveals that over a span of about 6 years, illegal immigrants in the state committed over 600,000 crimes and were involved in nearly 3,000 homicides.

“According to PJ Media, the Texas DPS report found that from October 2008 to April 2014, **177,588 “unique criminal alien**

defendants” were booked and committed 611,234 unique crimes, including 2,993 murders:

“From October 2008 to April 2014, Texas identified a total 177,588 unique criminal alien defendants booked into Texas county jails. These individuals have been identified through the Secure Communities initiative, in which Texas has participated since October 2008. A review of these 177,588 defendants shows that they are responsible for at least 611,234 individual criminal charges over their criminal careers, including **2,993 homicides and 7,695 sexual assaults.**”

All those lives and families destroyed so vile politicians and special interest groups can protect illegal aliens. Those are just the ones who’ve been caught. Think you or your loved ones won’t be a victim? **Think again.**

The massive invasion by illegal aliens is the number one reason why my late husband and I left California in 2006. California has a personal state income tax; Texas, where I reside, doesn’t have one. Taxation in California is astronomical and a massive amount is spent protecting individuals, regardless of age or country of origin, in the state illegally. They are given a free ride while hard working Californians scrimp and scrape along trying to provide for their families.

We know illegals are voting. Their state legislature has been dominated by racists and Marxists for DECADES and lunatics for governors; former cocaine snorting current governor Jerry Brown and Arnold the idiot Schwarzenegger to name two. Their former Attorney General, Kamala Harris, is a stinking communist. She took retiring Senator Barbara Boxer’s seat so we have another Red in Congress.

"Wednesday's post, [Donald Trump Has an Enormous and Very Dangerous Wall Street Blind Spot](#), highlighted the fact that the bank run by Trump's Treasury Secretary nominee, Steven Mnuchin, was given a pass by California attorney general Kamala Harris, despite the discovery of over a thousand legal violations. Kamala Harris has since been (s)elected to the U.S. Senate. Here's what we've learned:" (Rest at link)

Gov. Jerry Brown and his Marxist buddies are so mad President Trump is doing what the U.S. Congress has refused to do for decades, they're now doing some big time chest thumping:

[California Could Cut Off Feds In Response To Trump Threats](#), January 27, 2017: "SAN FRANCISCO (KPIX 5) – The state of California is studying ways to suspend financial transfers to Washington after the Trump administration threatened to withhold federal money from sanctuary cities, KPIX 5 has learned."

All to protect the parasites feeding off the host. That would be illegals sucking off the paychecks of hard working Californians protected by elected officials now in positions of power:

[L.A. Mayor Sets Up Justice Fund to Protect Criminal Aliens](#)

Art Torres, California Democratic Party chairman, at the Latino Summit Response to Prop 187 at U.C. Riverside (Jan. 14, 1995): "Power is not given to you, you have to take it! People say to me when I was on the Senate floor, when I was in the Senate, why do you fight so hard for affirmative action programs. And I tell my white colleagues: because you're gonna need them. Remember, 187 is the last gasp of white America." [READ this column I wrote on April 30, 2010](#). It's far worse now.

"If anyone's going to be deported, it's going to be you! ... Get out! We are the future. You're old and tired. Go on. We have beaten you – leave like beaten rats. You old white people, it

is your duty to die. Right now, we're already controlling those elections, whether it's by violence or nonviolence. Through love of having children we're going to take over." Augustin Cebada, information minister of Brown Berets, militant para-military soldiers of Aztlan [shouting at U.S. citizens](#) at an Independence Day rally in Los Angeles. In other words and also politically incorrect, they're going to out breed everyone else.

I'm also sick to death of hearing the bleeding hearts with their "breaking up families" BS. You deport the minors right along with their illegal parents. Children born of Mexican parents on U.S. soil are NOT 'anchor babies' or U.S. citizens. They are citizens of Mexico; [see my column here](#).

[SF Archbishop: Church Will Help Illegal Aliens 'Know Their Rights'](#). Really? The only rights illegal aliens have is humane treatment on the way back across the border. Shame on the Catholic Church for aiding and abetting illegals.

I hope you take the time to read that piece because once again, illegals are treated like royalty because there's **big money in it for private organizations**.

Governor Greg Abbott [R-TX] has taken a hard line against sanctuary cities in this state. Currently he's engaged in a legal battle with one sheriff who loves, adores and protects criminal illegal aliens:

[Sanctuary Sheriff Faces Removal From Office For Aiding Criminal Illegals](#)

"Travis Co. Sheriff Sally Hernandez is facing removal from office after defying Texas Gov. Greg Abbott's call to end "sanctuary city" policies which aid criminal aliens...

“First, you claim you have no legal power to comply with ICE detainers. That proves too much, of course, because by your own admission, Travis County Sheriff’s Office will honor some ICE detainers, for example when the alien is charged with or convicted of capital murder,” Abbott wrote. “You have the exact same legal authority to honor ICE detainers for capital murder cases as you do for other crimes that you personally deem unworthy of enforcement.”

“...Under your reckless policy, for example, dangerous criminal aliens convicted of felonies like murder, aggravated assault, human trafficking, including child sex trafficking, aggravated kidnapping, including sexual performance by a child or indecency with a child, dangerous gang activities...,” he added.”

That Sheriff had this to say: ‘Hernandez declared that honoring the detainers would make the “community less safe by driving people into the shadows.”

No, Sally. It’s not about driving people into the shadows. It’s about upholding our federal immigration laws and getting rapists and murderers off the streets in not only Austin but the rest of our state. We want to flush them out and get them deported before they can harm one more American. **Not to mention the cost to Americans being taxed into poverty: [Over 300 Sanctuary Cities Are Costing State and Local Taxpayers over \\$7,000,000,000 Annually](#)**

If you support Gov. Abbott’s strong and politically incorrect stand on this issue, give his office a quick call and thank him for standing up to the enablers: (512) 463-2000. Here in Texas thanks to our legislature and governor, [illegals do NOT get birth certificates](#).

It’s a tragedy the constitutional militia has not been reconstituted by our state legislature and put on our border. Instead, the hordes just continue to flood across the border.

Dr. Edwin Vieira was my guest on my radio show, **January 25th**. The constitutional militia and border security was discussed. If you'd like to listen to that show or any of my shows, [go to my archives here](#).

[Trump to start deputizing sheriffs for illegals enforcement:](#)

“To build his highly touted deportation force, President Donald Trump is reviving a long-standing program that deputizes local officers to enforce federal immigration law.”

As for President Trump's executive action to stop refugees and other status individuals from terrorist states, holy smokes! The left has gone berserk. The [American Communist Lawyer's Union](#) [ACLU] immediately jumped into the fray. Two judges have temporarily blocked Trump's efforts to try and keep terrorists out of our country. However, their rulings don't strike down Trump's executive action. It simply means more BS Congressional hearings. There are bound to be some glitches and there have been, but they are being fairly resolved.

The issue here is national security and superb writer, Lawrence Sellin's piece hits the ball out of the park:

[Iraqis are “offended” by Trump's temporary refugee ban?](#)

“Joining the chorus of anonymous Iraqis is anti-Trumper Clint Watts (“A Trump victory could pave the way for Russian ascendance and American acquiescence”), who states:

“We invaded Iraq and displaced people. We have since relied on Iraqis as partners to fight against ISIS. If we don't want to deploy thousands of troops to fight these terrorist groups, then we rely on partners in Iraq and elsewhere. This [Trump's] policy sends a very negative message to countries where we will need indigenous support from translators and peacekeepers.”

“That is, Iraqis have no responsibility for the security of their own country or an interest in combating radical Islam

and will only accept our assistance in the effort to free Iraq from the threat of ISIS on the condition that we re-locate Iraqis to the U.S.

“Compassion has its place, but not as blackmail, especially, as in this case, when it conflicts with protecting U.S. citizens. American foreign policy has, for too long, been the captive of a liberal need for emotionally satisfying gestures and a willingness to subvert our interests by submitting to the psychological demands of another culture.”

Since the foolish Prime Minister of Canada is happy to welcome refugees from terrorist supported countries, they should all head there: [Prime Minister Justin Trudeau says Canada welcomes refugees](#). I guess Canada's newest 'rock star' hasn't been paying attention to the destruction of Europe and countries like Sweden:

[Refugees Welcome! Sweden: Two Afghan Muslim migrants revealed as those who streamed 3-hour rape on Facebook](#)

Wait until a few thousand women in his country are raped by Muslim refugees who believe it's their right to take what they want. Here's a hint, PM Trudeau: They love blondes with blue eyes. It's a fact blondes in countries like Sweden have been dying their hair a dark color because of fear of being raped by Muslim refugees.

Remember the San Bernadino killers? The husband and wife team? Think those San Bernadino killers swam here from Afghanistan? Now they can fly into Canada posing as refugees. We know from factual and documented incidents too many Muslim terrorists pose as refugees. OUR national security and the safety of the people of this country take precedence, as Col. Sellin said above, over 'emotionally satisfying gestures'.

Muslim Refugees are still pouring into our country: [1,960 refugees enter U.S. on Trump's watch](#) as he battles special interest groups who don't give a damn about YOUR safety or

your family. Not to mention they go straight to federal welfare because they don't speak our language, they refuse to assimilate and demand we flush our culture and traditions to suit their fake religion.
